Haskell County History

50 Years Ago—July 12, 1934

A political rally will be held at Sageron Saturday night, at which time all district and county candidates will speak. A late entry in the county judge's race, George Proctor, has announced that he will "prize the lid off" county politics in his address at Sageron.

T. P. Hughes of Georgetown was here several days this week looking after his ranch on Paint and California Creeks southeast of Haskell.

Mr. and Mrs. J. D. Montgomery left Tuesday morning for Dallas to join a party of Ford dealers for a trip to the Century of Progress exposition in Chicago.

Austin Taylor and family moved over from Eastland last week and spent the Fourth with his brother, Dr. L. F. Taylor and family.

Mr. and Mrs. Paul Frierson and sons Byron and Roy have returned from a visit with relatives in Amarillo and Dalhart.

Frank Junell of Abilene spent the Fourth in Haskell visiting friends.

Miss Pauline Frierson has returned to West Texas State Teachers College after spending the 4th of July holidays with her folks.

Miss Winnie Thompson of Dallas spent the week end with Annie Maud Taylor and was accompanied home by Miss Taylor who will spend a week with friends in Dallas and Denton.

Mr. and Mrs. George Cannon have returned to their home in San Antonio after visiting here in the home of her parents, Mr. and Mrs. H. S. Post.

Miss Mattie Lee Thompson of Terrell, Texas, has been made manager of the Western Union Telegraph office here. She succeeds Mrs. Carrie Moser, who has been manager of the Haskell office for the past 12 years.

50 Years Ago—July 11, 1934
Lee Pierson arrived Monday

from San Diego, Calif., and will spend several weeks here looking after his business interests in this section. Mr. Pierson moved to California about four years ago.

Dr. Hugh Welsh of New York City arrived Wednesday afternoon for a visit with his parents, Mr. and Mrs. W. E. Welsh. Dr. Welsh made the trip overland in his car in a little less than seven days.

R. A. Bradley was in from his farm west of town Saturday, and says that hoppers are pretty thick out his way. He killed more of them this year than ever before, but believes he has saved his crop from the hoppers.

J. A. Mapes was in from his farm in the Roberts section Thursday, and said he had finished harvesting one of the best grain crops he had ever made. He threshed 632 bushels of wheat from 30 acres, 517 bushels of barley from 10 acres, 548 bushels of oats from 11 acres.

The large barn on the W. J. Coleman farm in the Plainview community southwest of Haskell burned early Monday morning, together with all contents. A new binder and some buggies and other vehicles were reported destroyed by the flames, along with quite a lot of feed.

Miss Anita Grissom and Edward Grissom are visiting relatives in El Paso.

Mr. and Mrs. Hill Oates left this week for a trip to Galveston, Houston, Corpus Christi and San Antonio.

George Taylor, Commissioner of Precinct 2, was a visitor in the city Thursday. He reports being very busy with road work since the rains Friday, July 4.

Mr. and Mrs. Dennis P. Ratliff visited relatives in Decatur and Fort Worth last week, returning the first of this week.

John P. Payne, exhibit manager of the poultry department of the Haskell County Fair, made a

business trip to Munday Thursday to arrange for coops for the coming Fair.

50 Years Ago—July 13, 1904

Hollis Fields left several days ago for Howe, Texas, where he has accepted a position with his brothers, who are in the grain business there.

J. A. Smith, who recently completed a course at Draughon's Business College in Fort Worth, has accepted a position as assistant in the Haskell post office.

W. B. Anthony, our old time citizen and Sheriff for several terms, accompanied by his family, arrived here Monday night for a visit of a week or ten days with relatives and old friends. Mr. Anthony is now an official in the General Land Office at Austin.

The trustees of the Pleasant Valley school have chosen Alvy Couch as teacher for the next term.

Our job department turned out 5,000 copies of a neat 8-page descriptive folder on Haskell County which carried a list of lands offered for sale by the West Texas Development Co.

J. U. Fields made a business trip to Sherman this week.

Quite a party of young folks took an outing Tuesday and enjoyed the day picnicing on Mule Creek. They were: Messrs. C. M. Porter, Hall Chambliss, Emmett Robertson, Joe Irby, Fred Sanders, and Misses Ethel Alexander, Willie Chambliss, Beulah Chambliss, Jestany Ellis, Annie Ellis, and Misses Strickland and LeVoe, guests of the Misses Chambliss.

Mr. and Mrs. L. M. Garrett, Ed Whitaker and family and Mrs. Buchanan and family spent several days this week fishing on Elm Creek.

W. O. Orr, a first class horse shoer and buggy workman from Baird arrived here this week and will be connected with the B. Stuart blacksmith shop.

Judge H. R. Jones is holding a term of district court at Anson this week and will probably continue there during next week. A murder case is set for trial Monday.

RETURN TO HOME IN FORT WORTH
Mr. and Mrs. G. R. Morgan of Fort Worth were in Haskell to spend the holidays. They returned to Fort Worth Monday accompanied by their children, Diana and Glenn and nieces Sandra Hannsz and Patty Bean.

VISITORS IN WELSH HOME
Mrs. V. W. Hannsz of Amarillo and Jerry Welsh of Cleburne spent the holidays with their parents, Mr. and Mrs. E. E. Welsh and Mrs. Hannsz children, Sandra, Charles, and Carol who are spending the summer with their grandparents and other relatives here.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD
Texas Press Association

AUSTIN — Texas' campaign trails are sizzling as figures in the quest for the state's top political job enter the speech-making homestretch.

Governor Allan Shivers' bid for re-election was boosted by announcement of State Senator A. M. Aikin that he would support the governor.

Aiken, champion of public education and co-author of the Gilmer-Aikin laws, said he has never doubted the sincerity, integrity, or ability of the governor.

In a string of campaign speeches broken by a brief personal visit to the Rio Grande flood area and a request to President Eisenhower to designate five hard-hit counties as disaster areas, Shivers:

1. Charged that opponent Ralph Yarborough does not have the interest of the state's old people at heart. The governor said that his opponent has "never lifted a finger to help increase old age assistance," but has worked to boost pensions for retired judges.

2. Received support from an Austin union barber who said that charges made against the governor in a Corpus Christi labor convention were "unjust." G. O. Edleman said the governor had always been helpful to the laboring people and that the "anti-labor" accusation brought against Shivers was the work of labor's "would-be bosses."

3. Reiterated his stand against changes in segregation laws and hit out at Yarborough for "mud-slinging."

4. Cited industrial gains and the fact that more people are working and making more money in Texas than ever before. "Is this what Yarborough wants to change?"

Yarborough Busy
Candidate Yarborough continued his campaign, aided by a chartered airplane that shuttled him to more than 30 towns for brief speeches.

He promised to "clean out" the Texas Insurance Commission if elected.

He also demanded an audit of the books of John Van Cronkhite, a former Shivers campaign manager whose name came up in the bankruptcy case of Lloyd's of North America.

Yarborough declared against third terms, saying that "when politicians become fixtures their cronies become fixers."

The candidate promised an administration dedicated to quick aid for farmers and ranchers, better roads and highways, better schools, and expanded veterans land, health, and state welfare programs.

Holmes Is Active
Covering the crossroads is J. J. Holmes of Austin. He is making a grassroots search for votes, spending little time in the big cities. It is his first race for Governor.

State Courts
One state court has wound up business for a summer vacation and two more will soon follow suit.

A new associate justice for the Supreme Court is to be appointed by the governor before the court resumes business in the Fall. The new justice will replace the late Judge Graham B. Smedley.

Insurance Business
Texas insurance companies' charter amendment applications are receiving close examination before being approved, says Attorney General John Ben Shepperd.

He announced that his office has returned 10 out of 27 applications in the last two months because of failure to meet insurance law requirements.

Texas Navy
Now non-existent, the Texas Navy will be honored September 1-7, designated as "Texas Navy Week."

Governor Allan Shivers credited the one-time Republic's small fleet as playing a big part in winning independence from Mexico.

"It was their fighting spirit that made the difference," stated the governor in his proclamation.

Toll Road
Moving ahead are plans for the state's first toll road.

After a month of consultation, the Texas Turnpike Authority voted to employ Howard, Needles, Tammen & Bergendorff, consultant engineers to work out plans for the Fort Worth-Dallas thoroughfare, cost of which will be an estimated \$31 million.

Hogs Advance 25c In Monday Trade At Fort Worth
Butcher hogs topped at \$24.75, or 25 cents higher at Fort Worth Monday. Good and choice hogs at that figure, while the less desirable weights and kinds sold from \$21 to \$24.50.

Packing sows sold from \$15 to \$19.

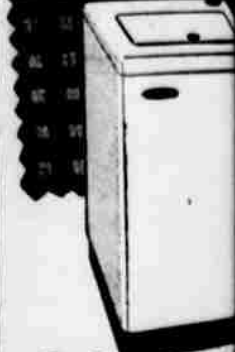

Slaughter lambs topped at \$19 at Fort Worth Monday, and virtually all sheep and lambs drew steady to stronger prices in the trade. Ewes were unevenly lower, with sales around \$4 to \$5, representing steady to 50 cents lower prices for the class.

Good and choice fat Spring lambs drew \$17 to \$19, and common to medium slaughter lambs

sold from \$10 to \$15, again sold from \$8 to \$12, and cull yearlings \$9. Aged wethers cashed to \$5. Slaughter ewes sold to \$5.

33 Roads Built in 5 Years

During the past five years 33.53 miles of roads have been built in Haskell County, Texas greatest percentage of construction history, according to files show.

Department by counties as shown in totals prepared by the state showed that \$1,000,000 was spent in the maintenance of present roads for the gigantic program.

Mr. and Mrs. Alvin Sherman and children have returned from a week's vacation trip to points in Colorado. Hugh Lancaster had charge of Sherman Floor Company Store while Mr. and Mrs. Sherman were away.

lion's share of the total. The roads were named a priority because they give farmers needed routes to markets and access to towns surrounding rural areas, a highway official said.

Shivers, who said he was proud of the excellent way Texas roads have improved in the last decade, listed dollars and time saved as two prime benefits to Texas motorists.

"State drivers have been able to save countless hours and money through good roads that provide the ultimate in safety and design," he remarked.

"A road system worthy of its name must provide its motorists with swift, safe routes," he said.

W. P. (Bill) Ratliff Makes Statement to Voters of County

W. P. (Bill) Ratliff, well known Haskell lawyer who announced his candidacy for County Attorney some time ago, makes the following statement to the voters concerning his candidacy:

To the people of Haskell County: Since I did not make a formal statement of my candidacy for the office of County Attorney when I announced some weeks ago I am now making this statement in behalf of my campaign.

To those people who do not know me personally I say that I have lived in Haskell County for the past 32 years and have been in active practice of law at Haskell for the past 20 years. My family consists of my wife, three daughters and a son. I am a member of the Christian Church and have always been a Democrat. On account of circumstances beyond my control I have never served as County Attorney but I feel that the 20 years experience I offer qualifies me for this position. The salary of the County Attorney has reached a sum which should employ experience and maturity instead of youth and inexperience. Some may recall that I served the last six or eight months of 1952 as District Attorney by appointment with the understanding that I would not then be a candidate for that office. I believe my record in that office will bear out my claim of diligence and efficiency as a prosecuting attorney. Incidentally my honorable opponent has served for six years as County Attorney and is asking for two more years. I feel that a change is now

due. If elected I expect to serve as your County Attorney in every sense of the word and one of my first acts will be to tender my services to the Commissioners' Court as County legal adviser. Such court should not and need not be without legal advise in handling important county matters. I promise that I will cooperate with all officers of Haskell County in the handling of County legal matters and I would of course expect the cooperation of all other officers. Cooperation of all officers is necessary to good local government.

I have made the best campaign possible under the circumstances and if I have not seen you and personally solicited your vote and assistance it is only because it has been impossible. Be assured that I need your vote and influence. In closing I would pass this thought to you: "The greatest single element of Democracy is the right to vote and as long as you vote such right will never be lost."

Market Steady At Fort Worth Monday

Cattle and calf prices were generally steady at Fort Worth Monday. Some spots were stronger on cows and slaughter calves. Salesmen were generally asking sharply higher prices, but the buying side was extremely reluctant to increase livestock costs and little change was effected. Stocker trade was rather a narrow affair, some choice calves and yearlings sold steady, but otherwise most stockers sold at or near butcher levels.

Good and choice slaughter steers and heifers sold from \$17 to \$22, two loads of well finished heifers at \$21, and three loads of choice heifers from Moore County topped at \$21.50.

Good steers from the Sensbacher Ranch of Clay County sold at \$18.75. Common to medium grassers sold from \$10 to \$16.50 and cutter grade yearlings sold from \$8 to \$10.

Fat cows sold mostly from \$9 to \$12, a few heiferish kinds to \$13. Canners and cutters sold from \$6 to \$9, and some shelly canners were bid below \$6. Bulls drew mostly to \$8 to \$13, odd head outside that range.

Fat calves of good and choice kinds sold from \$14 to \$17.50, and common and medium slaughter calves drew \$9 to \$13, and culls sold from \$7 to \$9.

Stocker steer calves drew \$12 to \$17, a few to \$18. Stocker steer yearlings sold from \$17 down. Stocker steer yearlings sold from \$17 down. Stocker cows were reported from \$8 to \$11 in a few sales.

Barley is the chief source of malt.

Poll Tax and Exemptions for Year Show Decline of 486 From 1952 Totals

Based on poll tax receipts and exemption certificates issued, the potential voting strength in the county's 20 voting boxes for the coming primaries is 3,343, a decline of 486 from the previous election year of 1952 when the total stood at 3,829.

Only two voting boxes in the county, No. 1 Haskell and No. 8 Jud, showed an increase in poll tax receipts for the current year over two years ago. Both boxes had identical increase of 9. In the Jud box, No. 8, 41 poll tax receipts and exemptions were issued for this year compared with 32 for 1952. In Haskell box No. 1 the total was 747 for the current year against 738 for 1952.

Biggest drop in poll tax and exemptions was in Haskell Box No. 3 where the total for the current year is 184, a decline of 844 from the 1952 total of 268. Next biggest loss was in O'Brien box No. 7 where the total was 179 for the current year against 260 in 1952 for a decline of 81.

MORE MONEY FOR ROADS

During Allan Shivers' Administration more money has been spent for roads than in any other comparable period in Texas History.

For that money Texas added 14,926.10 miles of smooth roads to the state highway system and maintained all roads to keep them safe and sound for you.

Allan Shivers knows the importance of good roads to you. Whether trade-routes that speed goods to market or modern super-highways that make your driving a pleasure, good roads save you time and money.

IN HASKELL COUNTY
\$1,770,846.08 has been spent on roads for you during Allan Shivers' Administration.

You have 33.53 more miles of roads today than when he became your governor.

This means better Farm-to-Market roads, so important to farmers and citizens of small towns.

It means modern, safe highways that make your trips enjoyable and inexpensive.

Texas comes first with Allan Shivers.

"You can expect the most raiding in the best melon patch"

You can bet your bottom dollar on it.

Come next year, or the year after that, you'll be seeing on other cars some of the styling features you see in Buick today.

We expect it. It has happened before. And there is good reason for it - popular appeal.

Take, for example, the car model shown here.

We call it a Riviera. Most people call it a "hardtop."

When Buick introduced this body type in 1949, it was a completely new thing. And it was an instant hit.

Today, Buick "hardtops" outsell all other models in the line. It's the styling America has taken to its heart.

So today you find that every major car maker has his own version of this Buick original. (And we can't blame them a bit. They know a good thing when they see it.)

Maybe you've noticed other such borrowings from Buick.

The diagrammatic sketch shown here lists some of the Buick advances that are now reflected in the styling of other cars - or will be soon.

For you can be sure that the great panoramic windshield first shown by Buick this year will be copied. It's too good to pass up.

And you can be sure that the full rear-wheel cutout now on every 1954 Buick Riviera and Convertible will show up elsewhere in the future. It's a sports-car touch that hits a really popular note.

We're sure of such things.

We're sure because the tomorrow-styled Buick of today seems to be just what people want. Because Buick sales are soaring. Because Buick now outsells every other car in America except two of the so-called "low-price three."

So to you we say - why wait another day to see and drive a new Buick? It's the beauty of the year. It's the buy of the times. And it's a wonderful way to head up the parade.

Drop in this week for a demonstration, won't you?

Your Senator Reports

By LYNDON JOHNSON

At the time this is being written, the best informed sources are sounding a more cautious optimism over the situation in Guatemala.

The optimism is based less upon events in Guatemala than upon events in the Western Hemisphere. There is a general impression that the American republics have at last been aroused to the dangers of communist penetration.

The communist-influenced government of Guatemala has been turned out of office. But there is no clear indication as to what will replace it. The present military government is considered only temporary.

However, the reaction of the other American states is very definitely anti-communist. The military junta which replaced the Arbenz government had to agree to outlaw the communist party. This was a response to Western Hemisphere countries.

Even more important is the Congressional reaction. By an overwhelming vote, Congress has gone on record as ready to take the necessary steps to repel communist aggression in the Western Hemisphere. In the Senate, the vote was 68 to 1; in the House, 371 to 0.

I was the author of the resolution that expressed this Congressional sentiment. It is a resolution which I believe expresses the true sentiment of America—we maintain our freedoms against communist aggression. The communist must not be allowed to penetrate the Western Hemisphere.

We do not intend to interfere in the domestic affairs of Latin America. But neither do we intend to allow communists to ship arms into the Western Hemisphere with which their followers can carry on aggression.

We know the danger. We must take whatever steps are necessary to combat it. In explaining the resolution to the House of Representatives, Representative Sam Rayburn, Minority Leader of the House, said:

"I want to take a moment to express my pride in the senior Senator from Texas (Mr. Johnson). I congratulate him for his wisdom in taking this very necessary and important step in reaffirming the ancient policy of the United States of America with reference to the encroachment of any country in the Western Hemisphere."

There, I think not only Texas should be proud of him, but the entire country should be proud of him. "I take a particular sense of pleasure in urging adoption of this resolution. "That feeling flows from the fact that this is a move to unite—rather than to divide—our people."

"There is no partisanship in this resolution, other than the partisanship of defending American freedoms against Communist dictatorship. That is the sole issue embodied in this declaration. "This resolution is a modern restatement of a policy that has guided our people for 130 years. It is a notice to the world that the Monroe Doctrine can be—and will be—adopted to the changing conditions imposed upon us by aggressive Communist imperialism."

TEXAS WATER PROJECTS: Considerable progress has been made recently on several water projects of vital importance to people living in large areas of Texas.

The Texas water problem is one we can and must solve. The best solution lies in cooperative action by the Federal Government, the State Government, local governmental units, and affected landowners. We are getting such action.

FERRELL'S BRIDGE DAM: The Rivers and Harbors Bill, as finally passed, includes \$750,000 to begin construction of Ferrell's Bridge Dam and Reservoir in East Texas.

I have fought hard for this project and am delighted by the assurance that it can now go forward. Construction will begin soon. Either Lady Bird or I will participate in groundbreaking ceremonies marking the start of the project.

CANYON DAM: Senator Daniel and I introduced legislation which would pave the way for an early start on construction of Canyon Dam and Reservoir on the Guadalupe River. The project is the key to development of water resources in the Guadalupe-Blanco Rivers Basins, including the counties of Refugio, Calhoun, Victoria, DeWitt, Gonzales, Caldwell, Guadalupe, Hays, Comal and Kendall.

Our bill would clear legislative obstacles to actual construction. The legislation provides for construction of a reservoir of 750,000 acre-feet at an estimated cost of \$13,300,000. Provision is made for the allocation of costs to the local participants and beneficiaries for the water conservation, stream flow regulation and power features of the project.

GUADALUPE - SAN ANTONIO RIVERS: Several weeks ago, I appeared before the Rivers and Harbors Subcommittee of the House Public Works Committee, urging that congressional authority be given for carrying out the Guadalupe and San Antonio Rivers projects.

Committee approval has since been given for these projects. The projects are of vital importance to a large section of Texas. They call for channel improvement for the San Antonio River and tributaries in the vicinity of San Antonio and Kenedy, and for construction of Gonzales Dam and Reservoir on the San Marcos River near the point at which it enters the Guadalupe River.

INDEPENDENCE DAY: The fact that Independence Day fell this year on Sunday should cause all of us to renew our determination, as a people to whom freedom is most dear, to seek constantly for Divine Strength in our effort to maintain our freedom.

Rebekahs Sponsor Unique Show Here Friday Night

A most unique and unusual group of entertainers will perform in Haskell at the High School auditorium Friday night, July 9th when the famous Ralph Thomas Show appears for a performance. The engagement is being sponsored by Haskell Rebekah Lodge.

There will be comedy, singing, music, fun and more music. Thomas performs on several instruments at the same time with both hands, both feet and a big smile. He was formerly with Roy Rogers, the famous Western movie star.

Appearing with Thomas is his wife, Mrs. Iola Thomas, and their small son, R. L. The entire one and one-half hour performance is in the lighter vein. For the most part, popular and comedy numbers are rendered with a Western tune or two thrown in for variety.

The presentation is being presented by the Rebekah Lodge to raise funds for the Old Folks Home. Curtain time for the evening show is 8:15.

Representatives of 12 Counties Plan TB Survey

Braving the discomforts of Texas' sultry heat and long highway miles, representatives from Haskell and 11 other counties comprising Area 3 in "Searchlight on TB" convened in the Wichita General Hospital assembly room, Wichita Falls, June 29.

Attending from Haskell County were John B. Martin, business manager of the Haskell County Hospital, and Mrs. W. P. Trice, County School Nurse. Through demonstrations with actual X-ray pictures mounted on a lighted form showing physiological changes resulting from various treatments, Dr. Kenneth Bebb, Wichita Falls chest surgeon, explained tuberculosis treatment methods through chemotherapy and surgery. The speaker highlighted the fact that with all the new and so-called wonder drugs—and with surgery as another modern weapon in the fight against this communicable disease—"tuberculosis still remains the No. 1 public health problem in Texas."

Dr. Bebb stressed the importance of county participation in "Searchlight." He pointed up the fact that conditions and facilities, or the lack of facilities, in each county will make it possible for the advisory committee of the tuberculosis fact finding project to evaluate and to determine the "control" measures to be instituted to correct existing conditions and needs.

Antonio and Kenedy, and for construction of Gonzales Dam and Reservoir on the San Marcos River near the point at which it enters the Guadalupe River.

INDEPENDENCE DAY: The fact that Independence Day fell this year on Sunday should cause all of us to renew our determination, as a people to whom freedom is most dear, to seek constantly for Divine Strength in our effort to maintain our freedom.

I, Chas. E. Swinson, cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. Chas. E. Swinson, cashier Correct—Attest: A. M. Palomino Association Official Praises Recent Horse Show Staged In Haskell

Praise for the manner in which Haskell's first Quarter Horse and Palomino Show was staged recently, was contained in a letter to Dr. T. W. Williams, superintendent of the three-day event, from Fred W. Parnell of Mineral Wells, secretary of the Texas Palomino Exhibitors Association.

The show, sponsored by the Saddle Tramp riding club, also has been complimented by numerous exhibitors who had entries in the various divisions of the show.

Letter from the Palomino Association official read:

Dear Mr. Williams: I want to compliment you, your committee, and the citizens of Haskell, on the fine manner in which you put your first horse show over. In my opinion, it was a most successful show, and you and the other members of the show committee deserve a lot of credit for the fine job you did. Your facilities are really excellent and the courtesies and hospitality extended exhibitors and visitors have not been excelled anywhere, so we are all proud of

the little city of Haskell and the way the show was handled. Please pass on to the other members of your committee the substance of my remarks and tell them that we shall all look forward to returning to Haskell next year for another successful show. If I, personally, can be of any service to you at any time, please let me know.

Sincerely yours,
Fred W. Parnell

Burlington Lines Offer Package Vacation Trip

All travel agents in Texas, Oklahoma, and Louisiana now have a Yellowstone - Pacific Northwest package vacation trip to offer vacationists this season.

This daily package tour planned by Burlington Lines and Northern Pacific Railway is in addition to the Escorted Tours of Colorado and Yellowstone Teton National Parks leaving each Saturday from Houston, Dallas, and Fort Worth over Fort Worth and Denver Railway.

Travel Agents also are offering daily package trips and Family Plan Package Tours to Colorado and Yellowstone-Grand Teton Parks. The reduced fares for family travel on Monday, Tuesdays, and Wednesdays also are available for the New Pacific Northwest Package Tour.

This new travel offering includes Texas Zephyr accommodations for the first day out across Texas northwesterly through Wichita Falls and Amarillo.

A day lay-over is provided for sightseeing in Denver's Mountain Parks, and the third day is en route through Wind River Canyon to Cody, famous Wyoming frontier town.

Three and a half days in Yellowstone National Park with overnight stops in Canyon Hotel, Old Faithful Inn, and Mammoth Hotel embrace a complete Yellowstone sightseeing tour.

The seventh day is en route on the "North Coast Limited," crack train of the Northern Pacific Railway, and Seattle is reached on the eighth day. A complete sightseeing program of Seattle and the Puget Sound area is included in the "package."

Flexibility is inherent in the planning of this and other tours offered this season by the Fort Worth and Denver Railway through authorized travel agents and through its own Burlington Lines representatives. These trips may be lengthened, or shortened adjusted in any way to fit any vacation plan.

Return from the Pacific Northwest tour may be direct through Salt Lake City and Colorado's Royal Gorge Country, via San Francisco and Los Angeles, or through the Canadian Rockies. A descriptive folder may be secured by writing the nearest Burlington Lines office.

Braves, Mohawks, Bears Winners In Kid League Games This Week

The Braves took two games, the Mohawks and Bears one each in Kid League baseball play during the past week.

Thursday evening, July 1, the Colts forfeited a game to the Mohawks, when vacation time cut into the Colts roster and only eight players reported.

In games Saturday, the Braves slammed a 9-6 defeat on the Mohawks, with Leonard and Newton pitching for the winners and T. Anderson and Freddie Brown for the losers. In the second game the Bears won 12-6 over the Colts. Coston went all the way for the Colts, with Smith, Walker and Pierson on the mound for the winners.

Tuesday evening, July 6, the Braves bested the Colts 4-2, with J. Klose, Newton and Leonard twirling for the victors and Buddy Herren on the mound for the Colts.

Games Coming Up

This afternoon's game between the Mohawks and Bears will begin at 5:30 at Fair Park Field, due to the night game schedule.

R. S. Sanders Is Named Weinert Postmaster

The appointment of R. S. Sanders as postmaster at Weinert was approved by the U. S. Senate last week. He is a native of Weinert and was principal of Weinert high school last year.

The new postmaster attended Weinert High School, graduating in 1940, and graduated from Hardin-Simmons University in 1950. He entered the service in 1943, served at Camp Wolters at Mineral Wells, and went to photography schools at Lowry Field, Denver; Jefferson Barracks, St. Louis; and Camp Shanks, New York City. He served in the China-Burma-India Theatre and was discharged from Camp Kilmer, N. J.

At Hardin-Simmons, he majored in history and education and was a member of Alpha Chi Fraternity. Since obtaining his degree, he farmed for one year two miles west of Weinert and then taught math in high school for two years.

Sanders married Miss Betty Gideon of Winters, Texas, in 1948. They have two children, Larry, 4, and Janice, 3.

Traffic Mishap Near Rochester Injures Five

Three persons were hospitalized and two others suffered lesser injuries following a two-car wreck near Rochester Saturday.

At Knox City Hospital were: John Stockton, Rochester grocery store owner, who suffered serious chest injuries.

Mrs. A. C. Peck of Knox City, who suffered a hip injury.

Her son, Kenneth Dale Peck, 14, who was hospitalized for observation.

A. C. Peck was treated at the hospital for a badly lacerated lip and released.

Mark Like of Knox City was released after treatment for a broken nose.

The accident occurred about 6:15 p. m. where Farm Road 617 intersects with Highway 283. Lee Bivins, Rochester city marshal investigated.

Stockton was driving west into Rochester from Farm Road 617 when his car was in collision with another driven by Peck. Mr. and Mrs. Mark Like of Knox City were in the car with the Pecks. Mrs. Like was not injured.

HASKELL VISITORS

Mr. and Mrs. J. D. Josselet of Sierra Blanco are visiting with relatives and friends in Haskell. They were called to the bedside of his sister, Mrs. G. A. Turnbow last week.

LETOURNEAU . . .

(Continued from page 1)

gaged in Gospel work and has spent similar sums in carrying out its own program of Christian testimony.

From the small beginning in Stockton, R. G. LeTourneau, Inc. grew until in 1947 it had plants located at Peoria, Ill., Toccoa, Ga., Vicksburg, Miss., Longview, Texas and in Australia. On May 1, 1953, the LeTourneau Company sold its factories at Peoria, Ill. and Toccoa, Ga., and the Australia plant, together with the earth-moving machinery manufacturing business, and LeTourneau began the developing of a new business. At the present time, the LeTourneau Company is developing and manufacturing land clearing equipment, Marine vessels, cranes and a rubber tired diesel electric train which needs no track nor road bed and which is destined to furnish transportation into many areas of the world where transportation is not feasible at the present.

The LeTourneau Foundation has sponsored many projects in this country and abroad. At the present time, chief among its activities are the LeTourneau Technical Institute of Longview, Texas, the East Texas Academy (a school for delinquent boys) of Longview, Lake Louise Christian Conference Grounds and an industrial missionary project in Liberia and a similar project in Peru. The African project got under way two years ago when Mr. LeTourneau leased 500,000 acres of land from the Liberian government. Several ship loads of heavy equipment have been transported to this project and much progress has been made in clearing land which has been developed for an agricultural project utilizing modern agricultural equipment and methods. The people manning this program are industrial missionaries whose duties include not only the teaching of the natives to handle the modern machinery but also include the spreading of the Gospel of Christ in the dark continent.

The Peru project has been established since the beginning of 1954. Already more than 50 people have been transported to Tournavista, Peru, a town built on one of the tributaries of the headwaters of the Amazon River. Through an agreement with the Peruvian Government, Mr. LeTourneau has acquired a million acres of land which he is to clear and colonize. People engaged in working in Peru are, like those in Africa, industrial missionaries to work diligently in spreading the Gospel in addition to their duties of building roads and clearing land.

Mr. and Mrs. LeTourneau have four sons, Richard, Roy, Ted and Ben and one daughter, Mrs. Gus Dick.

In addition to giving his money, Mr. LeTourneau also devotes his time to evangelistic work, spending every week end in preaching the Gospel. He uses his own private planes for plant to plant journeys and for his week end ministry. His famous address "Up From Bankruptcy" in which he tells the story of his own life, has been given in every state in the Union, and continues to draw large audiences wherever it is announced. Mr. LeTourneau has spent only four week ends at home in the past seven years.

Alfred Turnbow Expresses Thanks To Voters

TO THE VOTERS OF HASKELL COUNTY:

Again, I wish to take this opportunity to thank each and every one of you for the fine cooperation I have had while serving the past three and one-half years as your County Judge.

This office has meant a lot to me, and I certainly do appreciate everything that has been done in my behalf.

I have a feeling that I have been highly honored by the taxpayers and the citizens of Haskell County to serve as County Judge for one of the best counties in Texas, with the finest and best people in the whole world.

I have tried to give the very best service possible, always keeping in mind that this was my faithful promise to you voters that elected me to this very important office in the July Primary of 1950. I also realize I have made many mistakes in trying to live up to this promise.

I feel that I am fortunate not to have an opponent this year, and am very proud of the fact that I do not have. I fully believe that the experience I have gained while serving the past three and one-half years, better qualifies me to give you more efficient service in the future than I have in the past.

I appreciate your friendship and sincerely hope that my conduct, both official and personal, has been such as to merit the continuance of your vote and esteem. Assuring you it is a pleasure to serve you, and to be helpful when possible.

I remain,

Sincerely yours,
Alfred Turnbow
County Judge

State Draft Call In August Will Be For 1,092 Men

AUSTIN, Texas—Local draft board quotas for the state August draft call of 1,092 men were mailed by state Selective Headquarters Monday.

Brigadier Paul L. Wakefield, state Selective Service director, said that a call to local boards to have 2,416 men examined in August, was scheduled to go into the mail Tuesday.

The state induction quota for August is part of a national quota of 23,000 men. Draft calls for both July and August are running above immediate previous months.

"More men are getting out of uniform from July 1 of this year to the end of June 1955 than got out during the previous twelve months," General Wakefield said.

"To keep up the strength of the armed forces, more men have to get in, either by enlistment or induction."

Only 93 out of Texas' 137 local boards are being called upon to have men examined in August, the remaining boards having sufficient manpower examined to meet expected demands. The remaining boards will send for examination only men to be transferred to other boards.

The August call is from Selective Service headquarters asked years old or older but authorized call under 20 if necessary quota.

For the past year or above, except for induction were under quota.
