

## Palomino and Quarter Horse Shows Gets Underway Today

The Palomino and Quarter Horse shows, sponsored by the Haskell Riding Club, started this morning at 10 a. m. and will continue through tonight and tomorrow. The number of entries at each show is available early in the morning and the two divisions are pointed out to the public in order that owners of animals from a distance may have time to enter. The latter classes of the division was to start at 10 a. m. today, and will close at 5 p. m. Permittances in this division will start at 8 a. m. today. The classes include the following: Foaled in 1954; 1953; Mares foaled in 1951; Stallions foaled in 1950 or before; Reserve stallions foaled in 1951; Stallions foaled in 1950; Stallions foaled in 1949; Grand geldings any age. The classes include four classes of cutting horses and four classes of reining horses. Classes start at 8 a. m. today.

## Public Relations Speaker's Theme At Lions Meet

The value of public relations, whether of an individual or a corporation, was the theme of an interesting and thought-provoking talk by R. E. (Bob) Kennedy of Abilene, at the meeting and luncheon of Haskell Lions Club Tuesday.

Kennedy, who is advertising director for the West Texas Utilities Company, talked on the subject "Let's Make Our P. R. Pay-Off." "Good public relations makes friends, raises more money, avoids misunderstandings, eliminates criticism, builds morale, and makes the job easier," the speaker told the Lions. He defined public relations as being good morals and good manners, with good morals a matter of choice and good manners a matter of habit.

"You earn good public relations in the same manner that you make friends—you work at it," Kennedy said. He listed as simple steps to help earn good public relations the following suggestions: Say thank you, and mean it; give credit where credit is due; watch your telephone manners; inspire confidence; hold subordinates in high regard; learn all you can about your job, and those of others.

In closing, Kennedy reminded his hearers that "Good public relations is simply you working at the Golden Rule. They establish a chain reaction, in which you join hands with others in being courteous, fair, honest, kind and helpful in serving the public."

Rex Felker, manager of the Haskell Chamber of Commerce was in charge of the program. Guests and visitors at the meeting and luncheon were Henry King, Joe Rogers, and Paul Crawford of Bryan.

## Old Lead In Kid League Play Colts Tied for Second Spot

Smith and T. Walker on the mound for the Bruins and Newton and J. Klose twirling for the Redskins.

Monday night, June 21, the Braves defeated the Colts 11-4, with Leonard and Newton doing mound duty for the Braves while Coston went the route on the mound for the Colts. The game was called in the top of the 5th frame in compliance with the 9:30 p. m. playing limitation.

**Games Coming Up**  
Tonight, June 24, the Bears and the Mohawks play a scheduled game which gets underway at 7:30 o'clock.

Saturday evening, June 26, the Braves meet the Bruins in the first game, with play starting at 8:30 o'clock. The second game of the evening pits the Colts against the Bears.

Monday evening, June 28, the Bears encounter the Braves with play starting at 7:30 o'clock.

All games are free to the public.

## Atkeison Food Store Bought by Burton, Rogers

Announcement was made Monday of the purchase of Atkeison Food Store in this city by Joe Rogers of Fort Worth and R. L. Burton, prominent Haskell business man and former Chevrolet automobile dealer here.

The new owners took over management of the establishment Monday morning, and the business will be continued in its present location at 504 North 2nd St. Henry Atkeison, former manager of the store, retains ownership of the building, erected in 1946.

Mr. Rogers, a former resident of Munday, has had many years experience in the grocery business and for the past 10 years has owned and operated a food store in Fort Worth. Previously, he was manager of an A & P food store in Fort Worth for a number of years. In the mid-20's he was associated with the "M" System Store in this city, owned and operated by Hollis and Henry Atkeison.

Name of the store will be changed to Rogers Food Store. Rogers will be active manager of the business, and Burton will devote a part of his time to the business.

Mr. and Mrs. Rogers plan to make their permanent home in this city. They have two daughters, Mrs. Joe Kitchers of Lubbock, and Shirley Ann, a student in Abilene Christian College who will move here with her parents.

Mr. Atkeison, who has been engaged in the grocery business here since the 20's, has not announced his plans for the immediate future.

## City Audit Lists Operating Costs of \$197,499 for Fiscal Year

Operating expenses of the City of Haskell for the fiscal year April 1, 1953 to March 31, 1954 amounted to \$197,499.88 according to the annual audit approved recently by the City Council. Income during the fiscal year, including \$30,000 from sale of water and sewer revenue bonds, amounted to \$189,880.16, a deficit of \$7,619.72 for the year.

**Water, Sewer Systems List Net Gains**

This was the over-all picture of the year's operation on the debit side. On the credit side the city water and sewer departments listed a combined net gain of \$23,012.39 in actual receipts over actual operating expense of the two departments, according to a summary in the audit.

Tax reductions for the fiscal year amounted to \$2,477,795 on real estate and \$948,317 on personal property for a total of \$3,426,112. Total taxes assessed based on a levy of \$1.50 per \$100 valuation, amounted to \$51,391.71, of which \$45,603.22 was collected during the year.

The audit was made by Travis Lee, public accountant of Munday, Texas. Copies are on file at the City Hall, and city officials invite interested citizens to examine the audit at any time.

Summary of receipts and disbursements in the various funds, balances, and bonded indebtedness, follow.

**General Fund**  
Total receipts in the general fund amounted to \$25,792.16, with principal income items being (Continued on page 8)

## Rites Held Sunday In Newcastle for Chas. C. Cavitt

Funeral service was held at the First Methodist Church in Newcastle Sunday at 2:30 p. m. for Charles C. Cavitt, of Newcastle, former resident here and the father of Mrs. C. B. Matthews of Haskell.

Mr. Cavitt, 75, died at the home of his daughter and son-in-law in this city at 11:04 a. m. Friday. Mr. Cavitt and his wife lived in Newcastle but were spending a few weeks in Haskell. He had been ill about five and a half months, and became critically ill while visiting here.

Funeral service for Mr. Cavitt was held at the First Methodist Church in Newcastle at 2:30 p. m. Monday. Officiating were the Rev. Jack R. Cleaton, pastor of the Assembly of God Church in Newcastle, the Rev. S. M. Malone, pastor of the First Methodist Church, and the Rev. Kendall Bond, former pastor of the Newcastle First Methodist Church.

Palbearers were E. O. Chapman, Sterling Edwards, O. M. Matthews, of Haskell; D. W. Young, Garland Hankins and Owen Livingston of Newcastle.

Following funeral rites in Newcastle, burial was in Willow Cemetery in this city, under direction of Holden Funeral Home.

Mr. Cavitt was born Dec. 23, 1878, in Boston, Bowie County.

He married the former Miss Emma E. Andrews, July 4, 1904, at Gilmer, in Upshur County.

The family moved to Haskell in 1924 from Sweetwater and lived here until 1938 when they moved to Newcastle. Mr. Cavitt was a member of the First Methodist Church in Newcastle.

Survivors are his wife; three sons, Sylvan of Barstow, Calif.; Lavoy of Fort Worth and Laderi of Wichita Falls; two daughters, Mrs. Ophelia McNeal of Sweetwater, and Mrs. Allie Matthews of Haskell; two brothers, Pink Cavitt of Gilmer and Frank Cavitt of Winnboro; a half brother, Newt Coffey of Gilmer; 16 grandchildren and 9 great-grandchildren.

## Firemen Re-Elect All Officers at Meeting Monday

Members of the Haskell fire department heard a report from the recent State convention, re-elected all officers, and appointed one of their members to meet with the Commissioners Court relative to safety regulations at Paint Creek Lake, at the regular meeting of the department Monday night.

Firemen interrupted their meeting to answer an alarm turned in from the 800 block on North Avenue A, where a grass fire had gotten out of hand. The fire was quickly brought under control.

Report from the State convention, held in San Antonio, was given by Fire Chief Lusk, who headed the Haskell delegation attending the meet. Others attending were Tom Watson, E. J. Stewart, Frank Reynolds, and Jack Spear.

All officers of the department were re-elected for the coming year. They are Ray Lusk, chief; Ben Byrd, assistant chief; George Leely, secretary and treasurer; Earl Correll, tail twister. Company captains are Dugan Starr, Alton Middleton, and Lon Pate.

Following a discussion of suggested water safety regulations which might be put into effect by County officials governing the operation of boats on Paint Creek Lake, Walter Gresham was appointed to meet with the Commissioners Court as representative from the fire department.

Firemen for the judge's stand decorations for the fair Park Arena during this week's Palomino and Quarter Horse Show.

Chief Lusk also announced that the State Fire Inspector or a member of his staff would visit Haskell at an early date on an official inspection tour.

In Friday night's final game, First Baptist plastered a 17-10 score on Bill Wilson Motor Co. in a game thoroughly enjoyed by fans. Drinnon was on the mound for the victors with Rexrode receiving. The Fordmen had C. Shaw on the mound with Larned receiving.

Top fare for fans Tuesday night was the encounter between the two League leading teams, Weinert and the Flying Red Horses. The feud resulted in Weinert's founding the Fliers 8-5 with a rash of runs in the bottom of the fourth. The Horses took a 3-run lead in the first, added two more tallies and held Weinert 5-4 until the visitors broke loose to rack up four runs in the fourth frame. Losing pitcher was Roy Dean

## June 26 Is Final Date for Payment of Ballot Assessment

Candidates for office were reminded this week that deadline for payment of the primary ballot assessments is Saturday, June 26.

This date is set by State Election Law, and failure to pay the assessment will result in the candidate's name being left off the ballot in the Democratic primary.

Notice of the individual assessment has been mailed to all candidates, and a majority of the office-seekers have paid the required fees. Chairman John A. Couce, of the County Democratic Executive Committee said today.

Those who have not paid should do so not later than Saturday, June 26, he reminded.

## Grain Harvest Hits Season's High Mark

Harvest of the grain crop in the Haskell area reached a peak level this week, taxing facilities of local elevators which are operating almost around the clock in taking care of the unprecedented yield.

The 1954 crop, considered almost a total loss in mid-March, is the best grain crop since 1949, according to Weldon Turnbow, manager of Graham Mill & Elevator here. His opinion is shared by A. T. Ballard, manager of Market Poultry & Egg Company elevators here with branches in Rule and O'Brien.

Shortage of railroad cars to transport grain to central storage warehouses is the biggest bottleneck in handling the local grain crop, Ballard said Wednesday. In addition to rail shipments a huge amount of wheat is being transported by trucks to Brownwood warehouses of his company daily, Ballard said.

Forbes Sadler, local freight agent for the Wichita Valley Railway, said Wednesday that 75 cars of wheat had been shipped from Haskell. "We could easily have loaded out 100 cars if the cars had been available," Sadler said.

## Business Holiday To Be Observed Here July 5th

Employees in Haskell stores and other business establishments have an extra day in store for the July 3 week end, with the following Monday, July 5 being observed as a business holiday in this city.

July 5th will also be a holiday for postal employees. The local post office will be closed the entire day and there will be no mail delivery on rural routes.

Service Pipe Line Company, one of the major oil industry concerns here, will also observe an Independence Day holiday on July 5th.

Offices in the courthouse and city hall will also be closed.

The Fourth of July holiday is one of four business holidays designated by Haskell merchants for observance during the year. Other holidays are Labor Day, Thanksgiving, and Christmas.

The holiday is expected to see many Haskell people attending the annual Cowboy Reunion, in Stamford. Many other week end vacationers, however, will likely take advantage of the holiday to spend an outing at Scott Park on the Paint Creek lake which has been opened to the public.

## Harry Howard Will Open Gulf Service Station Here

Opening of the Howard Gulf Station on Saturday July 3, has been announced by Harry Howard of this city, who will be owner and operator of the new station. It is located at the corner of North Second and Ave. E, and was formerly operated as Corner Gulf Station.

Howard was born and reared here, and has been employed with Conner Nursery in this city for the past 18 years. In entering the service station business, he states he will have experienced help to give patrons the most efficient service possible.

The station will feature Gulf products and will carry a complete line of tires, batteries and accessories.

Howard will offer special treats to patrons on opening day at his station, which are outlined in his announcement ad in this issue.

## CROP Program to Be Explained at Minister's Meet

A meeting of ministers of all Haskell churches has been scheduled Friday at noon in the club room of the Texas Cafe, at which time plans will be discussed for local operation in the CROP relief project. Announcement of the project was made Wednesday by John Barry, minister of the First Christian Church.

Mr. Todd, a former Methodist minister and now a representative of the CROP organization, will explain the set-up of the humanitarian project and outline plans for a local organization.

In addition to ministers, at least two men from the congregation of each Haskell church, are urged to attend the meeting, Barry said.

## Janis Pitman To Be Haskell Sponsor at Cowboy Reunion

Janis Pitman of this city, daughter of Mr. and Mrs. W. H. (Hut) Pitman, will be Haskell's sponsor at the annual Texas Cowboy Reunion in Stamford.

The Haskell sponsor is a member of the Saddle Tramps riding club and has ridden in numerous rodeos in this section.

Hubert L. Watson, sponsor contest chairman of the Cowboy Reunion said Wednesday that every mail was bringing in names of cowgirl sponsors for this year's event. Dates for the Reunion this year are July 1, 2, 3 and 4.

## Scott Park on Paint Creek Lake Now Open to Public

The facilities of Scott Park on Paint Creek lake southeast of Haskell are now open to the public, county officials announced this week.

The 56-acre park, a gift to the people of Haskell County by Mrs. S. W. Scott and the Scott Estate, is a memorial to the late Judge S. W. Scott, prominent early-day Haskell lawyer and rancher.

The tract is a part of the large Scott Ranch, and fronts on a section of the lake. It is easily accessible from Haskell over F-M Highway 618.

An improvement program for Scott Park, authorized by the Commissioners Court, has been underway for several months. Although the project is not entirely complete, facilities are adequate to permit opening the park to the public, county officials said.

Grounds have been cleared and roads laid out through the park tract. A boat channel and concrete dock has been built and some of the sidewalks planned have been put down.

Poles for lighting facilities have been installed in the park area and lights will be connected during the next few days. Lights throughout the park will be controlled with an automatic switch which will turn off all lights at 12 midnight.

If possible, temporary benches and seats will be erected in time for use during the July 4th week end, and eventually permanent facilities will be provided. There is an ample supply of firewood on the grounds for use if desired at a cost.

There are no restrictions on boating and fishing facilities at the park. Fishing is governed by the general laws of the State, and no special regulations apply to the lake in the park area.

All facilities of Scott Park are for the free use of the public, and people of Haskell and Haskell County invite their neighbors, from surrounding areas, to make full use of the park at any time.

In announcing opening of the park to the public, the Commissioners Court urged everyone visiting the spot for an outing or picnic to cooperate in keeping the grounds clean and attractive. Picnickers are asked to burn any rubbish which might be left after an outing, or place in suitable receptacles which will be placed on the grounds. Only regulation announced by the court, is that no intoxicating beverage be brought in the grounds.

## W. E. (Bill) Scheets Fatally Injured In Accident at Grain Elevator Saturday

W. E. (Bill) Scheets, 59, Haskell trucking contractor, was fatally injured Saturday night when he was struck by a falling conveyor tower at a Market Poultry & Egg Company grain elevator adjacent to the Wichita Valley Railway tracks four blocks east of the square.

Mr. Scheets was loading his truck with grain and was standing in the almost-filled bed of the truck when the tower fell, striking him on the back of the head and shoulders. An ambulance was called and he was rushed to the Haskell Hospital, where examination revealed that he apparently had died instantly.

The accident happened about 8:40 p. m., as several trucks were in the vicinity of the elevator waiting to unload grain or to be loaded with wheat and oats being sent to warehouses in Brownwood.

An investigation to determine cause of the accident, conducted by county officers and operators of the elevator, revealed that a loaded truck driven by a 23-year-old Haskell man struck one of the guy wires leading to the top of the conveyor tower. The impact against the guy wire caused the tower to topple, the structure falling across the accident victim's truck.

County Attorney Curtis Pogue and members of the sheriff's department who questioned the driver of the second truck, said Sunday that no charges had been filed. A 39th district court grand jury, now in recess, could investigate the accident, it was explained.

**Funeral Rites Held Monday**

Funeral service for Mr. Scheets was held held at 4:30 p. m. Monday in the First Baptist Church with the Rev. M. D. Rexrode, pastor officiating, assisted by the Rev. Hubert Segor, Baptist ministers of this city.

Mr. Scheets was born May 5, 1895, in Denton County, Texas, son of the late Mr. and Mrs. John W. Scheets. He later lived in Jones County until moving to Haskell in 1909.

He was married to the former Miss Orrey Jones of Haskell July 4, 1920 and they had made their home here since. Mr. Scheets had been engaged in the trucking business for a number of years.

He was a member of the Baptist Church.

Immediate survivors include his wife, Mrs. Orrey Scheets of Haskell; four sons, Wesley E. and George A. Scheets, Fort Worth, William Carroll and Douglas Wayne Scheets of Haskell; three daughters, Mrs. Ruthie M. Bird of Rogers, Helen Louise and Orrey Marie Scheets of Haskell; a sister, Mrs. Mary Kingston, and two brothers, Rev. Joe L. Scheets and John Scheets, all of Haskell. Nine grandchildren, also survive.

Palbearers were LeRoy Isbell, L. L. Kuenstler, Rudolph Middleton, F. C. Blake, R. C. Couch, Sr., Weldon Turnbow, John Larned, Alfred Turnbow.

## WTU Plant Area Closed to Public on Sundays

Construction work now under way on the second unit of West Texas Utilities Company's Paint Creek Power Plant has made it necessary to temporarily close the plant area to visitors on Sunday.

Engineers in charge of construction of the new unit at the plant, explained that work now in progress was at a stage where it was hazardous for persons not familiar with the construction to enter the plant area.

Operating crew at the plant is necessarily small on Sundays due to the fact that some of the personnel are on vacation. Construction crews do not work Sundays, hence there is no one available to guide visitors away from the areas where construction work presents hazards, it was explained.

Most visitors to the plant come to get a good view of the huge new lake on Paint Creek. With the opening of Scott Park to the public this week, located southwest of the WTU power plant, the park is expected to outrank the visitors, particularly on Sundays.

## Weinert, First Baptist Teams On Top In City League Play

Haskell First Baptist and Weinert teams came out on top in games played in the City League this week, while Paint Creek out-victor in the scoring column but a player shortage at game time drew an agreed pregame forfeit which cancelled out the win in League rating. Westex Sheet Metal also took a forfeit game Tuesday night.

The Paint Creek-Weinert game was the opener in Friday night's twin bill, with the contest ending with Paint Creek on top of a 7-6 score. However, several players on the PC team were unable to be on hand due to the press of farm work. Players were recruited for an exhibition game in filling out the bill of fare for fans. Batteries were Poiser and Howard for Paint Creek; Josselot and Forehand for Weinert.

In Friday night's final game, First Baptist plastered a 17-10 score on Bill Wilson Motor Co. in a game thoroughly enjoyed by fans. Drinnon was on the mound for the victors with Rexrode receiving. The Fordmen had C. Shaw on the mound with Larned receiving.

Top fare for fans Tuesday night was the encounter between the two League leading teams, Weinert and the Flying Red Horses. The feud resulted in Weinert's founding the Fliers 8-5 with a rash of runs in the bottom of the fourth. The Horses took a 3-run lead in the first, added two more tallies and held Weinert 5-4 until the visitors broke loose to rack up four runs in the fourth frame. Losing pitcher was Roy Dean

## Another Try—Negro Ball Game Slated Again Sunday

Despite the fact that last Sunday's scheduled baseball game between Stamford and Abilene failed to materialize, another game has been billed for next Sunday, according to Albert Sharp, local colored baseball enthusiast.

Sunday's encounter will be between the Stamford Red Sox and the Breckenridge Tigers. Sharp announced. It will be played on Fair Park Field, starting at 3 p. m.

Sharp explained that Stamford showed up for last Sunday's game on schedule, but their opponents, the Abilene Sluggers, never did make it to Haskell. "Could've been too much, June 21st," he commented.

## Edwards Reunion, Singing Planned at Weinert July 4

A reunion of the Bob Edwards family and joint program of Knox and Haskell County singers will be held in Weinert Sunday, July 4, according to an announcement given The Free Press Wednesday by T. C. Cobb of this city.

Members of the Edwards family will gather for their annual reunion, and the joint singing program will be an added highlight of the day.

Knox County singers cancelled their regular monthly meeting and re-set their program in order to meet with Haskell County singers at Weinert on the above occasion. Cobb said. Among the well-known singers expected in attendance are Mrs. and Mrs. Clarence Boyles of New Mexico.

## Haskell County History

20 Years Ago—June 28, 1914

Official notice of Haskell County's cotton quota, which has been set at 32,151 bales, was received Thursday morning by R. H. Maxwell, county agent.

The Public Works Administration at Washington, D. C., approved a loan of \$45,000 for a water works system in Haskell, according to a telegram received Wednesday from Senator Tom Connally. Whether Haskell will use the loan will be determined at a meeting of the Council July 5. Mayor A. F. Thurman said. The loan was asked for during the administration of Emory Menefee, who preceded Thurman as mayor.

Officers at Wichita Falls arrested a man and woman Friday on charges of passing bogus money in O'Brien and Haskell. The woman will be brought here to see if she can be identified as the person who gave a spurious \$10 bill to a local service station this week.

Miss Louise Mullino of Spokane, Wash., is here for a visit with her parents, Mr. and Mrs. G. F. Mullino. Miss Mullino came by way of Chicago, where she spent several days at the Century of Progress exhibition, and in St. Louis.

Mrs. W. D. Kemp and daughter, Lena Bell, returned Monday from a visit in Casa Grande, Ariz., and Newport Beach, Calif. They were accompanied home by Mr. and Mrs. John Patrick who will visit here.

Mrs. Courtney Hunt, Mrs. Sam A. Roberts and Mrs. C. E. Braye were in Abilene Wednesday afternoon to visit Mrs. W. A. Duncan who is seriously ill in West Texas Baptist Sanitarium.

Mrs. H. R. Jones is in Hamlin for a ten days visit with friends.

30 Years Ago—June 27, 1924

Work will begin in a few days on construction of a new cotton gin in Sagerton. A company has been organized under the name of Farmers Gin Company of Sagerton, with the following officers: Duncan Head of Rule, manager; F. W. Stegemoeller, president; O. L. Darden, vice-president; E. D. Engleman, secretary-treasurer.

John Rike and Ewell Bagwell returned Sunday morning from a ten days vacation trip. They visited the John Fitzgerald family at Plains, Texas, also relatives at Lubbock. Then they went to Fort Stockton where they visited Mr. and Mrs. Ed Ellis. They made a trip into the Davis Mountains and went deer hunting. The boys "almost" succeeded in getting two or three deer.

Miss Blanche Baldwin of the Baldwin Ranch near Old Glory visited friends here Sunday. W. J. Sowell of this city and Rafe Jones of Munday returned last week from a several days stay in Hot Springs, N. M. Mr. and Mrs. R. L. Covey and Miss Eula Crawford of the Lone Star Community were in the city Tuesday Mr. and Mrs. Covey and Miss Crawford taught the Lone Star school last term. They will teach at Midway next term. One member of a construction crew of the West Texas Utilities company was injured Friday afternoon when the truck on which he was riding broke through a bridge in the Lone Star community. The young man was brought to Haskell for emergency treatment and then removed to the Stamford Sanitarium.

Mrs. W. L. Norton left last week for Alabama, where she will spend the summer with friends.

Two women of salacious character from some town "down east" who were seeking adventure and recreation, spent last Sunday at the booze dive in the southern part of the county with a lot of men in a general carousal. They, along with two men, were arrested by the town marshal of Stamford Monday and brought before Squire Knowles at this place, who fined them.

Rev. Geo. A. Nance of Seymour preached at Pinkerton Sunday and was in Haskell Monday on his way to St. Louis to see the great World's Fair, after which he intends visiting friends and relatives at his old homeplace in Kentucky.

The Democratic clubs of Haskell County will give a barbecue here July 2, to which they are inviting everyone in the county. A brass band will furnish music and several eloquent speakers will address the gathering.

It is getting dry and dusty again and another rain would be welcomed. Our information from farmers, however, is that feed crops and cotton are still growing nicely.

G. T. McCullough reports seeing the first cotton blooms of the season this week on Mr. Benton's

farm 14 miles north of town. We learned yesterday that the trustees of the Haskell school were expecting W. N. Meredith, an architect of Oklahoma City, to arrive this week. He has been employed to draft plans for the new school building. As soon as this is done and approved, work on the building can be started. M. L. Lynch has purchased Mr. Patterson's interest in their meat market and restaurant business. He will continue to operate the establishment in the same location.

Congress established the Navy Department on April 30, 1798.

**Bill Adkins to Head Twirling Instructors At McMurry Summer Band School**

ABILENE, June 21 (Spl.) — Bill Adkins, son of Mr. and Mrs. W. H. Harrell of Haskell, will be the head twirling and drum-majoring instructor for McMurry College's sixth annual summer Vacation Band School, scheduled for July 18-31.

With the opening of the band school still more than three weeks away, almost 200 students have already registered for the classes, according to director Raymond T. Bynum.

The 2-week band school is not for twirlers only, but also for high school and college bandsmen, who wish to study solo instrument technique, music theory, conducting, and general musicianship, Bynum said. The classes are also open to junior high school musicians of proven ability. Details about tuition, registration, housing, and other information about the school may be obtained by addressing an inquiry to Bynum at McMurry Station, Abilene, Texas.

In McMurry College dormitories and will take their meals in the college dining hall.

Ralph Mills, Midland high school band director, will again serve as dean of the band school and instructor in clarinet and reeds. The instructional and twirling-school staff includes 18 experienced public school and college band directors and baton handling specialists.

Adkins, a senior at McMurry College, has served two years as drum major of the McMurry Indian Band. In 1952-53 he was featured twirler with the Longhorn Band at the University of Texas.

At Haskell High School, Adkins was editor of the school annual, band captain three years, and drum major one year. He is a member of Ko Sari social club, Future Teachers of America and Sigma Tau Delta honorary fraternity at McMurry.

**Game Harvest Preliminaries Are Underway**

The executive secretary of the Game and Fish Commission at Austin said staff employes in various parts of the state are making studies preliminary to setting major game harvest seasons.

The Commission will meet in Austin in July to make recommendations on waterfowl, whitewing doves and mourning dove regulations to the United States Fish and Wildlife Service which sets the seasons.

At the same time the Commission will determine harvest specifications for areas where it has regulatory powers, including the major zones west of the Pecos and in the Panhandle and in smaller regions at scattered points in the state.

The seasons on big game and quail for the state at large are set by law.

Now, Commission staffers are surveying the antelope herds, checking the potential whitewing flights in Mexico and inventorying mourning doves.

Meanwhile, meetings between sportsmen and Commission representatives are going ahead in the Panhandle, West of the Pecos and in smaller areas over which the Commission has regulatory authority to determine harvest dimensions on the basis of current developments.

Director of Wildlife Restoration W. C. Grazier, reported that the first completed census—that on antelope in the Big Bend area—indicates possibility of too few mature bucks to warrant open season there this fall. The area has been scourged by drought.

The aerial survey in the Panhandle, which last year had its first antelope hunt in modern times, after successful restocking is just getting underway.

Whitewing dove studies in the Rio Grande Valley and in the area southward in Mexico where the fleet birds sometimes concentrate, have been rather pessimistic to date, according to Grazier. The whitewing population, harassed by habitat shrinkage, reached an all time low last fall and the annual harvest was disappointing.

**Cattle Runs Again Lighter Over Nation Monday**

Some 22,000 fewer cattle appeared at the 12 major markets last Monday, enough to put a little firmness into the trade on most kinds, despite good sized seasonal offerings at Southwestern points.

At Fort Worth, well finished beef was scarce, fed steers and yearlings were firm. Most interests bid lower on cows, but salesmen resisted the lower offers with fair success. Some fat cows were weak to unevenly lower and low yielders off all kinds were bid what looked like lower prices. However, liberal waterfills went a long way toward offsetting lower bids in many cases.

Plain and medium quality offerings were in general weak. The between grade slaughter calves closed lower, but the others were about steady with the previous week's close. Bulls ruled firm. High grade stockers were steady, some of the plainer quality being easier.

There was some better activity on stockers cows and on stocker and feeder yearling steers than last week.

CUSTOM NOTE: Twin-Turbine Dynaflo and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

**It makes you feel like the man you are**

**Y**ou must know, of course, that a fine car is more than merely a means of fine travel. It is, as the psychologists tell us, an extension of a man's own personality. It reflects what you feel, what you like, what you are. So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world. You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world. The wondrous windshield is a pride in itself. You don't just see the view—you command it. You will find it, too, a car of luxurious obedience. From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance. And you know it—in the silken whip of Twin-Turbine Dynaflo, the

might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Buick Safety Power Steering at your hand. But with all this, you buy with prudence when you buy a ROADMASTER. For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are. Drop in, or phone us this week, and we'll gladly arrange a demonstration.

**BUICK SALES ARE SOARING!**

Latest figures for the first four months of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.

### Music Teacher Employed by County Board

The County Board of School Trustees met in called session in the office of the county superintendent Saturday, June 19. The purpose of the meeting was to give attention to special service teachers hired on cooperative agreement.

The board accepted the resignation of Josephine Stueber as elementary school consultant, and elected Mrs. Martina Eileen Hanna to direct the teaching of public school music in the county schools for the coming school year.

Mrs. Hanna comes highly recommended as a music major from Phillips University, Enid, Okla. The County Board is proud to be able to furnish this new addition to the curriculum.

Mrs. Stella Trice was elected at a previous meeting to be school nurse for next year.

### RETURNS TO COLEMAN AFTER VISIT HERE

Mrs. Winifred Stark returned to her home in Coleman Tuesday after a two weeks visit here in the home of Mr. and Mrs. Jetty V. Clare.

### Schmidt-Gordon Rites Read In Hobbs, N. M.

Marriage vows were read in Hobbs, N. M., June 18 uniting Patsy Jo Schmidt of Lubbock and Jimmy R. Gordon of Haskell. The bride is the daughter of Mr. and Mrs. B. A. Schmidt of Lubbock. Mr. and Mrs. Claude Gordon, Sr., of Haskell are the parents of the groom.

The double ring ceremony took place in the Sand Motel at 5 p. m. with the Rev. Cyril Stone officiating. Mrs. Maxine Caldwell of Lubbock attended the bride as matron of honor and Claud Lee Gordon, brother of the groom was best man.

The bride wore a street length dress of white Raah silk with black accessories. Her corsage was white orchids. The couple will be at home at 3514-41st St., Lubbock, after spending a few days with his parents, Mr. and Mrs. Claud Gordon of Haskell.

### RETURNS TO KILLEEN

Mrs. Sam Wood and daughters, Suzanne and Debra Clare of Killeen, returned home Sunday after a visit here in the home of Mr. and Mrs. Jetty V. Clare.

### Betrothal of Knox City Girl, Haskell Man Announced

Mr. and Mrs. Leonard Houston of Knox City have announced the engagement and approaching marriage of their daughter, Bo, to Clarence Freeby, son of Mr. and Mrs. R. G. Freeby of Haskell.

The wedding will take place the latter part of this month, in the home of Mr. and Mrs. W. T. Wilcox in Knox City.

The bride-elect is a Junior student in Knox City High School.

Mr. Freeby is a 1932 graduate of Haskell High School, and is employed by the San Angelo Construction Company.

The couple will live in Sweetwater.

### CARD OF THANKS

We wish to express our sincere appreciation for the many kind deeds of our friends and neighbors, the beautiful floral offerings, words of sympathy and encouragement during the long illness and death of our beloved husband and father. May God bless each of you is our prayer.—Mrs. Charles C. Cavitt and children. 25p

### Economic Security Of Farmer Basis Of Recent Survey

College Station—How economically sound is the average Texas farmer? What plans does he have for old age and how many have definite plans for retirement?

Answers to these and other questions were sought recently in Wharton County in a survey designed to check the economic security of the state's farmers. Wharton was selected because of its variety of physical, economic and social conditions and is described as a representative Texas county.

Principal crops grown are cotton, rice, corn, grain sorghums, hay and alfalfa. Truck crops, livestock and poultry contribute substantially to farm income. Dairying is a growing enterprise.

The net worth of 257 farm operators interviewed ranged from less than \$30,000. Fifty-six per cent had a net worth of less than \$10,000. And 42 per cent fell in the less-than-\$5,000 class. Seventeen percent were worth less than \$1,000 and, in this group, one in three indicated debts greater than assets.

The study, initiated by Texas A&M College cooperating with the Bureau of Agricultural Economics U. S. Department of Agriculture, is reported by Wm. G. Atkins and Joe R. Motheral, assistant professor of the Department of Agricultural Economics and Sociology and USDA labor economist, respectively.

Education was directly associated with net worth, the survey revealed, as was race and nationality background.

Insurance is not widely used by Wharton county farmers as protection against death or disability. Nearly one-third of all farmers had little or no insurance. The majority of the larger policy holders were found in the 35 to 44 year old group. Those 55 or over carried least insurance.

Relatively few farmers in Wharton county had even discussed economic security with their wives and other family members. Too, families in the weakest financial positions had given least consideration to their economic future. More than half said they had made no real program toward saving for old age. Those having accumulated assets, believed their farms would be their chief source of income in later years.

Only 12 per cent had made plans for retirement, 10 per cent had given retirement a little thought and the remaining 78 per cent had given retirement little thought. About 3-5 of all farmers indicated they did not plan to retire.

Only one operator in five had discussed with his children, even casually the possibility of their participating in some plan to provide for the parents in old age. One farmer in nine desired to live with his children upon retirement and three out of four wanted to stay on the farm.

A combination of financial interests in farm land, livestock or farm improvements, plus one or more types of nonfarm holdings, was the most common savings or investment in Wharton county had farmer checked reported this combination and the proportion increased with net worth.

More than half the farmers interviewed in Wharton county had some income in 1931 from non-farm sources. Off-the-farm work, oil and gas royalties or rentals and non-farm investments were the prime sources of additional income.

Eighty-three per cent of the operators expressed approval of Old Age and Survivors Insurance, 10 per cent disapproved the program and the rest took no position on the question.

Cash savings among regular hired workers were rare. Thirteen per cent had no assets while the main type property owned by the others was an automobile or truck. Forty-seven per cent had a life or burial insurance policy, the survey indicated. Of the 10 per cent attempting to save, most averaged no more than \$5 or \$10 a month.

This and other information on the survey is given in bulletin 771, "The Farmer Looks at His Economic Security" which is available from the Agricultural Information Office, College Station, Texas.

## NEWS OF INTEREST WOMEN

MISS SUE STONE

### Sue Stone, Dr. James Douglas Smith Wedding to be Solemnized in Houston

Mr. and Mrs. R. F. Stone of Livingston, Texas, have announced the approaching marriage of their daughter, Sue, to Dr. James Douglas Smith, son of Mr. and Mrs. Jason W. Smith of Haskell.

The wedding will take place June 26 in the Chapel of the Veterans Hospital in Houston.

Miss Stone attended George Washington University and has for the last two years been medical secretary to the Director of Physical Medicine at the Veterans Hospital, Houston.

Dr. Smith holds a B. A. degree from North Texas State College and the degree of Doctor of Dental Surgery from the School of Dentistry, University of Texas at Houston. He was a member of Beta Beta Beta Honorary Biological Fraternity and Xi Psi Phi Dental Fraternity.

After a wedding trip to Monterey, Mexico they plan to reside at 1204 Wentworth, Houston before moving to their permanent address at Lake Jackson, Texas.

### Rainbow Sewing Club Meets with Mrs. Edwards

Vases of flowers were used as decorations in her home when Mrs. J. B. Edwards was hostess for a meeting of the Rainbow Sewing Club.

The club president, Mrs. D. Bland, called the house to order and presided for the business session and program. Several songs were sung by the group, led by Mrs. Walter Rogers with Erma Watson at the piano. Mrs. F. L. Peavy and Mrs. Lillie Bynum gave the thought for the day.

The needlecraft report was given and Mrs. Edwards won honorable mention for the most sewing. The club voted to make up towels and give them to the Haskell County Hospital.

Mrs. Peavy had charge of the recreation program. Mrs. Erma Watson and Mrs. Jess Josselot sang a duet, "The Old Rugged Cross", and Mrs. Peavy gave a reading. Mrs. Jess Josselot told the story of "The Old Rocking Chair."

Mrs. John Pitman drew the lucky number and won the prize given by the hostess.

Refreshments were served to Mesdames D. Bland, F. L. Peavy, Walter Rogers, Erma Watson, Lillie Bynum, Tony Patterson, John Pitman, Iron Pearsey, J. B. Edwards, Jess Josselot.

The next meeting will be with Mrs. Bill Flournoy on July 6.

### Weinert W. M. S. Meets Monday for Mission Study

The Weinert WMS met at the church Monday at 2:30 p. m., for Mission Study from the book, "Sacrifice and Song" by Mrs. Foy J. Farmer. The lesson was taught by Mrs. R. C. Liles. Opening prayer was brought by Mrs. Geo. Hudgens, and Mrs. G. C. Newsom gave the devotional.

Members present were Mesdames E. E. Roberts, C. C. Childress, George Hudgens, E. F. Rainey, Eddie Sanders, A. J. Sanders, C. F. Oman, R. H. Jones, J. W. Liles, G. C. Newsom, C. J. Williamson, V. C. Derr and R. C. Liles.

Mr. and Mrs. Henry M. Chapman of Temple announce the engagement and approaching marriage of their daughter, Doris, to Pfc. Edward Sterlin Holmestly of Haskell.

### Coke Party Friday Is Compliment to Pansy Hammer

Pansy Hammer of Weinert was complimented with a Coke party Friday, June 11, in the home of Couilla Mayfield in that city, from 4:30 to 5:30 p. m.

Guests were Peggy Turnbow, Joella Weinert, Nelda Jetton, Martha Sanders, Joyce Walker, Frankie Stephens, Pat Adams, Glenda Williamson, Delores Dunnam and the honoree, Pansy Hammer.

### J. M. Littlefield Home Is Scene of Family Reunion

The home of Mr. and Mrs. J. M. Littlefield in this city was the scene of a family reunion last week, the first gathering of its kind held in 11 years.

Present for the enjoyable occasion were Mr. and Mrs. Winston (Johnny) Littlefield and Johnny Wayne from Tusculum, Ala., Mr. and Mrs. J. A. Littlefield and Mike of Lubbock, Mr. and Mrs. M. N. Littlefield, Barbara and Gary Wayne of Odessa, Mr. and Mrs. R. H. Carlson, Ronnie and James of Abilene, Miss Janice Clay of Philadelphia, Miss. Other guests were Mr. and Mrs. W. H. Littlefield, Mrs. E. B. Littlefield and Mr. and Mrs. Harold Littlefield and sons, all of Anson.

### Daughter of Former Haskell Woman to Wed in St. Louis

Haskell friends will be interested in the announcement of the engagement of Miss Mary Rogers Cunningham, daughter of Mr. and Mrs. John H. Cunningham, Jr., of St. Louis Mo., to Raymon Vincent Spencer of Quincy, Ill. The wedding will take place Friday, August 6.

Mrs. John H. Cunningham, Jr., is the former Mary Long, member of a prominent Haskell family. Her parents were the late Mr. and Mrs. C. D. Long.

Miss Cunningham, a former student at Mary Institute, was graduated from the National Cathedral School, Washington, and after a year at Sweetbriar College, made her debut in the 1949-50 season at a dinner dance at the St. Louis Woman's Club. Last year she received her degree from the University of Missouri. A trip to Europe, her parents' graduation present to her, included the coronation ceremonies in London.

### Party Compliments Dale Warren on 12th Birthday

Thursday, June 17 Mrs. Angeline Warren honored her son, Dale Robert, on his 12th birthday with a surprise party. Assisting hostess for the party was Mrs. Jesse Dean.

Games were played and the honoree was presented gifts.

Refreshments of punch, cake, ice cream and cookies were served to Suzanne Lane, Dudley Perrin, Jan Herren, Emmitt Thomas, David Heibert, Louisa Herren, Kay Graham, Janice Whiteker, Christy Royall, Marilyn Sue Crawford, Byron Corley, Pinky Sherman, Bennett Walker, Rodney Roberts, Suzanne Wood, Paul Heibert, Junior Branch, Betty Vaughn and Mrs. John McReynolds.

### 'The Family Circle' Is Study Theme for Trinity Ladies Club

"Within the Family Circle" was the theme for study presented by Mrs. Paul Fischer to the members of the Trinity Ladies Club. Mrs. George Moeller, Jr., program chairman called on Miss Alma Steinfath to read the Scripture for the day, and she was followed by Mrs. George Moeller, Sr., who led the group in prayer.

After a special hymn by the children of members, Miss Steinfath explained the aims and growth of the Junior Mission Band. In the absence of the pastor, Mrs. Alfons Feiser led the Bible discussion based on Deuteronomy, "How Can I Best Witness for My Faith?"

Plans were completed for a surprise ice cream party in honor of Pastor Bruno Gaskamp's birthday.

Hostesses for the meeting were: Mrs. Paul Dick, Mrs. Paul Fischer and Mrs. Herbert Fischer. Those in attendance were: Mesdames Herbert Fischer, Paul Fischer, Felix Krosche, Steve Kubena, Richard Kretschmer, George Moeller, Alfons Feiser, Willie Peiser, Ernest Pieser, Jno. Stewert, George Moeller, Sr., Wilton Weise, Paul Dick and Opitz, and the Misses Alma and Lena Steinfath.

### Your Senator Reports

By LYNDON JOHNSON

**DEFENSE BILL:** Defense appropriations of \$28,861,584,486 for the fiscal year ending June 30, 1955, have been recommended by the Senate Appropriations Committee.

That sum is \$5,451,736,514 less than total appropriations for the current fiscal year. It is \$1,025,470,514 below the budget estimate.

The recommended appropriation is equivalent to more than \$170 for every man, woman and child in the United States.

**AIRCRAFT:** Committee hearings on the defense appropriations bill brought out the fact that aircraft procurement expenditures by the Air Force, Army and Navy will account for some 22 per cent of all defense spending in 1955.

This reflects continuing emphasis on building up our air power. During the current year, aircraft procurement expenditures are 20 per cent of total defense spending. Last year, the figure was 17 per cent.

By July 1, 1957, it is planned that the Air Force will be organized into 137 wings of which 125 will be combat wings. The air army of the Navy will include 16 carrier air groups and 15 carrier anti-submarine warfare squadrons. The Marine Corps will have three air wings.

**SHIPS:** Under terms of the bill, expenditures for shipbuilding will total approximately one billion dollars next year. That is about the same amount being spent this year.

At the end of June, 1955, the active fleet of the Navy will consist of 1,080 ships. Of these, 404 will be major combat types—aircraft carriers, cruisers, destroyers, submarines, and so on—and 676 will be mine warfare, amphibious warfare, patrol, and auxiliary vessels.

**PERSONNEL:** At the present time, we have approximately 3,330,000 men in our Armed Forces. That is a reduction of about 72,000 since the first of the year.

The Defense Department reports that it expects the total to be reduced to 3,047,000 by next June—1,173,000 in the Army, 970,000 in the Air Force, 688,000 in the Navy and 215,000 in the Marine Corps. Only the Air Force will show an increase in manpower during the coming year.

When I served as Chairman of the Senate Preparedness Committee, my investigations convinced me that there was a great waste of military manpower. I am glad to see efforts continued to cut waste. The Armed Forces are working to bring about a higher ratio of combat to noncombat personnel.

**TRAINING COST:** Average cost of training an Air Force pilot is \$60,000. A B-47 pilot—cross-trained as a bombardier, navigator, and radar operator—represents an investment of \$210,000 for training alone.

**MUNITIONS COST:** During the fiscal years from 1951 through the requested Defense Department appropriation for 1955, approximately \$9,400,000,000 will have been spent for ammunition and explosives.

**FOR OUR SECURITY:** We have to face the fact that the cost of national security will remain high for many years to come. It is the price we must pay.

I believe the American people are willing to pay it. I believe, also, that they want the men representing them in Congress to keep a close watch on expenditures for military purposes. Wasteful and extravagant practices must be eliminated.

Over the long pull, economic strength is an indispensable prerequisite for military strength. Our economic strength, together with our faith in our free society, is the basic source of our military power. We must never forget that.

**INTERIOR BILL:** I was much interested in the appropriation bill for the Department of the Interior, since I had made recommendations to the committee about several provisions of the bill.

I welcomed the opportunity to help bring about Senate adoption of my recommendations to insure adequate funds for enforcement of the Connally Hot Oil Act; for research in the utilization of salt water; for improvement and repair of the Inks Fish Hatchery near Burnet, and to prevent shutting down the Wichita Falls office of the Bureau of Mines.

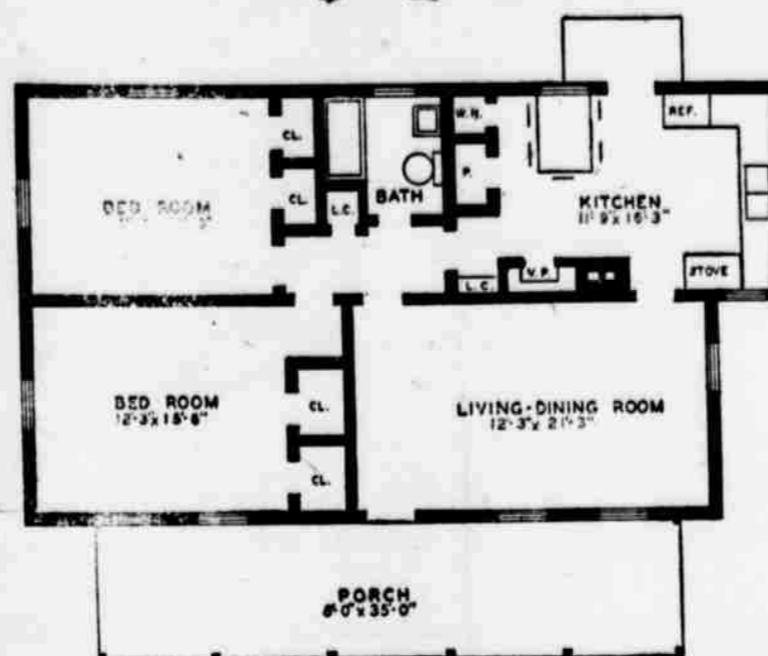

**RECIPROCAL TRADE:** The Reciprocal Trade Agreements Act expired on June 12. The House has passed a bill extending the law for one year from that date, and action is expected in the Senate shortly.

I favor extending the law. Texas is a State which has always been prosperous in periods when world trade is operating at high levels and has always been hard hit when international trade barriers have become too high to surmount.

Primarily, Texas is a producing State. We must sell our production not merely to the rest of the United States but to the rest of the world. We must buy if we hope to sell—and Texas has much to sell.

**NEW CONSTRUCTION:** Spending for new construction will set an all-time high record of \$6 billion dollars this year, predicts a report by the Commerce and Labor Departments. That would be 2 per cent more than the 1953 level, highest so far.

Residential and commercial construction is expected to be up, and so is building by religious and private educational institutions.

### Every Room Is A Corner Room In This House

Here is a low-cost house of simple construction designed for comfortable living. It is an attractive house, compactly arranged, with pleasing horizontal lines. A large amount of usable wall space in the bedrooms permit desirable furniture arrangement. The two large closets in each bedroom provide storage for clothes, blankets, etc. A linen closet is in the hall, the lower section of which can be used as a dirty clothes hamper. The kitchen is arranged so that it will be unusually cool. The window by the table is a cheerful spot for eating, and the windows by the sink and stove provide an abundance of light where it is always needed. The large pantry, a small ventilated pantry, a lined closet and a water heater closet provide an abundance of storage space.

If more space is needed or a screened porch wanted at some later date, the back door is placed so that this can be easily arranged by using shed room construction. This will provide a large amount of space very economically and in no way detract from the appearance of the house or necessitate any alteration in the kitchen.

A centrally located chimney will serve as a living room heater and also the stove in the kitchen if a wood or coal kitchen range is used. If you want a fireplace for living room heat, it would be

convenient to use the space not shown as a ventilated pantry and that shown as a chimney for storage.

The long front porch is a pleasant place to spend summer afternoons and evenings. You can obtain blueprints for this Farm and Ranch-Southern Agriculturist Plan No. 4807 and a handy list of materials by which you can figure your construction cost accurately. Send \$2.00 to Building Editor, Farm and Ranch-Southern Agriculturist, Dept. L-98, Nashville, Tennessee. Order by number plan No. 4807. Blueprints are adequate for any farm carpenter or any farmer handy with tools.

### HERE FROM PENNSYLVANIA TO VISIT PARENTS

Mr. and Mrs. John Smith and son, Jack of Harrisburg, Pa. are visiting with her parents, Mr. and Mrs. Pat Weaver of Haskell.

### SPEND WEEK END IN HOME OF MOTHER

Mr. and Mrs. Johnny C. Barnett and son, Mike of Amarillo were visitors in the home of his mother, Mrs. Mary Barnett last week end.

### Abilene Kennel Club Show to Be Held Sunday

The Key City Kennel Club's Sanctioned Match in Sears Arena at Abilene Fair Park June 27, will be judged by Fred Grant of Fort Worth. Entries are \$1 for each class and entry deadline is 1 p. m. on that date.

### Help the Hens Beat the Heat

High temperature and low humidity are two of the greatest enemies of good egg quality. With warm weather here again, F. Z. Beanblossom, extension service poultry marketing specialist warns poultrymen that unless extra precautions are taken the quality of their eggs will drop rapidly. For producers who sell eggs on a graded basis, a drop in quality brings lower prices. Sold ungraded, a drop in quality means decreased consumer demand.

Here are Beanblossom's tips for top egg quality: Keep the eggs clean. Use clean nesting materials and keep the birds confined on wet days to avoid mud-tracked nests. Gather the eggs two or three times a day in a wire basket. This allows air to circulate, quickly carrying off the heat. Store the eggs in a cool, humid, but well ventilated place. And, market regularly and often. Grade AA eggs will become inedible in 3 days at 98 degrees, in eight days at 77 degrees and 45 days at 44 degrees. Eggs usually will remain grade A for six months if held just above freezing.

### VISIT IN ADRIAN

Mr. and Mrs. Frank Reynolds spent the week end in Adrian visiting with their daughter and family, T. W. Perrin. Tommy Perrin, a grandson, returned home after an extended visit with his grandparents.

## Now... Packard Dealers Everywhere Make This Outright CHALLENGE TO ANY CAR IN THE LOWER-PRICE FIELD!

With The New CLIPPER Built By Packard

HERE'S ACTUAL PROOF THE NEW PACKARD CLIPPER GIVES YOU MORE COSTS YOU LESS THAN MANY MODELS IN THE LOWER-PRICE FIELD!

Come in and see... drive a CLIPPER

1954 Packard CLIPPER Special Club Sedan

- 1. CHALLENGE!** You can actually buy big, luxurious Packard CLIPPER for less money than many models of the so-called "lower-price" field!
- 2. CHALLENGE!** We pay more for trade-ins on almost every deal! We're used to paying more because Packard customers usually have better-than-average cars to turn in!
- 3. CHALLENGE!** Many accessories sold in so-called "lower-priced" cars are standard equipment in the Packard CLIPPER!
- 4. CHALLENGE!** Because of its trend-setting style and built-in Packard quality, the CLIPPER you buy today will have a high resale value when traded in!
- 5. CHALLENGE!** CLIPPER gives you more fine-car features because it's Packard-built to fine-car standards—not just a small car plus "extras!"

Packard presents a complete line in its new CLIPPER series, offering true fine-car quality at a popular price. If you plan to buy a car in the \$2500 class, be sure to see the '54 Packard CLIPPER.

## DOTSON MOTOR CO.

308 SOUTH AVENUE E HASKELL, TEXAS

### Virgil Hudson, Cowboy Reunion Official, Grew Up As West Texas Cowhand

"A cowboy all my life" is the way Virgil Hudson describes himself. The Haskell man is secretary and former president of the Texas Cowboy Reunion Association, the old-timers organization that meets in Stamford on July 1, 2, 3 and 5 to greet former associates of the range, swap stories, square dance, eat at the chuck wagons and take in the big rodeo.

Hudson drove cattle from Haskell to rail points in the Panhandle and also to Abilene, Stamford and Seymour before his city had a railroad and he can remember when there were no fences in the county.

Like many other of the old timers, Hudson can tell of prairie fires and of putting them out by dragging the split-open carcass of a just-killed animal at the end of a rope or by starting a "back-fire" — burning off a place ahead of the flames.

A stampede was more likely to take place on the first night of a drive because the herds had just been put together and the animals did not yet know each other, Hudson says.

Brands in those days were not stamped on and the wielder of a branding iron had to be something of an artist. "XIT" was designed especially to foil rustlers who were skilled at changing brands and it was considered impossible to alter but one ingenious fellow accomplished this by converting the brand into a star with a "plus" in the middle.

Hudson's brand was "JVH", his initials. For a number of years, he used a Mashed O (the letter was squeezed in on each side) and still bar down the shoulder blade and an H on the hip.

Stannard pay for the hard and sometimes dangerous work of a cowboy was \$30 to \$40 a month

and "huck" Hudson recalled. He is still associated with the cattle industry, being field representative for the Stamford Production Credit Association.

Between 400 and 500 old-time cowboys are expected for the reunion in Stamford and there will be rodeo performances each of the four nights and a matinee the last day.

**PARENTS OF DAUGHTER**  
Mr. and Mrs. G. W. Mullins of Denton are the parents of a daughter born Thursday, June 17 in a Denton hospital. The little girl weighed six pounds thirteen ozs., and has been named Katherine Ann. Grandparents are Mr. and Mrs. C. E. Chamberlain and Mr. and Mrs. Everett Medley in this city.

**VISITS PARENTS IN THIS CITY**  
Kenneth W. Medley, who is assistant editor to National Business Magazine, Washington, D. C., and Mr. and Mrs. Alva Ray Medley and family of Stamford visited last week in the home of their parents, Mr. and Mrs. Everett Medley in this city.

**KAWLIJA, THE WOODEN INDIAN**—Three Maidenettes of the McMurry College Indian Band try their charmingest to get a smile from their chief, drum major Bill Adkins of Haskell. The feathered maidens are, left to right, Margaret Sealey, Sweetwater; LaGatha Wood, Seminole; and Nancy Lawlis, Levelland. The four baton-twirling specialists will be on the 18-member instructional staff for McMurry's sixth annual summer Vacation Band School July 18-31. (Photo courtesy Abilene Reporter-News.)

### Salt Fork Hits 17 Year Peak In May, State Water Engineers Report

Moderate substantial run-off was carried in most Texas streams outside the mid-central and southern areas, the Texas Board of Water Engineers reported. Statewide moisture conditions improved during May following moderate rainfall to local heavy rainfall.

**Salt Fork Brazos River west of Rule carried the highest peak discharge in 17 years of record.**

Flow in Rio Grande in Presidio area diminished to critical low during the month. Reservoir storage increased considerably with significant gains in Lake Kemp, Lavon Reservoir and the recently completed Lake Houston. Releases were made during the month from Possum Kingdom Reservoir and Lake Buchanan to make room for inflow of flood waters. Over 9,000 acre feet daily was being released from the United States' 170,000 acre foot share of the 530,000 acre foot storage in Falcon Reservoir at end of May. Water levels in selected observation wells in the Winter Garden and El Paso areas were higher in May than in April but declines continued from Uvalde to the Houston area. Spring flow from the Edwards aquifer in Central Texas improved during the month, however, flow into the Frio, Nueces and Guadalupe Rivers is below average.

**Precipitation**  
Average precipitation over the state was 4.01 inches or 108 percent normal for May. Areal averages of rainfall varied from twice normal in the area west of Wichita Falls to one-twentieth normal in the Lower Valley. The distribution of rainfall was the best in many months with monthly total rainfall generally exceeding 4 inches in areas north of a line from Midland to Port Arthur. Above that line, scattered heavy rainfall was reported in many localities with monthly totals around 11 inches in Quanah and Texarkana; about 10 inches in Lufkin and 9 inches in Wichita Falls; nearly 9 inches in Shamrock and over 9 inches in Paris and Port Arthur; around 8 inches in Claude, Crosbyton, Miami and Seymour in the Panhandle and northwest Texas, and Tyler in East Texas; about 7 inches in Abilene and Dallas, and 6 inches in Luling. South of that line, rainfall totals of about 5 inches for the month were reported in Kerrville, Llano, San Angelo and Encinal with about 4 inches reported in Austin, Beeville, Columbus, Cuero and Falfurrias; however, area averages were generally in the 3 inch range excepting the area from Baffins Bay to Corpus Christi Bay with an average of .92 inches, and the Brownsville area with an average of .17 inches. The monthly average rainfall west of Pecos River was 1.08 inches or 91 per cent normal.

**Ground Water**  
Higher water levels were recorded in selected observation wells in the Winter Garden and El Paso area in May, but declines continued in Harris County, Uvalde, San Antonio and Buda. Month end rains in west Texas will probably cause water levels to rise in some wells in June.

**Streamflow**  
Substantial runoff occurred in the upper watersheds of the Trinity, Brazos and Colorado Rivers and the Red and Sulphur Rivers. Red River near Terral, Oklahoma, carried a peak flow of about 85,000 cfs on May 14 and had an average flow about 150 percent of the 15-year average for May. The peak discharge of the Salt Fork Brazos River west of Rule, on May 24 was about 35,000 cfs and was the highest occurring in 17 years of record. Sulphur River near Darden carried a peak flow of 32,000 cfs during the month. Most streams outside of the mid-central and southern areas carried normal flow for May. Upriver runoff in the Brazos River sustained the lower Brazos flow and relieved irrigations below Rich-

mond from the purchase of water for the irrigation. Moderate flooding in the Uvalde area has necessitated surveys by the U. S. Geological Survey to determine peak discharges at some half-dozen or so gauging stations by indirect methods. Average flow for the month in North Bosque River near Clifton was the lowest average flow for May in 31 years of record. Average flow in Guadalupe River above Comal River at New Braunfels was less than one-fourth of normal for May. The Rio Grande below Del Rio carried good flow during the month but was practically dry in the vicinity of Presidio at end of May. Although spring flow from the Edwards aquifer in central Texas April from Comal Springs at New Braunfels was the lowest May average in 27 years of record.

**Reservoir Storage**  
Conservation storage in Texas Reservoirs has improved considerably over last year at this time. Combined storage in nine regularly reporting reservoirs shows an increase of 9 percent since the end of April and an increase of 18 percent over May 1953. Lake Kemp on Wichita River gained 160,000 acre-feet in storage during the month and held 290,300 acre feet full and spilling.

as compared to 45,000 acre feet at end of May 1953. Conservation pools are nearly 100 percent filled in Possum Kingdom Reservoir on the Brazos and in Lake Buchanan and Lake Travis on the Colorado. Although Medina Lake on the Medina River has only 13 percent of usable capacity in storage, the 32,720 acre feet in storage at end of May is over four times the amount impounded in May 1953. During the year, new reservoirs have been added to the ranks of those storing water for municipal, industrial and irrigation uses. Storage of 120,000 acre feet in Lavon Reservoir on East Fork of Trinity River and 38,000 acre feet in Grapevine Reservoir on Denton Creek has augmented the North Texas water supply. Belton Dam was dedicated May 28 (28 years after start of promotional activity) and impounded nearly 14,000 acre feet at end of May. Recently completed Lake Houston on the San Jacinto began storage in April and contained about 30,000 acre feet at month end. Lake J. B. Thomas on the Colorado River near Snyder, Oak Creek Reservoir (completed in 1953) near Sweetwater and Lake Colorado City near Colorado City and Hords Creek Reservoir near Coleman (both completed in 1949) have sufficient storage to assure ample municipal supplies for those areas. The San Angelo lakes are in good condition with a gain of 11,000 acre feet in San Angelo Reservoir during the month and Lake Nasworthy

## NEELY DRY GOOD

North East Corner Square

**Livestock Remain 5th**  
 and market would be open Monday, July 5, as usual. The market here has traditionally stayed open at the time because it is a season of heavy movement of livestock to market and often shippers need to move cattle that have been rounded up and are being held in dry pasture or trap pens and they would suffer unnecessary loss if the market closed, because of excessive shrink.

The Defoe Shipbuilding Co., Bay City, Mich., has been awarded a \$13,972,418 contract for the construction of two destroyer escorts for the Navy.

# Lowest priced V-8 in its field!

## Hog Price Slide Is Halted At Fort Worth

The disastrous skid of hog prices that started on June 9 was finally halted at Ft. Worth Monday, and sales were 50c higher on both butchers and packing sows.

The series of losses, resulted in a roll-down of prices amounting to \$3 per hundred before the drop was stopped.

The trade listed a number of contributing factors. Hot spells of weather cut into the meat eating in densely populated areas of the country, especially Middle West and Eastern Seaboard sections. Abundant supplies of competitive meats was another factor in the down-trend. Slackening demand for slaughter was noted by some observers.

Probably the first real heat-wave of summer was the biggest factor.

Top at Fort Worth Monday was \$23.50, and sows sold at \$14 to \$18.

**SPEND WEEK END IN FORT WORTH**

Mr. and Mrs. F. J. McCurley of this city spent last week end in Fort Worth, where they visited relatives and friends.

TEXAS Almanac available at Haskell Free Press. 44c

**City Audit - -**

(Continued from page 1)  
\$14,257.01 from taxes, \$8,625.95 from garbage collections, and \$1,121.66 Housing Authority payment in lieu of taxes. Miscellaneous items made up the remaining income.

Total expense of \$25,780.58 included \$16,071.75 for salaries and labor; \$1,934.53 for gas, oil and repairs for cars and trucks; \$1,315.73 for spray; \$1,471.14 for new equipment purchased, as the major items.

**Park Fund**  
Tax collections of \$3,365.98 and house rents \$310.00 accounted for total receipts in the park fund of \$3,675.98.

Total disbursements of \$3,540.93 included \$850.00 for salaries and labor; \$875.25 for pump and cleaner for pool, and \$1,196.99 for improvements on city park cottage as major expense items.

**Street Fund**  
Receipts in the street fund totaled \$13,532.45, of which \$6,703.09 was from tax collections, \$5,960.45 from street and alley and gross receipts taxes accounting for the major receipts.

Expenses amounted to \$15,364.22, with \$5,170.00 going for salaries and labor, \$3,226.09 for street lights, \$1,264.25 for gas, oil, and repairs for equipment, and \$3,500.00 payment on maintenance as major disbursements.

**Fire Fund**  
The fire fund had total receipts of \$3,632.12, made up of \$3,620.67 from tax collections and \$11.45 from sale of supplies.

Total expenses of \$3,980.74 included \$2,305.50 for salaries and labor, \$1,014.04 for gas and oil and repairs for trucks and supplies as principal expense items.

**Water Fund**  
The water fund had total income of \$74,896.95, of which \$46,478.15 was from water collections, \$1,655.00 from meter deposits, and \$25,000.00 from the sale of water works and sewer revenue bonds as principal revenue items.

Total expense was listed at \$81,570.35, with the larger disbursements being \$13,731.95 for salaries and wages, \$1,242.00 for meter deposit refunds, \$10,034.16 for supplies, \$1,820.49 for gas and oil for trucks and machinery, \$3,066.10 for machinery and truck repairs, \$4,812.06 for utilities, \$1,319.49 for water meters, \$30,000.00 transferred to construction fund, \$4,808.73 for equipment, \$1,774.37 for two well houses, \$12,033.78 for water works and sewer revenue bond payments, \$2,950 for real estate purchased, and \$1,431.00 for drilling and testing water wells.

**Sewer Fund**  
Total income of the sewer fund was \$23,983.94, with \$18,684.90 from sewer collections and \$5,000.00 from sale of water works and sewer revenue bonds as principal items.

Total disbursements of \$26,249.13 included as major items \$4,318.75 for salaries and labor, \$1,152.40 for supplies, \$1,480.22 final payment on disposal plant, \$4,000.00 transferred to construction fund, \$6,000.00 payment on water works and sewer revenue warrants, and \$8,110.00 payment on 1927 sewer warrants.

**Interest and Sinking Fund**  
Income included \$20,213.43 from tax collections, and accrued interest on water works and sewer revenue bonds \$153.56 for a total of \$20,366.99.

Disbursements amounted to \$19,930.81, representing payments of principal and interest on outstanding tax bonds and warrants.

The city has \$9,613.47 in a Water and Sewer Revenue Bond reserve account with the Mercantile National Bank, Dallas.

**Construction Fund**  
The construction fund had income of \$24,000.00, representing amounts transferred from water and sewer funds.

Expenses included \$9,878.25 for disposal plant, \$1,990.57 for engineering fees, \$824.63 for sewer line, \$6,960.00 for street paving, \$1,379.27 for supplies, and \$50.40 for hauling to account for disbursements amounting to \$21,083.12.

**Paving Escrow Account**  
This fund had receipts of \$30,000 representing paving funds received from property owners. This sum, with a balance of \$129.83 was transferred to the general fund and the account closed.

**Bonded Ind. Bonds**  
Water, sewer and street improvement bonds dated Jan. 1, 1950 are outstanding in the amount of \$147,000.00. Total principal and interest at maturity in 1975 will be \$226,195.00.

Outstanding 1940 refunding bonds total \$13,500. Total principal and interest at maturity in 1967 will be \$18,387.50.

Another series of 1940 refunding bonds is outstanding in the amount of \$59,000.00. Total principal and interest at maturity in 1970 will be \$93,262.50.

A third series of 1940 refunding bonds is outstanding in the amount of \$28,500.00. Total principal and interest at maturity in 1969 will be \$45,135.00.

A series of 1927 sewer system warrants is outstanding in the amount of \$13,000.00. Total principal and interest at maturity in 1957 will be \$14,620.00.

Series 1947 street equipment warrants outstanding total \$4,000.00. At maturity in 1957 total principal and interest will amount to \$4,300.00.

Fire equipment warrants are outstanding in the amount of \$6,000.00. Total principal and interest in 1956 will amount to \$6,480.00.

Series 1951 water works and sewer system revenue bonds outstanding total \$148,000.00. Total principal and interest at maturity in 1981 will be \$227,152.50.

Series 1952 water works and sewer system revenue bonds outstanding total \$70,000.00. Total principal and interest at maturity in 1981 will be \$131,387.50.

Series 1953 water works and sewer system revenue bonds outstanding total \$30,000.00. Total principal and interest at maturity in 1956 will be \$39,250.40.

Series 1953 street equipment warrants outstanding amount to \$3,000.00. Total principal and interest at maturity in 1957 will be \$3,300.00.

**NEWEST HEAVYWEIGHT SLUGGER**

Shown publicly for the first time at the Chrysler Delaware Tank Plant, here is the long-secret T-43, newest, heaviest, and most powerfully armed of Uncle Sam's land battleships. The armored giant was designed by engineers of Army Ordnance and Chrysler Corporation and has been in production at the Delaware plant for the past three years, although many of its details are still classified. For its Sunday punch, the T-43 mounts a 120mm cannon, plus .50 caliber and .30 caliber machine guns. Hull and turret are each cast from a single piece, with contours sloped to deflect enemy fire. The biggest tank ever put into production by the United States, the T-43 is claimed to be more than a match for any tank that could be put in the field against it.

**HOSPITAL NOTES**

Relatives and friends are requested to observe the following schedule of visiting hours: 9:30 to 10:30 a. m.; evening, 7 to 8 o'clock.

**ADMITTED:**  
Mrs. Claude Ashley, medical, Haskell.  
Opal Dunnam, medical, Haskell.  
Mrs. J. T. Kirby, surgery, Haskell.  
E. O. Chapman, accident Haskell.  
Linito Rodriguez, burns, Rule.  
John L. McGuire, medical, Haskell.  
Mrs. G. W. Fulmer, medical, Haskell.  
J. T. Watson, medical, Haskell.  
Mattie M. Stark, medical, Haskell.  
Mrs. Emite Bale, surgery, Haskell.  
Verna Belle Sellers, surgery, Haskell.  
Gaston Tidrow, medical, Haskell.

**DISMISSED:**  
Cecil Ray Smith, Rochester, Mrs. Willard Warren, Haskell; Arthur Merchant, Haskell; O. D. Hoppe, Sagerton; Mrs. J. D. Rascoe and infant girl, Stamford; Edgar S. Kelso, Haskell; Sandra K. Newson, Rochester; C. E. Sprayberry, Rule; Robert Lee White, Jr., Haskell; W. B. Miller, Rule; Mrs. Joe Massie, Haskell; Anna Clara Whitaker, Haskell; Maria Alcala, Gore; John Clifton, Haskell; L. E. Thompson, Rule; Mrs. Jack Speer, Haskell; Larry Dean Martin, Rochester; Keith Everett, Haskell; Mrs. A. A. Gauntt, Rochester; Katherine Sifuentes, Rule; Gaston Hattox, Haskell; F. I. Pearsey, Haskell; Eddie J. Nicholson, Haskell; J. L. Johnson, Haskell; David Letz, Old Glory; Mrs. Weldon Norman, Rule.

Mr. and Mrs. Charles Smith, are guests in the home of their parents, Mr. and Mrs. Jesse B. Smith.

The blueprints and drawings of a modern submarine, if placed end to end would extend from New Orleans, La., to Beaumont, Texas.

**Net Gains Listed In Water, Sewer Earnings**  
With total actual water receipts of \$48,164.65 and actual operating expense of \$37,032.34, the audit lists \$11,132.31 as net gain from water system operations.

The municipal sewer system lists actual receipts of \$18,538.99 and actual operating expense of \$6,658.91, to leave a net gain of \$11,880.08 reflected in the audit.

**Income**  
Combined total income in all funds for the fiscal year covered by the audit is listed at \$189,880.16, while combined expenditures amounted to \$197,499.88. Listed as income in the water and sewer funds is \$30,000 received from sale of water and sewer revenue bonds.

Total income and expenditures, are listed by funds as follows:

Income	Exp.
General \$25,792.16	\$25,780.58
Park 3,675.98	3,540.93
Street 13,532.45	15,364.22
Fire 3,632.12	3,980.74
Water 74,896.95	81,570.35
Sewer 23,983.94	26,249.13
I. & S. 20,366.56	19,930.81
Construction 24,000.00	21,083.12
<b>\$189,880.16</b>	<b>\$197,499.88</b>

**Combined Fund Balances Decline**  
Total combined balances of all funds declined \$7,618.72 during the fiscal year covered by the audit. Balances in each fund on March 31, 1953 and March 31, 1954, are shown in the audit as follows:

1953	1954
General \$ 9,484.25	\$ 9,496.83
Park 4,830.26	4,955.31
Street 3,991.80	2,160.03
Fire 2,089.90	1,741.28
Water 24,126.87	17,453.47
Sewer 7,977.36	5,712.17
I. & S. 14,543.18	14,978.93
Construction 12,481.35	15,398.25
<b>79,524.97</b>	<b>71,906.25</b>

## New County Jail Building Due Completion by July 1

Haskell County's new \$80,000 jail is nearing completion, and all construction work is expected to be completed by July 1, according to Contractor D. C. Lemmons of Brownwood and A. C. Roberts, local supervisor for the architects.

The modern structure, located at the corner of South 2nd and Avenue F, includes in addition to the jail, adequate living quarters for the sheriff or jailer and family.

The living quarters include three bedrooms, kitchen, breakfast nook, combination living room and dining area, and a private office for use of the sheriff or jailer. Two bathrooms and built-in closets in all bedrooms complete the living quarters. The kitchen has built-in cabinet, sink, and other features and is equipped with a built-in electric range, and refrigerator. Other appliances include an electric washer and dryer.

All floors throughout the living quarters are inlaid tile. This section of the building is also equipped with year-round temperature control.

Entrances to the living quarters are on the west and south, and a carport adequate for two automobiles is located on the south side of the building.

A corridor separates the living quarters from the jail section of the building.

All cells and jail equipment is of the latest type, and as near escape-proof as it is possible to devise, Architect Supervisor Roberts explained.

Located on one side of the corridor are separate wards for women and juveniles, and a hold-over ward. Each ward has shower facilities, lavatory and commode.

One large cell comprises a day unit, equipped with table and seating accommodations, and meals are served inmates in this section. This room also has shower facilities.

Meals can be served inmates without entering the day unit, by means of a small opening from the outside corridor. Small win-

dows with bullet proof glass panels permit full view of the entire jail section at all times.

Three cells, each of which will accommodate four inmates, are located on the north and south sides of the jail section, providing facilities for handling 24 inmates in this section of the jail. A visitor's corridor runs along each side of the main jail section.

Locking mechanism throughout the jail section is operated by a master control, which permits opening or locking of any or all cells independently or simultaneously. Overhead heaters are installed in hallways and corridors outside the cells, and all plumbing and lighting installations are inside walls or floors to eliminate any danger of being damaged.

The entire building is of reinforced concrete. The jail section is 36 feet wide and 54 feet long, while the living quarters comprise 46 by 52 feet of space, including carport. This section of the building is attractively finished with faced brick.

Grounds surrounding the building are being filled in and leveled, and a paved driveway will give access from Avenue F, with the roadway extending along the south side of the building to the alleyway leading to North 2nd Street.

The new county jail replaces the old three-story brick jail building on the southeast corner of the square, built in 1910.

**Stamford to Host Haskell and Jones Singers Sunday**

## News From Sagerton

BY MRS. DELBERT LE FEVRE

The Rev. F. R. Zuker, pastor of the Zion Lutheran Church spent Monday at a circuit meeting in Albany.

The members of the Walthar League of the Zion Lutheran Church will be hosts at a family evening in the church parish hall Sunday evening, June 27 at 8 p. m.

Guests of Mr. and Mrs. A. C. Knippling Sunday were Bill and Turner Askew of Olney.

The Kimbell elevator has been kept busy this past week. F. A. Stegemoeller and son, Kenneth, who operate the elevator state that if the weather is favorable the rush will be over this week. The average yield is from ten to twelve bushels per acre of wheat. Mr. and Mrs. Otto Schaake and Mr. and Mrs. Adolph Helm and

Jeanette went to Ponca City, Okla. recently to attend funeral services for a sister of Mrs. H. Helm of Stamford. The deceased was an aunt of Mrs. Schaake and Mr. Helm.

Mr. and Mrs. M. D. Ross of Dublin spent Friday of last week here with Mr. and Mrs. Barney Ross and family. They brought Sandra and B. L. Ross home after they had spent two weeks with their grandparents in Dublin.

Mrs. Joe Clark underwent surgery at the Stamford Hospital Monday, June 21. During her stay in the hospital her daughter, Patsy is staying with Mr. and Mrs. Geo. Olson in Stamford. Her baby, Peggy is staying with Mr. and Mrs. Herman Raphael and her son, Ray is staying with Mr. and Mrs. Leon Stegemoeller near Old Glory.

Guests in the John Clark home last week end were Mr. and Mrs. Leslie Cobb and Johnny, Midland, and Whit Clark of Benavides. Johnny Cobb, who had spent the week with the Clarks, returned home with his parents.

Mr. and Mrs. Yater Benton, Jr. and daughters, Marie and Margaret of Fort Worth spent last week end with Mr. and Mrs. M. C. Benton. The little girls remained for a longer visit.

Mr. and Mrs. Loil Young attended funeral services in Merkel Tuesday of last week for Mrs. Young's aunt who passed away there Sunday after a long illness. She was suffering from cancer of the lung.

A Children's Day program was presented at St. Paul's Lutheran Church Sunday morning by the children who attended Vacation Bible School. After the program dinner was served in the basement. During the afternoon the children and grownups enjoyed games and contests on the church grounds. Later on the church softball team played the Eric Dahl team and was defeated 6-3.

Mr. and Mrs. Tullie Herring and Mrs. Emma Lammert of Amarillo visited here with relatives and old friends Saturday. Their daughter, Marilyn has been here visiting with Mr. and Mrs. Emil Kainer and family.

Guests in the home of Mr. and Mrs. Alvin Bredthauer and family last week were Mr. and Mrs. Herbert Gaskamp and family of Brenham and Mr. and Mrs. Rudolph Gaskamp and family of Waco. Herbert and Rudolph are brothers of Mrs. Bredthauer.

Mr. and Mrs. Donald Holt of Littlefield visited with Mr. and Mrs. Claude Guinn Sunday.

## Traffic Takes Two Lives In Abilene District in May

The Texas Highway Patrol of the Abilene District in their duties of traffic supervision on the rural highways of the 13 county district investigated 87 motor vehicle traffic accidents during the month of May.

Captain G. L. Morahan, commanding officer of the district, reported that 2 persons died in the two fatal accidents in May, 35 persons were injured in 23 personal injury accidents and there were 62 property damage accidents. Damage in the 87 accidents amounted to \$50,038.50.

In comparing May of 1953 with May 1954, nine fatalities were recorded in May of 1953, while only 2 were recorded in May of 1954.

The first 5 months of 1953, 22 persons were killed while during the 5 months of 1954, 31 died in traffic accidents in the 13 county area. Taylor and Jones County each have recorded 6 deaths, Stephens 5, Callahan 4, Mitchell 3, Scurry 2, and Fisher, Haskell, Nolan, Shackelford and Stonewall have had one traffic death each, while none has been recorded in Throckmorton County.

Patrolmen stopped 1,487 traffic violators of which 1,096 were warned and 391 were cited to court. 183 were charged with excessive speed, 20 with DWI, 20 for stop sign violations, 19 for improper passing and 15 were charged with defective headlight or taillight violation.

Fines were paid by traffic violators to the following counties as follows: Callahan \$815.35, Eastland \$252.00, Fisher \$223.10, Haskell \$305.50, Jones \$411.00, Mitchell \$488.00, Nolan \$295.65, Scurry \$562.00, Shackelford \$258.00, Stephens \$506.60, Stonewall \$58.50, Taylor, \$1,567.20 and Throckmorton none.

### Final Rites Held In Graham For C. M. Forehand

Funeral service for Chesley M. Forehand, 63, of Graham and a former resident of Weinert, was held Thursday afternoon, June 17 in the East Side Church of Christ in Graham with Minister Doggett officiating. Burial was in the Pioneer Cemetery in Graham.

Mr. Forehand died June 15 at the family home in Graham. He was a native of Texas, born in Hunt County July 19, 1890 and was married Miss Leona Owens Dec. 5, 1911, in Wolf City, Texas. The family later lived in the Weinert section, and moved to Graham in 1935. Mr. Forehand had been employed by the Graham Mill & Elevator Company since that time. He had been a member of the Church of Christ since early manhood.

### Wichita-Brazos Soil District Farmers Plant Cover Crops

A newsletter issued by the Wichita-Brazos Soil Conservation District points out to the area farmers that grass seeding time is here. Soil technicians advise that now is the time to plant Blue Panic, K. R. Bluestem, Sandlove and others.

The newsletter lists the following farmers and landowners who are planting soil conserving crops: Paul Grinstead, O'Brien, is planting sandlove grass for permanent pasture.

Edgar Jones, Truscott, has started planting blue panic grass. Van Earl Sams, Howard Meyers and League Ranch are also planting blue panic. Others who are planting are:

- Alfred Turnbow, Haskell, 13 acres.
- Tom Davis, Haskell, 24 acres.
- E. H. Burnett, five miles east of Haskell, 52 acres.
- Delma Williams, Rochester, 20 acres.
- Felix Josselet, Weinert, six acres.
- Oscar Rueffer, Haskell, 10 acres.

### VISITORS IN SID DAVIS HOME

Mr. and Mrs. H. E. Davis and family of Amarillo visited in the home of Rev. and Mrs. Sid Davis last week.

### VISITORS FROM ABILENE

Mr. and Mrs. Frank Junell and children, Janice and Robert of Abilene were visitors Sunday in the home of Mrs. Junell's parents, Mr. and Mrs. I. N. Simmons in this city.

### Haskell Students Attend MYF Meet In Abilene

ABILENE, June 21 (Sp.)—Eight Haskell students were among the 441 young people who attended the 38th annual Methodist Youth Fellowship assembly of the Northwest Texas Conference June 14-19 at McMurry College.

They were June Cook, Janis Pitman, Ruth Hiebert, Clever Carney, Sam Eubanks, Nancy McFarlin, Janice Scott and Betty Montgomery.

The Haskell delegation was one of the largest (perhaps the largest) from the standpoint of comparative populations of cities and communities represented) delegations at the meeting, according to the assembly registrar, the Rev. Bob Harris of Lorraine.

Dean of the MYF assembly was the Rev. Frank Peery, pastor of the Trinity Methodist Church, of Amarillo. He was assisted by a staff of some 50 Methodist ministers, youth workers and laymen.

Dr. Marvin L. Boyd, pastor of Midland's First Methodist Church, was the main speaker, bringing a message each evening on the assembly theme, "Finding Life in the Will of God." The delegates were housed in McMurry College dormitories and took their meals in the college dining hall.

Miss Cook, daughter of Mr. and Mrs. Floyd Cook, is a junior at Haskell High School and has been a member of the band and F.H.A. She has served as reporter for her sophomore class, and has been president of the MYF at Haskell's Methodist Church.

Miss Pitman is the daughter of Mr. and Mrs. W. H. Pitman. She takes part in Future Homemakers of America at Haskell High, and has been chairman of the citizenship committee of the local MYF.

Miss Hiebert is a member of the church choir, and has been vice president. She is the daughter of Mr. and Mrs. D. V. Hiebert, she is a senior member of the Haskell High School Band.

Carney, son of Mr. and Mrs. G. G. Carney, is another bandman at Haskell High, and has served as Christian faith chairman of MYF.

Eubanks has been a member of the Haskell Indians' football and basketball squads, and of the local MYF council. The son of Mr. and Mrs. Mat Eubanks, he is a high school sophomore.

Miss McFarlin, daughter of Mr. and Mrs. J. W. McFarlin, is a senior. She has served as publicity chairman of the local MYF and as district treasurer.

Miss Scott's parents are Mr. and Mrs. Sam Scott. A sophomore at HHS, she has served as secretary of the MYF.

The daughter of Mr. and Mrs. F. M. Montgomery, Bettye is a junior member of Haskell High Band. In the local MYF, she serves as Christian outreach chairman, and she is also a member of the church choir.

### Rev. Alfred Altum To Be Instructor At R. A. Camp

Rev. Alfred Altum of Haskell will be one of the mission study instructors for the Junior Royal Ambassador camp for Baptist junior boys at Luaders Baptist Encampment grounds June 28-July 1.

This will be the third junior camp there this summer. The Junior Girls Auxiliary camp has been in progress this week, closing Thursday and the Sunbeam camp for younger children will be Thursday afternoon and Friday.

Rev. S. S. Stover, missionary on furlough from Brazil, will be camp camp and for the Intermediate RA camp which follows July 6-9.

Rev. Huron Poinac of Munday and Rev. Cecil Meadows of Rochester will direct both camps. Phil Briggs of Munday will be in charge of the music and James McKee of Hardin-Simmons, the recreation for both camps.

Rev. James Easterwood of Anson will be camp pastor for the Juniors and Robert Chapman, state RA director, will conduct the recognition service on June 30 at 8 p. m. The public is invited.

Camp fees will be \$5.35 which will include registration, insurance and meals.

### THE CHRISTIAN CHURCH (A New Testament Church) 107 N. Ave. F. John Barry, Minister Dennis P. Ratliff, Bible School Supt.

Morning subject: "Can We All Understand the Bible Alike?" The program: "New Testament Christianity" will be on the air again next Lord's Day over KDWT Stamford, with Minister John Barry bringing the message on the topic, "Unity is Practical." Evening sermon subject: "Is Faith, Only a Bible Doctrine?"

VISITORS FROM TENNESSEE | Mr. and Mrs. Charles McLemore, Miss Waweda McLemore and little Miss Doris Love of Nashville, Tenn., have been visitors in the home of their grandmother and great-grandmother, Mrs. J. C. Turnbow of Haskell and other relatives of Weinert and Haskell the past week. They will visit Mr. and Mrs. Jimmy Cox and Mr. and Mrs. Charles Cox of Dallas Friday on their return trip.

VISITING IN HOME OF PARENTS | Mrs. Elvyn Jordan and little son Johnny, of San Antonio, are guests this week in the home of their parents and grandparents, Mr. and Mrs. N. I. McCollum of Haskell.

DR. J. G. VAUGHTER Dentist 606 1/2 North and St. One Block West Meth. Church Phones: Off. 246 Res. 670-J

# Know the SCORE and you'll get a FORD

FORD	<input checked="" type="checkbox"/>
CAR C	<input type="checkbox"/>
CAR P	<input type="checkbox"/>

### FORD WINS ON ENGINES

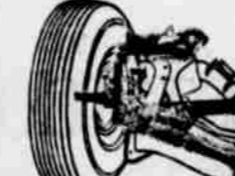

FORD	CAR C	CAR P
Only V-8 in its field	Outmoded Sixes only	Outmoded Sixes only

Ford's new V-8 is the most modern engine in the industry! And it's the only V-8 in the low-price field! Its Y-shaped block gives it greater rigidity for smoother, quieter performance. And its low-friction design cuts power loss, lengthens engine life.

### FORD WINS ON RIDE

FORD	CAR C	CAR P
Only Ford has new Ball-Joint Suspension	Old-fashioned kingpin type	Old-fashioned kingpin type

This advanced new suspension makes all handling easier... all riding smoother. It lets your Ford take the corners almost as if on rails! It smooths out bumpy roads. The magic's in the sealed Ball-Joints which replace old-fashioned kingpins and hinge-like joints.

### FORD WINS ON DRIVES

DRIVE	FORD	CAR C	CAR P
CONVENTIONAL	Yes	Yes	No
OVERDRIVE	Yes	No	No
AUTOMATIC	Yes	No	Yes

Only Fordomatic® in its field gives you the smoothness of a torque converter plus the extra "Go" of an automatic intermediate gear.

### FORD WINS ON STYLING

With... Clean, crisp, trend-setting lines.

- A truly modern, long, low, sleek silhouette.
- Smooth, graceful, unbroken sweep of fender line.
- Low subtly-curved, modern hoodline.
- Full wrap-around rear window in all closed models.
- Fashion-tailored interior fabrics and trim.

... WHICH NO OTHER CAR IN FORD'S FIELD CAN MATCH!

FORD wins on choice... 28 models, 14 body styles!

Ford wins on the "deal," too!

Come in and get the score Today!

### Hopper Control Methods Given by County Agent

Grasshoppers are showing up in numbers, in many parts of Haskell County, according to reports reaching County Agent F. W. Martin. He gave the following suggestions this week to farmers wishing to combat the insects.

Toxaphene and Chlordane have been proved as good insecticides for the control of grasshoppers. Where there are green weeds and grass still in this area. Good control can be obtained by using Toxaphene at the rate of 1-3 gallon of Toxaphene per acre. The operator would need to know how many gallons of water that is being used to cover an acre. Then you would use 1-3 gallon of Toxaphene to this amount of water. If the spray is putting out more than 5 gallons of water per acre, smaller nozzles should be obtained to cut down on the water per acre.

If Chlordane is to be used, use 1 pound of technical Chlordane per acre. Should a producer wish to use wet bait the following solution should be used: 100 lbs. of wheat grain and use one quart of Toxaphene in enough thickness.

These insecticides are poisonous and should be treated as such; however, there should be no danger of killing livestock where small amount of weeds along the fence rows are being sprayed.

# Youth Recreation Program Rapidly Gaining In Popularity

Are you a boy or girl of school age who likes to play tennis, volleyball, ping pong, badminton, basketball, softball, baseball? Like to swim or learn how? In other words, would you be interested in a summer of fun, and sports? Are you a parent who is interested in your child's moral and physical development? Interested in knowing where the child can have good recreation under planned supervision instead of roaming the streets with possibilities of mischief?

Apparently there are a lot of people in Haskell and surrounding communities who reply with a resounding "Yes!" At least that's the impression the Youth Development Council is getting from the response to its summer program of youth recreation.

Young people in and around Haskell from six years through high school age can still register for membership in the youth program. In fact, they are urged to do so. Just go to the gym or playground at east side of high school any afternoon and sign up. Boys' activities start at 5 p. m. and girls' at 5:30. Adult volunteers will be there ready to lead or guide your choice of game. Come on; the more, the merrier!

General director of the youth program is T. O. McClung who has had several years experience with such work in Vernon. Mr. McClung, new member of Haskell High School faculty in a teaching and coaching position, replaces Billy Snow, who recently resigned as general director of the youth program. Keenly interested in young people and experienced in working with them, McClung is a distinct asset to Haskell and its youth program.

Of major interest to the boys has been the organization of the Kids Baseball League. While McClung is general director of all the activities, R. F. Coston is in charge of this particular phase. League officials and team managers provide the following information:

The Little League, for boys of 8-12, practice on the Elementary and Old South Ward fields.

The Pony League, for boys 13-15, practice on the high school field.

The Teen-Age League, for boys of 15 through high school age, practice on the high school field.

All regular games are played on the Fair Park baseball diamond.

Other practice fields are under construction now in anticipation of an even greater turn-out for this popular sport.

A minor league of the Little League, for boys of 6-8 will play on the high school grounds. These younger boys will start work on Tuesday and Thursday afternoons, according to Coston.

Concession stands will be open during all Kid League, as well as City League games. The proceeds will go to the Youth Development Council to defray expenses of equipment and supplies.

Starting Friday morning, June 25, at 10 o'clock Beginners Swimming classes will be offered as part of the youth program. Children from 6-12 years will pay ten cents to enter the pool and instructions will be free of charge. This will be welcome news to the many people who have inquired about swimming lessons.

Of further interest to swimmers is the announcement that regular participants (boys and girls who take advantage of all the activities regularly) in the youth program will be issued special membership cards which, will entitle them to swim on certain days at reduced rates.

Now, that's the story of the Youth Development Council and its plans for our young people. The advantages are many, and the invitation to join is cordial. As McClung says, "Come once, and you'll come again."

Announcement to board of directors of the Youth Development Council: The next meeting will be Thursday, July 6, at 8:00 in the Chamber of Commerce office. The regular Monday meeting is being postponed due to the 4th of July observance.

TEXAS Almanacs available at Haskell Free Press. 44tc

## Weinert News

Attending the funeral of Chesley Forehand in Graham Thursday were Mr. and Mrs. Fred Ridgell, Mr. and Mrs. Jeff Huckabee, Mr. and Mrs. J. B. King, Mr. and Mrs. Elbert Owens, Mrs. Sargent Lowe, Mrs. Luther Hunter and J. E., Mrs. J. E. Nelson, Mr. and Mrs. Jimmy Anderson, Mr. and Mrs. Clyde Walker, Mr. and Mrs. M. W. Phemister, Mr. and Mrs. Coyt Hix, Mr. and Mrs. J. A. Driggers and Mrs. P. L. Mayfield, all of Weinert.

Mr. and Mrs. Arnold Edwards and daughter of Dallas visited his father, R. S. Edwards and other relatives in Weinert over the week end.

R. S. Edwards returned to his home Friday from a trip to Littlefield, Lockney, Lubbock and Clovis, N. M., visiting his children.

Rev. and Mrs. Ira C. Frazier returned Saturday from a two weeks visit to Jackson, Miss., where they visited his parents, Mr. and Mrs. M. F. Frazier and her parents, Mr. and Mrs. P. E. Little.

Mrs. Pat Mayfield of Fort Stockton spent two weeks with her parents, Mr. and Mrs. J. W.

Liles and was accompanied home by her mother for a few days visit.

A three-legged pigeon squab 3 or 4 days old can be seen at Henderson's Cafe here. The breed is the White King.

Mr. and Mrs. E. F. Rainey and family visited her parents, Mr. and Mrs. J. E. Bicknell in Dallas, and relatives in Gainesville over the week end.

The Rev. and Mrs. Temple Lewis of Tye were visitors here Monday.

Mr. and Mrs. Bill Pickering of Holtville, Calif., visited their daughter and family, Mr. and Mrs. Raymond Mathison and other relatives in Weinert last week.

Linda Gayle King visited Mrs. G. C. Newsom last week.

## Weinert Students Attend Methodist Youth Meet

Richard Hix and Hugh Smith of Weinert have returned from Abilene where they attended the annual Methodist youth meet of the Northwest Texas area last week on the campus of McMurry College.

Hix, son of Mr. and Mrs. Joe Hix, is a sophomore at Weinert High School and participated in football and FFA activities.

Smith's parents are Mr. and Mrs. H. W. Smith. A high school junior and is a member of the football and basketball teams at Weinert. Smith is vice president of his local MYF group. Both boys are members of the Weinert Methodist Church.

AS GENERAL ELECTRIC SEES IT

# Few people realize how rapidly America's economy is growing

General Electric is backing its belief in a long-term period of industrial growth by the biggest building program in its history, spending more than a billion dollars since 1946

Anyone who spreads fears that we may be facing another major depression ignores completely how much America has changed since the 1930's.

First G-E refrigerator helped create 100,000 jobs

Here are just two examples of what has happened.

The first electric refrigerator with a sealed-in mechanism was introduced by General Electric in 1926, and its production in that year required only a few hundred people. Today, refrigerators and freezers make up a billion-dollar business which employs more than 100,000 men and women in manufacturing, plus additional thousands in retailing and distribution. The freezer itself has made possible another whole new industry, frozen foods.

Today's new products and new industries...

In 1939, most of us knew electronics only as tubes in our radio, and the entire industry sold 230 million dollars' worth of equipment. Electronics is now a 4.4-billion-dollar business, and some experts predict it will grow to 20 billions in the 1960's. General Electric, just one producer, now has electronic equip-

ment factories in 13 different parts of the country and has stepped up its payroll in this field to 27,000 in just 15 years.

This trend of expansion is not slowing down. It's rapidly accelerating.

Many exciting new industries are predictable as we learn how to make full use of atomic energy. Another important new field will be electronic machinery that will make work easier, production swifter. Our scientists are experimenting with metal crystals 50 times stronger than any metals we now know. New and better home appliances are on the way. More uses for the gas turbine are coming out of jet-engine experiments.

... will continue to keep America's economy expanding

These are only a few of the things General Electric is interested in, and other companies, of course, are hard at work on equally promising projects.

Our belief in a long-term period of industrial growth is not wishful speculation. It's being backed by the greatest building program America has ever seen. Last year, the nation's industries spent 28 billion, 400 million dollars for new plant and equipment; this year, they will spend only slightly less. Our own investment since 1946 has already reached more than a billion dollars. In 1954, a record 175 million dollars will be invested in new plant facilities by G.E., 24% more than last year.

This is the kind of confidence we have in the country's future.

Progress Is Our Most Important Product

# GENERAL ELECTRIC

# Best Deal

more car for your money  
more money for your car

Any way you figure value, Pontiac is the head-and-shoulder standout.

Only at the top of the price scale can you match Pontiac's size, luxury and big-car performance. Yet it is priced within a whisper of the lowest!

That's the big advantage you start with—more car for less money. And here's another reason why, deal for deal, you can't beat Pontiac. You pay less in the long run because you are always trading America's favorite used car.

But let Pontiac and our generous deal do the talking. Come in for a showdown ride and a top-dollar appraisal.

- C. L. Lewis, candidate for County Treasurer, none.
- R. A. Coburn, candidate for Tax Assessor-Collector, \$19.95.
- W. C. Collins, candidate for Commissioner Precinct 4, none.
- Frank Lewellen, candidate for Constable, Precinct 1, none.
- Bill Fouts, candidate for Tax Assessor-Collector, \$150.00.
- Robert Fitzgerald, candidate for Justice of Peace Precinct 1, \$8.00.

**Bob Brock's Have New Grandsons**

Mr. and Mrs. Robert (Bob) Brock of this city are happy over the news of the arrival of two new grandsons recently.

Mr. and Mrs. Lonnie Brock, 2915 First St., Lubbock are the parents of a son, Stephen Craig, born June 11 in that city. The young fellow weighed 7 pounds, 6 ounces. Maternal grandparents are Mr. and Mrs. Dud Davis of Ralls.

Mr. and Mrs. Ben Brock, 302 Beall Street, Sweetwater, are the parents of a son, Roderick Mark, born Thursday, June 17. The little man was checked in at 6 pounds, 11 ounces. His maternal grandparents are Mr. and Mrs. Posey of Blyeville, Ark.

**J. E. Walling, Jr., Attending Butane Dealers Meeting**

Joining hundreds of other butane dealers for the annual convention of the largest organization of its kind in the world, J. E. Walling, Jr., of the Walling Butane Appliance Co. plans to spend several days in Dallas this week. He will attend the Ninth annual Convention of the Texas Butane Dealers Association, of which his firm is a member. Mr. Walling plans to leave about June 23rd for "Big D" and expects to return home on June 26th.

**LETTERS From Our Readers**

(Editor's Note: Letters from readers must be brief and of timely interest. All communications must be signed with the name and address of writer. Name of writer will not be published if requested for valid reason.)

**TO THE FREE PRESS:**

I would like to call attention to the fact that thoughtless parking of cars on and across sidewalks in the vicinity of our churches on Sunday should be avoided by motorists.

Sometimes cars parked heedlessly completely block the sidewalks and pedestrians are compelled to walk out in the street to get around the automobiles. This is hazardous particularly for elderly people or small children, placing them in danger of passing cars.

By all means attend church, but let us park our cars in a way that will not create inconvenience or possible danger to others.

**WHY MERCURY'S NEW V-8 ENGINE IS THE FINEST IN ITS FIELD!**

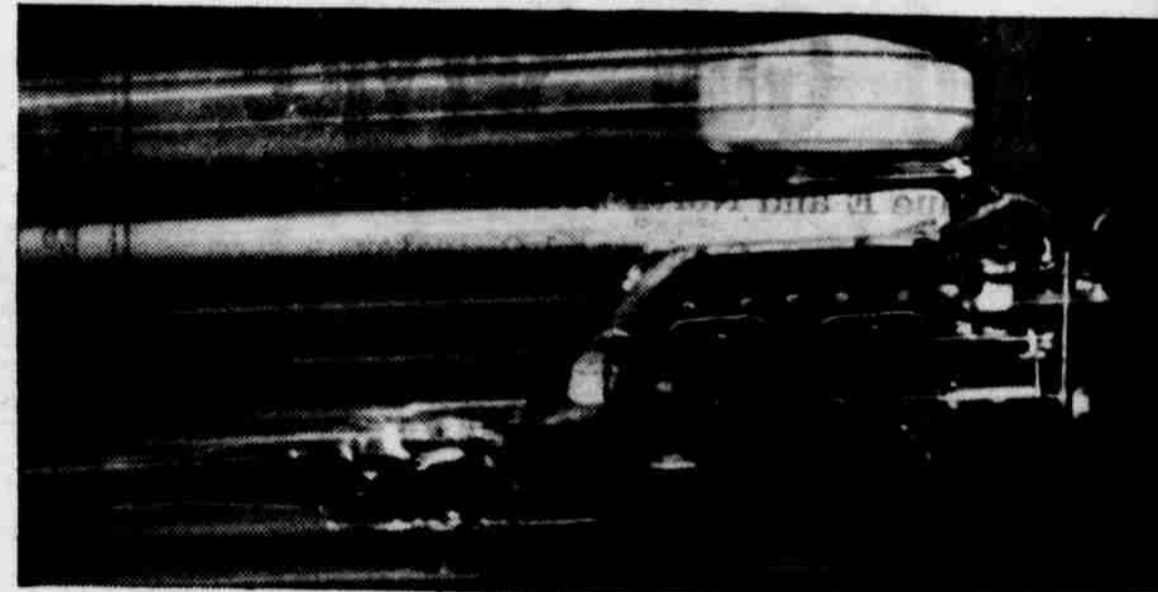

**MORE RESPONSIVE** (unique, new 4-barrel carburetor) —Only 2 barrels are used for normal driving. But the 2 extra barrels cut in instantly when reserve power is needed. They are vacuum-controlled for smoother response, greater economy.

**SMOOTHER OPERATING** (5 bearings, 8 counterweights) —Mercury's method of precision molding crankshafts of alloy iron permits a full set of counterweights (8 rather than the usual 6). The result: better balance, virtually no vibration.

**MORE EFFICIENT** (special high-turbulence combustion chambers) —Wedge-shaped combustion chambers, the result of 5 years' research, swirl the fuel-air mixture past the spark plugs in a miniature cyclone for fast, complete combustion—for more power from less gas. This is the most powerful yet the thriftiest Mercury ever—with .629 hp for every inch of its 256 cu. in. displacement . . . the highest ratio in Mercury's history.

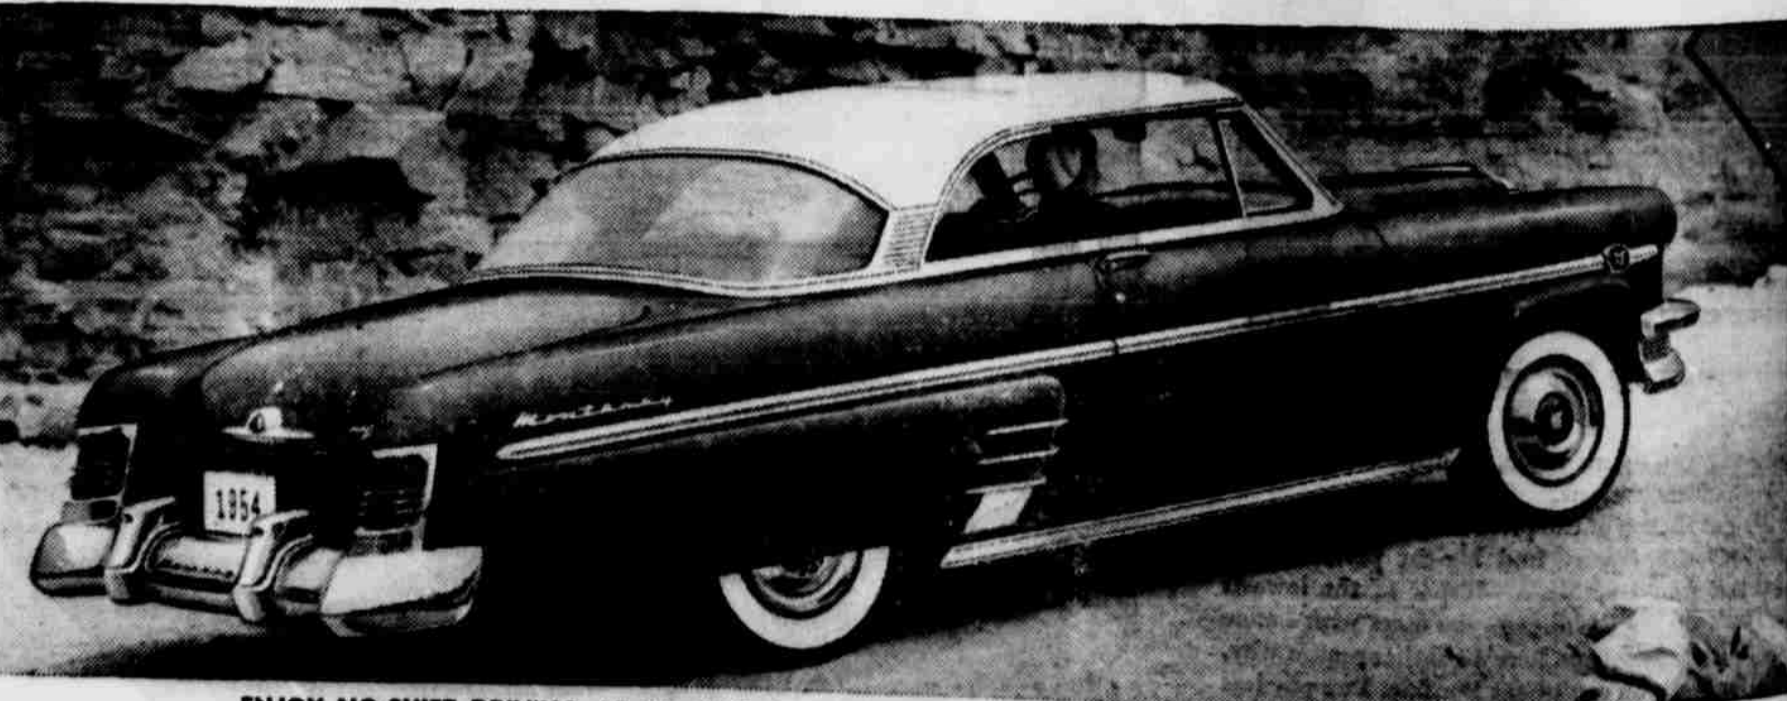

**UNMATCHED FOR SHEER RUGGEDNESS** (new deep-skirt block) —Mercury's new block extends almost 3 inches below the crankshaft's center line—gives far greater crankshaft support. New short-stroke (3.1") pistons cut engine wear, give 29% more mileage for same amount of piston travel.

**TREMENDOUS RESERVE POWER** ("over-and-under" intake manifold) —Free-flow passages provide a balanced

distribution of fuel to all cylinders—permit Mercury to deliver its full 161-hp when needed. In the 4-door sedan, for example, there's one horsepower for every 23 pounds of car.

**QUIETER OPERATING** (precision balanced) —All major parts are balanced separately, then each engine is individually balanced in operation after assembly—a manufacturing process reserved up until now for only the most expensive engines.

ENJOY NO-SHIFT DRIVING AT ITS BEST, WITH SMOOTH MERC-O-MATIC DRIVE. OPTIONAL ON ALL MODELS.

IT PAYS TO OWN A **MERCURY** —THE RECORD PROVES IT

**George Mahon Announces for Re-Election**

**GEORGE MAHON**

George Mahon has announced this week that he is a candidate for re-election to Congress. His application to have his name on the ticket in the July Primary is on file with the County Chairman. He has no opponent, but, as in previous years, he is placing his announcement in the newspapers of the District in order to let the people know of his candidacy and as a means of requesting their vote and continued support.

"I want to announce for re-election, and at the same time thank the people for their generous support and good will through the years. I will be grateful for your support in the July primary," the Representative said. "I am always mindful of the fact that public office is a gift of the people and should never be taken for granted."

Mahon is one of the senior members of Congress from the standpoint of years of service in Washington. His record in behalf of the people is well known to West Texans.

"In some undertakings," he said, "I have failed. Other efforts have been successful. I have tried in big and little matters to do the best possible job in behalf of our Nation and the people of our District."

In his statement Mahon said, "If re-elected, and I use this

**Years Ahead**

**1954 Automatic Ice-Maker Servel Gas Refrigerators**

**Makes Ice Cubes Without Trays**

YOU TAKE ICE CUBES OUT... automatically Gas Servel refills the basket. Only one refrigerator does it. It's years ahead!

1954 Gas Servels are most efficient models ever. They make ice and cold quicker. Operating cost is still lower.

Because a gas flame operates the freezing system there is no motor to wear out, no machinery to make noise. Gas Servels stay silent, last longer.

Choose the 1954 refrigerator that makes ice cubes without trays automatically and stays silent, lasts longer. See 1954 Servel Automatic Ice-Maker Gas Refrigerators on our sales floor right away for as low as \$14.25 month. Other Servels as low as \$6.29 month with trade-in.

**GO MODERN... AND PRACTICAL, TOO!**

Go GAS! Gas is smartest for water heating, refrigeration, automatic cooking, central heating. All-Year air conditioning, clothes drying! Go modern... Go GAS! It's modern... and it's practical, too!

*Lone Star Gas Company*

means to solicit your continued favor, I shall go my whole limit to do a good job. I want to contribute everything within my power to the cause of decency and good government and to the cause of peace and security.

"I am not unaware of the fact that there are scores of important matters in which the people of our District are interested. It is my duty as a member of Congress when questions arise to do what he can in the public interest. He cannot foresee what the future developments may be.

"Congress is now wrestling with such issues as the new farm program, an effective policy of water and soil conservation, methods of encouraging economic well being and prosperity, how far to go in military preparedness, how to keep out of another war, and numerous other vital matters.

"Thousands of people write me each year for personal services of one kind or another having to do with Federal Government. I welcome a continuation of these requests. Most of them are not of a legislative nature, but they are important to the people, and it is my duty and pleasure to perform any service, however small, at any time for the people I have the honor to represent in Congress."
