

Rule Man Killed Near Stamford in Auto Crash

Stamford, Dec. 6.—C. S. Howell, 37-year-old trucker, was killed tonight and George W. Harper, 45, of Wichita Falls, lay critically injured in a Stamford hospital after a collision of trucks a mile and a half north of here at 6:45 p. m.

Howell was killed instantly. Harper, employe of a Wichita Falls meat market was carried in a Kinney ambulance to Stamford sanitarium where his left eye was removed and treatment was given for severe head and cheek lacerations.

According to John Croft of the Stamford police department, the accident occurred as Howell's pickup truck was sideswiped by Harper's larger truck. Stamford police and the highway patrol are investigating.

The Wichita Falls man was identified first by cards found on his body, then by his sisters-in-law, Mrs. Jessie Coker and Mrs. Joe Wheeler of Stamford.

Funeral for Mr. Howell was held in Rule Baptist church Wednesday, according to tentative plans. The Rev. Roy Stahan, pastor, will officiate.

Mr. Howell had been a member of the Baptist church for 35 years and was a deacon in the Rule congregation.

Survivors include the wife, two sons, Milford, student in Hardin-Simmons university and Carl of Rule a daughter, Martha; three brothers, Homer of Sacramento, Calif., Ernest of Winnsboro and Percy of Houston; three sisters, Mrs. Lee Ward of Gladewater, Mrs. Lena Vickers of Everton and Mrs. Earl Burkett of Houston.

A native Texan, Mr. Howell was born July 2, 1885. He was married to Ethel Wilson at Vernon twenty years ago and moved to Rule 17 years ago. He was a member of the IOOF lodge.

SHOWER HONORING MR. AND MRS. CORNETT

A shower honoring Mr. and Mrs. B. F. Cornett was given Monday night, December 6, in the home of Mr. and Mrs. Ulric Lea. Various games were played after which Santa Claus made his appearance with his bag full of gifts for the honorees.

Refreshments were served by the hostesses, Mrs. E. F. Branton, Mrs. Ulric Lea and Mrs. E. R. Carpenter to the honorees, their parents Mr. and Mrs. J. H. Atterbury and Mr. and Mrs. W. H. Cornett and 50 guests.

METHODIST CHURCH

Sunday School 9:45 a. m.
C. E. Ball, Superintendent.
Preaching 11:00 A. M. and 7:00 P. M. by the Pastor.
Epworth League, 6:30 P. M.
W. M. S. Monday 2:30 P. M.
Stewarts Meet Monday 7:30 P. M.
Prayermeeting Wednesday, 7:30 P. M.

You will always find a welcome at the Methodist church.

HOSPITAL NOTES

The following patients were in the Knox County Hospital Thursday:
Mrs. Thomas Ferguson, Knox City;
Mrs. M. A. Cozby, Vera; M. H. Helton, O'Brien; Miss Nina Astin, Benjamin; R. L. Grady, Rochester; Mrs. C. C. Banks and baby, Haskell.

BIRTHS:

Mrs. C. C. Banks, Haskell, Dec. 3, a daughter, Joyce Camille; Mr. and Mrs. Harry Garrison, Knox City, Dec. 4, a daughter, Joyce Janelle.

HOMEMAKERS CLASS

Members of the Home Makers Class of the First Baptist Church are requested to read I Samuel, chapter 18-20, during the week and make an effort to attend Sabbath School regularly.

Others who wish to attend will be given a warm welcome.

Double Wedding

Misses Lorena and Ada Pearl Collier were married Sunday in a double wedding ceremony to J. B. Pridgett and Alton Thompson, respectively. They were married in the Baptist parsonage by the pastor, Rev. W. D. Owen. The brides are nieces of Mrs. Green, and are well known in Knox City having visited here on several occasions. All four young people were residents of Odessa, Texas and will make their home there following a short wedding trip to Dallas, El Paso and Houston.

The young brides were dressed alike in navy and gray accessories.

The only guests for the ceremony were Mrs. Green and Miss Juanita Morgan.

JOHN TARLETON NEWS

Steenbenville—Wayne and Ray Cure of Gilliland, John Tarleton Plowboys, checked in their football uniforms after last Friday's post-season game in which the Plowboys, in the last three minutes of play, lost the Central Texas conference championship to Weatherford Junior College by a score of 7-2.

Tying 7-7 in their regular conference game on Armistice day, both Tarleton's Plowboys and Weatherford's Coyotes ended their seasons Thanksgiving undefeated in conference competition. To decide the title for championship, they were given special permission for last Friday's game by the conference governing committee.

Tarleton took the lead in the second quarter with a safety made when Pharr covered a Weatherford punt blocked by Johnston. Fighting back and forth in a cold mist on a sloppy field, they held that lead until Weatherford scored in the last three minutes of the game and copped the championship.

Wayne and Ray have played tackle and guard for the Plowboys this season. This week they will be among the football boys entertained by Coach H. J. "Choc" Sanders at a dinner in the Tarleton recreation hall. Lettermen will be announced at that time.

Wayne is a student in high school work and Ray is a junior in the department of agricultural education in Tarleton this year.

POLITICS WARMS UP

County Judge E. L. Covey of Benjamin was here Wednesday on business and called at the Herald office to compliment us on getting out an interesting newspaper. He informs us that he will make his announcement for re-election first of the year and that politics is beginning to be talked in the county seat.

MISSIONARY UNION SOCIETY

The home of Mrs. Joe Smith was again opened for the December Missionary and Social meeting of the Baptist Women's Missionary Society. Seventeen members and chief visitors and children heard the Christmas program "Good Tidings to All People" before refreshments were served and sunshine gifts exchanged.

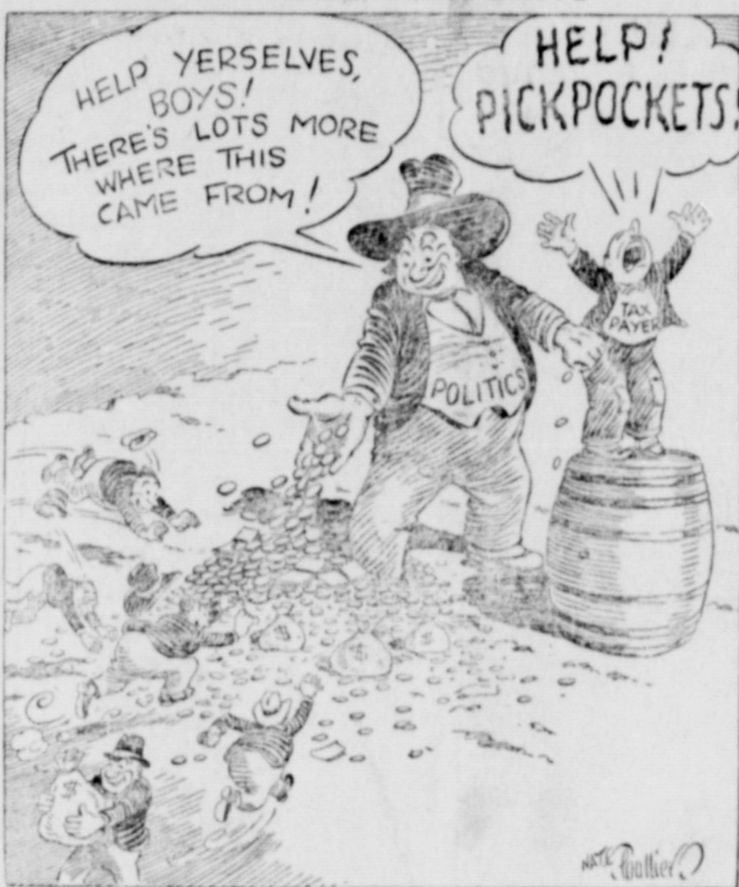

Mrs. Guy Glenn and Miss Rowena Wall were Abilene visitors Wednesday.

Mrs. J. W. McShan and daughter, Jo Faye, Misses Florene Cornett, Alice Wilson, Flo McBrayer and Alton Fitzgerald spent Monday in Abilene.

Mrs. Cloda Burnett, Mrs. Glenn Burnett, Mrs. A. H. Sams and Mrs. Jim Melton, all of Benjamin were Knox City visitors Wednesday.

Herman Benedict of Dallas is visiting with his parents, Mr. and Mrs. W. H. Benedict and his sister, Mrs. O. D. Reid, who is still seriously ill.

THE MODERN 'LIBERAL'

Airmen Honor Publisher-Flyer

In celebration of his completion of 1,000 hours of flying, the Air Service Post of the American Legion honored 69-year-old publisher Bernarr Macfadden at a banquet, in New York recently. Mr. Macfadden is the oldest licensed pilot in the country. Pictured at the function, left to right: Commander Charles E. Rosendahl, of Lakehurst Naval Air Station; Major Gil Robb Wilson (standing), State Aviation Commissioner of New Jersey; Colonel Bernarr Macfadden, and Major E. E. Aldrin.

FOOD SALE SATURDAY

The ladies of the Methodist Church are conducting a Foods Sale, Saturday, December 11, in the Jamison-Clonts Hardware Store. Let them furnish your Sunday dinner. Dressed hens, cakes, pies, butter, eggs, and other eats will be for sale. Remember the date and place, and it all goes for a good cause.

S. M. Clonts attended the Masonic convention in Waco last week.

FREE DRINKS AND EATS

Harry Garrison of the Black and White Grocery announces in this issue of the Herald that he will serve all day Saturday, Star State Coffee and Walkers Chili and Hot Tamales. He invites his friends and customers to visit him and enjoy the drinks and food. He says he is not running in opposition to the cafes of the town but wants the public to come in and try these famous foods and drinks at his expense.

George Moffett Makes Appeal For New Bridge Over Brazos

Negro Killed Near Weinert

Will Humble, negro cotton picker, was jailed Saturday night on charges of murder set forth in a complaint filed by members of the sheriff's department as the result of the fatal wounding of Alvin Christopher, another negro, who was killed almost instantly when three shots from a revolver fired by Humble found their mark in Christopher's body.

The shooting occurred at a small shack occupied by negro cotton pickers on the farm of E. W. McBeth, eight miles west of Weinert. Sheriff Kemp, called to the scene, stated that investigation disclosed that Humble had gone to the small shack occupied by Mr. and Mrs. Walter Johnson, colored and became enraged when he found Christopher present. Johnson also in the house, ordered Humble to leave after he began abusing Christopher, he told officers. Showing Humble toward the door, Johnson said that the negro whirled from his grasp and fired at Humble with a pistol, three shots taking effect, striking the victim in the right breast the stomach and right hip.

At least two of the wounds were fatal, according to a statement made to officers by Dr. J. F. Cadenhead, Weinert physician who was called by officers to aid in the investigation. Inquest was conducted by Justice of the Peace S. L. Coggins of Weinert, who also ordered Humble held under bond of \$2,500 to await Grand Jury action. Other officers who assisted in the investigation included County Attorney Walter Morekison, District Attorney Ben Charlie Chapman and Deputy Sheriff Riley Lewellen.

In a statement made to officers, the accused negro related that he shot Christopher in self defense, believing that the slain man was endeavoring to secure a shotgun when he fired.

Immediately following the shooting, Humble walked to the nearby farm of Rube Darden, his employer and told him of the occurrence and surrendering his pistol. Darden took the negro to Knox City where he was turned over to Deputy Sheriff Stephens.

Madison county officers were notified of the affair and following their investigation took custody of the negro, who is being held in the county jail in default of bond.

Rev. and Mrs. C. E. Stovall and daughter, Clovis, Mr. and Mrs. J. J. Justice, all of Goodnight, Texas, and Mr. and Mrs. Claude Stovall Jr., and daughter, Carolyn Sue, of Abilene, were visitors here Wednesday and Thursday.

The Knox City Motor Company sold and installed this week for Mr. W. H. Cornett west of town a 28-40X Philco radio with windcharger which will furnish enough current to light up the entire farm home.

Cornett-Atterbury

Miss Valerie Atterbury and B. F. Cornett were married in the home of the Rev. Hendricks, pastor of the First Methodist Church of Levelland, Texas, November 24, 1937. After a short wedding trip the young couple returned to their home near Knox City.

Mrs. Cornett is the daughter of Mr. and Mrs. J. H. Atterbury, well known residents of Knox City. She graduated from the Benjamin High School and attended Oklahoma College for Women for one semester.

Mr. Cornett is the son of Mr. and Mrs. W. H. Cornett, prominent citizens of the Union Grove community. He is a graduate of the Knox City High School.

The Herald is in receipt of the following letter from State Representative George Moffett of Chilcotite who is working for a new bridge over the Brazos River between Knox City and Benjamin.

December 6, 1937
Hon. Julian Montgomery,
State Highway Engineer,
Austin, Texas.
Dear Sir:

I was over in Knox County yesterday and passed over the bridge which spans the Brazos River on highway 16 between Knox City and Benjamin, County Seat of Knox County. I understand that this bridge has been condemned, for heavy loads for sometime. It occurred to me that since this bridge is upon a well traveled North and South highway, and is on one of the largest rivers in Texas, and locally opens the way from the South side of Knox County to the County seat of Knox County that it merits careful attention from the Highway Commission of Texas.

It is well known to all long time residents of Northwest Texas that we have long periods of droughts, and that sprinkled along these drought periods are seasons of heavy floods when dry sandy river beds become raging torrents which do much damage. In view of these facts it is not at all unreasonable to expect that at the next heavy flood period on the Brazos River that this particular bridge may become entirely unusable and being situated on this main artery of traffic, it certainly would cause immense hardships upon the traveling public which has long been accustomed to pass that way.

I sincerely hope that you will see fit to give this particular matter the early and serious consideration which it deserves. Thanking you for many past courtesies, I am
Yours very truly,
George Moffett.

BRIDGE DINNER AT MALOUF HOME TUESDAY NIGHT

The Christmas season set the theme for a bridge dinner at the Malouf home Tuesday night when Mr. and Mrs. A. J. Malouf were hosts to a group of friends.

A Christmas grouping of white Rein-deer and sleds centered the buffet table, and also centered foursome tables in the entertaining suite. All table appointments were of silver.

The following guests were seated for the 4-course turkey dinner: Mr. and Mrs. D. C. Anderson, Mr. and Mrs. Roy Baker, Mr. and Mrs. E. R. Carpenter, Mr. and Mrs. H. P. Arledge, Mr. and Mrs. L. L. Davis, Mr. and Mrs. O. L. Jamison, Mr. and Mrs. H. M. Jones, Mr. and Mrs. Holt Moseley, Mr. and Mrs. J. C. Reeder, Mr. and Mrs. W. V. Favor of Benjamin, Mr. and Mrs. A. M. Whitis and Miss Willie Jones.

BIRTHDAY PARTY

Jerry Arnold Wilson celebrated his third birthday Saturday, December 4, with a party given by his mother, Mrs. Chad Wilson. Lovely, useful gifts were presented the young man. After an afternoon of playing games, refreshments were served to the following young guests: Zana Ann Hamm, Carol Ann Armstrong, Charles Granville Clarke, John Smith of Benjamin, Lloyd I. Davis, Sam Emory Clonts, W. Roy Baker, Tommie Edger, Margaret Ernestine Edger.

Reduction in Federal Road Aid Will Hurt West Texas

Austin, Texas, Dec. 6.—Robert Lee Hobbitt, chairman of the Texas Highway Commission stated today that the proposed reduction in federal aid for highway construction "would set Texas back five years in its plans for a completed highway system" and urged that all Texans interested in a continuation of the highway program oppose the slash in appropriations.

"If the people could be informed as to the actual road needs of Texas they certainly would protest vigorously against any curtailment of road building activities," General Hobbitt stated. "I am informed by Julian Montgomery, state highway engineer, that this state alone, could profitably use \$200,000,000 to construct the gaps in the federal aid system in Texas and reconstruct approximately 6,000 miles on the system that either are worn out or have become obsolete in the light of modern traffic conditions.

"The construction of an adequate transportation system long has been recognized by the states and the federal government as a paramount public function. On no other type of project does the government receive such high value as in the construction of roads. No other function touches so many people daily in such a vital way. Labor in all its forms benefits tremendously from this type of activity, figures compiled by the Federal Bureau of Public Roads disclosing that approximately 90 per cent of the moneys expended on roads finds its way into the pockets of the laborer, either directly on the job or in fabrication of machinery and materials and their transportation.

"Continuation of construction on at least the present basis is necessary from the standpoint of highway safety. Those familiar with the safety problems are convinced that a substantial portion of the fatal collisions on our highways would be eliminated if the Highway Department had sufficient funds to remove all traffic hazards and construct roads that were safe from engineering standpoints.

"It also should be borne in mind that the federal aid appropriation is less, by far, than the amounts of money the federal government collects in taxes and fees from the motorists. The only justification for collection of special taxes from the motorists is to provide him with special facilities, but thus far the motorist has paid for far more than he has received.

"Instead of decreasing the federal highway aid, the Congress should give most careful consideration to suggestions that the government's

contribution be increased. The federal government should return to the motorists in the form of highway aid at least the amounts of money collected in special taxes from the traveling public.

"The 1939 federal aid program for Texas includes many projects that

are vital to the completion of the highway system. This is true also of the important farm-to-market and grade separation programs. If federal aid is reduced in any respect whatever it will mean that many of these projects must be abandoned. Owing to the size of Texas and the small amount of state funds available for road work, when considered on a mileage basis, it is of the utmost importance that the state continue to have the benefit of federal aid appropriations. Without this federal aid, to which the traveling public is entitled as a matter of right, the activities

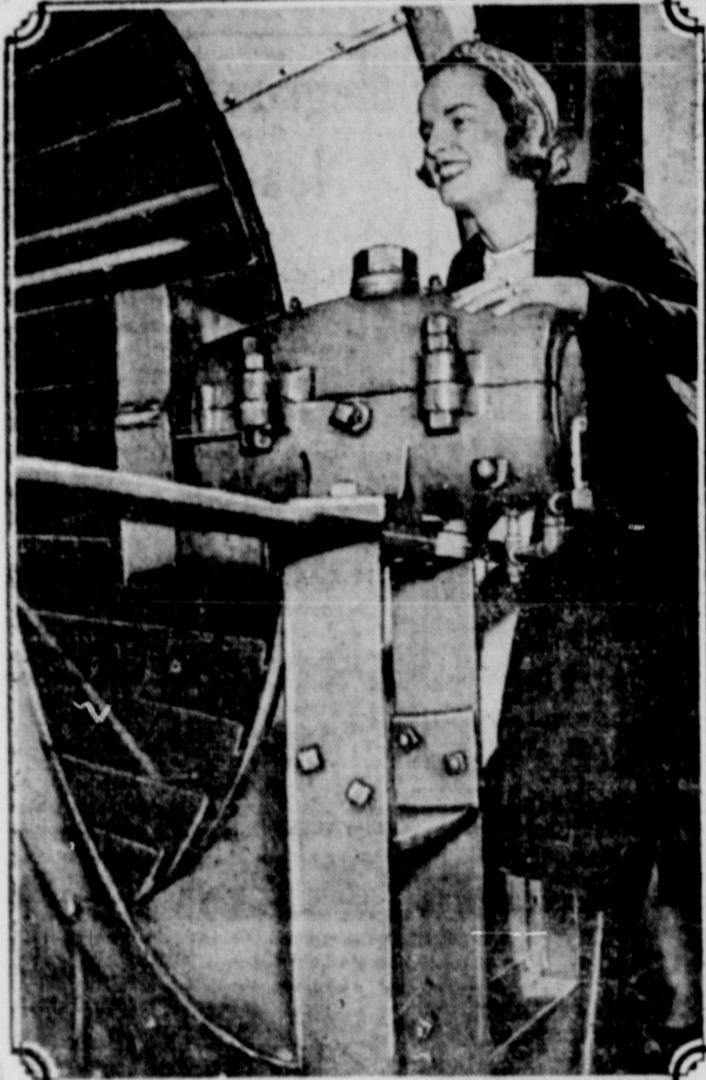

of his department must be curtailed sharply."

KNOX CITY STUDY CLUB

The Knox City Study Club met on Thursday, December 2, in the home of Mrs. S. M. Clonts, Mrs. Clonts was assisted in the hostess duties by Mrs. W. H. Clont. The Christmas theme was used in the reception rooms as decorations for the affair. The study topic for the day was "Government." A very interesting discussion of the Constitution was presented by five members of Mrs. Roy Baker's High School Civic class. Miss Ann Mabe directed the discussion in which the following took part; Dorothy Ruby Darden, Ellena Fayne White, Mary Frances Reeder and Wynette Farmer, Mrs. B. B. Campbell very capably read a paper on "National Problems."

The roll call was answered by thirteen members giving political issues of today.

Weather Made to Suit Artists Heard from Studios in Chicago

Mercedes McCambridge, pretty brunette NBC actress, learned how the big broadcasting studios of the company in Chicago always are kept comfortable, winter and summer, when she discovered the huge fan shows in the photograph. It is part of the air-conditioning equipment installed to keep the "weather" always under strict control in the two big floors devoted to the studios.

It is easy for Miss McCambridge to smile, for she has an appreciative understanding of what air conditioning means to her and the many other entertainers whose programs go out through the country from the Chicago studios.

By means of the NBC air conditioning equipment the various studios are kept correctly suited to the needs of the artists. Humidity, temperature and correct cleansing and circulation of the air are controlled for the utmost efficiency of the various entertainers.

In Washington, William B. Henderson, executive vice-president of the Air Conditioning Manufacturer's Association, said that control of the various air conditions that aid comfort, health and efficiency as conducted in the NBC Chicago studios is one of the most striking demonstrations of how manufacturing and scientific genius make the American industry the world leader.

JAMES R. MORIARTY

The appointment of James R. Moriarty as assistant passenger traffic manager with headquarters in Chicago, effective December 1, was announced today by T. B. Gallaher, passenger traffic manager of Santa Fe System Lines.

Moriarty was first employed in the division passenger agent's office at Chicago to sell tickets. Later he was transferred to Los Angeles and Kansas City in the same department. He returned to Chicago in 1913 as city passenger agent and was assistant manager of the consolidated ticket office at Chicago from 1918 to 1920. He was appointed division passenger agent at Chicago in 1920, and in 1936 made assistant general passenger agent.

INVITING INDUSTRY

The result obtained by the State of Louisiana, reported to have attracted in one year, \$36,000,000 in new industries, merits the consideration that has been given it by state authorities at Austin and other interested in the development of Texas industrially.

The basic position of Louisiana of friendliness toward business and industry of realization of the part they played in the prosperity of a State is an attitude that is neighbor. Texas would find of practical value. To go to an extreme of exempting new business from taxes for 10 years, as Louisiana has done, is not required. To go to the other extreme as Texas does, of piling new taxes on industry because it affords ready revenue without loss of votes to the politician is, in effect, to close tight the door through which new development enters this State.

Texas, first of all, needs to formulate a program of attracting new industries which Louisiana already has well underway. Our rich natural resources and other possibilities are effective sales talk to the outsider, but he will not be inveigled into a situation which is too similar to that of the spider and the fly. Bluntly the investor will not come to Texas under the certainty he will be heavily taxed after settling here. We must modify our taxing technique first before we can undertake a development program like that in Louisiana.—Ft. Worth Star Telegram.

Lee Smith, Lloyd Huntsman and Casey Jones attended the H. S. U.—Howard Payne football game in Abilene, Saturday.

Mrs. R. E. Hackfield, Mrs. W. E. Benedict, and Mrs. H. M. Jones were Abilene visitors, Saturday.

KEEPING TAB ON THE EAGLES

By Buddy Bumpus
Sunset Defeats Munday in Double Header Loop Game

The Sunset Eagles won their first game last Wednesday night by a score of 18 to 12. Captain Howard Myers did a swell job of leading the attack.

The Senior Boys won their seventh straight start of the season by scoring 33 points on their opponents 14. Orville Strickland, playing a rustling game, was high point man with 11 points. Herb Partidge one of the most dependable players, finished off

The Eagles are still on top of the heap in the Brazos Valley League undefeated. Benjamin and Weinert are tied for second place; each have lost one game. Sunset plays their last League game Friday night with Benjamin as their opponents. Sunset will be playing with a missing cog because Captain Stogner sprained his ankle on the eve of the great game. If Stogner does get to play, he will be unable to give his best.

If Benjamin defeats Sunset, there will be a three way tie for League Champions between Sunset, Benjamin and Weinert. If Sunset wins, Sunset and Weinert will play to distinguish the League Champions.

THE GRADE SCHOOL NEWS

The Third Grade
This week the third grade pupils are decorating their rooms and writing letters to Santa Claus. They have the Santa Claus fever so badly that they are making toys, also.

The Sixth Grade

No longer can the sixth grade be called the "dirty dozen" by Mr. Barber, as there is one new student: Dorman Speas from Olney. The new students that have started in for the first time since the summer session are: Fletcher Gates, Foy Lee Yost, and Mozella Smallum.

The sixth grade students are looking forward to Christmas also, as they are making Christmas decorations this week.

SHS

The Seventh Grade

The seventh grade students are studying a unit which is called the cotton unit. The students and their teacher Mr. N. T. Underwood are studying the product of cotton. The subject became so interesting that they had to go to Munday and visit the cotton gin and the oil mills. They learned all about the growth and process of ginning of cotton and the milling of cottonseed oil.

The Junior girls have started practicing basketball the last few days under the supervision of Mrs. R. R. Davenport. The Junior boys basketball team has played a few games and they have been successful in them.

The seventh grade students are preparing to take the six weeks exams.

Music Department

The Music Department of the Sunset High School, sponsored by Mrs. N. T. Underwood, is planning a Christmas social to entertain the Teachers and Seniors December 20.

Freshmen News

The freshman class recently met and planned a class party for Christmas. The time and place has not been determined yet.

We are very sorry to hear that our sponsor, Mr. Bigony is ill.

This week is the time for the second six weeks' exams. We are also sorry to hear that.

SHS

Junior Home Ec. Club

The Junior Home Ec. Club members met Monday, December 6. The main purpose was to select a name, motto and color for our club. The name is to be decided in the near future, but our motto is something we are all trying to fulfill, "We sew we play, we work hard every day" (colors are black and silver ornamentally chosen).

This is just the second meeting.

SHS

Junior Report

Examinations caught the Juniors asleep this six weeks as they came two days early, but hold on! we'll all pull through.

The Junior Class has been dramatizing scenes from Shakespeare's drama Julius Caesar. Some members of the class have been doing some set and fringe work.

The Junior and Seniors have begun to plan their Christmas party. The Junior Class is proud of the members who are of the basketball team. We know that the team could win so many games, as they do if it were not for the Juniors.

The Juniors extend their sincere sympathy to their classmate Dorothy Garrett, at the death of her brother Dan.

SHS

SENIOR APPREHENSIONS

The Seniors are awfully excited in a state of nervous excitement and apprehension over the six weeks' exams. Some of them let the time slip upon them and they have had to dig to get their work up. Of course, if a student fails, they let him out of athletics. And most students, being out of athletics means being out of a part of the school that is a breath of life.

With a more joyful feeling the seniors are looking forward to the Christmas holidays. They are busy thinking up what they want for Christmas so they can write and tell Santa.

SHS

SUNSET PERSONALS

Miss Lois Spraggins, Home Economics teacher, spent the holidays in Lubbock. She reported that she saw a grand football game and also a cute little house.

SHS

Mr. Kimbrough, wife and child, spent Thanksgiving at his home in Buffalo Springs, Texas. He reported a trailer accident, though no damage was done except to his car.

SHS

Mr. and Mrs. E. G. Parkhill and family spent the holidays "riding over Texas." They visited in the Valley, on the coast, and other places of interest.

SHS

Mr. and Mrs. Jack Krause and

Mr. and Mrs. Holbrook all of Fort Worth visited Mr. and Mrs. R. C. Partridge.

SHS

Miss Mary Helen Partridge, who was spending her holidays at home, visited school Monday morning.

SHS

Mr. and Mrs. N. T. Underwood left last Wednesday evening and went to visit their parents in Brownwood and Paint Rock.

SHS

Miss Virginia Curry went to her home at Rule for Thanksgiving.

SHS

Miss Eva Faye Hutton and Mrs. Ottis Cash visited their sister in Truscott Thanksgiving.

SHS

SNOOPY COLUMN

Imagine:

1. J. E. Hunter not liking apple.
2. Nellie Louise Prather not being a snooper.

3. Howard Myers not taking a history test. Could it be because a certain Sophomore girl is carrying Howard Payne's picture.

4. Askelon looking like Leroy Lakin.

5. A certain girl from Munday carrying Kleenex at the ball game. Could it have been for Askelon's use.

6. The Juniors not wanting a party.

7. Miss Spraggins not crying over a show.

8. Traphen, Wren wanting her name in the paper.

9. F. G. Parkhill not being popular among Junior, Senior and Sophomore girls.

10. Herbert Partidge and Buddy Bumpus not going to church at Munday Sunday night.

11. Margaret Jarvis not being alone on Monday morning.

12. A certain Sophomore girl and a certain freshman girl not being jealous of each other.

Bill Evans and Park Woodward spent Tuesday in Tipton and Altus, Oklahoma, and in Wichita Falls.

Bill Reeder of Crowell visited his brothers, J. C. and Bill Reeder here Tuesday.

Mr. and Mrs. T. P. Clonts of Muskogee, Okla., are visiting Mr. Clonts' mother, Mrs. H. Clonts and two brothers, S. M. and W. H. Clonts this week.

Mrs. Blanche Pope was called to Newcastle Sunday because of the death of her niece, Martha Williams, who was killed in an automobile accident there Sunday night.

People and Spots in the Late News

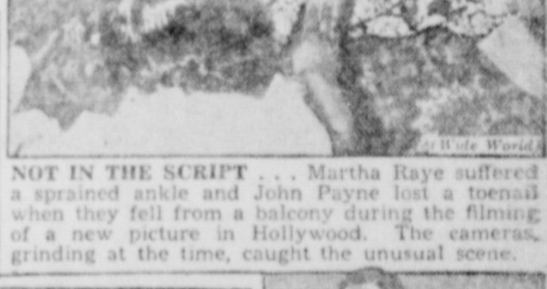

SAILFISH, BEWARE!... Turning his back on the special session of Congress, President Roosevelt, bound for a week's fishing, led the annual winter exodus to Miami, Fla., and was greeted by Mayor Robert R. Williams.

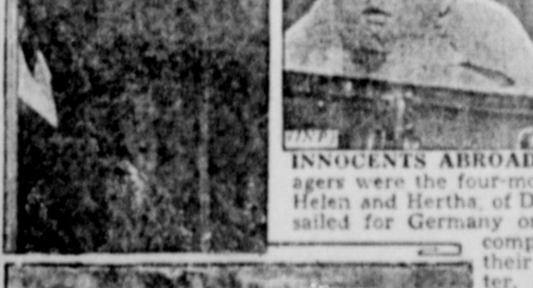

NOT IN THE SCRIPT... Martha Raye suffered a sprained ankle and John Payne lost a toenail when they fell from a balcony during the filming of a new picture in Hollywood. The cameras, grinding at the time, caught the unusual scene.

OBJECT LESSON... Talk of the nation's editorial columns was Gov. Richard W. Leche (left), who announced that the first year's benefits of his "Take care of industry and industry will take care of Louisiana" policy were \$37,000,000 in new factory construction and employment for 17,000 workers.

INNOCENTS ABROAD... Finest ocean voyagers were the four-months-old Coelin twins, Helen and Gertha, of Davenport, Iowa, who sailed for Germany on the Europa, accompanied only by their two-year-old sister, Anna, and cared for by travel agencies.

SETS SPEED MARK... In a startling demonstration of benefits of a new type tire soon to be introduced to the public, Robert Mackenzie sped from Los Angeles to New York in 51 hours, 48 minutes, clipping 2 hours and 42 minutes from old stock-car record, also set by him.

FASHION FLASH... A society applauds chorus tune of plaid of Christmas Zouave with "Joy To annual M. Show such the audience

Scene from the sensational film, "Damaged Lives."

Texas Theater 10:30 p. m. December 14

is invited.

Mrs. Dora Alexander Talley

Mrs. Dora Alexander Talley of Omaha, Nebraska, president of the Supreme Forest Woodmen Circle, was elected to the presidency of the National Fraternal Congress of America at a meeting of the organization in Columbus, Ohio, September 1. She was formerly Vice President of that organization which is composed of more than 90 fraternal benefit societies.

Her unanimous election as President of the Congress was a fitting tribute to her long career in fraternalism, according to Mrs. Jeanie Wilford of Denison, Texas, who nominated her for the office.

In 1911 Mrs. Talley was elected National Secretary of the Woodmen Circle and moved to Omaha where the headquarters of the Society is located. She continued in this office until three years ago when the office of National President became vacant on account of the death of the then National President, the late Mrs. Mary E. LaRocca, at which time she was unanimously chosen president.

In her three years at the head of the Society, Mrs. Talley has gained recognition for her fraternal activities and for the growth of the circle and membership of the Woodmen Circle. She was the dominant motivating factor in the establishment of the Woodmen Circle Home for Aged Members and Orphan children in Sherman, Tex., and is at the head of the Society's fund work and finance committees. For twenty-five years she has been an active member of the National Fraternal Congress of America, having served in various offices in the Secretaries Section, including that of President. She also served on various standing committees of the Congress. In 1935 she became President of the Presidents Section and also a member of the Executive committee of the Congress. In 1936 she was elected Vice President of the Congress and she now becomes President.

Following the close of the Congress, Mrs. Talley will preside over an executive committee meeting of the Congress after which she will return to the headquarters of the Supreme Forest Woodmen Circle to complete plans for the Society's first National Institute which is to be held in Omaha September 27 to 30 and at which meeting nearly two thousand women are expected. It will feature a pageant in which one hundred drill teams representing every state will participate.

TWO SETS HERD OF TWINS

J. P. Arledge of Knox City, was in town Monday and called by The Banner office to pay his subscription. He had been out to his ranch, the Arledge Stock farm, located on the old Pink Haggard place west of Red Springs. This place is fixed up for the raising of registered Hereford cattle and is highly improved. Mr. Arledge was feeling especially proud of his herd on account of two sets of twin calves on the ranch within the past two months. Such a thing had never happened before in his raising experience, and his father, a cattleman all his life, had never seen the phenomenon on his place.

And the last set of twins on the Arledge ranch may be worth lots of money to the herd. They are from a fine young cow and the sire is one of the county's noted males. He is Stanford Rupert 1st, and last year was grand champion on the International Stock Show at Chicago. This year he was grand champion at the Kansas Royal Show in Kansas and it happens that both the calves from this sire are males. Mr. Arledge is planning to build up his herd.

Arledge is a resident of Abilene where he lives on Saturday of the month.

Be Careful With Fire During The Christmas Holidays

Austin, Dec. 4—Marvin Hall, Texas fire insurance commissioner today called attention to the number of unusual fire hazards, which should be guarded against during the festivities of the approaching holiday season.

"A destructive fire is the sworn enemy of the peace and happiness that Christmas should properly bring," Hall explained. "It is important, therefore to be familiar with hazards common to the month of December which have in past years caused wasteful loss of life and property."

Some of the "don't's" as listed by Commissioner Hall are as follows:

1. Don't decorate evergreen trees with highly inflammable materials.
2. Don't place cotton or lighted candles on the Christmas tree.
3. Don't carelessly smoke or get near an open flame when wearing a cotton Santa Claus beard.
4. Don't place a lighted candle in the window near curtains or other inflammable material.

5. Don't allow small children to handle fireworks.

6. Don't use pennies or wire to replace blown-out electric fuses.

7. Don't use kerosene or gasoline to start or quicken a fire.

8. Don't permit children and other members of the family to get too close to stoves and open fireplaces.

"Among the many things the people of Texas have to be thankful for this Christmas," Hall said, "is the exceptionally low fire loss of the past eleven months. The first six months of 1937 showed a lower fire loss than any six-month period during the last twenty years. It is doubly important during this last month of the year, then to think of the fire dangers of life and property which constantly threaten to blight rejoicing because of a careless act or the use of an unsafe article.

"If we Texans will but observe diligently all safety rules, particularly those pertaining to fires," Hall concluded, "this Christmas will be one of joy and happiness for all."

BODY OF PLAINVIEW YOUTH FOUND HANGING TO A TREE

Lubbock, Texas, Dec. 4 (AP)—The body of a youth identified from papers in his pockets as George Moore, 19, of Plainview, who had been missing since Thanksgiving day was found hanging from a cedar tree in a pasture of the Four Six ranch 20 miles west of Benjamin in Knox county about noon today, according to Sheriff George Humphrey of Guthrie, King county.

Discovery was made by Togo Moorehouse of Benjamin, who advised Knox county officials at Benjamin. They called Sheriff Humphrey.

The youth was quoted by the sheriff as having told persons who talked with him Thanksgiving day he was en route to Plainview. The automobile he then was driving was found abandoned the following day on the highway near the tree where he was hanged.

Sheriff Humphrey said the youth apparently had been dead about 10 days. He added that \$14 was found in his pockets. His body was taken

to Guthrie.

Moore was the son of Mr. and Mrs. Fred Moore. He had been given permission to use the auto of C. M. Smith, with whom Moore lived for a Thanksgiving dance at Plainview. After the auto was found abandoned his parents feared foul play as the boy had about \$50 on his person.

Mrs. L. L. Davis, Mrs. J. M. Ashcroft, Mrs. Russell Boyd, Mrs. O. L. Jamison were Wichita Falls visitors Friday.

Mrs. Ethel McKinstry of Hagerman, N. M., spent Friday and Saturday with her brother, J. A. Wilson and Mrs. Wilson.

Mr. and Mrs. T. J. Dearing moved this week from Eden, into the Harrison house, just east of the Knox County Hospital.

Misses Lessie Bolin, Turner, Corinne Shaw, Willie Jones, Hazel Jones and Lillian Russell spent Friday in Wichita Falls.

MARY LEONE HOGE RECEIVES AUDITION IN CHICAGO

Stephenville—Mary Leone Hoge, senior piano student in the John Tarleton College department of music, received an audition last week from Tomford Harris, Chicago pianist who played a concert at Tarleton as part of the season's lyceum course.

Mr. Harris has concurred in Europe and in America, has been soloist with the Chicago Symphony orchestra and with other symphony orchestras in Canada and the United States. At present, he is teaching piano and repertory classes at the American Conservatory in Chicago, in addition to playing concerts in various states.

Miss Hoge, daughter of Mr. and Mrs. C. C. Hoge of Knox City, is president of the Tarleton Fine Arts club, pianist for the Tarleton Little Symphony. Recently she went with a group of Tarleton students and faculty members to hear the great Russian pianist, Sergei Radmaninoff, play in Fort Worth. She will graduate from Tarleton next spring, and it is possible that she will study later at the American Conservatory where Mr. Harris teaches.

Last year she won the Elisabeth Mayhew scholarship offered to piano students.

Mr. and Mrs. T. E. Robbins attended the Hardin-Simmons-Howard Payne football game in Abilene Saturday afternoon.

Unemployed Will Recieve Payments First of Year

Austin, Dec. 3—Cash benefits to the qualified unemployed will become payable on January 1 from a reserve fund built up by Texas employers since the establishment of the Texas Unemployment Compensation Commission a year ago.

Signed in October, 1936 by Governor James V. Allred, the Texas Unemployment Compensation Act is this State's method of aiding its unemployed. Soon after the Act was signed, the Unemployment Commission was created. A reserve "Jobless Fund" has been built up and is now on deposit in Washington. This fund will be drawn on after January 1 for cash payments to the unemployed.

The Texas State Employment Service, a division of the Commission has offices throughout the State which will handle the problems of the employe. Here, he may come, when out of work, his record will

be gone over, and he will be aided to find new employment. If a job is not found immediately, after a "waiting period" of not less than two weeks, he will be paid benefits based upon his work record for the previous nine quarters.

"Benefits" or cash payments, will be paid for not more than sixteen weeks in any calendar year to the unemployed man whose previous work record will qualify him. The maximum benefits per week is \$15, the minimum, \$5 or three-fourths of his weekly salary, whichever is the lesser.

Orville S. Carpenter, chairman, director of the Unemployment Commission, points out that benefits payment is not the chief function of the Act. "The real purpose," says Mr. Carpenter, "is to find the unemployed man a suitable job. 'Benefits' will be paid to tide him over until he can be re-employed."

Miss Odell Thompson spent Sunday in Anson with friends.

Charlie Leaverton of Needles, Arizona, is visiting his parents, Mr. and Mrs. B. L. Leaverton.

Mr. and Mrs. E. R. Carpenter and son, Sam Ed, spent Sunday in Leuders as the guests of Mr. and Mrs. Twain Shipp.

Miss Ona Galloway spent the weekend in Hamlin with her mother, Mrs. C. M. Galloway.

New V8 On Display Here

By B. & H. Motor Co.

Ford V-type 8-cylinder cars for 1938 go on display today in Ford dealer showrooms throughout the United States. They are offered this year as two distinctive lines, differing in appearance and price. Both are in the lowest price field.

One is a newly-styled standard Ford line, in coupe, Tudor and Fordor body types, powered either with the 85 or the 60 horsepower V-8 engine. The standard cars are designed to meet requirements of the many motor car owners, whose means dictate maximum economy in first cost as well as in maintenance and operating costs.

The other is a newly-designed de luxe line for owners who desire additional style and appointments. Powered only with the 85 horsepower V-8 engine, the line includes eight body types, the coupe, Tudor and Fordor sedans, as well as the club coupe, convertible cabriolet, club convertible and phaeton.

The two lines of cars have the same V-8 chassis, but their styling is distinctly different.

The de luxe cars are larger in appearance. The hood has been lengthened. Its nearly vertical front is carried in a "V" well down into the radiator grille, with the familiar V-8 emblem at the tip of the "V". Horizontal lines of the grille bars and the louvres are echoed in a bright stainless steel band which is carried along the belt to the rear.

The new standard line cars also present a larger appearance, with a newly-designed front end grille, hood and fenders. The front end is formed in a "V" with the horizontal grille bars extending unbroken along the hoodside to form the louvres.

Fenders in both cars are massive, formed lower to provide more complete coverage of the running gear and extending farther back. Headlights are again recessed in front fender aprons, new type tail lamps in the tips of rear fenders.

Interiors of the two cars are roomy and attractive, styled in keeping with the exteriors. The de luxe sedan interiors are larger.

A new instrument panel adds measurably to the beauty of the front compartment. The panel of the

de luxe line cars is in walnut grain finish, that of the standard line cars is in black.

Instruments are arranged in two groups directly in front of the driver. In the middle of the panel is a grille, for radio speaker installation when specified. At the right is a glove compartment. In de luxe cars a lock is provided for the compartment and a clock is recessed in the compartment door.

Instruments in both cars are lighted by improved fringe illumination, designed to provide safer lighting for night driving. Interior lights are located on the right and left pillars of the sedan and over the rear windows of coupes.

Steering wheels of the de luxe cars are of flexible multiple steel spoke type, with hubs of rich brown bakelized material and rims of lighter contrasting color. Standard car steering wheels are of three-spoke type, finished in beige. The upper spokes are widely spaced to give the driver unobstructed view of the instrument dials.

Night driving safety is also increased by addition of a headlamp beam control on the toe-board of both lines. The control is operated by the foot. A tell-tale light on the instrument panel indicates the position of the beams, whether high or depressed.

Both front and rear seats are wide enough for three persons. Seat cushions and backs are finished in piping and pillow treatment. In the de luxe cars the finish is set off with rows of ornamental buttons. Ash trays are recessed in rear seat arm rests of the de luxe closed sedans.

Light taupe mohair or broadcloth is optional in the closed de luxe cars, tan hand buffed antique finish genuine leather or taupe bedford cord in the convertible and tan leather in the phaeton. The seat cushion and back of the rumble seat in the convertible cabriolet is finished in artificial leather.

In the standard line, mohair and broadcloth are optional in cars equipped with the 85 horsepower engine. The mohair is available only on special order in the 60 horsepower cars.

The driver seats of all cars except

the phaeton are adjustable and the amount of adjustment has been increased.

One of the unusual new features is the front seat of Tudor sedans. The seat cushion is full width. Seat backs are divided, each being hinged diagonally so as to swing inward as it is tipped forward. This provides a wide passageway on either side for entrance to the rear compartment.

Clear vision ventilation is continued in all closed bodies. Rear quarter windows of de luxe Fordor sedans and club coupes are pivoted for additional ventilation.

Bodies of both car lines are all-steel. There is no metal-to-metal contact between body and frame, the result of thorough use of insulation. Safety glass is used throughout in windshield, doors and windows.

The luggage compartments in all cars is closed off by a wall from the passenger space and locked with a separate key. The compartment door hinges are concealed, the doors opening from the bottom.

A new feature of the rear deck design is a combination handle, license bracket and light, formed in the shape of an airplane propeller hub. Spare wheel and tire are carried in all compartments except in the convertible cabriolet. This type because of the rumble seat, the extra wheel and tire are mounted back of the

seat.

The V-8 112-inch wheelbase chassis has been improved. Its features include "centro-raise" construction, rubber-cushioned engine, easy steering, softer springs, improved cable-controlled brakes, semi-centrifugal clutch, full torque tube drive and straddle-mounted rear axle driving pinion.

Refinements in the V-8 engines to provide better performance, particularly at lower car speeds, brake improvements increase the ease of control by the driver. Riding is made more comfortable by the improved springs.

WOMAN'S MISSIONARY UNION

The Women's Missionary Union of the First Baptist Church met Monday afternoon in the home of Mrs. Joe Smith for their annual Christmas social. Mrs. Smith was assisted in entertaining members and guests by Mrs. M. Rutledge, Mrs. Cecil Lewis and Miss Willie Jones.

The Royal Service Christmas program was presented by Mesdames A. B. Reese, G. T. Hardberger, Horace Finley, J. M. Averitt, E. O. Jamison, O. W. Caussey, A. M. Whitis, Ellis Stevens, J. G. Dutton, J. W. Hamr, Cecil Lewis, Mathis McCarty and Miss Willie Jones.

Mrs. Gladys Hargroves of Throckmorton is visiting here with friends this week.

SENIOR PERSONALITY

Ellena Fayne White
Ellena Fayne White was born in Knox City, Knox County, Texas on March 11, 1921 and has resided in Knox City through out her sixteen years.
Ellena Fayne started at the Knox City Public Schools at the age of six and has been a prominent student since. She graduated from grammar school in the year of '34.
When Ellena Fayne entered high school her class mates dropped her former nick-name, "Chip," and gave her the one which she now goes by, "the reporter for the class."
During the Sophomore year she won a medal for highest average of any other girl in high school. She was president of her class.
In her Junior year she went to country in tennis and won scholarship or highest average in the Junior class.
She is vice-president of the Senior class. She plays on the basket ball team.
She has been in the band since the day it started. She is bass drummer and also plays an accordion.
Her favorite hobbies are dancing, swimming, tennis and basket ball. Her favorite song is "That Old Feeling."
Her favorite friends are Elise Bess Benedict and Marjion Clonts.

BASKETBALL TOURNAMENTS

The Knox City High School Senior Boys Basketball tournament will be held in the school gymnasium on January seventh and eight.
There have been sixteen invitations issued and five acceptances already. Those who have accepted are Rochester, Rale, O'Brien, Seymour, Mattson and Bomarton. This promises to be a very successful tournament.
The Girls Basketball tournament will be held here January the fourth and fifth.

PERSONALS

Ann Mabe and Winette Farmer spent Saturday in Lubbock.
Miss Reid's parents spent the week-end here.
Miss Kember of Hamlin was the week-end guest of Miss Anna V. Carr.

Mr. Charles Shumaker was ill over the week-end from a slight cold.
Mr. and Mrs. Carpenter and Sam Hill were week-end guests of Mr. and Mrs. Twain Shipp of Luders.—Ann Mabe.

SPLINTERS FROM THE KENNEL

Maybe I'm wrong but I think I saw a small dark Junior in a very good looking blue Buick last Saturday Night. Was it a Sunset car, Doris?
After English IV class, Monday I spotted Ann wearing her ring on her forefinger. Do you think A & M will by any chance read this paper? Ann I wish you would decide whether you like High School Sophomores or College Sophomores.
It seems Ruth "Big Brown Eyes" McGee was very disappointed when she didn't get to talk her long distance telephone call. We are very sorry Monday couldn't find you. You were not hiding were you?
After a long time I believe Burgess has settled down to come with the horse-own boys. How does a girl leaders ex-cort suit you?
The course of true love never ran smooth is very truthful is it not Bertie Mae?
Hamilton why don't you let loose and give the girls a break? Hamilton seems to be a woman hater, at least Hamilton?

I nearly forgot I saw Wimp and Cutie Clovis at the Saturday night. There is one Anderson girl who is going to Anderson with a stiff competition. I don't know the secret of your success. Could it be Hamilton?—Don't leave us those Sooth-sayers up with your own eyes. I've seen your own eyes and Mrs. V. C. Dulaney and Mrs. J. W. Haakell were Sunday guests of Mr. and Mrs. Press Hitch-

Mary Helen was all smiles Monday morning as it remembering Sunday night, Pud?

We wonder why Truman Cyport likes that old saying, "gentlemen prefer blondes". Maybe we should say Sophomore blondes.
Why is Edna Warren's favorite song "That Ole Feeling" ???
Mary Helen, it has been reported that you've been seen riding around with Coit in the afternoons.

NEW BOOKS THAT HAVE BEEN ADDED TO THE HOME ECONOMICS LABORATORY

1. Living Together In The Family—by Denis.
 2. The Girl Today The Woman Tomorrow—by Hunter.
 3. Care and Training of Children—by Goodspeed.
 4. The Girl In Her Home—by Trilling.
 5. Feeding the Family—Rose.
 6. Picture of Family Life—Fockwood.
 7. People and Art—Moore.
- These books and many others have been added to the Home Economics Department mostly for Home Economics III girls. All high school girls should read no. 2 (The Girl Today and the Woman Tomorrow.)

CHORAL CLUB TO GIVE CHRISTMAS PROGRAM

The Choral Club is to give a Christmas program in the Knox City Auditorium on the night of December 25 at 8:00. The program is to be directed by Mrs. E. Q. Warren.
Everyone that is in the choral club will take part in the program. Mrs. Henry Arledge has kindly consented to accompany the organization on the piano.

SEEN ON FISH THEMES

- (We got this dope straight from a reader.)
1. "I loved to lay my downy head on a pillow."
 2. "As the years pass, we get old or older."
 3. "It was a night in October—also at Palm Beach."
 4. "In the family were four children—the oldest of whom was five months old."
 5. "The dead negro was seen prophetic around the Ellis' home with a shot gun."

RECOGNIZE THESE?

There are people who are too honest to steal but who borrow and never pay back.
Who fail because they are afraid to make a beginning.
Who ease to bed tired because they spend the day looking for an easy place.
Who would like to reform the world, but have a room they never clean up.
Who cannot tell what they think about anything until they see what the papers say about it.

THE LEASH

- By Ellena Fayne White
Old Fashioned Dictionary
1. Cattle—pot used for cooking.
 2. Colt—what you catch from sitting in a draft.
 3. Coral—a sort of shell.
 4. Cowboy—a bull.
 5. Heifer—a gentle breeze.
 6. Lariat—a kind of card game.
 7. Mare—the head of a town.
 8. Ox—to question.
 9. Radio—used for listening to a broadcasting station.
 10. Pipe—a cylindrical section of iron.
 11. Sombreyo—a half-breed Mexican.

SHERIFF'S SALE
The State of Texas County of Knox

NOTICE IS HEREBY GIVEN That by virtue of a certain Order Of Sale issued out of the Honorable District Court of Knox County, Texas, on the 8 day of December 1937 by Lee Coffman, clerk of said District Court, for the sum of Three thousand four hundred thirty two & no/100 (\$3432.00) Dollars and costs of suit, in favor of J. R. King, individually and as administrator of the estate of W. A. King, deceased, and W. A. King, Jr., J. B. King and Geneviva King, minors, through their next friend and the guardian of their estate, Mary King Lain joined pro forma by her husband, W. C. Lain and Mary King Lain individually and W. C. Lain, plaintiff, and also for the sum of One thousand five hundred forty four & no/100 (\$1544.00) Dollars in favor of J. F. Brown, under a certain judgement in a certain cause in said Court, numbered 9882 on the Docket of said Court, and styled J. R. King et al vs. D. L. Lain et al, placed in my hands for services, I, Louis Cartwright, Sheriff of Knox County, Texas, did on the 8 day of December 1937, levy on certain real estate situated in Knox County, Texas, and described as follows, to-wit:

Being all of Sub-Survey Number Nine (9) out of Original Survey Number Nine (9), of said David G. Burnett Land, as shown by a map or plat of said lands prepared by Joseph Reisdorff, and now of record in the Deed Records of Knox County, Texas, and being 100 acres of land, and being further described as 100 acres of land and being all of said sub-survey above set forth, patented to John Haggerty assignee, April 12th, 1859, by Patent No. 836, Volume 11, and being the same land described in deed from J. F. Brown and wife to D. L. Lain dated September 2nd, 1929 and recorded in Volume 58 at page 627 Knox County Texas, Deed Records;

and levied upon as the property of D. L. Lain, and that on the first Tuesday in January 1938, the same being the 4th day of said month, at the Court House door of Knox County, in the town of Benjamin, Texas, between the hours of 10 A. M. to 4 P. M. by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at Public vendue, for cash, to the highest bidder, as the property of said D. L. Lain. And in compliance with law, I give this notice by publication, in

The HEADLINES Say:

Former Ziegfeld Chorus Girls have their own club which meets several times a year to reminisce of the old days before the footlights. Photo shows Beryl Halley Falkenheimer, left, secretary of the club, and Anita Rice Yorks, cashier, offering a toast to the donor of the handsome Gruen Curvex watch presented to the club for a drawing, with proceeds donated to needy members.

A modern Diana: Lovely Jean Parker practices archery amidst a beautiful setting of nature.

Waiting to wish Santa a Merry Christmas: Dorothy Davis isn't taking any chances of missing old Saint Nick.

Gas masks for English babies: Tests just proved that 3,000,000 British toddlers between the ages of 2 and 4 can wear gas masks.

the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Knox County Herald, a newspaper published in Knox County.

Witness my hand, this 8 day of December 1937.
Louis Cartwright,
Sheriff Knox County, Texas.
In Dec. 9, Out Dec. 23.

Makes Appeal for Crippled Children

Thousands of personal letters have been mailed during the past three years by Nathan Adams, president of the First National Bank in Dallas, in support of the Scottish Rite Hospital for Crippled Children. Mr. Adams is now preparing his fourth annual letter to his friends throughout Texas. This year the Crippled Children's Hospital is more than ever in need of funds, owing to the fact that they are taking care of scores of little sufferers from the effects of little sufferers from the summer months swept the State. This personal appeal on the part of Mr. Adams has resulted in Christmas subscriptions sufficient to maintain the hospital at full capacity during the past three years.
