COL. ERNEST O. THOMPSON

INGRAM WILL SEEK SUPERINTENDENT OF COUNTY SCHOOL JOB

John B. Ingram, member of the Munday elementary grade school faculty, formally announced his candidacy for the office of Knox County Superintendent of public schools, to the Knox County Herald this week.

Ingram, a native Texan, a resident of Munday for the past six years, has had ten years of experience in the teaching profession.

In Wood County, Texas, place of his birth, he taught four years, and then became a faculty member at Washburn, rural school near Munday, for four years. He came to Munday school system two years ago.

Ingram is a graduate of East Texas Teachers College at Commerce, receiving a B. S. degree from that institution.

He advocates a fair administration to all county schools, either rural or city, and will devote much of his efforts towards securing needed state aid for county schools, if elected, he announced.

His candidacy is subject to the action of the Democratic primary, July 23.

Bill McCraw For Holiday

Austin, Tex. April 4—Attorney General William McCraw declared for a holiday on new taxes in formally announcing the business and taxation platform on which he will stand in his campaign for governor of Texas.

The proposals put forward, the attorney general emphasized, concerned only one phase of the program he will offer to the people of Texas in his formal platform and in his opening address he will deliver in Arlington on Saturday, April 23.

The complete McCraw platform will be concerned among other things, with proposals for electing economic reforms in the administration of government under laws already on the statute books.

McCraw stressed these points in his business and taxation statement:

1. Immediate reduction in the administrative costs of state government. 2. Ample assistance to the old folks, teachers, the blind, and dependent children. 3. Opposition to the general sales tax. 4. Opposition to the State income tax.

McCraw is firmly of the opinion that a broader, more enlightened social welfare program can be inaugurated in Texas without any punishment of business and industry. Economics can be effected, he believes, that will improve the whole social welfare program. He pointed out that the state's experiences in that work have shown the way to savings.

General reductions of administration expenses as pointed out in the recent state auditor's report, together with the increases in state revenue, should effect savings large enough to cover all needs, McCraw declared.

Although there is sound reason to believe that contemplated revenues will be adequate if more revenue is necessary, it can be obtained through insignificant taxes thinly spread over the present taxing structure, he said.

MAT VERHALEN OFFERS SUGGESTIONS ON KNOX CITY-MUNDAY ROAD

W. L. GARNER, KNOX CITY, TEXAS
Dear Editor:

I was certainly glad to see in a recent issue of the Knox County Herald that the State Highway Commission on Highway for 222 has made an appropriation of \$8,000.00 to cover cost of grading and drainage work on the much discussed road between Munday and Knox City. This brings the road from Munday west to where the Knox City Commissioner's precinct starts. I believe this road should run due west past Sunset School between the Jarvis and Partridge farms thence west along the south line of Mrs. Farrington's farms to its west line thence northwest about 40 rods to the south line of the Parker farm thence west to southwest corner of Sam Reed farm thence straight west

along the Foshee north line and continuing west to the Knox City and Benjamin Highway. This would open up a new trade territory road from the southwest corner of the Sam Reed farm for Knox City. The Highway Commission would build a 120 foot road that would be let to expensive for a commissioner to build. The right-of-way could be procured the cheapest along this route, and I believe the Highway Commission would accept it because it is the shortest route.

Dear Editor I hope you will inspect this route some day and believe you will find that it will open up a new trade road for Knox City that will be the cause of her regaining the trade she lost to Munday.

Yours very truly,
M. A. Verhalen

KELLUM AND CO. INC. INVITES KNOX CO. PEOPLE

The Herald editor visited in Seymour Monday and while there secured a thirty inch ad from Kellum and Co. Inc., which will be found in this issue of the Herald. Mr. Kellum, the manager has been in business there for more than thirty years and is well known to the majority of the people of Knox county. He also served two terms as mayor of that thriving little city. He informs us that the reason he is advertising in the Herald is because we have

a large circulation in the Benjamin, Truscott, Vera and Gilliland sections, and that a majority of those people trade in Seymour. We also informed him that we had a large circulation south of the river and a large number of them either buy their dry goods in Seymour or Wichita Falls. This firm has a well selected stock of dry goods, ready-to-wear and their prices are in line with any house in this section that carry quality merchandise.

BLACK & WHITE FIRST ANNIVERSARY SATURDAY

Harry Garrison Manager of the Alexander Black and White Grocery has a half page ad in this issue of the Herald announcing same. Harry says that almost four hundred friends and customers registered the opening day last year and he hopes to exceed this mark Saturday by several hundred. He announces that they will give away absolutely free five

baskets of groceries during the day and you do not have to purchase a single item to participate — the only requirement is that you register and be present when the groceries are given away. This store has enjoyed a good patronage during the past year and has made many friends in all sections of the country and no doubt a large crowd will be present all day Saturday.

BAND MOTHERS TO HAVE A FOOD SALE SATURDAY

The Band Parents Club is sponsoring a Foods Market sale at 10 o'clock Saturday morning April 16, in Jamison and Clonts Hardware store. An unusual amount of good food consisting of Home made cakes, pies, dressed chickens, roasts, vegetables and fruits and many other things will be on display for sale at a low price.

All of you women come and buy your Easter dinner already prepared saving time and trouble and also help send our band to the San Angelo Contest.

ENTERTAIN MEMBERS OF TUESDAY BRIDGE CLUB

Mrs. A. J. Malouf entertained members of the Tuesday afternoon Bridge Club Tuesday in her home. She was assisted in entertaining guests by Miss Sadie Gabriel. A delicious refreshment plate was served to Mesdames B. C. Anderson, Barney Arnold, W. E. Benedict, D. W. Davis, L. L. Davis, Holt Moseley, Lee Smith, N. F. Mullins, R. R. Stapps, Leone Thomason, A. M. Whitis, Miss Willie Jones, Mrs. John Smith of Benjamin, and Mrs. George Malouf of Paducah.

ED GOSSETT

Ed Gossett of Wichita Falls, candidate for Congress from this district was a visitor to Knox City Wednesday and called at the Herald office. Mr. Gossett is a young man and is well known over the district as he made the race two years ago and was in the run off with Congressman McFarlane and was only defeated by a few thousand votes. He carried eight of the fifteen counties in the district.

He informs us that he expects to make an active campaign and see as many of the voters as possible before the July primary. He expects to visit this town and county in the near future and will probably speak in Knox City.

KENDALL HERE LAST WEDNESDAY EVENING

J. S. Kendall of Munday, candidate for the State Legislature from this district was here Wednesday meeting the voters. He informs us that he expects to make an active campaign covering all four of the counties before the July primary.

KNOX CITY PEOPLE ATTEND P. T. A. MEET

Mrs. Joe Averitt, Mrs. T. S. Edwards, Mrs. A. M. Whitis, Mrs. W. E. Marr and Mrs. Gene Clonts all of the local P. T. A. attended the Thirteenth District Convention Wednesday being held in Vernon from Tuesday to Thursday of this week.

The group registered at nine and attended the business session for officers reports. The outstanding program of the morning were an address on "Child Welfare" by Mrs. Nettie M. Myers of Austin and a panel discussion by school students on "Youth's Responsibilities."

The group enjoyed a luncheon at the Athletic Park prepared and served them by the Chamber of Commerce. The Vernon High School Band entertained during the luncheon.

with them, and the car would top right on over these difficulties. In spite of the snow drifts and the blinding snow storm, Breckenridge was reached about 9:40.

The first contest that Knox City had participants in was the Extemporaneous Speech contest. Knox City was represented by Paul Hoge in the boys division and Ruth McGee in

MERICK M'GAUGHEY ENTERS RACE FOR SUPERINTENDENT

The Knox County Herald is authorized to announce Mr. Merick McGaughey as a candidate for the office of County School Superintendent, subject to the action of the Democratic

primary. Directly after lunch at the Junior High School and a Junior High School boys debate of the state, McGaughey, of Baylor Co. when a small boy but moved with his parents to their place near Vera where the family has lived since 1903.

After attending public schools 20 years, both in the rural and the high schools. He has made a special study of rural school supervision, and those who know him best believe him to be especially fitted for the position of county school superintendent.

He will try to see every voter of the county between now and election day, but he wants each and every voter to know that he would appreciate having you make a close investigation of him as to his qualifications and his ability to make you a good superintendent. If, after your investigation, you believe him to be the right man for that place, he will appreciate your vote, and should he be elected he will do all within his power to render good service.

MISS HOGE HONORED AT STEPHENVILLE

**IN THE SHADOW . . .
OF THE CAPITOL . . .**

By Boyce House
One of the most picturesque individuals to be seen in Austin is Col. Walters who comes down from Oklahoma occasionally to conduct the auctions of oil and gas leases on University of Texas lands. He stands several inches above six feet, weighs perhaps 225 pounds and has a voice that, on a clear day, probably would carry better than two miles. His gold watch chain has links ponderous enough to hold a small log in place and he is proud of an engraved gold medal given him by Chief Bacon Rind.

The Colonel hails from a town with the most unbelievable name of Skedee and on the back of his business card is a poetic gem entitled "Down in Oklahoma" from which we quote:

"We are down in Oklahoma
Where you never have the blues,
Where the bandits steal the autos
And the marshals steal the booze;
"Where longhorns horn the hornets
And give leather breeches a boost.
Where they shoot men just for pastime
And the chickens never roost;
"Where they always hang the jury;
Where they never hang a man
If you call a man a liar,
You get home the best you can."

A LESSON FROM MY PEN

By Annalu Warren

It is a lot of trouble
 But after all it's more fun
 To go on and do things that
 Should be done
 You'll never have regrets
 Or even one little sorrow
 For in the long run
 You'll never have to borrow
 When you grow old and
 Things seem right
 You'll always be glad for
 Your hardships and fight
 Get up early and always be on
 time
 For this is one thing that
 Will keep you in prime
 Be sure and have your
 Lessons when the teacher first
 Calls
 And when the rest are behind
 You'll have no trouble at all.
 Keep your self clean and
 Always be very neat
 And what ever you do
 Don't ever cheat
 When you think that you can
 cheat
 And not one soul will know
 You are cheating your self
 In the long long after glow.
 So be truthful, be faithful,
 And always be fair,
 When the end comes
 You'll say I'll just declare.

A HISTORY OF THE JUNIOR CLASS

By GENEVA WALKER

In the year of 1928, we the Junior Class of 1928, entered Knox City Public School. The memory of that first day still lingers with us. Doyle Graham, Annalu Warren, Emma Sue Thompson, Rowena Hutchenson, Wynette Farmer, and I were in the kindergarden with Mrs. Russel Boyd as our teacher. Mrs. Boyd is now a resident in Knox City.
 At the end of the year, the majority of our class passed to the second grade. What a thrill to receive our first promoter cards! When school opened the next year, we found ourselves truly blessed with a most wonderful teacher, Mrs. Browning. Mrs. Browning is still one of our very best friends and we will never forget her.
 At the end of the second year of school, we were not so glad to pass on to the third grade; in fact we had become so fond of Mrs. Browning and she so fond of us that the last day of school ended with all of us shedding the bitterest of bitter tears. We thought that Mrs. Browning was the one and only teacher for us but the next year which was our third year, Stella Cooner was our teacher and we all simply fell in love with her at the very beginning.
 Mrs. Benton Anderson and Miss Alta Castle guided us through our fourth year of school; and Miss Lorena Rees acted as our guide on our tour through the fifth grade.
 The sixth grade was a happy year for all of us. Margaret Reeder and Mrs. Rotha Berry were our teachers. Miss Reeder

is now a teacher in Port Arthur and Mrs. Berry is residing in Fort Worth.

Sammie Carpenter was our teacher in the seventh grade and a swell one she was too. Mrs. Carpenter is the present seventh grade teacher but she still feels as if she had an interest in the present Junior Class, who used to be her little seventh graders in the year of 1934 '35

In the year of 1935, we entered high school and we really felt important. During this year the Freshman class had the reputation for giving the best assembly programs. We knew practically all the duties of a poor little green fish; due to the information gained from Mrs. Carpenter. Mrs. Cash was sponsor of our class and we really had some swell times. She is now known as "Mable" in the Sunset Schools, but we all still think of her as one of our favorites and one of the very best kinds of sports.

The following year we were Sophomores and Mrs. Roy Baker was sponsor of our class and a grand one she was. This year the "fish" are lucky enough to have Mrs. Baker for their sponsor.

At the beginning of this year we were grand old juniors. We selected Delene Reid as our sponsor. This year has been the best and most enjoyable year of all years and what's more it is not over.

ELECTION OF TEACHERS HELD MONDAY APRIL 4TH

The Knox City High School Board of Trustees had a very important meeting April 4. This meeting was held for the purpose of electing teachers. At the close of the meeting it was found that all of the present teachers had been re-elected for the next term of school which will begin in the fall of 1938. Congratulations!

COMMUNITY CIRCUS WILL BE HELD FRIDAY NIGHT

Friday night at 8:00 o'clock a Community Circus to be presented under the auspices of the Knox City High School Band, the Athletic Club, and the Knox City Orchestra will be held in the high school gymnasium.

Over one hundred performers will make up the troop at the evenings entertainment and just an all round rollicking good time for all. There will be one of Hilarity. Fun, be a dog show, a midget band, a snake charmer, and Indian war dance. Trapeze acts, a bearded lady, a sure-enough Circus Queen, elephants, tigers, and monkeys and through out all the old Gray Mare will go on a rampage! Another treat which can be looked forward to is a surprise which will be the high spot of the evening. There will be clowns and double clowns to keep you laughing and cheering all evening long! All the gay circus music that you have ever heard in your life will be swung as it has never been swung before by the Knox City band and the Knox City Orchestra! Gorgeous cigarette and candy girls will mingle with the crowd and help to make the evening one of the grandest you have ever spent.

This is a must in your entertainment schedule! Don't miss it! Such bright and grand costumes and performances you will never see again. . . Come Laugh and be Happy!!! Let merriment reign — Come one, Come all! Come and see one of the best shows to ever be witnessed in Knox City!

The admission prices are

only ten and fifteen cents and twenty five cents for the entire family.

open your eyes wide, sit on the edge of your seat, and ready pay attention to what was going on? If you would don't miss "Aunt Tillie Goes To Town"

It is going to be one of the most remarkable performances ever put on by amateur performers. If you want to see an Aunt Tillie go to town in the biggest way that anybody ever went to town in more ways than one. Just see the Knox City Senior play, "Aunt Tillie Goes To Town."

It would be well to get your tickets early for April 25 in order to get a good seat because more people than you are going to want to see "Aunt Tillie Goes To Town" It is going to be a remarkable play with a reasonable price so don't miss it! If you do miss it you'll be sorry, don't ever doubt it!

Monday at 1:15 o'clock, the first and second grades presented one of the best of all the assembly programs held this year. Under the leadership of S. B. Eads the program got off to a good start and the first number on the program was a group of songs by the members of both classes.

Next came a charming duet by Mary Lou King and Bobby Bradberry. Such poise and excellence on the stage can not be excelled.

A play, "The Rag Doll" came next, and then came a song and a musical routine, "The Sun Flowers."

The last numbers on the program were a song, "Sunbonnet Sally and Overall Jim" and a play "Rainbow's End."

Dearest,
 Don't you CARROT all for me? Every time I think of you my heart does a double BEET. My love for you is like a SQUASH, and is stronger than an ONION. You are the APPLE of my eye and I think that we would make a lovely pear; do not you my little SWEETPEA.
 Always yours

SOMETHING TO THINK ABOUT

Where can a man buy a cap for his knee?
 Or a key to the lock of his hair?
 Can his eye be called an academy,
 Because there are pupils there?

In the crown of his head what gems are found?
 Who crosses the bridge of his nose?
 Can he use, when shingling the roof of his house,
 The nails on the end of his toes?

Can the crook of his elbow be sent to jail?
 How does he sharpen his shoulder blades?
 Can he sit in the shade of the palm of his hand?
 Or beat on his eardrum hear?
 If the calf of his leg eats the corn on his toes;
 Should he not grow his corn on the ear?

HONORS RECEIVED AT THE DISTRICT MEET

Last Friday morning four Knox City High School students left Knox City bound for Breckenridge for the District Interscholastic League meet.

The roads were reported to be impassable but it just took a Knox City car to overcome the difficulties of the road. When it looked as if the car just could not go through some of the difficult places, all of the K. C. High students would think of what they owed their school and of the honors that they were going to try to bring back

with them, and the car would lope right on over these difficulties. In spite of the snow drifts and the blinding snow storm, Breckenridge was reached about 9:40.

The first contest that Knox City had participants in was the Extemporaneous Speech contest. Knox City was represented by Paul Hoge in the boys division and Ruth McGee in the girls division. The girls spoke first. Immediately after the contest was finished and the decisions were compiled the winners were announced.

Breckenridge placed first in this contest, Eastland placed second, and Knox City placed third. Following this contest the boys Extemporaneous Speech contest was held. Knox City placed fourth in this contest. The school is indeed proud of both of these winners and more especially of Paul Hoge as he is only a sophomore and it is felt that this is indeed an honor because this is also his first time to enter in a speech contest. Directly after lunch the Junior High School and Senior High School boys declamation contest was held. Billy Dean Davis represented the school in Junior boys division and Dickie Mullins represented the school in the Senior boys division. Billy Dean was ranked fifth place and Dickie was ranked fourth place in their respective divisions. These two boys also made the school very proud of them because it is well known that they are both good speakers and it is felt that they will show their abilities in a true fashion in the coming years.

Now why don't you come on "Swiftly?" Give the girls a break.
 Hazel where were you and that "Blue Ford" going Saturday night?
 Nina Mae, why couldn't you be still in the show Sunday?

We happened to meet in conversation with Dr. E. B. Denton one day this week. We found the Doctor sporting a new spring cap and a Henry Clay pipe. Doc tells us that he had been using the old pipe for the past seventeen years and that it was becoming just a little bit stale. We persuaded him to transfer the old pipe to Dan Craddock as he smokes Cotton Boil tobacco. Doc agreed.

TAUNTING the farmers in the western section of Kansas about the scarcity of water on their land has been commonly practiced for years.

A party of autoists was passing through this section of the country bound for the Pacific Coast. One of the drivers, in need of replenishment for his radiator, stopped a farmer along the road, who was hauling several barrels of water on his wagon.

After negotiating with the farmer for the much-needed water, the automobilist inquired: "My friend, tell me, how far do you have to haul this water?" "Oh, only 'bout ten miles," the farmer drily answered. "Land sake!" exclaimed the stranger. "Why don't you dig a well?" "What's the use?" drawled the farmer. "It's 'bout as far one way as 'tis the other."

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

THE EAGLES ECHO

Published by the Sunset High School

The Sunset School was dismissed for two days last week. When the weather got so disagreeable Friday morning, it was decided best not to attempt to have school. The buses took the children who had ventured out to school, home. No attempt was made to have school Friday.

A number of Sunset boys were disappointed Friday when the roads proved too impassible for them to get to the District meet at Breckenridge. The declaimers and other winners in the literary meet simply had to miss entering the district events, since they were held Friday as scheduled.

The volley ball team and the track men are enthusiastically planning their entrance into district events Saturday.

The playground ball teams and the track men are enthusiastically planning their entrance into district events next Saturday.

The playground ball teams are very thankful that their contests have been postponed for a week, since the weather has been against them for the past week. The playground ball games will all be played Saturday, April 23, at Benjamin.

Traphene Wren is out of school this week because of illness.

The Sunset Seniors have ordered their invitations and personal calling cards this week. The class was well pleased with the samples that were shown, and the boys and girls are looking forward to the day of receiving the invitations and mailing them out to their many friends and relatives.

The seniors are glad to have their old "steady" Ida Lou Walling back in their class. She moved and went to Fredericksburg to school for a while, but she came back to graduate with her class at Sunset.

As a result of the presentation of the one act plays "Why Lie About It" and "Yes, Lucy" under the direction of Mr. W. T. Harber and Mr. W. C. Kimbrough the sum of \$21.00 was added to the sweater fund for the graduating letter men of 1938. The outlook for sweaters is still rather gloomy, however since there are twelve boys and girls to receive these sweaters this year, and the fund is still very insufficient for that great need.

TO BE AT SUNSET SOON "MAMA'S BABY BOY"

There has been a tendency for the theaters and stages to imitate real happenings that go on every day. The senior class is presenting a three act play that will simply knock your hat off. It is not all humor. It has just enough to keep you guessing and laughing at the same time. Mrs. Sheppard McLean, a young widow, is in a tight for money. On her summer vacation she met a supposedly rich real estate and stock holder. Mr. Luther Long had immediately fallen for Mrs. McLean but at the same time he was thinking how handy a little of her money would come in. He did not know she was as poor as he. In spite of the money question each had learned to love the other. They both

looked much younger than their actual ages, thus they each suspected the other much younger than he really was.

Juliet Long is a girl of seventeen, very pretty and the typical modern girl.

Sheppard McLean, "Mama's Baby Boy" is eighteen years of age. Mrs. McLean knows that he is liable to give her age away, so she forces him to dress as a thirteen year old child. Un known to Mrs. McLean, Mr. Long has a seventeen year old daughter, Juliet Long. He fears she will give him away so he dresses her as a twelve year child. They have a rip roaring time posing as children. Oddly enough, each has the other fooled. Mrs. Blackburn, Mrs. McLean's mother sees the boy and girl dressed as kids. She thinks the whole thing is a masquerade. She a lady of sixty dresses in a small child's attire.

Mrs. Sheppard McLean, Mrs. Faye Marie Partridge, is a young widow of forty. She looks much younger than her real years. She is a very charming lady and we can't blame Luther Long a bit for falling for her.

Luther Long — is played by Herbert Partridge. Mr. Long is a tall good looking man of forty. He is the type that could get any woman he wants, but he is a settled gentleman who has a great longing for love and money. Herbert has had experience in several of the plays in the last several years. He does a splendid job in the present play.

Sheppard McLean is a good looking lad of eighteen. He is much along the athletic type and is evidently a "lady killer". He is very light and frivolous in manner and his chief aim in life is to have a lot of fun. This part is played by Fuller Shannon. He also has had experience in the past. He plays "Mama's Baby Boy."

Juliet Long is a girl of seventeen, very pretty and the typical modern girl of today. This part is played by Nell Nix. You will agree that she does a splendid job of acting. She is also "Daddy's Baby Girl."

Mrs. Matilda Blackburn, Marguerite Jarvis is a sweet old lady in her sixties yet she is bright and peppy. She furnishes a barrel of fun. Marguerite plays the role as an experienced hand.

Cynthia Anglin, Lillian Hackney, is a former sweet heart of Mama's Baby Boy.

Wilbur Warren is played by Buddy Bumpas. I'm sure that none of you will need an introduction to him. He is everybody's favorite, very light and mischievous in manner.

Sylvia Kline is played by Francis Gray. She is Wilbur's girl friend.

Max Moore, a breezy real estate agent is, played by Askelon Stogner. He carries the salutation to the play in this brief case.

Minnie a young colored maid is played by Dorothy Gammul. She is constantly mixing up her

Mistress's plans and she is very easy to get excited or tickled. Her chief worry is to get her back wages. Dorothy does a swell job impersonating a negro. She puts those giggles and excited expressions just where they fit just right.

Mrs. Carlotta Anglin, played by Loveda Check, is a friend of Mrs. McLean's.

Remember the Sunset Seniors present the play, "Mama's Baby Boy" in the Sunset Auditorium, Wednesday evening, April 20. Special music will be furnished by the Knox City High School Band. The between act numbers will be under the direction of Mrs. N. I. Underwood.

Following the play high school juniors and seniors and their teachers are invited to attend a reception in the Sunset School Auditorium.

Plan now to see "Mama's Baby Boy"

SUNSET SENIORS ... ON PARADE ...

Le Roy Henderson

Le Roy Henderson, son of Mr. and Mrs. M. M. Henderson, was born April 3, 1920 in the Red Top Community. When Le Roy was six years old, he started to school at Red Top. He continued going to school at Red Top until he was in the 7th grade. Then he started to school at Sunset, and he is completing his High School work here this year. Le Roy is senior reporter for the Eagles Echo. He played on the Junior basketball team for three years, ran on the Junior track team for two years, and played junior baseball team for two years. As a senior, he ran on the track team three years and played basketball for two years.

Le Roy is very dependable member of his class and always takes part in anything that there is to accomplish.

Also he is making very good grades. He is one senior boy who has stayed on the honor roll all during this year.

His favorites: Subject — Music Song — "Heigh Ho." Sport — Track Girl friend — Flirtatious Blonde

Teacher — None of them Le Roy plans to attend John Tarleton next year.

THRILLS AND SPILLS ...

Some seem to have been getting a little angry about what has been being published in this column, but after all remember it's just thrills and spills and all comes in good clean fun, but in case you want to say something about it, just come to our private office and talk to us in private, please.

Well it seems as if a freshman boy has really beaten your time Lemuel. But still you do not seem to be doing so bad with that freshman girl either. It also seems as if E. G. Parkhill still has some good times with a certain girl of good old S. H. S. You'd better watch your step E. G. or that K. C. girl of yours will find it out.

It is also very queer that Buddy Bumpas isn't ever seen with a farmer's daughter any more.

We have all begun to wonder where the Gray girls stay. We can not find out anything Fuller Shannon almost got up enough courage to ask a Sunset Junior girl for a date Saturday night, but somehow his courage failed him. Maybe you'll have enough courage next time, Fuller.

Then maybe she might say no at that.

There certainly must be some thing very interesting outside

Eagle Cagers Receive Letters

DENTON, Texas — Eight of the nine North Texas State Teachers College cage lettermen pictured here receiving their service awards will be on hand April 11, when Coach Henry G. Pete Shands opens the first basketball spring training camp in several years at the Denton Teachers College.

Lone Star Conference champions the past season for the

first time in the circuit's history, the Eagles already are looking to their title defense. More than 20 aspirants will report for the three weeks' cage practice period.

President W. J. McConnell is shown here presenting the first leather jackets ever given to North Texas basketballers. This year's champions received jackets in addition to their usual gold eagles and bars.

Seated, left to right: Dean Theron J. Fouts, Captain-elect Dan Yarbo of Forsan, and Coach Shands. THE WAITING CANDIDATES

Candidates for state office have much talking to do in the 16 weeks remaining before the July primary. So far the voters are in the dark as to the attitudes of the several announced and prospective candidates for governor or any of the important questions which will shape the campaign. The campaign, as is usual in this state, will be largely one of personalities rather than issues, but the candidate who believes that he can appeal successfully to the voters without declaring himself on public questions may be in for a rude awakening.

The fact that so many of the candidates are delaying longer than usual in announcing their platforms suggests to many voters a desire to carefully sound out public sentiment, to be careful to take the popular side; in other words, to let expediency, rather than forthrightness direct the job of platform-writing.

Shall old age pensions be administered on the existing plan, shall they be made more liberal, or less so? Shall Texas adopt the sales tax. What is to be done about state finances?

And that question calls for a more explicit answer than a mere promise of economy. Many voters will want to know each candidate's attitude on by drink liquor sales and on legalization of race track betting. The question of the unicameral legislature holds the interest of more voters than the politicians perhaps realize.

One announced candidate, C. E. Farmer of Fort Worth, has a platform that calls for a much more liberal policy of old age pension payments. He is developing considerable support, some observers believe and may be a more formidable factor than seemed likely at the start. His campaign may have the effect of serving notice on other aspirants that they must make their views known. In a race where the lack of forthrightness is general, a candidate like Farmer who has declared himself and who is appealing to a special group, has something of an advantage.

The picture that is presented now, of the several aspirants dealing largely in generalities, each waiting for the other to follow to give him his cue, is not an edifying or inspiring one. Let us hope that the campaign gets on a higher plane with a much greater display of sincerity, before long.

NOVEMBER PROSPECTS

Leaders of both major parties are beginning to fix their eyes on the congressional election of next November as an indication of what may happen in 1940. Loss of Democratic control of the House of Representatives is remote, as this would mean an overturn of 118 seats; but Republicans claim they are going to capture forty to sixty places, while Democrats concede not more than a dozen.

Political and economic developments of the next few months may give the November election a much different aspect. In 1896 an August upturn in the price of wheat was credited by many for McKinley's victory over Bryan, but a buoyant stock market in the late summer of 1932 failed to save Hoover. Undoubtedly the current slackness in business and industrial activity is losing votes for the Democrats

and will lose more if it continues.

In hard times, the party in power invariably gets the blame. It seems extremely unlikely, however, that the present recession will deepen enough to bring conditions approximating those of 1932 with its effective political results. Deposit insurance and other measures have restored confidence in the banks and thus removed one of the most potent causes of business paralysis and panic in 1932 and the early months of 1933. Farmers are also in a much more favorable position than they were then and seem likely to remain so.

Aimless Republican leadership has failed thus far to take much advantage of the cooling of many of the Democrats toward Roosevelt. The G. O. P. is still without a program and without a leader on whom the whole party can unite. It will have to offer more counter-attraction than it now has if Republican candidates are to usurp many Democratic seats in Congress this fall. — Dallas News.

AMEND THE TAX BILL OR KILL IT

The conduct of the majority of the members of the Senate Finance Committee—a combination of "Old Guard" Democrats and "Old Guard" Republicans—would gladden the heart of "Andy" Mellon, if that gentleman were still occupying his old post in the Treasury.

Boiled down to the fewest possible words, what Senator Pat Harrison and his supporters propose is a sharp cut in the taxes of the very rich and a corresponding increase in the tax burden of the poor and the moderately well-to-do. That would be an atrocious proposal at any time, but to press it now, when the American people are still at grips with the depression, is an unpardonable betrayal of the public interests.

When President Roosevelt proposed a revision of the tax laws he had in mind the elimination of inequalities and injustices. The House committee made an intelligent effort to carry out that idea. Unfortunately it did not succeed. A powerful lobby succeeded in having the House bill drastically amended. As finally passed, it contained half a dozen provisions which smell to heaven.

One of the worst of the changes made by the House was the defeat of the tax "neutralizing" family holding companies. Everyone knows that these holding companies are devices to enable the members of rich families to dodge their just taxes. It was put over largely because the owners of powerful newspapers would be the chief beneficiaries. For all practical purposes, the House might as well have voted to give these greedy individuals \$50,000,000 a year out of the public Treasury.

That is only one example. There are many others. According to Congressman McFarlane, the lobbyists have inserted enough "loopholes" to deprive Uncle Sam of hundreds of millions of needed income.

Encouraged by what the House did, Senator Harrison and his cohorts now propose to go much farther.

When similar legislation was put forward by Republicans in the days of Harding, Coolidge and Hoover, Democrats cried "Turn the rascals out and give us a chance!"

Well, the people gave the Democrats their chance. They have such a majority in the Senate it would be difficult to locate the Republican minority. Senator Harrison needs to use that majority to pass legislation which is as bad as anything the Republicans ever suggested.

Of course Progressive Senators will oppose this monstrosity. If they fail President Roosevelt can save the situation. He can veto the bill. In that event, the present tax law would stand, and, whatever its inequalities may be, it is a lot better than the measure of the Finance Committee contemplates pitting over.

It turns out that the appeal of the little business men for relief was not wholly in vain. The Government is going to give them a nice new nickel.

The tomato plant was brought to the United States in 1820 at a time when it was only used as a decoration.

Do you want to SAVE MONEY?

The Standard Coupe

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in — as well as easy to buy and run. There's a Ford dealer near you.

Winnie Mae can't seem to make up her mind whether it will be Benjamin, Rochester, or Knox City. Why don't you compromise? Say... Sunset.

Aldene is always so busy. Glenn has quit dating so much lately. It seems as if Benjamin just doesn't care.

Mary Helen seemed so happy and Bobby was so mad after their company from Seymour was over.

Say Pee Wee does the boy friend have a new car?

Doris, you and your Hunter looked very happy Saturday night.

Doris are all the difficulties over? ahem...

Edna come on don't do the poor boy that way. Why didn't you go with J. R. Saturday nite.

Rowena, now just "where" did you go Sunday night, and what do you mean by "I just can't break th' habit of you?"

It seems as Mama's baby boy Rufus White had a very good time Sunday evening. Could it be Doris Elaine?

Wynette can't you make up your mind whether it's Buddy or Winston?

Joe Warren you had better watch out. Maurice is beating your time with "Little Red."

Glenn can't you make her eat pop corn, you know, that certain "Little" Junior girl.

Say Bug, how were you doing Sunday afternoon? From all reports you were doing O. K.

It seemed as if Mary Frances, Geneva, and Dorothy Ruby, were really having fun Saturday night, and the old saying that home town boys are the best after all still stands with these three anyway.

Snooty you have forgotten to take your Alka-Seltzer this week.

Everyone tells Faye "Its nice work if you can get it" After all there's a thing called rest. And everyone likes it, even a "fish."

We hear Dorothy and Roch

chester are just like this but they are not, I betcha.

Maurice you shouldn't go to bed so early Saturday nights. But it is a good habit.

Now Marjorie just calm down! We all get "that away."

Doyle it seems as if you must have had a good time Saturday night, it couldn't have been with "Little Bumpas" could it.

Dorothy, do Highway Patrolmen frighten you, could it was. We suggest you slow down a bit, you travel much too-oo-fast!

What is this we hear about this Fish and Soph dance club, now, some people think you are too young, but you are not, Loo to you.

Can you imagine Mary Frances cooking bacon and eggs and Dorothy washing dishes? We couldn't either but we think it is because they were trying to show off for their Sunset guests.

Ruth McGee tells us that she had a wonderful time at Breckenridge Friday, steady, Ruth.

Yours 'till the Fire Truck, Suzy Q. Simpleton

to be presented for the enjoyment of the school will be under the auspices of the band. This will surely be a program to look forward to, and an invitation for more of the mothers, fathers, and towns people to attend is extended.

THE HAND OF YOU

No Author

Sometimes when shadows cross my path,
As shadows sometimes do,
I reach my hand across the mist
And try to touch the hand of you.

I know the sun is in the sky
I know true love is true—
But, oh, it comforts in the dark
To touch the hand of you.

Through all the silence of the year,
Through friendship old and new
The dearest memory of my life,
I touched the hand of you.

Clouds and sorrows came along
We all must have a few
But through them all, please God,
Let me still touch the hand of You.

Mr. Maxey Henson and Troy Wells of Seymour were visitors in Knox City Sunday afternoon.

Annalu Warren, Anna V. Carr, Marie Darr and Ruth McGee attended a League meeting in Shady Sunday afternoon.

CHRISTIAN CHURCH TO HAVE EASTER PROGRAM

Our services on next Sunday will open with the Sunrise program beginning at 6:15. This is a community service with other churches participating.

The morning preaching services will be held at 9:45 to be followed by communion and Bible School. In the evening there will be a union service at the Baptist church.

Sunday morning will be the beginning of a week of revival. There will be the morning and evening services each day, the former at 10:00 o'clock and the latter at 8:00. Our work having recently begun in this community we have not had opportunity to meet many of the Christian forces of the town in church services. We are hoping that this series of meetings will give many of the folks from

other churches an opportunity to attend services with us and we shall appreciate this fellowship very much. Your presence will be an inspiration and encouragement to us and we hope you may profit from worshipping with us.

C. E. Cogswell, pastor

Revival services are being held in Benjamin this week by the pastor, C. E. Cogswell. Good interest is being shown by the people of the town. The morning services at 10:00 are being held in the Assembly Room in the court house to accommodate men who might like to attend and would not find it convenient to go to the church.

NEWS OF THE CHURCH OF THE FOURSQUARE GOSPEL

We extend a hearty welcome to the public to attend the two weeks revival, services beginning Monday, April the eighteenth. Brother Floyd

Dawson of Lubbock will be preaching. Brother Dawson has held revivals at both Weinert and Gilliland. We are happy to have him.

Services will begin promptly. We were happy to be represented by our pastors and several crusaders at the Texas Foursquare Convention in San Angelo last week.

Order of Church Services: Sunday School — 10:00 a. m.

Morning Worship — 11:00 a. m.

Sunday night crusaders service — 7:30 p. m.

Sunday night, Evangelistic Service — 8:00 p. m.

Revival Services every week night — 7:30.

Everybody is welcome.

R. A. BOYS WIN OVER THE BENJAMIN TEAM

The J. B. Lawrence R. A. soft ball team, number one of Knox City, played Rev. Blaine's R. A. boys at Benjamin Wednesday of last week. The Knox City R. A. boys won over the Benjamin R. A. boys by several scores. The Benjamin R. A. boys promised to come to Knox City soon to play a return game.

The R. A. team number two all Junior boys played the Union Grove school team Monday afternoon this week. The game ended with the R. A. boys in the lead.

There are twenty-two boys enrolled in the Royal Ambassador Organization. They meet every Monday afternoon at 4 o'clock and render a program that is well worth the time of every boy present. Gerat Ave. is Ambassador-in-chief and J. J. Denton, leader.

SCIENCE AND ENGINEERING JOIN TO DEFEAT RURAL LIFE ENEMIES—ROAD MUD AND DUST

Left—Science has proved that mixtures of natural soil materials, held together by moisture, can convert this typical mud "road" into one that is as dustless in August as it is mudless in April.

Right—When it isn't mud, it's choking dust. Another road that will yield quite cheaply to science's formula for making good rural highways.

Once not more than a mud road like the one pictured above it, this Virginia thoroughfare resulted from the proper mixtures of local soil materials and calcium chloride to give a "stabilized" surface of the type recommended by the U. S. Bureau of Public Roads for low-cost, all-season purpose.

Science and engineering effectively have combined forces to fight those twin evils of rural life—road dust and mud. Making use of just such soil materials as may be found in almost any county, plus a moisture attracting chemical, the United States Bureau of Public Roads has developed formulas for building low cost, all-season roads that from now on likely will get a bigger share of Federal construction funds if the clamor for better secondary highways is any indication of future trend.

The Bureau has found that tiny drops of moisture form the key for locking soil particles together. In road making, definite proportions of granular materials and very little clay, plus some moisture tend to bring about what is called a "stabilized" condition which results in a road tread that is quite hard and, with proper maintenance, is as dustless in August as it is mudless in April. Traffic of the kind usually found on "farm-to-market" roads actually operates to make a better road instead of breaking it up. This is because the

"stabilized" road materials are compacted even more by the rolling weights above.

How to provide and maintain the necessary moisture during dry months was the problem. Then chemistry stepped in with a substance—calcium chloride—that, when spread on the road, absorbs moisture directly from the atmosphere and keeps the road surface damp.

Experimenting independently in an attempt to find a type of road that would cost little, yet provide a good surface for the greatest number of people all year round, the highway departments of several states followed the lead of Michigan and also developed dustless, mudless roads of the stabilized kind. Now thousands of miles of chemically stabilized roads serve rural and resort areas of Michigan, Indiana, Ohio, New York and other states. In these areas travel was not enough to justify spending \$7,000 to \$20,000 a mile for heavy traffic pavements, but quite enough to warrant spending from

\$650 to \$2,500 a mile for full stabilization.

Where funds are extremely limited, spreading calcium chloride to eliminate the dust is the best thing to do. This costs from \$150 to \$300 a mile. A little more money may make possible a "partial stabilization," accomplished by adding to the road an inch or so of properly proportioned topsoil or pebble-soil, clay and chemical. Sand-clay mixtures and crushed shell also make highly suitable ingredients in this method of road improvement. The "consolidated" surface resulting from this improvement measure not only takes care of the dust nuisance but eliminates spring mud, too. The following year this step can be repeated to give a thicker wearing surface. Highway engineers call this "stage" construction of a stabilized road. It is a pay-as-you-go way of building a fully stabilized road over a period of years, but providing a nuisance-free highway in the meantime. Of course, full stabilization is desirable if funds are at hand.
