Club Cafe Loses \$100 in Burglary Monday Night

Goodfellows; Toys Needed Burglars who entered the Club Cafe on the south side of the square sometime Monday night or early Tuesday secured an estimated \$100 in money from the cash register and a cigarette vending machine in the cafe.

Also taken were several boxes of cigars and a few packages of cigarettes, Mr. and Mrs. T. A. l'ate, owners of the cafe report-

Entry was gained by removing window pane in the rear of the building.

The burglary is believed to have occurred sometime after midnight Monday, as the cafe remains open until 11 p. m. The thieves were considerate

in one respect, at least. A number of expensive Christmas packages on a counter and showcase near the cash register were not molested.

enerous response to the Goodfellows fund being sponsored by the Lions Club indicated this week that some measure of Christmas cheer can be provided for every underprivileged fam-ily in Haskell.

At least the Goodfellows are hoping they can do that, if contributions to the Christmas fund continue to come in at the rate they have in the past few days.

The list of needy and deserving families has also continued to increase, and the need this year will be much greater than at any Christmas in recent years,

the Goodfellows declare. "The list of families turned in to date includes many homes where there are little children, a spokesman for the Goodfellows said. "In the Christmas baskets for these families we would like to include at least a few toys for the children," he added.

Children who have good, usable toys of any kind can help the Goodfellows if they will donate the articles they no longer

desire. Children's books, dolls, or toys of any kind just so they are usable, are desired by the Goodfellows. They may be left at the Chamber of Commerce office or at the Fire Station in the City Hall, and the Goodfellows will see that they are distributed to families with children.

In addition to toys, persons desiring to contribute financially to the Christmas program may mail their checks to Goodfellows, Haskell Lions Club, or hand their donation to any member of the Lions.

Persons desiring to turn names of needy families should leave the names at the Cham-ber of Commerce office not later than Monday, Dec. 20, Goodfellows have announced. The deadline is necessary in order to permit time for checking the list for duplications, they explained.

Hermeligh Cardinals Upset Rochester Steers 26-25 to Win Regional Title

utes of the game with a command-ing 25-6 lead, the Rochester Steers saw the Region II-B football championship slip from their grasp in a devastating three-touchdown scoring attack by the Hermleigh Cardinals Saturday af-ternoon at Snyder.

The Steers had battled through their district schedule, then captured bi-district honors, and had soundly outplayed Hermleigh during more than three-quarters of their regional contest when lisaster struck.

Some 2,000 chilled fans saw Halfback Billy Mac Davidson hand Hermleigh the startling victory by booting a perfect ex-tra point to break a 25-25 dead-lock with only 1.31 left in the rame

While it was Davidson's golden toe that iced the game away, it was the passing of sophomore Quarterback Robby Robinson and the receiving of end Neal Wil-cox that turned almost certain defeat into victory,

Wilcox took two touchdown passes of 18 and 79 yards from the arm of Robinson and another 47-yarder with less than three minutes remaining to set up the winning TD on the Rochester

Other than booting the winning extra point, Davidson scored two, touchdowns on runs of one and two yards and kicked Hermleigh's other conversion.

Billy Joe Hollingsworth, Rochester's powerful fullback, was brilliant in defeat. He scored three touchdowns on gallops of one, three and 26 yards.

Halfback Aubrey Wolf took a 36-yard pass from reserve half-back Jerry Bean to score Rochester's other touchdown. Half-back Donnie McNelly ran across the Steers' lone extra point. Hollingsworth was Rochester's whole show on offense as he picked up 249 of the Steers' 275 yards rushing to lead the day's rushers.

Robinson was joined by Davidson and halfback Wendell Goodman in sparking the Cardinals on offense, but it was the sophomore quarterback who walked off with top honors. In the final quarter Robin-son completed 4 of 11 pass-

Going into the final eight min-es of the game with a command- pleted pass came in the second period, good for 18 yards to Wilcox and a touchdown. All told, he finished the day with 5 comple-tions for 196 yards and two touchdowns, and led Hermleigh in rushing with 46 yards on 14 carries.

> Coaches Ray Isaacs of Herm-leigh and Phil Simmons of Rochester decided at halftime that should the two teams tie, they would be declared co-champions rather than decide the issue on penetration, first downs or yard-

age. But for the record, if David-son's boot had failed and the game would have depended on statistics, the Steers would have been the champions. Department of the with

Penetrations were tied with five each, but Rochester had 17 first downs to 15 for Hermleigh. In total offense, Hermleigh had 346 yards to Rochester's 331.

Haskell schools were dismissed for the event, and the High School Band, with majorettes dressed in attractive Santa Claus costumes led the parade through

the business section. Santa himself, riding in a sleigh pulled by four reindeer, provided the central attraction in the procession, while another popular unit was one of the city fire trucks on which as many kiddies that could pile on were permitted to ride. And about the happiest little

girl in the parade was riding the Shetland pony which is to be given away Christmas Eve day by the Lions Club for the bene-fit of the Goodfellows Fund. After the parade around the

courthouse square, Santa parked his sleigh and reindeer on the southwest corner of the lawn where the HHS Band played several selections, and Saint Nicholas talked to the little folks and gave them candy. Santa's 30-minute stay on the

courthouse lawn also gave the children, along with many interested grown-ups as well, an opportunity to get a close-up view of Dancer and Prancer, Donder and Blitzen, real live reindeer brought from the Arctic Circle expressly for Santa to use in his parade in various parts of the country.

Story of Christ Theme of Trinity Ladies Club Meet

"Christ in Christmas" was the theme of the December meeting of the Trinity Ladies Club of the Lutheran Church. In por-trayal of the birth of our Savior, the club's program committee, Mrs. Willie Peiser, Mrs. George Moeller and Mrs. Martin Ruef-fer, again retold the glorious Christmas message of salvation for all mankind.

The meeting opened with the reading of scripture by the pres-ident, Mrs. G. Muegge and Mrs. Geo. H. Hauser, Jr., led the group in prayer and the Rev. Bruno Gaskamp provided the Bible study.

Members entered the annex with token Christmas gifts for each other, then stepped over to a special gift box in lieu of ex-changing presents and deposited funds to buy silverware for the entire church's use. Hostesses for the Christmas party were Mesdames Ernest Pei-ser, Alfon Peiser and Willie Peiser. Christmas Social In Gresham Home

The Dorcas Class of the First Baptist Church met in the home of Mrs. Walter Gresham for the Christmas program and business meeting. The house was beautifully decorated with greenery, Christmas

cenes in styrofoam, candles and bright balls. In one corner was a gaily decorated Christmas tree with colorful packages heaped underneath which the members had brought to exchange.

The program opened with a prayer by the teacher, Mrs. Gladys Merchant, after which many Christmas hymns and carols were sung. A short business session was held with Mrs. Alpha Calhoun, first vice president, presiding. The secretary, Mrs. Thelma Lancaster, read the Lottie Moon Christmas offering. Mrs. Fay Thompson brought a

wonderful devotional telling the story of the birth of Jesus in a stable, stressing the part the inn-keeper had played in this dra-matic event. She told how the innkeeper had failed to recognize the greatest opportunity of his life time, and said we too, might let great opportunities to serve go by unnoticed. The devotional

was closed wi Mrs. Thompson. closed with a prayer by Christmas gifts were taken from the tree and given to every one present. Each member dis-

played her gift and told the name of the giver. The hostesses, who were members of Group I and II, served delicious refreshments of coffee, fruit cake and whipped cream, with tiny Santa Claus favors for

each plate. Members present were Mesdames Clara Biard, Opal Dotson, Allene Wheatley, Virginia Flournoy, Trudie Gresham, Elyse Eastland, Wynona Lusk, Freddie Ballard, Lois Henry, France: Bird, Gladys Merchant, Alpha Calhoun, Thelma Lancaster, Ethel Lou Shelton, Marjorie Waldrip, Kathryn Swartz, Grace McKelvain, Avis Pennington, Fay Thompson, and Betty Jo Clanton.

All packers discount grubby calves and it is a heavy loss to cattle producers. Your County Agent can give you a simple remedy to clear them up, or your local feed store or drug store can likely furnish a remedy.

> Little Price Change Seen for Livestock **Feed in 1955**

Livestock feeds and hays in 1955 are expected to cost Texas farmers about the same as this year.

Prices of high protein feeds will probably hold steady and the cost of cottonseed meal probably will rise this winter and continue high into 1955, pre-dicts John G. McHaney, extension agricultural economist. A rather marked difference in prices of individual feeds is on the '55 hori-

By individual feeds the economist sees it this way: Shipments of hay to Texas will continue for the duration of the drouth, Hay supplies for the nation as a whole are above last year. But supplies in the South-

west are very short. Corn—The '54 corn crop does not meet total requirements and later in the marketing year, prices probably will rise above those of a year earlier. Sorghum grain—The 8,900,000 acre harvest of grain sorghums this year in the U. S. was the third largest in history. With a normal gorwing season in '55 prices probably will not improve

Oats and barley—Oat supplies are near a record level. Prices for this commodity and for bar-ley are expected to average lower than normal in relation to the price of corn. High product-ion again this year paves the way to a depressed market for cats next year.

Check Fruit Trees Before Pruning **This** Winter

Observe carefully the number of fruit buds on trees before pruning the orchard this winter, advises B. G. Hancock, extension horticulturist of Texas A&M Col-

Hancock says unfavorable weather has caused subnormal terminal growth on fruit-bearing trees this season in all of Texas. Generally fruit trees, especially peach, have set only a light crop of buds for next year. Where this condition prevails, very little pruning will be necessary, says the specialist.

Porter's backing for the job. State Building Program Karl Kamrath, Houston architect and chairman of the state planning commission, says that state plans for new buildings in Austin will probably be delayed until the capitol city's new 'Master Plan" is developed, so that city and state plans may dovetail.

Kamrath was here to talk with the city's planning officials about the employment of a consulting engineer for preparation of the new master plan. State voters recently approved

a constitutional amendment authorizing the transfer of surplus money from the Confederate Pension Fund to a building fund for the erection of a new courts building and a new state office

building. Another Attempt If you wear glasses you'll be interested in the latest move by the state optometry board.

Last year the Legislature refused to pass an optometry bill granting the board dictatorial powers over newspaper and other advertising. Legislators felt that the public's

interest came first, and that the board's bill would only serve to jack up the cost of glasses. As one Legislator put it "They are out to make the people pay through the eyes." Twice in the last 13 months the board has issued a "ruling"and recalled it-outlawing news-

paper advertising by optome-trists, except for card ads. This order was in direct difference of the state Legislature and in spite of Attorney General John Ben Shepperd's ruling that they had no such power. Now the board has called for "public" hearings, January 3 at the statehouse, as a buildup for another ruling. Democratic Harmony Maybe there is going to be a

ference here. He said the trend of a party meeting in New Orleans seemed to indicate a feeling on the part of Democratic leaders to yield somewhat in their attitude toward southern conservatives. "It should be looked on in that light," the Governor said.

Legislators at Work Texas legislators, with a \$15 per day pay boost, will spend little time in getting back to work in January.

Committee appointments and election of a speaker of the House are expected to present no problems. Lieutenant Governor Ben Ram-

sey is planning to name the Senate committees by Jan. 11, when members convene

Rep. Jim T. Lindsey of Texwkana is unopposed for speaker of the house and the first day's business will see him elected. He's also expected to have committee appointments ready early. Under new regulations, legis-

lators receive \$25 a day for the first 120 days, and \$5 a day for regular session overtime. The new rule should speed up 1955 action.

Special sessions, under the new law, must end in 30 days, with \$25 a day applicable.

Highway Plans

A \$2.5 million highway program for Texas has been okayed by a special committee appointed at the request of Gov. Shivers. State Highway Commission Chairman E. H. Thornton, Jr. who set up the committee said that the problem of financing the program would be submitted to the legislature in January.

Money for Water Financial and drouth problems will be the major matters facing the legislature next year. State departments are clamoring for funds-a \$41 million increase in appropriations.

A majority of the lawmakers are expected to go along with Governor Shivers on the money problem.
