Auto License Tags For '53 Expected This Month

Auto license plates for 1953 are expected in Haskell County the latter part of this month, Tax Assessor-Collector R. A. Coburn said today.

Plans are being made to place them on sale as soon as possible after they are received, Coburr

said The new 1953 tags will have black numerals on orange background. About 6,000 plates wil be issued to Haskell County. March 31 is the legal deadline for putting on the new plates.

RETURNS FROM NORTH DAKOTA

Wayne Hix of Weinert, who has been employed with an oil exploration company in North Dakota for the past several months has returned home to spend several days with his parents before his induction into the ramed forces January 22.

The Free Press appreciates and invites contributions of news items of interest-person. als, society items, reports of club meetings or other gatherings. In every instance, however, contributors are requested to sign their names to insure publication of the item submitted. Names of the contributor will not be printed, but is necessary in order to insure the item being used.

Lions Meeting

Clifton Cobb of this city, who only recently returned from Korea, where he served as First Lieutenant with a medical battalion in the U. S. Army, was guest speaker at the meeting of the Lions Club Tuesday.

The former Army officer, who also served in Europe during World War IJ, gave a highly interesting talk, in which he explained that he would try to answer the questions he had been asked most about the war in Korea. Of particular interest was his breakdown of the medical service afforded our fighting men. The

greatest advancement, he said was the use of the helicopter in evacuating casualties from the Penny and Jackie have returned front line stations to advance hospital stations. From the combat the holidays with his parents, Mr zone to hospital is now only a matter of an hour's time or less.

He told his hearers the Korean Army had grown considerably in size, efficiency and equipment in the past year. He thinks the Koreans can man the entire front line within two years time barring some change.

Program for the day was ir charge of Gaston Hattox, Visitors and Tom Griffith of Lubbock, Roy Payment Of Poll Stockard of Quanah, V. E. Hefner of Childress, and G. W. Wilhoit of

Archer City. Members heard a report of the directors meeting of the club

held Tuesday morning. Principa' business transacted by the exe cutive group was the authorization of \$25 for the Boy Scout troop sponsored by the club, of which Wallace Stark is Scoutmaster.

Tax Falls Behind Last Year Figures

Poll tax payments are running behind last year's total at this date, County Tax Assessor-Collector R. A. Coburn reported Tuesday.

He said that to noon Tuesday 1,187 poll tax receipts had been issued, compared with approximately 2,100 at this date last year Only five under-age exemptions had been issued.

Deadline for payment of the poll tax is Jan. 31, he said. Coburn attributed the decline be in payment of poll tax to the fact that 1953 is an "off" election year, with no primaries or general election coming this year. However, holders of the current poll tax will be eligible to vote in city and school trustee elections that will be held this year

that may be called during the year. MR. AND MRS. W. B. GUESS VISIT IN ROGERS

and also in all special elections

Mr. and Mrs. W. B. Guess 0 Weinert spent last week visiting in ogers with an uncle, W. B

The Indians got off to a late start and allowed the Moguls to grab a 14-7 lead by the end of the first quarter, but by halftime the Indians had pulled up within two points of the Munday basketballers. Having the advantage of the home court, the Moguls never

allowed the Indians the privilege of holding any kind of a lead in the first half. Fouls were numerous and the Moguls were taking advantage of them, keeping their lead by sinking approximately 60% of the free throws awarded them.

After only two minutes h a d elapsed in the third period, Indian guard David Middleton bucketed long field goal that tied the score 21-21. Munday came back to regain the lead, but only for r short time because it was here with three minutes remaining in the third stanza, that Roy Lauderdale began hitting from almost every position on the court and sent the Indians on their victory march.

The Moguls never saw the lead again, but were trying desperateduring the closing minutes of the game. In the final five minutes, of the contest the Indians scored only 3 ponts, while their opponents began to gain on their comfortable lead. But the Munday five just didn't have enough time left to catch up in t h e

scoring race. In a pre-conference battle fought last week, the Indians knocked off Knox City by a score of 51-46. Roy Lauderdale was the leading scorer of the contest totaling 22 points on his own.

The Knox City five led 11-9 at the end of the first quarter but the Indians took over and dominated the remainder of the game Friday night the Indians will encounter Albany in their second conference battle of the season on

the Albany hardwoods. **Haskell Minister**

Receives 1. 0. 0. F. Honor at McAlester

John Barry, minister of the First Christian Church in this city, re-ceived his Past Grand Certificate in the I. O. O. F. Lodge in Mc-Alester, Okla. last Tuesday evening. The Haskell minister served as Noble Grand of the McAlester Lodge while he and his family

lived in that city. Accompanying Mr. Barry to Mc-Alester were Mrs. Barry and their sons, John Timothy, Joel Mark and Jonathan David. While ir McAlester the Barry's were guests of Mr. and Mrs. Burl Beeson. Mr. Beeson is the owner of the Bee-son Tin Shop and also an elder of the Central Christian Church in that city.

MARKET POULTRY & EGG CO A.T. BALLARD - MGR. Haskell, Texas hone 85

HERE you see pictured the Golden Anniversary ROADMASTER - engineered, styled, powered and bodied to be fully worthy of its paragon role in this fiftieth year of Buick building.

A quick listing of simple facts will reveal just cause for celebration.

- It has the world's newest V8 engine. Vertical valves; 12-volt electrical system; 180 pounds lighter; entire engine is so compact, a new, more maneuverable chassis has been built around it.
- * It has 188 Fireball horsepower. A new Buick record; engine borsepower per pound increased 40%.

World's newest VR powers **GREATEST CARS**

GREAT YEARS

- * It has a compression ratio of 8.5 to 1. Highest compression on the American scene today; bettered fuel economy.
- * It has a dynamic-flow muffler. For the first time in automotive bistory, a muffler with zero power loss.
- It has a new Twin-Turbine Dynaflow Drive. Now adds far swifter, quieter, more efficient getaway to infinite smoothness at all speed ranges.
- * It has new braking power. Most powerful braking action of any Buick in fifty years; plus the new ease of Power Brakes, optional at extra cost.
 - * It has a still finer ride. The softest, steadiest, most buoyantly level ride that Buick's advanced engineering has yes produced.

It has also, wondrous handling ease, with Power Steering as standard equipment. It has superb comfort. It has sumptuous fabrics and tailoring. And its acoustics are so thoroughly mastered that it may well be one of the world's most quiet cars.

But no listing of facts can do true justice to this phenomenal automobile, or to its brilliant brothers, the 1953 SUPERS and SPECIALS.

And no words can really tell you the beauty you see, the comfort you feel, the excitement you experiencewhen you look at and drive any one of these big, beautiful, bounteous Buicks for 1953.

Will you come in and see for yourself that these are, in simple truth, Buick's greatest cars in five brilliant decades?

Equipment, accessories, trim and models are subject to change without notice.

District Meeting Of Farm Bureau Slated Jan. 15

Legislative strategy and organ-ization plans for the Texas Farm Bureau in 1953 will be discussed at a special District 3 conference of state and local Farm Bureau leaders Jan, 15 at the YWCA in Wichita Falls, according to Loy: D. Barbour, state director from this district.

The meeting is one of a series of legislative and organization conferences being held this month n 12 of the 13 Farm Bureau districts in the state. The sessions will begin at 10 a. m. with a report on the last state board meeting by the district director.

Legislative, organization and publicity conferences start at 11 . m. and continue until noon.

Conferences will resume at p. m. and continue until 2 p. m At this time, DeVaney will speak to the assembly on "Challenge to Farm Bureau Federation." Following his talk, Lane will speak on the topic "Now Is The Time." A discussion period is scheduled

after the speeches. To be discussed in the confer-ence will be issues expected to come before the 53rd session o the the Texas Legislature which

meets Jan. 13 in Austin. These include legislation affecting rura roads, non-highway gas rebates water and seed laws and many more issues vital to persons engaged in agriculture. The Texas

Farm Bureau Federation was considered the most influential lobby at the last legislative session.

Four-year-old Ann Louise Annis, of Sarasota, Fla., is all set for dreamland wearing her "Milwaukee Brace" over her sleeper. Ann came down with pollo in November, 1950, and has made two trips to Georgia Warm Springs for treatment aided by the Sarasota March of Dimes Chapter.

Special Attention Should Be Given **To School Lunch**

To assure good health for children, special attention should be paid to the school lunch, declared Dr. Geo. W. Cox, State Health

Officer. If good nutrition is obtained the diet must include meat milk, butter, fruit, vegetables and whole grain and enriched cereals in proper quantities.

Inadequate lunches can deprive children of the nutrition necessary for good health and intelligent work at school. A sandwich and a soft drink are not sufficient even though the child may have good breakfast and evening

meal. A child's lunch should provide at least one third of the daily food requirements. Whether eater at home or at school, it should include one half pint of milk, a substantial protein food as meat egg, cheese or peanut butter sand-

wich, a vegetable for fruit or both and whole grain or enriched bread with butter. While home hot food is desirable, well planned cold lunches can be both appetizing and nutritious.

In addition to being nutritious and palatable, food should be safe Food from unsafe sources or prepared under unsanitary conditions may result in illness. Milk should be pasteurized. Attention should be paid to the selection of wholesome meat, poultry, vegetables and other foods. It is also important that perishable fooods pre-

Experts Scan Hunting Data

the major game harvest h a r switched the spotlight on studies to determine the significance of trends among the various species The director of Wildlife Restoration for the Game and Fish Commission said his staff will be occupied for the next two months analyging field reports based or he annual fall shoot and getting plans for 1953 into operation.

He said the data accumulated from various sources may reach record proportions by information received to date. The directo tited the roundup of the big game unt in Freestone County which vas opened for a short seasor ollowing the restocking program begun several years ago.

We already have obtained pretty good picture of the restocking operation in that couny," he said, "This is to the credit of landowners and sportsmerwho cooperated with our men in

"We use such material as vardstick to determine future work. We base both our short range programs and long range bjectives on such harvest surveys. Therefore, it is indispensable n any modern restoration under-

taking." The director said reports on the were particularly deer season were particularly gratifying. "This is mainly because observations indicate that the deer herds continue to spread over wider areas. This progress is

desirable for many obvious reasons. But one important benefit is that the herds, thus dispersed are less susceptible to unpredictable local population slumps."

These folks - and folks in all kinds of jobs, from housewife to teacher, from farmer to doctor - are owners of electric light and power companies like the West Texas Utilities Company.

Three million of them are direct owners. They've put their savings to work directly in electric company securities. Moreover, the 86 million people who

have life insurance, and the 65 million people with savings accounts, are indirect owners, because banks and insurance companies make your money work for you by investing much of it in the nation's electric companies.

This means that electric companies like yours, which are run for the people, are really owned by the people, too!

We Can Now Make Your Income Tax Return

INCOME TAX SERVICE

WHO MUST FILE A RETURN? Any person who had an income of \$600.00 or more in 1952 must file a return.

Many people who paid a Tax in 1951, and who show an operation loss in 1952, may recover a part or all they paid in 1951.

We will have additional help in our office and can offer you the same efficient service that we have extended in past years. Our charges are reasonable and we believe you will find our services profitable.

1953 Buick Models Feature New Power.

Golden Anniversary line of cars featuring a high compression valve-in-head V-8 engine of new The 1953 Buick line comes i The 1953 Buick line comes in 12 different body styles, including the Skylark sports car which will be produced in limited quantities The wheelbase af the Roadmaster models has been reduced 4%

inches for easier handling and parking. The wheelbase on the four-door Roadmatser sedan has been reduced from 126.2 inches to 121.5 inches.

From the styling standpoint the new 1953 Buicks are new inside and out. A new and wider grillprovides better cooling for the engine and gives the car a lower lock. The top line of the hood has been extended forward to give a belder appearance to the front profile. The headlights are housed in a new bezel patterned after the XP-300, and parking and directional signal lights have been in-

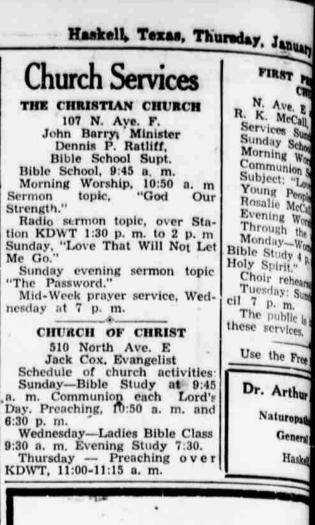

I have been promising to let the people interested in Television know when reception was good enough for installation of sets in customers' homes.

In spite of what you may have heard from people who are not using Television the time is here now.

We have the sets and equipment that we know, from four years experience, will give you the best reception possible. T. V. reception is from fair to good here a great deal of

the time depending, as farm crops do, on weather conditions. The stations we depend on now is 2 in Dallas, 1 in Fort

Worth, 1 in Oklahoma City and 1 in Lubbock. The Lubbock station will have up their 1000-ft. tower by mid-March. Channel 8 in Dallas will have up their 1748-ft. tower and Channel 3 will be on in Wichita Falls. These stations will come in good with the right kind of antenna installations and good Fringe Area T. V. sets.

Let's Talk Over You Insurance Problems

It costs you nothing. Let us m your complete property and i
