T. A. Tate, 64, Dies Sunday Following Heart Attack

Elections Scheduled in Weinert Oct. 1-5

T. A. Tate, 64, Haskell businessman, died at 8:20 a. m. Sunday in the Haskell Hospital, after suffering a heart attack Sat-urday. He had been slightly ill for several days, but did not consider his condition serious until suffering a severe stroke late Saturday.

Funeral service for Mr. Tate was held at the First Baptist Church Monday at 3 p. m., con-duced by the Rev. Roland Williams of the East Side Baptist Church and the Rev. W. T. Priddy

Burial was in Willow Cemetery under direction of Holden Funeral Home.

Since coming to Haskell in 1938, Mr. and Mrs.. Tate had been engaged in the cafe business. They were owners and op-erators of the Club Cafe on the south side of the square, and also owned Eagle Courts, a motel in North Haskell.

Mr. Tate was born July 14. 1891, in Brown County, son of late Mr. and Mrs. A. F. Tate. He was married to the former Miss Annie Mae Tyleof Rising Star Nov. 13, 1912, and they later lived at Cross Plains before moving their family to Haskell in 1938. Mr. Tate was a member of the Baptist Church. He is survived by his wife, Mrs. T. A. Tate of Haskell; two sons, Frank Tate of Fort Worth and Airman Tommy Tate who is stationed at El Paso; and a daughter, Mrs. Truman Howard of Pagosa Springs, Colo.; eight grandchildren; a sister, Mrs. Henry McCoy of Rising Star; and two brothers, E. L. Tate and M.

R. Tate of Pioneer, Texas, Pallbearers were: Steve Sloan, Ed Honea, Virgil Gatlin, Baxter Harvey, Floyd Cook, Cecil Greg-Kirkpatrick.

City Tax Levy For 1955 is Set

Tax levy for 1955 was set by the City Council at its regular meeting Tuesday afternoon based on total renditions for the current year of \$3,416,743 on real estate and personal proper-

The levy, \$1.50 per \$100 valuation, is the maximum and is the same as in previous years. Total city taxes assessed amount to \$51,251,14. Anticipated collections, based on 85 per cent of the total, will net the city \$43,-517.68 in tax revenues for the current year.

Of this sum, the amount necessary to retire bonds and interest is estimated at \$19.504.00, leaving net amount available for the general funds of \$24,013.68. Distribution of 1955 tax collections in the various general funds will be as follows: For general purposes, \$10,325 .-

Park fund, \$1,440.82, Fire fund, \$4,322.46. Street fund, \$7,924.52, Interest and sinking fund,

Total delinquent taxes on the city tax rolls now amount to approximately \$16,000.00, and an estimated 15 per cent of the 1955 assessments will add \$7,-733,45 to this total,

The Weinert City Council has called an election on Saturday, Oct. 1, for the purpose of determining whether the Council shall be authorized to enter into a contract with Haskell County Water Supply District for the purpose of supplying water to the City of Weinert.

As the second step toward providing the city with water, directors of the Haskell County Water Supply District have or-dered an election on Oct. 5th on the proposed issuance of \$100 .-000 of water district improvement bonds. If authorized, the bonds would be payable from a pledge of net revenues and the levy of ad valorem taxes adeequate to provide for such payment.

Territory comprising the water supply district is the same land area embraced in the Weinert Independent School District. The special water district was created by an act of the last Legis-

The \$100,000 bond issue, authorized by voters, would mature serially over a period of not more than 40 years, and bear interest at a rate of not more than five per cent. Proceeds would be used for the purpose of providing a source of water supply for the inhabitants of the district for municipal, domestic, and industrial purposes.

The Oct. 5 election will be held in Room 20 in the Weinert High School Building, with E. C. Lowe as presiding judge.

Eligible to vote in the bond election will be legally quali-fied electors living within the district who own taxable proper-ty in the district which has been rendered for taxation.

Order for the bond election was embodied in a resolution adopted by the board of direct-ors of the water supply district on Sept. 9. R. C. Liles is president and R. N. Mathison is secretary of the distrirt's board of

City Election Ordered Order for the city election on e water contract passed at a meeting of the City Council on Sept. 7, Mayor W.

B. Guess said, The election will be held at the Weinert School Building. with Edgar Lowe as presiding judge, Mrs W. B. Guess will serve as assistant judge, and Mrs. G. C. Newsom as clerk.

Eligible to vote in the election will be all residents of Weinert who are qualified electors and who own taxable property in Weinert which has been rendered for taxation.

City officials explained that if the election results favorably to the making of a contract with the water district, the City Council will pass an ordinance pre-scribing the form and substance of the contract and directing its execution. A draft of the proposed contract is on file in the of-fice of City Secretary W. A. Dutton for public inspection.

Official Charter of Haskell B&PW Club Presented by State President Recently

Official charter of the Haskell banquet room of the Texas Cafe, Business & Professional Women's Club was presented at the regular meeting of the organization Tuesday evening, Sept. 6th by Marie McCutcheon of Dallas state president of Business & Professional Women's Clubs.

Mrs. McCutcheon, in present ing the charter to Artie Mae Burkett, president of the local club, pointed out that the Haskell group was the first club to be welcomed into the Federation and to receive a charter during her presidency.

Mrs McCutcheon, prominent in the field of law and who has held numerous positions in the state federation, briefly reviewed the growth of the B&PW clubs from the membership of 212 thirty-six years ago to a membership of 170,000 in the 3,-300 clubs in the United States. Texas, with its 12 districts and 919 clubs, has a membership of 18,500, Mrs. McCutcheon said.

The state president was introaced by Mrs. Elle Locks o Brownwod, director of District B&PW clubs.

Other special guests at the charmeeting were ember of the Abilene P&PW ub, who gave the club collect: arguerite Anderson of A dene Annie Hull, superv Southwestern Bell Telephone company, Abilene, and second eice president of that city's B&PW club; Mrs. Blanche Me outcheon of Dallas; and Wallace H. Cox. Jr., president of Haskell Chamber of Commerce.

The meeting was held in th

100F and Rebekah District Meeting Held Here Monday

More than 100 delegates and visitors from Oddfellows and Rebekah lodges in this area were in attendance Monday at the semi-annual meeting here of the West Texas IOOF and Rebekah ssociation, District 1.

Morning and afternoon sessions were held in the IOOF Hall, with Haskell Rebekahs and Oddfellows as hosts.

The night program, which included exhibitions by drill teams of both orders and installation of new officers of the association, was held in the American Legion auditorium. Members of B. A. Carter Rebekah lodge of Abilene had charge of the instal-

lation ceremony.

New officers are: H. B. Vittitow, Rotan, president; Mary Green, Abilene, first vice president; Cliff Dunnam, Haskell, second vice president; Callie Robison, Haskell, secretary; Carl Hogue, Rule, treasurer; Leone Pearsey, Haskell counselor; Mary Winslow, Abilene, marshal; Ruth Jones, Abilene, musician; Billie Bailiff, Abilene, chaplain.

Abilene was selected as the meeting place for the next meeting of the association, in April.

Attending Monday's were members and delegates from Oddfellow and Rebekah lodges in Rule, Rotan, Tuscola, Abilene, Baird and Haskell.

The Very Newest

Six babies, five girls and one boy, were born in the Haskell Hospital during the past week, Parents and the infants are: Mr. and Mrs. B. J. Kirkpat-

rick of Haskell, a daughter, Sharla Dianne, born Sept. 10, weight eight pounds, four ounces. Mr. and Mrs. Bobby Joe Craft of Aspermont, a daughter, La-quita Dell, born Sept. 9, weight six pounds, 12 ounces.

Mr. and Mrs. Jack McCrary of

Goree, a daughter, Jo Ann, born Sept. 8, weight nine pounds, 10

Mr. and Mrs. Roy Letz of Rule, a daughter, Joni Dianne, born Sept. 10, weight eight pounds, 12

NEWSPAPER FILES REVEAL . .

Haskell Mayor Was Passenger in First 'Auto' Brought Here 50 Years Ago

Mayor Courtney Hunt, who has On the trip from Merkel to been actively identified with Haskell, Hunt recalls that one virtually every major civic en-terprise in Haskell during the almost half a century he has lived here, also has been honored with many positions in both business and political fields. He has served as mayor in two different decades, been State Representative, school board member, chamber of commerce president, to mention only a few of the community roles he has

Now, Mayor Hunt finds that he holds another distinction of which he was unaware until it was revealed in old newspaper

files of The Free Press, He was a passenger in the first automobile driven into Haskell, a 1904 model two-seated Cadillac owned by his father-in-law, the late G E. Comegys, prominent Merkel businessman at the turn of the century.

The issue of The Free Press dated Aug. 26, 1905 carried the following item: "Mr. George Comegys and wife and Courtney Hunt of Merkel came over Sunday in an automobile on a visit to Mr. and Mrs. E. J. Hunt, The auto was the first to visit our town and hence was something of a curosity to quite a number of persons."

After reading the reprinted item, Mayor Hunt distinctly recalled the trip to Haskell, and after going through some albums kept by Mrs. Hunt found a photograph of the 1904 "gaso-line buggy."

"It was a two-seated car with one-cylinder engine which had to be cranked from the side of the machine. The steering wheel was on the righthand side, there was no windshield, and the front seat was open, similar to that of a buggy," he recalled.

"Mr Comegys bought the Cadillac in Fort Worth, and it was the first automobile in Merkel and possibly West Texas. At the time he bought it, Mr. Comegys was told that there were only other Cadillacs in Fort Worth," the Haskell mayor re-

The trip from Merkel to Hastook practically all day. "When we approached or were being met by a buggy or wagon, it was the custom to stop the automobile, cut off the engine, and let the driver of the wagon or buggy get his frightened team by as best he could. Overtaking a horse-drawn vehicle, it was customary to wait until the driv-er could tie his animals to a fence before driving past," Hunt

man, driving a team of mules to a covered wagon, disdained to stop and tie his team and waved at the automobile to drive past, "The mules apparently paid no heed to our contraption until they got a whiff of the engine exhaust," Hunt chuckled, "Then they tore out through fence and across a plowed field. The last I saw of the driver he was bouncing up and down in the wagon seat, see-sawing on the reins," the Haskell official said.

That incident happened near the small community of Truby and Hunt recalls that when they came through Anson, another "runaway" occurred there. A horse hitched to a buggy broke loose from a hitching rack when the automobile chugged by.
Luckily, the runaway horse and
vehicle was stopped before any damage resulted.

Shortly after that trip, Mr. and Mrs. Hunt moved to Haskell and he opened a dry goods store here as the first of numerous successful business enterprises in which he has been engaged.

Weinert Students Leave for Various Colleges

A number of Weinert young people left this week to enroll or resume their studies in various colleges and universities. Students and the schools they

are attending include:
Sul Ross—Billy McGuire, Sam
Adams and H. W. Liles, Jr. North Texas State College Denton-Estalynn Edwards and Joella Weinert.

Fire Safety Check- Paint Creek Pirates Score In Each Junior Hi Warriors Quarter to Defeat Northside 32-20 Deadlock 13-13

ed in every quarter Friday night stler, Pirate back, recovered to defeat the Northside Indians of Wilbarger County, 32-20, at Paint Creek in the season opener for both Six-Man football teams. Coach J. C. O'Neal's Pirates scored all their counters through the air, while Northside drove over one TD, struck through the air for two, and scored a safety to account for their total.

Midway of the first period, Eddie Thane, Pirate back, passed yards to End Jimmy Shaw on the goal line for the Pirates first counter, Thane's kick added two extra points.

Northside drove to the Pirates one-yard line as the quarter ended, then in the first play the second period, Larry Watts, Indian back crashed through the Pirate line for the TD. Try for extra point failed. A 20-yard pass from Eddie Mack Earles to Leon Hokanson accounted for the Pirates second TD, and again in the same quarter Hokanson connected with

Ray Hughes across the goal line for the Pirates' third counter. In the third frame, a pass from Hokanson to Hughes added another Pirate TD. The Pirates fifth and final counter came is

Northside fumble on the visitors' 10 yard line. Hokanson's pass to Thane behind the goal ran the

Pirates' total to 32 points.
The visitors scored touch-down No. 2 in the second frame when a 10-yard pass from Larry Hughes, Indian back, to Jerry Bell, end, was good for a counter. The Indians added a safety late in the third period, when a swarm of Redskins trapped Ray Hughes, Pirate back, behind his own goal line.

Fighting back in the closing minutes of the final period. Larry Watts, Indian back, fired a desperation pass which traveled 35 yards to hit Indian reserve Will Goliday on the goal line, for the visitors final sore.

Thane's kick for extra point after the Pirates first touchdown was the only successful conversion try of the evening. The two giant cypress trees near Leakey and Concan, Texas, are approximately 4000 years

Indians B Squad Blanks Anson 34-0 Saturday

With both teams slowed by rain and wind, the Haskell Indians "B" squad blanked their Anson Tiger counterparts at Anson Saturday night in launching the 1955 grid

The contest was played despite the incipient storm which struck this area shortly after game time. However, by agreement, short quarters were played.

Striking early in the first perod, quarterback Tommy McClung went from 11 yards out to rack up a counter, and halfback Jimmy Brock made the extra point through the line. Second TD was added by right halfback Don Pennington on a 20 yard jaunt to pay dirt, then he added the extra point in a line plunge.

Two more TD's for the locals came in the second frame, when fullback Clifford Spinks went 30 vards to the paystripe on an off tackle play, and right halfback Joe Decker slogged 60 yards on the slippery field to hit the pay zone. One of Brock's two conversion tries through the line was good, to leave the halftime score 27-0.

Early in the third, Pennington added his second TD of the night when he skirted the left side of the Tiger line for 4 yards and the goal. In the only point-aftertouchdown kick of the game, Sam Pace added the extra point in ending the night's scoring.

Outstanding on defense and in he line for Coach T. O. McClung's B" Indian squad were J. Holley, Bryan Smith and B. D. Kirkland. The "B" squad will meet their Anson foes in a return engage-

ment tonight on Indian Field here. Dust, Wind, Rain Hit Haskell Area Saturday Night

A combination dust, wind, and rainstorm which struck this are around dusk Saturday caused considerable discomfort, some damage to crops, and brough spotted rainfall, beneficial in some

Every man buried in Boothill Cemetery, Tascosa, Texas, died

And Knox City

Haskell Junior High Schol Warriors, holding a 13-7 lead at halftime over the Knox City Junior High gridders Tuesday night, were unable to stave off the determined visitors after hey had gained posssession of the ball in the danger zone after blocking a punt. Knox City went on to score from 3 vards out to knot the score 13-13 and the tally stood through the remainder of he game.

It was a case of history repeating itself, the two teams having battled to a 0-0 deadlock in their initial game last year at Knox

The Warriors struck midway of the first period, with right halfback Kenney Neely breaking loose on the 10 to hit pay dirt Try for extra point failed. In the second, back Tom An-

derson powered through from the 10 and a TD. Warrior quarterback Bobby Gibson's pass to end Ronald Stafford added the extra Knox City struck back quickly from deep in their own territory

On a pass and run play which covered 90 yards, the visitors racked up their first TD, then converted extra point. In the third, a blocked Warriot

punt gave the visitors the ball on Haskell's 3. Then it was two downs and a TD for the visitors. balancing the tally. The contest, played in Indian Stadium, was witnessed by a size-

able crowd of fans and supporters of both teams. Next game for the Warriors will take them to Rotan Thursday night, Sept. 22.

North Side of Square

School and the Roby School (both places have high water costs, and use the absolute minimum amount of water) show a water usage of about eight (8) gallons per day per student based on a 180 day school year: However, school administrators advise that twelve (12) gallons per day per student is a conservative water usage, for good health and sanitation. The Weinert School based on twelve (12) gallons per day per student — would have an annual water consump-tion of 410,000 gallons. For usage outside the school buildingfootball field, lawn and shrubsthe annual consumption would be 1,200,000 gallons, giving the school a normal annual water consumption of 1,610,000 gallons. Under the present water program the total annual consumption would cost \$43.00 per month. However if the 1,610,000 gal-

sand (cost at commercial rates for hauling water) the monthly bill would be \$838.10. Assuming the school uses water for inside the building only at the conservative rate of twelve (12) gallons per day for each student — the average annual water bill would be \$3,075.00

which is: \$75.00 per year more than the engineers estimated sum to be contributed by a 20c tax rate for the first fourteen years. \$750.00 more for the next eight

(8) years; \$1,125.00 more for the next eight (8) years;

\$1,855.00 more for the next year, and \$3,000.00 m o r e thereafter. there being no tax estimated necessary after 1986.

Taxes will be levied beginning October 1, 1956 — there will be no taxes levied this year. The school will also benefit from a fire protection basis — at least two (2) fire hydrants will

be located at the school. Compiled from data submitted by Freese & Nichols, Consulting Engineers for Haskell County Water Supply District.

"Do It Yourself" Not Advisable In Case Of Illness

Austin, July 14-The present trend to "do it yourself" results in a lot of happy hobbyists but "do it yourself" in case of illness is foolish and dangerous, declared Dr. Henry Holle, Commissioner of Health. Too many of our citizens, when indisposed jump at conclusions as to what is wrong with them and go to the drug store for a bottle of advertised medicine.

This ignoring of the existence of physicians and relying upon self- diagnosis is a bad gamble with ill health. For these persons, for all practical purposes, have isolated themselves as far as medical service is concerned.

It is too bad that so many persons deliberately raise a barrier between themselves and the family physician. Considering him only as supplementary aid when the situation gets personally out of hand there are literally thousands who through delay hav.e made it impossible for medical science to render its best service ons were used at \$7.50 per thouand thus were penalized by a protracted illness, a chronic disease, or the premature termina-tion of life.

It follows that many people, with great profit could surrender this "do it yourself" idea and appreciate the physician for what he really is. When his abilities are more generally given an opportunity to be applied early, when his advice on living habits is sought, and when he is considered as the only person to be relied upon to conserve health and treat illness, then, and then only, will the present remarkable service that medical science stands ready to give be afforded its maximum opportunity for

The old Farm Bureau Gin has been taken over by a newly been named manager of the plant for the current season.

Rainfall amounting to almost three inches has been gauged here since Sept. 1, according to H. S. Post. The total for the year to date is 26.50 inches.

Misses Betty Ann Hancock and Eva Dell Squyres, and Ira Hester attended a meeting of the Presbyterian Young Peoples at Lake Worth from Saturday until Tuesday of this week.

30 Years Ago-Sept. 18, 1925 Uncle Billy Cox of Howard was

in the city Saturday and said they had a real good "turnip shower" in his section Thursday night. About one-half inch of rain fell.

The building occupied by Winn Bros. Harness Shop has been moved from the southwest corner of the square to a new location south of the corner. The corner site is being cleared as location of the new Tonkawa Hotel Building.

C. Wheatley of Knox City recently moved his family here and has opened the Electric Shoe Shop in the front section of the building occupied by the Haskell Marble Works on Depot Street.

which began falling Thursday morning and continued for almost 24 hours brought 5.69 inches of rain, the heaviest of the

Burglars broke into the Bert Welsh Garage on North Main Street sometime Tuesday night and stole 15 new automobile tires. An attempt also was made to break open the cash register, but apparently the culprits abandoned their efforts or were frightened away before complet-

ing the job.
R. C. Whitmire returned last week from Terry County, where rop conditions are excellent on

that part of the Plains, Mr. and Mrs. J. M. (Mack) Martin and Kenneth Oates spent Sunday in Anson, visiting in the ome of Mr. and Mrs. George

J. W. Collins of Austin was usiness visitor in Haskell this week. He formerly lived here and was Sheriff of Haskell Counat one time. He is now with the State Marketing department at

Miss Orleen Hunt has returned to her home in Dallas after spending several weeks in the iome of her uncle and aust, Mr. and Mrs. Courtney Hunt.

Years Ago-Sept. 16, 1905 L. Jones of this place has ourchased a business lot in Sagerton on the new Orient Railroad, and may erect a business building here.

Owing to failure of contrastors in finishing the school building on time, the beginning of school has been postponed until

iron content nature provided in the groups of the following foods before

quart of pasteurized m

of the county, was overrun with prospectors and real estate men last week. Considerable farm land in that section has changed hands lately.

Heavy rains tell here Thursday, Saturday and Sunday. The rain guage here showed a total of slightly more than four inch-Alwyn King and P. J. An-

thony, who spent the summer here with friends, left Friday morning for their home in Aus-

A. J Brown of the south side was in town Tuesday. He re-ported that cotton in the Paint County was doing very

C. C. Frost has completed an addition to his building on the east side of the square. The new section will be occupied by J B, Hash, who plans to open restaurant.

Mrs. Booth English returned Monday from a week's visit with Mrs. Cosstephens in the southwest part of the county.
Sheriff J. W. Collins returned a few days ago from a trip to Terrell, He says Haskell still looks mighty good to him after seeing some other sections of the state.

J. F. Carter and family of Upton County are visiting the family of E. F. Springer. Mrs. Carter and Mrs. Springer are sisters. Mr. Carter says field and truck crops in his section have been damaged this year by

too much rain.
Mrs. F. M. Morton has returned from Austin. She was accompanied by her little niece. Miss Zelma Ferguson.

Harvey Crabtree and family. who have been in Ellis County for the past six months, have re-turned to Haskell. He says while in East Texas most of his family suffered from malaria and were ill about half the time, and that this country is good enough for him henceforth.

TCU Scholarship Is Awarded to David Calhoun

David Lee Calhoun, 1955 graduate of Haskell High School, has been awarded a scholarship at Texas Christian University, Dr. T. F. Richardson, chairman of the scholarship committee, has announced.

Dr. Richardson said the Haskell graduate was in the group of 14 outstanding high school graduates over the state select-ed to receive additional scholarships awarded recently.

Young Calhoun, son of Mr. and Mrs. S. L. Calhoun, in addition to his excellent scholastic record, was an outstanding member of the High School Band and was band captain in his senior year,

Miss Thelma Wirges, H. D. Agent Here, Being Transferred to Wichita County

Wirges, County Home Demon-stration Agent of Haskell County for the past five years, to Wichita County has been announ-ced by Miss Fern Hodge of Vernon, district agent of the Ex-tension Service of Texas A&M

Miss Wirges will be home demonstration agent of Wichita

Cattle Open Steady At Fort Worth Market Monday

Most classes of cattle and calves drew about steady prices Monday at Fort Worth. Some fed steers were a little stronger, and some sales of butcher calves and stocker calves and yearlings were steady to weak. Top commercial fed steers drew \$23.-25, and odd prime yearlings drew \$23,50 to \$25, the latter on a club steer.

Comparable prices: good and choice steers and yearlings \$19-Sunday, You have a cordial in- \$23.50; common and medium \$12ritation to attend all thes, ser- \$18; fat cows \$10-\$12; canners ices. The simple New Testa- and cutters \$7-\$10. Bulls \$10-\$13.50; good and choice slaughter calves \$16-\$18, a few baby beef heavies higher: common medium grades \$12-\$15 culls \$9-\$12. Stocker steer calves \$20 down; steer yearlings \$18.50 down; stocker cows \$8first person to swim the \$13, latter on young about 3-English Channel from Dover to year-olds weighing close to 800

The transfer of Miss Thelma County, beginning November 1, Virges, County Home Demon- Miss Hodges said in advising the Commissioners Court of the pending transfer.

The Court accepted the transfer with regret, praising Miss Wirges for her efficient and satisfactory work during the five years she has been here. "Because she has served Haskell County so efficiently, it will be difficult to fill her place," Miss Hodge told the Court.

At present, a successor to Miss Wirges has not been named but it is hoped that an agent can be named in the near future, the district extension agent said.

In Wichita County Miss Wir-

ges succeeds Miss Cathryn Sands who is resigning after Cathryn five years as home demonstration agent there. In a similar man-ner, Miss Wirges came to Haskell as successor to Miss Sands who was county home demonstration agent here before being transferred to Wichita County.

HUMBLE OIL & REFINING COMP

Defoliate Cotton

- 1. In defoliated cotton the increased exposure to sun and the drying action causes mature bolls to open faster, prevent or reduce boll rot, and retard fiber and seed deterioration.
- 2. Chemical defoliation allows stripper harvesting prior to frost and ahead of wet weather.
- 3. Defoliation aids insect control.
- 4. Hand pickers prefer defoliated cotton.
- 5. Machine harvesting more efficient in defoliated cotton. Eliminates a source of green leaf stain to lint. Reduces dry leaf trash.

PHILLIPS 713D Defoliant-desiccant type has been tested by Texas Agriculture Experiment Stations (Progress Report 1680).

This is the type of Defoliant recommened for this area.

Transformer - - -

(Continued from Page 1)

than a million and one half pounds of steel plate and a half million pounds of iron and bar

One of the outstanding machines used in the construction of the WTU transformer is a for cutting steel plate one inch thick and sixteen feet wide. Another is the 40-ton straightening press used for straightenbending materials. Through a hydrolytic ram, this machine can exert a downward pressure of 40 tons to any given point in an area 15 feet lengthwise of its bed and almost 11 feet across.

The press break, used f o r forming angles and radii in steel stock, exerts a downward pressure of 1,000 tons, but the manufacturer states that it is capable of cracking an egg without spilling the contents.

Two other machines in use at the tank plant are multiple-torch cutting tools that can duplicate parts from steel plate by use of a gas flame. An electric eye follows the outline of template or drawing, and through a pantograph arrangement as many as four parts are cut in the exact shape as the original drawing.

The sides and ends of the huge WTU transformer tank are made from steel plate one-half inch inch plate. The end plates were curved by passing them back and forth through rollers, and joined by welding.

When the tank had been completed, each seam that was welded was tested. This test was accomplished by welding a chan-nel or half-tube over the seam, and was tested with air, water, oil and gas under pressure to be sure that the tank had no

Bluejacket Wheat On Undesirable Variety List

By F. W. MARTIN, County Agent

or baking qualities, bluejacket wheat has been added by the U. S. Department of Agriculture to the previously announced list of undesirable wheat varieties. This brings to 24 the varieties designated for a 20cents-per-bushel discount in 1956 wheat price support rates.

The USDA announcement said that the variety was added to the list as a result of strong recommendations from state agricultural leaders. It is in the Hard Red Winter Class and is grown in Texas and 12 other states.

The 20-cents-per-bushel discount is designed to discourage the planting of the 24 varieties, and thus lessen the possibility of U. S. wheat of inferior quality finding its way into domes-tic and export channels. The 24 varieties listed as undesirable accounted for an estimated 45 million bushels of 1954 pro-duction or about 5 per cent of the 1954 acreage, USDA officials said that be-

rause of the nearness of the planting season for winter wheat no furber additions will be made to the list.

Free Deer Hunts Due Expansion

AUSTIN-Free public deer hunting, successfully held last year on one state wildlife management area. will probably be expanded this fall, according to he assistant director of Wild-Restoration for the Game and Fish Commission.

This was made possible under a new state law giving the Commission authority to regulate harvest of wildlife on the management areas. Otherwise, the areas would be subject to statewide or local laws affecting the regions in which the areas are

The assistant director said tentative plans call for a free public shoot on the Kerr area in Kerr County (Hill country) and the Gus Engeling area in Anderson county (East Texas). The final decision will hinge on deer population census scheduled for October. The shoots would be within the November 16-November 31 dates set for big

and does may be taken. This is desirable for good management practices said the assistant director, since the intention is to remove over-population of deer regardless of sex.

"It is simply a matter of keeping the herds within the limits rescribed by the carrying caacity of the land involved," he explained. "And sound management calls for maintaining herd Kerr area was confined to bucks last fall, since Kerr county had not yet authorized taking of ant-

lerless deer. This authorization is now pending for 1955. Under the free hunt system, interested hunters submit their names to Commission headquarters in Austin and the allotted number of hunters then is selected in a public drawing.

Seventy-five names draw; and seventy hunters showed up at the Kerr area and 36 got their bucks. The only cost to the hunters was the regular \$2.15 state license.

The assistant director said it is not planned at the present to conduct public hunts on the two other wildlife management areas in Brewster County, in the Big Bend country, and in Hemphill County, in the Panhandle.

Vehicle Inspection Period Set From Sept. 15-April 15

Austin, (Spl.)—Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced that the Pubgame hunting under the General September 15, 1955, through April 15, 1956 as the new Motor Vehicle Inspection period for state motorists.

Garrison pointed out that this will give Texas car owners a full seven months to report to one of the more than 4,000 licensed inspection stations in the state for a safety check of their ve-
