OPENING O'NEAL DRIVE-IN GROCERY

Saturday-June 19th

Owner: Lee R. O'Neal

We are happy to announce the opening of our new store. It has been such a pleasure to serve you in our downtown store, but due to the parking problem we feel now that we can better serve you.

We readily admit that we do not have the largest business in town, but we have been satisfied with our share. We have received so much satisfaction over the years in knowing that we really served our community and our customers right. In fact, we had rather serve our community and our customers, and serve them right, than do all the business in Haskell.

You will find good brands, fair prices, friendly and efficient service.

We are not trying to appear spectacular with a big opening. We want you to feel at home and be pleased and enjoy shopping with us.

Today, comfort and convenience are as competitive as price. If you wish to shop with us from your car, and come dressed as you are, we will gladly serve you. (Curb Service.)

Larger Number Grass Cattle Move On Fort Worth Market Monday

By TED GOULDY
Fort Worth—The increased tempo of the movement of grass cattle to market in the Southwest re-

sulted in some weakness on most kinds at Fort Worth Monday. The cattle offerings included large numbers of cows and grassy steer and heifer yearlings of the plain or common quality. However, the cow market withstood some effort on the part of the buyers to lower prices. Mature steers were fully steady to strong.

Virtually all slaughter and shipper interests appeared in need of some numbers and local packers were stepping up their killing floor activity to near peak levels. This broadening off demand resulted in mostly steady market on cows. Bulls were weaker, some sales 25 to 50c lower. Grassy yearlings and heifers drew weak to 50c lower rates.

Calves continued under heavy pressure and sold weak to 50c lower along with most of the stockers and feeders.

Included in the sales were a load of 1,067 cows at \$14.50 and two loads of 938-lb. cows at \$12.50 from the Tom Burnett Cattle Co., Foard County; and two loads of well finished yearlings at 860 lbs. at \$22 from Geo. W. Lee, of Briscoe Co. Kirk Edwards of Clay County marketed 19 fancy heifer-cows that averaged 1,079 at \$15.50, these appeared to be the kind of cows that would dress out exceptionally high in the beef. Calvin Brannen, Gregg County, had some \$10 and \$14 cows and some \$18.50 calves. Naud Burnett Greenville, sold 175 fancy feeder calves with the steers at \$22.50 and heifers at \$20. Most of the better stocker calves sold around \$21 down. Fat calves \$20.50 down.

F. C. Bloodworth, Jack County, had some 482 lb. calves at \$20, a bull at \$14.25 and some cleanup cows from \$8 to \$12.25. J. W. Bengue and Son, Kaufman Co., had some cows at \$9, \$10.25 and \$14. Raymond W. Castleman at Kaufman Co., marketed some heavy calves at \$14, \$17 and \$18.50.

Fred Allen spent Sunday in Sweetwater, visiting in the home of his daughter, Miss Merle Allen of that city.

Success Story

--- AND A GOOD TIP FOR YOU ---

WHEN it comes to sales, every car maker aspires to be up at the top of his price class. Which is only natural. Popularity like that means success.

We know, because for years Buick has held such an envied position—the unquestioned sales leader in its class. And with good reasons in styling, room, power, value.

But today, folks like you have pushed Buick success even beyond such bounds.

Today, the top sales standings of a full generation have been changed. Today, latest sales figures for the first four months of 1954 reveal this phenomenal fact:

In total national volume, regardless of price class, Buick is outselling all cars in America except two of the so-called "low-price three."

That's a tip too good to pass up. That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.

More important, that's the tip-off that Buick prices are well within the reach of more and more people—and that such prices buy a lot more automobile per dollar.

So why not look into the tomorrow-styled Buick that puts you so far ahead today?

Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy—by far.
