Good Attendance First Christian Revival Meeting

The revival meeting at the First Christian Church, which began on March 14 is continuing each night of this week at 7:30 p. m. Large audiences have been attending. There have been 10 additions in the first three days of the meeting. Eight came by baptism, and two by transfer of membership. The chalk drawings by Mrs. Cecil Todd and the song leading and solo work of Robert Cox has been greatly appreciated by all. John Barry, the host minister, extends to all Haskell County regardless of creed or denomination a warm welcome to hear Evangelist Cecil Todd preach Christ as the head of His Church—the Savior from sin and the hope of the world.

Meeting of Softball Baseball Players Slated Friday

A meeting of softball and baseball players, together with anyone interested in sponsoring a team during the coming season, will be held at the Chamber of Commerce office Friday night, March 19 at 7:30. Because of bad weather, a similar meeting last Friday night had only a small attendance. Action toward organizing for season play was postponed until this week with the hope that a large number of players and fans would be present. At this week's meeting, it is planned to organize teams, set up a schedule for practice, and tentatively schedule games for the spring and summer season. Everyone interested in either softball or baseball is urged to attend the meeting.

District Meeting of H-D Club Women Set March 24

District Governor Speaks at Lions Meeting Tuesday

The obligations of community leadership and service was the theme of a talk by O. L. Stamey of Cisco, District 2-E Governor of Lions Clubs, to Haskell Lions at their meeting Tuesday at noon. Stamey is president of Cisco Junior College. Service clubs are all working together for the betterment of some common problem, the speaker pointed out, and declared that everyone could be of more service in a club than out. The ideas and ideals of Lionism carry a message to free men everywhere and the leadership for peace will come from our homes, churches, schools and service clubs, Stamey said. He emphasized the obligations of Lions to each other, and to the crippled, blind, and handicapped. In closing he told of the Lions camp for crippled children at Kerrville, Texas. Plans are shaping up nicely for the Pancake Supper to be held on Tuesday evening, and all arrangements for the event have been completed, Lions were told. Guests at the meeting were Robert Cox, who is here in a meeting at the First Christian Church, Mack McConal of Glenrose, and R. N. Cluck of Cisco.

Thieves Break Into 2 Business Places, Fail On Third Entry Tuesday Night

Sheriff Bob Cousins and members of his department are investigating the burglary of two Haskell business concerns, and attempted entry into a third business house sometime during Tuesday night. Service Cleaners dry cleaning plant one block west of the square, was heaviest loser to the thieves. A checkup showed that the culprits took several articles of clothing, including men's suits, jackets, and possibly other merchandise. Entrance was gained by prying open a window in the rear of the building, officers said. At Pitman Motor Company, one block north of the square, similar method was used to gain entrance. Then the thieves jimmied open a door to the front office of the motor concern. The building faces Highway 277 on which traffic is fairly heavy during the night, and officers believe the thieves were frightened away before taking anything of value. Some articles could have been taken from the parts department, employees of the firm said. A check of stock invoices would have to be made to determine whether anything was missing, they explained. In leaving, the culprits unlocked a rear door from the inside. The burglary was discovered by John Bartley and Truett Parsons, employees of the firm, when they came to work. At Kennedy Lumber Company several blocks east of the square, officers checked the possibility that thieves gave up an attempt to enter the company office after breaking a window while trying to force it open. The damaged window was noticed by Guy Kennedy, owner of the concern, when he came down early Wednesday to open the office. He called the sheriff's department about the time the other thefts were being reported.

Payne Hattox, minister of the Church of Christ at Cherokee, Okla., and former Haskell business man will conduct a Gospel Meeting at the Weintert Church of Christ. The meeting will begin March 21 and continue through March 31. Hattox will preach each evening at 8:00.

Former Lt. W.H. Cox, Jr., Plans to Enter Business Here

Former Lt. W. H. Cox, Jr., has returned to Haskell following his separation from the service March 15, at Fort Sill, Okla., where he has been stationed since entering the service in July, 1952. He served as Battery Commandeer, C Battery of the 36th Field Artillery Battalion at Ft. Sill for approximately four months. In November, 1952, the Haskell officer was named Aide-de-Camp to the Commanding General of Fort Sill, Major General A. M. Harper. Cox was promoted to First Lieutenant on Jan. 1, 1953. After General Harper's retirement from the service, Lt. Cox served as Aide-de-Camp to the new and present Commanding General, Major General C. E. Hart, until March. A 1949 graduate of Texas A&M College where he majored in Business, he plans to enter the furniture business in Haskell. He is the son of Mr. and Mrs. W. H. Cox, Sr., of this city.

City Council Lists Achievements Of Past Four Years

A report on achievements of the municipal government during the past four years is being published by the City Council in this issue of The Free Press. The interesting report appears on page 8. It reviews many of the civic improvements made since 1949 and summarizes the work by city officials during the 4-year period.

Two Men Named To Vacancies In Fire Department

Two new members were elected at the regular meeting of the Haskell Fire Department Monday night. The new firemen, George Tyler and Chester Hodgins, fill vacancies created by the resignations of P. G. (Buck) Kendrick, veteran of more than 25 years in the department, and Bert Orr, who has been an active fireman for the past 12 years. Membership in the department is limited to 33 men. Also at Monday night's meeting, revised constitution and by-laws were adopted and plans made for attendance at coming district and State conventions. Haskell firemen will enter teams in the racing contests at the semi-annual Mid-West Texas Firemen's meet in Albany April 8. The department will also send four delegates and several alternates to the State convention in San Antonio in June. MAKES BUSINESS TRIP TO DETROIT W. H. Haskell County History

30 Years Ago—March 22, 1934

Three stills, 1200 gallons of mash and a small quantity of liquor were seized when officers raided five places in the northwest part of the county Thursday and Friday. Taking part in the raids were Deputy Sheriffs Olen Dotson and Dan Kirkpatrick. Constable Bill Davis of Rochester, and City Marshal Jim McCoy of Rule. Three men were arrested in the raids. The stills, which were found west of Rochester, were not in operation when found. Only a small quantity of liquor was found at the other two places hit by the raiders, near O'Brien. The stills were of 50, 60 and 100 gallon capacity. Corn, rye, and peach mash

was found, officers said. Funeral for W. P. Whitman, 83, pioneer Haskell County merchant and stockman, was held Tuesday afternoon at the First Baptist Church. Rev. and Mrs. H. R. Whatley spent several days in Pampa this week visiting their son and wife, Mr. and Mrs. Herman Whatley. Mr. and Mrs. John A. Couch and Mrs. R. J. Reynolds were in Abilene the first of the week. S. Hassen was a business visitor in Sulphur, Okla., the first of the week. Mr. and Mrs. Bill Whiteaker and little daughter of New York are here for a visit with the former's parents, Mr. and Mrs. B. M.

Whiteaker. George Darnell, who recently underwent an operation for appendicitis at the Stamford Sanitarium is improving rapidly. He was able to be returned to his home here Sunday. Thirteen Vocational Agriculture students in Haskell High School attended the Fat Stock Show in Fort Worth Saturday. She and her husband, W. E. Woodson, live on their farm two and one-half miles northeast of Haskell. They have one son, Sid, who is a sophomore in Texas A&M College at College Station. Cooking and experimenting with new recipes are Mrs. Woodson's favorite hobbies. She also enjoys reading, gardening, canning, freezing, and preserving the products grown on the farm. She shares her husband's and son's interest in livestock, especially Hereford cattle.

During the past semester, the seventh grade classes have studied frontier life in Texas. They drew maps of the four leading cattle trails, the Shawnee, Chisholm, the Dodge City, and the Goodnight-

Loving. They studied the life of the early cowboy and wrote stories about him. They compared his day with that of the modern cowboy. As a climax to the study, the classes collected poems, songs, and records, which were read and sung. Pictures depicting the development in the quality of beef cattle from the early Texas Longhorn to the famous prize winning show calves of today were shown and discussed. The coming of home-steaders and the barbed wire fences, the building of the railroads and the invention of the windmill brought an end to the famous cattle drives and of a romantic era in Texas History.

This semester the seventh graders are studying the industries of Texas. Since this area is especially adapted to agriculture, they are developing agricultural projects first.

The pupils are working in groups on different phases, such as soil, soil conservation, products of the soil, livestock, poultry, ranching and grasses. They are illustrating their work with posters and booklets. The oral reports are given in panel discussions.

At the beginning of the study, Mr. F. W. Martin, the County Agent, lectured on the care of the soil, showing slides to illustrate his points. The pupils are learning from their study and observations the true value of the soil and the great need for conservation. These projects illustrate that soil provides the necessities of life, food, clothing and shelter.

Other Texas industries which will be studied are oil, manufacturing, lumbering, transportation and business.

Work in the eighth grade for

the last few weeks has centered on the study of the Declaration of Independence and the Constitution of the United States. To make this study more meaningful, individual booklets were made illustrating our government as set forth in the constitution, charts illustrating the three departments, the Executive, the Legislature, and the Judicial were drawn. Pictures of the President, the cabinet members, the Supreme Court, and pictures illustrating the twenty-two amendments were put into the booklets. The Bill of Rights was read and discussed and through the collection of pictures, the students were made more conscious of their rights and privileges as citizens of the United States. They also realized that with these rights came responsibilities that even teenage citizens must accept. At the conclusion of the study, each class set up ten rules which they considered essential for good citizenship.

Current study for two sections of eighth grade is the development of the United States since the Civil War.

This will be done through group work, dramatization, panel discussions, posters, booklets and films.

The other section of eighth grade is working on a play, written by a class member, celebrating the Texas Centennial of Public Education. This play will be presented to the public at an early date.

Why value-wise buyers are swinging to Ford!

They are finding that Ford brings them everything they might want to meet modern tastes and requirements

You can't buy better! It's the stunning Customline Fordor Sedan

Ford's the only low-priced car with all these "Worth More" features

Recognized leadership in styling

You can pay more but you'll never find a car that's more "at home" wherever you drive it. For the smart new '54 Ford is as modern as tomorrow with the crisp, commanding lines of today's style leader. And it's just as smart inside! The sparkling new decorator-designed interiors have colorful new upholstery fabrics and harmonizing trim that spell quality wherever you look.

Choice of most modern engines

Ford and Ford alone, in the low-price field, offers you a choice of V-8 or Six... the brilliant new 130-h.p. Y-block V-8 or the flashing new 115-h.p. I-block Six. Both Ford engines have rigid, extra-deep blocks for smoothest, quietest operation and extra-long life... plus the

savings and "GO" of modern, high-compression, short-stroke, low-friction design.

Ball-Joint Front Suspension

For the first time in any low-priced car, you get the smoother riding and easier handling of Ball-Joint Front Suspension - an advance you'd expect to find only in the costliest cars.

Choice of 5 power assists... including Fordomatic

Only Ford in the low-price field offers power on all four windows... a 4-way power seat which adjusts up and down as well as forward and back. Power steering, power brakes and versatile Fordomatic Drive are also available - and they make your fine Ford even more fun to drive.

Choice of 28 new models

With fourteen stunning body styles available with either of Ford's new engines, Ford offers a car to suit every taste and need. In fact, '54 Ford offers the widest selection of models in the entire industry!

Top value at resale

Used car prices show that in recent years Ford has consistently returned a higher percentage of its original cost at resale than any other car. And for 1954, with all its advanced new features, Ford is worth even more when you buy... and it stands to reason it should be worth more when you sell it, too.

We cordially invite you to Test Drive the 1954

Council Reports on Achievements During the Past Four Years

The City Council of Haskell thinks it timely and proper that we make a report of the Achievements for your City in the past four years. You are entitled to know the progress that has been made, and how your Tax money has been spent.

Your Commission was organized, systematized, departmentized, and each Commissioner was given a definite responsibility; and asked to report his work accomplished each regular meeting.

Our first thought was to organize for efficiency and economy, but to go forward with improvement and upbuilding of our town, and to make our town a desirable place in which to live.

Our first move was to stop all waste and leaks. Every precaution has been put into effect, and our Annual Audits show your City to be well and efficiently managed. Bond Agents, Contractors and Engineers working with our Commission, pronounce your City's System of Bookkeeping and records, the best they see any place, including large cities.

Comparable figures show marked improvements:

January 1, 1954—Property rendered for Taxes	\$3,433.02
January 1, 1949—Property rendered for Taxes	2,269,250
GAIN	\$1,153,762
January 1, 1954—Water & Sewerage Customers	1,391
January 1, 1949—Water & Sewerage Customers	995
Gain	396
January 1, 1954—West Texas Utility Customers	1,629
January 1, 1950—West Texas Utility Customers	1,394
Gain	235

From January 1, 1950, to January 1, 1954: City of Haskell has laid 43,572 Linear feet of cast iron Water Mains. City of Haskell has laid 35,049 Linear feet of new Sewer Mains. City of Haskell has built a new Sewer Disposal Plant that will care for a City of six to eight thousand inhabitants.

The City of Haskell has paved more than 100 Blocks, which is a credit to our City. City officials from several towns have visited and inspected our paving.

Four years ago Spring Branch running through our town was a menace to public health. It was a breeding water holes, high weeds and unsightly. Today, Spring Branch is clean, free of mosquitoes and flies, and will eventually be made into a beauty spot.

More than 125 Outdoor Toilets have been replaced with sewer conveniences.

The City of Haskell obtained 50 units of Housing for people in the low INCOME bracket. Forty-two for white and 8 for colored.

Dr. Arthur A. Edwards
Optometrist
Telephone 422-J
105 N. Ave D Haskell

This represents an outlay of more than \$403,000. This project pays Taxes to our City, and is a credit to our City, and a boon to people in the low income bracket, and this project has not hurt one piece of rent property in our town. These units are practically 100% filled, and are more than paying their retirement Bonds. Other towns have tried to obtain like projects and have failed.

Our City Park
Our City Park is a credit to our town, and furnishes a place for outings and recreation for our citizens and our children. We have visitors from far and near in our Park on evenings and week ends.

The City Commission has plans, and has the funds in the Park fund to build a sizeable Park for the Colored population as soon as a desirable location can be obtained.

Have You Noticed the Street Lights?
We have in the past year increased our Street Lights from 92 to 240.

For more than 30 years we heard the complaint that the people on the east side and south side of town, were not receiving equal benefits from the City, although they were tax payers the same as other places. The City has put Water, Sewer and Street Lights to the extreme east, and to the extreme south and west parts of town. We have also caused Natural Gas to be piped to these places.

The Haskell Independent School Board was wise in locating the new Elementary School Building on the South Side.

This met with opposition at the time, but has proved to be an ideal location. There was no Water, or Sewer and Streets were unkept. The City agreed to put water, and sewer and we now have paved streets on the four sides. Look at the Streets leading to our Elementary School. Take notice of the crossing on "H" Street and Highway 24, and crossing Spring Branch. This was an outlay of money, but is there a reputable citizen who will say it was a mistake? Consider the values of property on the South Side now, and four years ago.

Your City Commission Has Encouraged Building
There would be no Pierson Addition or a Lindsey Addition if the City hadn't cooperated and agreed to put Water and Sewer, and to build streets where they built. We met with criticism at the time, but is there a reputable citizen who will say this was a mistake?

The Central West Texas Bonded Warehouses are a big asset to Haskell. Cotton was leaving Haskell by the thousands of bales; today cotton is being hauled into Haskell by the thousands of bales. This project would never been built in Haskell if the City Commission had not cooperated and agreed to put water to the project for fire protection. It was said that it couldn't be done, but we did it.

Our Water Supply
The City of Haskell now has 12 wells. We have 2 new wells on the extreme west side of town, 1 on the extreme north, and 2 on the extreme east. These wells will furnish Haskell for years to come. We have never been short of water, but we were low on water about three days last summer caused by lack of pumping equipment to get water to the mains. We

think it well to remind you that Haskell furnishes water to its citizens for less than any other town in West Texas. Our rates are 25 cents per thousand gallons for the first 25000 gallons, then 15 cents per thousand thereafter. Our intake from water revenue in 1950 was \$27,000. In 1953 more than \$84,000.

Your City Commission was successful in locating two contractors htopping Highway 277 from 7 miles north of Weinert, to Stamford city limits. This was done by giving the contractors one million gallons of water free. This you will recall gave work to many farmers and laboring people who had suffered from the drouth. This also brought business to our stores, cafes, drug and grocery stores. It was bread and meat to many good people who needed and appreciated the opportunity to work.

Our City Hall is a Credit To Our Town

We gave your City Hall a complete face-lifting. The City Secretary now has double the room which is badly needed. We built in a large Fire Proof Vault as a precaution against fire. It would have been a calamity to have lost our records which are of great value, and could not be replaced. We have a highly livable apartment upstairs for our Fire Truck Driver. The fire truck compartment was enlarged, making room for 3 fire trucks. Also take notice of the removal of the unsightly board fence, that has been replaced with a storm-proof steel fence.

The steel fencing around the City well and pump station on "D" Street will soon pay for itself by protecting the City property from theft.

Little Things Worth Mentioning
Your City Commission bought a new LaFrance Fire Truck costing more than \$12,000. This alone reduced the key insurance rate on every insurance policy written on property in your City limits.

Had you noticed how clean your city is now compared with four years ago? Our investment in a street sweeper was money well spent, and has brought comment from many of our citizens, and from travellers passing through

and visiting in our town.

Let us call your attention to our Garbage Truck. The disposal of garbage was a big expense to the City, now it is self-sustaining, and will lay by enough revenue to pay for the truck.

Your City dump ground has been cleared, the canyon trenched and all wet garbage and dead animals are covered, thereby doing away with flies.

For years your City had no workable equipment; today we have A-1 modern equipment making it easier on our men, enabling them to turn out more work. We have new trucks, new bulldozers, new ditchers and loaders, new maintainers and many other pieces of equipment that will not have to be replaced for many years to come.

Our City employees are happy, cooperative, and being paid a wage that they can support their families.

Did you know that the property rendition values are lower in the City of Haskell, than in any other town in West Texas of comparable size? No piece of property is expected to be rendered for more than 33 1-3% of its actual value.

Did You Know
That you are paying less for water than any other town in West Texas? Just half of most towns the size of Haskell.

Your City Commission has given cooperation to our School and our Churches helping to make them better.

Last But Not Least
This is a brief outline of our achievements; in addition to all the improvements mentioned, your City is now in the best financial condition it has been in since the City was organized. You are invited to inspect and check any of our Yearly Audits, as well as the Audit due to be made in early April. Your City had cash on hand in All Funds April 1, 1949 \$18,235.90. March 1, 1954 All Funds had a balance of \$86,696.81. Your

Your Senator Reports

By LYNDON JOHNSON

Farm Income

Almost everybody knows farm income in 1953 was lower than farm income in 1952. Individual farmers in Texas are sharply aware of that fact.

In the nation, farmers last year retained as net income the smallest percentage of their realized gross income that they have retained in any year since 1932.

Farm Spending

What the farmer spends in his operations is mighty important to the national economy—to all of us. The farmer is a good customer. Last year he spent 14.2 cents of dollar spent at retail in the United States.

The farmer in 1953 spent about \$1.9 billion dollars for goods and services of all kinds. Here is where some of it went: \$3.4 billion for food; \$2 billion for furniture, appliances and household operation; \$2.1 billion for buildings and repairs to buildings; \$1.5 billion for clothing; \$3.2 billion for machinery, including automobiles; \$3 billion for gas, oil and upkeep of equipment; \$4 billion for feed; \$1.6 billion for livestock; \$1.2 billion for fertilizers and lime.

Concerns All

Those figures show why it is just plain sense for everybody to be worried when the farmer's income goes down. If it goes down and stays down, everybody is in trouble.

That is why we must make sure new farm legislation does not pull the economic rug out from under the farmer. That would be bad for all of us.

Water

"We must store up water or starve." That is what a Texas friend recently wrote me. He is completely right.

One part of the solution for our water problem lies in upstream water control projects all over Texas. I mean such projects as that in the Brady Creek Watershed, where it is proposed to build 47 water-retarding structures.

I was glad to go before a House Appropriations Subcommittee recently, along with a group of West Texans, to urge that money be made available to finish this authorized project in four years. We can never move too fast in

acting to conserve water and soil resources.

Hare Fare

Department of Agriculture has just published a bulletin on "Ways to Cook Rabbit." Probably the information is not as widely needed now as it was in 1932, but I'll be glad to have a copy of the bulletin sent to anybody who writes me and asks for one.

Seasonable Items On Plentiful Foods List for April

COLLEGE STATION—Potatoes, onions, broilers, fryers and dairy products headline the USDA's April plentiful foods list.

Supplies of these foods are large in this region, says John Slaughter, chief of the Agriculture, Marketing Service.

Also seasonably plentiful are eggs, beef and cabbage. Other selections include raisins, fresh and processed oranges and grapefruit and canned cranberry sauce.

Completing April's list are peanuts and peanut butter, table fats, salad oils, and vegetable shortening.

VISIT IN NEW MEXICO

Mrs. J. W. Medley and Mr. and Mrs. Edd Hester and children, Bettye, Janice, Eddie and Gene, were in Santa Rosa, N. M., over the week end to visit her brothers, Mr. and Mrs. Manuel Medley and family and Walter Medley, and a sister, Mrs. Joe Jackson and children. Mr. Jackson is in a hospital in Tucumcari, N. M., from a serious leg injury. He has been there nearly four weeks and it will possibly be another two weeks before a bone specialist can operate. However, Mr. Jackson is resting as well as can be expected. Mrs. J. W. Medley remained in Santa Rosa for a longer visit with her sons and daughter.

CARD OF THANKS

We wish to express our sincere thanks to each friend and neighbor who so generously helped us during the illness and loss of our loved one. We also wish to thank all those who sent food and for the beautiful flowers.

We want to especially thank Dr. Nail and Dr. Thigpen, the hospital staff, the Rebekah Lodge, Eastern Star, the First Baptist Church, Bros. Rexrode, Hubert Sego and Holden's Funeral Home. — C. W. Bledsoe and family. 11p

News From Sagerton

BY MRS. DELBERT LE FEVRE

Two members of the Sagerton 4-H Club, Sue Hertel and Dorothy Bredthauer, gave a short dialogue stressing the importance of always being well groomed, at the meeting of the Sagerton Home Demonstration Club in the home of

Mrs. Will Stegemoeller Tuesday, March 9. Mrs. Delbert LeFevre conducted the business meeting and Mrs. Edgar Jennings gave the council delegate's report. After the business meeting, Mrs. A. L. Gibson led the group in games.

Those present were Mesdames D. W. Counts, Edgar Jennings, Roland Green, A. C. Knipping, A. L. Gibson, F. A. and C. E. Stegemoeller, Glynis Quade, E. J. Neimast, Delbert LeFevre, F. W. Stegemoeller, and Sue Hertel and Dorothy Bredthauer, guests, and the hostess.

The next meeting will be in the home of Mrs. F. A. Stegemoeller March 23. Janice Hertel entertained the members of the Tom Thumb Club in her home Thursday March 11, for their monthly meeting. Judy Green was welcomed as a new member. The little girls worked on the articles they are painting with tube paint under the direction of Mrs. D. W. Counts. Present were Judy Green, Sara and Judy Baltz, Linda Jennings, Patsy Clark, Linda Gholson, Linda Stremmel, Linda LeFevre, Sherry Counts, Jena Ulmer, Joy Nierdeck, and the hostess and her mother and Mrs. Counts. Their next meeting will be next month in the home of Linda Gholson. Three students from Texas

Lutheran College at Seguin spent last week end with their parents. Lois Knipping with Mr. and Mrs. A. C. Knipping, Jerry Kaines with Mr. and Mrs. Eddie Kainer, and Buddy Letz with Mr. and Mrs. Bernard Letz of Old Glory. Mrs. Hilda Stremmel celebrated her birthday March 11. Games of pinocle were played and refreshments of cake, pie, sandwiches, punch and coffee were served to Mr. and Mrs. A. C. Ender, Mr. and Mrs. Melvin Thane and son, Mr. and Mrs. Herbert Stremmel and family, Mr. and Mrs. Raymond Ender and son, Mr. and Mrs. August Stremmel, Mr. and Mrs. Otto Lehmann and son, Mr. and Mrs. Adolph Helm and daughter, Mr. and Mrs. Leo Monse and daughter, Mr. and Mrs. B. Kupatt and Fred, Mr. and Mrs. Jack Monse, H. Hagemeister, Fred Monse, Mr. and Mrs. Norvell Lehmann and son, the honoree, her parents, Mr. and Mrs. Albert Stremmel and her brother Emil. Pete Romeo, 8-year-old son of Mr. and Mrs. Benny Romero who live on the A. C. Knipping farm near Sagerton, died at the Stamford Hospital Saturday March 13, after a weeks illness. He was a member of the third grade class at the Sagerton school. Other survivors are Judy, Mary Jane and Benny, Jr., his sisters and brother. Funeral services were held Monday, March 15, at the Mexican Catholic Church in Stamford. The Sagerton school was dismissed Monday. Mrs. Mary Hess and son and Mrs. Ellen Reising of Midland visited with Mr. and Mrs. B. Hess here last week. Mr. and Mrs. Eldon Cook and

daughters of Big Spring visited with Mr. and Mrs. M. Y. Benton and Mr. and Mrs. Chas. Clark and sons last Sunday. There were no services at the Sagerton Methodist Church Sunday evening due to the illness of the pastor, Bro. Vernon Mayfield. Mrs. Will Stegemoeller celebrated her birthday Monday evening March 8 when a group of relatives and friends gathered in their home. Those present were Mr. and Mrs. A. C. Knipping, Mr. and Mrs. Leon Stegemoeller and Clayton, Mr. and Mrs. Delbert LeFevre and children, Mr. and Mrs. F. A. and C. E. Stegemoeller, Mr. and Mrs. Alfred Hertel and the hostess and her husband. Dahlia Knipping, who teaches in Olney, spent last week end here with her parents, Mr. and Mrs. A. C. Knipping. Her sister, Lois from TLC was also home for the week end. Guests of Mr. and Mrs. Loll Young the week end of March 7 were Mr. and Mrs. J. E. Plemons of San Antonio. Mrs. Young and Mrs. Plemons are sisters. Mr. and Mrs. Lawson Hart and son, Dick of Aspermont visited with the Young's last Sunday. Guests in the Oscar Gibson home Sunday were Mr. and Mrs. Herbert Magness and daughter of Friona, Mr. and Mrs. Tim Magness of Lubbock, Mr. and Mrs. T. E. Bell of Old Glory, Mr. and Mrs. Wallace Rogers of Bovina, Mr. and Mrs. Wilson Gibson and family of Rule, Mr. and Mrs. Guy

Harris of Aspermont, Mr. and Mrs. R. O. Gibson Jr. of Stamford and Mr. and Mrs. Ray Schubart and family of Sagerton.

The reason the battle of the sexes will never be won is there's so much fraternizing with the enemy.

The reason the times seem sharp is just trying to get ways.

Motel Guest Takes Liberal View Of Accommodations

A transient motorist who spent the night at the Arrowhead Motel recently, took a liberal view of the accommodations accorded guests of the establishment. After his departure, operators of the motel discovered the man had literally "cleaned out" his room. Gone was a radio, blankets, bedspread, two pillows and a bed lamp. The occurrence was reported to the sheriff's department, and within a very short time officers had located the man and called his attention to his error in taking property belonging to others. The culprit was booked for theft under \$50. He gave officers the name of J. D. Brown and said he lived at River Bottom, Okla. He was still in the county jail Wednesday.
