Our Motto—"Tis Neither Birth, Nor Wealth, Nor State, But The Get-Up-And-Get That Makes Men Great"

FIFTY-FIFTH YEAR

BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JUNE 19, 1942 NUMBER TWENTY-SEVEN

## Will Vote on \$50,000.00 Road Bond Issue Tuesday

Before voting on the bond issue for right-of-way at the election to be held June 23rd, there are two or three things that should be carefully considered by the voter:

The Federal Government has asked the State of Texas to cooperate in the building and improving of this road, it being the intention of the Federal Government to make it a military road, which will be wider and better than the ordinary highway. The State Highway Department has asked Callahan County to furnish the right of way, all other costs being paid by the Federal Government and the State. It is the policy of the State Highway Department to build roads through towns and not to pass around them. With state participation it is not likely that the road will pass around any town through which the present road runs.

If the right of way is not furnished and the Federal Government procures its own right of way and builds the road alone, it will be built with one object, and that is to reach one military center from another like center in the straightest line possible, without regard to towns along the way. It seems likely that a road built by the Federal Government alone will miss most of the towns in the vicinity. It would be very detrimental to a small town to have a highway of the proposed type pass a mile or so from the town.

Most of the voters know that the highway has been designated as a military road, and the interest of the United States of America in this stretch of road has been shown by a letter written by Major General Donovan to the county judge of Callahan County. The loyalty of the people of Callahan County has never been questioned and it would be ille to prattle about the necessity of our observance of a request of the officers in charge of protecting of this country in times or days such as now confront us.

It is possible that should the proposed bond issue fail and the highway be built by the Federal and State Department that the highway would follow the air beacon lane several miles north of Baird, Putnam and Clyde—the towns losing all transient trade and benefit of a military highway.

The Federal and State Departments would in no way feel obligated to the district should the measure be defeated. The road will be built—there is no doubt about that and the towns and communities in this district surely want the benefit of the new highway. Think seriously of this before voting this splendid proposition pass us by. The people of this county have given of their means to over-subscribe the Red Cross, the Navy Relief, and the USO quotas. They have sent their sons to battle on foreign soil now that we are called on again for cooperation in a national war project undoubtedly no one will raise his voice or cast a ballot in such manner as to a detriment to the swiftest prosecution of the war.

Austin, Texas,  
June 6, 1942  
U. S. Highway No. 80  
Callahan County.  
Hon. B. H. Freeland  
County Judge,  
Baird, Texas.

Dear Judge Freeland:  
It is my understanding that the citizens of Baird and Putnam are interested in the proposed improvement desired by the War Department for increasing the capacity of U. S. Highway No. 80 between Clyde and Cisco. In addition to serving the needs of the War Department, it is our desire to so locate the proposed improvements as to provide for the maximum benefit to the highway user. In this instance I am informed that the tentative location supported by the Highway Department will pass through a part of each of the three cities named. This does not bear the approval of the Public Roads Administration, since it has not yet been submitted to the office of this Federal agency for consideration. It is our opinion that the Public Roads Administration will

### Baird Defense Program Getting Under Way

The Baird Volunteer Fire Department is organizing auxiliary firemen, rescue squad and fire watchers and Sheriff Clarence Nordyke is to organize Air Raid Wardens.

Under the present Civilian Defense Program it is required that all towns and counties be thoroughly organized and properly trained regardless of their size. Due to the necessity of protecting the larger populated areas and the more vulnerable sections of the country past instructions have been outlined for those areas and the general requirements have been such that the smaller towns and counties could not qualify due to the lack of sufficient man power to meet the number required. Some of these requirements now have been somewhat changed making it possible for the smaller towns and counties to work out their own plans keeping with the general requirements.

Now it's "Work or Fight" and it appears the average able bodied man not subject to immediate draft, will be required to devote 1 or 2 nights a week to qualify for some Volunteer War Work Service.

If you signed up during the early campaign for Volunteer Defense Work and do not think you did—you can expect to be called into some local organization such as Air Raid Wardens, Auxiliary Firemen, Rescue Squads, Fire Watchers, Red Cross Work, etc. in the near future.

Most class work will be conducted at night and will average about two hours each. To qualify for a branch of this local defense work it requires from 20 to 30 hours of instructions and drills, depending on the branch of work you are to do, and as a loyal patriotic citizen who has volunteered for local defense work you can expect to be called into one of the many branches for training in the very near future.

Remember that this is a program that has been set up by your National and State Defense Councils and is being required throughout the nation, therefore we feel like it would be unpatriotic for our town and county to fall down when we are called.

### New Federal Auto Tax Day, July 1st.

All automobile owners must buy \$5 federal tax stamps and have them affixed to the windshields by July 1.

These stamps are now on sale at the postoffice. They are good for one year. The new stamps have the adhesive on the face and this is expected to eliminate some trouble automobile owners have had in keeping them. They also will bear serial numbers.

### AMERICAN LEGION SELLING FLAGS

The American Legion is selling United States Flags. See them if you want a flag. They have a special Resident Unit complete with a United States Flag 3x5 feet, staff and bracket for fasting to porch post for sale at \$2.75.

The Legion has sold quite a number of flags. See Judge B. H. Freeland at the courthouse.

concern the alignment selected. Please understand that the statements herein made are not intended to say that the present road will be the proposed location, but rather that each of the three cities will be served by the new highway.

We appreciate the cooperation of your county in assisting us with this urgently needed highway improvement and feel sure that fulfillment of the county's obligations in furnishing right of way as needed, although expected by the War Department, will nevertheless receive their deepest appreciation.

Sincerely yours,  
D. C. GREER,  
State Highway Engineer.

### Midway H. D. Club Meets

The Midway Home Demonstration Club met June 12 in the home of Mrs. Joel Griffin with six members present.

The business session was presided over by the president Mrs. Carl Cook. Following Miss Ellen Steffens gave a talk on drying fruit and handed bulletins to the members. After telling the kind of salt to be used and the correct way to make kraut, she demonstrated making and canning kraut. "If you have a cool place such as a ventilated pantry or cellar to keep the kraut after it is canned, it should only be exhausted 5 minutes and sealed, but if you do not have such a place it should be processed 5 to 10 minutes in water bath after it is exhausted", Miss Steffens said.

She made and served a salad of raw kraut, shredded carrots and peanuts with French dressing. "Not only is this salad good but it is nutritious. Raw kraut is better for you because it contains vitamin 'C' the agent said.

Refreshments of iced tea and cookies were served at the close of the meeting.

The next meeting will be with Mrs. B. F. McCaw July 10 when each member will bring a desert made without sugar.

### Region 14 Goes "Over Top" In USO Drive

REGION 14, COMPRISING 13 COUNTIES "OVER TOP" FIRST IN THE STATE

District Chairman, J. D. Sanderfer, Jr. Region 14, comprising 13 counties, in which Callahan County is located is the First Region in the State to go over the top.

Following is a letter just received by Earl Johnson, local County Chairman for the USO.

June 9, 1942  
Mr. Earl Johnson,  
Baird, Texas.

Dear Sir:

I am in receipt of a wire from Mr. John R. Suman, Vice-Chairman of the USO Campaign for the State, informing me that our region is the first to go over the top in the State. As you know, the State was divided into eighteen regions.

You had a big part in the success of our campaign in our region, and I congratulate you on licking the rest of the State. West-Central Texas can't be beat.

Yours very truly,

J. D. Sanderfer, Jr.

Those of you who have not contributed to the USO may still have a part in this worthwhile war emergency. Leave your contribution with Earl Johnson, or Bob Norrell at the First National Bank.

### BAIRD BOYS ENLIST IN AIR CORPS AND NAVY

Marvin and Eugene Swinson, 22 and 19 year-old sons of Mr. and Mrs. Bob Swinson, enlisted in the air corps of the United States Army on a deft Saturday for Camp Walters as a draftman and Eugene as a flying cadet. Marvin and Eugene are both graduates of Baird High School. Marvin in 1937 and Eugene with the June class, 1942.

Kenneth Lamb, son of Mr. and Mrs. J. B. Lamb also enlisted in the Air Corps with the Swinson brothers and is at Camp Walters.

### Miss Evans, Sgt. McFarland Wed In Randolph Field Chapel

BRIDE IS DAUGHTER OF REP., MRS. EVANS; TO LIVE IN AUSTIN

In a ceremony read at 4 p. m. Saturday in the chapel at Randolph Field near San Antonio, Miss Maurine Evans, daughter of Rep. and Mrs. Roger Q. Evans, Route 3, Denison, became the bride of Sgt. Horace C. McFarland of Randolph Field, son of Mr. and Mrs. H. F. McFarland, Tacoma, Wash.

The double ring ceremony was read by Herbert A. Rinard, Randolph Field chaplain before an altar banked with white gladiolus and chrysanthemums and lighted by all white candles in silver candelabra. Baskets of white gladiolus and chrysanthemums lined the aisle of the chapel.

The bride, given in marriage by her father, wore a wedding gown fashioned of white taffeta and and mousseline de soie. Her finger-tip veil was topped by a crown of seed pearls. She wore a 90-year-old bracelet made of gold links and blue stones, and carried a handkerchief used in 1906 by Mrs. George C. Carter, mother of Miss Donna Carter of Denison, cousin of the bride. On her white prayer book was a white orchid.

Attendants were Miss Nilah Pennington of Austin who wore a pink dress and picture hat, and Sgt. Robert Walton of Randolph Field.

Mrs. McFarland, a graduate of Sherman High School, has been employed for the past year in the text-division of the Texas state department of education, Austin. Sgt. McFarland was graduated from the Leavenworth (Kan.) High School.

Following the wedding the couple left for a wedding trip and will return to Austin to make their home at 209 West Fifteenth Street.

The bride, following her own marriage, was matron of honor in the wedding of a life-long friend, Miss Lodell Curtis and Thomas Helmly.

Mrs. McFarland is the granddaughter of Mrs. Henry J. Lambert of Baird.

### Baptist Meeting Now In Progress

The meeting at the Baptist Church began last Sunday morning. At that time, the pastor, A. A. Davis who is doing the preaching in the meeting, used Psalm 127 as a Bible basis for the sermon on "The Lord Builds and the Lord Keeps that which He builds". The text: Psalm 127:1 "Except the Lord build the House, they labor in vain that build it."

Sunday night the sermon was on "The place called Calvary"—Luke 23:33.

Monday night again preaching to a large crowd the subject was: "Riding the High Tides of Life" from Acts 14. Good crowds are in attendance and a fine Spirit Prevails. The singing is good. Large numbers coming to the choir and joining in the singing.

Mrs. W. D. Estes of San Angelo sings a special number each evening. You will enjoy hearing her sing as she has a beautiful voice.

Some service topics for the meeting are: Friday night: "The Grace of God"; Saturday night: "The Narrow Way"; Sunday 11 a. m. "The Eagles Nest Sermon"; Sunday night "A Watchman in the Night With No No Night and Nothing To Watch".

The meeting will continue through next week. Services are held twice daily, 10:30 a. m. and 8:30 p. m. Everyone is invited to all the services.

P. G. Freeland and children Eudora and Kearney of Fort Hancock arrived the past week; the children having come to make their home with their grand parents Mr. and Mrs. F. E. Mitchell for the duration of the war, while their father serves in the construction department of the United States Naval Reserve.

Let Everybody Know You're Investing 10 Percent of Your Income in War Bonds

The attractive red, white and blue window sticker, pictured above, is the new yardstick of patriotism in the War Bond drive throughout the nation. With the slogan, "Everybody every pay day, ten percent," sweeping the country, patriotic Americans on the home front are rallying to their Government's appeal for funds with which to help finance the war. The home which displays the "ten percent" sticker is doing its share toward Victory for America and the United Nations. The stickers are being distributed through local War Savings Chairmen. U. S. **News From Co. H. D. Agent's Office**

Miss Ellen Steffins, County HD Agent

With tomatoes now available throughout the state homemakers would do well to use them morning noon and night in their meal plans. Although the tomato was once the Cinderella of the horticultural world it is now one of the most important vegetables, nutritionally speaking. It provides three vitamins and three minerals. This year's tomato production goal calls for 33 percent more canned tomatoes and 12 percent more fresh tomatoes than were available in 1941.

As a beginner, tomato juice is always refreshing, or it can be made a cold congealed consomme. Use baked tomatoes plain or stuffed, scalloped or stewed. Tomato sauce goes well with all kinds of meat, fish or beans.

There is no end to the number of salads which can be made with tomatoes. Whatever the salad, choose tomatoes with a deep red color. Attractive salads may be made by cutting the tomatoes into fourths or sixths and spreading them apart in flowerlike fashion. Then the center may be filled with cottage cheese, salmon, tuna, raw cabbage, or any food which combines well with tomatoes.

Mrs. George P. Foster, Home Food Supply Demonstrator for the Clyde H. D. Club, reports on June 10 that she has made an excellent start on the 1942 home food supply even though she has approximately 100 containers of fruits, including fruit juices, left from the 1941 supply. Mrs. Foster has canned 4 pints asparagus 3 pints poke salad, and 18 quarts of berries. This demonstrator's storage space is a pantry built on the porch of her rock home. Mrs. Foster also reports that since she has no beans to can she is trading berries for beans and she is also trading berries for honey to help out in the limited sugar supply as well as to add variety.

The following recipe is offered by Mrs. Foster to help other demonstrators in their preservation work.

**SANDWICH SPREAD**

- Part I:**
- 1 quart green ground tomatoes (drained).
  - 8 green sweet peppers and 8 red sweet peppers, cut fine.
  - 2 cups cucumbers pickled, cut fine.
  - 4 teaspoons salt.
  - 2 cups water
- Mix the above ingredients and cook until tender.

- Part II:**
- 4 cups sugar
  - 8 tablespoons flour
  - 8 tablespoons prepared mustard
  - 2 cups vinegar
  - 6 eggs, well beaten.
- Mix all together and cook in top of double boiler until thick. Mix with part I and cook all together 10 minutes. Fill sterilized jars and seal. This makes 4 quarts.

Mrs. Carl Cook, Home Food Supply Demonstrator for Midway H. D. Club reports that she has her meat supply canned for 1942 demonstration work since they killed hogs late Mrs. Cook

canned sausage, liver and ham, then put the remainder of the meat down in oil. Mrs. Cook also has 15 pints of mincemeat. Starting this year's fruit preservation 7 quarts berries, 15 quarts peaches, and 17 pints pineapple have been canned. This demonstrator will use a celler for her food storage space. Mrs. Cook reports that since she has used oil for toring meat he would not be without it, that it even keep the trimmings fresh for use in seasoning vegetables.

Since it is fruit season and every homemaker is striving to use more fruits in the daily diet of her family Mrs. R. W. Cook, 1941 Home Food Supply Demonstrator for Midway H. D. Club, gives this recipe for a never fail cobbler pie.

- 1 cup sugar
- 1 cup flour
- 3-4 cup sweet milk
- 1 teaspoon baking powder
- A little bit of salt
- 1 teaspoon vanilla.

Mix into a batter and pour into a well buttered, deep pie pan. Heat one quart of fruit, sweetened as in canning, and pour over batter. Dot the top generously with butter. Bake in a moderate oven about 45 minutes. the crust will rise to the top.

Other club members report that this pie is delicious served cold with whipped cream]

An old-fashioned flower garden which is a riot of colors, is the boast of Clyde Helping Hand Home Demonstration Club Yard Improvement Demonstrator, Mrs. John Savage. Though shrubs have been set out for later beautification of the homesite, gladiolas, dahlias, lilies and zinnias, as well as other flowers furnished the color, while waiting for the shrubs to make a showing. And this flower garden merges right into the vegetable garden that is furnishing an abundance of vegetables for use now and for canning purposes for the family and neighbors.

For an approximate cash cost of \$2 Mrs. Claud Appleton, Yard Improvement Demonstrator for Enterprise Home Demonstration Club, has made many improvements in her yard since January. Among these improvements are the levelling and sodding of the lawn with Bermuda grass, Laying a cobblestone walk from the front entrance from the driveway, making a cutting bed and setting out more than 100 cuttings for late use, screen planting along side of yard lilac, back screen planting to screen of chicken house and yards as well as to provide shade there of castor beans, foundation plantings made entirely around dwelling of shrubs, gladiolas, chrysanthemums, and perennial phlox have been set out as well as many other seasonal flowers. The plan for this yard was plotted early in the year and this demonstrator has made an excellent start in home beautification, in spite of excessive rainfall drowning out many of the cuttings and washing the yard.

**HOME-MADE MASH**

J. C. Shockey, Callahan county agent, suggests the following home-mixed mash made of home-grown feeds: 100 pounds (32-36 per cent) protein concentrate, 100 pounds ground yellow corn or maize, 100 pounds reground oats or barley, 50 pounds wheat grey shorts or ground wheat, and 15 pounds alfalfa meal if green range is not available. Grain should be fed with this the same as any other mash.

# Soldiers of Production

America's "soldiers of production," men and women working in the plants of American industry, have their uniforms, too. Some uniforms worn by G-E workers on vital production jobs are shown below.

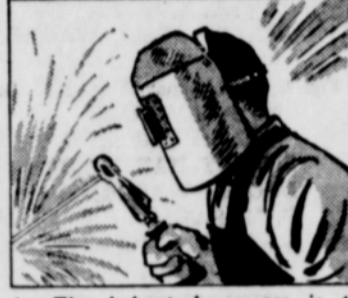

1. Not a gas mask, but a special nose mask to guard his breathing, is worn by this spray painter at his job in one of the General Electric plants.

2. Like a man from Mars, the "cold room" research man is a strange sight as he tests airplane instruments for high-altitude performance in a G-E laboratory.

3. Frankenstein? No, just another G-E worker. His job is sandblasting big turbine castings for Uncle Sam's ships at one of the General Electric plants.

4. The helmet he wears is to protect him from light! The rays from a welder's arc could cause blindness if he did not wear this strange headgear.

## Veteran of Many Wars Died At Clyde

Andrew Koneczak died at the home of his son I Koneczak in Clyde June 12 at the age of 105 years.

Funeral services were held at the Catholic Church in Clyde Saturday morning at 10 o'clock and Sunday morning the remains of the old veteran of many wars was placed on an east bound train to be carried back to his old home in Osakis, Minnesota for burial. The body was accompanied by his son I Koneczak and wife.

Born Feb. 2, 1837 near Usch Posen Koneczak saw the first, first, power and death of the House of Hohenzollern. He participated in the Russian-Polish revolution, the Danish-German war of 1864 and the German Austrian war of 1866. On leave of absence from the German army, he foresaw the coming Franco-Prussian war and came to the United States in 1867.

"I was tired of fighting," Koneczak said. Early in the 1870's he took up a homestead near Osakis, Minn., and remained there until 1930 when he decided to retire from farm life and moved to Osakis where he built a home at the age of 93. Seven years later he came to the conclusion that one porch was not enough for his dwelling, so he built another.

In 1938 he came to Clyde where he resided with his son and daughter-in-law, Mr. and Mrs. I. Koneczak who will accompany the body to Minnesota.

Four other sons survive, John Koneczak, Center, Minn.; Frank Koneczak, Oklahoma; Pete Koneczak, North Dakota, and Will Koneczak, Minneapolis. A daughter, Mrs. Kathryn McCormick, resides in Minneapolis.

Seven grandchildren reside in Texas. They are, Herbert Koneczak of Pharr, Tip Koneczak of Wicket, Edd Koneczak of Lubbock, Frank Koneczak of Clyde, Mrs. Theo Baack of Abilene, Mrs. I. D. Modisette of Kermit and Mrs. J. M. Cauble of Clyde.

Mr. Koneczak's death was believed to have been caused by extreme age for he has been in relatively good health up to the past few days. His grandmother is said to have attained the age of 115 years and his father lived beyond the century mark. A brother, nearly 100 years old, was reported as still alive in Germany a few years ago.

**Notice Of Bond Election**

THE STATE OF TEXAS: COUNTY OF CALLAHAN; TO THE RESIDENT QUALIFIED ELECTORS OF ROAD DISTRICT NO. 1 OF CALLAHAN COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Road District No. 1 of Callahan County, Texas, on the 23rd day of June, 1942, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners' Court on the 23rd day of May, 1942, which is as follows:

"AN ORDER" CALLING AN ELECTION ON THE PROPOSITION OF ISSUING FIFTY THOUSAND (\$50,000.00) DOLLARS OF BONDS OF ROAD DISTRICT NO. 1 OF CALLAHAN COUNTY, TEXAS.

WHEREAS, there has been presented to this Court the petition of T. A. White and 71 other persons, representing themselves to be resident qualified electors of Callahan Co. Road District No. 1, who own taxable property in said District and who have duly rendered the same for taxation, praying that this Court order an election in Road District No. 1 of Callahan County, Texas, to determine.

"Whether or not the bonds of said Road District No. 1 of Callahan County, Texas, shall be issued in an amount not to exceed Fifty Thousand (\$50,000.00) Dollars, bearing interest at a rate not to exceed 3 3/4 % per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed twenty-two (22) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Road District No. 1 of Callahan County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District Number One sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

WHEREAS, heretofore on the 7th day of May, 1942, the Commissioners' Court passed an order fixing a time and place for a hearing on said petition, to-wit: May 23, 1942, and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their rights to appear at such hearing and to contend for or protest against the order of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Road District No. 1, and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also been published in a newspaper of general circulation published in said Road District No. 1, namely The Baird Star, one time, on the 15 day of May, 1942, which was at least five days prior to the

date fixed for said hearing; and WHEREAS, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, to hear the contentions for and protest against the calling of such election, and it is found by the Court that the said petition is signed by more than fifty legally qualified electors who own taxable property in Callahan County Road District No. 1 and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Road District No. 1, and that it is desirable and necessary to issue the bonds of said Road District No. 1 in the amount of Fifty Thousand (\$50,000.00) Dollars to construct said improvements, and that said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue, together with all outstanding bonds of the same nature heretofore issued on the faith and credit of Callahan County Road District No. 1, will not exceed one-fourth of the assessed valuation of the real property of said District; and

WHEREAS, said Callahan County Road District No. 1 has heretofore been legally created by an order passed by the Commissioners' Court on the 14th day of November, 1917, which order is of record in the minutes of the Commissioners' Court;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF CALLAHAN COUNTY, TEXAS: That an election be held in said Callahan County Road District No. 1 on the 23rd day of June, 1942, which is not less than thirty days from the date of this order, to determine:

"Whether or not the bonds of said Road District No. 1 of Callahan County, Texas, shall be issued in an amount not to exceed Fifty Thousand (\$50,000.00) Dollars, bearing interest at a rate not to exceed 3 3/4 % per annum, payable semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed twenty-two (22) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Road District No. 1 of Callahan County, Texas; and whether or not taxes shall be levied annually on all taxable property in Road District Number One sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

The metes and bounds of Callahan County Road District No. 1 as created by the Commissioners' Court on the 14th day of November, 1917, are as follows, to-wit:

**Schools Merged** By majority of 30 to 0 in Cross Plains district and 17 to 15 in the Deer Plains district the citizens of the two schools districts have voted to consolidate the latter with Cross Plains.

Although the consolidation will add 16 square miles to the Cross Plains district, bringing its total area to 154 square miles, enrollment in the local schools will not be increased.

Deer Plains pupils have been transferring here several years. Addition of Deer Plains brings total property valuations in this district to approximately \$1,250,000.

**Rationing Boards To Be Reorganized** A plan for reorganization of the of the county rationing boards of Texas on a panel system was announced recently by State OPA Director Mark McGee to aid them in handling their added functions of price control and consumer relations.

McGee said each county would have a board consisting of not less than three nor more than 12 members and counties of larger population might have several such boards according to geographical needs. The boards will be divided into panels of three members, with each panel handling one phase of the rationing, price control, and consumer relations program.

The citizens of Road District No. 1 will vote Tuesday, June 23rd on the \$50,000 road bond issue. Vote for the bonds if you expect your town to be benefitted by the new highway.
