Wayne Josselet Shows Champion Calf At Annual Club Boys Show In Weinert

Wayne Josselet, senior, in the Weinert High School, showed the grand champion calf in the annual Haskell County 4-H Club Boys show at Weinert Saturday, and in addition, won the award as top showman of the annual show.

It marked the third straight year that the young son of Mr. and Mrs. M. C. Josselet had topped the purple championship rosette.

Wayne's champion Hereford was "Hero," bred by Tom Donnell of Eliasville. It was the senior champion animal.

For winning the top prize, he won a share of \$400 in cash giv-

Final Rites To Be Held Here Friday For Martin Arend

Final rites for Martin Arend, pioneer retired Haskell County farmer will be held at the First Methodist Church at 2 p. m. Friday.

Mr. Arend, 81, died Wednesday in Littlefield, after being in ill health for more than a year.

Mr. and Mrs. Dan Oates Are Parents Of Twin Boys

Mr. and Mrs. Dan Oates of Abilene are the parents of twin sons, Dan Jr., and Lee Latham, born Monday in Hendrick Memorial Hospital, Abilene. One of the boys weighed five pounds, eight ounces, the other five pounds, ten ounces.

Grandparents are Mr. and Mrs. Hill Oates of Haskell and Mr. and Mrs. Lee Latham of Dallas. Great-grandparents are Mrs. Mary Oates and Mr. and Mrs. H. M. Smith of Haskell.

Local Optometrist To Attend Regional Congress

Dr. E. O. McClellan of this city will attend the 14th annual Southwestern Congress of Optometry at Fort Worth Feb. 15 through Feb. 17. Optometrists from eight states will be in attendance.

Speakers during the 3-day session will include nationally known leaders in the field of optometry.

Others Given Special Recognition

Others given special recognition were Mrs. Lola Sherman Ferguson, Mrs. Ola Beavers Frazier, and Irion Peasey, all of Haskell. Peasey was school custodian for many years and was credited with being able to give "a scholastic record of everyone who went to school here 20 years ago."

They Worked Hard For Bettering Our School

They worked hard for bettering our school. In fact everyone was interested. The men would check on the school's supply of fuel wood; they even built a sled to haul water to school!" she recalled. "We were not interested in fixing the approaches to the Paint Creek bridge, or painting the courthouse walls or building a new jail — we were primarily interested in schools in those days," she said amid applause from her hearers.

Police Chief Brooks Middleton Resigns; Josselet Gets Post

Chief of Police Brooks Middleton, who has headed the city police department since September, 1948, tendered his resignation to the City Council Tuesday night, with the request that it become effective not later than March 1 in order that he might enter other business.

The popular city officer, an Army veteran, told the Council he had accepted a position with John Kimbrough, local distributor for Gulf oil products and planned to begin work in his new job March 1.

In accepting the officer's resignation, Mayor Hunt and members of the Council commended Middleton for his service as head of the police department.

In presenting his resignation, the retiring Chief told the Council, "I have enjoyed my work in the department and the fine cooperation that has always been given me by all the city officers and the citizenship of Haskell, together with fellow officers with whom I have been associated in my work. I consider it a privilege to have had the opportunity of serving as your Chief of Police."

Marion Josselet, former Deputy city officer has been named as successor to Middleton as Chief of Police. He will begin work Monday, Police Commissioner, Olen Dotson said today.

First Baptist Will Worship In New Building Sunday

Members of the First Baptist Church will worship in their new church auditorium for the first regular services next Sunday, Easter M. D. Rexrode has announced.

Rule FFA Project Show Set Feb. 20

The first FFA Project Show, when members of the Rule high school chapter of Future Farmers will exhibit their work projects for the current year will be held in that city, Saturday, Feb. 20. It is planned to make the show an annual affair.

County H-D Council Names Delegates To District Meet

The Haskell County Home Demonstration Council met in the district courtroom Feb. 8 at 2 p. m. The meeting was called to order by the chairman, Mrs. Howard Overby.

Singers Will Meet Sunday At East Side Baptist

The Haskell County Singing Convention will meet Sunday, Feb. 14 at the East Side Baptist Church in this city. Singing will begin at 2 p. m.

Cpl. Arville E. Wilfong Killed In Action While Prisoner of Communists, Father Told

Cpl. Arville E. Wilfong, Haskell soldier who had been listed as missing in action in Korea since Feb. 12, 1951, was killed in action while a prisoner of the Communists in North Korea, according to information received Sunday by his father, Milton C. Wilfong, Haskell filling station operator.

A letter from the War Department to Mr. Wilfong read in part: "Information now available to the Department of the Army discloses that your son, Cpl. Arville E. Wilfong, was captured by the opposing forces in South Korea on February 12, 1951. Subsequently he was taken to a prison camp in North Korea where he was killed in action April 2, 1951 as a result of an aerial attack." He was 26 years old at the time.

Secretary be made elective." The street widening project held up for further study is one on which work was originally scheduled to start several weeks ago, with the Highway Department and Haskell County cooperating and for which contracts had been let. Interested parties, through legal counsel, protested the proposed expenditure and the matter has been hanging fire since. Judge Dennis Ratliff, legal counsel for the city, discussed the matter with Aldermen at Tuesday night's meeting and Council members voted to defer the project for further study.

F. E. Hightower, representative of General Telephone Company, appeared before the Council relative to a request for increasing rates for business and residence telephone service in Haskell, which had been pending since October, 1953.

The telephone company asked permission to increase monthly rates from \$6.50 to \$9.50 on one-party and from \$5.00 to \$7.50 on two-party business phones; from \$3.25 to \$4.75 on one-party and from \$2.75 to \$3.75 on two-party residence telephones.

After discussion, Alderman J. E. Walling submitted a counter proposal which would grant monthly rates of \$7.50 for one-party business phone and \$6.00 for two-party business phone, an increase of \$1.00 in each instance. For one-party residence phone he proposed a rate of \$4.25 instead of the present \$3.25 and for two-party residence service \$3.50 instead of the present \$2.75 rate.

Wednesday morning, company officials advised the Council of their acceptance of the rate schedule offered, as it was ratified at a special meeting of the Council. The new rates are effective on this month's billing under the contract approved Wednesday, city officials said.

In considering the petition to make the City Marshal and City Secretary offices elective Aldermen called attention to the fact that an ordinance adopted in April, 1950, had abolished the office of City Marshal. At that time the position of Chief of Police was created, and both that office and that of the City Secretary were made appointive.

By unanimous vote, Aldermen continued the two offices as appointive posts in turning down the petition.

Present City Secretary T. J. Arbuckle was first elected in April, 1948, and has held the office since. He was re-appointed Jan. 25, 1954 for a two-year period.

The new rates to be charged for telephone service here are comparable with charges in other towns the size of Haskell, information gathered by city officials show.

Below are listed the rates now in effect in the towns listed. First figure is for one-party business phone, second for two-party business phone, third for one-party residence, and fourth for two-party residence phone:

Haskell	\$7.50	\$6.00	\$4.25	\$3.50
Graham	\$8.50	none	\$4.50	\$3.75
Nocena	\$7.25	none	\$3.50	\$1.00
Post	\$7.75	\$6.25	\$4.50	\$3.75
Decatur	\$7.50	\$6.90	\$3.50	\$2.50
Canyon	\$8.00	none	\$4.00	\$3.50
Electra	\$8.00	none	\$4.25	\$3.50
Haskell	\$7.50	none	\$4.00	\$3.25
Hamlin	\$9.00	none	\$4.50	\$3.75
Floydada	\$7.50	none	\$4.00	\$3.50

Majority of the above rates have been in effect since 1951.

"B" Team Wins Over Roby, Drops Game To Throckmorton

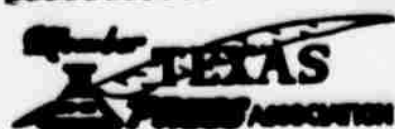

Haskell Indians "B" team lost to Throckmorton, 40-42 Friday night. Haskell lead the Greyhounds most of the first half then it was off and on and the locals came out on the "off" end of the score.

Haskell got 39 rebounds to Throckmorton's 47. The Indians hustled a lot in the game and had good teamwork also. High point man and runner-up for Haskell were John Ivan Clifton with 13 points and Wayne Conner with 8. On Tuesday night, Haskell downed Roby 33-31 to get out of the losing streak that has plagued the locals recently. Haskell lead the ball game all the way through and as much as 9 points at one time. Roby got 31 rebounds to Haskell's 28. David Jossel led the locals with 15 points and John Ivan Clifton with 7.

The Indians have four more games this season and have not their best to win them. They meet Albany these next Friday.

Haskell County History

20 Years Ago—Feb. 15, 1934

Merchandise estimated to be worth upward of \$200 was taken by burglars who entered the McNeill & Smith Hardware Store here sometime Monday night. Entrance was gained through a back door. Six shotguns and a quantity of ammunition was among the loot taken.

Mr. and Mrs. Jim Fouts and daughter Geraldine, accompanied by Audra Gayle Roberts, spent the week end in Brownwood with friends.

Mauzee Rousseau, who was injured in an automobile accident recently, has recovered sufficiently to be returned home from the Stamford Sanitarium.

For the past two days the first and third year vocational agricultural

boys of Haskell High School have been busy assisting their instructor, H. K. Henry, run terrace lines on the farm of C. E. Bradley southwest of Haskell. Mr. Henry has planned a series of similar projects as training for the boys.

Three Boy Scouts, Ralph Bernard, J. C. Allen and Milam Jones, passed their tests in various branches of Scoutercraft and have been given merit awards. Bernard won combination Eagle palms, Allen featured in handicraft, and Jones won in building. County Agent R. H. Maxwell announced this week that the Civil Works Administration has approved a program to help farmers and ranchers rid their premises of prairie dogs, rats, rabbits and other pests. The CWA will

furnish free labor, on the projects, Maxwell said. Sheriff W. T. Sarrels was elected president of the West Texas Sheriffs Association, at the annual meeting of the organization held in El Paso this week. A. C. Pierson will be general director for a city-wide religious census to be taken here Sunday. All churches in the community are cooperating, and several hundred volunteer workers will take part.

30 Years Ago—Feb. 15, 1924

Miss Velma Smedley of Rochester has accepted the position as principal of the Dennis Chapel school.

Work has been started on two new brick buildings to be erected at the corner of Walton and Fannin streets east of the square. The building will be located south of the Haskell Laundry. D. Scott is contractor for the work.

Presley Hitchcock and Varner Dulaney of Knox City were here the first of the week on business. Mr. Dulaney recently moved from this place to Knox City, where he has purchased a confectionery.

Carpenters began work this week repairing the residence of Mr. and Mrs. T. P. Brooks which was damaged by fire recently. Mr. Brooks plans to add a second story to the house.

Misses Tannie Hancock and Eunice Hucklebee visited a few days in Abilene last week.

J. J. Read has returned from Fort Worth, where he spent several months with his children.

Fire believed to have started in a defective flue resulted in the destruction of the J. C. Courtney home in the east part of town Tuesday night about 9 o'clock. Members of the family and neighbors were able to save some of the household goods.

J. H. Free has been busy the past week moving several houses from the Powell community to the Hardy Grissom farm four miles south of Weinert.

Walter C. Bevers, a former Haskell man now living in Munday, has just completed a 10,000 egg hatchery in that city.

A pie supper held at Morris Chapel last Friday night resulted in \$45 being raised, which will be used for community purposes.

R. J. Paxton and R. H. Davis made an automobile trip to Denton, Dallas, Fort Worth and other points, returning home Friday night.

50 Years Ago—Feb. 13, 1904

Commissioner W. F. Watts of the Leavitt community is spending several days in Haskell attending the session of Commissioners Court.

John Thomason has secured a position in Stamford and went down Thursday.

Will Fitzgerald has ordered a new ruggier tired buggy. F. G. Alexander has gone to St.

Louis and Chicago to purchase a spring stock of goods.

G. E. Ballew is having the Holder store house purchased by him last week fixed up for occupancy by Mrs. Emma J. Hunt & Co., milliners and dressmakers.

Walter Hicks and Alvin O'Bryen went out to the Sand Hills Saturday and spent Sunday among country friends.

Miss Lillie Rike entertained a party of friends at her home Friday night.

John Hunt and wife of Wise County are visiting relatives here this week.

Miss Zora Sanders entertained a large party of friends Thursday night.

Wednesday afternoon about 5 o'clock, an hour after school had been dismissed, the Haskell public school building was discovered on fire and an alarm given. Although more than a hundred men were on the scene within a few minutes time it was impossible to do anything toward saving the building, the fire having gained too much headway. A good many books were gotten out of some of

the rooms and most of the seats and desks were saved out of the rooms on the lower floor. The fire advanced so rapidly it was impossible to do more. The building was a wooden structure of two stories, having three large rooms on each floor. The fire started in the ceiling and roof over the by a strong breeze from the north ran through the entire building rapidly. The building was valued at \$3,000 and had \$750 insurance on it. Another policy for \$750 expired a short time ago.

A RESOLUTION

Whereas, under the Civil Statutes of Texas it is provided that an Election be held annually on the First Tuesday in April and,

Whereas, the City Council of the City of Haskell, Deem it advisable to hold an election for the purpose of electing officers for said City,

THEREFORE BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS,

That an election be held in the City Hall, in the City of Haskell

on the 1st Tuesday in April, that being the 6th day of April, 1954, at which Election the following Candidates shall be submitted to the resident qualified voters of said City for their action thereon.

Mayor and three Aldermen to serve for a period of two years. PASSED, APPROVED AND ADOPTED, this the 25th day of January, A. D. 1954.

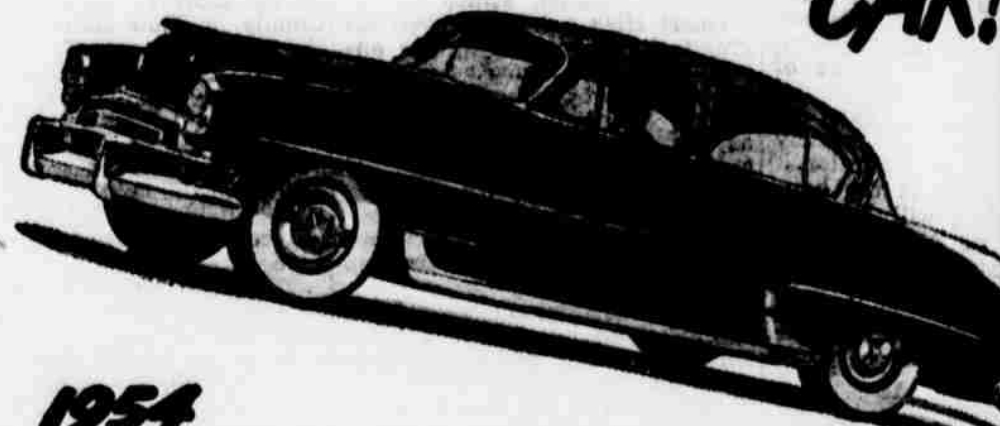

Courtney Hunt, Mayor.
T. J. Arbuckle, City Secretary. 4-7c

EXTRA PAGES
 From A Reporter's
 Notebook

The work of publishing a newspaper sometimes get tiresome but never monotonous. Despite the regular routine of gathering news and advertisements a week-after-week chore, there's always enough variety to keep the task extremely interesting.

Take for instance, the errors that get into print. Sometimes they're downright embarrassing. Particularly those so glaring that even the youngest schoolboy should readily notice them before they're printed. But they do get by.

Speaking of schoolboys, we had about the finest group of visitors here at the office Thursday that we've had in a long time. Teachers of the First and Second Grades in Haskell Elementary School brought their pupils for a tour of the newspaper plant.

As the teachers explained, it was a part of the little folks in introduction to various methods of communications or ways of sending messages. Other places visited in addition to the newspaper plant were the telephone office, post office, Western Union telegraph office and the City Fire Station.

From the interest shown by the little folks, we judge they'll be able to tell you something about how news and important messages are spread by telegraph, telephone, postal service and newspapers.

We wondered, though, about the role of the Fire Department in communications. Asked a friend of ours, a sharp little fellow of 7 who's in the Second Grade. With a look that plainly indicated wonderment at how a grown-up could be so dumb he patiently explained: "When you see a house on fire someone phones the firemen and they bring the fire trucks and put it out."

In that case, we admitted, the fire department would be a pretty important link in communications. Proves it's easy to understand a thing when you look from the proper angle.

In newspapering, you get to noticing many of the little things that go on all around us, apparently of no importance, but sometimes affecting a lot of people. And there are the human interest stories you run into almost every day.

A neat-appearing young woman whose home is in Oklahoma but who is employed in a city some distance south of Haskell, stopped in the Texas Cafe one day last week. While waiting for her order, the young woman asked the waitress if she knew a certain party we'll call by the fictitious name of Jones. They'd recently moved here and Mr. Jones was working as a welder.

Not knowing the man, the waitress suggested they call the various welding shops, and the party was located. A happy reunion with the family resulted before the young woman continued to her destination.

Before leaving the cafe, however, she confided to the helpful waitress a story of how she had been befriended by the lady we'll

Negro Minstrel To Be Presented February 26th

A Negro minstrel will be presented Feb. 26 at 8 p. m. at the Haskell Elementary School.

Some of the characters in the play are:
 Rastus Cornfield—Jean Elliott.

 Pianist—Sue Nichols.

Many other special features including solos, dances, quartets, string band and comical readings. Interlocutors will be Rex Felker and Wix Currie.

VISITORS IN DATE ANDERSON HOME

Mr. and Mrs. H. G. Hartsfield and daughters, Sharon and Sonja of Lubbock were week end visitors of his mother, Mrs. Date Anderson. Mr. Hartsfield is sales representative of the Frito Co. of Lubbock. Sunday guests in the Date Anderson home were Mr. Anderson's daughter, Marguerite, and Burnya Mae Moore of Abilene. The Abilene visitors are partners in Camera Center in that city.

HERE FROM DEMING, N. M.
 Mr. and Mrs. Billy Burt of Deming, N. M., visited friends in Haskell Sunday. They came over from Stamford where they had been visiting her father, Frank Turner. Mr. Burt formerly connected with Oates Drug Store here, now owns and operates drug stores in Deming and Artesia, N. M.

still call Mrs. Jones. On her first trip away from home as a girl of 15 she had lost her billfold while waiting in an Oklahoma City bus station. Mrs. Jones, noticing the worried and tearful girl, soon learned of her plight. The sympathetic woman took the penniless girl into her home until she could make arrangements to continue her trip.

In Oklahoma City recently the young woman tried to locate her benefactors and learned they had moved to Haskell. Since her route back to her destination came through Haskell she was thrilled to be able to visit—if for only a few hours—with the couple who had befriended her.

Just goes to show this is a pretty good world after all.

Leon Newton Is Candidate for Prec. 2 Commissioner

Leon Newton successful young farmer of the Welbert-Mattson section, this week authorized the announcement of his candidacy for County Commissioner in Precinct No. 2, subject to action of the Democratic primary.

In connection with his announcement, Mr. Newton said he first of all desired to thank the people of Precinct 2 for the very substantial vote given him two years ago, and to express his appreciation for the many warm friendships formed.

Mr. Newton, 32 years old, is a native of Haskell County and has lived in Precinct 2 all his life with the exception of time spent in the Army during World War II. He served three years and three months, a part of this time overseas in the Pacific fighting zone. He is married and he and his wife have two children.

Following his discharge from the armed forces, he has been engaged in farming and stock raising and is recognized as a successful farmer.

In announcing his decision to again seek the office of Commissioner, Mr. Newton stated that he did so after careful consideration of the duties of his office, and also at the solicitation of many friends throughout the precinct. He expressed his gratitude for the encouragement given his candidacy.

Because of his long residence in the precinct, he believes he is acquainted with the needs and problems of that section insofar as they pertain to the office of Commissioner. If elected he will endeavor to handle the affairs of Commissioner fairly and honestly at all times, with impartial consideration for all sections of the precinct.

Before the primary is held, he plans to make as intensive a campaign as possible in order to discuss his candidacy personally with the voters. In the meantime he will appreciate any consideration given in his behalf.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—What will happen at a special session of the Texas Legislature, to convene about March 15, depends upon action or inaction, by the U. S. Supreme Court on this state's gas gathering tax.

Now the court has declared the tax invalid. Under these circumstances, the Legislature can override the bill so as to remove the court's objections.

In announcing that he would call the legislators to Austin for a 30 day meeting around mid-March Shivers said that if the gas gathering tax is ruled out by the court, "it probably will result in increasing some existing taxes."

If the teacher pay problem is resolved before the special session's 30 days are ended, other subjects may be substituted to the Legislature for its consideration, Governor Shivers said.

Among these subjects he included: laws to clamp down on Communists, building programs for medical college branches and rehabilitation of Texas School for

Deaf buildings, additional pay raises for state employees.

With the special session in the offing, political activity was in the doldrums.

Speculation continued as to whether Shivers would run for re-election, seek some other office, or retire, but the governor wasn't talking.

Reporters asking about his plans got this answer: "I might be too busy to make any announcement."

Senterfitt, who has announced his intention to become a candidate for governor, declared, "I have had no change of mind since then."

For the present however, Senterfitt said, he will have his mind on the special session.

There was no word from other gubernatorial candidates, all of whom apparently were waiting to see what the governor would do.

A special election was ordered March 6 to fill vacancies in the House of Representatives as follows:

Frank Svadlenak of Thrall died Health.

Jr. J. B. Copeland, chairman

of the board, would not reveal the names of the applicants, but said the board would soon make its choice.

Dr. George W. Cox, who has served for 17 years in the position, has submitted his resignation effective May 1, but may continue in office until his successor is named.

Garland Smith, chairman of the Texas Board of Insurance Commissioners, expressed alarm about insurance stock sales and recommended that such transactions should be supervised by the state.

Noboy is supervising them now" Smith said. He added that law will be asked to give the state securities commissioner regulatory power over issuance and sale of insurance stock.

A Houston group, the Citizens Association for Fair Telephone Rates, wants Governor Shivers to place the subject of utility rate regulation before the special session of the Legislature.

Walter Keith, Jr., head of the association, said that the organization recently; William H. Abington of Fort Worth, Ph.D. Brooks of Bagwell, and Bert Hall of Rio Vista resigned.

Seven applicants for the job of state health officer, were being considered by the State Board of zation has 4,000 signatures on a petition asking for the establishment of state utilities commission.

involve the use of state-federal funds, but "is merely a method to allow stockmen to receive the railroad grant of one-half normal freight rate."

Three dormitories and a cafeteria, will be constructed on the University of Texas campus here.

Approved by the university board of regents was \$4.5 million building program for Austin and Galveston. There will be three dormitories and an apartment building at the university's Galveston medical branch.

Funds for the building will come from a loan obtained from the Housing and Home Finance Agency of the Federal Housing Administration.

Repayment of the loan will be made from housing and food service revenues.

State Selective service will draft 985 Texans during March,

announced Brigadier General Paul L. Wakefield, state selective service director.

Under the present draft law, nearly 80,000 Texans have been inducted into the armed services. The law has been in effect since June, 1948.

SHORT SNORTS: District Judge Jack Roberts is considering an attempt by T. H. Harvey, Negro prizefighter, to overthrow a law prohibiting boxing bouts in Texas between Negroes and whites.

Attorney General John Ben Shepperd predicted in a speech in Temple that the power of George Parr, South Texas political boss, will be ended this year. . . Texas state banks increased their assets more than \$70 million last year, and deposits climbed more than \$64 million, announced State Banking Commissioner J. M. Faulkner.

Here's Why Your Home Stayed Warm During the last "Norther"

When the worst "Norther" since 1950 swept into this community Wednesday, January 20, you had no fear of being cold. You took for granted that you could turn up your heaters, floor furnaces or central heating system and you would be warm.

From afternoon to midnight, temperatures fell from balmy 70's to bone-chilling 20's. Due to the rapid growth of the cities we serve nearly 100 thousand more homes were depending on us than when the last "Norther" as big as this one hit. More gas than ever before would be needed.

Lone Star Natural Gas Service comes to this and 421 other communities in Texas and Oklahoma through a 7,000 mile interconnected pipeline system. Over 1,300 wells in 165 gas fields supply the system. Twenty-five key compressor plants move gas under high pressure from fields.

PREPARATIONS FOR THE "NORTHER"

Gathering and delivering this gas to your and over 600,000 other homes is controlled by a central dispatching staff. This staff knew from Weather Bureau reports almost the minute the "Norther" would strike your community.

In 40 control points along Lone Star's system, dispatcher alerted hundreds of specialists in compressor, pipeline, gas measurement and production departments. Specialists who operate distribution systems in cities and towns were alerted.

Every precaution was taken. Regular crews were doubled in compressor stations and in gas fields. Extra mobile equipment was brought in to speed movement of men in gas fields. Special two-way radio equipment was sent out to speed communications in the field.

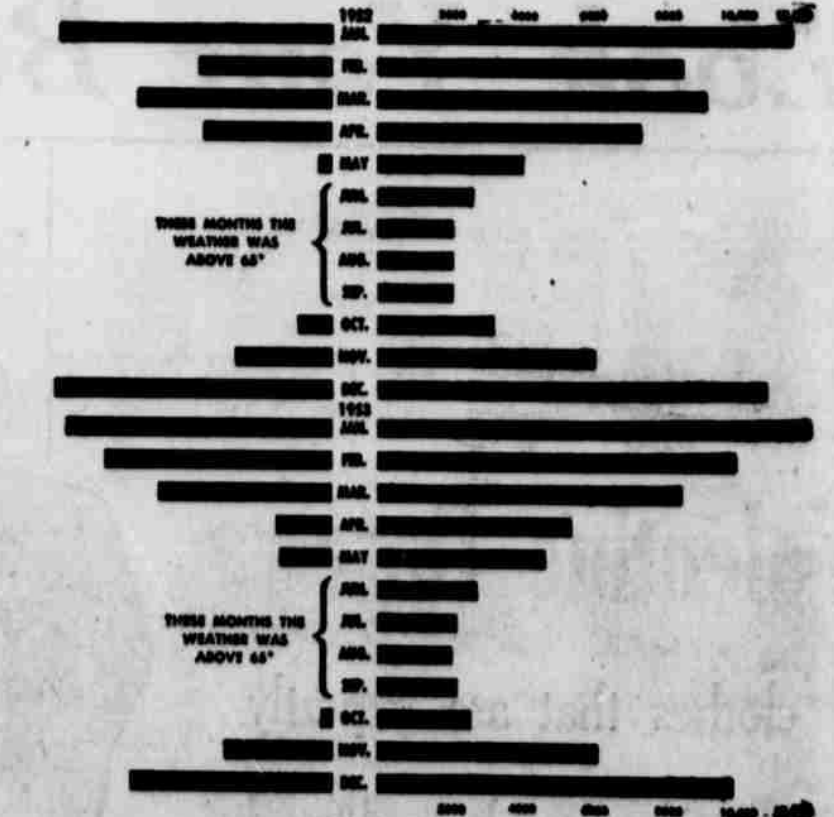

When temperature drops below 65 degrees everyone turns on their heating. For every degree the temperature falls past 65 degrees dispatchers know the amount of gas it will take to keep you warm.

CLOSE TIMING REQUIRED

On split-second timing as the temperature fell, gas from hundreds of wells was turned into field gathering systems. Gas stored in depleted fields was turned in, too. By night Lone Star Gas System was operating at near peak capacity.

Night and day for the duration of the cold wave the entire facilities of Lone Star Gas System were operating at or near peak capacity. During this "Norther" Lone Star Gas Company facilities served over 600,000 customers more efficiently than 10 years ago when we were serving about half this number. We are keeping abreast of the growth of the area we serve by providing in advance facilities that are necessary for dependable natural gas service.

HOW WINTER AFFECTS YOUR USE OF NATURAL GAS

THE BARS ON THE LEFT in the graph above show the variation in heating weather for the last two years as revealed by Weather Bureau Reports. The bars on the right show the amount of gas an average home used each month. Gas for cooking, water heating and refrigeration is indicated in gray. Gas for house heating is indicated in black. Last December, for example, the bottom bars show that an average home used nearly 10,000 cubic feet of gas—7,000 cubic feet of it for heating. During extremely cold winter months, homes use up to six times as much gas as in summer.

5 to 10 times as much

gas is used in a home during a winter month than in a summer month. Won't you please remember this when paying gas bills during the next several weeks?

Lone Star must maintain lots of reserves and extra machinery to meet your peak winter requirements.

And, as you know from weather bureau figures, over most of area served by Lone Star, January and December had considerably more heating weather than the same months a year ago.

We believe

our customers appreciate the fact we were one of the last to raise our price or rate. Rate was reduced in 1942. So the one raise made last year added very little more to the price charged during depression years. The average year around cost in average home is still about 16 cents per day.

Thank you!

Lone Star Gas Company

If You Are An Average American

Your Automobile is your second largest investment — and when you protect it, you also protect your largest investment, your home.

For if your automobile is uninsured or underinsured, it may become necessary for you to place a mortgage on your home in order to pay a liability judgment.

DON'T GAMBLE on these unpleasant probabilities when adequate protection costs so little.

NEWS OF INTEREST WOMEN

Trinity Ladies Club Meets In Regular Session

The Trinity Ladies Club, presided over by the president Mrs. Muegge, met in the church annex in regular session Feb. 4th. Mrs. Lena Rueffer, program director, called on Mrs. George Klose to read the Scripture for the day, and Mrs. Steve Kubena to lead the club in prayer. The topic, "This is the Life: a Few Drops of Water and . . ." was ably presented by Mrs. Richard Kretschmer. She was followed by Mrs. Pat O'Keefe who explained in detail the work being done by the American Lutheran Church in the field of Missionary Education. The month's Bible study, "Getting the Right Start" was led by the Rev. Bruno Gaskamp.

Among the interesting reports presented were those of Miss Lena Steinfath reporting on the work of the Christian Service Department, and of Mrs. Turner Grogan who summed up the aims of the Thanksgiving project. Those in attendance included Mesdames Felix Klose, Alfons Peiser, George Moeller, Sr., Charles Druessedow, Martin Rueffer, Willie Peiser, Steve Kubena, Gayhart Muegge, George Klose Richard Kretschmer, Pat O'Keefe, Turner Grogan, Herbert Fischer, George Moeller, Henry Rueffer, John Stiewert, Bruno Gaskamp, Fred Monke, and Misses Lena and Alma Steinfath and Mrs. Dick and Mrs. Optiz.

The Ladies Club was proud to have as its guests Mrs. Martin Follstaedt, Miss Vernell Klose, Mrs. Wayne Adkins, Mrs. Wilton Weise, Mrs. Otto Wittenborn and Pastor Gaskamp. Hostesses for the meeting were Mrs. August Steinfath, Miss Lena Steinfath and Miss Alma Steinfath.

Mrs. Virgil Meadors, Jr., Tells of Recent European Tour at Harmony Club Meeting

One of the outstanding events of the year for the Haskell Harmony Club was the annual reciprocity program at the Magazine Club house Thursday, Feb. 4th, when the club presented Mrs. Virgil Meadors, Jr., in a travelogue based on her recent two months tour to several of the principal countries of Europe. Guests were members of the Magazine Club, the Progressive Study Club of Haskell, and the Stamford Music Club of Stamford.

In the receiving line were the president, Mrs. V. W. Meadors, Sr.; vice president, Mrs. J. F. Cadenhead, Sr.; Mrs. Tommye B. Hawkins and Mrs. C. L. Lewis. Mrs. E. O. McClellan and Mrs. Ross Fox were ushers, and Mrs. Jetty V. Clare presided at the register. A Valentine motif was the theme for decorations. Mrs. M. E. Helber and Mrs. A. C. Foster, Jr., served at the table, which was laid with a white cutwork linen cloth centered with an arrangement of red carnations in a styrafoam base. Other appointments were of crystal and an antique silver service placed at either end of the table. Sweet peas and snapdragons were noted on the registrar's table. Mrs. Cadenhead and Miss Martha Meadors played background piano music. Other hostesses were Miss Beryl Boone, Mrs. Mart Clifton, Mrs. Tannye Squyres, Mrs. B. M. Whiteker and Mrs. James Littlefield.

The Stamford Music Club opened the program with a piano number by Mrs. Reginald Baird, "The Banjo Picker" by John Powell, typical American music, which the Federated Music Clubs have been studying. Mrs. Ross Fox, accompanied by Mrs. A. C. Foster gave two vocal solos, "A Heart That is Free" by Alfred Robbins, and "Sweet Alice Blue Gown."

Mrs. V. W. Meadors, Jr., the former Miss Georgette Claus, principal of the Rhineland school for several years, presented an interesting study of Europe as she saw it in July and August of 1933. She is the daughter of Mr. and Mrs. H. N. Claus of Rhineland. She sailed from New York July 3 on board the M. S. Italia, with a group of thirty students sponsored by Midwestern University of Wichita Falls. They landed in Plymouth England after eight days of fine sailing weather. "We felt like Pilgrims in reverse," Mrs. Meadors laughingly recalled. Interesting and educational pictures in beautiful color film illustrated her talk. Ellis Island and the Statue of Liberty in New York Harbor were first in her collection. In London, England, Trafalgar Square, "Big Ben" and Piccadilly Circus, junction of many streets and busiest point in London was first on the speaker's list. This was followed by scenes of Westminster Abbey, Windsor Castle and the Hampton Court Palace home of Henry VIII. Ann Hathaway's Cottage, home of Robert and Elizabeth Browning, and Buckingham Palace with its beautiful grounds and formal gardens. "The real charm of England is the countryside," said Mrs. Meadors in her comment of many fine pictures of rural England, including Stratford-On-Avon, the home of Shakespeare. Also a group of scenes of famous Oxford University and Eaton College.

Mrs. Meadors found the people of Holland, from the lower to the middle classes, more friendly toward America than any other. Here where race clings to tradition in culture, modern soil conservation controls floods and rebuilds lands valued at \$2,000 per acre were shown many picturesque windmills and boats of the fishing industry. In Belgium the people were friendly, but she saw a few signs of "Americans go home" and "We despise Ike." In historic Luxembourg, where the natives still fear and hate the German race is located the American Cemetery where General Patton is buried with approximately 3,000 other Americans who were casualties of World War II. Mrs. Meadors described Paris, France as "the gay, sparkling city of the world." Most striking pictures were of the Cathedral of Notre Dame and the Arc de Triomphe. "The 350 mile drive from France

Naomi Bible Class Meets In Home of Mrs. Carl Scoggin

The Valentine Day theme was used as decorations and menu when Mesdames Bert Orr, Ray Oliphant, Sam Parks and Chas. Quattlebaum were hosts to the Naomi Bible class of the First Baptist church at their special social and business meeting Tuesday evening in the home of Mrs. Carl Scoggins. Mrs. Edna Brown gave the devotional from the 91st chapter of Psalms. Business session was conducted by the president Mrs. Ray Oliphant. Mrs. Orr presented a gift of appreciation to Mrs. Oliphant from the class. Mrs. Ashley directed the social hour. Mrs. Holland gave a humorous reading, Valentine Valentines were exchanged and read and a number of Valentine games and contests were enjoyed. Mrs. Troy Ash sang two numbers, "My God is Real" and "Let Me Call You Sweetheart" to her own accompaniment on the guitar. Those attending were Mesdames Slove, Bledsoe, Sam Parks, Wylie Quattlebaum, Lee Jenkins, Chas. Quattlebaum, W. E. Adkins, Ray Oliphant, John McMillin, Claude Linville, V. A. Brown, Carl Scoggins, Lexie Young, Virgie Bledsoe, Bert Orr, Troy Ash, Bertha Humphrey, Ed Cass, Tom Holland, Jim Fouts, Edna Brown, Elizabeth Whately, John E. Fouts, Claude Ashley, Byrtis Chamberlain and Arthur Edwards.

Wesleyan Service Guild Meets With Mrs. J. A. Bynum

The Wesleyan Service Guild of the First Methodist Church met Monday night Feb. 8 in the home of Mrs. J. A. Bynum. The program theme, "The American Negro in the Rural Methodist Church," was directed by Mrs. Frank C. Scott who gave the call to worship and discussed the programs of the local Negro church. Mrs. Pauline Biard gave the devotions. Others giving talks were Mrs. Irene Ballard, Mrs. Bill Hol-

den and Mrs. C. E. Chamberlain. Mrs. Arlos Weaver gave a most interesting review of the book of Jeremiah. The Guild feels very fortunate to have one who can so interestingly do this for it.

After the program, refreshments of sandwiches, Coke, coffee and punch were served by Mrs. Bynum assisted by the hostesses, Mrs. Pauline Biard and Mrs. Dora Montgomery to Mesdames Arlos Weaver, J. B. Thompson, Maud Derr, Pat Weaver, C. E. Chamberlain, Garvin Foote, Irene Ballard, Frank Scott, Nored Boone and Miss Grace Bisbee. The next meeting will be at the home of Mrs. Robert Fitzgerald March 8th.

Shirlene Tidwell Bride of Cpl. Pannell

Shirlene Tidwell, daughter of Mr. and Mrs. R. E. Tidwell, was married to Cpl. Pannell on Jan. 22 in the home of G. Hammer with Rev. Mr. and Mrs. G. C. Pannell in attendance. The bride is now at the U. S. Army at Camp Creek High School, living her home with

Stamford Camp Fire Girls and Director Present Program at Study Club Meeting

Three young Camp Fire girls and their Regional director, Mrs. Brannon Payne of Stamford presented the program when the Progressive Study Club met Thursday evening, Feb. 4, in the Homemaking

Cottage. Simulated camp fires and flame-colored floral arrangements were room decorations. Mrs. W. E. Woodson, Conservation chairman of the club, was program director. Last year's Camp Fire theme, Down to Earth, which featured conservation was contained in her opening remarks. The Texas Federation of Women's Clubs is sponsoring a project called "Operation Back-fence—Conversation About Conservation" in an effort to make people conservation-minded.

The speaker, Mrs. Payne, was introduced by Mrs. R. A. Lane. Mrs. Payne told the history of this 44-year-old organization, explained its purpose and setup, and made an appeal for leaders. "Unless the thinking women of today take over, and do something for the girls of today, there will be no thinking women of tomorrow," she said.

One of the beautiful ceremonials, copied from the American Indians, was performed by Wynette Sherman, Margaret Herren, and Linda Lane, who were dressed in their Camp Fire uniforms. Club members joined in singing "Indian Love Call" as the final number on the program.

With Indian Affairs one of the major projects of the TFWC, this phase of the program paved the way for the newest activity of the club's Public Affairs committee. Under the chairmanship of Mrs. Lynn Waldrip, members will be contacted to bring good used clothing to the next meeting. The collection will be sent to the Alabama-Coushatta Indian Village in Livingston (the only reservation in the State of Texas).

During the business meeting which preceded the program, members responded to roll call with a safety slogan. Mrs. Bill Lawson reported the safety subject for February as announced by the National Safety Council. Titled "Getting on—Safely," the report concerned the high rate of home accidents to people over 65 years of age and urged younger persons to provide them with safe environment.

Mrs. W. H. Pitman, Education

chairman, made a program report on the club's part in the celebration of Texas Public School Week. Mrs. R. W. Herren, Federation Counselor, reminded the club that it was "Report Time in First District."

Hostesses for the evening were Mrs. F. W. Martin and Mrs. R. A. Lane. Refreshments were served to Mrs. Payne; the Misses Sherman, Herren and Lane; one guest, Mrs. R. F. Coston; and the following members: Mesdames W. E. Woodson, Joe Thomson, W. J. Kemp, E. O. McClellan, Joe Williams, Ben Clifton, Royce Adkins, W. V. Felker, Bill Lawson, James Ferguson, Hugh Ratliff, James Johnson, Jim Byrd, Jean Elliott, Phillip Baird, W. O. Holden, Otis Curry, Austin Coburn, W. H. Pitman, R. W. Herren, Sam Herren, Robert Wheatley, and Jane Holt.

Every one is looking forward to the Valentine party in the home of Mrs. Flounroy Friday night at 7 p. m. Delicious refreshments were served to the following: Mesdames W. E. Johnson, Dowd Bland, Walter Rogers, Erna Watson, Jess Josselot, Bill Flounroy, Thelma Adams, J. B. Edwards, Tony Patterson, Irion Pearsey, and a visitor, Mrs. John McGuire.

Members of the Maybelle Circle and three members of the Loraine Mesta Circle of the First Baptist W. M. U. met in the home of Mrs. Julia Ferrin on Monday afternoon with 16 women in attendance. Following a brief discussion of business, "Jesus Calls You" was sung and a prayer was offered by Mrs. Whatley.

Mrs. Whiteker taught the lesson, Gideon, as outlined in Young People of Destiny. References were run in the 6th, 7th and 8th chapter of Judges. Mrs. Carter dismissed with prayer.

Those attending were Mesdames W. J. Lane, Mary Branch, Kate Bledsoe, J. A. Cain, Joe Maples, B. M. Whiteker, Foney Graham, K. D. Simmons, Edna Brown, H. R. Whatley, B. D. Massey, Hodges, and the hostess.

The next meeting will be in the home of Mrs. K. D. Simmons on the 4th Monday.

Rainbow Sewing Club Meets With Mrs. Pearsey

The Rainbow Sewing Club held its regular meeting in the home of Mrs. Pearsey Tuesday afternoon at 2:30.

The meeting opened with the president in charge. Mrs. Patterson led the group in singing the hymn Kneel at the Cross.

A session of business was held. The club gave Mrs. Edwards a warm welcome back home after having a long visit in California. Loving and useful gifts were given to the hostess. Mrs. Josselot won the lucky number and received a beautiful gift. The recreation was directed by Mrs. Patterson and Mrs. Rogers. We are happy to say the contest is running very fine.

Luncheon Honors District P. T. A. President

The district president of the 13th district Mrs. C. D. Beard of Vernon, was honored at a luncheon in the home of Mrs. Jean Elliott in honor of the Founders Day meeting that got under way at 3 p. m. in the Elementary School auditorium. Mrs. Beard, a mother and teacher was guest speaker at the joint meeting of the Elementary and Junior High Parent-Teachers Association Wednesday Feb. 13. Program topic, "The P-TA Keeps Faith with America."

The meeting was called to order by the Elementary president, Mrs. Jean Elliott. The P-TA welcome song was sung and led by Mrs. R. W. Herren. The secretary, Mrs. Sam Herren, read the minutes of the previous meeting. They were approved as read. The program director, Mrs. O. J. Currie brought a very enlightening devotion; using the all important dates of February.

Fifteen ex-presidents were honored. As the ex-presidents entered the room blue and gold ribbons were pinned on them by the Junior High president, Mrs. Edd Hester, assisted by Mrs. Sam Herren. The ex-presidents sat in a group and were introduced by Mrs. Elliott.

Mrs. Elliott and Mrs. Hester took the room count and a prize was given the room with the most parents present. In keeping tradition the Founders Day tea followed. The table was beautifully decorated in the Valentine theme. Serving at the tea table were Mrs. J. B. Gipson, assisted by Mrs. Virginia Flounroy. A silver offering was given for Founders Day and placed on the tea table.

Robert Fulton painted portraits before he became an inventor.

Scene of Merriment Marks First Annual 'Game Party' of Magazine Club Friday

Merriment ruled when the Magazine Club held its first annual game party Friday evening in the luncheon room of the Grammar School. In lieu of its regular scheduled formal meeting, members and friends relaxed in a genial atmosphere of fellowship promoted in the interest of raising funds for the club's various projects and charities.

The club, a member of the General Federation of Women's Clubs has as its Federation project the raising of funds for restoration of Independence Hall. The historic shrine so dear to the hearts of all Americans, has been sorely in need of repair in order that posterity may pause to pay homage at the birthplace of our nation, in a reproduction of its original state. There are indications that this national goal will be achieved.

Games of bridge, canasta and dominoes began early in the evening. Five taste-tempting cakes went to the lucky participants in the cakewalk later, and still more players were thrilled to be the recipients of the six door prizes—overflowing plates of homemade fudge and pralines. Refreshments of homemade pies and coffee rounded out the evening. Program director, Mrs. Wm. Wilson, Jr.,

and Independence Hall chairman, Mrs. Buford Cox, were ably assisted in planning for the party by hostesses Mrs. Joe Thomson and Mrs. R. C. Couch Jr. These women expressed their appreciation for the cooperation of various club members who donated pies, cakes and personal effort in the sale of tickets.

TEACHER OF THE WEEK

Mrs. Alma Terrell, a second grade teacher, is a native of Haskell County. She is the daughter of Mr. and Mrs. Paul Jossilet. Following her graduation from Weinert High School, she attended and received her B. S. degree from McMurry College.

Mrs. Terrell is the wife of V. P. Terrell. They live on a farm where Mr. Terrell is engaged in farming. They are the parents of two daughters: Mollie, who is in the fourth grade of Haskell Elementary School, and Paula, who is four years old.

Mrs. Terrell is a member of the

Methodist Church, Texas State Teachers Association, Elementary P-TA and life member of the Woman's Society of Christian Service.

All her teaching has been done in Haskell County. She taught two years in Douglas, one year at Paint Creek and five in Weinert Grade School before coming to Haskell Elementary School in 1951.

The second grade students of Mrs. Terrell are working on a unit of Ways of Sending Messages. The unit was begun by showing a film entitled the "Seven

MRS. ALMA TERRELL

Little Postmen," displaying pictures and discussing different ways of communicating with others by radio, television, telegraph, magazines and newspapers, and letters.

A post office was made from a large box and the children are taking turns in being the postman to prepare the mail and deliver the mail to the individual boxes that were placed on each child's locker.

The pupils have played games, written letters, and drawn pictures during this unit of work, as well as valuable information.

Mrs. J. B. Gipson, Mrs. Walter Dee Larned and Mrs. Ben Charlie Chapman assisted in taking the students to visit such places as the telephone office, post office, Payne Drug Store's telegraph office and The Haskell Free Press. During their visit to these places the students have obtained much information concerning the duties performed by the workers in order that a message could be sent and received.

Those students who made a visit to the various places were Judy Sego, Mike Bland, Sue Urban, Sammy Larned, Don Grindstaff, Emite Bale, Charles Chapman, Sandra Isbell, Ronald Gilleland, Jennene Branch, Johnny Matthews, Bobbie Becker, Jeff Castelberry, Joseph Thigpen, James Davis J. B. Gipson, Jr., Elizabeth Vaughtner, Wanda McFadden, Linda Cox, Susie Ozuna, Candance Sadler, Pat Keller, Marilyn Robinson, James Brooks, Alma Galindo David Ray, Linda McNeal, Adila Gonzales, Billy Sandlin and Romona Ozuna.

Those that were unable to make the trip were Darlene Whistler, Sammy McFadden and Gloria Overcash.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This
Gentle Vegetable Laxative Way!

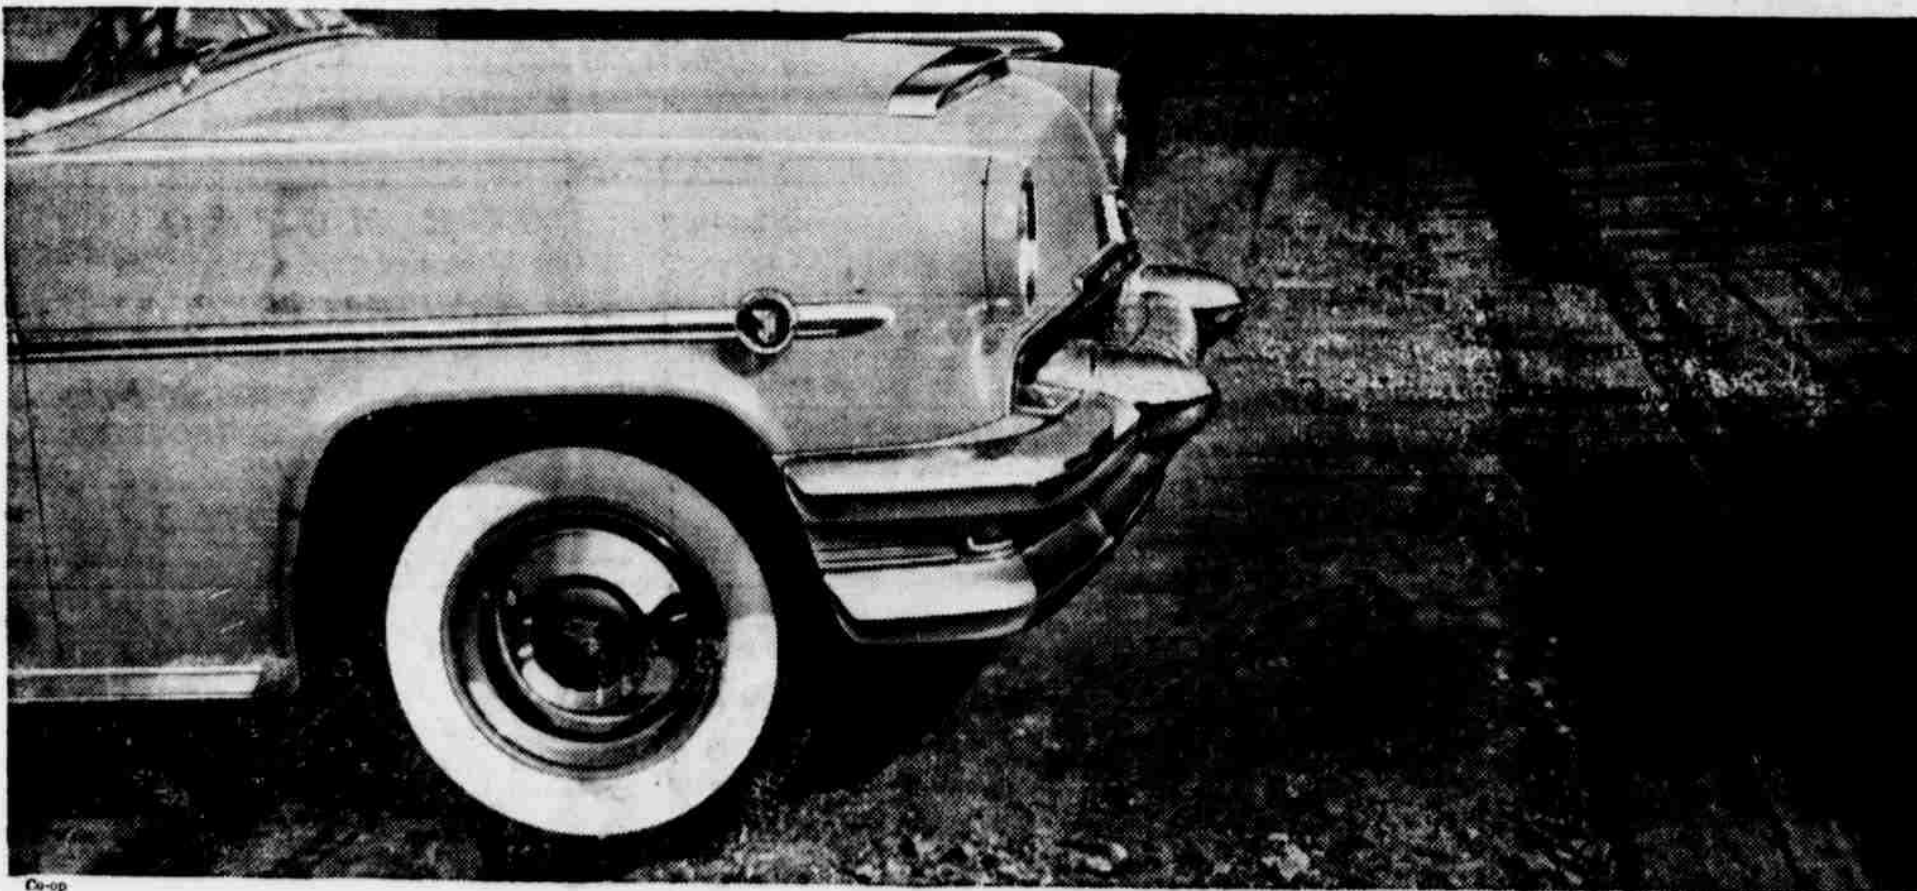

For constipation, never take harsh drugs.
 They cause brutal cramps and griping,
 disrupt normal bowel action, make re-
 peated doses seem needed.

When you are temporarily consti-
 pated, get relief but gentle relief—without
 salts, without harsh drugs. Take Dr.
 Caldwell's Senna Laxative contained in
 Syrup Pepsin. The extract of Senna in
 Dr. Caldwell's is one of the finest natural
 laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes
 good, gives gentle, comfortable, sat-
 isfying relief of temporary constipation
 for every member of the family. Helps
 you get "on schedule" without re-
 peated doses. Even relieves stomach
 sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if
 not satisfied. Mail bottle to Box 280,
 New York 18, N. Y.

Now...effortless, steadier handling

with New Ball-Joint Front Suspension

You'll notice the difference the moment you
 take the wheel. Mercury's new ball-joint front
 wheel suspension reduces the road shock of
 bumps and ruts. It gives you a feeling of
 greater control, better stability, as you take
 sharp curves and corners. In short, it makes
 handling far easier on any road. And only
 Mercury has it in its price class.

And Mercury also brings you an entirely
 SEE—DRIVE—NEW MERCURY SUN VALLEY—AMERICA'S FIRST TRANSPARENT-TOP CAR

new 161-horsepower overhead-valve V-8. You
 enjoy livelier performance—safer, more re-
 sponsive. When passing or hill climbing,
 Mercury's tremendous reserve power is avail-
 able instantly, automatically—released by a
 4-barrel carburetor, with the two extra barrels
 vacuum controlled. And although 28% more
 powerful, you get remarkable gasoline economy.
 Try Mercury's new performance on the road.

Safety Award Is Given To Local New Car Dealer

The Bill Wilson, Motor Co. of Haskell has received a Highway Safety Award in recognition of the part the firm is playing in the current school year by lending an automobile for high school driver training purposes.

The award was made by the Texas Automotive Association, the State organization of factory authorized new car dealers.

Loan of the training car was to Wehnert High School in a program that each year is helping out a constantly increasing number of high school students who are thoroughly versed in all phases of safe courteous driving. During the 1952-53 school year Bill Wilson Motor Co. loaned training cars to both Haskell and Wehnert high school.

C. B. Smith, Austin, Safety Chairman, and E. J. Pennington, Galveston, President of the State Dealers Association, termed the driver training program one of the most significant developments in the field of safety in recent years.

"Our youths form the reservoirs from which drivers of the future are drawn," they said, "and if we are to have safe highways it will be through their education in the proper handling of motor vehicles."

Nearly 300 members of the factory authorized new car dealers group received Safety Awards, according to Tom J. Crooks, Austin, manager of the Association. Their participation in the driver training activity represents a loan of equipment each year valued at approximately \$600,000, he said.

W. Tooley, Haskell, he entered the Army in July 1952 and arrived overseas last May.

He previously attended McMurry College in Abilene, and the University of Texas. He was sports editor and advertising manager of The Free Press at the time he entered the service.

Merchants Feature Many Bargains Dollar Day, Feb. 16

Tuesday, February 16 will be a "red letter day" for bargain seekers of this area.

On that date, Haskell merchants cooperating in the series of monthly trade promotion days will present February "Dollar Day" values for the one day only.

Stores, representing virtually all types of retail business, will feature outstanding values in a wide range of merchandise for the entire family, and for the home.

Many of the stores are including new Spring merchandise at special prices making Dollar Day a timely opportunity to secure seasonal items at worthwhile savings.

A partial list of the many bargains offered on Dollar Day are issue of The Free Press. Keep in mind, however, that the advertisements are limited to only a few of the special prices offered. Many other bargains will be noted when you visit the stores.

Cooperating stores sponsoring monthly Dollar Days include: The Personality Shoppe, Cofield's Shop, Lyles Jewelry, The Booterie, C & B Department Store, Neely Dry Goods, Frazier's Radio & Record Shop, The Fair Store, Hassen's, Wheatley's, Lane-Felker, Perkins-Timberlake Co., Sherman Floor Co.

Certified Seed Termed Cheap Crop Insurance

Certified seed cost slightly more, but added expense assures purity, higher germination and better yields at harvest. Seed of questionable purity and germination may not be cheap at any price, says L. C. Coffey, extension agronomist.

Coffey points out that seed labeled "certified" is the best seed available of a particular variety. Seed in this category comes from fields that have been inspected during the growing season, properly handled upon harvest, cleaned, tested for purity and germination and properly stored. All this, he adds, is insurance for the farmer.

The blue tags attached to each certified seed sack carry information of interest to the buyer. Issued by the State Department of Agriculture, the blue tags are placed only on seed that have met these high standards.

Farmers should purchase now the seed they will need for planting this year's crop, Coffey advises. Supplies generally are adequate, but last minute shoppers may find local supplies depleted and thus forced to plant whatever seed is available.

Coffey says if planting seed has not been chemically treated for seed-borne and seedling diseases, farmers by doing so will gain additional insurance against poor stands and plant losses during early plant growth. County agricultural agents can supply information on seed treating and can make local variety recommendations.

Lincoln Ellsworth was the first man to fly across the Antarctic continent.

Albert I, king of the Belgians, was killed in 1934, while mountain climbing.

Texas Land Values Decline 4 Per Cent, Survey Shows

Farm land values in Texas show moderate declines from postwar peaks established in 1952.

This decline coincides with a nationwide trend, says John G. McHaney, assistant extension economist of Texas A&M College and is a reflection toward slightly lower farm real estate values.

Value of farm land in the state declined four per cent last year, but is still 145 per cent over the 1935-39 average, says McHaney.

Declines of two per cent or more were recorded in all but three states, and 10 states had drops of five per cent or more. Sharpest land value decreases were evident in Kentucky and Tennessee westward to Utah, an area including most of the states where drought was a major factor in reducing farm income.

First apparent during the spring and summer of 1953, a mild decrease in land values continued in most of the country and now affects current developments in the farm real estate market, he says.

Farm real estate dealers and economists over the nation were asked recently whether they thought prices for rural real estate would increase, remain stable, or decrease further.

Only four per cent of the reporters expected an increase in price while four per cent thought prices would continue to lower. The remaining group, more than half the total, believe prices will not change.

Most reporters expect greater price drops for poor farms than for good farms.

Card of Thanks

We want to use this means of expressing our sincere appreciation to our friends and neighbors for the deeds of kindness, words of sympathy and for the floral offering. We thank everyone who had a part in any way to help lighten our burden during the death of our father, R. A. Hawkins.—Mr. and Mrs. Lusk Jenkins, Mr. and Mrs. Erwin Kingsberry, Mr. and Mrs. Tommy Allamand and families.

William Jennings Bryan was known as the "silver-tongued orator."

Brooks Middleton's Are Parents of Daughter

Mr. and Mrs. Brooks Middleton are the parents of a baby girl, Nancy Kay, born Friday, Feb. 5 in the Haskell County Hospital. The little miss weighed six and one-half pounds. Grandparents are Mrs. George Riley of Rotan and Mr. and Mrs. C. C. Middleton of Haskell.

HERE FROM ROTAN

Mr. and Mrs. Charlie Bennett of Rotan were visitors Sunday of Mr. and Mrs. Shelly Royall of this city. The Bennetts are former residents here and he was local manager of Lone Star Gas Company for a number of years.

First and Second Grade Pupils Visit P. O., Telephone and Newspaper Plants

Haskell Marine, Pfc. Lunceford B. Ivey, Receives Discharge

San Francisco (FHTNC)—The release from active duty of 500 Marines was announced recently at the Treasure Island Marine Barracks. The discharges are all veterans of Far Eastern service who were returned to the United States for separation upon expiration of their enlistments.

Texas Farm Cash Income Dips 15 Per Cent In '53

Texas farm cash income fell 300 million dollars in 1953, totaling 1.8 billion dollars compared with 2.1 billion in 1952, the University of Texas Business Research Bureau reported today.

Pupils in the First and Second grades of Haskell Elementary School visited the Haskell Telephone exchange, the post office, fire department, Free Press and the Western Union Thursday afternoon as part of their introductory studies on "Communications."

Accompanying the pupils were their teachers, Mrs. Robert Fitzgerald, Mrs. Omer Ray and Mrs. V. P. Terrell. They were assisted on the downtown "tour" by several mothers of children in the First Grade, including Mmes. Dugan Starr, R. C. Cobb, Herman Anderson, Bennie Bassing, Bill Ho'ter, Trussell, Larned, White, Emerson and Jean Elliott.

Pupils in Mrs. Fitzgerald's room visiting the various points of interest included Yolanda Galino, Anita Smith, Dean Phelps, Shirley Larned, James Kirby, James Ivy, Carol Ann Kreger, Rayna Trussell, Robert Speer, Tom Patterson, Pat Alexander, David Folstead, Jimmy Bynum, Alfred Therwanger, Steve McWilliams, Wiley White, Darrel Pitman, Danny Medford, Dianne Holter, Janice Tatum, Johnny McCollum, Carl Ray, Kay Oakley, Russell Emerson, Randy Wilson, John Crow, Mike Ghoson.

Pupils in Mrs. Ray's room making the tour included Domingo Enriquez, Mary Rodriguez, Tom Cobas, Larry Flournoy, Leonard Villareal, Cecile Cobb, Caroline Corley, Mary Ann Gibbs, Joe Jesselet, Monte Wayne Frierson, Carolyn Starr, Judy Cousins, Tommy Pogue, Phillip Hunt, Tony Williams, Zona Carroll Bassing, Nancy Hollar, Caroline Fischer, Benny Virgin, Rodney Anderson, Alice Brown, Shirley Greenwood, Carolyn Andress, Shirley Dunlap, Dickie Walker, Jimmie Larned, and a visitor, Don Cobb.

Mr. and Mrs. W. C. Winchester and Joann attended the Fat Stock Show at Fort Worth Saturday.

Plans Announced For Series of Scouter Training Schools In 3-County Area

Rapid growth of Scouting in the Chisholm Trail Council has made a Scouter Training School a "must," according to Rae Eastland of Stamford, chairman of the Northern District which includes Haskell, Jones and Shackelford counties.

Eastland told scouters at a meeting of the Northern District Committee held in Stamford recently that the district now has over 300 adult scouters registered in the program. Three-fourths of these adult scouters have never had training, Eastland pointed out.

To meet this need, Earle McCaleb of Anson, training chairman, offered a plan for training all Scouters in Cubbing, Scouting, and Exploring. The first course was held at the Avoca High School Monday, Feb. 1 at 7 p. m., with Avoca Scouters as hosts. Three courses were offered: Leadership Course for Scouters, Fundamentals and Achievement Plan for Cubbers, and Organization Course for Explorer Men. Other courses will be held later in Albany, Hamlin, Haskell, Anson and Stamford.

Haskell Sailor Is Returning From Far East Tour

Norfolk, Va. (FHTNC) — The USS Robison is scheduled to return Feb. 8 from duty in the Far East and completing a round-the-world cruise.

Aboard the destroyer is Freddie R. Sellers, torpedoman's mate seaman USN, son of Mrs. Lura M Sellers of Haskell. While operating off Japan and Korea, the ship was commended for the efficient rescue of three downed naval aviators. The Robison is also credited with another lifesaving venture which required a hundred mile race to carry medical aid to the stricken man aboard a tanker.

During the 45,000 mile cruise, the crew consumed over 25,000 gallons of coffee.

George Washington Goethals was the first governor of the Canal Zone.

Kent Courthouse Case Going To Supreme Court

The suit over relocation of the Kent County courthouse is going to the Supreme Court. In an unusual action, the 11th Court of Civil Appeals at Eastland has certified the suit to the Supreme Court, after itself upholding the findings of the 39th District Court of Haskell, where the original suit was heard in March of last year. Normally, an election suit cannot be appealed beyond the appellate court, Chief Justice Clyde Grissom said at Eastland. But, the court announced Friday that it was granting a motion to certify the case on to the highest state court. Certification was made Saturday, Clerk Homer Smith of the 11th Appeals Court said. The suit in question is styled Euel D. Harrison et al versus M. V. Jay et al. Harrison represents Clairmont, Jay, Jayton. It is the outgrowth of a hotly contested election on moving the county seat from Clairmont to Jayton. Outcome of a trial in 39th District Court in Haskell was that the courthouse would be moved to Jayton. The Eastland appeals court upheld that decision.

Richard A. Hawkins Colored Resident Since 1937, Dies

Richard Arthur Hawkins, colored resident of this city since 1937 died at 5:45 p. m. Monday in the Haskell Hospital. He had been in failing health for some time. Funeral rites were held at 2 p. m. today in the Independent Baptist Church with the Rev. J. W. Wade of Amarillo officiating. Burial was in Willow Cemetery with Holden Funeral Home in charge of arrangements. Hawkins was a native of Texas, born Dec. 15, 1874. He was married to Lucrecia Hardeman in 1895, who preceded her husband in death a number of years ago. Hawkins came to Haskell in 1937 and worked as a carpenter for a number of years. In recent years he had made his home with a daughter, Mrs. Irene Jenkins. He was a member of Hopewell Baptist Church. Immediate survivors include three daughters, Mrs. Jenkins; Mrs. Minnie Kingsbury and Mrs.

TEACHER OF THE WEEK

RAY OVERTON, JR.

Teacher of the week features Ray Overton, Jr. Overton is a graduate of Paint Creek High School and Texas A&M and served as pilot in the Army Air Corps. He also has done graduate work at Hardin-Simmons toward

his Master's degree. His wife is the former Miss Margaret Free of Haskell and a student of Hardin-Simmons University. Overton has been with the Haskell Schools for five years. He is the Junior, High football and basketball coach, the assistant High School coach, head High School basketball coach and teaches health and physical education in the Junior High School. For the past two weeks the Junior High has been working for tournament play and on plans for having one of their own the week end of Feb. 20. The last game being in the consolation final of the Munday tournament. The High School team won the consolation bracket of the McMurry tournament and went to the semi-finals in the Sweetwater tournament. The plan for teaching is that personal hygiene be taught along with the theory. The students are taught the function of the different organs of the body and the best way to care for them. Overton is a member of the Methodist Church, the TSTA, and the Texas High School Coaches Association.

Farmers Discuss Crops Adaptable To Retired Cotton Land At Meeting Here

Cash crops adaptable to this section and which can be used on land normally planted to cotton which will be cut back under the 1954 farm program, were discussed at a meeting here Friday night attended by a representative group of between 50 and 60 area farmers. The meeting had been arranged by County Agent F. W. Martin. Principal speaker was Robert L. Parker, manager of the Texas Sesame Seed Growers Association, of Paris, Texas. Tests conducted over a long period have determined that Sesame is a dependable cash crop which some day may rival cotton, Parker told the farmer group. The farmers also heard reports on the use of summer peas, blue panic grass, guar, fertilizers and improved varieties of cotton. Parker told the group that sesame, an erect annual plant which grows approximately 40 inches high and matures in about 90 days, produces a very high grade oil that stays non-rancid much longer than the more familiar vegetable oils. "Compared to cottonseed oil, sesame oil stays stable about 1,826 hours longer," he stated. "This means that food products made from sesame oil will stay fresh for a long period of time." In addition to its use in salad oils, margarine and shortening.

Tommie Alaman, both of Fort Worth; a son, Ollie Hawkins of Los Angeles, Calif.; fifteen grandchildren and eight great-grandchildren; and three brothers, Rev. Lewis Hawkins of McAlester, Okla., Dr. Ollie Hawkins of Chicago, Ill., and Tom Hawkins of San Antonio. Parker said sesame oil is also used in paints, soaps, cosmetics, for medicinal purposes, and many other uses. He pointed out that sesame meal is one of the highest grade feeds for livestock known to cattle raisers, analyzing over 50% protein, 92 per cent of which is digestible. Parker said sesame has never been grown extensively in Texas primarily because of its shattering characteristics. "Research and improved varieties have tremendously reduced this defect and today we're continuing work on a completely non-shattering strain," he stated. In comparing the total labor required for cotton and sesame, Parker said sesame was "way out ahead." He also pointed out that insect damage to sesame is practically nil and said the crop also grows well on land infested with cotton root rot. "Last year sesame actually made more money per acre in Texas than cotton," Parker said. "We're not trying to sell sesame as a replacement to cotton, however, but as companion crop." "If you have any underground seasoning at all, sesame will make a crop without additional rain, where cotton will not," he said. "But without any underground seasoning, sesame can't wait all summer for moisture then make a fairly good yield off late rains as cotton can." Parker said that even at 10 cents a pound, and the market last year was between 11 and 15 cents, a farmer could gross \$80 an acre off sesame. He added that even at production cost of \$25 an acre it was still a better, short season cash crop than most other row crops.

As an example, Parker said Robert Rankin, Seymour farmer, last year grossed \$83 an acre off 25 acres of sesame. Rankin, said Parker, kept an accurate record of his expenditures on the crop which totaled \$17 per acre. "And Rankin had only about a half a stand," Parker said. "He planted in early June and much of the crop died out because of high winds." In summation, Parker said that a relatively high cash crop of sesame could be grown at a time of year when other crops don't do so well and that land is tied up only about four months of the year. Otis Curry of the Soil Conservation Service here briefly told of the advantages of growing blue panic grass and Guar on idle land. "Blue panic grass is well adapted to most lands here and furnished good grazing, in addition to being a good soil building crop," he stated. "Almost every thing that has been said about sesame can also be said about guar," he continued. "But one of guar's greatest values is a soil building crop." The greatest money value from guar is obtained off the crops following it, he stated. L. B. White, Rochester farmer, told of seeing maize grow off like "I've never seen it," following the application of ammonium nitrate fertilizer. On cotton, however, he said, "We didn't apply it right or something, because it kept the seeds from germinating. I think the application of 16-20-0 on any land in this area will pay off, though."

Roy Saunders of the Western Cotton Oil, Munday, urged farmers to keep posted on new cotton strains and to choose the best variety even though it may cost a little more. He pointed out that Deltapine, a relatively new variety, produced 60 pounds of lint per acre more on every experiment station in the state with the exception of College Station, than did Hibred, one of Texas' most popular varieties.

Building plans for more than 400 farm structures and equipment are available at the local offices of county extension service agents.

Seedlings For Windbreaks Available At Cost To Farmers In This Area

College Station—The deadline for ordering tree seedlings to be used for windbreak purposes in Northwest Texas is February 28. Doan Young, head of the Texas Forest Service management department advised here today. The planting season extends through March. Orders submitted in February may specify a March delivery.

The available seedlings include Austrian pine, cottonwood, loblolly pine, shortleaf pine, mulberry, bois d'arc, western yellow pine, honey locust, red cedar, sycamore, Chinese elm and Russian olive. A record production of 20 million pine seedlings was grown by the Texas Forest Service this year.

Seedlings for windbreaks are sold to landowners at cost, \$1.50 per hundred. Trees sold by the Texas Forest Service cannot be used for ornamental purposes. The seedlings are shipped prepaid. Individuals desiring application blanks or planting information such as adaptability of species and recommended spacing should contact county agents, home demonstration agents or write to the Texas Forest Service, College Station. Orders for seedlings should be submitted direct to the Indian Mound Nursery, Alto, Texas.

E. J. Cloud, Rule Farmer, Candidate For Representative

E. J. (Ed) Cloud, prominent Rule farmer, former banker and country school teacher, has announced his candidacy for State Representative from the 83rd Legislative District, subject to action of the Democratic primary.

The 83rd district is composed of Haskell, Throckmorton, Baylor and Knox Counties, and Mr. Cloud is the first candidate to announce for the State office. In authorizing his announcement this week, he said that a formal statement in connection with his candidacy would likely follow at a later date.

Recognized as a successful farmer, banker and business man, Mr. Cloud is now serving his eighth year as Mayor of the City of Rule. Member of an early day Haskell County family, he has lived in the county 54 years during which time he has been actively identified with business and civic affairs connected with the development of this section. He is an overseas veteran of World War I.

Mr. Cloud was a country school teacher for 14 years. Later he was engaged in the banking business in Rule for a similar length of time, nine years of which was in an executive position in banking. For the last several years he has been operating his farm near Rule. With an active interest in church and community affairs, he is thoroughly conversant with governmental problems and needs of this section in the area's various fields of economy including both business and agriculture.

If elected as Representative, Mr. Cloud is in position to devote his full time to the office while the Legislature is in session and at all times when necessary. Also, he will be glad to give earnest and careful consideration to all petitions and suggestions made by the people of the 83rd district.

News From Sagerton

BY MRS. DELBERT LE FEVRE

Mr. and Mrs. Walter Bredthauer are the proud parents of a daughter born Saturday, Feb. 6 at the Haskell Hospital. Mr. and Mrs. C. C. Bredthauer of Sagerton are the grandparents and the other grandparents live near Haskell.

The Sagerton P-TA will hold its monthly meeting Tuesday evening Feb. 23, instead of the third Tuesday evening of the month. Mrs. John L. Guinn, Sagerton's postmistress, will present an educational film about our postal system. Mrs. Julia Hamby's first and second grade room will also present a short program. Mrs. Charles Clark is the refreshment chairman.

Mr. and Mrs. M. Y. Benton visited in Haskell Sunday afternoon with Mrs. Benton's parents, Mr. and Mrs. L. E. Marr.

Mr. and Mrs. J. R. Counts and Myrtle and Mr. and Mrs. J. E. Counts of Rotan visited in the D. W. Counts home Sunday.

Mr. and Mrs. B. Hess accompanied their son, E. D. Engleman to Spur Sunday. They visited with the Engleman's and then went on to Midland to visit relatives.

Mr. and Mrs. Victor Neinst of Spring Lake visited here with relatives last week end. Victor will report for service for Uncle Sam Feb. 11.

Mrs. Charles Clark was hostess for the Stitch and Chatter Club in the home of her mother Mrs. M. Y. Benton Wednesday, Feb.

3. The afternoon was spent quilting. All members were present. Mrs. Clark served cherry ice cream and Cokes to her guests.

Their next meeting will be Feb. 17 with Mrs. Henry Laughlin as hostess in the home of Mrs. Grady Laughlin.

Fred and Christine Ender have been released from the Anson Hospital where they have spent several weeks recovering from an auto accident at the "Y" just before entering Anson. Their mother, Mrs. Emma Ender, who has both legs broken, is still in the hospital, and Christine, who only suffered a broken arm, is staying with her.

Bill Stanhope celebrated his birthday Friday night Feb. 5th. Guests for the party were Mr. and Mrs. Oscar Neinst, Misses Lillian and Loretta Neinst Mr. and Mrs. Chas. Clark and family, and Mr. and Mrs. Auda V. Neinst of Hamlin.

Mr. and Mrs. Lee Roy Alls of San Antonio visited here last week with Mr. and Mrs. A. L. Gibson and family and with other relatives.

Whit Clark of Benavides spent last week end with his parents, Mr. and Mrs. John Clark. He and Miss Jo Frances Heathington of Rotan were guests of Mr. and Mrs. Chas. Clark and sons Saturday night for supper.

Mr. and Mrs. Lawson Hart of Aspermont visited with Mr. and Mrs. Lois Young here Sunday.

Mrs. Ellen Reising of Midland came in Saturday for a surprise visit with her sister, Mrs. B. Hess.

The Rev. Zucker, pastor of the Zion Lutheran Church and Mrs. Zucker are attending pastors' conference of the Missouri Synod Lutheran Churches in Coppas Cove this week.

Guests of Mr. and Mrs. Edgar Jennings and daughters last week were Mr. Jennings' parents and his brother, Albert of Tulsa.

Albany, N. Y. is the oldest chartered city in the United States.

Performance is the Pay-off

IMPROVED

Esso Extra gasoline

gives you All Three performance qualities

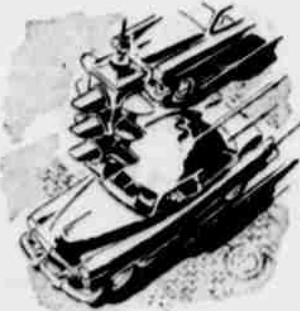

1 Extra Quick Starting and warm-up

You benefit from Esso Extra's improved quick starting quality because you save gasoline, and prevent gasoline-dilution of crankcase oil. Quick starting makes a tank of Esso Extra last longer.

2 Extra Anti-Knock (Extra High Octane Rating)

You benefit from Esso Extra's improved anti-knock performance because this quality eliminates harmful knock, gives smoothest operation, prevents power loss, lowers maintenance costs, and gives you added pleasure every time you drive your car.

3 Extra Power

You benefit from Esso Extra's stepped-up power because you get quicker get-away in traffic, smoother acceleration, improved highway performance, and the feel of reserve power when you need it. Your car will give you more satisfaction - you'll enjoy it more - when you use Esso Extra.

"You're getting your money's worth when you fill up with Esso Extra"
