"KNOX CITIANS AT WORK"

"M" SYSTEM FOLKS — Shown above, left to right, are Don Railsback, butcher, for the past 10 years; Mrs. Ruby Watkins, new checker, and Paul Fitzgerald, produce manager, 8 years, are selling the butcher some picnic treats. The photographer told them he would write for the heading "Even the Butcher Trades at 'M' System!" Mr. and Mrs. O. W. Caussey moved to Knox City in 1926 and he has been the manager of the store for the past 27 years.

Lion President Tells Of Trip To National Meet

At their regular Wednesday noon luncheon-meeting Lion President Gerald Averitt made a report to the club of his trip to the National Convention held recently at Atlantic City.

Averitt and his family enjoyed their trip he said, and were impressed with their trip through Tennessee. The roads, he said, were winding and twisting and although the speed limit was 65 mph, they were unable to drive faster than 45.

They departed Knox City Saturday morning and spent the night in Tennessee. The next day they drove to Norfolk, Va., for the night.

In Delaware, he said the roads were wide and straight, but the speed limit was 35 mph. The laws were strictly enforced, too, Averitt lamented.

Later, he said, he saw huge signs on the road stating that the first offense for speeding would suspend the driver his license for 30 days, and others stated that litterbugs would be fined \$500. for the first offense.

"Most people drove only 30 mph," he said.

The first day at Atlantic City was spent in registering, and the second day was the day of the parade on the Boardwalk.

"The Boardwalk is actually a board walk," Averitt said, "and is seven miles long. Formerly it was 13 miles long, but a hurricane tore it up, and it hasn't been rebuilt at this time."

Averitt said the papers estimated there were 60,000 spectators at the parade and it took over three hours to complete.

Besides many colorful floats, bands, marchers, etc., Averitt said one of the best marching bands was a band composed of blind men from Michigan.

"They were hooked together and marched real good," he said.

There were 72 different flags represented from the 112 different nations in Lionism. Some of the flags represented more than one country, he said.

Each night there were four or five different balls going on, and he said all were very nice.

Saturday morning was devoted to voting and presentation of awards to the different clubs.

After his talk, Averitt showed movies he took while in Atlantic City and their trip through the scenic roads and towns along the route.

All Star Team Will Play At Haskell

Knox City's Little League teams will play ball Thursday and Saturday nights this week.

Reason for play is to work the All Star team. The All Stars will play in the Haskell Tourney July 20, 21, and 22.

Knox City's All Stars will play Rule All Stars at 6 p.m. Friday, July 21, at Haskell.

The All Star team for Knox City was selected recently and players and teams are listed below:

Olie Garrison, Red Sox; Paul Rios, Cardinals; Gary Wheeler, Red Sox; Jimmy Howell, Tigers; Ronnie Hughes, Tigers; Jimmy Walling, Braves; Amador Gonzales, Red Sox; Gene Lewis, Braves; Johnny Ivey, Braves; Jerry Myers, Tigers; Lupo Rios, Red Sox; Mike Glenn, Cardinals; Mike Berkley, Braves, and Don Pack, Cardinals.

Revaluation Meet Held At OBrien

The School board of Carney Rural High School recently agreed to a revaluation of real estate and personal property within the school district for the year 1962. The board of equalization recommended the change after investigating the assessed value of land and meeting with representatives of the major oil producing firms owning property within the district. It is not known when the land in the district, under county assessment until last year, was last appraised.

Land in the district is presently valued from \$5.50 to \$15.30 per acre. A good portion of this land is under irrigation. The main contention of the oil company representatives is that the oil interests are paying about twice as high value on their property as landowners of the district.

The school board has not settled definitely what procedure it will follow but has indicated that probably much of the revaluation will be done locally. Some outside help may be used.

Assessment of local property for school taxes is about completed and will be unaffected for the year 1961 by this revaluation of property.

STUDY CLUB MEETS

The Knox City Study Club held a "Come as you are" breakfast starting at 5 a.m. Wednesday morning. Over 50 ladies attended. Menu consisted of fruit juice, bacon, eggs, biscuits, coffee and jelly.

Final Rites Held For Mrs. Faubion Thursday, July 6

Funeral services for Mrs. Alice Pearl Faubion, 81, who died July 5, in the Gatesville Hospital were held at the Methodist Church in Ireland, July 6. Rev. Phillips of the Church of Christ in Austin, officiated.

Burial was in the Ireland Cemetery.

Mrs. Faubion was born Feb. 26, 1880 at Evant. She married Joseph Eugene Faubion Nov. 6, 1896. She lived at Ireland and Evant until moving to Copperas Cove three years ago. She was a member of the Church of Christ.

Surviving are her husband, J. E. Faubion, Copperas Cove; four sons, Sam of Gatesville, Walter of Hamilton, Joe of Ireland, and J. E. Jr., of Houston; six daughters: Miss Lucy Faubion of Kerrville, Mrs. Frank McAuley and Mrs. Annie Dowding of Knox City, Mrs. Stanley Sneed, Mrs. Tab Murray and Mrs. Andrew Davis of Copperas Cove; 43 grandchildren, 38 great-grandchildren and one sister.

Pony League Scores:

Knox City Pony League played the Haskell "C" team at Haskell Friday, July 7, and won 15-2, with Mark Anderson and Doug Logston pitching.

They played Haskell "A" team July 11, at Knox City and won 13-5. Brack Shaver and Doug Logston shared the pitchers mound.

Bumper Crop Is Forecast For Knox

Most of Knox City's and the county's farmers are holding their breath, for if nothing happens, this year should prove to be a "bumper" year for the area farmers.

So far, this year, the rains have come at opportune times—just when it was needed—and most of the farmers are hopefully looking forward to a big cotton year.

This year has also been one of the best wheat years. A number of area farmers were hurt because of hail damage, but a large number also harvested a bumper crop.

All in all, it was above average.

Most farmers claim that when there is a good wheat year, there is also a good cotton year to back it up.

So far, their reckoning has been right.

L. W. Graham, a resident of Knox City for a great number of years, said, "I've never seen the cotton in this shap, at this time of year before."

Mr. Graham is of the opinion this will be the best year ever. That is, if nothing happens.

Some of the area farmers are already worrying about grasshoppers and boll worms. There are others, though, that haven't been bothered with either, so far.

Practically all are poisoning, either on the ground or by airplanes.

Right now, most are ready for the rains to stop, so poisoning can be completed.

Edgar Wheeler has some irrigated cotton with bolls the size of quarters or larger, and his cotton is doing fine.

Practically all the cotton in the county is evenly advanced and approximately the same stage of growth, Mr. Graham said.

So far, Mother Nature has been most helpful to the farmer.

Let's hope she continues to do so.

City Council At OBrien Meets

The City Council of O'Brien met in regular session on Monday night, July 10. The council set its next regular meeting date August 14, for equalization of property assessments with the council as the board of equalization. Meeting time is 7:30 p.m. and any eligible city taxpayer is welcome to attend the meeting.

Following a discussion of delinquent water bills, the council instructed Aderle Herring, city secretary and water superintendent, to disconnect the water lines on the 15th of the month of those who have not paid the previous month's bill.

The water meters are read in the last few days of the month, the bills sent out on the first, and a discount is allowed if paid by the tenth.

They are due in full from the 11th through the 15th. After being cut off, a reconnection fee of \$1.50 is charged before the customer is put back on the line.

Members of the meeting were: Ikie Ray, Clyde W. Covey and Dave Cummings, aldermen, Elvin Mathis, mayor, and Aderle Herring, city secretary and water superintendent.

Absent were Dwayne Johnston and L. A. Covey, both aldermen.

the book worm

"The youngsters were stunned. Had never seen anything like it."

The above quotation is from "Trade Winds" in Saturday Review, July 1, 1961 issue. The thing that stunned the group of high school seniors was the visit to a bookshop in a town in Ohio.

Of course there are only 6000 or so bookshops in the United States (according to a Knox City man who read that there are now only 13,000 blacksmith shops as opposed to the 6000 stores that are properly called bookshops). Most of these businesses are fast losing ground to other trades and stores.

Knox City does not have a bookshop but one does not have far to go in any direction to find one. "Far" in this day and time means nothing when it comes to buying other things that we could mention.

A book which the "sharp" readers of high school should read has finally been located, second-hand: Sarah Orne Jewett's "Country of the Pointed Firs," the preface by Willa Cather. This is a gem of a book in Old Chel's opinion. Another gem that is not out of print and which should be BACK on the shelves is Hemingway's "Old Man and the Sea." Anyone have it?

A young visitor to our midst this summer needs books to read. She is accustomed to a public library and to a bookmobile. She is invited to use Old Chel's library, the few books for youngsters that have not been given away. On the same day that her mother called, another person asked for some help with a correspondence course. Her question was answered in an education book in Old Chel's library. This brings to attention AGAIN the need for a shelf of books for teachers and teachers-to-be.

Other donors of many books to the school library include Mrs. Neil Perdue, Mrs. Paul Hoge, Mrs. E. Q. Warren, Mrs. H. C. Stone, the Colehours, the Cash Family, Exa Fay Hutton, Dorothy Shaver. The Ex Students' Association has also donated money. And Frank Ikard has sent numerous government publications.

Yours for more and better reading.

Strickland Boy Fatally Injured In Mishap Tuesday

Leon Strickland Jr., 11, son of Leon "Curley" Strickland, was injured Tuesday morning at approximately 10 a.m. when an 8 pound weight was thrown from the city's rotary weed cutter.

The weight hit the boy in the abdomen.

Jack Land, city employee, said he was cutting weeds by a drainage ditch near Brooklyn street when the mishap occurred.

He said there were four or five of the youngsters watching him and that he had warned them not to get close to the machine.

Land said he saw the boy stretched out on the ground and ran to his aid. As no cars were in sight he ran to the J. E. Logston home nearby, and he and Logston carried the boy to the clinic.

He was moved to Wichita Falls Tuesday afternoon where he underwent surgery.

At press time the Herald received word the boy had died. Time and details not known.

City Council Meets Tuesday Afternoon

Knox City's City Council held a meeting Tuesday at 4 p.m.

Regular meeting date was Monday, July 3, but as all members could not be present, it was postponed.

All were present at Tuesday's meeting with the exception of Monty Penman, who is on vacation.

Present were: Mayor Guy Glenn, and Aldermen A. T. Holcomb, Vaughn Gruben, C. G. Markward, and Otis Cash.

According to the minutes the discussion was on street paving on 5th and Temple streets.

All property owners on the two blocks—1 block west of Temple and 1 block east of Temple will be urged to meet with the City Council Monday, August 7 at 7:30 p.m. at the City Hall to discuss the matter.

This is the regular meeting date for the city council.

The meeting was adjourned.

Please Note Our Deadlines --

The Herald is especially thankful for the fine cooperation its readers have shown in turning in personals and other news stories, but would like to remind contributors of the deadlines for news. Society news with pictures must be in by Monday noon. All other stories by Tuesday noon.

Advertising deadline is Tuesday noon unless we have run out of money and have too much space. Even so, Wednesday noon is the latest.

This week, at least 90 per cent of the ads and reading matter was set Tuesday night and Wednesday . . . at least four hours after the first press run was off the press! We have to know by Tuesday whether we are to run 4, 6 or 8 pages.

Please help us get your paper out to where it not only looks good but IS good!

M., Mr. and Mrs. Charles Givens and Jackie, Mr. and Mrs. C. D. Headen and Skip of Knox City, Miss Linda Penman of Rochester, and Carol Holly of Hale Center.

He will give you counsel and be with you continually. You must go all the way with Him or you will find you have left Him just when you need Him most. Beware of evil counsel or you will be like the king who obeyed evil counsellors which led to his destruction. He who readeth the Word of God and counsel with God's people will know which way to go and make the right decisions in life. You will say with the Phamest, "I bless the Lord who hath given me counsel: my reins also instruct me in the night season."

Texas legislators failed to pass the long expected back to Austin... word or two for the lawmakers. Two are unofficial. They are the Citizens for a Sales Tax, whose name explains its purpose, and the Citizens for Fair Taxation, which is pushing Gov. needed. This committee is composed mainly of the chairmen of governing boards of state welfare and educational agencies.

Committee suggested that either the retail sales tax passed by the Senate last session (a "general" sales tax with exemptions for food, farm supplies, medicine) or a "Pennsylvania-type" tax that affects only the items listed in the bill or a combination of the two might be the answer.

All of which leaves the Legislature just about where it was—with at least some support, and some opposition, for any course it might take.

AUTO INSURANCE RAISED

—Beginning August 1, Texas motorists will pay higher premiums for automobile insurance.

How high the premium goes will depend on the county in which the motorist lives and its accident record. In general, the big city counties have higher accident rates and insurance premiums than rural counties. In Travis County (Austin), the increase on a typical policy would be 15 per cent; in Dallas County, about 17 per cent.

This is the first increase in the base rate for auto insurance ordered by the State Board of Insurance since 1953. Reductions or increases for traffic accidents and violations under the Safe Driving Plan will continue as before.

Reasons given for the rate raise include:

1. More people than expected qualified for the 20 per cent premium cut allowed under the Safe Driving Plan for drivers with no accidents or violations. This caused a decline in premium income.
2. Higher cost of repairing today's wrap-around windshield, wrap-around fender cars.
3. Generous jury awards for injury and damage claims.
4. Drop in the number of new cars sold last year.
5. Apparent dropping of insurance by some motorists who had previously carried it.

HIGHWAY COSTS UP

—Cost of having good roads, the State Highway Department frankly admits, is going up.

Highway Commission has announced a highway maintenance budget for the next fiscal year (Sept. 1, 1961 to Aug. 31, 1962) of \$51,300,000—which is up \$2,100,000 from the previous year.

Reasons given for the increase: Texas had more than 1,100 new highway miles to care for and it costs more per mile to care for them. But proper upkeep, says the Commission, "stretches the taxpayer's dollar by increasing the life of the road."

HIGHER SPEED, HIGHER TOLL

—Beginning September 1, higher toll charge will be made on the Texas Turnpike, linking Dallas and Fort Worth.

Beginning August 28, effective date of authorizing legislation passed last spring, the speed limit on most of the toll road will be raised from 60 to 70 miles per hour.

Toll charges for an end-to-end trip by passenger cars will be hiked from 50 to 60 cents; for heavy trucks, from \$1.25 to \$1.35.

Texas Turnpike Authority voted the higher fares after receiving estimates that the operation would have a \$425,000 deficit at the end of this year unless revenues increased.

SABINE DAM UNDER STUDY

—After a hearing on the pros and cons, State Board of Water Engineers has granted the Sabine River Authority's application for a permit to build the proposed Toledo Bend Reservoir.

Sabine, for quite a stretch,

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

It may be that I'm getting a little impatient, but it seems to me this cold war business with Russia is getting as one-sided as a drunk's hat. The American taxpayers is footing most of the bills but it looks like this country ain't got much more say-so in the thing than a hog's got at a hog-calling contest.

I was reading last night where the United Nations has estimated the budget for the Congo at \$120 million this year. But Russia, than can finance big armies and missiles and trouble-makers all over the world, including the Congo, has refused to pay a dime of it. In the end, the American taxpayers will get the honor of paying most of it.

We've give away so much money for foreign aid to countries all over the world that most of them now think it's a permanent arrangement sent down from Heaven. For instant, when we trimmed our hand-out to India last year ole Nehru hollered louder than a calf tied out at milking time. It looks to me like we got to make a stand someplace, Mister Editor, or the bats in our belfry is going to eat the bee in our bonnet.

And when we make our stand this time, I hope they don't have no Yalu River stuff in it. This thing of fighting with one hand tied behind our back ain't the kind of war the United States fights. It just bleeds us down, and makes us spend a dollar to their dime, without getting no place.

On the home front, I see by the papers where the Chairman of the House Ways and Means Committee in the Congress predicts that prices will "edge up" a little this Fall. It seems to me they has been edging up for some time now. About the only thing holding steady is sea-going yachts and Cadillac cars. About once a month everything else "levels off" at a new level. Soon-

spokesman for timber interests in the area told the Board the reservoir, slated to be 100 miles long, would put valuable timber under water and sawmill workers out of jobs. It would take 10 years, said a sawmill representative, to get all the timber out of the area.

Advocates of the dam contend that the \$54,000,000 project will ultimately benefit the area by attracting new industry and helping to offset future water shortage.

MORE JOBS, MORE JOBLESS

—More Texans were at work and more were out of work this May than a year ago, Texas Employment Commission reports.

Employment increased 3,200 over a year ago, but unemployment was up by 30,800 indicating job seekers are increasing 10 times faster than job openings.

Average weekly wage for Texas factory workers during May was \$91.46, compared to the national average of \$92.66.

er or later we're going to run out of levels and get into orbit.

And sometimes a feller can find plenty of troubles right in his own house. For instant, my old lady come in last night from a meeting of the Home Demonstration Club and I made the bad mistake of asking her what they talked about. "The home," she says, and afore I could get out the door she was going into details. "We decided," she says, "that the man in the house ain't carrying his part of the home work."

This is treason, Mister Editor, and I aim to find out if any tax money is going into these club projects. I've writ to my Congressman in no uncertain terms. I'll let you know which way he dodges on this one.

Yours truly,
Uncle Ben

"Think and Save"

By Miss S. C. Kinsey,
County Home Demonstration Agent

Quantity buying may be a saving when buying food.

1. Lower unit price, a savings on separate delivery charges, and the convenience of fewer shopping trips may make quantity buying worth while.
2. Be sure that money needed for other purposes is not tied up in a large supply of a single commodity.
3. If quantity buying leads you to "over-buy" in terms of higher quality or greater expense than is appropriate for your use, it may be an extravagance rather than an economy.
4. Compare the true cost and use value to you of various sizes of the same product. Learn to estimate price per ounce or pound. Usually the larger sizes

in food products are relatively less expensive than smaller sizes.

5. The amount of storage and refrigerator space and the amount of money that you have will help to determine how large a quantity and how many articles you can buy at one time.

CARD OF THANKS

We wish to thank the ladies of the First Methodist Church and others for the nice gifts and food shower given Mother Simmons. May God bless all of you.
Thanks,
