Political Rally Saturday Will Feature Prominent Speakers

Political speaker-organizer, current campaign, Saturday night, when the rally is scheduled to be held on the evening's program. The evening's program, which will be held on the lawn, will feature Governor Allan Shivers, prominent speaker, who will speak in behalf of Governor Allan Shivers, and other prominent speakers, including Wagonell, speaking in behalf of Ralph Yarborough.

Several scores of men, women and small children shook hands with Gov. Shivers as he made his way through the crowd to the speakers stand. Tom Davis, prominent Haskell lawyer and former district attorney, introduced Shivers and was loudly cheered when he said "I am supporting Shivers in the honest belief that he has made an able and capable Governor and is a credit to the State of Texas."

Given an ovation when he stepped forward to speak, Gov. Shivers captured his audience in his opening remarks when he said "I have been a Democrat all my life. My father was a Democrat, and I had Thomas Jefferson for breakfast, Andrew Jackson for dinner, and Woodrow Wilson for supper!"

He blasted the CIO and other left-wing groups whom he described as wanting to control Texas, and referring to the tidelands declared the CIO and leftists of the North and East were fighting him because "They want to unish Texas and punish Allan Shivers because I fought them and got the tidelands back."

Concerning segregation, Shivers told his hearers that his opponent "wants white and negro going to the same schools." A round of applause greeted him when he added that "As long as Allan Shivers is Governor they are not going to."

In his closing talk, which kept the crowd past the noon hour, Shivers admonished supporters of his opponent to "look who you are with—the red hots of CIO who want to organize the cotton pickers and would have them striking just when you needed your cotton picked." He declared the CIO along with the NAACP were strongly supporting his opponent.

Following his 40-minute talk, Gov. Shivers and a group of Haskell businessmen and supporters had dinner at a downtown cafe. Shivers was scheduled to visit Rule, Rochester, O'Brien, Knox City, Munday, and Seymour during the afternoon.

\$275,000 School Building Project Due Early Start

Work can likely be started in late September on the \$275,000 building and expansion program for the Haskell School system, members of the School Board said following their meeting Tuesday night.

Stanley Brown, Dallas architect employed on the project, met with school trustees to discuss progress on preliminary details of the building program.

Several bids have been received on the project and additional bids will be received until Sept. 7. The bids are to be opened on that date, and contract awarded. In the opinion of school officials and the architect, actual construction work should get under way within 10 or 15 days from that date.

The building and expansion program includes a new high school gymnasium and physical educational building, an 8-classroom addition to the present Elementary School building, and addition that will connect the Junior High and High School buildings. This unit also will provide three additional classrooms, offices and a reception room.

Mattson School to Begin New Term Monday, Aug. 30

Mattson Rural High School will begin the 1954-55 term on Monday, August 30, Supt. G. A. Coleman said this week.

Enrollment for the term will begin Friday, August 27, Supt. Coleman said.

Bus routes serving the school will be about the same as last year, although some slight changes may be made if found necessary.

With the exception of two new teachers, faculty of the school is unchanged, Supt. Coleman said. New teachers are Bill Baker, athletic coach, and Mrs. Frankie Jo Baker, teacher of the third and fourth grades.

Park Dedication Sunday To Feature Boat Racing Events

Dedication of Scott Memorial Park on Paint Creek Reservoir Sunday is expected to attract visitors from a number of area towns, and committee handling arrangements for the day's program said Thursday morning that everything was in readiness for the event.

The official dedication program is scheduled to begin at 2 p. m. The Haskell and Rochester High School Bands have been invited for concerts. Rex Felker, C of C manager will be master of ceremonies and County Judge Alfred Turnbow will give a brief talk regarding the park, which was donated to Haskell County by Mrs. S. W. Scott and the Scott estate. A special guest of the program will be Archie Scott of San Angelo, Haskell native and one of the donors of the park site.

Entertainment Features

Awards totalling \$400 will be given in the boat racing, water skiing and surf board riding events scheduled in connection with the Park Dedication program. Entries in the various events are still being received, Walter Gresham, chairman of the committee in charge of Water Carnival events, said today.

Major award in the racing events will be a 5-HP 1954 Mercury outboard motor which will go to the winner in the "free for all" boat race.

Other boat races will be for two divisions, for larger outboard motors, and for small outboard motors. Two heats will be run in both divisions, and first, second and third place awards will be given in each race.

Awards in all events have been announced as follows:

Enrollment In Elementary School Set For Aug. 31, Classes Start Sept. 1

Tuesday, August 31 has been set as date of enrollment of students in Haskell Elementary School for the coming term, Principal Billie Snow announced today.

Classwork in the five grades will be started Wednesday, Sept. 1st.

In announcing these dates, Principal Snow suggested that parents wait until their children are enrolled and talk with their teachers before purchasing school supplies. Teachers will advise pupils in the various grades as to the supplies each individual pupil will need. In this manner, parents may avoid purchasing unnecessary supplies, he explained.

All supplies required by pupils in elementary grades may be secured at the school at nominal prices, Principal Snow said.

Kindergarten class, limited to 25 pupils, will also be taught at the Elementary School by Mrs. Laura Snow, and classwork will start Sept. 1. Parents interested in enrolling children of kindergarten age should do so on Aug. 31, Principal Snow advised.

Weinert School To Begin Term August 30

Opening of the 1954-55 term of the Weinert Public Schools has been scheduled for Monday, Aug. 30, Supt. Douglas Myers has announced. Enrollment for the term is expected to be about the same as last year, Supt. Myers said.

An improvement program for the school has been completed during the summer. Three of the teacherages have been remodeled, the gymnasium floor has been refinished, also the floors in classrooms and hall. One new bus has been purchased by the school.

The high school faculty includes Doyle Williams, vocational agriculture; Mrs. D. L. Moody, English; Ellis Benham, high school principal, math and history; Othella Cox, athletic coach; Douglas Myers, typing and driver's education. The position of Homemaker teacher is yet to be filled, and anyone interested in this place should contact Supt. Myers.

The grade school faculty includes Mrs. Doyle Williams, first grade; Mrs. V. C. Derr, second grade; Mrs. Cecil Hutchinson, third grade; Mrs. J. W. Rutherford, fourth grade; Mrs. Othella Cox, fifth grade; Joyce Adkins, sixth grade. Assignment of teachers for seventh and eighth grades remain to be made. Othella Cox is principal of the grade school.

New members of the Weinert school faculty are Miss Joyce Adkins, a graduate from West Texas State this month, and Ellis Benham, who will receive his Bachelor's degree from NTSC this month.

Maye Bell Taylor Injured In Wreck In Kentucky

Miss Maye Bell Taylor of this city was injured in an automobile accident near Somerset, Ky., last Thursday morning, and is a patient in Somerset City Hospital. It was reported the automobile in which she was a passenger overturned on wet pavement.

A Mrs. Hill, also in the car, which was driven by her husband, was killed in the accident. Mr. and Mrs. Hill, Miss Taylor and two other young women, were on their way to Louisville, Ky., from North Carolina. All occupants of the car were injured. Miss Taylor suffered a broken vertebra in her back.

Miss Taylor, a graduate of Hardin-Simmons University, is a former Baptist missionary in Brazil.

A sister, Mrs. Richard Sherrill of Haskell and Pittsburgh, Penn., is at Miss Taylor's bedside in the Somerset hospital.

Childress Team Leads Softball Tourney Race

The smooth-playing Childress girls softball team swung into the lead Tuesday night in the second night's play of the State softball tournament being played at Fair Park Field.

Only four teams—Haskell, Hamlin, Childress and Snyder—are entered, and final winner will be determined Saturday night. Double elimination schedule is being played.

In Monday night's first game, Childress swamped Hamlin, 19-3, and in the second game Haskell Routsettis bested Snyder 6-2.

Tuesday night, Childress defeated the Routsettis 7-6 in the opener, and Snyder won 6-2 over Hamlin, eliminating the Jones County team.

Tonight (Thursday) the Routsettis meet Snyder in the opener, with Childress taking the winner in the second offering for the night.

Tournament winner will be eligible to represent Texas in the Women's National Softball Tournament to be played in Phoenix, Ariz., next month.

FORD already has "tomorrow's" features

Ford brings you features today that the other low-priced cars can offer, at best, sometime in the future. Only Ford in the low-price field has the long, low styling of cars to come—free from bumps and bulges. Only Ford has the easier handling of modern Ball-Joint Front Suspension! And only Ford has a V-8 engine—the type other makers are swinging to!

FORD'S Y-Block V-8—the only V-8 in its field —is the industry's most modern engine

The world's leading maker of V-8's brings you the brilliant new 130-h.p. Y-block V-8. Its deeper-block construction makes it stronger, quieter running. Its lower-friction design lengthens engine life and cuts gas waste.

FORD gives you Ball-Joint Suspension for easier riding and handling

Ball-Joint Front Suspension is the greatest chassis advance in 20 years. It does away with old-fashioned kingpins. You get superbly easy handling, even on the roughest roads . . . a far smoother ride. And wear points are cut from 16 to 4.

FORD'S worth more when you sell it, too

Analysis of used car prices shows that Fords return a higher proportion of their original cost at trade-in time than any other car! When you consider Ford's low initial cost . . . Ford's low running cost . . . and Ford's high resale value . . . it's easy to see that Ford is your best buy.

Here's why more people are buying Fords

Jimmy Reeves of Weinert Wins Jr.-Olympic Mile Run at Houston

Smooth striding Jimmy Reeves of Weinert easily won the Junior Olympic mile run at Houston recently in the very good time of 4:37.4. He easily outdistanced a field of 12 boys representing as many regions from five states. The graceful, methodical striding youngster from Weinert set his own pace. At the sound of the starter's gun, he blazed to the front from the outside lane as he went into the first curve some 50 yards away, and was never

challenged by another runner in his four times around the oval.

The crowd, appreciative of a race well run, rose to their feet and cheered enthusiastically as he crossed the finish line some 75 yards ahead of the second place boy from Capitol Hill, Okla.

Reeves is the holder of the State Class B mile run at Austin, and two times winner of the State Meet. He was a member of the Abilene Recreational team coached by Bob Groseclose, Abilene High School track coach. The Abilene Recreational team won the team trophy at the Junior Olympics, amassing 160 points to 112 1/2 for Southwest Y. M. C. A. of Houston. They easily unseated the Houston team by a comfortable margin which has reigned three years as kingpins of the Junior Olympics.

While at Houston the Abilene team stayed in the dormitories of the University of Houston.

Haskell Reservists Return From Camp Chaffee, Ark.

Reservists of the 375th Replacement Battalion of this city have returned from two weeks of summer training at Camp Chaffee, Ark.

The unit, under command of Lt. Col. Herman Henry, went to Camp Chaffee August 1 and were assigned to on-the-job training with Chaffee administrative sections.

The reservists trained in sections where they had an opportunity to encounter and study the problems of active duty soldiers.

Some of the men attended the Motor Mechanics School to observe techniques of maintenance of Army vehicles.

The reservists attending in addition to Colonel Henry included Maj. William E. Lawson, Maj. Robert C. Couch, Capt. R. C. Cobb, Cpl. Robert G. Hosea, Pfc. Bobby L. Boutwell, Pvt. Winford D. Biddle and Pvt. Paul G. Villareal, all of Haskell.

Yarborough Gets Top Place On County Ballot

Ralph W. Yarborough heads the list of candidates on the Haskell County ballot for the run-off primary August 28.

Places on the ballot are determined by drawing conducted by the ballot committee in each county. In the first primary, Gov. Shivers' name was second and Yarborough's name last on the official ballot which listed four candidates for Governor.

Order of names of other candidates on the Haskell County ballot is as follows:

For Supreme Court, Place 1: Alfred M. Scott of Travis County; Few Brewster of Bell County.

For Court of Criminal Appeals: Lloyd W. Davidson of Travis County is the only name on the ballot. His opponent, Alan Haley of Wichita County has withdrawn.

For Sheriff, R. M. (Bob) Cousins; Bill Pennington.

For Commissioner, Precinct 1: Claude L. Ashley; Pete Sego.

For Commissioner, Precinct 3: Leon Newton; W. A. (Drew) Leonard.

For Commissioner, Precinct 4: Francis C. Blake; D. S. (Dave) Strickland.

For Justice of Peace, Precinct 1: Robert Fitzgerald; Eal Treadwell.

For Constable, Precinct 1: Sterling Edwards; J. C. (Bob) Marlow.

Buick's biggest hit brings you a 3-way bonus

1. You get the car that's in step with tomorrow

2. You get the car that's a sure high resale value

3. You get a bigger allowance from our volume business

From stem to stern, Buick today is styled a year ahead—with long, low glamor lines, with the very look of tomorrow, and with that broad panoramic windshield that many other cars won't have till 1955. Equally important, you get in Buick advanced V8 power, big room, luxurious comfort, the famed Million Dollar Ride—and all for prices that start just a few dollars above those of the so-called "low-price three." Is it any wonder, then, that Buick today is outselling all other cars in America except two of these "low-price three"?

Buicks have always had a high trade-in value. But the 1954 Buick has an extra advantage in its year-ahead styling. That means your Buick will stay well up in the style parade for years to come—will stay fresh and new-looking well into the future. So you're bound to be way ahead in actual dollars when trade-in time comes.

Every month's sales figures this year have firmed this fact: Buick sales are soaring; Buick is outselling all other cars in the nation, regardless of price range, except two of the "low-price three." So with this tremendous volume, we can—and do—offer higher trade-in allowances. Come in, see and drive a new Buick—then check for yourself that our volume business really does mean a far bigger allowance for you.

Come see for yourself why—

Book Purchases Will Double Size of HHS Library for New School Term

Many new books will be found on the shelves of the Haskell High School library when the new school term opens. When the orders are complete, the recent purchases will double the size of last year's library. According to the state library bulletin, Haskell High School library this year will be rated as an average library; whereas it was considered minimum in size last year. A minimum library has five books per student, while the average library contains ten books per student, according to the state bulletin. This is in addition to the small special libraries kept in the homaking cottage, the science laboratory, the vocational agriculture shop, and the two English rooms. As the new books arrive, they are being processed so that they will be ready for checking out to students as soon as possible after school opens.

The new books were chosen from approved lists for high school libraries, and it is thought that the library will now adequately meet the needs of the various classes and appeal to all students in spite of the wide range of interests to be found in our high school student body.

A number of classics in forms adapted to high school reading levels were selected. There is also a variety of types of literature—essays, short stories, plays, novels, biographies, poems, and reference books.

The biography selections tell stories of people from many vocations, races, and nationalities. There is the story of the Fergosons, Roland Mayes, Paul Revere, Samuel Coleridge, Gandhi, Red Grange, and many, many others.

One group of books deals entirely with Texas and Texans. These stories cover everything from chuck wagon windies to full-length biographies. They tell of every kind of undertaking—politics, nursing, ranching, preaching, hunting, and teaching. Some of these stories are so exciting that one must look at the classification to see if he is reading truth or fiction.

For those students who are interested in sports, there are many new books about football, basketball, base ball, and other sports. Some of the books describe adventures at sea, of mountain climbing, and of hunting expeditions.

A new type of books for our library is a group of selections related to the guidance program being introduced in our school next term. Those interested in hobbies, in choosing a vocation, in personality improvement, in manners, or similar subjects will find something to read in this

group of books. In the past our junior and senior English classes have depended for their research theme material on packets from Extension Loan Library of the University of Texas. Although the University does not charge for the use of the material, the expense of postage both ways made use of this material undesirable, and the students lost the valuable experience of finding their own references. The many new information books will adequately meet this need.

In addition to the new books, many old favorites have been rebound and will be back on the shelves in strong bright covers when school opens. There will also be magazines, a clipping file and newspapers.

Rev. A. W. Waller New Pastor for Assembly of God

New pastor of the Assembly of God Church in this city is the Rev. A. W. Waller, who comes to Haskell from Atlanta, Texas. Rev. and Mrs. Waller and their two children, Yvonne, 11, and Lamar, 10 years old have moved to Haskell and plan to make their permanent home here.

Rev. Waller was pastor of the Atlanta church for three years. Previously he was pastor of the Water Valley, Miss., Assembly of God Church four years. During his ministry there a new church building was erected and membership in his church was substantially increased.

Sterling Edwards Thanks Voters For Encouragement

Constable Sterling Edwards of Prec. 1, who is a candidate for re-election in the second primary August 28, expressed his appreciation this week for the encouragement he is receiving in his run-off campaign.

"Since my recent announcement that I was definitely in the race for re-election, I have received many words of encouragement from friends and supporters," Edwards said.

A long-time resident here, Edwards said: "The people of Haskell know me, and I know that I have tried to serve them to the best of ability as Constable. The many expressions of confidence I have received from people throughout the precinct in recent days is highly gratifying," the veteran officer added. (Pd. Pol. Adv.)

Why Haskell County Has Received Over 50 Miles of Farm-to-Market Roads

Chapter 319, H. B. No. 21, general and special laws of the state of Texas, passed by the regular session of the 50th legislature, 1947 allocated the money for farm-to-market roads and the governor did not have anything to do with the road construction program in Haskell county.

Haskell County only received its rightful share of the money for farm-to-market roads as provided by a law passed two years before Allan Shivers became governor.

Will the Governor say that Haskell County received more than its share?

(Adv. paid for by Chas. M. Conner and friends of Judge Ralph Yarborough)

Farm Bureau Queen Contest Gains County-Wide Interest

Much interest is being shown in the Haskell County Farm Bureau Queen Contest to be held Aug. 27 at 8 p. m. in the Elementary School building in Haskell.

Mrs. Shelly Royall, contest committee chairman, has announced that the final date for entry will be August 24. The only practice meeting will be August 25 at 3 p. m. in the school building, she said. All girls participating are asked to be present at the practice meeting to learn the final instructions for the contest.

Any daughter or sister of a Farm Bureau member, single and between the ages of 18 and 22 years is eligible to participate. Out-of-county guests have been invited to judge the girls for poise, personality and appearance, Mrs. Royall said. The county winner will receive the price of a formal to wear to the district meeting to be held at a later date in Wichita Falls. The district winner will receive an expense paid trip to Galveston, a beautiful watch and a week's stay at a hotel in Mineral Wells. The state queen will receive an expense paid trip for she and her matron escort to New York City to the National Farm Bureau Convention in December.

The public is invited to the Queen Contest on Aug. 27th.

Water Carnival, Swim Program Draws Crowd

A capacity crowd turned out Tuesday evening for a Water Carnival at Rice Springs Pool closing the summer swim program of the Youth Development Program in Haskell.

Highlight of the evening's program was the selection of a King and Queen in two age divisions of boys and girls who participated in the summer program.

Following the opening prayer and a short talk by the Rev. M. D. Rexrode, selection of four young people for the titles was announced.

Jo Helen Elliott, daughter of Mr. and Mrs. Jean Elliott, was selected Queen in the group for girls ages 6 to 11.

Robbie Lou Robertson, daughter of Mr. and Mrs. Thos. B. Robertson, was chosen Queen in the age group of 12 years and older.

Selected for the title of King in the boys group 6 to 11 years old was Sammy Curry, son of Mr. and Mrs. Odis Curry.

Named as King in the boys group, 12 years and older, was Lyndon Harris, son of Mr. and Mrs. R. A. Aris.

Other feature events on the evening's program included exhibitions by three beginner's groups, intermediate and advanced swimming groups, and exhibition of diving.

CARD OF THANKS

We wish to extend our sincere thanks to all our many friends for their expressions of sympathy and for their kindness and helpfulness during the illness and death of our loved one—Mrs. M. A. Bumpas, Mr. and Mrs. A. L. Newberry, Mr. and Mrs. Bill King, Mr. and Mrs. Buddy Bumpas.

M. A. Bumpas, 67, Prominent Knox Farmer, Dies

Meredith Andrew Bumpas, 67, died Thursday at 6 p. m. in the Knox County Hospital in Knox City.

He had been ill for two weeks and in failing health for a year. Funeral was held at 2:30 p. m. Saturday at the First Baptist Church in Munday. Officiating was the Rev. H. A. Polnac, pastor, assisted by the Rev. S. E. Stevenson of Goree and the Rev. Temple Lewis of Tye.

Burial was in the Johnson Cemetery under direction of McCauley Funeral Home.

Mr. Bumpas, a farmer, was born March 6, 1887 in Dallas. He was married in 1910 to the former Maggie McGregor. He had lived near Munday since 1919.

He was a member of the Baptist Church. A son, M. A. Bumpas, Jr., of Benjamin, is the Knox County tax assessor-collector.

Other survivors are his wife and two daughters, Mrs. W. A. King of Weinert and Mrs. A. L. Newberry of Bismark, N. D.; two brothers, J. H. Bumpas of Dallas, and W. E. Bumpas of Fort Collins, Wyo.; three sisters, Mrs. Lena White of Ashley, Ohio, Miss Ruth Bumpas of Laramie, Wyo., and Mrs. Marie Fondren of Corpus Christi, and seven grandchildren. Pallbearers were J. B. King, Clyde Taylor, Billy Mitchell, Cecil Guelley, Everett Thompson, Roe Myers, Jack Barker of Benjamin, and Clifford Williamson of Weinert.

WHY?

We are glad that some of our friends who are supporting Governor Shivers have asked us a few "why's" about our politics.

Why did Shivers get three to one vote in Yarborough's precinct? Men in position to know have told us that these people have been "Republican inclined" for years. In 1952 Mr. Shivers persuaded them to elect him as Republican Governor of Texas while he in turn voted the national Republican ticket with them. (They are still Republican.)

Why did Duval County go two to one for Yarborough? For many years Duval County has cast a block vote indicating a people under duress. Mr. Shivers has known of this condition and accepted this vote for twenty years. Some months ago he was notified that he could not control that vote this year. He placed rangers in the county to protect the people from political abuse and fear. As a free people Duval county voted 2 to 1 for Yarborough. Just like Haskell County did. No criticism.

Why did Haskell County get thirty-three miles of farm to market road under Shivers' administration? The road building program of the state is handled by highway commission—a strictly non political group. Funds are allocated and new roads located on merit and need and determined by a traffic count. I am sure there is no political stench to Haskell County's road program, and would perhaps been exactly the same regardless of who occupied the governor's chair. The last seven miles of Haskell county road was built for Stamford, we did not demand that. The traffic count warranted the location of the road.

Why did the school teachers get a \$1200 salary raise during the Shivers' administration? For thirty-five years our school teachers have been the most under paid of people in our "regime". This raise was a "must" and we don't think the governor could claim credit for it. Our state is yet some three hundred dollars under the average for paying the teachers, and rank as twenty-seventh among the forty eight states.

TOO LOW FOR TEXAS

Why did the people of Hidalgo County who knew the particulars of the "land deal" vote two to one for Shivers? We deny that the people of Hidalgo County knew the particulars of the land deal. Mr. Shivers option to buy was never made a part of the records of Hidalgo County. There was no water available to the land. It had no agricultural value. The people who bought the land and who have filed many suits alleging fraud and conspiracy to fraud and that the land was sold by confidence men to innocent and unsuspecting people hundreds to thousands of miles away. In 1952 when these land salesmen were being forced into court to face trials on allegations of fraud and conspiracy to fraud someone arranged a banquet for them, inviting 250 guests. One of the attorneys in the case says—covering the entire jury panel prospects. Governor Shivers was the main speaker for the occasion. This required that he travel some seven hundred miles which he says he was glad to do for his friends. On being reprimanded by the court for this action he said that he did not know that banquet had any connection with the court trial.

We think that Mr. Shivers very seriously errs when he connects his family name and the office of governor of this great state to "friends" who are so often charged with fraud and conspiracy to fraud.

FARMERS
 In anticipation of a good harvest, we reserved one of our Haskell warehouses for milo and can take care of approximately 100 carloads in the Gov. approved storage. This enables you to get your warehouse receipt and your money the same day.
 Five reasons why you should use these Government approved warehouses:
 First: In most cases you receive more money out of your grain.
 Second: If the market goes up, you will receive a second profit.
 Third: If you sell your milo on the market, you lose your chance for a second profit.
 Fourth: You receive your warehouse receipt and your money the same day you finish cutting.
 Fifth: In view of a light crop, this looks like a good year for a second profit on storage milo.
 You do not care to put your milo in storage, we will buy it. All grades, green or dry.

Be sure you get the best of these big 4

1 price

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below other lines of cars. That's possible because Chevrolet builds the cars—and can build them better to sell for less!

2 economy

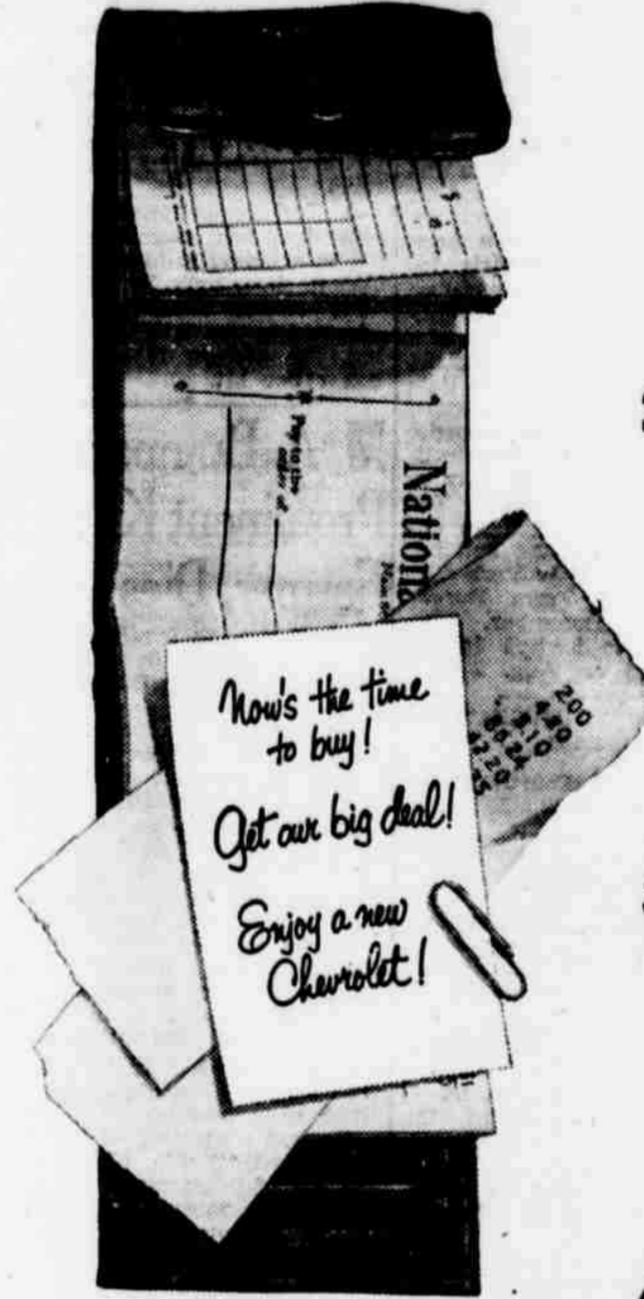

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over the miles you drive!

3 performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any low-priced car. Come in for a demonstration ride!

4 appearance

You, of course, are the only one who can decide which car looks best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

Big Cattle Run Monday Weakens Slaughter Prices

By TED GOULDY

Slaughter cows were lower at Fort Worth Monday, with fat cows showing the most decline. Bulls held steady. Grassy slaughter steers and yearlings also slipped in price. Slaughter calves were around 50c a hundred and more lower.
The buyers offered much lower bids on the opening rounds and salesmen made a long tough day of it by resisting the lower bids stoutly. Over 132,000 cattle and calves were reported Monday at the nation's major markets and this was the heaviest run in several weeks.
Stocker cattle and calves enjoyed a fairly reliable market at steady prices at Fort Worth, despite the pressure from the huge runs over the nation.
Hog prices staged a good rally of 50c to \$1 per hundred at Fort Worth Monday and top butcher hogs sold at \$24 to \$24.50. The top of \$24.50 was the best price in several weeks for butcher hogs.
Less attractive butcher hogs sold from \$20 to \$24. Sows drew \$14 to \$19 or around 50 cents above the previous close.

Weinert Woman Home After Trip To Canada

Mrs. G. C. Newsom of Weinert has returned from a three weeks visit with friends and relatives on the Plains, and a trip to Minnesota and Canada.
She visited Miss Jew Williams and Mr. and Mrs. L. O. Findley in Hale Center for a week and accompanied the Findley's and their daughter and husband, Mr. and Mrs. Clyde Hayne and children of Gladewater to Minnesota where they had a cabin reserved at Rush Lake in Beauman Fishing Lodge in Ottertail, Minn.
Mrs. Newsom described it as a very beautiful place, and a fisherman's paradise. The men in the party enjoyed some good fishing and caught about 100 pounds during their stay.
The party went on a two days trip into Canada and visited many points of interest, including the city of Winnipeg. They spent the night in a large hotel in the woods of Canada that was headquarters for fishermen and grain men.
Mrs. Newsom said crops through Nebraska, the Dakotas and Minnesota were beautiful. She noted that farmers in those regions use both old and new methods. Some were using horses and oldstyle equipment while others were using modern methods of harvesting grain.
On her return trip, Mrs. Newsom visited three days in Lubbock with Mr. and Mrs. P. T. Findley.
A civil day begins and ends at midnight.

Steel Fence Being Moved From Old To New Jail

The steel fence which has enclosed the premises of the old county jail on the southeast corner of the square is being salvaged and will be installed around a part of the grounds at the new jail.
Toughest part of the salvage operation was removal of the iron posts, which were imbedded in concrete foundations. Virtually all of the fence can be used, and given a new coat of paint, will be practically as good as new.
The fence was placed around the old jail in 1931, when considerable work was done on the old building and new cells installed.

as a final step in completely modernizing the elementary building.
 Another major improvement was the installation of a new boiler for the central heating plant in the high school building. This unit, installed by Abilene Boiler Works, replaces the old boiler in use for more than 20 years. Also, a natural gas line underneath the floor of the

junior high building has been replaced with an outside line around the building connecting the heating units in the various rooms.
 Walls of several rooms in the high school building have been replastered, and interior of all offices in the building have been repainted. Desks in the Science room also have been reconditioned.
 Interior of the Homemaking Cottage has been repainted throughout. New Venetian blinds were installed in the sewing room, along with new vertical sun blinds in the dining room and bedroom of the cottage. The vertical blinds are believed the first used in Haskell.

High School Faculty
 Faculty of Haskell High School, with W. P. McCollum as principal, includes the following:
 Mrs. Mary McCollum, home-making; Haskell Stone, agriculture; Merlin Jenkins, band; Joseph L. Wood, math; Mrs. Joyce Jeter, home economics and social studies; Mrs. Clifford Thomas, business and lunchroom; Mrs. Jerren Couch, secretary and business; Ray Overton, coach and driver education; Hubert Bell, science and history; Mrs. Hazel Weaver, English; Royce Smith, coach and typing; Mrs. Earline Johnson, English.
 Mrs. Hubert Bell will teach piano in all grades, and Mrs. Artie Mae Burkett is elementary supervisor, succeeding Miss Josephine Stueber.

Junior High
 James E. Johnson is beginning his second year as principal in Junior High School. Other faculty members include Mrs. Louise Green, Mrs. Mildred Byrd, Mrs. Opal Nanny, Mrs. Arnolia Foote, Mrs. Mildred Lane, Mrs. Fay Woodson, Mrs. Aura Lee Thornton, Mrs. Mary Martin, Sammy G. Spratt.

Elementary School
 Sixteen teachers comprise the faculty of Haskell Elementary School, where Principal Billie E. Snow is beginning his second year as administrator. Teachers in the five grades are:

First Grade: Mrs. Rachel Stubblefield, Mrs. Ina Dell Fitzgerald, who also is assistant principal, and Mrs. Levada Ray.

Second Grade: Mrs. Amelia Fagan, Mrs. Alma Terrell, Mrs. Pat Weaver, Mrs. Anna Beth Perkins.

Third Grade: Mrs. Lois Sturdivant, Miss Madalin Hunt, Mrs. Nora Macon.

Fourth Grade: Mrs. Edna Branch, Mrs. Iva Palmer, Mrs. Bruette Nellums.

Fifth Grade: Miss Alice Leeper, Mrs. Vivian Roberson, Mary Ann Guinn.
