

# THE KNOX COUNTY HERALD

VOLUME XXXVII

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JANUARY 10, 1952

NUMBER 6

The new telephone directory has been issued—and with it comes a new number for the Herald.

The number is now 2281, instead of the old 2902.

Changing the number may make it a little inconvenient for you, when you want to call . . . you'll have to scratch round in the directory until you learn the number.

But now perhaps you won't get a busy signal so much!

According to the new directory—and according to our own calculations, which we don't guarantee—the number of telephones in Knox City has increased about 21 percent during the past year.

We don't know how that compares to the population increase . . . that's anybody's lid guess.

Earl Woodward tells us that Knight "dressed up" last Saturday night—which Earl believes is a sure sign that this election year.

There are other indications, . . . all adding up to the fact that the going is to be a rip snortin' politics from 'till November.

Congress met this week, and imagine the lawmakers will be more politicking than law-making.

According to Tax Collector Bumpas, poll tax payments are coming in purty slow . . . and that's bad, because voters will really get their dollar six bits worth this year.

We'll vote on everything from pool trustee to president . . . and right now it looks as if the presidential race may be so hot it will take the spotlight off local races.

The Republicans already have candidates that you can take a stick at, and the Democrats are waiting to see what man is going to do. So far, won't tell.

But county candidates aren't going so hard to get, and several are announcing for office this week.

Somewhere on the ballot will be a man you want to vote for, maybe one you want to vote against—so don't forget to pay your poll tax before January 15.

If you don't care about voting, you'll at least want to know . . . and you aren't qualified to argue politics without your poll tax receipt!

The columnist said last week could come nearer predicting the future for West Texas than Roger Babson.

With a straight face, he predicted that if it rains, and insects don't destroy the cotton, if good crops bring good prices, then 1952 will be a good year in West Texas!

And he might have added, if it doesn't eat up the profits.

Inspector E. Reed, superintendent of the Benjamin Schools and father of twins, hasn't a gig on Coach Bob Hames now for a few years!

Win daughters were born to and Mrs. Hames at a Wichita Falls Hospital Tuesday.

Two girls, Constance Sue and Lynn Ann, were born at 5:45 and 6:30 p. m., and weighed 5.2 oz. and 6 lbs. 7 oz., respectively.

Edie Bateman, Jr., manager of the Benjamen Lockers, reported that the locker's venture into the mail-order business has been successful.

He advertised his bacon, and sausage with a "West" flavor—smoked with Mesquite wood—and the advertising was sent in the fall he has mailed orders to twenty states and Washington, D. C.

## Basketball Conference Games To Begin at Rochester Friday Night

Basketball will take the spotlight in the Knox City School athletic activities when the first conference game of the season is played tomorrow (Friday) night at Rochester.

Coaches David Slaughter and Henry White say the two teams are evenly matched, both dropping a game to Munday in pre-conference play. Scores of the Knox City-Munday game were 27-25, and Rochester lost to Munday by seven points.

Rochester has played the O'Brien team once this season, winning with a 28-21 score. In the two Knox City-O'Brien games, the local boys took the big ends of the 34-29 and 39-36 scores.

According to Coach Slaughter Rochester has five returning lettermen, losing only one first string boy from last year's team. Knox City has five returning lettermen, but lost four first string boys from last year's district championship team. Their pre-conference record is six wins and one loss.

The second conference game of the season will be played on the local court next Tuesday night, January 15, against O'Brien. Other district games to be played tomorrow night and Tuesday night are Vera at O'Brien and Benjamin at Rule Friday night, and Rochester at Rule and Vera at Benjamin Tuesday night.

Conference games will begin at 6:00 p. m., with a "B" boys game, followed by the "A" girls' game then the "A" boys.

Members of the Knox City boys A team are John Jones, Jerry Wilson, Jim Jones, Guy Robinson, John Ed Smith, Gary White, Nathan Lewis and L. C. Teague.

"B" team members are Shelby Bishop, Jimmie Leach, Roy Day, Bobby Presnell, Dickie Cross, Barney Arnold, Monroe Thomas, Mark Davidson, and Leon Nolan.

On the girls' team, forwards are Dorothy Paul, Laquita Seggo, Pearl Dunnam, Carol Hitchcock, Zana Hamm and Aletta Large. Guards are Jean McAuley, Mary Helen Dodd, Margaret Chafin, Tomye Woodward, Jo Denton and Dorothy Pack.

At the end of round-robin play, the two highest teams will play a best-two-out-of-three play-off for the district championship.

### FITZGERALD ELECTED CHIEF OF FIRE DEPARTMENT

Alton Fitzgerald was elected chief of the Knox City Volunteer Fire Department at the organization's regular meeting Tuesday night.

Fitzgerald replaces Alvin Roberts, who had been chief for the past year.

Other officers elected were Doyle Graham, president; Kenneth Myers, vice president; Kenneth Lawson, assistant chief; J. M. Averitt, secretary; Claude Garrison, sergeant-at-arms; Rev. E. V. Becker, chaplain; and Bobby Robinson, mascot.

A special meeting was called for next Tuesday night, when the department will discuss plans for purchasing a new fire truck, so that rural fires may be fought more effectively.

It was announced that the O'Brien Cooperative Gin had donated \$100.00 to the department.

## Social Security Representatives to Answer Questions on Coverage for Self-Employed

A representative of the Social Security Administration from the Wichita Falls office will be at the post office in Knox City on Thursday, January 17 at 1:30 p. m. It was announced this week by Erton F. Tate, district supervisor.

The representative will be glad to discuss any questions concerning the recent amendments in the Social Security Act covering self-employed persons.

Most self-employed people, with the exception of some occupations such as farmers, doctors, lawyers, funeral directors and a few other professional groups, have been building insurance protection for themselves and their families since January 1, 1951.

For most people who work for themselves their first social

## Local Residents' Kin Dies in Avoca

Funeral services for Mrs. Roy Hines, 51, of Avoca, were conducted at 2 p. m. Tuesday in the Church of Christ at Stamford.

Mrs. Hines, who had been in failing health several months and critically ill the past two months, died Sunday at her home in Avoca. She was a sister of Mrs. L. M. Williams and Mrs. E. H. Coates of Knox City.

Mrs. Hines, wife of a well known cattle buyer of Avoca, was born in Haskell County on Nov. 22, 1900. She was Cecel Mae Hamilton before her marriage to Mr. Hines April 22, 1923 in Haskell. They had lived in Avoca since their marriage.

Other survivors include her husband; a daughter, Mrs. Billy Wise, and two grandchildren, all of Avoca; her mother, Mrs. L. M. Hamilton of Lyford; two brothers, J. M. Hamilton of Lyford and J. M. Hamilton of Taft; and two other sisters, Mrs. L. D. Wilson of Abilene and Mrs. Russell Rainey of Weinert.

## Housing Authority Hires Architect

Judge Lewis M. Williams was elected chairman of the local Housing Authority Friday when the first meeting of the group was held.

The Housing Authority was appointed by the city commission as the first step in securing a Federal low-cost housing project for Knox City.

Other members of the committee are Roy A. Baker, W. L. Collins, Otis Harbert and J. M. Averitt. Baker was elected vice chairman, and Collins temporary secretary. A full time secretary will be employed in the future.

Application was made to the Federal Housing Authority for a grant to conduct a survey of the town. Necessary resolutions were passed, and a Dallas architectural firm was employed to draw plans and make the housing survey.

Present plans are for all units in the project to be constructed of brick veneer.

## All-District Football Team Is Named

Two members of the Knox City Greyhound football squad, district and regional champions, are on the player-selected all-district team, it was announced this week.

The players were chosen by the football boys in the district, with each team in the district picking an all-opponent team. The team selected is as follows:

Ends: Feemster of Vera and Yandell of Weinert.

Center: John Ed Smith, Knox City.

Backs: Wilson, Knox City; Hardin, Vera, and Moody, Paint Creek.

Schools in the district are Paint Creek, Mattson, Weinert, Goree, O'Brien, Knox City, Benjamin and Vera.

## Parker Announces Candidacy for Office of Co. Judge

L. A. (Louis) Parker on Tuesday authorized the Herald to announce his candidacy for the office of County Judge of Knox County, subject to the action of the voters in the Democratic primary elections.

Mr. Parker, who is serving his fourth term as commissioner of Precinct 2, is well qualified by experience in county affairs for the office which he seeks. In making his announcement, he made the following statement:

"I have been solicited by quite a few friends to make the race for County Judge, and in making my announcement of my candidacy for this office I hereby pledge the people of Knox County an honest and efficient term of office, should I be elected.

"I believe that my experience as County Commissioner, working with the County Judge and Commissioners Court, qualifies me for this office.

"It shall always be my aim to conduct the affairs of the county in a courteous and efficient manner, working with my commissioners, the other county officers and the people of my county. To this end, I pledge you my very best, and I solicit your vote and influence in the coming elections."

### I. W. DOTSON REPORTED RECOVERING FROM INJURIES

I. W. Dotson was reported to be resting well in a Hempstead hospital where he is recovering from injuries received in an automobile accident Dec. 22.

Mr. Dotson, local blacksmith, was enroute to Houston from Knox City to spend Christmas when the accident occurred. The 1942 Ford he was driving was completely demolished in the head-on collision, it was reported.

He sustained a fractured right leg, five broken ribs, and a punctured lung, according to his daughter, Mrs. L. V. Worley, who returned last week from a visit with her father.

## Munday Minister Is County Chairman For Dimes Drive

Rev. R. L. Butler, pastor of the First Methodist Church at Munday, has been named campaign director of the 1952 March of Dimes in Knox County. It was announced this week by the county chapter of the National Foundation for Infantile Paralysis.

With polio having reached epidemic proportions recently in several Texas cities, as well as other parts of the nation, the National Foundation launched the annual March of Dimes on January 2. The drive will cover the entire month of January, rather than 15 days as in the past.

Full organization details have not been completed in Knox County, and the drive will not be "kicked off" until January 17. Considering the county's past record, however, it is expected that the drive will be completed on schedule.

During the last four years, the National Foundation and its chapters have spent \$79,000,000 in March of Dimes funds for patient care charges alone, as compared with \$41,000,000 in the previous ten-year span.

This situation was brought about not only by rising costs but also because there were more cases during the last four years than in the entire previous decade.

Added to increased costs and increased incidence has been a third factor that has compounded the difficulties of the National Foundation. Polio doesn't just hit and run. The effects of any one year's epidemics are not soon forgotten by many of the stricken ones, nor by the National Foundation chapters which pay the bills.

In 1951, for example, the March of Dimes organization provided care for 45,000 men, women and children stricken in prior years—in addition to the four out of five of the new patients who needed and received help.

## Have You Paid Your Poll Tax?

With only twenty more days to go before the poll tax deadline, only 1,403 poll taxes have been paid in the county, according to M. A. Bumpas, Jr., tax assessor-collector.

This is little more than half the voting strength of the county, Bumpas said.

This is general election year, and Americans will elect everything from precinct officials to a president, and few will want to miss the opportunity to vote.

Some may be of the opinion that their poll taxes are included with their other taxes, but this is not true, the tax collector said.

Everyone was urged to check his receipts and if his 1952 poll tax has not been paid, to bring or mail the payment to the tax collector's office.

Elsewhere in the Herald is a convenient form that may be used if the payment is mailed in.

## Death Claims Wallace May; Funeral Held Saturday

WALLACE WINSTON MAY

Knox City was saddened last week by the death of Wallace May, popular 18-year-old son of Mr. and Mrs. J. T. May, and an outstanding athlete of the local high school.

Wallace entered Baylor Hospital in Dallas December 26, and his illness was diagnosed as aplastic anemia, a failure of the bone marrow to produce blood cells. His condition became steadily worse until he passed away at noon Friday, January 4.

Funeral services were held from the First Baptist Church in Knox City Saturday, with the Rev. E. V. Becker, pastor of the church, officiating, assisted by the Rev. Houston Walker, pastor of the First Baptist Church at Rule. Interment was in the Rule cemetery under direction of Warren Funeral Home.

Pallbearers were Pete Rutledge of Lubbock, Oliver King of Plainview, Jeff Graham, H. L. White, Chad Wilson and David Slaughter, and honorary pallbearers were members of the Greyhound football team, which Wallace helped carry to the regional championship in both 1950 and 1951.

Wallace was the only four-year letterman on the football team this year and was co-captain of the 1950 team, on which he played in the halfback position. He was playing his fourth year of basketball at the high school this year, having lettered his first three years. He played his final basketball game only a few nights before becoming ill.

He was also outstanding at baseball, playing shortstop on the local Junior team.

Voted senior class favorite this year, he was a member of the Future Farmers of America and of the First Baptist Church.

Survivors are the parents and one brother, A. D. May of Rule.

## Local Scouts Win Trophy for Being Outstanding Troop

Knox City Boy Scout Troop No. 161 nosed out Archer City to win the Outstanding Troop Award in the Brazos Valley district, with 938 points to Archer City's 920.

The contest is based on trained leadership, new members, advancement, camping activities, district or council activities, such as first aid contests, Scout-O-Rama, functioning budget system, and planned program.

The troop will receive the trophy soon. Runners-up will receive certificates.

The local Scouting committee expressed appreciation to Joe Clonts, scoutmaster, for leading the comparatively new Knox City troop to its present record of outstanding achievement.

## Snody Announces For Re-election

Walter F. Snody, County Treasurer of Knox County, this week authorized the Herald to announce that he will be a candidate for re-election to that office, subject to the action of the Democratic primaries.

In announcing his candidacy Mr. Snody said, "In the past, I have conducted the affairs of the office in an honest and efficient manner, and I pledge myself to continue to do so, should the voters of the county see fit to return me to the office."

"I will see as many voters in the county as possible before the election. In the meantime, please consider this a solicitation of your vote and support."

## Ernest Allen Seeks Precinct 2 Commissioner Post

This means of communication is being taken to announce my candidacy for the office of commissioner of Precinct No. 2.

I have been a resident of Knox County for the past 28 years, with the exception of a few years' absence from the county during that period, living principally in the Vera community until moving to Benjamin three years ago.

I am now employed by the present commissioner of this precinct and feel that the experience gained in that work will enable me to discharge the duties of the office in a more satisfactory manner.

I shall try to see each voter in the precinct personally during the coming campaign, and by this means want to thank each one for whatever consideration you may see fit to extend to my candidacy.

Ernest Allen

Mr. and Mrs. Pete Rutledge and daughter of Lubbock spent the week end in Knox City visiting Mrs. Rutledge's parents, Mr. and Mrs. C. Bohannon.

**CARD OF THANKS**

We wish to express our heartfelt thanks and appreciation to all who were so wonderful to us during the illness and death of our beloved son and brother. We want to thank everyone who sent food and cards and those who visited in Dallas and here at home. Especially do we appreciate those who gave or offered blood and the many friends whose prayers sustained us through our sorrow. You have made our grief more bearable, and we pray God's blessings on each and every one of you.

**It's Slim's For An "Honest" Meal**

Most people thought Slim Benson would probably go broke when he first started his system of letting customers figure out their own checks over at his big diner on the highway.

Slim trusts them to pay for as much as they eat—you simply tell Sally, his cashier, the amount of your bill. It works, too. Take the other day when Buck Harris told Sally his bill was 35¢.

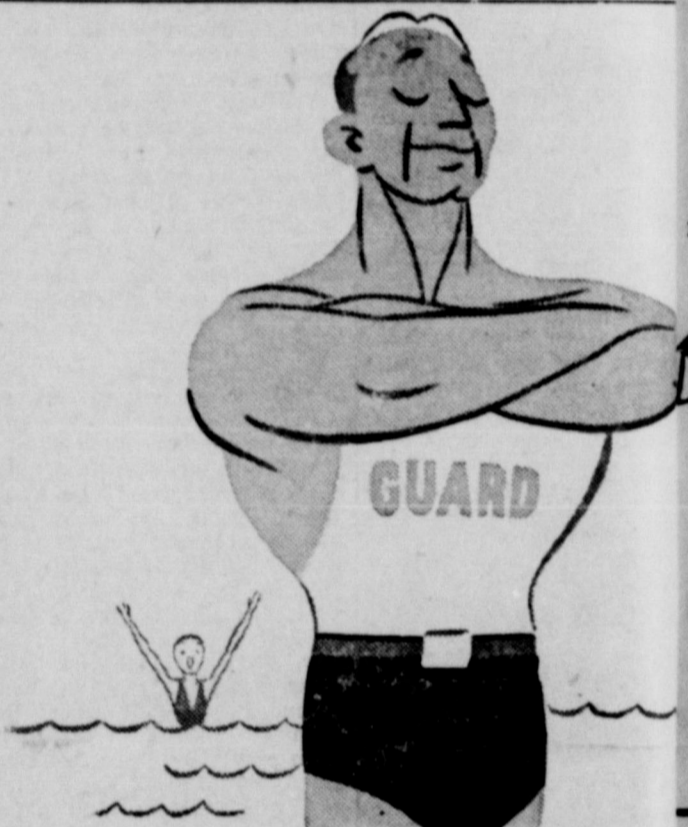

Now I was right there with Buck and I knew all he had was coffee and pie which comes to a quarter. "How come thirty-five

cents?" I asked Buck. "Hadn't you had a cup of java the other day, and forgot all about it—'til now," he says.

From where I sit, most people are basically honest—and they go for their opinions, too, even though they may be different from our own. I like a glass of beer with my dinner; you may prefer something else... but we all ought to be allowed to "figure it out" ourselves.

"And He said unto them, Follow me, and I will make you fishers of men." There is a great work to be done this year. Men are making every preparation for better times and to enjoy better things of life. Let us not forget the real purpose of life.

Remember we are told in the Bible that we are not our own, we belong to Christ for He created us for His Kingdom. The greatest price that was ever paid was given for you. The life of the Son of God was given in death on the cross. In return for such a gift we should prepare ourselves to be fishers of men.

Stay in the secret place with God until He gives you power to be able to stand steadfast in the face of hatred, envy and all the trials of life. He will give you power to be as the fisherman's line that is thrown away out in the midst of the sea of sin to catch the ones who are far away from the shore. He will pull up the cork and let you down into the depths that you might catch the ones who have fallen into the lowest ebb. Be willing to stoop in the power of God, that He through you might bring back that fallen soul. That one who seems to be gone beyond redemption. His power is greater than all the evil forces of hell. He just needs someone He can use in His Kingdom work. He is calling YOU. Everyone who will be willing to be spent for Christ. Oh, What a debt we owe for Christ Jesus, who gave His all for you, and all whosever will come unto Him.

The time is far spent, the day is at hand, even at the door, for the coming of our Lord Jesus Christ. Yield yourselves unto Him, let the Blood cover your sins. Do not try to cover them yourself. They are continually before that all-seeing eye. Make your confession, and let God give you the power to overcome and use you in His Kingdom work. He will make you a fisherman for souls through this year of 1952.

**SOME 20-YEAR-OLDS TO BE DRAFTED IN FEBRUARY**

AUSTIN, Jan. 5. — The state draft call for February will not be filled with men below the age of 20, Brig. Gen. Paul L. Wakefield, state Selective Service director, said today. The only exception that will be taken to this rule will be in the case of draft volunteers and delinquents.

Previously, national Selective Service headquarters had instructed state headquarters not to induct any men below 21 without first requesting authority from Washington.

"We requested authority to induct men as low as 20 years old," Gen. Wakefield said, "and subsequently each state and territorial director was granted this authority. Here in Texas we were afraid that we might not be able to deliver our quota if we were confined to 21-year-olds."

The February induction call is for 2,144 men, as compared to 1,471 in January, and 362 in December.

The state Selective Service director said that state headquarters expected to get the February call to local boards in the mail either Monday or

Tuesday.

"Texas is going to make every effort to fill the February call from examined and acceptable men who will be at least 21 years of age at the time of induction, regardless of which local board has jurisdiction over them," Gen. Wakefield commented.

"We're calling first on the boards that have examined and acceptable men 21 years old, or older," he continued. "Then we're calling on those our records show have no 21-year-olds examined and acceptable."

Latest available records at state Selective Service headquarters show that local boards at the following places have no examined and acceptable registrants 21 years old or older:

No. 6 at San Antonio; No. 30 at Dallas, San Diego, Galveston, Longview, all boards in Harris county, Edinburg, Port Arthur, Lubbock, Corpus Christi, Sinton, Tyler, No. 111 and No. 112 at Ft. Worth, Uvalde, Laredo, Abilene, and both Travis county boards.

Gen. Wakefield explained that some or all of these boards can possibly have examined and acceptable registrants 21 years old or older by the time they are ready to send out the February induction orders.

"Results of January physical examinations are not known at present," he said. "Some of these may become eligible to be sent February induction orders, but it is doubtful if many of them will."

A total of 111 of the state's 137 local boards actually have 2,424 examined and acceptable men 21 years old or older to fill the February call for 2,144 men, according to up-to-date calculations of the quotas and calls section of state draft headquarters.

Gen. Wakefield pointed out, however, that this is too close a manpower margin without calling for some 20-year-olds.

"We must make allowances for possible errors in local board reports, and also, a lot of things can happen to some of those men that can make them ineligible for service at induction time in February," he said.

Holiday guests in the home of Mr. and Mrs. Lewis Floyd

and Mr. and Mrs. Doug Meizer were Mr. and Mrs. H. D. Hediger and children of San

Antonio and Mr. and Mrs. H. B. Stubblefield and children of Monday.

school work. We visited this school and found that school window lights were broken out, the rest rooms were damaged, the student body was completely lacking in school spirit, and the citizens of the town were apathetic. Pent-up energy, that in most schools is at least partially spent in working and preparing for some inter-school activity, was turned into other channels, damaging both the school and the community. This experiment lasted one year.

The next year, the school employed teachers who were interested in the after-school activities of the youth and they established a band, a pep squad, a football team, a literary team, and in another year the complaints which had been lodged against the school were removed.

The forty-hour week, the short school day, and the disappearance of home chores have placed at the disposal of the school thousands of youths with almost nothing to do. The energies of our young people will be spent in some direction. It is a mistake of the school if it fails to capitalize on this urge for activity, this desire for adventure. Changing social patterns have made the wise use of leisure time, through extracurricular activities, the greatest new challenge to schools. Unwise use, or failure to accept the challenge, can lead to the tragedy of wasted hours, years—lives.

Mr. and Mrs. Doug Meinzer and Judy were in Wichita Falls Monday.

Supt. Harold Barnett and David Slaughter were in Goree Wednesday night to attend a meeting of the Schoolmasters Club. The Schoolmasters, an organization for men teachers in Knox and adjoining counties, was organized last September. The club meets every second Wednesday evening. President is Warren Morton of Vera, secretary is Merick McGaughy of Benjamin, county school superintendent.

**DID SOMEONE SAY "OVER-EMPHASIS"**

(In view of the fact that much has been written and said recently about over-emphasis of sports in schools over the nation, Sumpter E. Reed, superintendent of the Benjamin schools thought the following editorial, published in a recent issue of The Interscholastic Leaguer, was worth passing on to readers of the Herald):

In recent months, much has been said about the ills of intercollegiate athletics. So much that two great American games are suffering badly.

Amid all the adverse publicity given these great sports, there has been very little discussion or attention allotted to the important place these and other athletic activities occupy in the student life and educational program of smaller colleges and of high schools.

These smaller institutions have been using the extra-curricular activities as an integral part of the educational program of the school. They have not set up their athletic departments in such a way as to make the department dependent upon gate receipts nor have they gotten so involved with stadium bonds that winning teams are essential to meet the indebtedness against the athletic plant.

In these institutions, the final decision on game schedules and game contracts rests with the superintendent of schools or the college president, who puts the educational welfare of his stu-

dents first. Game arrangements are not made solely by athletic directors or by athletic committees.

This, in part, destroys the validity of a charge, frequently made, that there is over-emphasis on many phases of the extracurricular program. This may be true in 1 per cent of the institutions, even when the program is under the control of the school administrators. In our opinion, however, the opposite is true for the vast majority of schools: they do not place enough emphasis on a school-directed, extracurricular activity program.

The average boy or girl in today's school has no home chores and no after-school duties to perform. There was a time when a boy or girl had to devote part of the free time after school to walking to and from school. And once he was home, there were many things to be done. This is now seldom the case; most of the students ride buses or are transported in the family car. Most of them no longer perform after-school tasks such as mowing the lawn, milking the cow, cutting wood or weeds, or performing many other worthwhile home chores.

Instead, time after school will be spent in loafing unless the school, or unusually wise parents, provide a program of training and activity of a constructive sort. The band, the school team, the school dramatic group, or the school pep squad are in most cases the only substitute for the former duties that boys and girls were required to perform. In many progressive school systems, they are even the only substitute for the home-work that used to occupy the evening hours of most students.

In many schools the boys and girls are turned out at 3 p. m. or, at the latest, 3:30. From then until bedtime, there is nothing for the student to do except loaf, visit the corner drugstore, go to the picture show, ride in the family automobile, or gang up at some favorite spot.

What a challenge this normal situation offers to the band, to the literary and dramatic extracurricular program! This program offers the best solution in training for leisure-time activities.

Once we knew of a school that did away with the school activity program and decided to devote all of its time to
