## Red Cross Spends \$46,997 for Relief of Tornado Victims

National Red Cross funds in the amount of \$46,997.38 have been expended to date in rehabilitation and relief of Haskell and other county victims of the April 13 tornado, a report made by the Free Press this week.

The money expended came from national funds, and represents expenditures made to date in relief of storm victims. The total sum, \$14,901.64 has been spent in Haskell County, \$30,095.74 in other counties. Billie Mearns, secretary of the Haskell Red Cross Chapter, explained that property from the storm was greater than loss of life and property, with consequent heavier and funeral expenses resulting in Haskell County.

## Seventeen Names Called In Making \$186 "Lucky License" Awards Saturday

Cities and counties are required to advertise for bids before making any contract calling for expenditure of more than \$100. Texas publication laws state: "Art. 236a. Commissioners Court—advertising for bids on contracts requiring expenditure in excess of \$2,000.00. Sec. 2. No county, acting through its Commissioners, and no city in this state shall hereafter make any contract calling for or requiring the expenditure or payment of more than \$2,000.00 Dollars or more out of any fund or portion of any city or county or any subdivision of any county or imposing an obligation or liability of any nature upon such county or any subdivision of such county, or upon such city, without first submitting such proposed contract to competitive bids. Notice of the time and place when and where such contracts shall be let shall be published in such county (if concerning a county contract) or in such city (if concerning a city contract) once a week for two (2) consecutive weeks prior to the time set for letting such contract, the date of the first publication to be at least fourteen (14) days prior to the date set for letting said contract; and the contract shall be let to the lowest responsible bidder." Given by Price Daniel in his book, "Texas Publication Laws" are a number of opinions by the attorney general, which effect that contracts have been invalidated by failure of cities and city officials to publish notice that contracts were to be let.

## Haskell County History

20 Years Ago—April 13, 1913

J. M. Diggs received his appointment as acting postmaster last week and assumed his new duties at the postoffice Thursday morning. He took the examination several months ago along with a number of other applicants when a vacancy was declared following the resignation of Postmaster Foote.

Little Bobbie Ann arrived at the Stamford Sanitarium last Thursday, April 6, daughter of Mr. and Mrs. Bob Herren, Jr., of this city.

A. C. Pierson was in Lubbock

on business the first of the week. Miss Eunice Huckabee and Mrs. C. V. Payne visited in Ft. Worth several days this week.

Oscar Cates left the first of the week for Fayetteville, Ark., to join his wife, who has been at the bedside of her mother for the past month.

Members of the Junior Class of Haskell High School entertained the Seniors with one of the loveliest parties of the season Friday night, April 7, at the First Baptist Church. Attending the affair were Margarite Anderson, Lucille Akins, Mollie Hester, Ollie Fra-

30 Years Ago—April 3, 1923

Leo Southern, local passenger agent for the Wichita Valley railway, announced this week that night passenger train service would be resumed Sunday, April 15. The added service will give Haskell four passenger trains daily.

Mayor R. C. Couch has issued a proclamation designating the week of April 23 to 28 as Clean-Up Week in Haskell.

The following figures are taken from the report of the condition of Haskell and Weinert banks at the close of business April 3, 1923: Haskell National, deposits \$329,789.76, loans and discounts \$320,813.65, Farmers State Bank, deposits \$226,814.12, loans and discounts \$192,268.62, Weinert State Bank, deposits \$84,645.19, loans and discounts \$68,850.25.

Mr. and Mrs. J. U. Fields returned last week from a several weeks visit in San Antonio and Austin. Mrs. Bruce W. Bryant of Austin came home with them for a visit with relatives and friends here.

M. S. Shook shipped to the Ft. Worth market this week one of the largest steers ever shipped from this point, according to local cattle buyers and ranchers. The animal weighed 2130 pounds and sold in Fort Worth for seven and one-half cents per pound, bringing \$159.75.

The W. M. Mask Grocery has put on a new Ford delivery car that will replace the horse-drawn delivery wagon of the store. W. M. is keeping up with progress.

Mrs. M. B. Lebo chaperoned a group of girls for a picnic in Shook's pasture Monday afternoon. They enjoyed several games of baseball, and cake and ice cream was served to Misses Kathryn Smith, Lillian Paxton, Kyrene and Leta Simmons, Lois Killingsworth, Myrtle Grantham, of Op-  
lin and Emma Gene Smith of Lorraine.

Mr. and Mrs. H. S. Wilson and son Reynolds have returned from Austin and other points, where they visited relatives and friends. Mr. Wilson reports a lot of had mads encountered on the trip.

30 Years Ago—April 11, 1903

Report of the condition of the Haskell National Bank at the close of business April 3, 1903, showed loans and discounts of \$107,453.09 and deposits of \$81,465.56.

Mrs. John Ellis left Tuesday for Durant, I. T., where she will visit her parents.

K. Jones has contracted with the ice factory at Stamford to

handle their ice at this place in both wholesale and retail quantities.

W. E. Rayner, a prominent land and cattle man of Stonewall County, was here Tuesday looking up the steer market.

Robert Williams and Hardy Grissom left Monday for Waco, where they will attend Texas Christian University.

W. F. Rupe and J. W. Wright are spending the week on the Clear Fork fishing and hunting. Zeb Agnew got back Sunday night from Lubbock, where he visited his brother, J. W. Agnew.

Quite a party of Haskell people attended the Easter services of the Catholic Church last Sunday at Rhineland, the German settlement on the Brazos about 25 miles north of here.

Miss Angie Baker, who has been acting for some time as assistant postmaster for her brother, John W. Baker, has resigned and will leave Monday for her home at Hamilton. Miss Stella Nisbett will replace her as assistant postmaster.

Judge H. R. Jones returned Sunday night from Snyder, Scurry County where he has been holding a term of district court. He will go to Aspermont next week for a term of court in Stonewall County.

## Your Senator Reports

(Senator Lyndon B. Johnson, writing from Washington, reports weekly on happenings in the National Capital as they affect Texas and Texans.)

The Senate took up last Wednesday the legislation restoring Texas' title to every foot of land she had as an independent Republic and which we retained when we entered the United States.

This is the so-called Holland Bill, of which Senator Price Daniel and I are co-sponsors. Senator Daniel and I worked very closely together to get the bill out of committee. Forty Senators are co-sponsors of this bill and it has the support of the Administration. The House passed similar legislation last week.

Texas' historic boundaries will be restored.

I understand that bills are to be introduced in the Senate and House to re-organize the Farm Credit Administration and make it an independent agency. I have not yet seen copies of the proposed bills, but the principle involved seems sound. The legislation would bring control and participation in all functions of the agency down to local levels within the 12 agricultural credit districts throughout the country. I think the agency should also be permitted to make economic emergency loans for any agricultural purpose, as well as for the disaster type loans now authorized.

Secretary of Agriculture Benson called a grain sorghum industry conference here Tuesday of last week. Purpose was to review the present grain sorghum situation and to consider meas-

ures to help stabilize prices and production. Invited from Texas were B. J. Gist of Abilene, Jack N. Greenman of Fort Worth and Bob Yeager and Mark Triplett, both of Amarillo.

The FSA re-organization bill, main effect of which so far as Texans are concerned will be to make Ovelta Culp Hobby of Houston the first Secretary of Health, Education and Welfare, sailed through the Senate last week. Nobody registered a negative vote.

Remember the "Enola Gay"? It's the B-29 from which the atomic bomb was dropped on Hiroshima nearly eight years ago. This plane, which is now the property of the National Museum, is in moth balls at Pyote Air Force Base. The Air Force informs us that the famous plane will be on display at Pyote Air Force Base on May 16 for an Armed Forces Day open house celebration.

I have given Senator William Langer, Chairman of the Committee on the Judiciary, additional information on the work load in the Eastern District of Texas, which has only one Federal Judge. I am pressing for action on my bill to provide an additional judgeship in this district.

The 1953 Texas Cancer Crusade is now under way, with Arch S. Underwood, Lubbock, as chairman. Financial goal is \$600,000.

Every day over 600 Americans die of cancer. . . . John S. Clark, El Paso, has been named project manager for a \$100,000,000 sub-contract for electrical work on the

Atomic Energy Commission's new gaseous diffusion plant in Ohio. . . . Mrs. H. H. Weinert, Seguin, Democratic National Committeewoman, was a welcome visitor at the office. Mrs. Weinert attended my luncheon for Col. Royal N. Baker, McKinney's jet air ace. In this Holy Week, a time of resurrection and hope, all our prayers are for an end of the fighting in Korea—and for lasting peace in the world.

### CARD OF THANKS

We wish to express our appreciation to the many friends who have been so kind in helping our father and husband during his illness, the visits, help in farming and many other ways have been a blessing to all. Also, for the beautiful flowers from the Methodist Church. May God's richest blessing be with you all in our prayers. — Mrs. John Nanny and family. 15p

32% Jump in Volume Makes Price Cut Possible!

DETROIT: In announcing lower truck and car prices, L. L. Colbert, president of Chrysler Corporation (builders of Dodge "Job-Rated" trucks) said: "Since the first of this year, Chrysler Corporation has built 32% more automobiles and trucks than we were able to turn out in the corresponding period last year under government controls. With the spring selling season just beginning . . . our dealers are already setting a pace more than 50% ahead of last year.

"We are very pleased that we can take this action so shortly after the new administration's prompt ending of price controls cars and trucks for which materials can be obtained in a free competitive market.

"These lower prices indicate Chrysler Corporation's confidence in the wholesome effects of these moves.

"Now that higher volume is being achieved and we may accordingly . . .

Among economists

### Youths Livestock Top Ft. Worth Cattle Prices Steady

**TED GOULDY** hold and we have seen better than a dozen such climaxed here this year, while a couple of years ago no more than a couple or three existed.

The "commercial" feeding tests teach youngsters how to fit cattle for market instead of the show ring. It teaches how to make a profit, or how to make a loss. This year has been bitter for many young folks because of adverse price trends, high feed costs, and in many cases, feeders that cost too much. These lessons, while hard, are teaching the boys and girls the facts of economics—profit and loss—and may save them from much costlier mistakes in the years ahead.

We simply cannot fail to add our bit in this matter. We think commercial feeding projects are the answer to the farm youth livestock feeding program. A tiny percentage of livestock producers in adult life fit livestock for shows. Yet every livestock producer fits cattle for market whether on grasses or in the feedlot.

It seems to this writer that every town, county and district can solve the headaches of show sales which in many cases were getting burdensome to merchants and local businessmen. It is certainly worth looking into.

Cattle were steady to strong at Fort Worth Monday. Hogs drew 25 to 50 cents higher prices, topping at \$21.25 - \$21.75. Sows sold \$17-\$19; pigs \$17 down. Spring lambs were steady to 50c lower, topping at \$23.50. Old crop shorn lambs were steady to 50c higher, topping at \$20. Yearlings and two's sold for \$15-\$18. Old wethers \$12. Old ewes \$7.50-\$9.50. Shorn feeder lambs \$18.50 down.

### Livable Ranch Style Home

In Farm and Ranch House Plan No. 5246 we have an attractive combination of old and new—the comfort and convenience of a modern home and the long, horizontal lines found in the old ranch-style homes.

The kitchen - workroom area is so arranged that it has adequate space for comfortably and conveniently serving the meals and preparing and storing food for the family food supply. There is a large pantry and additional space for twelve or fifteen cubic feet of food freezer. There are fourteen lineal feet of drainboard plus two and a half feet of counter space on either side of the range. Also, there is a storage closet for brooms and mops in the kitchen.

The work area leading to the back door can be closed off easily by two sliding doors. It gives space for laundry equipment, a closet, and a shower and lavatory.

Each bedroom has six or more lineal feet of closet space and plenty of light and ventilation. The living-dining room combination can be used as two separate rooms or as one large unit. The modern folding door, which comes in pleasing colors, can be used as a separation when you prefer to entertain smaller groups.

This house will be as attractive with or without the attached double garage. We suggest that the exterior finish be of painted vertical boards and strips except for two small areas which may be of masonry to give variety of texture.

For those who use solid fuels and central heating, the work area can be rearranged so as to give a place for entrance to the basement and space for a chimney.

The narrow protected area along the front provides excellent protection from the sun and rain and serves to break the monotony of a straight wall.

You can obtain blueprints for this Haskell Free Press-Farm and Ranch House Plan No. 5246 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm and Ranch Southern Agriculturist, Dept. L-98 Nashville, Tenn. Order by number—Plan No. 5246. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

### 1953 Santa Rosa Roundup Set For April 27-May 2

Vernon, April 7.—The program for the 1953 Santa Rosa Roundup has been completed for the six-day event scheduled this year from April 27 to May 2. The Beutler Bros. of Elk City, Okla., will produce the rodeo again, according to Manager John Biggs. A number of new specialty acts have been added, and Cy Tallon, famed Madison Square Garden rodeo announcer, will return to Vernon his second year as announcer.

This year's show will be an all-evening performance again, and Beutler Bros. report that they are bringing a completely new array of wild stock here for the show. Specialty acts will include the Glenn Randall Liberty Act with eight golden palomino horses; the Hoofbeat Harmony, two dancing horses presented by Lynn and Corly Randall especially planned to please children and horse lovers; "Esquetrician Elegance" by Lynn Randall and Top Hat; Wanda Lou McCush in a Roman hurdle performance; Zeke Bowery in a skit with his monkey, Marie;

and last but not least, music by Ruby Nance's famous cowboy band.

And of course there will be plenty of rough and tumble rodeo at its best—or worst. One of the largest collections of champions ever to gather in the Southwest is expected for this year's show. The usual rugged schedule will be carried out this year, including the Wild Mare Race which has been made famous by the Santa Rosa Roundup.

Other events will include cowboy's bareback riding, calf roping, saddle bronc riding, open cutting horse, steer wrestling, Brahma bull riding.

**Worth more... and why**

There's an old saying that a thing is worth what someone is willing to pay for it. Well, if you could tour the wholesale and retail used car auctions around the country, if you could survey hundreds of used car lots you would discover that used Fords bring higher prices than any competitive make—and by substantial amounts.

**THAT'S WHY** we feel our '53 cars should not be compared with cars in the same price range. Not because our competitors don't do a good job—obviously they do—but because we feel Ford cars have more in common with the highest priced automobiles. The similarities are far greater than the differences.

**For example.** Today, the most expensive cars in this country have V-type, 8-cylinder engines. Ford Cars have had this exact same type of engine for over 20 years.

What's more astounding, the current Strato-Star V-8 sells for hundreds of dollars less than several other makers charge for a six-cylinder car. Now there's nothing wrong with a Six but they do cost less to make. Ford makes a Six—the most modern overhead valve Six in the industry. And if it's a six-cylinder car you want, Ford has it and for less money than the V-8, which is as it should be.

**What about ride?** Here's another Ford similarity with high-priced cars . . . *Riding Comfort.* One of the misconceptions for many years has been that weight—sheer weight—is what it takes to make a car ride well. Ford has found that you can make a 3000-pound car ride softer and hold the road better by far than many cars that weigh a full 1000 pounds more. In the '53 Ford, for example, front end road shock has been reduced up to 80%. We say it compares most favorably with the heaviest cars sold today.

**What about automatic transmissions?** It would take the fingers of both hands to count the various kinds of automatic and semi-automatic transmissions on the market today. The one we offer is called Fordomatic. It is the most versatile on the market, it represents the most profound consideration of engine-to-wheel power transfer—and that it does the best job for our engines isn't even open to question. It "shifts" better than you could shift by hand.

**What you can see is also important.** Here again Ford Cars lead not only in their price field but in the medium and upper brackets as well. Ford visibility is *Full-Circle Visibility.* This means huge, curved unobstructed glass area, front and rear, plus side windows that allow all passengers what the hotels call "room with a view."

**Appearance?** A higher price, of course, does not make a car more beautiful. Conversely, beauty in a Ford comes "for free." Ford has found that it costs no more to develop a beautiful car than one that is less pleasing in appearance. You can drive up to the most exclusive doorways in the world and feel perfectly at home in your Ford. Fords "belong" . . . in exactly the same social category as the finest, one-of-kind creations. After all, a Ford is a custom creation multiplied.

**What about running costs?** Here's one place that Ford's advantages are obvious. For oil and gas economy Ford has the big cars whipped. Ford parts cost less. Ford service charges are less. Ford tire mileage is thousands of miles greater. And, Ford depreciation is the lowest of any car on the market—bar none.

**What are Fords made of?** Some people have the idea that the costliest cars are made of "better stuff." It's true that some high-priced cars have costlier upholstery and fittings. What Ford has is so good, both in durability and appearance, that you probably could not tell the difference. You might even prefer it, because of its better design and more pleasing appearance.

Then there's the question of sheet metal. If you were to measure and analyze the sheet metal structure in the most expensive car, you most likely would find it identical in thickness to the corresponding panels in Ford.

**After all, then, what is the difference between a Ford and the costliest cars?**

In our opinion, the difference is largely a matter of dimensions, weight (and the power required to move it) plus the distinction of owning a car that not so many other people own. The desire for these things is understandable . . . and probably justified for people who are willing to pay the price to satisfy it.

As to comparing Ford with other cars in its price range, by all means do so if you wish. But, as we said before, you'll get a better picture of Ford value by comparing with cars that are most like Fords—those that are priced up to twice as much. In fact, we think you'll quickly begin comparing the other cars with Ford—because the 1953 Ford has really established the New Standard of the American Road.

## 15 People for Dinner

A farmer today has to feed himself and fifteen other people. Back in 1930 he had to supply food for 11 other people. By 1975, experts predict, for each farmer there may be 25 at the dinner table.

It would be nice if there were more land. But last year there was only 1% more land under cultivation than prewar.

What's more, there are fewer farmers. 17% fewer man-hours were spent in agriculture last year.

Yet the farmer in 1952, with less help and about the same acreage, managed to produce 40% more livestock, vegetables, cotton, grain, milk than before the war.

Who helps the American farmer in a spot like that?

Electricity for one thing, and of course, more tractors, trucks, farm machinery, pesticides, chemical fertilizers, and a lot more.

One big clue to productivity is his increased use of electricity. Farmers today use 500% more electric power than in 1940.

Electricity pumps water, dries hay, keeps chicks warm, grinds feed, milks cows. In fact, the "electrical hired man" can do more than 400 farm jobs.

But the important thing is that there need be no empty plates tonight, and that this was done in a typically American way.

Many people and many companies, General Electric among them, developed labor-saving ideas and products. The best were tried and chosen. They have helped to make the American farmer the most productive in the world.

### Progressive Study Club Hears Delegate's Report From District Convention, Where Many Awards Given Club for Achievements

The Progressive Study Club met in regular session April 2 in the Homemaking Cottage with first vice-president, Mrs. Robt. Wheatley presiding.

Mrs. Wheatley gave a delegate's report from the District Convention in Mineral Wells. The club received the honor of being selected as having the most outstanding study course in the district and was awarded two books by the District President, Miss Lillard. The club also won three first places: Yearbook, Safety and Study Course; two second places:

Art Appreciation Press Books, and Public Affairs; one third place: Oil Painting, by Mrs. O. J. Curry, a club member. The club received a place on the Honorary Scroll and an award for Americanism and numerous honorable mentions.

The Teacher's Pay Increase bill was discussed and letters were written to our State representative asking that he favor this bill.

The program director, Mrs. Royce Adkins, introduced Mrs. Roy Everett who sang "Were You There?" accompanied by Mrs. F. W. Martin.

A diamond-shaped yellow sign with black letters—means there is danger ahead—your welfare depends on your precaution.

The program theme was "Let's Talk About Mental Health." Mrs. Tommy Davis gave a very interesting talk on Mental Fatigue, discussing the ways of recognizing the need of psychiatric treatments.

Mrs. Jack Pippin in giving her talk about Mental Health, said in part, "Every year 40,000 new patients less than 29 years old, enter mental hospitals. Unless something is done to prevent it, one out of every 12 children born in the United States this year will at some time in the course of life become a mental patient."

Experts say they think we can train health mental habits in childhood just as we can train children in healthy physical habits. This can be done only by enlisting all the facilities of a community — parents, teachers, doctors and clergy.

Mrs. Adkins also secured the film, "The Feeling of Rejection" which was shown to the club.

The following members were present:

Mrs. Adkins, Mrs. J. E. Ferguson, Mrs. W. O. Holden, Mrs. W. J. Kemp, Mrs. Frank W. Martin, Mrs. Jack Pippin, Mrs. Robert Wheatley, Mrs. Elliott, Mrs. Howard Perry, Mrs. Ruth Patliff, Mrs. Nellie, Mrs. Jane Holt and the hostesses for the evening Mrs. Leland Whittington, Mrs. Bill Flournoy, and guest Mrs. Roy Everett.

## NEWS OF INTEREST TO WOMEN

### Mary Colleen Tyler Is Bride of Lynn Ford Saturday

First Baptist Church was the setting Saturday at 6 p. m. for the wedding of Mary Colleen Tyler, daughter of Mr. and Mrs. J. D. Tyler, and Lynn Ford, son of Mr. and Mrs. J. L. Ford, Sr., of Monday.

The Rev. M. D. Rexrode, pastor, read the double ring service before an arrangement of baskets of white gladioli and candles.

The bride wore a pink linen fitted suit with white nylon blouse. Her accessories included a pink hat, navy shoes and bag. She carried a white flower atop a white Bible, a wedding gift. Her jewelry was gold and pink, gift of the bridegroom. She carried a lace handkerchief her mother carried at her wedding.

Mrs. Edwin Prichard of Fort Worth was matron of honor. She wore an ice blue fitted linen suit with white blouse, blue hat, navy shoes and bag. Her flowers were pink and white carnations. Roy Ford of Fort Worth, brother of the bridegroom, was best man.

She is a 1949 graduate of Haskell High School and is employed as bookkeeper for Gilmore Implement Co.

Mr. Ford is engaged in farming at Monday where the couple will live.

### Haskell Magazine Club Observes Annual Easter Breakfast and Program Saturday

The sweetest story ever told, old yet ever new, was narrated by Mrs. Buford Cox to members and guests when the Magazine Club met for the Easter breakfast in the club house Saturday morning April 4th. She gave a resume of our Lord's life through the resurrection. She compared it to the growth of new life in plants after a long winter.

Mrs. W. J. Kemp registered guests. The assembly room was beautifully decorated in the Easter motif with arrangement of bridal wreath, yellow and purple iris decor. The symbolic table was highly admired and appreciated. In the background it held a large styrofoam cross, juxtaposed by two smaller crosses. At the base of the crosses was a row of bridal wreath. In front of it was a container of purple iris.

Breakfast was served prior to the program. Hostesses were Mesdames Geo. Hauser, J. G. Vaughter, C. V. Payne and Olen Dotson. Mrs. John Barry gave the invocation. Mrs. R. C. Couch, Jr., club president, was program director. She spoke on the Easter season. That it is one of renewed hope and joy; of flowers, trees and shrubs enjoying new life after a long winter's rest. That our Lord was resurrected and entered into a new life on Easter morn. She asked for introduction of guests. Mrs. O. E. Patterson played a piano solo, "The Holy City," and accompanied Mrs. Eugene Tonn who sang "Calvary."

Guests and members: Mesdames R. C. Couch, Jr., Jack Merchant, Earl Atchison, Fred Monke, Raymond Liles, Giles Kemp, W. J. Kemp, Gene Tonn, O. E. Patterson, W. P. Ratliff, J. V. Hudson, J. M. **Double Ceremony April 2 Unites Miss Mary Cobb and Henry L. White; Miss Frankie Jo Tanner and William Roy Baker**

In a double ceremony at the First Christian Church in Knox City Thursday, April 2, Miss Mary Cobb became the bride of Henry L. White and Miss Frankie Jo Tanner became the bride of William Roy Baker. Howard Marshall, minister of the church officiated.

Vows were exchanged at sunrise as the couples stood before the altar which was decorated with floor baskets of pink gladioli. Lighted white tapers in seven-branch candelabra flanked the setting and provided illumination.

Musical selections were rendered by Mrs. A. B. Michael of Rochester, pianist, and Mrs. Joe Ed Parsons of Rochester, vocalist, who sang "Because" and "The Lord's Prayer."

For her wedding, Miss Tanner wore a white street-length strapless dress under a white redingote which featured a close-fitting lace bodice, with tiny lace buttons to the waist, and a full gathered nylon net skirt. The long sleeves extended to points over the hands and fastened with lace buttons. Her off-the-face hat was of matching white lace and nylon net, and she wore an orchid corsage.

Miss Cobb chose a white lace duster fashioned with a flaring skirt and rhinestone trim worn over a white sheath dress of Irish linen. She carried white accessories and wore an orchid corsage.

Immediately following the ceremony the couples left for a wedding trip to San Antonio and Matamoros, Old Mexico. They will make their homes in Knox City.

Mrs. Baker is the daughter of Mrs. Marvin Tanner of Seagraves. She is a 1952 graduate of McMurry High School and is attending McMurry College in Abilene. She was voted freshman favorite at McMurry this year.

Mrs. White, the daughter of Mr. and Mrs. W. V. Cobb of Haskell, is a 1952 graduate of Haskell High School. She attended business college in Abilene and is now employed by the Reeder & Williams law firm in Knox City.

Mr. Baker, son of Mr. and Mrs. Roy A. Baker, is a graduate of Knox City High School. He attended TCU in Fort Worth and received his B. A. degree from Hardin-Simmons University in

Abilene in 1951. He is science and math teacher in the Knox City Schools.

Mrs. White, the son of Mrs. W. V. Cobb, is a graduate of Knox City High School and Texas State University. He is assistant athletic coach and history teacher in the Knox City Schools.

Guests at the wedding were Mrs. Marvin Tanner, Mr. and Mrs. T. C. Walker, Tommy, Ronney and Margana Walker of Weiners; Miss LaGatha Wood of Seminole; Miss Dorothy Hill of Temple, Mr. and Mrs. Roy Baker, Mrs. T. P. **Specialist Gives Hints To Prevent Paint 'Blistering'**

Farmers planning painting of farm buildings are offered some timely hints on preventing paint blistering by W. S. Allen, agricultural engineer for the Texas Extension Service.

Paint blistering is generally caused from the condensation of moisture within or upon the surface which has been painted. Frequently, points out the specialist, this moisture comes from within the house. The moisture passes through the siding and collects on the underside of the paint film and causes blistering. Before repainting, all blistered areas should be cleaned with a wire brush.

To get the longest possible life from a paint job, Allen makes these suggestions: paint only on completely dry surfaces and see that moisture doesn't get through walls to later condense under the paint film; avoid the use of thick coats; remove coats that have become too thick before new applications are made; let each coat dry thoroughly before the next is applied; paint metal that touches wood and remember that paint will not stop wood rot or metal rust that has already commenced. And finally, says Allen, don't put the paint job off too long. More frequent paint jobs are usually cheaper in the long run.

**Car Registrations In County On Par With Last Year**

Registration of motor vehicles in Haskell County for the current year will be about the same as in 1952, County Tax Assessor-Collector R. A. Coburn estimates.

Through March 31, deadline for registering motor vehicles without penalty, Coburn said his office had issued 1953 license plates for 3,379 passenger cars and 1,305 commercial trucks, farm trucks, and miscellaneous motor vehicles. The total of 4,684 tags for the current year compares with 4,791 issued to the same date in 1952.

Since April 1, approximately 100 license plates have been issued, he estimated, with most of these being for farm trucks.

A breakdown of types of motor vehicles registered prior to April 1 lists 3,379 passenger cars, 429 commercial, 706 farm trucks, 31 truck tractors, 2 farm truck tractors, 95 trailers, 6 house trailers, 3 motorcycles, 12 motor scooters, and 19 dealers tags.

The first \$50,000 collected in car registration fees is retained by the county, Collector Coburn explained. After that figure is reached, one-half the fees collected is retained and the other is remitted to the State.

Total car license fees collected this year, through Saturday April 4, amounted to \$74,247.77 of which Haskell County retained \$62,116.21 and remitted to the State \$12,131.56, Coburn reported.

**HASKELL VISITORS**

Visiting in the home of Mrs. W. M. Harrell Monday night were Mrs. L. M. Lusk of Trinidad, Colo., Mr. and Mrs. Spurgeon Clounch and Danny of Amarillo, and Mrs. A. L. Goode, Randy, Dwight and Arlene, all of Rochester.

**Rebekahs Initiate Six New Members Monday Night**

Haskell Rebekah Lodge No. 43 had one of their best meetings of the year Monday night, both in point of interest and attendance.

As a result of growing activity and work of the local lodge, six new members were initiated Monday night when attendance was the largest in several months with 29 members and two visitors present.

Initiated into the order were Ruth Landess, LaVerne New, Ida Farrel, Ruth Langford, Leta B. Curd, Opal Hadaway.

A special meeting of Rebekahs will be held Friday night, at which time some of the final work will be done in connection with the coming district meeting of IOOF and Rebekah on April 16. This will include practice by degree teams of the local Rebekah lodge.

**Relief Pharmacist On Temporarily At Oates Drug**

W. L. Alexander, former Amarillo druggist and registered pharmacist, has been employed in a temporary capacity as relief pharmacist at Oates Drug in this city, Hill Oates, owner of the store, has announced.

Mr. Alexander will work for a month or six weeks to permit other store personnel time for vacations. A former drug store owner in Amarillo for a number of years, Mr. Alexander recently sold his business there and has been working as relief pharmacist in several town and cities in Northwest Texas.

Mrs. A. E. McMillen left Wednesday for a week's visit in the home of her sister, Mrs. R. K. Wilson in Tulsa, Okla., and with other relatives and friends in that city. She was accompanied to Wichita Falls by Mr. McMillen, who transacted business in that city.

## Farm Painting Time For Doing Late Spring Good

Weather conditions in most sections of the state during late spring are favorable for doing the outside painting jobs on the farm. W. S. Allen, agricultural engineer for the Texas Extension Service, says painting farm buildings at regular intervals is a cheap way to keep them in good condition and preserve that smart look around the farmstead.

The engineer describes the preparation of the surface to be painted as one of the most important items connected with the painting job. Three items, he says, are generally responsible for too rapid a deterioration of the paint job. They are careless application, poor atmospheric conditions at the time of painting and too much moisture.

Paint wears off, says Allen, by the process of chalking. But, if chalking begins to show up too early in the life of the paint, it's a good indication that the wrong type of paint was used. Before repainting a heavily chalked surface, remove the chalk by scrubbing with water or by brushing with a stiff wire brush.

Frequently long narrow breaks in the painted surface will appear. These are called checks and when deep, cracks. Checks and cracks, according to Allen, are caused by the shrinking and hardening of the paint film to such an extent that it can no longer expand and contract with changing atmospheric conditions. Later the edges between the cracks curl and the paint loosens and falls off. Flaking or scaling may be delayed or partially controlled by using a reliable brand of paint and by avoiding thick coatings.

Paint wrinkling is also caused, says Allen, by applying too thick a coat. The surface dries quickly but underneath the paint remains wet and as it dries, and contracts, the surface wrinkles. This condition can be avoided by using thinner in over-thick paints or by brushing out the paint to eliminate thick coats or films.

When hard finishing coats are applied over a soft primer, a condition known as alligatoring often appears. This condition can be controlled, says Allen, by letting the priming coat dry thoroughly before applying another coat. The primer coats should always be as hard or harder than the outer coats.

### IMPORTANCE OF EARLY-SEASON COTTON INSECT CONTROL

Cutworms, thrips, fleahoppers, grasshoppers and first generation boll weevils are ready and waiting to start early-season feeding on your cotton. Blasted buds, scarred leaves and punctured squares give evidence of the serious damage they inflict while feeding on the young crop . . . damage that gives you poor quality seed and fiber . . . greatly reduced profits. So it makes good sense to start control now and avoid this damage.

**Watch for these signs:**

1. Cutworms are at work if you find plant leaves eaten and the stems of young plants severed at or near the surface of the soil.
2. Thrips are at work if the leaves of the young cotton appear cup-shaped or scarred and plants are severely stunted.
3. Fleahoppers are at work if new squares and terminal buds have been pierced, causing them to drop. Fleahoppers prevent setting of squares and result in tall, gangly cotton with few fruiting branches.
4. Boll weevil is at work when squares flare, wither and dry, hang limp or fall to the ground.

5. Grasshoppers are at work if the familiar pattern of ragged leaves and plant destruction is present.

**How to control these pests**

Dieldrin deals these early-season insects a knockout blow. Its long residual action has full lethal effect days after application. At recommended dosages—just an ounce or two per acre—dieldrin is the insecticide least harmful to beneficial insects. As a dust, dieldrin is smooth-textured and free-flowing. As a spray, dieldrin forms top-creaming emulsions . . . eliminates nozzle clogging.

**Where to get dieldrin**

Your insecticide dealer handles dieldrin and will be glad to recommend the proper treatment best suited for your particular insect problem . . . or ask your county agent. The important thing, though, is to act early.

Fire Convention—

(Continued from Page 1)  
and wholesale.  
Others who made talks were Abilene Fire Chief D. C. Musick; "Doc" Lewis, past president of the State Firemen's Association,

Electra; and Gilbert Hinds, Baird. Dennis P. Ratliff, Haskell attorney, welcomed the firemen to the city substituting for Mayor Courtney Hunt, who is recovering from a recent major operation. Rex Folker, manager of the Haskell Chamber of Commerce, told

the gathering that "Haskell's 4,000 friendly people" were glad the firemen had come. Ratliff, in his introductory remarks said "I think of firemen as warriors who leave warm beds on cold nights to protect our homes."

The convention voted to send retiring president Parker to the State Firemen's Convention in Austin and Secretary Sharp as alternate, on June 9-11.

The Harris Family, heard weekly over Stamford radio, provided music; and Manford Reid of Rochester, introduced as "Rev. Jones of Waxahachie" preached a sermon on Mother Hubbard. W. E. (Doc) Brady, Haskell magician, kept the crowded American Legion Hall tense with sleight of hand performances.

Retiring president Parker was presented with an ex-president's badge, and the firemen also voted to award a badge to Sharp, secretary, a long-time officer in the association.

A chicken supper in Rice Springs Park, and a dance in the Legion Building capped the day's activities.

D. C. Musick and Clark E. Rice of Abilene, Chief V. B. Rucker of Killeen and Chief Gene Dickens of Lampasas served as judges of the spirited contests staged after conclusion of the business session.

In the pumper race Snyder was first with a time of 19.72 seconds; Baird second, 21.55; and Throckmorton third, 23.43. Time of other competing teams: Roscoe 23.74, Colorado City 28.85, Rotan 28.55, Albany 23.50, and Roby, no time, because of faulty connection. Time in the two-man hook-up was 13.30 for Baird, first; 13.25 for Snyder, second; and 13.60 for Rotan, third. Albany time was 16.30, Roby 13.85, Throckmorton 13.70, Hamlin 16.00, Colorado City 17.32.

In the six-man hook-up Baird, first, had a time of 13.50; Albany second, 13.60; and Colorado City third, 14.20. Roby took 16.22 seconds; Hamlin 15.60, Rotan, Hamlin and Throckmorton, no time because of faulty connections. Haskell firemen, as hosts, could not compete for awards, but ran a pattern race for each contest, setting time of 13.90 in the six-man; 12.30 in the two-man; and 23.50 in the pumper race.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

It is a well known axiom that submission to blackmail leads to greater measures of despair.

This axiom's truth dawns on many in Washington as nation's lawmakers engage in what promises to be the most decisive domestic battle since the War Between the States. The battle is over the repeal of the U. S. tariff laws.

After a preparatory barrage by heads of U. S. industries with foreign plants, a bill to eliminate all tariffs on foreign cars, trucks, and buses, has been introduced; the forerunner to many similar bills proposed.

With one of the ironical twists that mark history's pages, Rep. Allen Hunter of California's Madera-Fresno introduced the bill.

Immediately, French announced they face trouble unless the wine tariff is also removed.

Here's the irony; Rep. Hunter's district is center of nation's greatest wine producing area.

Two distinct camps will be observed fighting for U. S. tariff elimination: a foreign camp and a domestic camp.

The foreign camp is using arguments successfully employed in grabbing over \$3 billion out of U. S. in Marshall Plan and Mutual Security Aid.

The melody of blackmail is familiar.

"Unless America comes across, we may not be able to stand up against Communism," is the old, tired theme.

The domestic camp fighting for National Federation of Independent Business

## Mattson Baptist Church To Hold Week-End Revival

A week end Revival Meeting has been announced by the Mattson Baptist Church northeast of Haskell.  
 The revival will begin Friday night, April 10 and will continue through Sunday night, April 12, with services each night beginning promptly at 7:30 o'clock.  
 The Rev. H. H. Sego will bring the revival messages and will be assisted by the Rev. Jim Felts, pastor of the Mattson church.  
 A sincere invitation is extended everyone in Mattson and neighboring communities to attend the meeting.

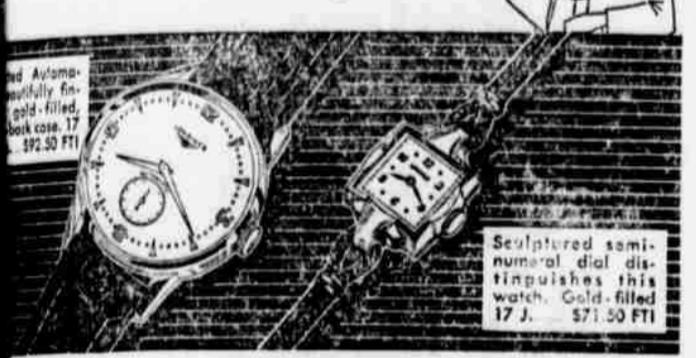

## Cotton Classing Service Available To Area Farmers

The annual Smith-Doxey program is ready for Haskell County cotton farmers, H. J. Matejowsky, in charge of the Abilene Cotton classing office, announced today.  
 Sponsored by the US Department of Agriculture's PMA Cotton Branch, the Smith-Doxey program enables operating Cotton Improvement groups to get their cotton classed without cost. They can get free market price quotations from which they can gauge local cotton values.  
 Application forms for the 1953 program can be obtained from the county agent, Abilene Cotton Classing office, or local ginners. One application by the group leaders covers all members.  
 Last year, 1,554 farmers in the county took advantage of these services, Matejowsky said.

## Weinert Juniors Rehearsing For Class Play

The Weinert Juniors have been working hard on their play which is a farce in three acts. They are going to work out the rough places this week and by next Tuesday night they will put on a play which will be hard to beat.  
 The play takes place in Judge Fuller's ranch home in Colorado. Judge Fuller is played by Wayne Phemister. His distant relative are characterized by Estalynn Edwards, a sharp-tongued matron; Betty Boykin, unaccustomed to the west; Doris Carroll, a social worker; Lester Hutchinson, knows everything; and Don Lamb, a young man interested in life; and then his very close friends, Mary Walker, cowboy's daughter, and last but not the least, Delton Smith who will portray "Bronco" the old dried-up cowboy who is Judge's confidential friend.  
 Some of the highlights of the play will be a redskin doing a real Indian war dance, a cowboy showing how he lassoed a rustler and a man coming to life. A thriller you won't want to miss Tuesday night, April 14 at 8 p. m. in the Weinert gym.

In Haskell

Half of the pay-off consists of cash; the other half consists of groceries of your own choice.

**You Do Not Have To Be Present To Win**

You do not have to buy anything to be eligible. There are absolutely no strings attached. The \$10.00 daily pay-off is simply a gift.

If you are 12 years of age or older, you are eligible for the \$10.00 daily pay-off. All you need to do is sign a registration card (available at the check-out stand) and then sign a daily signature book. It's just that simple.

There is no limit to the number of times you can win. So establish your eligibility regularly by signing the daily signature book each time you visit Piggly-Wiggly. (You need sign but once a day).

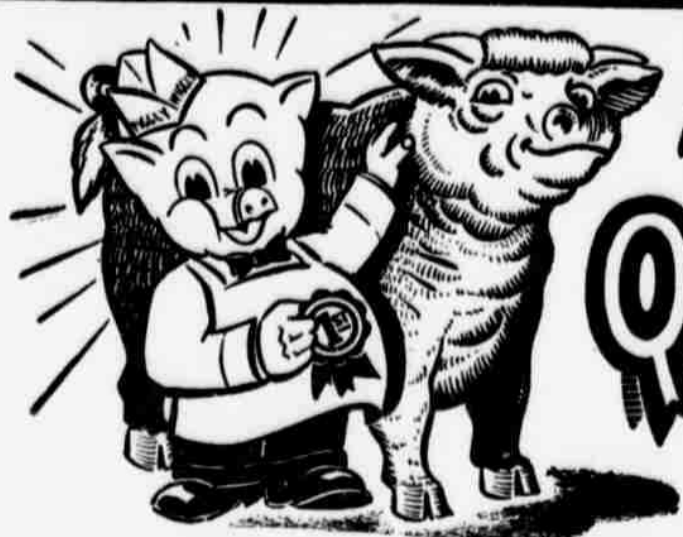

**Further Explanation of Methods and Rules**

Here's how the \$10.00 Daily Pay-Off works. First you fill out a registration card stating your name, birthday and address. This card is numbered and a stub of the same number is dropped in a drawing box. There it stays always. If it is drawn it is replaced. You only fill out one registration card. Next you must sign a daily signature book. A drawing is held each morning at 10:00 A.M., and if the customer whose name is drawn has signed the daily signature book, he (or she) receives the pay-off. If not, the \$10.00 Daily Pay-Off is added to the next day and so on until the pay-off is won. In order to win, you must have signed the daily signature book on the day previous to the drawing. In other words, Monday's signature is for Tuesday's drawing, Tuesday's signature is for Wednesday's drawing, etc.

**Names Drawn In Our Daily Pay-Off for Last Eight Days:**

- Mrs. M. G. Pogue's name was drawn for \$10.00
- Tom Florence's name was drawn for \$20.00

### Pending Bill Is Endorsed By Merchants

Merchants of this area are solidly behind a bill introduced in the Texas Legislature establishing small claims courts in present justice courts. Jane Holt, manager of Haskell Retail Merchants Association, said today.

The bill, which would establish small claims courts in present justice courts, is being introduced by Representative Wagoner (R., Lubbock) because it would enable them to collect debts of \$100 or less at a minimum expense and time.

Under present law, the expense is often so great in collecting small debts that it sometimes amounts to a gamble on settling an account than the amount of the debt.

The proposed law will enable

merchants, professional people and other businessmen to take the case into small claims courts at a cost of \$2.00. The bill also sets a limit of \$15.00 on attorneys' fees in case of trial and assures an early hearing of from five to ten days. It is estimated that cost of judgments would be about one fourth the present expense.

Salaried and wage earners are also given protection under the bill. Miss Holt said, and should be overwhelmingly in favor of it, since they are permitted to obtain judgments at the same low expense in cases involving \$100 or less in wages and salary.

The bill has already passed its first obstacle. The House Judiciary Committee has approved the measure, and it is now before the House as a whole for consideration.

cent increase in winter vacations alone. This has provided resort and allied industries with almost \$187,000,000 of tourist dollars in the first three months of this year.

Farr attributes the vacation boom, proven by the more than 100 per cent increase in touring America over the 7,000,000 who went sightseeing during the winter a decade ago, to two important factors:

An increasing number of large American corporations are now giving their employees three instead of the two traditional two weeks with pay; and resort owners and travel agencies, noting this trend, are prompting it to great advantage.

Today, Farr points out, every state qualifies as a "vacation land." Currently, the nation's leading vacation states, in addition to Texas, include: New York, California, Florida, New Jersey, Michigan, Pennsylvania, Illinois, Ohio and Massachusetts.

### Lone Star State Up With Top Ten Vacation States

Austin, Texas—One of the 10 top vacation states in America, can expect its biggest tourist year in state history in 1953.

Predictions are that Texas will attract a substantial share of the 21,033,000 American families who will this year spend their vacations away from home.

These are not reports from native chambers of commerce or convention bureaus. Rather, the authority is J. E. Farr, executive vice president of Schenley Distributors, Inc., who make it its business to trace American vacationers and their holiday dollars. He knows that vacationing families will spend, in the first three months of this year, at least \$235,039,350 for beverages, food and lodging. From these surveys, and others, his company builds its seasonal advertising and sales campaign.

"Texas' famous cities, historical sights and Gulf Coast resorts will be visited by many additional thousands of vacationers in 1953," Farr believes. "In the past decade there has been almost 100 per

### 19,197 Bales Cotton Ginned In County From 1952 Crop

Haskell County's cotton crop for 1952, although the smallest since 1918, still exceeded all pre-season estimates, according to the census report released this week by Virgil A. Brown, special agent for the U. S. Department of Commerce.

The census report shows that 19,197 bales of cotton were ginned in the county from the crop of 1952 prior to March 1, as compared with 53,492 bales for the crop of 1951.

Pre-season estimates, based on damage caused by severe drought, placed the potential yield at between 12,000 and 15,000 bales.

Total for the 1952 crop includes all cotton ginned in the county, and this takes in possibly some 2,000 bales produced outside of Haskell County but processed at plants in O'Brien, Rochester, Rule, and Sagerton.
