Thief Takes Money From Parsonage of Lutheran Church

A thief who entered the Trinity Lutheran Church parsonage occupied by the Rev. Bruno Gaskamp and family, took between \$15 and \$20 in cash from the Lord's treasury box, and a ring belonging to Mrs. Gaskamp, along with money from the minister's wallet, and church offering envelopes which contained money.

The theft which occurred Wednesday of last week, probably took place during the noon hour while dinner was being served at the church nearby, Rev. Gaskamp believes.

The ring stolen from Mrs. Gaskamp was one she treasured as a keepsake and formerly belonged to her grandmother.

The intruder left through the back door of the parsonage, and some small change was scattered on the floor, evidently in making a hurried exit. It is believed the culprit entered either through the garage or front door of the parsonage.

Explosion Wrecks 2-Room Apartment Wednesday

An explosion and flash fire, apparently due to an accumulation of gas beneath a two-room apartment occupied by Mrs. George Fields at the residence of her son, Mr. and Mrs. W. C. Johnson, virtually wrecked the small stucco structure Wednesday.

Mrs. Fields, 79, who was in the living room at the time, escaped serious injury, but suffered shock.

The explosion occurred at 12:45 p. m. Firemen answering the alarm, said there was only a minor blaze.

The explosion centered beneath the floor of the kitchen in the small house. The floor was splintered by the force, windows blown out, and stucco walls cracked.

Mr. Johnson estimated that the building was a total loss.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN — Legislators were getting ready this week to tackle again the teacher-pay problem as Governor Allan Shivers put out the word that a special session is coming soon.

Shivers' move came quickly after a committee unanimously approved a compromise plan to raise teacher-pay \$402 per year. The committee was appointed by the governor and the Texas State Teachers Association.

Governor Shivers told the committee that he would convene the Legislature "if this bill embodies what I understand it to, and submit it not only as your recommendation, but as mine."

"I think we've all reached an accord here that I hope will become an actuality," he commented.

Estimated cost of the proposed salary increase is \$23 million per year. The committee's bill, however, does not include a method of financing the cost.

School Superintendent H. W. Stillwell of Texarkana told the committee that the Governor had indicated the subject of more tax revenue might be submitted to legislators if the money is not in sight from other sources.

Involved in this question is the natural gas pipeline tax which is before the U. S. Supreme Court. This tax would yield about \$1 million a month, in addition to the \$45 million already impounded from the levy.

Although the bill provides that the pay increase would not start until the 1954-55 school year, Stillwell said he is hopeful that bonuses for this year might be approved once the Legislature is in session.

Meanwhile, Attorney John Ben Shepperd declared that the Supreme Court's action in another gas case "could result in a great victory for all gas-producing states."

A rehearing was granted Phillips Petroleum Company in a suit concerning sale of gas to interstate pipeline firms. Lower courts had held that such sales were subject to federal regulation.

Chief argument against the Texas law has been that it was a tax on interstate commerce and thus void.

Shepperd said that the fundamental question is "may the states continue to regulate the gas industry, or must they step aside for federal bureaucracy?"

"This decision by the court is the first ray of hope in recent years that the court may recognize states' rights in natural gas production," he added.

Liberal Texas Democrats were

at loggerheads in a drive by national party leaders to set up an advisory council for the state.

Dissension developed when House Minority Leader Sam Rayburn asked "faithful Democrats" to nominate members of the advisory council which would function under the National Democratic Committee.

In addition to the 62 members to be chosen by senatorial districts, several members-at-large have been appointed by National Chairman Stephen Mitchell.

One sore point seemed to be the absence of former loyalist leaders among those chosen for key roles in the new group.

"Loyal" Democrats are planning a showdown fight this year against Governor Shivers' conservative forces to recapture control of the state executive committee.

Mrs. H. H. Weinert of Seguin, national committeewoman, made it clear she would oppose use of the advisory group for any purpose except fund raising, its stated principal purpose. She backed the party ticket in the 1952 presidential race, but has not been aligned with the extreme liberal faction.

Another point of dissension, some leaders in the 1952 "loyalist" fight have questioned the authority of Byron Skelton of Temple to continue as chairman of the Texas Democratic Organizing Committee, which was formed last Fall to battle the conservatives.

Skelton was the first liberal named by the national party to serve on the advisory council. But, regarding activities of this group, he said any statement would have

to come from Rayburn or Mitchell as directors of the program.

Strange as it may seem, Governor Shivers has lined up with the liberal Democrats on one issue. He declared that he favors allowing 18-year-olds to vote.

It is a matter that should be submitted to the people for a decision, Shivers said.

"In view of the fact that 18-year-olds are called during war to defend our democratic principles, it is even more reasonable to encourage their active participation in the science of government," the governor said.

Charges that the State Board of Hospitals and Special Schools has "repeatedly failed" to accept lowest bids for construction work have been made by State Senator Wayne Wagonmiller of Bowie.

He called upon the Senate investigating committee to hold an inquiry for, which he claimed to have documentary proof of the charges.

Dr. James A. Bethea, executive director of the system, replied that "in every instance, the lowest bidder has gotten the bid."

An architect for the board, Walter Moore, explained that usually bids with alternate materials are asked. Then, when bids are lower than the estimates, the board sometimes approves construction that is better, than the cheapest offered.

Continued high employment levels during 1954 have been predicted by the Texas Employment Commission.

Although some unemployment is expected as a result of reduced military spending, there will be gains in non-defensive industry, the commission said.

Palmer Hoyt, publisher of the

Denver Post, told a meeting of the Texas Press Association that instead of a depression, the country is due a "buyer's market."

He berated people who are "wasting a lot of breath" and causing a lot of heartaches by insisting that we are going to have a depression.

Observance of the Centennial of Texas Public Schools will start throughout the state on January 31, the anniversary date.

Climax of activity for the year-long observance will be during Public Schools Week March 1-6, coinciding with the anniversary of Texas Independence.

Although other cities are planning special events for that week, the capital city as a center of education and government plans a massive celebration with more than 100,000 persons taking part.

Lone Star GIs in England will likely eat barbecued beef on Texas Independence Day with some Britons who call themselves "Anglo-Texans."

Houston Fat Stock Show officials talked to the governor about how to get some Blue Ribbon winners to England in a hurry after the show.

Test Drive a FORD... and you'll want to drive it home

Try the Y or the I. You'll thrill to Ford's greater responsiveness the first time you take a Test Drive. And you'll discover that this new "Go" is yours through the full range of driving speeds! Both of Ford's new engines have an extra-deep block extending well below the crankshaft, giving the V-8 a "Y" shape, the Six an "I" shape—and you a more rigid, smoother, quieter engine. Both are short-stroke engines, too, which means less internal friction, more usable energy, greater gas savings and long engine life.

Feel how Ford's new Ball-Joint Front Suspension cushions the bumps. You'll find a new kind of ride... level and smooth... even on rough, rutted roads. And, because Ford's new ball-joint front suspension is simpler than the conventional type... with 12 points of wear eliminated... that "new car" feel lasts longer.

Look at your beautiful surroundings. You'll see why Ford interiors for '54 set a new high in beauty. For here is a matchless blending of fabric, color and styling. Every detail says "fine car" quality from the new upholstery and trim to the unique new Astra-Dial Control Panel. And you'll find there's all the "living room" you'll ever want or need.

See how Ford's optional power assists* make your driving easier. Unlike other low-priced cars, Ford offers a power-lift system that operates on all four windows. And Ford's power-operated front seat moves up and down as well as back and forth. Ford also offers you power brakes, power steering and Fordomatic.

Your fun really begins when you own a Ford

Of course, you can't fully appreciate the many, many "worth more" advantages that are yours in a '54 Ford until you actually own one. You'll find that your Ford provides the careful craftsmanship of a full-tight Crestmark Body, the added safety of Full-Circle Visibility, the easier action of suspended clutch and brake pedals and the convenience of Center-Fill Fueling... advances which make your Ford more fun to drive. And only Ford in the low-price field brings them to you. Why not join the swing to Ford!

We cordially invite you to Test Drive a '54 FORD

He pledges if elected, to devote his best efforts, at all times to discharging the duties of Constable fairly and impartially, to cooperate with the rights and privileges of everyone concerned. "I believe that every public official is a servant of the people, and that principle will be followed to the best of my ability in making you a trustworthy officer if I am elected as your Constable," Mr. Lewellen said.

As the campaign progresses, Mr. Lewellen will endeavor to see as many of the voters in the precinct as possible to present his candidacy to them personally. Until that opportunity is afforded he will appreciate any consideration given in his behalf.

Joe S. Harper Discusses Farm Economics In Talk At Progressive Study Club Meeting

Haskell County's "bread and butter" was the way J. S. Harper termed farming in his speech on Economics to the Progressive Study Club Thursday evening, Jan. 21.

Mr. Harper, former PMA secretary and recently elected secretary-treasurer of Haskell County National Farm Loan Association, was introduced by program director, Mrs. Tommy Davis.

In presenting his views, Mr. Harper stressed farming since that represents the major portion of the economy of Haskell County. He asked, "Do we know any business man who puts his products on a shelf and, in place of a price tag, attaches a 'What'll you give?' sign?" He went on to say that a farmer must bring his products to town and do approximately just that. Explaining the organized programs to adjust the situation, Mr. Harper advised "An understanding of other folks' problems goes a long way towards solving these problems. Let's be a little slow to criticize. Learn the facts and then decide, intelligently, what is best to do."

A burst of laughter followed his comment that "lots of folks think that the AAA is still killing little pigs."

A devotional brought by Mrs. Royce Smith opened the program and, following Mr. Harper's speech, two films were shown.

Mrs. Jack Pippin introduced the

first film, issued by the American Medical Association, on procedure during national emergencies. The second film, "How Young America Paints" was presented by Mrs. W. O. Holden, Fine Arts chairman. Arrangements were made by Mrs. R. W. Herren, sponsor, to show the art film to the Junior High Art Club and the students in Elementary School.

A brief business session preceded the program. Mrs. O. J. Curry was elected Historian to serve the following year. Mrs. Joe Williams and Mrs. Robert Mobley were elected to active membership in the club.

Members were urged to attend the next regular meeting February 4 which will feature Conservation and Youth Cooperation. Mrs. Brannon Payne and a group of Camp Fire Girls will be program guests.

Hostesses Mrs. W. H. Pitman, Mrs. Royce Adkins and Mrs. Jim Byrd served individual cherry pies and hot chocolate to Mr. Harper and the following members: Mesdames Austin Coburn, O. J. Curry, Tommy Davis, S. W. Flournoy, George Hauser, R. W. Herren, W. O. Holden, Jack Landess, Bill Lawson, Jack Pippin, Lynn Waldrip, Arlos Weaver, Robert Wheatley, James Johnson, Phillip Baird, H. L. TEACHER OF THE WEEK

MRS. THELMA THOMAS

The teacher of the week features Mrs. Thelma Thomas, commercial teacher and lunchroom bookkeeper of Haskell High School. She received a Bachelor of Business Administration degree from North Texas State College in 1947. While attending college, she was a member of Pi Omega Pi, a national business education fraternity, and an officer of the B. S. U. Council for two years.

Mrs. Thomas is the wife of Clifford Thomas, Jr., who is engaged in farming. They are the parents of one son, Clifford III, two years old.

Mrs. Thomas is a member of the First Baptist Church, Texas State Teachers Association, and the Haskell County Teachers Association.

She entered the teaching profession in 1947 in Haskell High School where she taught commercial subjects for four years.

The Junior Business Training class, under her instruction, has just completed a study of Federal Income Taxes. The class gathered information on the different forms used in making tax returns. Those included copies of individual income tax returns, Form 1040 and Forms W-2 and W-4. Each student was given a sample copy of an employee's withholding exemption certificate to fill. After gaining an understanding of the purpose of such certificates, each student received a sample copy of Form 1040 to study and complete.

This activity has created an increased interest in the class, because the individual realized the importance of having some knowledge concerning Federal Income Taxes when it becomes necessary for him to file income tax returns. The aim of this activity was to enable each one to file his own tax return and to make the job of collecting our country's

taxes easier.

The Advanced Typing class under the supervision of Mrs. Thomas has been studying business letters from the actual composition to the addressing of envelopes for business letters. They have also finished a study of the use and preparation of stencils. Each student has typed a stencil and before this unit of work is entirely completed, he will have reviewed and seen the operation of a mimeograph machine and the production of a finished mimeograph copy of material. The purpose of the work being done in this class is to develop skill in using the typewriter and to gain a knowledge of the use of business forms so that each student may be able to serve as an efficient and informed employee or employer in the commercial field.

The finances and reports of the High School and Elementary School lunchrooms are being handled under a separate book-keeping system this year so that a more complete and detailed record may be kept.

Mrs. Thomas has been given this assignment in addition to teaching commercial subjects.

L. L. (Louie) Kuenstler, well known trucking contractor, of this city has authorized the announcement of his candidacy for the office of County Commissioner in Prec. No. 3, subject to action of the Democratic primary.

Mr. Kuenstler, a resident of Haskell County and Precinct 3 practically his entire lifetime, needs no introduction to a majority of the people in that section. Because of his long residence in this area, he is well acquainted with the needs of the precinct.

G. W. Piland Is Candidate For Justice of Peace

G. W. Piland, well-known, retired farmer of this city, has authorized the announcement of his candidacy for Justice of the Peace in Precinct No. 1, subject to action of the Democratic primary.

A resident of Haskell and Haskell County for 47 years, Mr. Piland is well and favorably known to a majority of the people in this section. During most of his long residence here he was engaged in farming. He has reared a family of 4 girls and 4 boys, all of whom grew up on the farm.

All four of his sons served with the armed forces during World War II, and one son also served in the Korean War.

His schooling includes two years at Simmons University. Later he worked in a Government plant for some time, returning to Haskell County in 1919 to engage in farming. He has never held public office, but has had considerable knowledge of court procedure and a fair conception of laws, and believes he knows how to deal justly with the public at large. "If elected, I will do my best to always be honest and fair with all people, holding to what I think is right between men," Mr. Piland said. "And I solicit the support of the people on a pledge of honesty in all my acts."

As the campaign progresses, Mr. Piland plans to make as intensive a campaign as possible in order to place his candidacy before each voter personally.

In the meantime, he solicits and will appreciate careful consideration of the citizens in Precinct 1.

Bobbie Dulaney and infant son, Haskell; Mrs. R. A. Drinnon and infant daughter, Weint; Mrs. Chas. Kirkland and infant son, Haskell; Mrs. O. D. Byrd and infant son, O'Brien; Mrs. Bill G. Smart and infant daughter, Knox City.
