To the man who's thinking about buying a new truck:

maybe you're missing something...

➤ And what you're missing is more than "maybe," it's for sure—if you haven't yet visited your Dodge truck dealer.

➤ Do you want to miss a rock-bottom price? Perhaps you haven't realized that Dodge trucks actually cost less than you'd pay for corresponding models of most other makes.

➤ Do you want to miss power so high it leads the field? Consider this: with engines of 169 to 175 horsepower, Dodge overpowers every other leading make of truck in the low- and medium-tonnage fields.

➤ Surely you don't want to miss the dependability, the over-the-years economy for which Dodge is so well known.

➤ You don't want to miss Dodge safety—which includes the biggest wrap-around windshield of any truck on the road, the shortest turning radius. Or Dodge superior cab comfort... Forward Look styling.

➤ In short, you can get a whole of a lot more truck for a good deal less money than you think! Stop in and see your Dodge truck dealer right away—don't miss anything!

Challenge of Future is Program Theme At Meeting of Progressive Study Club

"Let's look ahead to tomorrow and the day after tomorrow, to 1956, 1958, 1960, 1965. Before you know it, the 'future' will be upon you. Cars, food, clothing, television sets, houses, airplanes—all will be different. The world you live in will be an exciting and wonderful one. How prepared are you for the great and far-reaching changes that are coming?"

These were the words of Mrs. Robert Wheatley, director of the program at the Progressive Study Club Thursday evening, Oct. 20 in the Homemaking Cottage.

Program for the evening was in the form of a preview of the future taken from a current issue of "Changing Times," the Kiplinger magazine.

Mrs. Joe Williams discussed incomes of the future, which statistics indicate will go up over the next five or ten years. "People will earn more and they will be able to buy more," she pointed out in citing many facts and figures.

Discussing the homes of the future, Mrs. Frank Martin told the group "The 1965 home will make the 1955 home look like an 'old fogey.' Home architecture will be 'moderate modern' and home ownership will be possible for more young couples," she continued in citing many new advances predicted in homes of the next decade.

"Leisure time will be abundant," the next speaker, Mrs. Hugh Watson, declared. In addition to travel and recreation, churches will play a more important role with more people having leisure time on their hands. About 7,000 churches must be built and remodeled in the next ten years to accommodate ex-

Re-Check Planned On Recent Fire Hazard Survey

A re-check of the fire hazard inspection made here Sept. 29 will be made this week, Fire Marshal R. A. Lane announced at the meeting of the fire department Monday night.

Members of the department have been assigned sections in the business district which they will check. Records of hazards found in the original inspection will be furnished firemen, and they will report on any corrective steps taken, along with hazards still existing.

"It is not compulsory that these hazards be corrected," Fire Marshal Lane explained. "They were pointed out by trained inspectors in order to acquaint property owners with incipient fire dangers which they probably did not know existed," Lane said.

1956 Quotas and Allotments Set for Upland Cotton

A national marketing quota of 10 million bales and a national acreage allotment of 17,391,304 acres for the 1956 crop of upland cotton has been proclaimed by Secretary of Agriculture Ezra Benson.

Announced at the same time was the date for a referendum, December 13, on cotton marketing quotas for both upland and extra long staple cottons. The quota for extra long staple cotton was set at 35,300 bales and acreage allotment at 45,305 acres for the 1956 crop. At least two-thirds of the cotton farmers voting in the referendum must approve marketing quotas if they are to be effective. Last year 92 per cent of the voting upland growers approved marketing quotas and 92.8 per cent of the voting extra long staple growers favored quotas.

The marketing quotas and acreage allotment for both types of

Benjamin Hosts Weinert Tonight In Top Game of Dist. 4 Six-Man

Benjamin and Weinert will clash in one of the most important games of the season when they meet tonight at 7:30 in Benjamin.

The two teams are undefeated in district play. Weinert has a perfect record for the season, 6-0. Benjamin has a 5-2 record in season play. Both teams have played three district games.

Other games in Dist. 4 Six-man this week find Vera at Goree and O'Brien at Mattson. The latter game is to be a feature attraction for the Mattson Homecoming. Game time at Mattson will be 8 p. m., with the other games to start at 7:30.

The Benjamin-Weinert game will be featuring well balanced teams with plenty of speed. Benjamin relies on runs mostly, while Jay Cox's Bulldogs throw the ball a good deal.

Hard-running Gene Mapes and southpaw Arlon Alexander will

carry most of the touchdown load for Mattson. Slippery Lowell Rowan and Herschel Fore, the pole vaulting boy, will do most of O'Brien's running and passing. The game will be a toss-up.

cotton are the minimum provided by law. The national acreage allotment is the acreage required based on averages for the past five years, to produce the national marketing quota of 10 million bales.

According to the latest statistics, the total supply of upland cotton for the 1955-56 marketing year is estimated at 24.4 million bales and is second only to the record supply of 24.6 million bales in 1939-40. Supplies have increased yearly for five consecutive years and a new record in cotton yields per acre has been set in each of the past three years.

If growers approve quotas in the referendum, price supports on the 1956 crop of upland cotton will be made available to eligible growers at the full level of the effective supports. If quotas are turned down, support to eligible growers will drop to 50 per cent of parity.

State and county committees of the ASC are now compiling acreage data upon which to base 1956 farm acreage allotments. Individual farm allotments will be made available to producers prior to the referendum. Information on quotas and acreage allotments can be obtained from the local ASC office.

'56 Chevrolet sets new Pikes Peak record in top-secret test!

Not long ago a hush-hush, camouflaged '56 Chevrolet scorched the nerve-breaking road up Colorado's Pikes Peak for a new NASCAR* certified record—the first time that old King of the Mountains has seen a new official stock car record in years! And what a road! 170 chilling turns and no guardrail! It's the first and only time a new model ever proved itself such a great road car before its introduction! The '56 Chevrolet showed the kind of performance that makes driving safer and more fun. So wait for the car that beat the King of the Mountains!

40 Cub Scouts Of Six Dens at Meeting Monday

Six Dens represented with a total of 40 Cub Scouts and 42 parents were present at the regular monthly meeting of Cub Scouts held Monday night in the Elementary School auditorium.

Den 1 had the opening game, which consisted of shaking hands with paper bags over their heads. Den 3, under the direction of Mrs. Faulkner conducted the opening ceremony about bees and a song. The second game by Den 2 was the removing of the Cub's right shoes, placing them in a pile and scrambling for them and getting them back on to see which Den could finish first. Den 6 won the prize.

Closing exercise was led by Den 6 with all Cubs taking part in forming the Living Circle and giving the Cub Scout promise and Law of the Pack.

Mrs. Edgar Kello will be Den Mother for Den 4 which was organized at the meeting.

Mrs. J. B. Gibson will have as her assistant Den Mother Mrs. Phil Baird for Den 8.

Den 3 and Den 4 shared a box of candy which was given them for having the most 'buckaroos' among their Cubs.

The Buckaroo Plan in this: Winning handicraft 20, arrow 10, rank 10, achievement 5, present at Den meeting 5, for each adult at Pack meeting 10, Den with most adults present 20, Ace Cub (living promise and law) 10, bobcat 20, memorize Pack closing 10, for bringing Cub books 5.

Cubs should remember this schedule and see how many Buckaroos they can earn by next Pack meeting, November 28, in the Elementary auditorium. At that time Den 2 will open the meeting and the games will be by Den 6 and Den 1 and the closing ceremony by Den 3.

Den Mothers and parents interested would profit by going to Stamford on the second Thursday of each month for a round table discussion on Scouting at the Presbyterian Church in that city.

Boys between the ages of 8 and 11 years who wish to become Cub Scouts should invite their parents to accompany them to the next Pack meeting in order that more Dens can be organized and they may become a Scout.

County Officials Praised for Work On Lake Problem

The Commissioners Court has been commended by the Haskell Ministerial Alliance for the steps taken by the Court in resolving the recent points of difference between Haskell County and the City of Stamford relative to Lake Stamford.

The local minister's group adopted the following resolution, and forwarded a copy to County Judge Alfred Turnbow with a request that it be presented to the County Commissioners:

"Whereas the difficulties between Haskell County and the City of Stamford concerning Lake Stamford have been solved with mutual satisfaction and good will; Be it resolved that we express our joy and appreciation to the public servants of Haskell County who were responsible for this happy solution;

"And be it further resolved that we assure all you public servants of our constant interest in and prayers for a joyous solution to the many problems on which you are called upon to act."

The resolution was signed by the Ministerial Alliance of the City of Haskell, the Rev. B. F. Gaskamp, secretary.

To secure photographs needed to complete the autobiography of famed jazz trumpeter, Louis "Satchmo" Armstrong, Prentice-Hall, New York publishers, placed classified ads in the New Orleans Times-Picayune and States and soon received many old photographs.

A Bridgeport, Conn. woman got results beyond her fondest dreams when she placed a classified ad seeking a used wedding dress for her cousin in Poland. The owner of bridal shop in Bridgeport saw the ad and gave her a new satin gown trimmed with seed pearls.
