Scouts Observing Girl Scout Week

Girl Scouts are joining in observing Girl Scout Week across the city from 7 through 13. The girls are seeking and setting constructive standards through scouting. They are experiencing the feeling of achievement in doing for others, learning to respect their country and to become responsible citizens in general.

Knox City Girl Scouts Troop Nos. 51 and 24, attended morning worship services at the First United Methodist Church Sunday and that afternoon presented a program for the residents of the Brazos Valley Care Home. The program consisted of the Pledge of the Flag, the Lord's Prayer, the Brownie song "Magic Brownie Smile", scriptural meditation, hymns, devotional, and the Girl Scout and Brownie Promise, concluding with Taps.

Knox City has three groups participating in the scouting program including the Brownies with Mrs. Bobby J. Helton and Mrs. Leon Watson as their leaders, the Juniors whose leaders are Mrs. Bill Tweedy and Mrs. Dale Pitts, and the Cadettes led by Mrs. Clyde Bouldin.

Other activity this week includes the annual Girl Scout Cookie Sale which is now in progress. Girl Scouts are selling from door to door in this fund-raising campaign and residents are urged to support the girls. Cookies are chocolate, mint, butter cookies, and assorted sandwiches and cost only 50¢ a box. Quite a bargain!

Seniors Of The Week

And Their Autobiographies

TOMMY COLLINS
William Collins, son of Mrs. Willie N. Collins, was born July 11, 1953 in Knox City. He has lived and attended school in Knox City all his life. He has three sisters: Carol, and Joyce. He is now all married and has a son. He is living in Knox City and Carol is living in Dallas.

Tommy did not have many friends in school, but he did have a few. He is now a freshman and has been in school for two years. He raised a 4-H pig which was a champion. He got some money as he placed first in the county show, sixth in the state show, and tenth in the Fort Worth Livestock Exposition.

Tommy's main interests are model cars, painting, mechanics, his outside interests are nature and science. He likes to camp out and hunt.

Tommy intends to finish school in Knox City and would like to go to a Refrigerator School this fall. He would like to be a Refrigerator Engineer.

HENRY RODRIGUEZ
Henry Rodriguez was born on January 25, 1950, in the Knox County Hospital in Knox City, Texas. His parents are Mr. and Mrs. Bill Rodriguez.

He attended school in Knox City until he was in the fifth grade. He moved to Rochester for two and one half years. There he played football, basketball, and ran track.

He moved back to Knox City where he started to school after going one six weeks at Rochester.

Henry is completing his senior year in Knox City. He has been in vocational agriculture for four years where he has had most of his achievements. He had a grand champion barrow his freshman year in the local show. His sophomore year he went to Fort Worth and Houston for the livestock shows. He also ran track and played football as a wingback. Henry's junior year he had a grand champion barrow in his class at the San Antonio Livestock Show.

Henry plans to go to some school to learn a trade after graduation from Knox City High School.

GLENN SHELTON, right, and Mrs. Doris Crownover, Chamber of Commerce manager, were photographed as they left the Chamber office Monday morning for a tour of the town.

Columnist Pays Visit To Knox City Monday

Knox City had a special visitor in its midst Monday of this week when Glenn Shelton, whose column *Hired Hand* appears daily on the front page of the Wichita Falls Record News, called on Mrs. Doris Crownover, Chamber of Commerce manager.

Mr. Shelton explained that he has begun visiting area towns on Monday of each week and interesting facts concerning these towns appear in his column on Wednesday.

Mrs. Crownover reported that Mr. Shelton had a very nice visit with B. R. Campbell Sr. in his office at the Citizens State Bank. He later was taken on a "tour" of the town by Mrs. Crownover and saw the Knox County Hospital, Brazos Valley Care Home, Knox City Schools, the Municipal Airport, the Knox City Country Club, and the beautiful churches in our town.

Mrs. Crownover said that Mr. Shelton was favorably impressed with the facilities in our town and he felt that we are extremely fortunate for a town our size to have as many assets, in addition to the United States Government offices which include the Agricultural Stabilization and Conservation, the Farmers Home Administration, the Soil Conservation, and the Plant Materials Center. The Texas Department of Public Welfare office is also situated here.

Carol King Elected Fri. As Area IV FHA President

Knox City High School junior Carol King was elected president of Area IV Future Homemakers of America Friday night at Stephenville during a House of Delegates meeting on Tarleton State College campus, where more than 1200 Area IV Future Homemaking students were meeting for their annual meeting and workshop.

The theme of this year's meeting was "Opportunity Unlimited". Other officers elected were state officer candidate, Barbara Willis of Huckabee; state nominating committee member, Olga Estrada of Custine; first vice president, Dona Lindsey of Loewers-Avoca; second vice president, not yet chosen; third vice president, Billie Jean White of Rice Star; fourth vice president, Vickie Turley of Dublin; fifth vice president Neida McDonald of Hawley; secretary, Shawn Souther of Graham; treasurer, Pat Harris of Hamilton; historian, Dana Knox of Hamlin; parliamentarian, Debbie Stone of Holliday; and sergeant-at-arms, Jan Parsons of Coleman.

Carol, who is the daughter of Mr. and Mrs. Erwin King Jr. is vice president of her class this year, an FTA officer, a Beta Club member, a member of the school choir and the band. She, also, is the local "Miss FTA" and reporter for the FFA.

Also taking honors during the annual meet was Jody McKinney, daughter of Mr. and Mrs. Wayne McKinney, who placed first in the Area IV talent show. Jody's presentation included "The Man La Manche" and "The Impossible Dream", which she did in costumes befitting the songs. Jody was accompanied at the piano by Diane Clonts, daughter of Mr. and Mrs. Joe Clonts.

Gwen Angle, daughter of Mr. and Mrs. Buddy Angle, was chosen in the tryouts to be a member of the state FFA Chorus, which will present 10 numbers at the state meet in Dallas April 23-24 at the Baker Hotel. Twelve sopranos and eight altos were selected.

Other FFA members making the trip were Mary Jo Campbell, Debbie Wall, Debbie Bishop, Martha Jones, Jan Lankford, Yolanda Bradford, Jan Gutin, Celasia Skiles, Doris Howell, Susan Stone, Denise Grindstaff, and Debbie Burt.

Those who took cars were Mrs. Bruce Campbell Jr., Mrs. John L. Grindstaff Jr., Mrs. George Wall, and Mrs. L. O. Newton, chapter advisor.

Knox City takes great pride in the achievements of these girls. They competed with girls from 125 FFA chapters representing approximately 100 schools in Area IV, Mrs. Newton said. They represented their school and their town in a fine way.

ASCS Measurement Service Now Available To Farmers

Acres measurement service is now available from the County Agricultural Stabilization and Conservation Service (ASCS) office at a charge which covers only the cost of the service.

Farmers signing up for the feed grain, wheat, and cotton programs - through April 9 - are encouraged to request the measurement service at the time they sign up.

"When a farmer obtains measurement service from his County ASCS office, he is guaranteed he will be in compliance with the acreage requirements of the farm programs he has signed up for, if he stays within the measured and staked acreage," said A. J. Navratil, Chairman of the Knox County ASCS office.

Producers may request acreage measurement for any farm program purpose, but almost all requests come from farmers who want to be certain of compliance in the feed grain, wheat, or cotton programs.

"This year, participants will

want to be sure their set-aside acreage is correct. Navratil said. "Cotton producers also will want an exact measurement of the acreage planted to cotton, since the price-support payment is based on production per acre. Feed grain and wheat program participants may want the acreage of these crops measured if they are not certain they have planted enough acreage to maintain their base or allotment history."

Each producer, the ASCS Committee chairman said, should determine which acreages he will need measured.

When a farmer participates in the 1971 set-aside programs for wheat, feed grain, and cotton, he certifies to the required set-aside acreage on his farm, and lists the acreage planted to the program crops. He must also be certain that he has enough acres in conserving use to meet his conserving base requirement. Errors in certification can result in reduction or loss of payments.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (SJR 15) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other Judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of each House for a term ending on the first day of the next Regular Session.

(2) With the exception of the initial appointees, each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. The membership shall designate one of its members to serve as chairman for a period of two (2) years.

(3) The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties.

(4) The commission shall recommend the compensation, per diem, and mileage allowance of members of the Legislature, and may recommend the salary of the Speaker of the House of Representatives and the Lieutenant Governor

at an amount higher than that of other members notwithstanding any provisions to the contrary of Article IV, Section 17, of the Texas Constitution.

(5) The commission shall promulgate rules of ethics to govern the conduct of all legislators, legislative officers and all officeholders, appointive or elective, of any office, department, district agency, commission, board or any governmental unit or branch established by or under the authority of the constitution and laws of the State of Texas and all persons who shall use any privilege of the floor in either House of the Legislature. The Texas State Ethics Commission shall further promulgate rules providing that each member of the Legislature and each of the hereinabove named officeholders upon election and any appointee to any of these offices shall file with the State Ethics Commission a statement under oath setting out a complete financial statement in detail within 10 days after being elected or receiving an appointment. This information shall be privileged information to the State Ethics Commission to be used only by them to determine if there exists a conflict of interests or if there is or has been a violation of any of the rules of ethics promulgated by the Texas State Ethics Commission or any laws of the State of Texas. The Legislature shall enact statutes dealing with unauthorized disclosure or misuse of said privileged information.

(6) The commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet in Austin at least once each year to review existing rules of ethics, legislative compensation rates, mileage allowances and per diem rates, and to make any changes deemed necessary.

FARM & RANCH

LOCATING VEGETABLE GARDEN IS CRITICAL CHOICE

Raising a vegetable garden can save on grocery money as well as supply an abundance of fresh, crisp and nutritious food. But before planting those vegeta-... ble crops this spring, care-... fully consider the location of your plot.

Too often vegetable gardens are located next to a field of cotton or grain sorghum. And problems arise when that crop is sprayed for insects during late spring and summer. In many cases the garden may be directly sprayed when the cot-... ton or grain sorghum is treat-... ed.

Also, insecticides can easily drift onto the vegetable and contaminate them. These vegeta-... bles can be consumed safely if the particular insecticide that was used is also labeled for use on the vegetables involved. However, often the consumer may not know when the vegeta-... bles were contaminated or what material was labeled for use on vegetables.

Reading and Writing By Blind Is Eased

Blind people may be able to write and read conventional letters and numbers rather than having to learn Braille. A new type of plastic paper, according to Science magazine, may make this possible.

Letters written on the special paper by an oversized ball-... point pen or a blunt pencil automatically rise high enough to be felt and identified by touch.

The new polyethylene paper is distributed by Nu-Vu Pro-... ducts Co., Webster Groves, Mo.

Report Your Locals

So, to avoid the possibility of contaminating garden produce the family garden should be planted as far as possible from the field crops which may re-... quire insecticidal treatment during the growing season. Es-... pecially avoid planting gardens immediately adjacent to grain sorghum or cotton.

Consideration should also be given to the direction of the prevailing wind (south to south-... west) when locating a garden near field crops. The garden is much less likely to receive spray drift if it is located up-... wind from the crop being sprayed.

If you are unable to relocate your garden, keep a close check on it when spraying surround-... ing fields and keep an accurate record of the date and the in-... secticide used. If the applicator knows the location of a garden in relation to the field crop being treated, excessive drift onto the garden can usually be pre-... vented.

PLANTING SEASON IS NEAR

Planting season is just around the corner and despite the unfavorable soil moisture situation, the best seed avail-... able should be obtained for the crops to be planted.

Crop yields are greatly in-... fluenced by the kind and quality of the planting seed used. Var-... eties are important and many have been developed for specifi-... c areas and for resistance to diseases.

Study variety reports and demonstration results in the area and then select the one best suited to your needs. Since it is not always easy to find the quality and purity needed in planting seed, sources should be checked and orders placed now for the seed needed.

Along with good seed, ade-... quate fertilizer, weed and in-... sect control are "musts" for successful farming.

Few farmers in Knox County have overused fertilizer, but many are using too little for maximum crop and pasture production. Of course, we've got to get rain to germinate the seed and to give the fertilizer a chance to do its job.

SS Reports

Is it inconvenient for you to come into your local social se-... curity office to ask that ques-... tion you've been meaning to ask or to apply for benefits? Wayne Klipping, manager of the social security office in Vernon, said today that almost all of your questions and claims can be completed by telephone. He made the following sugges-... tions for anyone who wishes to file for benefits by phone.

"Select a time when you have about a half hour to discuss your claim. Before you call, be sure that you have your so-... cial security number, your birth certificate and your most recent W-2 form or tax return nearby. If you have dependent children in your family, have their birth certificates avail-... able also."

Klipping stressed that a per-... son, within three months of age 65, should call concerning Medicare even though he may plan to continue working. An application can often be com-... pleted by phone during a lunch break and with no loss of time from the job.

"Almost any question can be

answered by calling your local social security office," he em-... phasized. Have you got a ques-... tion about coverage for your new housekeeper or about bene-... fits due to you under Medi-... care? These and many others like them can be answered by calling the Vernon Branch of-... fice at 552-9346 between the hours of 8:30 a.m. and 4:30 p.m. on Monday through Friday.

Provisions Cited On Substitution, Alternate Crops In Farm Programs

Substitution provisions for 1971 farm program crops have been outlined by Knox County farm program official A. J. Navratil, along with a report on alternate crops permitted on set-aside acreage.

These provisions are impor-... tant to farmers who are now making their final decisions on whether to participate in the 1971 set-aside farm programs. Signup for these farm pro-... grams began March 1 and con-... tinues through April 9.

A recent announcement by the U. S. Department of Agri-... culture stated that in 1971, acreage planted to soybeans will not be considered planted to wheat, feed grain, or cotton for farm program purposes. "So soybeans will not be a substitute crop this year," said Navratil, who is chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. "However, other substitution - such as wheat for feed grains or feed grains for wheat - is permit-... ted."

The 1971 farm program sub-

stitution provisions are as fol-... lows:

"Wheat in excess of the al-... lotment may be substituted for corn or grain sorghum, or, if requested by the farm oper-... ator, for cotton.

"Feed grains (corn and grain sorghum) in excess of one-half the feed grain base may be sub-... stituted for wheat, or, if re-... quested by the operator, for cotton.

"Cotton in excess of the allot-... ment cannot be credited for wheat or feed grains.

"Substitution credit for 90 per cent of a wheat or cotton allotment or 45 per cent of the feed grain base will qualify the farm for full crop history pro-... tection.

Navratil also outlined the provisions governing alternate crops on acreage set aside from production of feed grain, wheat, and cotton under the 1971 farm programs.

Alternate crops permitted are guar, sunflower, sesame, castor beans, mustard seed, safflower, cramble, and plantago ovata. If any of these eight allowable crops are planted on set-aside acreage, a \$10 per acre reduction in the farm pro-... gram payment will be made. This figure is based on the ap-... proximate average reduction under previous farm programs for planting these crops on di-... verted acres.

The Agricultural Act of 1970 provides the Secretary of Agri-... culture with authority to allow the planting of certain crops on set-aside acreage. He must de-... termine that such production is needed to provide an adequate supply, is not likely to increase the cost of the price-support program, and will not adver-... sely affect farm income.

Navratil said farmers want-... ing more details concerning either substitution of program crops, or alternate crops on set-aside acreage should check with their County ASCS Office.

Leaflet On Garden Mulches Available

Garden mulches and how to use them is the subject of a new leaflet available from the USDA Soil Conservation Ser-... vice.

Arche Lieb, SCS district con-... servationist at Knox City, said the leaflet "Mulches For Your Garden" has the best and most concise explanation of how to use mulches and compost in a garden that he has ever seen. "The leaflet explains how mulches cushion falling rain-... drops which reduces soil loss and soil compaction," Lieb said. "Mulches keep soil cool in the summer, conserving moisture; they also furnish food for earthworms which are valuable for aerating the soil. Organic matter added by mulch-... es helps keep soil crumbly and easy to work."

Lieb said some mulches are more valuable if composted be-... fore using. The new publication shows how to build a simple compost bin out of wire or boards and is complete with drawings and pictures.

The leaflet lists the number of cupful of various kinds of fertilizer, wood ashes, or ep-... som salts to add to a bushel of

Wheat Referendum And Producer Board Election Scheduled In May

John C. White, Commissioner of Agriculture, today certified the Texas Wheat Producers As-... sociation to conduct a referen-... dum and producer board elec-... tion in 34 Texas Counties un-... der provisions of the Agricul-... tural Commodity Act of 1969, according to Bill Nelson, TWPA Executive Vice Presi-... dent of Amarillo.

The certification authorizes the association to sponsor and conduct a referendum whereby producers of wheat in the designated area vote on a propo-... sition of self assessment not to exceed five mills per bushel for research, market develop-... ment, disease and insect con-... trol and more efficient produc-... tion and marketing practices for wheat.

Such a referendum has been set by the Association for Sat-... urday, May 11, 1971 according to Leo Witkowski of Hereford, TWPA farmer-elected presi-... dent.

Witkowski said that at the same time of the assessment referendum, an election will be held to elect a 9 - member pro-... ducer board to administer the program and direct the use of funds generated.

Any producers may have his name placed on the ballot for election to the producer board by having his request signed by ten other producers and sub-... mitting it to the association thirty (30) days prior to the election.

Witkowski said that Texas compost to speed decomposi-... tion and to increase the com-... post's plant nutrient value. De-... tails are also given on how to make acid compost for use with azaleas and rhododendrons.

"Proper handling of mulches is one of the most important but least understood soil and water conservation measures used in Texas," Lieb said. "All good conservation farmers leave the stalks and stems from their crops on the land to re-... duce erosion and conserve moisture. Few conservation measures to more to reduce pollution from blowing dust or from sediment."

The district conservationist said gardeners could use the same principles in flower and vegetable gardens by utilizing mulches from grass clippings, tree leaves, straw, stems and stalks from harvested vegeta-... bles, and another material.

To get your free copy of the leaflet "Mulches For Your Garden," contact any Soil Con-... servation Service office. The Knox City office is at the cor-... ner of Maine and Ave. J, Box 127, phone 658-3681.

Record Sales Set By Ford Dealers

Dallas - Ford dealers reported record-shattering sales in February in the Dallas district of Ford Division, District Manager Charles J. Soderquist announced today.

Combined car and truck sales last month were 10,973, up 1.3 per cent from the February record set in 1970, and truck sales were 4,355, an increase of 1.2 per cent from last year's record. Car sales of 6,618 were up 1.3 per cent from the February record set in 1970.

"This means we're off to a great start for 1971," said Mr. Soderquist. "Our dealers did a fine job in all segments of the market during February, especially with the big Ford, Pinto and Maverick. This could be the best sales year in the auto industry's history."

Ford Division's Dallas district office supervises activities of more than 300 dealerships in north and central Texas and Oklahoma.

Nationally, Ford Division also reported record sales of 158,847 cars and 58,496 trucks, a combined total of 217,343 vehicles. *****

AT NATIONAL FU MEET

Roy C. Daniel spent Sunday to Saturday in Washington D. C. at the national convention of the National Farmers Union.

Others attending from Knox County were Lyle Stodghill of Munday, Gene Thompson of Munday, and Buddy Angle of Knox City.

They left Dallas on a chartered plane Sunday with 48 other Texas delegates, despite the stormy weather. The only other delegates from this congressional district were two men from Wilbarger County.

Angle and Stodghill were on the feed grain and commodity committee while Thompson and Daniel served on the livestock committee. This latter committee had one other Texas, Joe Rankin, Texas Farmers Union vice-president from Ralls.

The Texans worked in the livestock committee to prevent resolutions from reaching the floor of the convention which would have called for some government controls on cattle.

Opponents of government controls won by two votes.

A resolution which did reach the floor concerned the licensing of farmers. The Texans voted against this, and it failed to be adopted by the convention. Daniel said, "You'd have to

Last Friday, the Knox City FHA was represented at the Area Meeting in St. Louis, Mo., by sixteen FHA members, and four adult sponsors. The girls attending this meeting were Jan Lankford, Debbie Bishop, Debbie Wall, Debbie Burt, Doris Howell, Yolanda Bradford, Gwen Angle, Jodi McKinney, Diane Clontz, Martha Jones, Mary Jo Campbell, Jan Gunn, Susan Stone, Celesia Skiles, Denise Grindstaff, and Carol King. The girls were taken to Stephensville by Mrs. Newton, FHA sponsor, Mrs. Campbell, Mrs. Grindstaff, and Mrs. Wall. The group was well represented in talent, as Gwen Angle was chosen for the State Chorus, and Jodi McKinney and Diane Clontz were awarded first prize in the talent contest.

Junior Class News

By JAN LANKFORD

Several FHA girls attended the Area IV Convention in Stephensville last Friday and Saturday. The Juniors that went were Carol King, Mary Jo Campbell, Celesia Skiles, and Jan Lankford. Carol was elected Area IV President, which is certainly a great honor, and we are very proud of her. Congratulations, Carol!

In English III, we are getting ready to write our term research papers, and we are finding out that there is a lot more to preparing and writing a research paper than any other type of paper we've ever written. We are learning the proper usage of footnotes, how to make use of note cards, and many other skills that will help us the rest of our high school and college days. The papers will be written outside of class, but Mrs. Cash is taking time in class to explain anything that we need to know about writing the papers. Mrs. Lowrey will be helping us later with typing them.

Science Dept. News

Students in Advanced Biology began a new series of labs this week. They will be involved in the study and dissection of the cat until the end of school. Since there was a shortage in the number of cats ordered, there are from six to eight students working on one cat. The students had a lab on Wednesday and Thursday of this week. They began with the process of skinning it. Next the students observed the tough connective tissue that covers the muscles, known as fascia. This week's lab involved the study of various parts of the head. These parts were the masseter, temporalis, pterygoides externus, pterygoides internus, and the digastricus. They are all parts which function as elevating mandibles, except for the digastricus, it is

Coaches' Comments

By COACH LOWREY
 The coaches of District 7A met on Wednesday, March 3, to select the all-district team. When the balloting was completed two Knox City Greyhounds were named to the elite group. Each coach was to list ten boys and designate five for a first team and five as second team members. The boys who were voted for as first team candidates were given 2 points and second team votes counted 1 point. The total points for each boy were compiled and the five with the highest number of points were named to the first team and the next highest named to the second team. The remainder who received votes were listed as honorable mention. Coaches were not allowed to vote for their own boys. The two Greyhounds receiving this honor were Mike Newton and Rogers Lankford. Mike was the only unanimous choice receiving all ten possible votes. Rogers followed closely receiving 8 out of 10 possible votes. For the season Mike scored 445 points thru 21 ball games. Average of 21.2, Mike, at 6'3" and 175 pounds, was our biggest boy and our inside threat. He also pulled down 239 rebounds for an average of 12 per game.

also the two leading scorers in our district. The other Knox City honoree was sophomore Roland Marion who was placed on the honorable mention list.

Rogers was our playmaker and outside threat. He scored 367 points thru 24 games for an average of 15.3. Rogers stands 5'10" and weighs 155 pounds. These two boys were

 The Knox City Track Team has participated in two track meets, Botan and Vernon. Progress was made between the two meets. Our relays are still weak, but by district I hope we will be ready. If we can maintain good weather for the workouts our performances should get better. We are striving to hit our peak about district. It looks as if Aspermont, Roscoe, and Albany will be the top teams to beat for the district meet. Our Jr. High Track Team is getting started. We work out in the mornings and after school. We are striving to complete the triple crown by winning the District Track Meet. The month of March will be busy for the coaches. We have our High School Boys Meet here the 20th (Saturday), then Monday the 22nd we have the High School Girls Meet and Friday we have the Jr. High Boys Meet. We would appreciate any volunteers to help us run these meets off. Speaking of volunteers I would like to thank Bud Carver, Donald Johnson and Alton Fitzgerald for working on our track. I appreciate people who donate their time to help our track team.

Seniors Honored With Banquet Monday Night

Knox City High School and Carney High School seniors were honored Monday night in the fellowship hall of the First United Methodist Church with a banquet, featuring a menu of ham and all the trimmings. The hall was beautifully decorated in the traditional graduation theme, emphasizing springtime. Silhouettes of graduates, surrounded by greenery, and interspersed with yellow jossils were used on each table. The head table was graced with an arrangement of pastel colored spring flowers. Entertaining the group was "Poor Richard's Almanac", a trio from McMurry College in Abilene, who sang several numbers. Members of this singing group are Richard Petree, who plays the guitar, Tom Fuller, who plays the string bass, and Kathy Biggerstaff. This trio has been in Knox City several times and they are always a delight to watch and to hear. Teachers and parents of the seniors were also honored guests.

Homemakers Are Invited To Consumer Day

All area homemakers are invited to attend Consumer Day for Homemakers Thursday, March 18, at Spur, states Rebecca Howell, Dickens County Home Demonstration Agent. Rebecca is a native of Knox City and a 1970 graduate of Texas Tech. The all-day event will be held at the Dickens County Electric Co-op Willie Room in west Spur and will begin at 9:30 a.m. A salad luncheon will be served. The purpose of Consumer Day is to inform homemakers of how to spend their money more wisely. There are many deceptive brands, tricks, and practices which homemakers need to be more aware of. Agenda for the day includes: Consumer legislation, Bonnie Lyerly, Texas A&M Agricultural Extension Home Management Specialist; Food Additives: Mrs. Clara McPherson, Texas Tech Foods and Nutrition Professor; Quick Foods: Annette Duncan, West Texas Utilities Home Economist, Stamford. New fabrics: Mrs. Doris Nowell, manager Herb Owens Fabric Center, Lubbock. Medical Quackery: Martha Jane Jones, Knox City pharmacist. Consumer Frauds: Rebecca Howell, Co. Home Demonstration Agent, Dickens. Come, bring a salad and a friend. Door prizes will be given. ***** Doctor A wizard of glass.
