

ns Being Completed For k-to-School Week Here

Being completed for school week to be observed 25-30 under the auspices of the Haskell Chamber of Commerce, and consideration has been given to the subject of why school days are in cash awards...

City Council Will Offer Free Water For Use of Contractor On Highway Project

The city water department will provide all water needed for the improvement project on U. S. Highway 277 without cost, in the event contractors on the \$1,000,000 road program locate their headquarters in Haskell, a n d work out of this city.

REV. WALTER COPELAND

2-Weeks Revival Meeting Will Be Held at Weinert

A two-week revival will be held at the Weinert Foursquare Church beginning Sunday, August 17 and continuing through August 31, Rev. A. W. Rodgers pastor of the church, announced today.

Evangelist and Mrs. Fred Dawson will lead the revival. They are recognized as outstanding workers in the evangelistic field. The song service will be in charge of local talent and special music will be a feature of the service each night.

Herman Pittman To Preach Sunday at First Christian

It was announced by members of the Christian Church of this city, that Dr. Herman Pittman of Drake University, Des Moines, Iowa, would preach next Lord's Day morning, August 17th, at 10:45.

Paint Creek School Will Begin Term Monday, August 25th

New members added to the faculty of Paint Creek High School, the school will begin Monday, August 25th. Dan McRae is the principal.

This offer was approved by the City Council at its regular meeting Monday night. Engineers estimate that approximately one million gallons of water will be needed for the road project, and city officials said this amount could be furnished from the city's supply without cutting into domestic needs.

Also at Tuesday night's meeting, W. A. (Will) Gilmore was installed as a new member of the Council. He was elected in the special election August 1, and will occupy the post of Street Commissioner.

Rites Held Here Sunday For Robt. F. Bowers, 26

Robert F. Bowers, 26, Lubbock life insurance broker and the son of Mrs. Eugene Tom of this city, died suddenly of a heart attack at his home in Lubbock, Thursday August 7, at 7:30 p. m.

Funeral services for Mr. Bowers was held at 5 p. m. Sunday at the First Baptist Church in this city. The Rev. M. D. Rexrode, pastor, officiated, assisted by the Rev. J. B. Thompson, pastor of the First Methodist Church and Dr. R. K. McCall, pastor of the First Presbyterian Church.

Burial was in Willow Cemetery under direction of Holden Funeral Home. Mr. Bowers, district agent for an insurance company in Lubbock, was born in Philadelphia, Penn., Dec. 2, 1925. He married Eloise Johnson of Haskell Nov. 7, 1945.

Revival Meeting to Begin Aug. 22 at Curry Chapel

Annual summer revival meeting of the Curry Chapel Baptist Church will begin Friday, August 22, with the Rev. Jack Wester as the evangelist. Jesse Kreger will lead the song service and Mrs. Carl Bailey will be pianist.

REV. WALTER COPELAND

Roberts Baptist Church Revival Begins Today

Open air revival services will begin Thursday night, August 14 at the Roberts Baptist Church. The Rev. Walter Copeland, pastor of the Roberts church, will do the preaching during the revival. The singing will be directed by local talent.

Band Majorettes To Receive New Winter Uniforms

Band boosters can look forward to the first appearance of a new winter uniform for the Haskell majorettes, Mr. Dean, HHS band director said that the ever popular uniform that the majorettes now have is not being done away with, but that the girls need something warmer to wear for the cold games.

Jane Holt spent Sunday in Lubbock, a guest in the home of Mr. and Mrs. Burl Roach.

Abilene-Wichita Falls Girls Softball Teams To Play In Twin Bill Here Aug. 23

Haskell County History

29 Years Ago—Aug. 18, 1912
Miss Ruth Robertson is here from Denton to spend a few days with her parents, Mr. and Mrs. R. V. Robertson.

Miss Rose Cousins spent last week in Weinert visiting friends and relatives.

Richard S. Nolen, 37, died unexpectedly at the home of his mother, Mrs. Alice T. Nolen. He had been in ill health for some time, but was not believed critically ill. Member of a pioneer Haskell family, he had lived here practically his entire lifetime.

The stork made a visit to the home of Mr. and Mrs. Stanley Furr August 17th and left them a baby girl. Her name is Nancy Ann.

Mrs. Royal L. Mullins and sons of Wolfe City spent last week with her sister, Mrs. Jesse Collier and other relatives here.

Mrs. Chas. M. Conner and daughters, Geraldine and Jean and Miss Ida Neinst returned Monday night from Denton, where they spent several days.

Albert English, Jr., is spending a month in California with relatives.

J. L. Dilbeck and family of California are spending a few days with Howard Montgomery and family of the Post community.

Mr. and Mrs. Ben Warren of Houston visited several days this week with their brother and family, Mr. and Mrs. Claude Warren, Miss Louise Warren of this

city accompanied them home for a few days visit.

Miss Frances Collier has returned from a three weeks visit with relatives and friends in Wolfe City.

Mr. and Mrs. Courtney Hunt and daughter, Miss Madalin, accompanied by Miss Ruth Milstead, spent Sunday in San Angelo visiting George Hunt and family. Mrs. Hunt remained for a few days visit.

Mr. and Mrs. Carl Arbuckle are entertaining a baby daughter, Mary Elizabeth, who arrived August 12 to make her home with them.

40 Years Ago—Aug. 17, 1912
Good rains fell again Thursday and Friday nights, bringing total moisture received during the past week to better than 3 inches.

On Thursday, August 8, Frank Gerick, who lives near Weinert, and J. O. Stark, who lives 9 miles south of town, each brought a bale of cotton to the gin at this place. Owing to the fact that the gins were not in shape to handle the cotton, it was not ready for market until the 19th.

Mr. Gerick brought his bale in about three hours ahead of Mr. Stark and got it ginned at Newsom's gin and had it on the local market, about 30 minutes ahead of Mr. Stark. Merchants made up a \$31 premium and it was divided among the two men. Both bales sold at 12.60 cents per pound.

Ross Payne of Rule has purchased the tailoring business of Rube Brewer in this city, and has moved to Haskell.

Miss Lula Stevenson returned Tuesday from Seymour, where she has been visiting with friends.

R. B. Fields and family have returned from California, after a visit of several months on the Pacific coast.

C. M. Cotton of Rice, Texas, has purchased the Robertson Drug Store. He has employed H. H. Langford as manager of the store.

Paul Zahn sold a four months old lamb to J. E. Culp Saturday that weighed 76 pounds.

Balus and Aubrey Cox of the west side went out to the Choate Ranch 12 miles southwest of town, Thursday evening, and caught a wolf. The next morning they caught two more. They used a couple of young English grey-

Georgia Residents Visitors in R. A. Bradley Home

Ed Cobb, Mr. and Mrs. Jack Cobb and daughter Theresa, and Mrs. D. C. Sullivan, all of Roswell, Ga., were guests last week in the home of Mr. and Mrs. R. A. Bradley of this city.

It was the first visit of the Georgians to Texas. They also saw their first rodeo performance while here, attending the weekly show at the Wisdom Arena Tuesday night of last week. Also, Mr. Bradley accompanied them for a visit to the Cap Rock of the Plains while they were here. Ed Cobb is a nephew of Mrs. Bradley.

They left Sunday to return to their home in Georgia.

hounds that picked up the wolves and killed them as fast as they could get to them.

Sam Chamberlain of Dallas and sister, Mrs. A. B. Branch of Munday, who have been visiting their sister, Mrs. Chamberlain of this city, have returned to their respective homes.

J. C. Clements, living in the Weinert community, was kicked by a mule one day last week, and is now nursing a broken arm and split jaw.

50 Years Ago—Aug. 16, 1902

Eugene Meadors left Saturday for Prescott, Ark., where he has relatives and will probably remain.

Thomas Farmer, agent for the Texas Central Railroad at Stamford, was here yesterday on business.

J. M. Schwartz and family moved to Haskell this week from Throckmorton, where they have lived for the past 10 or 12 years. Mr. Schwartz is an experienced boot and shoe maker and has opened a shop here.

Mr. Maah of Sherman is here this week preparing to ship 200 horses from the Gunter Ranch to market.

Beginning Monday, August 18th, Marcy will have daily mail service by way of Haskell.

Miss Sofia Cochran of Anson who has been visiting Miss Maud Carney, returned home Monday.

The Commissioners Court has ordered a local option election, for Sept. 8, to determine whether or not the sale of intoxicating liquors shall be prohibited in the territory embraced in Commissioners Precincts No. 1, 3, and 4.

Squire J. T. Knowles and wife got back Tuesday from their visit to Eastland County.

According to the tax collector's rolls, the total State and county taxes assessed in Haskell County for 1902 amount to \$26,014.17. Of this amount, \$8,752.08 is State taxes and the remaining \$17,262.09 county taxes.

The State Board of Education has fixed the per capita apportionment for the school year beginning Sept. 1 at \$4.80.

As an illustration of how things grow in this country when given a little moisture, N. C. Smith put on display at Sherrill's store this week a blackeyed pea vine that weighed 23 pounds and on which the longest runner measured 12 1/2 feet, and two feet above the roots there were 52 vines.

WTCC Report Lists \$5 Hike In Old Age Assistance Tax Demand On Average Income

What high Federal taxes and inflation are doing to family incomes in Texas and other states is brought out today in a report by the West Texas Chamber of Commerce.

Taking an average family of four (husband, wife and 2 children) as an example, the WTCC showed how today's family income at various levels compare with those earned in 1940 after Federal income taxes are deducted and due allowance is made for the reduced purchasing power of the dollar as the result of inflation. The study pointed out:

A family in the \$3,000 net income group today has \$2,866.80 for living expenses after Federal income taxes. This has a purchasing power of \$1,519.40 in 1940 dollars. But in 1940 this family had the use of all of its \$3,000 income.

A \$4,000 family today has \$3,644.80 left after taxes. This has a purchasing power of \$1,931.74 in 1940 dollars. But in 1940 this family had \$3,964.80 in 100-cent dollars after taxes.

As for the \$5,000 family today, it has left \$4,422.80 after Federal taxes. But this income is worth only \$2,344.08 in 1940 purchasing power. In 1940, however, this family had \$4,925.20 after Federal income taxes.

A \$10,000 family today has \$8,226.40 after taxes. But its purchasing power is \$4,359.99 in 1940 dollars. In 1940 this family had \$9,560 after taxes.

The \$100,000 family has \$43,968 after Federal income taxes today and this income has the purchasing power of only \$23,303.04 in 1940 dollars. But in 1940 this family had \$57,051.60 after taxes.

Looking at the picture another way, the WTCC brought out these additional facts with due allowance for taxes and inflation:

A family of four today must earn a net income of \$4,165 to equal a 1940 income of \$2,000.

A \$3,000 income earned in 1940 compares with \$6,595 earned today.

A \$4,000 income earned in 1940 compares with \$9,010 today.

A family which earned \$5,000 in 1940 must show a net income of \$11,480 today to maintain the \$100,000 income earned in 1940.

It takes a net income of \$736,000 today to equal the purchasing power, after taxes, of a same standard of living.

LEAVE FOR VISIT IN OVERTON, TEXAS

Sarah Jean Williams of Altus, Okla., and Sharon, English of Lubbock, who have been visiting in the homes of Mrs. Edith English and Mrs. Willie Mae Fouts, left last week for Overton, where they will visit in the home of Mrs. Theo Pace and family.

HASKELL VISITORS

Mr. and Mrs. Cecil Bradley and daughter, Vanell, of Lelia, Texas, were visitors Sunday in the home of Mr. and Mrs. R. A. Bradley and Mr. and Mrs. J. V. Marrs.

\$5 Hike In Old Age Assistance Due In October

All persons receiving Old Age Assistance and Aid to the Blind will get a \$5.00 increase in their grants beginning in October, according to Gene L. Siebert, Area Supervisor for the State Department of Public Welfare. Exceptions will be those who are receiving both Old Age Assistance and Old Age Survivors Insurance, since the automatic increase will be received by them through Social Security. A lesser increase will be available for youngsters who are receiving Aid to Dependent Children. This increase in grants is provided for by recent Congressional Legislation which raised the federal contribution \$5 beginning in October.

To assure that each eligible person on the Old Age Assistance and Aid to the Blind rolls gets

Archeology of Texas Counties In New U. of T. Publication

Texans may obtain information on the archeology of their home counties in a new University of Texas publication.

Dr. Thomas Nolan Campbell has compiled a 100-page "Bibliographic Guide to the Archeology of Texas," which lists such articles, books and other publications written on each of the State's 254 counties.

Mr. and Mrs. Bud Larned and daughter, Roxene of Rule visited his parents, Mr. and Mrs. Grover Larned, Monday of this week.

KEEP COSTS DOWN, PERFORMANCE UP, WITH A DODGE

"My Dodge trucks save a lot of money on gas!"

says H. A. ROBINSON, Contract Hauler, Mobile, Ala.

"On a 200-mile run I save 1 1/2 to 2 gallons of gas. I get this saving seven days a week, and on my two trucks that means I save over \$300.00 a year on gas alone. That's good, because each of my trucks makes an average of 50 stops per day hauling mail."

\$54.00 of repair expense in two years. I ran my second Dodge over 103,000 miles in two years and spent only \$15.50 on it for repairs.

"If I'd known what I know now about Dodge trucks, I'd have switched to them long ago and saved myself a lot of money."

- Haul at lower cost with a Dodge truck that's "Job-Rated" to fit your job—1/2- through 4-ton.
 - Boost gasoline mileage with features like high-compression ratio and special gas-saving carburetor.
 - Reduce upkeep with such wear-saving features as floating oil intake and positive-pressure lubrication.
 - Enjoy smooth performance with gyrol Fluid Drive, wear-protecting advantage available on all 1/2-, 3/4-, 1-ton and Route-Van models.
 - Come in today for a demonstration—and a good deal!
- Save on gas and oil. All Dodge truck engines give exceptional economy with plenty of power. You get such advantages as light-weight aluminum pistons, improved system with economy of precision-balanced crankshafts and other money-saving features.
- Save on maintenance. Rugged engines and chassis have made Dodge trucks famous for dependability. Upkeep costs stay low because of many special Dodge features like 4-ring pistons, chrome-plated top ring, and wear-resisting exhaust valve seat inserts.
- Save with long life. Because Dodge trucks last so long, depreciation is less and trade-in value stays high. Long life and dependability are the result of such features as shock absorbers, shot-peened axle shafts, springs, shot-peened axle shafts, tra-sturdy frames, and Oriflow absorbers in low-tonnage models.

FLOYD RICH'S FATHER VISITS HERE

J. W. Rich, father of Floyd Rich, and resident of Randlett, Okla., visited in the home of his son Monday of this week.

Fresh As A Daisy

Do you like a fairly sings that lifts its fresh air like a spark-

Your Summer Clothes meaning That Will Give Protection and Fresh-

THE "TWO-IN-ONE" gas refrigerator—two freezing systems and two doors—featured in 9 1/2 and 11 1/2 cubic foot models, is being introduced in a series of dealer meetings. The upper compartment may be used on a small scale to freeze fresh foods. Large freezer capacity permits up to 45 one-pound packages of commercially refrigerated frozen foods to be stored with four ice trays at the same time. Officials of gas company, in introducing the new line, are stressing the economic soundness of Southwest. They assure dealers that Lone Star will spare no effort in trying, through newspaper advertising, to create the most favorable sales climate for them.

Overweight Termed One of Major Health Problems

Are you packing too much fatty beef for the size of your frame? If so, you're probably one of the 100,000 or so Texans contributing to what State Health Officer Geo. W. Cox calls a "significant public health problem."

The number obese (dangerously overweight) people in the state is growing, the doctor says, and they're laying themselves wide open to trouble.

For instance, if you are carrying too much fatty tissue you're twice as apt to get diabetes, and three times as likely to have heart trouble. Furthermore, if you get arthritis it will hurt you a good deal more because of your obese condition.

Many other conditions are made worse by a person's being too fat.

"Obesity is just as serious a form as starvation in the long run," the health officers will tell you. Ask why some people get fat while some don't and he'll tell you the plain and simple reason is that usually the fat ones eat more than their systems need or want.

"Obesity is exactly the opposite of starvation. Overweight people eat too much. Emaciated people don't get enough. Both types are malnourished."

But why do they eat too much? There may be many causes. The glands may not be working just right. They may be having emotional trouble.

"Dietary habits perhaps established in childhood. Part of the reason might be an overly full stomach gives them a sense of emotional relief. They might be trying to satisfy an emotional hunger as well as a physical one."

The best way to fight obesity is to cut down the caloric intake, he says. But to do this you've got to have a real desire to have normal weight.

"This means," he explains, "the underlying emotional factors which have created the obesity must be corrected by a greater urge, such as avoiding an early death."

When you get this desire you'll be willing to have your doctor prescribe a reducing diet and medicine if necessary and you will follow his advice.

"If you don't," Dr. Cox cautioned, "you'll probably find an early grave."

Fat people should get a good physical examination by their doctor before they start on a rigid reducing diet.

WILL VISIT IN ST. LOUIS AND OTHER POINTS

Mrs. Lillie Clark of this city, who has been visiting her brother, T. J. Seay in Corsicana for the past three weeks plans to leave today for an extended tour of the northern states. She will accompany Mrs. Louis P. King of Corsicana on a visit to St. Louis, Chicago, Detroit, and other points in Michigan. They will probably be away several weeks.

Munday Soldier Spends Five-Day Leave in Japan

With the 25th Infantry Div. in Korea.—Cpl. Alvin C. Michalik, whose wife lives on Rt. 2, Munday, recently returned to the 28th Division in Korea after a 5-day rest and recuperation leave in Japan.

He and hundreds of soldiers from other divisions in Korea, stayed in the finest hotels in Japan and enjoyed many luxuries unobtainable in Korea. The leaves are part of the Army's policy to give the fighting soldier a rest from the rigors of combat.

Corporal Michalik is serving in Battery B of the 21st Anti-Aircraft, Artillery Automatic Weapons Battalion.

RETURN FROM VISIT IN NEW MEXICO

Mr. and Mrs. A. L. Conner and children, Nellwyn, Gladys, David and Janet have returned to their home after visiting in the home of Rev. and Mrs. J. H. McClendon of Artesia, N. M., and formerly Assembly of God pastor of Haskell. They also went through the Carlsbad Cavern. Accompanying them were Mr. Conner's niece and nephew, Buck and Sybil Conner.

Army Will Call 47,000 Draftees In October

The Army this week called for 47,000 draftees in October.

This compares with 30,000 asked for September and would bring to 932,000 the total called by the Army since inductions were resumed in September, 1950.

In addition, 81,430 men have been drafted by the Marine Corps.

The Army said the 17,000 increase in the October call, by comparison with September is necessary because men inducted during the latter part of 1950 are nearing the end of their draft tours.

Only the army is now using the draft. The Navy and the Air Force have relied completely upon volunteering to meet the Korean War and long range build-up requirements in addition to the calling for reserves. The Marine Corps halted drafting last May.

Mr. and Mrs. J. M. Hallmark and grandson, Danny Hallmark of Odessa were in Haskell visiting with relatives and friends last week end.

What sign were you born under?

It makes a difference, some folks say! But whatever your sign — one thing you probably have in common with most Americans is that either directly or indirectly you're an owner of one of America's electric light and power companies like the West Texas Utilities Company.

It's like this: about three million people from all walks of life — teachers, housewives, doctors, mechanics, farmers — put their savings into companies like the West Texas Utilities. They're direct owners.

Another seventy-five million people, through their life insurance policies and savings bank accounts, are indirect owners. For their banks invest a substantial part of their premiums and savings in the securities of the nation's electric companies.

So, you see, these companies, like the West Texas Utilities, that serve nearly everybody are owned by nearly everybody!

West Texas Utilities Company

Home Freezing of Peaches Advised

Although the Texas peach crop is below normal, reports show that peaches will be plentiful in other parts of the nation. Indications are there will be peaches on the local markets but at higher prices than last season.

Now is the time to make plans for including peaches in the family canning budget. Food specialists with the Texas Agricultural Extension Service point out that ceiling prices have been taken off canned fruits, which may mean higher prices. In view of this, homemakers may find it profitable to preserve a supply of peaches.

Here are suggestions from the specialists on freezing peaches. Use only sound ripe peaches. They should be slightly riper than for canning but not soft or mushy. To prevent discoloration, the fruit should be dipped in a solution of 26 1/2 mg. of ascorbic acid, tablet or powdered, for each pint of fruit. Dissolve the ascorbic acid

in the sugar syrup which is to cover the fruit or dissolve 1-4 teaspoon citric acid in 1-4 cup water. Leave the peaches in the solution only 15 to 20 minutes before packing in sugar syrup. Use about 1 gallon of the solution for a bushel of peaches. The specialists recommend the Dixigem Triagem, Golden Jubilee, Hale Haven, Fair Beauty, J. H. Hale and Elberta varieties for freezing. Wash and peel the firm, ripe peaches. Treat, as directed above, to prevent discoloration. Then cover with sugar syrup, 3 cups of sugar to 1 quart of water. Pack in moisture vapor proof containers to prevent loss of color, flavor, food value and change of texture. Pack and freeze immediately. For further information on freezing foods and cooking frozen foods, the specialists suggest a copy of B-175, Frozen Foods, which may be obtained from the local county home demonstration agent.

Again It's Beltone

Beltone has just released an exciting new, extra tiny hearing aid—the Lyric model. Everyone with a hearing problem is urged to get a thrilling free demonstration of the wonders of this new 1952 extra tiny Beltone may work for them. It's 27 1/2% smaller—26 1/2% lighter than even the tiniest Beltone ever made before.

Mr. Walter S. Cochran will be at the Tonkawa Hotel on Thursday, August 21st, from 9 a. m. to 11 a. m.

See and try the exciting new extra tiny Beltone right away. Don't bargain with your hearing. See Beltone first.

Pre-School Health Check of Children Important

Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

First and foremost is the need for vaccination against smallpox. Parents should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated have it done immediately for his own protection and that of others."

Immunization against diphtheria is also highly important. Dr. Cox declares. This disease which causes serious illness and deaths among young children can be prevented with toxoid. The child

Revision of Farm Leases Needed, Specialist Says

Tenant operations are still an important part of Texas agriculture. Some 30 per cent of all Texas farms are operated by tenants. Like most other farming practices, says C. H. Bates, farm management for the Texas Agricultural Extension Service, many leasing arrangements are out of date.

He points out that lease arrangements set up for cash-crop systems of farming do not fit the situations brought about by the shifts of livestock production. Therefore, new rental agreements are needed between the tenants and landlords that clearly define the part each is to play in this livestock-crop system of farming.

During the past several years farm management specialists from the southern states, cooperating with those from the U. S. Department of Agriculture, have been studying the existing rental arrangements and seeking possible solutions to tenure problems. The economists have found that both tenant and landlords improve their lot when leases are revised that really cover present day farming and livestock production. The use of up to date leasing arrangements meant more income to both tenants and landowners as well as better soil maintenance and improving programs.

The latest findings of the cooperating economists are reported in the publication "Rental Arrangements for Progressive Farming" which is available at your local county agent's office. Other material on the subject of rental agreements, prepared by the Texas Agricultural Experiment Station and Extension Service, are also available.

Bates says the specialists

who has never been protected should be given this safeguard against a dreaded killing disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with other children on equal terms. If the check-up reveals any weakness or defects they should be corrected at once. Don't let your child start school life with any avoidable handicap."

through studies and actual experience, have come to the conclusion that a good rental agreement should always be written. It should cover more than a single year or contain an automatic renewal clause. It should specify how the expenses, upkeep and labor as well as income are to be shared. It should encourage the tenant to produce livestock as well as crops wherever possible and profitable. Finally the lease should provide for permanent improvement on the land and in the home.

Bates believes the use of rental agreement containing the above items will improve landlord-tenant relations and add stability to the agricultural economy in the areas where farms are operated by tenants.

BUICK'S POWER STEERING? It's the big NEWS of the year

THERE is a host of things that endear a ROADMASTER to anyone who loves to drive.

There's the might of its Fireball 8 Engine — most powerful ever put in a Buick.

There's the thrift of its Airpower carburetor — a four-barrel automatic that literally brings increased power right out of thin air.

There's its hushed and luxurious silence — its poised and level ride that cost a million dollars to develop — and the infinite smoothness of its Dynaflo Drive.

But the thing that has brought the most cheers for this big and obedient beauty is Buick's version of Power Steering.

Gone is the tug of turning, parking, maneuvering in small space.

Power Steering takes over the effort of turning the front wheels — makes it a one-hand operation.

Do you have to learn to drive all over again if you have this new Buick feature?

You definitely do not. On the open road, you have that same sure sense of command that you've always had. Coming out of a curve, you can loosen your grip, and the front wheels right themselves just as they do on every Buick.

But you'll notice this: When you suddenly hit loose dirt or sand — or a stretch of rough road — Power Steering smoothly goes into action — helps take up the jerk — makes control of the wheel easier and driving safer.

Wouldn't you like to try out this newest wonder — on a ROADMASTER or a SUPER? You say the word, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on Roadmaster and Super only.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

NEWS OF INTEREST TO WOMEN

Bridal Shower In Stamford Honors Lorene Crow

A bridal shower was given in the home of Mrs. W. A. Stephens of Weinert, honoring Mrs. Cecil E. Jones Friday, Aug. 8 from 5 to 8 p. m. Guests were registered by Mrs. Bob Owens. Refreshments of punch and angel-food cake were served by Mrs. Chas. Smith, Mrs. Neal Stewart and Mrs. G. C. Brackett. The table was decorated with an arrangement of peach glads. Guests were Mesdames E. S. McGuire, Leon Newton, A. J. Sanders, Temple Lewis, R. S. Sanders, Howard Shaw, W. L. Johnson, V. C. Derr, Geo. Ashby, C. W. Jones, W. W. Ashby, Edward Jurgens, H. A. Marsh, R. H. Jones, P. F. Weinert, Clarence Lee, J. W. Liles, G. C. Newsom, Truett Parsons, Howard Sloan, Perry Mayfield, Marvin Berry, Lloyd Stephens, J. A. Driggers, Claude Reid, B. R. Stephens, V. R. Anderson, Virginia Smith, Ruby Myers, E. M. Owen, Lloyd Lemley, G. Stewart, Chas. Wink, Howard Shaw, V. L. Teaff, V. C. Hobbs, C. J. Williams, R. N. Mathison, W. A. Dutton, Frank Oman, R. E. Hutchinson, W. C. Winchester and W. B. Guess.

Mrs. Eula Crow of this city, is announcing the engagement and approaching marriage of her daughter, Lorene to Clyde W. Singleton of Snyder and son of Mr. and Mrs. Sam Singleton of Stamford.

The couple will wed in services scheduled August 16 in the home of the bride-elect's mother. They will make their home in Snyder where Mr. Singleton is employed as assistant manager of Perry Brother's Store.

Bridal Shower Honors Mrs. Cecil Jones of Weinert

The home of Mr. and Mrs. R. W. Haliburton 210 West Moran, Stamford was the setting Tuesday evening Aug. 5th for a lovely miscellaneous bridal shower complimenting Miss Lorene Crow of Haskell, bride-elect of Clyde W. Singleton of Snyder.

A lovely linen table cloth covered the refreshment table, which was centered with a crystal punch service. Miss Terry Ann Bynum of Haskell presided at the bride's book. Approximately forty guests called and sent gifts during the evening.

VISIT IN WEINERT
Mr. and Mrs. Ben Tredler and children, Mikell, Vicki and Kathy of Sacramento, Calif., are visiting in the home of Mrs. Tredler's grandmother, Mrs. J. D. Roberts of Weinert.

Mr. and Mrs. R. L. Burton of this city are announcing the approaching marriage of their daughter, Nancy, to Bailey Toliver, son of Mr. and Mrs. J. L. Toliver, Sr., of Haskell. The bride-elect returned this week from a summer's tour of

Europe, where she had been as a member of the Carroll Party of Baylor University. She is a junior student of that school. The ceremony will be solemnized on Sunday, August 31, at the First Baptist Church in this city.

Happy Birthday Club Meets With Mrs. Whiteker

Members of the Happy Birthday Club met Friday, August 8th in the home of Mrs. Oscar Whiteker. It was Mrs. Johnson's birthday. Games were played and refreshments served to Mesdames Alvis Pennington, Zada Smith, Ida Farrell, LaVerne New, Essie Bland, Mrs. Johnson and visitors, Sue and Doyleene New and Don Pennington, and the hostess, Mrs. Oscar Whiteker.

Miss Nettie McCollum visited in the home of Mae and Pearl Miller in Evergreen, Colo., and with Mrs. W. N. Huckabee and Eunice in Mount Morrison, Colo.

Trinity Ladies Society Meets Thursday

The Trinity Ladies Society met August 7 in the Trinity Lutheran Church with 16 members and one visitor present. The meeting was opened with singing Work For the Night is Coming. Scriptures were read by Frances Fischer and prayer by Annie Kretschmer. The August topic "Minister in His Name" was discussed and a song Blest Be the Tie that Binds was sung by the group. During the business meeting it was decided to send three delegates, department chairmen and officers to the WMF convention at Roscoe. The meeting was closed with singing Beautiful Saviour, King of Creation. Refreshments were served to Mesdames Annie Kretschmer, Lily Peiser, Henriette Fischer, Dora Klouse, Erna Peiser, Verna Hauser, Ella Peiser, Lydia Klouse, Frances Fischer, Lorene O'Kufe, Ida Von Gonten, Adele Grogan, Henriette Ruefer, Myrtle Steinfath, Lydia McEller and one visitor, Mrs. Emma Puschal.

CARD OF THANKS
We desire to express our sincere appreciation to friends and neighbors for their many acts of kindness extended during the illness and death of our loved one and for the beautiful floral tributes in her memory. We pray God's richest blessings on each of you.—The Stephens Family.

Scattered Rains Create Contrasting Picture In Water Conditions In July

Isolated thundershowers intermingled with above-normal temperatures made a contrasting picture of river runoff in July reports the Texas Board of Water Engineers. The highest flow since May 1941 occurred on Delaware River, a tributary to Pecos River, whereas the minimum flow on Colorado River near San Saba was the lowest since 1918. Rainfall was above normal over about half the State but over the remainder of the State the deficiency was as low as 20 per cent of normal.

Widely scattered thundershowers formed the only precipitation over Texas in July. The average for the State was 80 per cent of normal varying from 20 per cent in the lower Nueces River basin to nearly twice normal in the lower coastal area. Rainfall was markedly deficient over most of the Trinity, Canadian, and upper Brazos River basins. Stream flow was deficient in all major basins. Isolated thundershowers caused some rather large rises in the Pecos area along the coast. Peak discharge in Delaware River near Red Bluff, N. V., was measured at 14,100 cubic feet per second, the highest discharge since May 1941. There was some further flood runoff on Salt

(Screwbean) Draw near Orla and in the lower Pecos River. A small rise on Deep Creek near Snyder was the only flood runoff in the upper Colorado River. Flow on North Concho River near Carlisbad, Texas, was one half of one per cent of average July flow. Rationing of water in San Angelo continued and many other towns in the area were faced with some form of rationing either because of water shortage or limited distribution facilities. The monthly near San Angelo was 21.4 feet more than 10 feet below the crest. Low flow on Colorado River near San Saba, just above Buchanan Reservoir, was 5 cubic feet per second compared with 6.2 cubic feet per second a year ago and 1.5 cubic feet per second in 1918. Canadian River near Amalillo flowed about 22 per cent of its average flow and was probably a good index of stream flow in the whole Panhandle area. Red River, near Terral, Okla., averaged less than 30 per cent of normal July flow. Upper Brazos River and tributaries were dry the first half of the month but carried some flow the latter half. The Trinity River and its upper tributaries in the Dallas-Fort Worth area were at extremely low flows or dry. Clear Fork and East Fork Trinity Rivers and Denton Creek had no flow for the month, and Cedar, Chambers and Richland Creeks had no flow for nearly all of July. A measurement of flow on Trinity River near Rosser showed a discharge of 140 cfs—the lowest July flow since 1939. Monthly flow of Trinity River at Riverside was about 8 per cent of average. Guadalupe River near New Braunfels flowed at less than 10 per cent of its average July flow although the average for this month was more than twice the July 1951 flow. Comal Springs registered the lowest monthly flow ever recorded. San Marcos Springs flowed less than the previous month but was considerably above normal low flow. Flow was lessening in east Texas although extreme lows were not reached. Sabine River near Bon Wier and Neches River at Evadale showed flow slightly exceeding 50 per cent of average. In each case the flow was more than for the same month a year ago.

There was a total of 202,000 acre-feet less water stored in 9 major reservoirs at month end than at the beginning of July. This was a 12 per cent loss for the month. Over half of the loss was from Buchanan Reservoir from which water was released for development of power and for irrigation in the lower Colorado River basin. Possum Kingdom Reservoir also released water for rice irrigation the first and last week of the month—reducing the amount stored from 390,000 to 346,000 acre-feet.

HOSPITAL NOTES

Relatives and friends are requested to observe the following schedule of visiting hours: 9:00 to 10:30 a. m.; afternoon, 3 to 4 p. m.; evening, 6:30 to 8:30 p. m. Registered as patients in the hospital Thursday morning were: J. D. Westbrook, Sr., medical, Rule. Gaston Hattox, surgery, Haskell. John Herron, medical, Rule. Mrs. E. L. CARD OF THANKS

We wish to thank our many friends for the beautiful flowers cards and many gifts during Dodie's stay at the hospital; especially do we thank the nurses and doctors for the kindness and consideration given us. Each of you were wonderful. God bless you all—Mr. and Mrs. Johnnie Earles, Dodie, Nancy and Mrs. Kingston.

Air mail carried in West Texas in 1951 totaled 1,320 tons, as compared with 965 tons in 1950 and 975 in 1949.

Preserved Foods Help Stretch the Family Dollars

Two hundred seven thousand five hundred fifty eight families were assisted in 1951 with food preservation problems, according to the annual report of the foods and nutrition specialists, Texas Agricultural Extension Service. This was the result of training and assistance given county home demonstration agents and local leaders. In all, 2,431,937 quarts of vegetables, fruits and meats were canned and 24,423,369 pounds of food were frozen in accordance with practices recommended by the specialists. There were 331,440 quarts of food made into pickles and relishes. The work in food preservation was always accompanied with plans for storage, food budgets meal preparation and service. The report states that the preserved products were stored in 5,406 ventilated pantries, 32,680 home freezers and 36,470 frozen food lockers; that 55,786 families followed the Texas Food Standard in planning meals and improving diets and 129,351 families

were assisted with food preparation and improved table service. The specialists state that anyone may contact the local county home demonstration agent for specific information on food preservation methods. The bulletins B-194, Home Canning of Fruits and Vegetables and B-175, Frozen Foods, are free for asking. Surplus foods preserved now, the specialists say, will stretch the food budget dollars this coming winter.

Keep Linoleum Bright and Shiny With Little Work

The linoleum on the kitchen floor is more likely to get too much cleaning than too little. This information comes from Minnie Bell, home management specialist with the Texas Agricultural Extension Service.

To keep linoleum bright and shiny, Miss Bell points out that a mop or soft brush is better than a broom. Oil mops should never be used because they leave an oily coating that catches dirt. Too oil discolors linoleum. Alkaline soap and abrasive cleaning compounds tend to soften, scratch and roughen the surface of linoleum. It is a good idea to remove spots immediately, especially grease. The specialist suggests to clean linoleum use a damp mop with a solution of warm water and mild soap. This removes dirt, grease and old wax. Then use clear water for rinsing.

After the linoleum is thoroughly dry, several thin coats of self-polishing, water emulsion wax should be used. Paste wax is less satisfactory because it is difficult to get an even coat on the linoleum and once on it is more difficult to remove when time comes to re-wax.

Manufacturers warn that plastic finishes, lacquers and varnish will dim or yellow the colors in linoleum. To insure the best care, Miss Bell says ask the dealer for printed instructions that manufacturers prepare for the care of their products.

ATTENDED MATH INSTITUTE

Mrs. Scott Green and Mrs. Norman Nanny have recently returned from Houston where they attended a four day mathematics institute, sponsored by the University of Houston. Subjects studied and discussed covered math from the primary grades through college.

LEGAL NOTICE
CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION
Sealed proposals for constructing 17,600 miles of Hot Mix Asphaltic Conc. Pvt. from Haskell to Knox County Line on Highway No. U. S. 277, covered by C157-3-9, in Haskell County, will be received at the Highway Department, Austin, until 9:00 a. m. August 20, 1952, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.
Plans and specifications available at the office of B. C. Rogers, Resident Engineer, Anson, Texas, and Texas Highway Department, Austin. Usual rights reserved. 32-33c

LEGAL NOTICE
NOTICE TO THE PUBLIC

... Don't let TIME squeeze you ...
Get a long-term Federal Land Bank loan
The old fashioned farm mortgage came due all at once. Time was always squeezing folks to pay. Back in 1917, the Federal Land Bank changed this, with a long term loan — the kind you pay back gradually, with payments geared to your farm's normal income. If you're building or remodeling . . . or buying land or want to refinance other debts . . . SEE US NOW for a Federal Land Bank Loan.

Film Shown Lions Depicts Need For Civic Enterprise

A film portraying the resourcefulness and enterprise that successfully maintained the prosperity of a small community after the land productivity declined provided a highly interesting program for members of the Lions Club at their regular meeting and luncheon Tuesday.

James L. Winter, local theatre manager, was in charge of the day's program and presented the film entitled "Enterprise." The story stressed in the film was that prosperity comes from hard work and enterprise, and that the answer to America's greatness was liberty—liberty to employ individual enterprise in developing resources. The picture dealt with a small town, where surrounding soil had been depleted of productivity by long use. Development of small industries by community leaders enabled the town to continue as a prosperous community.

Guests at Tuesday meeting of the club were Rev. Jack Thompson of Abilene, who is conducting a revival at Paint Creek Methodist Church, Harold Emerson, and George Skelton of Dallas.

AIRMAN TRANSFERRED TO CHANUTE AIR BASE

A3/c Roy Fraley, son of Mr. and Mrs. Leonard Fraley of this city, who has been stationed at Amarillo Air Force Base will be transferred to Chanutte Air Force Base, Ill., for advanced schooling August 1.

John Wallace Is Winner In Calf Roping Tuesday

John Wallace of Haskell won top spot in the major jackpot calf roping contests at the Wisdom Rodeo, Tuesday night, with a time of 14.2 seconds. J. Oxford with 16.3 seconds, and Glenn McWhorter of Throckmorton, third with 20.4 seconds. Brooks Middleton of Haskell turned in 23.2. John McQuary of Haskell 27, and Jerry Keen of Stamford no time.

Two additional go rounds were staged, with J. Oxford, Glenn McWhorter and John Wallace finishing in that order in the first match. In the final go round, Glenn McWhorter was first, in 13 seconds; John Wallace second, John McQuary third and J. Oxford fourth.

In a special matched roping contest, John McQuary turned in 76.4 seconds on two calves, against J. Oxford's 85 seconds.

In the girls' barrel race, Dwanna Matthews won first with 21 seconds, Janice Pittman second with 21.6 and Opal Lee Wallace third with 30.2 seconds.

In a second race Janice Pittman rode the clover leaf pattern in 19.8 seconds, Opal Lee Wallace in 21.8 Dwanna Matthews in 20.2 and Beverly Sherley in 23.5 seconds with Jerry Sherley turning in no time.

Six riders staged an exhibition of bull riding as a special event. Contestants were Joe Kimbrough, John Kuykendall, Tobe Bartley, Jimmie Gordon, Phil Allen and James Ray Cox.

Officiating for the events were Mrs. Ray Overton, Jr., as field judge, Doug Lees and Weldon Turnbow, timekeepers.

A full slate of rodeo events will be staged again Tuesday night August 19, Wisdom announced. The arena is located east of Haskell.

Capt. Theo. Moore, Veteran of Trieste, Here On Visit

Capt. Theo L. Moore, pilot artillery observer with the U. S. Army Artillery in the Free Territory of Trieste for the past three years, spent last week here in the home of his parents, Mr. and Mrs. O. L. Moore.

Capt. Moore was accompanied by Mrs. Moore and their three children, Cynthia Ann, 7, George Lee, 5, and Geraldine, one year old son who was born in Trieste. Mrs. Moore is the former Marjorie Preston of Spencer, Iowa, and they first visited with her parents there before coming to Texas.

Capt. Moore has been stationed in the American and British zone of Trieste, a stretch of territory approximately thirteen miles long and three miles wide. Also occupying a zone approximately twice as large are Yugoslavia forces, Capt. Moore said. The territory of Trieste is in dispute between Yugoslavia and Italy, he explained. The territory is under United Nations control, and the joint occupation forces are on friendly terms, he said. Considerable employment of civilians in the American and British zones has contributed to a healthy economy in Trieste, quite in contrast to conditions in Italy.

Capt. Moore and family will leave this week and he will report at Fort Bragg, N. C., for further assignment, possibly with the U. S. 18th Airborne Corps.

Haskell Youths Return Today From Baseball Camp

Three Haskell youths, Tommy Robison, Borden Worsham, and Max Johnson, returned today from Meridian, Texas, where they spent the past month at the Big State Baseball camp.

The camp is conducted annually by former players and coaches in major baseball leagues, and this year was attended by 110 youths from Texas and other states. One of the coaches at this year's school was Firpo Marbury, former Detroit pitcher.

Youth enrolled in this year's school were divided into eight teams. Tommy Robison, son of Mr. and Mrs. John E. Robison lead the entire camp in hitting with an average of .545. He was assigned catching duties during the month's training. Borden, son of Mr. and Mrs. Carl Worsham played first base on one of the teams, and Max, son of Mr. and Mrs. Otis Johnson, was assigned pitching duties.

WEEK END VISITORS IN W. F. PATTERSON HOME

Mr. and Mrs. W. F. Patterson had as guests in their home for the week end four of their children, Mr. and Mrs. Arns Patterson and daughter of Mound City, Kans., Mr. and Mrs. A. A. Carrigan of North Platte, Neb., Mr. and Mrs. Orion McLain and daughter of Dallas and Mr. and Mrs. Slover Bledsoe and two sons of Haskell.

Three hundred and fifty attended when the Brownwood Chamber of Commerce recently held a Jamboree for employees of the city's business establishments.

Luther Leaguers Enjoy Bible Camp Near Kerrville

August 4-7 a number of local Luther Leaguers of Trinity Lutheran Church spent at Camp Chrysalis near Kerrville. They include J. W. Howard, Alton Peiser, Jr., Wayne Peiser, Bobby Druesselow, Glenna Schaake, Leona Mae Rueffer, Pastor and Mrs. Gaskamp and infant daughter, Emilee Ann.

It was an excellent venture. Outstanding speakers from Texas Lutheran College at Seguin were heard. Recreation, planned and free, fully satisfied all. The site of the camp in a valley of hills with swimming pool in flowing water added greatly to the inspiration of the campers.

Bible camp is an annual affair for the young people of Trinity Lutheran Church. Approximately 120 were in attendance from this area. The trip was made by private autos.

WEEK END VISITORS IN HOME OF SON

Mr. and Mrs. W. Henry Wilson Sr. of Tyler, were week end guests in the home of their son and family, Mr. and Mrs. Wm. H. Wilson, Jr. in this city. The Tyler man, a veteran newspaper man, is editorial writer for the Courier-Times at Tyler.

MOVE TO ODESSA

Mr. and Mrs. James E. Alvis moved this week to Odessa where they plan to make their future home. Mr. Alvis has accepted a position with a trucking firm at Odessa. For the past year he has been farming with his father, J. C. Alvis.

GUESTS IN J. D. DAVIS HOME IN WEINERT

Visitors in the home of J. D. Davis and family of Weinert Sunday were W. A. Stephens and family of Hamilton and Mr. and Mrs. J. D. Crowley and daughter of Rotan.

Many Residents Complying With Sewer Ordinance

Residents in areas where city water and sewer lines have been extended recently, are cooperating in complying with the city ordinance requiring connection with sewer line and discontinuance of outdoor toilets, city officials said this week.

The water and sewer departments reports that approximately 150 new connections have been made since the sewer line extensions were completed.

Reminders were sent out several weeks ago calling attention to the fact that the sewer ordinance would be enforced, and a number of property owners have complied with the request.

City officials point out they have made a considerable investment in garbage trucks, street sweepers, fogging machines and other sanitary measures in addition to money spent on extensions and the new disposal plant. "We cannot afford to spend all this money and let a minority of our citizens continue to use outdoor toilets which endangers their health and the health of their neighbors," a spokesman for the Council said in pointing out the necessity for enforcement of the sewer ordinance.

VISIT IN CORSICANA

Mr. and Mrs. Dugan Starr and children, Rob and Carolyn, spent Sunday in Corsicana, where they visited Mrs. Starr's mother, Mrs. Lillie Clark and other relatives and friends.

VISIT AT FORT BLISS

Mrs. Fred Osment of Haskell and Mrs. Kenneth Tooley of Rule spent last week end visiting with their husbands, Pvt. Fred Osment and Pvt. Kenneth Tooley who are stationed at Fort Bliss, El Paso, Texas.

Conferring here August 4 was this group of chamber of commerce and department of labor leaders. Left to right are W. S. Tyson, solicitor, U. S. Department of Labor; S. N. Reed, president, Texas Cotton Ginners Association; Michael J. Galvin, Undersecretary of Labor; John A. Couch and J. M. Crawford of the Haskell Chamber of Commerce. The group met to inform farmers of procedures for securing Mexican nationals for work in Texas agriculture. (Wichita Falls Record-News photo).

News From Sagerton

BY MRS. DELBERT LE FEVRE

Mr. and Mrs. A. L. Gibson and sons, accompanied by Mr. and Mrs. Pete Lusk are visiting in Lockhart with Mr. and Mrs. Dick Gibson. They took Ruby Gay Gibson home. She has been visiting here with friends and relatives for the past week.
Guests of Mr. and Mrs. B. Hess last week end were Mrs. Mary Hess and son, Joe Bennett, and Mrs. J. M. Reising of Midland and E. D. Engleman and daughter, Mrs. Done Henley and son, Chris, all of Spur.

Mrs. Cotton Bell is a patient at the Stamford hospital and she will remain there for a while for treatment. Her father-in-law, Lee Bell, who has been very ill for some time is still in the same condition at the family home in Sagerton.

Jerry Thane, a member of the Luther League of the St. Pauls Lutheran Church and a sophomore at T.C. in Seguin was elected president of the Lubbock Federation of Luther Leagues of the American Lutheran Church at the convention held at Camp Chrysalis, Kerrville, August 4-8. Rev. Oelke and nineteen leaguers from Sagerton attended. They were accompanied by Eldon Moritz of the Ericksdahl community who went along with the Sagerton league as a life guard for the camp. The Sagerton league was honored by being appointed host league at the camp in 1953.

Mrs. Bueford Letz has her five younger brothers and sisters with her this week while their mother Mrs. Petty of Avoca, is a patient at the Stamford hospital where she underwent an operation last week.

Mr. and Mrs. Glenn of Houston

are visiting with Mrs. Glenn's parents, Mr. and Mrs. Fred Spitzer. Mrs. Glenn is the former Mayme Spitzer.

The Ladies of the Stitch and C h a t t e r Club were entertained in the home of Mrs. B. Hess Wednesday, August 6. She served tuna sandwiches, cake and punch to Mmes. R. O. Gibson, Sr., Anna Hankins, G. A. Leach, John Clark, R. N. Sheid, M. Y. Benton and Pete Lusk.

Mr. and Mrs. Carl Opitz and son Danny of Corpus Christi are here visiting Mr. and Mrs. Otto Lehmann and other relatives and friends. Mr. and Mrs. Melvin Lehmann and Larry Dale of Denton also visited in the Lehmann home last week end.

Mr. and Mrs. Henry Laughlin are vacationing at points in East Texas and visiting relatives there.

Bruce Gibson who has been at Hale Center with his brother Frank Gibson, who recently suffered a heart attack, has returned home.

A number of members of the St. Pauls Lutheran Church gathered together with the Luther League Sunday night to celebrate the 15th birthday of the pastor's son, Luther Oelke.

Gary Laughlin of Matador came in Sunday night for a visit with his uncle and aunt, Mr. and Mrs. Cliff LeFevre.

Rev. Oelke has announced that there will be a short special meeting of the St. Pauls Lutheran congregation next Sunday night after service. The services will be shortened. Every member is urged to attend this important meeting.

B. L. and Sandra Ross, children of Mr. and Mrs. Arney Ross have been visiting in Fort Worth with relatives.

Mrs. O. K. Oelke is still a patient of Mr. and Mrs. Barney Ross. Rev. Oelke and Luther were dinner guests of Mr. and Mrs. Arthur Knippling Saturday and supper guests of Mr. and Mrs. Edwin Franke the same day. Monday evening they were supper guests at the Herbert Vahinkamp home.

Rev. and Mrs. R. L. Kirk, the Sagerton Methodist pastor and his wife, are the parents of a son, Robert Martin, born Thursday, August 7, in the Hendricks Memorial Hospital in Abilene.

Mr. and Mrs. Cliff Gholson and children enjoyed a sight-seeing trip to points in New Mexico recently.

Mr. and Mrs. Rueben Lambert and children of Idalou spent last week end with Mr. and Mrs. G. A. Lambert. The Rueben Lamberts had just returned from a trip to the northern United States and points in Canada.

Mr. and Mrs. Whit Clark and daughters Ann and Sue, of Benavides are here visiting with Mr. and Mrs. John Clark and other members of the Clark family. Saturday Mr. and Mrs. Byron DeBusk and two daughters, a neighbor of the Whit Clarks at Benavides, visited in the John Clark home. Last Sunday Mr. and Mrs. Leslie Cobb and son, Johnny of Midland came and Mr. and Mrs. John Clark and all their children and their families were dinner guests in the Reese Clark home.

Present were Mr. and Mrs. John Clark and family, Mr. and Mrs. John Clark, Mr. and Mrs. Joe Clark, Patsy and Ray, Mr. and Mrs. Charles Clark, Bob and Steve and the host and hostess and daughter, Glenda, all of Sagerton.

The men of St. Pauls Lutheran Church gathered at the parsonage Tuesday and cleaned and repaired the cistern.

Mr. and Mrs. Adolph Helm and daughters, Lois and Jeanette are visiting in Oklahoma this week.

Dairymen will lose efficiency in production of milk if they fail to supply their dairy herds with plenty of good hay or silage. If the hot, dry weather has upset hay and silage plans on your farm, make a special effort to obtain these necessary roughage feeds elsewhere.

Bones of Giant Prehistoric Buffaloes Found by Geologists Near Lubbock

The bones of a giant prehistoric buffaloes have been discovered near Lubbock by University of Texas geologists.

The great beasts were nearly twice as large as the familiar buffaloes which later roamed Texas plains. Glen L. Evans, Texas Memorial Museum associate director in charge of the project, announced. Some weighed as much as two tons.

Evans estimated the huge buffaloes existed in the latter part of the Ice Ages—about 10,000 years ago.

Also found in the excavation, a lake deposit, two miles northwest of Lubbock, were bones of prehistoric elephants and huge ground sloths; and spear heads, arrow points, and other tools of humans thought to be among the first ever to inhabit the South-

west.

The University scientists said they hope to use the discoveries in reconstructing what happened in Texas during prehistoric times. Eventually they hope to put together a giant buffalo skeleton and display it in the Museum.

DR. AND MRS. GAINES POST RETURN FROM FRANCE

Dr. and Mrs. Gaines Post and sons have returned to Madison, Wis., from Paris, France, where they spent the past six months while Dr. Post was doing research work. He is a member of the faculty of the University of Wisconsin, and is the son of Mr. and Mrs. H. S. Post of Haskell. Mrs. Gaines Post is the former Katherine Rike, daughter of Mrs. Ada Rike of this city.

Dove Hunting Regulations For Texas Approved

The executive secretary of the Texas Game and Fish Commission has been notified of U. S. Fish and Wildlife Service approval of recommended mourning dove hunting regulations for Texas.

He was also advised by telegram that the fall waterfowl regulations for Texas will be approved probably on August 8.

The Federal agency has the final authority over dove and waterfowl regulations since doves, duck and geese are migratory.

It approved a 40-day mourning dove hunting season for North Texas beginning September 1 and a 40-day season for South Texas beginning October 1. Shooting will be restricted to afternoons beginning at 12 o'clock noon ending at sunset. The limits are ten birds per day and ten in possession.

The Washington agency also approved the whitewing season recommended by the Commission for Sept. 12, 14 and 16, shooting to begin at 4 p. m. and to last until sunset. The limit is the same as mourning doves.

Both mourning dove and whitewing dove regulations are identical with 1951 except that the South Zone dove opening date was changed from November 15 to October 1 and the whitewing dates were altered to provide for a week end hunting period beginning on a Friday and extending through Tuesday.

The executive secretary said all indications were that the waterfowl regulations will be announced much earlier than last year. He has been designated to attend a National Flyway Conference on August 5 which will have a part in final decisions.

The Game & Fish Commission has recommended Texas be zoned for waterfowl, with a proposed north zone beginning October 31 and a proposed south zone season beginning November 21. On the theory that a longer season than the 50-day 1951 season may be allowed if the zoning request fails, the Commission asked that statewide waterfowl hunting begin October 31.

Texas had a 50-day waterfowl season last year, beginning November 9 and ending December 28.

Surplus foods preserved now will help stretch the food budget dollars during the coming winter months.

One hundred and thirty citizens gathered recently and reorganized the Menard County Chamber of Commerce.

Plane Fun

LAUNCHING a plane into the pale blue yonder is great sport says pretty Lynn Connor, 17, of Detroit. During one of nearly two hundred preliminary elimination meets sponsored by Plymouth dealers throughout the United States and Canada, Lynn demonstrated perfect form for Plymouth Motor Corporation's Sixth International Model Plane Contest, coming up August 20-25 at Detroit.

Farm lease agreements, like most farming practices, must be changed to keep them up-to-date. Shifts made in agricultural production, crops to livestock or other combinations, cannot be covered successfully under rental agreements designed for cash crop farming.

Proper home relationships develop in children the essentials of healthy personalities, trust in themselves and others, independence, initiative, capacity for love, creative ability and integrity.

When properly carried out, defoliating the cotton plant is a practice that will materially improve the machine harvesting job.

No plans covering farm and home activities can be considered complete until the safety of the participants has been considered. Plan for and live by the rules of safety.

Use of Water Bath Recommended In Canning Fruit

For a good diet, the Texas Food Standard calls for the servings of fruit daily for each member of the family. Jimmie Nell Harris, foods and nutrition specialist with the Texas Agricultural Extension Service, points out that fruits are generally popular and those canned now will help reduce the cost of living later.

Almost every homemaker has the equipment to can fruit. Miss Harris says water bath canners may be purchased but any big clean kettle with a rack and tight fitting lid will do if it is deep enough to hold the cans or jars upright. Also there must be room to permit the water to boil one or two inches over the top of the containers.

The specialist gives these general steps for canning fruit in the water bath. Before beginning the canning proper, wash containers in hot soapy water, rinse well; select only fresh, sound well ripened fruit and prepare according to the type; make syrup according to personal preference as thin, medium or heavy. One cup of syrup usually covers one quart of fruit. To prevent discoloration use ascorbic acid, citric acid, lemon juice, vinegar or commercial solutions.

The next step is to pack the prepared raw fruit in containers and add hot syrup. Then place the containers on a rack in the water bath for steaming. Allow hot water to come 2 inches below the top of the containers. Place lid on the water bath and start to count steaming time when the water begins to boil. The length of time required for steaming depends on the kind of fruit and size of containers.

At the end of the steaming time, press the fruit down, work out air bubbles, clean, sealing surfaces and close according to the type of container being used.

The closed container of hot food is returned to the water bath. Add boiling water to cover the containers 1 to 2 inches. Replace the lid on the water bath and count processing time as soon as the water begins to boil. At the end of processing time, remove the containers and plunge tin cans into cold water. Place jars upright, out of a draft and far enough apart to allow quick cooling.

For specific instructions on canning fruit, the specialist suggests you contact the county home demonstration agent and ask for B-144, Home Canning of Fruits and Vegetables.

Hot Weather Hints On Livestock Care Given By Agent

Livestock and poultry, if given proper attention during the hot summer months, will produce profits for their owners. Our domesticated animals, says Martin county agent, must depend on man to provide them with comfortable surroundings. If proper attention is not given, the animals suffer and down goes production.

Especially important, is a continuous supply of cool, fresh water for all animals and poultry on the farm. The loss of moisture from the animal's body in hot weather is rapid and heavy and unless water is available losses are sure to occur. These losses show up in lost weight, a drop in milk production by the dairy herd or in the case of poultry, a drop in egg production.

Of almost equal importance, is the need for plenty of ventilated shade. Circulation of air is needed under the shade or in poultry house to remove the moisture given off by the animals. The moisture content of the air is more important than the actual temperature of the air in cooling the animal's body. Heat exhaustion is just as likely to occur in humid, stuffy, though shaded places, as in the sun. Don't overcrowd birds or animals, warns Martin, for it prevents body heat loss and interferes with ventilation.

Supply feed, in accordance with activity so that breeding, dairy, work animals or poultry don't become too fat. Keep animals in a thrifty condition and don't forget that salt is essential in body heat regulation and should be supplied in adequate amounts at all times.

Animals should not be driven about or forced to exercise during the hot part of the day nor should anything be done to excite them. Exercise and excitement build up body heat rapidly and therefore livestock should not be disturbed during the hot part of the day.

Control the insects that disturb and injure the livestock such as flies, ticks, screw worms and wool maggots. Failure to provide comfortable surroundings for livestock may also result in digestive troubles and some types of livestock especially cattle, sheep and hogs frequently contract pneumonia as a result of overheating.

Successful and profitable livestock and poultry production can be maintained during the hot summer months provided their owners make them comfortable and protect them from insects and diseases.

Queen Of Pre-Madison Square Garden Dublin Rodeo

PRETTY 18-YEAR-OLD Betty Sue Bradley of Dublin has been selected Queen of the Pre-Madison Square Garden Rodeo to be held at Dublin, Texas, August 27, 28, 29, and 30. Miss Bradley has been one of the Texas sponsors at the Madison Square Garden Rodeo in New York which is produced by Everett E. Colborn of Dublin, Texas.

Area Scout Council Adopts Budget Of \$37,290 for '53

Members of the Chisholm Trail Council Boy Scout Executive Board, meeting in Abilene Monday night, adopted a budget of \$37,290 for the 1953 fiscal year. The budget was presented by R. L. Burton, Haskell automobile dealer, who is council finance chairman. The group met for the first time in the new \$20,000 Boy Scout headquarters building in Abilene. Bob Hurst and Donald Maness, new field executives, were introduced to the executive board by Bob Glew, council executive.

Texas Draft Boards Report Drop In Delinquent List

The number of draft delinquents in Texas during the second quarter of 1952 decreased by 7 per cent, Lt. Col. Morris S. Schwartz, deputy state director of Selective Service, said today. Consolidation of local board delinquency reports at state draft headquarters showed that local Selective Service boards had 843 delinquents on their rolls as of the end of June, compared to 905 as of the end of March. During the second quarter of 1952, state draft boards added 227 men to their delinquent rolls, during the same time disposing of 289 cases. Boards at Dallas, Houston, El Paso, Edinburg, San Antonio, and Fort Worth have the most delinquents—almost 93 per cent of the state total. El Paso has more than any other single county. The number of boards having no delinquents was reduced in the second quarter of the year. Twenty-four boards had no delinquents at the end of the second quarter, as compared to 33 at the end of the first quarter. The boards currently having no delinquents are located at Angleton, Alpine, Brownwood, Linden, Eastland, La Grange, Richmond, Fairfield, Fredericksburg, Longview, Lockhart, Anson, Jayton, Lampasas, Giddings, Liberty, Groesbeck, Bowie, Clarksville, Henderson, Huntsville, Brenham, Mineola and Galveston. A delinquent is defined in Selective Service regulations as "a person required to be registered under the Selective Service law who fails or neglects to perform any duty required of him under provisions of the Selective Service law." Only a local board can declare a man delinquent. Delinquents are subject, to the loss of certain privileges under the law, also to prosecution, penalty upon conviction ranging up to five years in prison and up to \$10,000 fine.

Approval of Dove, Duck Hunting Date Awaited

The Executive Secretary of the Texas Game and Fish Commission said United States Fish and Wildlife Service action on recommended waterfowl and dove dates for Texas is expected about mid-August. The formal announcement by the Federal agency, which has final authority on regulations for migratory game, is needed to make the seasons official. The Commission, at its last meeting in Austin, recommended the North Zone mourning dove opener be September 1, and the South Zone opener be October 1. It recommended that Texas also be zoned for waterfowl with a North Zone season on ducks and geese opening October 31, and a South Zone season opening November 21. The Commission suggested that should waterfowl zoning fail, that the state-wide opening be October 31. The theory was that the season may be longer this year than the 50 days in 1951.

Good Homemaker Is Wise Manager, Specialist Says

A homemaker can help herself be a good manager. In actual practice, good management means doing a job easier, according to Minnie Bell, home management specialist with the Texas Agricultural Extension Service. It simply means work simplification. Miss Bell points out that a good home manager is a planner, a decision maker, a director, a teacher, an evaluator, coordinator and consumer buyer all at the same time. Home management furnishes the "how" and is the over-all direction of the activities in the home which lead toward achieving individual and family satisfaction. One of the most important, yet often said to be the most troublesome, parts of home management is planning long time goals. The family may know what they want today, tomorrow or next year, but often fail to recognize needs ten or more years away. Since planning is so important, Miss Bell says the whole home management program is affected when it is omitted. Families need to recognize they live in cycles and should plan accordingly. The specialist states that demands on family incomes are light during early marriage. They become increasingly heavier through grade and high school and perhaps even heavier during the college cycle. Then the recovery or "rediscovery period", after the children have left home, the financial demands become lighter again. Miss Bell explains that the retirement years are usually the lightest of all.

HOUSE PLAN No. 43

"There is a beauty of a ranch house," passers-by will say after you build according to this plan. And all the members of the family will agree—from mother who enjoys the large, conveniently arranged kitchen and workroom area to little brother and sister who have a room all their own. Comfortable and spacious living is the keynote of Farm and Ranch Plan No. 5143. Yet every foot of it is usable space.

- Here are some of its most attractive features:
1. Four bedrooms or three bedrooms and den.
 2. Two baths—one divided to accommodate two people.
 3. An abundance of closet space where you need it.
 4. An everyday living room to save the rest of the house from rough wear.
 5. A large "company" living room, easily accessible to dining room and everyday living room.
 6. A kitchen on the front, arranged so that no traffic goes through the meal preparation and serving area.
 7. An extra large pantry.
 8. Living-dining rooms can be cut off completely from everyday traffic.
 9. A heat-controlled room ideally located for mechanical hot-air heating system.
 10. An easily accessible large terrace.
 11. Beautiful and popular ranchstyle g.
 12. Combination of cement asbestos shingles and brick for long life, beauty, and low maintenance, ranch styling.

this Haskell Free Press-Farm & Ranch House Plan No. 5143 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch-Southern Agriculturist, Dept. L-98, Nashville, Tenn. Order by number—plan No. 5143. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

L. D. Ratliff, Jr., Of Spur Named On Grievance Panel

Several lawyers of the 19th Congressional District have been notified of their appointment as members of the district grievance committee of the State Bar of Texas. J. Glenn Turner of Dallas, newly elected president of the attorneys' association, announced the appointments.

Purpose of the committee, as explained by Turner, is to investigate alleged cases of professional misconduct and establish better understanding between clients and attorneys. Aggrieved clients may make complaints against lawyers and be assured of a fair and impartial hearing. Appropriate disciplinary action will be taken against erring members of the legal profession, the Bar president indicated.

Committee, named by Turner include: L. D. Ratliff, Jr., Spur; James M. Wassell, Lamesa; Frank R. Day, Plainview; Richard F. Stovall, Floydada; Arthur P. Duggan, Jr., Littlefield.

Thos. B. Duggan, Jr., Lubbock, State Bar Director for the 19th District, will serve as an ex-officio member of the group. Complaints against attorneys should be reduced to writing and forwarded either to Duggan or to State Bar of Texas, Austin, 15, Texas, for action president Turner stated.

Production Credit Officials Attend Regional Conference

On Monday and Tuesday, July 28-29, the directors and secretary-treasurer of the Stamford Production Credit Association met at Fort Worth with the directors and secretary-treasurers of Lubbock Plainview, Amarillo, Canadian and Memphis Production Credit Associations, according to an announcement by C. G. Burson president. This was one of a series of seven regional conferences of directors and secretary-treasurers of production credit associations being held over the state this summer.

According to Mr. Burson, these conferences are in the nature of round table discussions for the exchange of ideas. Each association selected one subject and conducted the discussion. Mr. Burson led the discussion on their part of the program. Directors of the Stamford Production Credit Association are: C. G. Burson, Haskell; J. Spurgeon Reeves, Hawley; J. F. McCulloch, Stamford; J. B. Pumphrey, Old Glory; and Lester Hensley, Guthrie. J. L. Hill, Jr. is secretary-treasurer of the association.

Some of the subjects discussed at this meeting were "Credit," "Improving Public Relations" and "Serving the Territory."

VISITING PARENTS
Mrs. R. M. Edwards of Snyder is visiting in the home of her parents, Mr. and Mrs. John B. Lankin this week.

Use the Want Ads

Swine producers who feed their animals on rations deficient in minerals and vitamins can expect trouble. The trouble will show up in the form of stunted pigs and in case of severe shortages, death of the affected animals. Mineral supplements and good green pastures will help prevent the trouble.

Corn hybrids were planted by Texas farmers on 71 per cent of the 1932 acreage they planted to corn. This compares with 65 per cent in 1940 and 60 per cent in 1941, the hybrids first became available.

"Cave Canem" of the dog.
