Wilson Is Wed.

Robert (Dorothy) Willson suffered painful injuries Wednesday afternoon after 1:00 o'clock as she was driving on gravel and went out of control as she was returning from the Stonewall Cities Service plant her husband is employed at. Willson said the accident occurred on a private road near the Lonzo Poe residence southwest of Knox City. She was admitted to the Knox hospital where it was reported that her nose was broken approximately ten inches and her left kneecap was bruised. She was discharged from the hospital Tuesday night and said Tuesday of this week that she was doing "just fine." Her husband, a passenger in the car at the time of the mishap, was not injured. Her right knee against the car landed in the ditch, but as the same time she was injured previously. Willson said they immediately determined the extent of any injury Wednesday accident.

W. R. Baker made the presentation of awards which included the perfect attendance awards for being neither tardy nor absent. Among the students receiving this certificate were Jack Gentry, John E. Helms, Karen Helms, Johnny Lewis, Alice Martinez, Lou Ann McGaughey, Horacio Mendoza, Mary Reese, and Max Spencer.

Seniors receiving the "K" Award for having lettered in some sport at least one year of their four high school years included Johnny Carver, Ronald Curd, Sue Egenbacher, Randy Hise, Eloise Jordan, Donna Rallsback, Mary Reese, David

NCTMWA Receives Telegram To Wit:

Re: WS-TEX-158 - North Central Texas Municipal Water Authority

The purpose of this message is to remind you that the provisions of the Amendmentary Grant Agreement accepted by the North Central Texas Municipal Water Authority on April 8, 1969, project number WS-TEX-158, will expire June 1, 1969, unless those special conditions have been met by June 1, no extension of time after June 1 will be considered. The agreement provides for automatic termination of the government's obligations to the authority unless conditions satisfied by deadline, June 1.

Speck, and Sandra Woodward. Selected by the student body and the faculty, based on scholastics, participation in school activities, personality, and reliability, the Best All-around Girl and Boy Award went to Margaret Howell and Randy Hise.

Betsy Ross and Gayle Campbell tied and both received award plaques for having the highest girls grade average in Knox City High for the 1968-69 school year. Brent Rallsback received the plaque for highest ranking boy in Knox City High School.

Each year the 1946 Study Club gives a \$100 scholarship to the most deserving graduate. The recipient, determined by the faculty, will receive the cashier's check when he completes the first semester of college work and has enrolled for the second semester. Receiving the scholarship this year was Randy Hise, son of Mr. and Mrs. W. P. Hise.

Salutatorian Jeana Vassar, daughter of Mr. and Mrs. L. G. Vassar was awarded a scholarship to any church related school for having achieved the second highest grade average in her graduating class. Jeana's average was 90.83.

Johnny Lewis, son of Mr. and Mrs. John G. Lewis and valedictorian, received a scholarship to any church related or state school of his choice. Johnny had a grade average of 91.88.

Gov't. Offices Will Observe Holiday Friday

All U. S. Government offices in Knox City will observe the Memorial Holiday which falls on Friday, May 30. Closing will be the Agricultural Stabilization and Conservation office, the Plant Materials Center, and the U. S. Post Office. Postmaster Jeff Graham said that no rural deliveries would be made Friday, but that the mail would be dispatched and put in local boxes. Rural deliveries will be made on Saturday morning and the Post Office will follow its regular schedule and be open from 8:00 o'clock until 12:00 noon for parcel post deliveries.

The State Department of Public Welfare will also observe the Friday holiday and will again be closed next Tuesday in observance of Jefferson Davis' birthday anniversary.

G. W. Coats, Citizens State Bank officer, told the Herald office that the bank would not close for these holidays but would remain open for business as usual both Friday, May 30, and Tuesday, June 3.

Editorial Thursday, May 29 Important Day In Lives Of Area Voters

Area residents in four towns face a very important decision on Thursday, May 29 when qualified voters of Knox City, Monday, Goree, and Haskell go to the polls to mark two separate ballots, one for or against the authorizing of the city council to enter into a contract to buy water to be stored in Millers Creek Reservoir by the North Central Texas Municipal Water Authority, and the other for or against the tax revenue bond.

As will be noted in this week's Herald, many Knox City supporters have endorsed the issues and have affixed their signatures to show 100% support. They each urge other residents to realize that the chance probably never will be offered again to purchase quality water at this price. The \$1,500,000 grant will expire June 1, 1969 and will not be renewed again, if area voters turn down the Miller Creek Project, other larger Texas cities already exercised an option on

this particular site. We are proud of Knox City and most of us consider it a privilege to live here and have the opportunity to rear our families in a small, progressive community. Let us all continue to have faith in this community and see our town, our school, and our area grow and prosper with plenty of good, acceptable water. Let's look beyond our years for the sake of our children and others.

The City Council, the Chamber of Commerce, and the Board of Directors of the NCTMWA have presented the facts as they are, above board and nothing to hide. Yes, it will cost all of us, but the advantages of the project far outweigh the cost. If anyone has any doubts, think a long time before voting against this opportunity!

Polls will be open Thursday from 8:00 a.m. until 7:00 p.m. at the City Hall, according to Otis Harbert, presiding judge.

Barger Takes Crown At KC Invitational Golf Tourney

Jackie Barger of Houston carded a two-under par 33 on the final nine holes Sunday afternoon to take the crown at the Invitational Golf Tournament held here at the Knox City Country Club Friday, Saturday, and Sunday.

A native of Goree, Barger birdied two of the final three holes to give him a 27-hole total of 103.

Winning second place was Tom Tomlinson of Olney at 109, six shots behind Barger.

Barger constructed rounds of 36-34-33, and sank birdie putts in his final round of eight, four, and fifteen feet, his only bogey coming on the par 4 sixth hole when he missed a three-footer.

Pinkie Arledge of Seymour fired a four-under-par 66 in Friday's qualifying round, and constructed the best nine-hole Friday's qualifying round, and

performance Sunday with a three-under 32. He finished with a 37-32-69 to take the Championship consolation title.

First Grain Is Received In Knox City

Knox City's first grain was received Monday of this week when Leo Beason brought in the first load of wheat to the Knox City Grain Company, Inc. According to Billy Mitchell, manager, test weight was .62 and moisture content measured 14.20.

Bills Whitten, manager of Farmers Grain Company, Inc. said Tuesday's press time that if the weather remained favorable, they had several loads "threatening."

Mr. and Mrs. Lloyd Stephens were in Stratford last week to attend the graduation of their grandson, Melvin.

BELIEVE IT OR NOT, the pilot of this crop dusting plane, Pat Leroux, walked away from the crash unaided.

Knox City Pilot Miraculously Escapes Serious Injury Friday

A miracle, is a miracle, is a miracle, and Webster says, "a supernatural occurrence, a marvel."

It was something like this that Knox City's Patrick Leroux experienced last Friday afternoon about 3:15 when he escaped serious injury as a result of a plane crash. Leroux told the Herald that he was flying his personal plane when it went down while he was crop dusting on the League Ranch farm land just north of Rhineland. Leroux said that as the plane attempted to jump the high wire, the wing became entangled in the wire and slid into the pole causing it to snap roll at which time he lost control and the plane landed inverted.

Although Leroux climbed from the plane unaided, a cow-

boy came to his rescue. He was admitted to the Knox County Hospital at 3:30 p.m. Friday and treated for bruises, cuts, and scrapes about the face as well as a cut knee and cracked left shoulder blade.

Released from the hospital Sunday in satisfactory condition, Leroux explained that the plane was a total loss except for the parts that could be salvaged and used in the building of another plane which he has under construction at present.

Leroux completed construction just this spring on his new hangar located at the Knox City Airport north of town. The building is complete with maintenance shop and extra hangar space for rentals.

Town Is Saddened By Death Of Ancel Waldrip

Funeral services were conducted here Friday at 3:00 p.m. in the First United Methodist Church for Ancel Waldrip with the Rev. B. J. Foster, pastor, officiating, assisted by Hilton Crane, Primitive Baptist minister of Arlington. Burial followed in the Knox City Cemetery under the direction of Smith Funeral Home.

Mr. Waldrip died unexpectedly at 10:30 p.m. Wednesday, May 21, in the Wichita General Hospital in Wichita Falls after a brief illness. He had undergone surgery there the previous Friday but was progressing very

well, according to reports from the family.

Born October 18, 1903, in Bosque County, Texas, he moved to Knox County with his parents in the fall of 1905 and had

School Libraries Will Open June 2

The Knox City School Libraries, both elementary and high school, will open Monday, June 2 for the summer, according to Mrs. Mary Beth Smith, school secretary. Hours will be from 9:00 a.m. until 12:00 noon and from 1:00 p.m. until 4:30 p.m. Mondays through Thursdays each week.

Mrs. Smith said that the libraries would be staffed again this year by Neighborhood Youth Corps workers, and books will be available to all interested persons.

Former Resident Dies In California

Funeral services were held recently in Anaheim, California for former Knox City resident, Mrs. Flora Ward, who suffered a heart attack May 4.

Mrs. Ward, a 1913 graduate of Knox City High School and an early member of the Knox City Methodist Church, moved to California with her husband, M. M. Ward in 1945.

Survivors include her husband and one daughter, Mrs. Lura Ben Williams, also of Anaheim.

Sgt. Watson Receives Distinguished Medals

Sgt. William Watson, son of Mrs. Amy Jo Watson of Knox City has received the distinguished Bronze Star Medal, the Purple Heart, the National Defense Medal, and the Vietnam Service Medal for his outstanding meritorious service in connection with military operations against a hostile force in the Republic of Vietnam.

His citation read that during the period of May 1968 to May 1969, Sgt. Watson consistently manifested exemplary professionalism and initiative in obtaining outstanding results. His rapid assessment and solution of numerous problems inherent in a combat environment greatly enhanced the allied effectiveness against a determined and

aggressive enemy. The sergeant's commanding officer, Major Charles M. Gettys verified the fact that despite many adversities, Watson invariably performed his duties in a resolute and efficient manner. The major further stated that his loyalty, diligence and devotion to duty were in keeping with the highest traditions of the military service and reflected great credit upon himself and the United States Army.

Care Home Residents Hear Senior Citizens' Program

President Nixon has proclaimed May, 1969 as Senior Citizens' Month. During this period special recognition is being given to all American men and women 65 and over — who as a group number more than the total population of our 20 smallest States. Edwin Draughon, manager of the Vernon Social Security office said, "At this time we in the Social Security Administration salute our elder citizens and join hands with them in the purpose of their special month — meeting the challenge of the later years."

Mr. Draughon was at the Brazos Valley Care Home in Knox City Wednesday afternoon and presented a special program and film showing in honor of the residents in keeping with Senior Citizens' Month.

The number of people over 65 in the United States has increased by leaps and bounds since 1900, when it stood at 3 million. Today that number is nearly 20 million and this rapid growth is expected to continue at an even faster rate.

The American born in 1900 could expect to reach his 47th birthday — an age now considered almost young. The American born today can expect to live to the Biblical three score and 10 — or 70 years.

This increase in the life-span is due to the progress of medical science and the constantly rising standard of living we enjoy as Americans.

But this increase in life-span becomes a major challenge to the welfare of our older citizens. Unfortunately many of them today have been left behind by the progress to which they themselves contributed during their working lives. Too many of them — retired teachers, lawyers, business men, social workers, and many other older people with professional skills and qualities of leadership — are not listened to — are not consulted — when their knowledge and experience would be most useful.

At this time when more and more people are reaching older ages, many who are willing and able to work suffer because of job discrimination due to age. It is up to us to break down this discrimination and to give opportunities for service to older people who ask for them. Is your community concerned with availability of work and service for older people? Is your community concerned about the other needs of this segment of the population — about their health and safety and their recreational opportunities? Senior Citizens' Month is the time to begin a year-round program to enrich the lives of older Americans.

The Social Security Administration is deeply involved in the

resided here since that time. He married Miss Gladys London of Throckmorton on January 22, 1938 in Knox City. A retired businessman and farmer, Mr. Waldrip and his wife sold their farm east of O'Brien and moved to Knox City December 25, 1968.

Mr. Waldrip was honored by the Knox City Schools at the first University Interscholastic League banquet here on May 13 of this year as state champion in the discus throw for two consecutive years, 1922-23. He graduated from Knox City High School in 1923.

Survivors include his wife, his father, W. F. Waldrip of the Brazos Valley Care Home in Knox City; three brothers, Ford of O'Brien, Lynn of Odessa, and Lloyd of Knox City; and one sister, Mrs. James Dutton, also of Knox City.

Pallbearers were Lee Smith, Cyle Carver, Eddie Shaver, Travis Thompson, Sam E. Clonts, and John Crownover.

FHA Loans Available To Farm And Ranch Owners

The Farmers Home Administration can now make loans to farm and ranch owners or tenants for outdoor income producing recreational enterprises according to Joe T. Boone, County Supervisor.

Loans to individuals can be made to convert all or a portion of their farms to recreational facilities. The recreational enterprise may supplement regular farm income or, in some cases, replace farm income by converting the entire farm to recreation.

Public recreational areas are increasing in number each year; welfare of the aged, The original Social Security Act passed in 1935 started a system of old-age benefits. Since then many benefits have been added for the wife, the widow, the child, and the disabled. The majority of those benefitting from Social Security are the older people. So Social Security has a very special place in the observance of Senior Citizens' Month.

Medicare is a well-established part of Social Security. Before Medicare, nearly 50 percent of older Americans had no health protection. For many who did have protection, the coverage was extremely inadequate. As a result, men and women too often spent their later years burdened by health care costs. And the burden fell, in many cases, on their relatives as well.

Now Medicare provides health insurance protection for nearly 20 million people over 65. Since the program began, it has helped pay the hospital bills of millions of people. During 1968 the hospitals received over 4.2 billion dollars in payments. Also, more than 8.7 million Americans were treated by doctors under the medical insurance part of Medicare in 1968.

During Senior Citizens' Month, the Social Security Administration joins with President Nixon in asking all Americans to do their part in opening up new opportunities for our older citizens to live useful and rewarding lives.

Why Plymouth?

(Instead of a Chevy.)

Plymouth Fury III has front torsion-bar suspension for better handling. Chevy Impala still has coil springs that bounce up and down.

Fury III has 195.1 sq. in. brake lining area. Impala has only 184.3 sq. ins.

Fury III has a single-unit welded body for strength. Impala construction still bolts body to a frame.

To fight rust, Fury III is prepared by a 7-step dip-and-spray treatment. Impala preparation is only by spray.

Fury III wheelbase is a longer 120 ins. for smooth ride. Impala's wheelbase is 119 ins.

Interior room of Fury II is greater than Impala, greater than any car in its class.

Fury III's door opening is 27 1/2 ins. for easy entry. Impala opens to only a 24 1/2 in. entrance.

Fury III gives you 3 cu. ft. more trunk room than Impala.

Fury III's instrument panel is fully floodlit. Impala lighting still comes from behind the instruments.

Ammeter and temperature indicators in Fury III are precision gauges. Impala indicators are lights that come on when trouble occurs.

Fury III has a three-spoke padded steering wheel with horn ring. Impala's is not padded and has only two spokes and horn buttons.

Electric clock? Standard in Fury III. Extra-cost option in Impala.

Add it up, and you see why over 3/4 million owners of competitive cars have been won over to Plymouth in the past two years. Plus, right now, we're putting the big stuff on special Furies (vinyl roof, automatic transmission, radio, power brakes and steering, 8.25 x 15 whitewalls, and deluxe wheel covers) and reducing the price. Why Plymouth? Is there any better way to get a great car and save money in the bargain? See us now.

Plymouth Unbeatables put on the big stuff and the price goes down.

Streams In Desert Places
BY OZELLE STEPHENS

"Faith is the substance of things hoped for, the evidence of things not seen." Heb. 11:1
Sometimes in facing and solving the problems of life you will be faced with the second greatest force in the world which is fear. It has power to destroy. It has ruined many lives. But turn away from fear by thinking on the greatest force in the world and that is faith. Fear is very strong but faith is much stronger. Faith drives fear away from you and destroys it. So keep your mind filled with faith and the word of God then there will be no room for fear.
"Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me, thy rod and thy staff they comfort me." (Ps. 23:4). *****

MR. AND MRS. J. T. MAY were honored with Open House on their Fiftieth Wedding Anniversary, Sunday, May 25, 1969.

Mr. And Mrs. J. T. May Honored On 50th Wedding Anniversary

More than two hundred relatives and friends were in attendance at the Open House honoring Mr. and Mrs. J. T. May of Knox City on the occasion of their Fiftieth Wedding Anniversary, Sunday, May 25, 1969. Mr. and Mrs. A. D. May and family of Rule hosted the event in the family home at Knox City, and guests called between the hours of 3:00 and 5:00.

The refreshment table was laid with a cloth of white net over satin, with appliques of gold sequined wedding bells, and was hand made by Mr. May's sister, Mrs. Charlie Bills of Rule. A large arrangement of white pom poms and green leather centered the table; a three-tiered wedding cake topped with gold bells on one end and a crystal punch bowl on the other end were circled with greenery and pom poms.

The guests were registered in a gold and white anniversary book from a white net and satin covered table, placed in front of the fireplace on which was a beautiful yellow pom pom arrangement. The only registry table decoration was a white candle in a gold candlestick set in a circle of leather and miniature pom poms. Nieces of the couple alternated at the serving table, registry, and other places of responsibility during the afternoon, and brothers and sisters acted as hosts throughout the house. Great nieces served in picking up dishes. Many lovely flowers and gifts were presented the couple by family and friends to commemorate the very happy occasion.

Guests registered from Phoenix, Ariz., Rule, Stamford, Haskell, San Angelo, Abilene, Meadow, Brownfield, Odessa, Electra, Roscoe, Munday, Knox City, Jacksboro, Hamlin, Sweetwater, Hermleigh, Albany, Bedford, Tulia, Plainview, Lubbock, Fort Worth, and Altus, Okla.

John Thomas May and Easter Norman were united in marriage on May 25, 1919 in a buggy in front of the Rule Methodist parsonage. They lived in Rule and engaged in farming and the mercantile business until 1931 when they moved to Knox City and established the J. T. May Variety Store. They operated that business until fire destroyed it

Wow! These food and beverage prices here in Hawaii are really sump'n else! A hamburger costs 90¢ downtown; a suds in a downtown club costs anywhere from 90¢ to \$2.00; and those groceries! Here - let me point out a few of the prices for some staple grocery items: bread-30¢ a loaf, frying chicken-70¢ a lb., hamburger meat-50¢ a lb., pork chops-\$1.29 a lb., eggs (Grade A large)-70¢ a doz., 1/2 gallon of milk-65¢, lettuce-40¢ a lb., tomatoes-50¢ a lb., coffee (ground)-\$1.70 for a 2-lb can. Please bear in mind that this is the average price, not the highest price. The prices go on up 4¢ to 30¢ higher. It's said that the cost of living is higher here on the Islands than anywhere else in the nation. That is not very hard to believe, either!

The Honolulu Star-Bulletin printed a letter last March from one Ray Warthen, who evidently recently moved to Hawaii from Roscoe, Texas. His letter lists his complaints of the ridiculous food prices here and compares them with those of a grocery store in Roscoe. He can't seem to understand why items raised in Hawaii cost more here than in Texas. Bananas, for example, are 6¢ cheaper in Texas, and macadamia nuts are also high-

er in Hawaii, a point which has already been made by Kathryn Duff of the Abilene Reporter-News from experience gained from her recent Hawaii tour. I'm convinced that it's all caused by the tourist trade, in which the Islanders try to bleed their visitors for all they can. Of course, the cost of shipping these goods over is not at all cheap, but limits could be set. A guy has to be quite wealthy in order to survive over here. Too much commercialism is going to ruin this one-time tropical paradise. Wait and see . . . May take a while, but it'll happen.

Here's a recipe which appeared the other day in the newspaper. Guess it could be considered a Hawaiian dish, since it includes pineapples, bananas, and duck (an Oriental favorite). Try it if you dare.

PINEAPPLE GLAZED DUCKLING
1 frozen Duckling (4 1/2 - 5 lbs), defrosted and quartered
1/2 tspn salt
1 can (8 1/2 oz.) sliced pineapple
1/2 cup pineapple preserves
1 tspn grated lemon rind
1 tspn grated orange rind
2 tblspn butter or margarine
3 or 4 firm bananas, cut into chunks
1 orange peeled and sliced
Wash, drain, and dry duckling quarters. Sprinkle both sides of quarters with salt; place, skin side up, on rack in shallow roasting pan. Bake in slow oven (325 degrees) until meat on drumstick is tender, about 3 hours.

Drain Pineapple slices; save syrup. Combine pineapple syrup, preserves, lemon and orange rinds, simmer 2 minutes. Save 1/3 cup of mixture for glazing duckling. Add butter or margarine to remaining sauce.

Arrange banana chunks, pineapple slices, and orange slices in shallow 1 1/2 quart casserole; pour sauce over fruits. Bake in slow oven (325 degrees) Yield: 3 - 4 servings.

Well . . . maybe you could substitute a chicken for the duckling, and call it Pineapple Glazed Chickling. . . ?
Just about talked one of our officers - LCDR R. E. Bird - into coming to Texas when he retires in January. Told him that in our opinion, Abilene would be an ideal place to come to, but we think he has decided to go to Dallas. He's planning to teach or go into private business.

We understand that our Lone Star State is starting to have its share of trouble with student dissention, but hope that the problem is nipped in the bud. Heard about SMU having some problems, but didn't hear any details.

Is California about to drop into the Pacific Ocean? It'd be a disaster for Hawaii, too - the aftermath. We'll comment on that next week . . . That's pa for now. . . Aloha . . .
