50 Attend Guest Program

Monday afternoon an attendance of more than 50 women and girls of the Methodist church to the guest program which was arranged for by the Missionary Society added fervor to the very splendid program which was given.

The program was opened by group singing to be followed by a devotional on Prayer given by Mrs. T. S. Edwards. Mrs. Edwards chose as her scripture reading a portion of the 17 chapter of Saint John. Mrs. J. A. Wilson led the Devotional prayer.

Among the interesting numbers given by the young people of the church was a piano solo by Miss Mary Leone Hoge, a very splendid number by the three Misses Edwards and a vocal solo by Miss Mary Lou Graham.

Poster presentation was conducted by Mrs. C. C. Hoge at which time Mrs. J. H. Sharp discusses Cuba and Mrs. S. M. Clonts, Brazil. Due to the shortness of time and the splendid talks which were yet to follow, the poster presentation was discontinued at this meeting, to be concluded at another meeting of the society.

Mrs. Morris Randall Speaks

The ladies had the very great pleasure of hearing Mrs. Morris Randall District Secretary of the Missionary Society of Seymour speak. Her subject "The appeal of the Organization to the women of the church" was most capably handled. Following, Mrs. H. L. White, president of the local society, distributed membership cards, giving anyone who desired a chance to become a member of the organization.

Reverend J. H. Sharp made a very appealing talk to the ladies present, urging that all accept the burden and privileges of the church. The meeting was dismissed by a word of prayer led by Mrs. J. W. Smith, sandwiches, pickles and ice tea were served.

In the afternoon of Friday June 17th Mrs. Vance Favor entertained four tables of Bridge honoring Mrs. Ferguson of Amarillo and Mrs. Carpenter of Hart Texas. Cut flowers were used attractively about the reception rooms and a salad collation was served.

Mr. J. F. Griffith announces this week that Reverend Cameron of Rochester will preach at the eleven o'clock hour Sunday at the Knox City Church of Christ. Every one is cordially invited to attend the service.

Holt Moseley, Mace Moseley and Dick Cook of this city with Mr. Gene Hunter of Haskell spent three days last week wishing at Leuders. They caught plenty of fish but failed to enjoy the storm which caught them there.

Mrs. D. W. Davis entertained at Bridge Wednesday afternoon honoring her guest Mrs. J. D. Janes of Abilene. Other out-of-town guests were Mrs. Tankersley of Arlington and Mrs. Laughlin of Robstown. Four tables of players enjoyed the games and a salad course which was served.

Little Miss Evelyn Shaver, 10 year old daughter of Mr. and Mrs. Dick Shaver of Rochester, was in the Hospital Wednesday with a broken arm. Evelyn was riding a donkey and went to jump off and fell on her arm.

K. Suman, J. A. Wilson and J. C. Campbell went to Lake Kemp Wednesday fishing. John says they had fair luck.

Fats Win Over Leans 25 to 20

Indoor base ball has gotten a foothold in Knox City. Wednesday afternoon the fat men of the city, in a clever, comical game, won over the lean men in a score of 25 to 20.

The game started only about 30 minutes after schedule time but fast play on the part of all soon made up for the delay. Shorty Youngblood became a regular Babe Ruth, for Shorty hit the ball every time it was at bat (when he didn't hit it).

Sam Clonts made many good catches while perched on second base. The only thing, Mrs. Clonts says next time Sam plays, she will bring down the rocking chair for him.

Victor Pycatt doesn't need a stage or platform for acting. He just put him on a chair and throw him a ball. Victor is pretty good. Any way, Victor is pretty good before the score reached 20 for his team.

Entered in the Postoffice at Knox City, Texas for transportation through the mails as second class matter.

On Thursday of last week the lady editor and son Mickie motored to Mineral Wells where we attended the Texas State Press Association. We were accompanied as far as Breckenridge by Mrs. Short and daughter Addie.

The press meeting was fine this year. The divisional meetings held (we attended the weekly division) were sources of information to those present. Many valuable points concerning news, advertising and the publishing of a weekly newspaper were given at our meeting.

One fact given us for continued exact repetition was that concerning the word "depression". Mrs. Helen Jane Lindsay, who is head of the music department of Texas Woman's in Fort Worth, gave us this bit of information and asked that the editors of Texas pass it on. Mrs. Lindsay's American people observe a typographical error in the pronunciation of the word "depression". Correctly

it is "do-press-on", and in this light, Mrs. Lindsay says, we'll make the grade if we really will press on.

Another thing which made this press convention interesting to us was the fact that Mack's mother and sister, Mrs. J. A. Sweeney of Thron-ton, and Mrs. Gladys McLelland and son of Wortham, met us on Friday to return home with us for a visit of a week or so. It is they whom we have the pleasure of having in our home this week.

TO WHOM DOES THE CHURCH BELONG?

The citizenship of Knox City has reached a stage in development of town interest and entertainment to where the question is asked: "To whom does the church belong?"

In Knox City one automatically thinks of the Baptist church as belonging to God and that being the house to which people go who want to gather in a service of worship. While the Methodist church of this city is automatically thought of as the public gathering hall for all entertainments. And why the difference?

Due to the fact that Knox City has no town hall, no indoor gym or other place entertainments, games and the like for its young people; the people of the Methodist church have tried to supply a place for whole some entertainment and have allowed the basement of the church to be used for various socials. But in their generosity, the good people have lost sight of the fact that the church was

last becoming, in the minds of the town's young people, only the place for entertainment.

Knox City is fortunate to have a church in its midst like the Methodist church here; it is likewise fortunate to have a full time preacher in the town like he who serves the local Methodist church. It behooves the membership of the church to stand squarely behind its pastor when he serves, exhibiting the love and respect for the house of God that our Methodist pastor has shown.

Never has Knox City had a more earnest worker than the present Methodist preacher. But the church may entreat, exhort, and persuade but never compel any to take the right course. It rests with the individual to decide the course which he must take.

Personal and religious freedom often make a good alibi but as time goes on more is demanded of the word freedom. The past was satisfied with the crumbs of religious freedom but the present demands the whole loaf.

It is well to remember that the greatest evils that have afflicted the world have had small beginnings.

To make God and the church first in the affections of the people is to edify God and the church.

The church is commonly known as the building for Christian worship and a church congregation is all christian believers collectively.

We gather therefore, that the church being a house for Christian worship, belongs to God and that any service not pertaining to the worship of God is wholly out of order when conducted within the room or rooms of any church.

We hope that our readers find time to reason together and to meet and greet the local Methodist preacher who is so earnestly striving to serve God in our community.

The Herald stated last week that Mrs. C. B. Teague had accompanied her grand daughter, Miss Ruth Ham-mock, to college in Canyon. It was our intention to say that Mrs. Teague would remain in Canyon during the time Miss Hammock is in school this summer. Anyway, word comes this week from Mrs. Teague and she states she is taking a perfectly good course in cooking and sewing and that she is her own instructor.

NEW TIRE TAX, LEAVIEST OF ALL AUTO ACCESSORY LEVIES SAYS ASHROFT

Firestone Dealer Says Prices Will Be Unchanged Until Date Tax Becomes Effective

Announcement was made today by Jimmie Ashcroft of the Ashcroft Chevrolet company, Firestone dealers, that tire prices, now the lowest in history, will remain unchanged until midnight, June 20, when the new excise tax of from 10 to 15 per cent on tires and tubes becomes effective the highest tax on any automobile accessory.

"A few days remain in which it is possible to save from 10 to 15 per cent by buying Firestone tires now," Mr. Ashcroft said.

The new billion dollar revenue proposed by the President will have a stable of increasing many prices. "The thrifty will see a lot of taking advantage of the low prices."

Prices on all grades of Firestone will remain at the lowest until the date tax becomes effective as long as our dealers and the car and truck owners who act promptly will have the full benefit of the saving."

Mrs. Barney Arnold entertained afternoon Bridge Club Tuesday in the home of Mrs. Sam Anderson. Shasta Daises and Petunias were used attractively about the reception rooms. The four tables of players included the club and three guests, Miss Margaret Reeder, and Mrs. T. P. Frizzell of this city and Mrs. James of Abilene. Following the games refreshments of sherbert and cake were served. The club meets next with Mrs. Russel Boyd.

We are glad to report that Mrs. B. E. Leitch is improving from her illness of some few weeks.

JACOB THE AGED FATHER

Genesis 46:1-7; 28-30; 47:7
Pharaoh had personally invited Jacob to come and take the journey in the 'wagons of Joseph.' Our Master Teacher is gracious in giving us aids to faith, for many are still slow of heart to believe, like the two who walked and talked with Jesus on the road to Emmaus. Those who do not believe God are those who simply will not, for the proofs concerning throughout the ages.

Heart-hunger helps Jacob to become willing to enter upon the tollsome journey to Egypt. There are to be five more years of famine and then the appeal to change residence to another place where food can be found.

In Hebron was the place of ancestral burial. On this traditional site are the most venerated shrines of the Mohammedans. Care is taken to bar all others but Moslems from visiting this shrine.

All anxiety was removed at Beer Sheba. There Jacob had further audience with God at the altar of worship. This change of home was in the purpose of Jehovah as we read the promises made to Abraham, Isaac, and Jacob. Jacob was a shepherd so he was given a section of land in Goshen, which lay east of what is now Cairo and contiguous to the Red Sea. Reuben was sent to announce their coming.

The aged father met the first born son with outburst of thanksgiving. The meeting with Pharaoh was formal indeed, but he extends full courtesy. Read the rest of the narrative to the ends of Genesis.

Read the Golden text as found in (Genesis 29:12).

The groundless fear of the brothers is renewed until Joseph assures them that forgiveness has been granted. What is our relationship with God? Read (Psalm 103:12).

... THROUGH CASTORIA'S GENTLE REGULATION

The best way to prevent colic, doctors say, is to avoid gas in stomach and bowels by keeping the entire intestinal tract open, free from waste. But remember this: a tiny baby's tender little organs cannot stand harsh treatment. They must be gently urged. This is just the time Castoria can help most. Castoria, you know, is made especially for babies and children. It is a pure vegetable preparation, perfectly harmless. It contains no harsh drugs, no narcotics. For years it has helped mothers through trying times with colicky babies and children suffering with digestive upsets, colds and fevers. Keep genuine Castoria on hand, with the name:

We Have All Helped to Make ELECTRICITY your most inexpensive servant

The West Texas Utilities Company strives constantly to provide electric service more economically. That's one reason why your electricity is so inexpensive today.

There is another reason. With the rate schedule arranged so that the unit price is less with each additional use, our customers have reduced their own average rates by applying electricity to more and more of their household tasks.

This working arrangement between customer and company makes electric service constantly more useful and constantly lower in cost. As you make fuller use of the service, your rate is always going down.

The Way of Life

By Bruce Barton

It is sometimes my sad fortune to have to deliver an afterdinner speech.

Few experiences are more depressing.

One sits up at a high table like a specimen at the zoo. One waits with increasing discomfort while the toastmaster works slowly down the line, and tries to look appreciative as the other speakers unfold their solutions of world problems with a sprinkling of stale jests.

Only now and then there is a bit of compensation. The other night, for instance, I found myself beside Strickland Gilliland. He ate sparingly, and when I remarked on it, he said: "I always have to feel well tomorrow. If you live today so that you will feel all right tomorrow you don't get into much trouble."

That made me think that you can estimate men according to their attitude toward tomorrow.

How many tomorrows can they see? How much are they willing to sacrifice for tomorrow? How much do they dare to trust?

A day laborer can see only a half dozen tomorrows. He must be paid every week. An entrepreneur may cheerfully invest half a life time in a new business from which not he but his children will profit.

Artists and writers have been known to disregard entirely the near tomorrows, pinning their faith on the farer and more enduring verdict of prosperity.

The prophet, of course, looks farthest of all. Stephen, on his way to death, cried: "Behold I see the heavens opened." Jesus, about to be crucified, assured His disciples: "I have overcome the world."

It strikes me that what we need these days is the habit of taking a little longer look, envisaging a few more tomorrows.

Some of us act as if this present distress were the first test of the world's endurance that has ever come. We are afraid that it is not a straightened, but an immediately civilization will fall.

It is not a test of the world or of civilization, as it is a test of us. It is like the war. Some of us lost courage, and said: "It will never end," and I thought only of ourselves. Others came and looked back with satisfaction on the record they made then.

Today we are making another record on which we must look back.

Back from some future and better tomorrow.

Sunday afternoon a Ford car was stolen in Munday and just as the driver had time to motor to Seymour, the officers had time to send word there and the car thief was arrested at the bridge and relieved of his vehicle. As a result, one more man is in the Knox county jail.

Fifty a day!

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active aenna, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

THE PEOPLE OF TEXAS MUST DECIDE THE FATE OF TEXAS RAILROADS

● THE WELFARE of Texas and Texans has gone and will always go hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employees, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employees fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in purchasing power in Texas communities. There has been a corresponding decrease in purchase of materials and supplies by Texas railroads. The ability to have maintained railroad payrolls and purchases would have been a very important factor in overcoming the present trying economic condition.

The decline in railroad payrolls and purchases is due only in part to economic conditions. The revenues of the railroads have been affected not only by business conditions but to a very large extent by loss of traffic to trucks and buses using the public highways in competition with the railroads.

● The time has come when the people of Texas must decide whether the traffic of this state can best be carried by the railroads, using facilities which they built and maintain at their own expense, or by trucks and buses using the highways built and maintained at the taxpayers' expense.
