23 ANNUAL MEETING OF TEXAS W M U

The Herald is authorized to announce that on April the second and third, in Abilene, the twenty third annual meeting of district number seventeen of the Texas Womens Missionary Union will be held. The first day of the meeting, Thursday, a very consistent devotional program will be given with reports from the corresponding secretary, treasurer etc. in the morning. Education is the theme of lectures for Thursday afternoon, with a drive to Simmons University at four thirty. Thursday evening interest will be centered on "our young people," a feature of the program to be played by students of Simmons. Friday morning is designated as President's Hour and Missions will be the center of interest Friday afternoon. The closing hours will be given to the election of officers and the selection of a place for the 1932 District Meeting. Those from Knox City who plan to attend this meeting and spend the night are asked to notify Mrs. John J. Jones, 4646 North Sixth, Abilene, Texas. Homes will be provided for all who wish to spend the night. When you arrive in Abilene, go to the Baptist church where you will be welcomed and assigned a home.

PROCLAMATION BY THE MAYOR "Spring Clean-Up Week"

Whereas, an Annual Clean-Up Campaign has become an important medium in each year's program of civic advancement; and Whereas, it is impossible to estimate the vast number of lives saved each year by a thorough "Clean-Up" of all regions where the accumulation of the winter months has developed into a menace and a producer of disease and fire danger; and Whereas, the official records of this State reveal that the health of our citizens and the danger of fire is greatly increased by "carelessness" in the homes and business districts in permitting the accumulation of trash, rubbish and untidy conditions; Now, therefore, I, E. B. Denton, Mayor of the City of Knox City, Texas, do hereby designate the period from April 5 to 11 (inclusive) as Spring Clean-Up Week in Knox City and I call upon every man, woman and child to diligently observe the occasion by clearing away all things that menace safety from fire or the public health, stored within their homes or their places of business. Given under my hand and seal of office, this the 21 day of March, A. D. 1931. E. B. Denton, Mayor.

DOUBLE SHOWER

Two brides of recent dates, who were popular among the young people of Knox City, were honored last Friday night in a double shower given in the home of Mrs. S. L. White. The large number of guests, fifty or more, were favored with a song given by Mrs. Press Clarke and Mrs. Gordon Acker. Following a most unique dialogue was presented, the participants impersonating the two newly weds and their husbands. The conversation took place at the improvised yard fence and was greatly appreciated by the guests. The climax of the dialogue was presentation of gifts, which proved to be many in number and well chosen as to beauty and usefulness. The two honorees were also presented a cook book each with the favorite recipe of each guest written therein. Refreshments of ice cream and cake were served.

C. W. ASSOCIATION TO MEET MONDAY

The regular meeting of the Christian Womens Association will be held next Monday afternoon at three o'clock at the Methodist church. Mrs. S. M. Clontz, president, urges all women of the various churches to be present. This organization is composed of the christian women of Knox City and each church should have a large representation. The C. W. A. meets only every three months and for that reason every woman should make an effort to be present.

The Amateur Gardener Starts His Spring Exercise By Albert T. Reid

REAPER CENTENNIAL CELEBRATION AND POWER FARMING DAY A DECIDED SUCCESS

The excellent attendance at the McCormick reaper centennial celebration held Friday, March 20 by Jamison-Clontz, McCormick-Deering dealer, may be taken as an indication of the interest in the development of power farming equipment held by farmers in this community. Jamison-Clontz are to be congratulated for arranging a program of this kind. The full-size working model of McCormick's original 1831 reaper was interesting, both from an educational and historical point of view. The world may well honor the man whose inventive genius produced a machine so important to the advancement of agriculture. The motion picture, "Romance of the Reaper," shown for the first time in this community, was of special interest. The pictured story of the building and development of the reaper placed a new importance on the value of this machine as the starting point for the long line of power farming equipment which has followed in its wake. Because of the unusual large attendance, the show was given twice, Friday morning and in the afternoon also.

COMMITTEES APPROVING APPLICATIONS

The Community and County committees of the Feed, Seed and Food Loan are busy now approving applications for loans from the government. The county committee held a meeting Monday afternoon at four o'clock in the office of the Knox City National Bank. Some thirty of more applications were approved. Applications for these loans must first be approved by the community committee then by the county committee. Mrs. C. R. Elliott of Benjamin visited in the Hospital Monday.

Hospital Notes

Patients in the hospital this week are Mr. Pillow who is with the bridge crew north of town, Mr. Quails of Rochester, Mrs. Lillie West of Rule, Mr. George Decker of Rhineland, Mrs. Annie Yarbrough of Red Springs, Mrs. Betts and daughter, Ann of Haskell, Mrs. S. E. Youngblood of Knox City, Mrs. French Robinson and daughter, Emily Christine, of Haskell, Mrs. Ford Waldrip and daughter, Margaret Ann of Knox City, and Mrs. J. H. McGee of Knox City. Mrs. John Martin has sufficiently recovered to go to the home of her sister, Mrs. Tom Martin, before returning to her home in Wellington. Mrs. Beulah Lea returned to her home Monday. Dr. Farrington of Monday was in the Hospital Tuesday in a professional visit. Miss Jonnie Cowan of Rochester is on special duty this week for Mrs. West.

AT THE METHODIST CHURCH

The March study of the messages in Revelations to the seven churches of Asia Minor ended with last Sunday evening. Next Sunday we begin a series of sermons from the experiences and teachings of Jesus during Passion Week. His last week in the flesh. Sunday will be Palm Sunday. The morning subject will be The Triumphal march that did not end at Jerusalem. The subject of the evening hour will be The "It" Tragedy. Read Matthew 21:1-17, Mark 11:1-11, and Luke 19:29-46. This series of sermons will continue throughout next week each evening at 7:45 except Saturday evening. We are earnestly praying and expecting that this may be more than just a series of sermons. We want it to be a revival, and it will be if we do our part. Many members have been praying earnestly, and have convalesced together to work for a revival. In the three Wednesday evening cottage prayer services we have had thus far there have been 176 in attendance. That many fervently, effectually, praying and working may ask for a revival and obtain it. All who may be interested are cordially invited to be present Sunday morning and evening, and each evening at 7:45 during next week. J. C. Ansie, J. A. White, and J. W. Coates all of Smith Chappel were in Knox City Saturday.

BURNING CAR GETS OUR FIRE BOYS

Sunday afternoon the beauty nap of the Knox City fire boys was somewhat interfered with when the alarm sounded summoning them to the scene of the burning car of T. P. Frizzell. Mrs. Roy Baker, daughter of Mr. Frizzell, drove his car to the home of Mrs. Dennis W. Davis, stopped in front of the house and went in for a visit. Shortly Len looked out the front to see the car on fire, the alarm was sounded and, besides the fire boys, a large crowd of citizens responded to the call. Fire hose was strung out the length of two city blocks and since it then failed to reach the burning car, it was backed up to meet the hose. The fire was extinguished. It seems the fire was due to defective wiring for the greatest damage was the ignition. "FOOLS LIKE COMPANY"

FOOLS LIKE COMPANY

Some thirty ladies of the Methodist church walked to the door, read the sign, "Fools Like Company" and entered the home of Mrs. Henry White Monday afternoon. Several ladies of this number were courteous enough to try to pick up a handkerchief which had been nailed to the floor while others were blind enough to read the sign through, "You're a fool for looking". Other games and contests equally as amusing were played, which made the occasion a unique All Fools Day for the Methodist Missionary Society. Thinking seriously for a while the society, in the person of Mrs. Ed Huntsman paid a tribute to the ladies whose birthdays come in the month of March. There are five, three of whom were present, Mrs. L. N. Bridges, Mrs. L. B. Hammock and Mrs. L. W. Graham. Following, the attention of the guests were drawn to one who is not a member of the society but one who gives liberally in a financial way and who means much to the church, the Sunday School, and too, to the Missionary Society. This was Miss Buckholt. Miss Buckholt recently gave the Missionary Society a gas range and a movable kitchen table in the church. In appreciation of this liberality, the society paid her a worthy tribute, written in verse by Mrs. Huntsman, and presented her a beautiful hand painted picture. Mrs. White was assisted by Mrs. Victor Pylett and Mrs. Ray Willis in serving sandwiches, cake and tea to the thirty guests. Mrs. Sarah Koberds and daughters spent Sunday in Haskell.

Barbers Assn. Meets Here

The Knox County Barbers Association met in Knox City Monday evening at one of the cafes. This meeting is the second of this organization, it being organized in Mauday only two weeks ago. Eighteen barbers, members of the association were present, also forty visiting barbers from Seymour who are interested in organizing a similar association in Baylor county. Mr. Edward Brown of Waco who came as a representative of the State Board of Barber Examiners of Austin, Mr. Tidwell of Fort Worth, who operates the Fort Worth Barber College, Mr. Dickerson of Dallas, inspector of this district which embraces 47 counties, and Mr. O. L. Jamison, representative of the Knox City Chapter of Comptex. Mr. Jamison was an invited guest, he made the welcome address, for which the local members of the Barbers Association were unusually proud. The main speaker of the evening was Mr. Brown. He explained the new barber law which recently went into effect. The law regards largely, sanitation and sterilization, the fact concerning these being emphasized by Mr. Brown. The organization of the county associations is the barbers expression to the state of their willingness to cooperate with the state in making the law effective. Following the interesting and worthwhile talks of the evening, the meeting adjourned to meet again in two weeks in Benjamin.

INFORMATION REGARDING FEDERAL FOOD LOAN

In regard to the Food Loans that are now being issued: here are some questions answered. The Farmers Seed Loan Office WILL NOT ALLOW loans on such items as: (1) purchases of livestock (2) tools, (3) equipment (4) machinery, (5) Repair to buildings, (6) Improvements on farm premises, (7) Existing debts, (8) Interest and Taxes. However the above office WILL ALLOW (1) Family maintenance (Sustenance and clothing) for family until June 30, 1931. (2) Farm labor. (3) repairs to farm machinery (blacksmithing). The maximum loan on agricultural rehabilitation to any individual or to the tenants of any one landlord in any one county will not be in excess of \$1,000. Maximum rate of each item: 1. Family maintenance (farm family of five) \$75.00. 2. Necessary farm labor, outside of farm family, for producing 1931 crop, per farm hand \$50.00 3. Repairs to farm machinery \$25.00 For further information ask your banker or county committeeman or County Agent. W. E. Jones, County Agent.

Entered in the Postoffice at Knox City, Texas for transportation through the mails as second class matter.

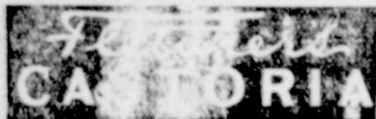

We regret that the report of the recent trip of the two Debating Teams of the Knox City school did not appear in the Herald last week.

These teams, accompanied by Mrs. T. S. Edwards and Mrs. Brownline, went to Quannah where they debated in the Tournament of West Texas. We are glad to state that the girls Misses Constance Browning and Sydney Virginia Edwards scored well. They defeated the team that defeated the team what went to the finals. That is, Knox City debated with Quannah but lost. Electra debated Quannah and won then Knox City debated Electra and won. Knox City

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly. Doesn't you should call a physician.

Groceries

In addition to carrying a complete line of groceries, we have choice fresh fruits and vegetables, get your meats at our counter also; your grocery wants complete.

 Knox City, Texas

then debated Olney and won. The school is proud of this team.

Reverend Stovall was called Saturday night to the bedside of his mother in Haskell. She was seriously ill. Reverend Stovall returned to his home but has spent most of the week going back and forth to see his mother.

A Teachers Training Course is being conducted this week at the Baptist church. In the absence of the pastor, Mrs. Horace Finley is teaching the course. Members of the class have reported her as being an excellent teacher.

DIVERSIFY, LEGGE ADVICE TO FARMER

With 9,000,000 bales of cotton between him and the mills at present the cotton grower of Texas and elsewhere will see prices for this commodity drop lower than ever in his experience if he does not resort to the relief medium of diversification of crops in 1931, according to Alexander Legge, retired chairman of the Federal Farm Board.

"The grower ought to do it, but I am not at all certain that he will. The agricultural industry is fundamentally weak through its lack of effective regulation or control of its products to potential demand."

"Agriculture needs to adhere to a definite program of production," Legge said. "It can take a simple lesson from the storekeeper who stocks his shelves according to the demand of consumer for the product."

Mr. G. F. Stubbs spent Sunday in Miller Creek community.

Miss Clara Albus of Waco is spending the week here with her sister, Miss Celia Albus.

Mr. and Mrs. J. H. Darnell spent Tuesday and Wednesday of this week in Dallas.

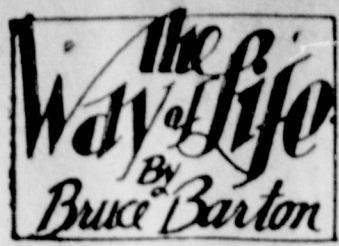

Mr. William Griffith and Mr. John Dutton were in Abilene Monday on business.

Mrs. Jack Coates and little daughter are spending this week with relatives in Stamford.

SIXTH GRADE ENTERTAINED

(Delayed)
 The Sixth grade of the Knox City school was entertained last Friday night with an Automobile party in the home of their teacher, Miss Mary Reeder. Miss Reeder was assisted by Mrs. J. A. Wilson.

The house was bedecked in keeping with the appearance of a service station and all games played were pertaining to accessories. After an evening of much merriment the party was supplied lemonade, gas, doughnut tires, sandwiches and pickles.

Even the King Can't Get a Drink

In London we visited a fashionable restaurant called the Embassy Club.

It is a place where the hoity-toity dance, and my wife and I had the pleasure of feasting our middle class eyes on a large collection of young lords and ladies, with a sprinkling of multi-millionaires and even a couple of dukes.

A little after midnight a waiter stepped up to each table, according to the law and custom in England, and reminded the diners politely that the bar was about to close. A few minutes later he came again and asked each diner to finish his drink the glasses must be removed.

A gay party had arrived only a little while before, headed by a younger son of His Majesty, King George. I watched with interest to see what would happen when the waiter visited that table. Would a prince of the blood be asked to give up his glass like any common man? The waiter did, indeed, go to the Prince's table last. But when he arrived, the Prince took one last gulp and handed over the glass with a smile.

A few hours previously we had set in one of the English law courts. A young man had been arrested only two weeks before, charged with the heinous crime of murdering his mother. In the space of a few days he was brought to trial. The jury was chosen in a couple of hours, the case was heard fully, including the testimony of medical experts, the verdict was found, and the murderer was sentenced.

In our country the crime would have been a newspaper sensation for months, while the trial dragged its dreary way through the maze of legal obstruction.

We are ahead of the English in many ways. We do business more quickly, with more flexibility, and more steam. But when it comes to respect for the law they have us lashed to the mast. We pass thousands of laws and disregard them. The English pass fewer, but they certainly respect and enforce them. If you kill your mother over there you're hung, and promptly.

And when the bar closes even the king can't get a drink.

To Bridge The Golden Gate

A \$35,000,000 bond issue passed by northern California counties has removed the last obstacle to construction of the Golden Gate bridge, the world's longest single suspension highway span.

It will hang on two steel cables weighing 43,750,000 pounds from towers 740 feet high.

Although the Golden Gate is only slightly more than a mile wide, the bridging will stretch 8,943 feet from portal to portal.

The central span will be 4,165 feet long and 220 feet above high water at the center, both side spans going out 1,100 feet each to the bridge heads.

Construction will require four years and provide employment for hundreds of idle men. There will be an annual payroll of \$735,000.

For the first time in bridge building a modernistic retreating type of architecture will be employed with vertical lines to emphasize design. Two of the towers will have glass encased observation platforms on top and plazas at each end.

Towers, surmounted by aerial beacons, will be built of a series of non-enclosed square steel cells "stopped off" to give a receding effect.

The observation platforms provide a panoramic view of the Pacific, San Francisco bay and the cities on its shores.

Ten-foot sidewalks, with alcove benches at intervals, will flank a 60 foot roadway with six lanes for motor traffic and two for bus service. The total width will be 90 feet.

A great circular plaza on the San Francisco side with a terraced and landscaped esplanade, will be surrounded by a portal structure, with two massive pylons at the bridge level.

The entire structure will be coated with aluminum paint, while strings of lights will outline the full length of each cable at night. Plazas, portal structures, pylons and towers will be flood-lighted and aerial beacons will flash atop the towers.

A series of viaducts will be placed across the bridge, while another viaduct will extend along highway

leading to and from each end.

The war department has approved the plans and it is held that the structure will be no menace to navigation.

Its central span will be more than 400 feet longer than the bridge being built across the Hudson River near New York, and its cables will be approximately 3 1/2 feet thick.

Entrance to the bridge on San Francisco's side passes through the presidio and starts at Army Point, tip of a long narrow peninsula on which San Francisco is located. On the Marin side the bridge entrance is near Fort Baker. Interference with the military works will be avoided in construction and use of the bridge.

Mr. and Mrs. Henry White and two children and mother White visited relatives in Needmore Sunday.

TESTS FOR T. B. AND CONTAGIOUS ABORTION ON DAIRY COWS

Efforts are now being made to secure the services of a Veterinarian prescribed by the State to test cows for T. B. and Contagious Abortion. This work will probably start within the next week and anyone wishing this test be made on their cattle please notify the County Agent.

The exact fee charged for this service is not known at present but will be furnished at a later date when information asked.

Don't wait to send in your name if you want this work done as the Veterinarian will be in the county only as long as the work requires.

W. E. Jones, County Agent.

CARD OF THANKS

We take this means of thanking the many people of Knox City who were so grateful to us during the illness and death of our wife and mother. We are so grateful for the many kind deeds that were done and the kind words that were spoken during this time. We also appreciate the beautiful floral offerings.

MRS. MAGGIE LEE SMART

Mrs. Maggie Lee Smart, born at Crockett Texas March 21, 1909, died at Knox City Texas, March 24, 1931. She was buried in the Knox City cemetery, services being conducted by the Reverend Mann, pastor of the Methodist Church.

Maggie Lee was married in 1927 to Mr. C. C. Lockoby, now deceased to which union one child, a boy, was born. He is now nearly three years old.

In November 1930 the deceased was married to Mr. Paschal Smart. She leaves this husband and little son, her father and mother, Mr. and Mrs. A. J. Smith, four brothers and two sisters, to mourn her going.

Mr. and Ms. Smart lived in the Needmore community.

Miss Billye Trithan of Fort Worth and Miss Pauline Oliver of Abilene are guests this week of Miss Stella Cooner.

HYMN TO THE NIGHT

By Henry Wadsworth Longfellow
I heard the trailing garments of the Night

Sweep through her marble halls!
I saw her sable skirts all fringed with light

From the celestial walls!
I felt her presence, by its spell of might,

Stoop o'er me from above;
The calm, majestic presence of the Night,

I heard the sounds of sorrow and delight,
The manifold, soft chimes,
That fill the haunted chambers of the Night,

Like some old poet's rhymes.

From the cool cisterns of the midnight air
My spirit drank repose;

The fountain of perpetual peace flows there,—
From those deep cisterns flows

O holy Night! from thee I learn to bear
What man has borne before!

Thou layest thy finger on the lips of Care,
And they complain no more.

Peace! Peace! Orestes-like I breathe
This prayer!

Descend with broad-winged flight,
The welcome, the thrice-prayed for,
The most fair,
The best-beloved Night!

KNOW TEXAS

Texas stands tenth among the states in number of radio sets in use with 364,009 on July 1, 1930.

Texas has sixty-six airports representing an investment of \$3,874,499 with \$685,000 more to be spent this year. (Authority: Department of Commerce).

Texas brought in 4,361 oil wells and gas wells during 1930 and drilled 2,833 "dry" holes in addition. (Authority: Oil and Gas Division, Texas Railroad Commission).

Texas produces one-third of the American cotton crop, but has only 230,000 spindles for spinning that product. North Carolina, leading Southern textile state, has 6,236,320 spindles.

Texas produced in 1930 one-fourth of the American peach crop. In 1929 it produced almost one-half the total American crop—17,456,000 out of 38,965,000 pounds. (Authority: Bureau of Agricultural Economics).

Texas in 1930, despite curtailed production and reduced prices of its principal products, led the states of the Union in value of agricultural products. California was second, Iowa third.

Texas again in 1930 ranked eight among the American states in electrical output and was one of the few states to show a substantial gain in the total, 2,818,600,000 kilowatt hours.

Texas again in 1930 ranked first among the states in production of natural gas.

Dr. and Mrs. Bailey and daughter, Louise, of Wichita Falls spent the past weekend here with Dr. and Mrs. T. S. Edwards.

Mrs. W. J. Jones and son Carey spent Sunday at Haskell visiting in the home of Mr. and Mrs. J. B. Stev- all.

WEST TEXAS UTILITIES BEAUTIFYING THEIR PROPERTIES

Abilene, Texas, March 25 The beautification of its physical properties through the planting and cultivation of parks surrounding plants, offices and stations has been a constant activity of the West Texas Utilities Company since its organization, and the latest construction report, made available from the local offices of the company here yesterday, indicates a continuation of the same policy that has made its properties beauty spots in every community served.

Shrubs, trees, flowers and other plants will be purchased and the grounds and parks surrounding local offices at Big Lake, Rankin, Throckmorton and Memphis landscaped. Generating plants at Lake Pauline and Vernon, and the ice plant and ice sales station at Memphis, will also be landscaped and planted.

The company has been commended both locally and by visitors on its civic beautification programs, and its work along these lines has often stimulated a greater activity among other property owners throughout the territory served.

The Baptist Association which was held in Knox City Monday was one of the best the association has ever had. The attendance was good, many people from other churches of Knox City, as well as representatives of all churches in the association, being present.

From the standpoint of devotion and efficiency the meeting was also a success.

LEGION HAS INIATION SERVICE

Monday night a large crowd of The American Legion boys, with several from Rochester and Benjamin, were in attendance at the regular meeting of the Knox City Post. The initiation ceremonies were observed following which sandwiches and coffee were served.

The Knox City post is invited to attend the meeting of the Post in Munday Thursday night.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1876, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

FORD SAFETY

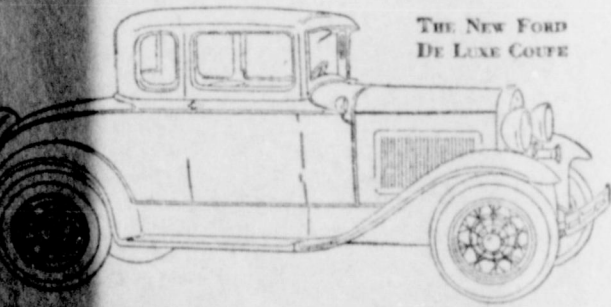

Shatter-proof glass windshield saved many lives in collisions

The new Ford is equipped with a Triplex shatter-proof windshield. This is made so that the glass will not splinter under the hardest impact. It has saved lives and prevented injuries in many automobile collisions.

This shatter-proof glass windshield is just one of the features that make the new Ford a value far above its price. Others are the silent, fully enclosed four-wheel brakes, sturdy steel body construction, four double-acting hydraulic shock absorbers, more than twenty ball and roller bearings, extensive use of steel forgings, aluminum pistons, chrome silicon valves, torque-tube drive, three-quarter floating axle, Rustless Steel, and unusual accuracy in manufacturing.

In addition, you save many dollars because of low cost of the new Ford, low cost of operation and low yearly depreciation.

THE NEW FORD DE LUXE COUPE

PRICES OF FORD CARS \$430 to \$630

Includes freight, plus freight and delivery. Bumpers and spare tire extra. You can purchase a Ford on economical terms through the Ford Finance Plans of the Universal Credit Company.

BAYER ASPIRIN is always SAFE

Beware of imitations

GENUINE Bayer Aspirin, the kind that doctors prescribe and millions of users have proven safe for over thirty years, can easily be identified by the name Bayer and the word genuine as above.

Genuine Bayer Aspirin is safe and sure; it is always the same. It has the unqualified endorsement of physicians and druggists everywhere. It does not depress the heart, and no harmful effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

- Headaches
- Colds
- Sore Throat
- Rheumatism
- Neuritis
- Neuralgia
- Lumbago
- Toothache

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid esters of salicylic acid.

Attractive Lamps Create a Charming Atmosphere

Whether your home is large or small, richly or only moderately furnished, you can add immeasurably to its charm by placing attractive lamps at appropriate places throughout the house.

The soft and shaded illumination of stand and table lamps creates an atmosphere of distinction and quality impossible of achievement in any other way. Time and again you have commented on this very fact—are you applying it to your own home?

A complete and colorful assortment of lamps is on display in the Merchandise Showroom—priced to fit every pocketbook, and selected to fill every need. See them today; you are sure to find just the model you have been looking for—priced just as you will want it priced.

Wit-Humor

Dinah: Is you made all yo' arrangements for yo' wedding?
Mandy: Not quite. I've got to buy a trouce, an' rent a house and' get no husband a job, an' get some regular washin' work to do. An' when them's done Ah kin name the happy day.

Patient—Is the doctor in?
Attendant—No, he stepped out for lunch.

Patient—Will he be in after lunch?
Attendant—Why, no, that's what he went out after.

Customer: "What does this mean in your advertisement—Big sta."
Work: "Bathing suits, madam. They are abbreviated this season."

Lawyer—And just how bad do you want this divorce, Mose?
Mose—If only cost me a string o' fish to get married, sub, but, please Gawd, Ah'd give a whale to get rid of her.

"Mother, we heard a quartet in church last night," said the little boy. "Daddy liked to hear them sing."
"Well," explained the tot, "I like quartets best when they're eight or nine singers."

Pug Sluggum, on trial for murder, bribed an Irishman of the jury with \$100 to hold out for a verdict of manslaughter. After being out a long time the jury came back into court with the desired verdict. Pug managed to get near the Irishman and said "I'm mighty obliged to you. Did you have a hard time?"
"Yes," replied the Irishman, "a devil of a time. All the rest wanted to acquit you."

MISTAKEN IDENTITY
A young woman who had recently taken charge of a kindergarten entered a trolley car and as she took her seat, smiled pleasantly to a gentleman sitting opposite. He raised his hat, but it was evident that he did not know her.

Mrs. Styles The Crumbys have come china that has been in the family for more than a hundred years.

Mrs. Newrich—That just shows that they were never able to afford servants, poor things.

Realizing her error, she said, in tense tones audible throughout the car:
"Oh, please excuse me, I mistook you for the father of two of my children."
She left the car at the next corner.

Obbliging
"Look, mother," said little Bobby, proudly exhibiting a hatful of marbles. "I won al these from Willie Smith."

"Why, Bobbie," exclaimed his mother, "don't you know it's wicked to play marbles for keeps? Go right over to Willie's house and give him back every one of his marbles."

"Yes, mother," said the boy obediently, "and shall I take that vase you won at Mrs. Smith's bridge party and give it back to her?"

Note: Who is to blame? A good lesson for us parents.

Mr. and Mrs. W. W. Hyde motored to Stamford Sunday, spending the afternoon with Mr. and Mrs. W. M. Middlebrook.

The Senior class of the Knox City high school was entertained with a party one night last week.

LOWREY BARN DESTROYED BY FIRE

Sunday night, about eleven o'clock the barn of Mr. S. P. Lowrey caught fire and burned to the ground. Besides the barn, all the feed, hay and a new Farmall were also burned. It appears the fire originated in the loft, however, facts concerning it are unknown. Mr. Lowrey lives on route one, east of town. We regret to say that he carried no insurance on the barn and equipment.

Call for those watches repaired over thirty days the last notice.

Like Color . . . the best Gasoline is Blended

THE artist stands before his canvas with color-laden palette. Blues, greens, white and touches of warmer tones are blended by his inspired brush as the waves of the seacoast take form. His genius tells him that only through the blending of just the right colors is the ideal result achieved. Otherwise his most painstaking effort could only result in a monotone, wholly lacking in brilliance.
Artistry and genius have their place in the making of CONOCO Gasoline. CONOCO engineers long since have found that the ideal gasoline is a balanced blend of the three types containing the elements most desired in a motor fuel. There is highly volatile Natural Gasoline, to give quick start-
