

Knox County Herald

KNOX COUNTY HERALD FRIDAY MARCH, 21 1930

NUMBER 18

Patterson Announces For Re-election

In the announcement column of this issue, you will find the name of J. F. Patterson, as a candidate for re-election to the office of Clerk of Knox County, subject to the action of the Democratic Primaries in July.

As he is generally known, he has introduced to most of the people of Knox County, having the capacity for the past several years, to have been the pleasure of the Herald to have personal dealings with Mr. Patterson, and we are told by many who always find him ready, anxious to serve you. His undivided attention can be said to his credit, and in talk about his announcement of trust, that it is a rare and one aim to be achieved and will continue to be his close personal attention and that the court with the least possible delay to the tax-payers of the county.

It is one of responsibilities of the felony grade of the District Court of Knox County and all cases of major importance in civil matters come before him, as Clerk and there is no reference to the fact that the District Attorney, The District Judge of the District is elected for two years and that of the Clerk of the District for only two years, and both the Clerk and District Attorney serve in the same office and have to be to the expense of the county each two years.

It would ask all the voters of Knox County who have not met Mr. Patterson to give him a careful consideration before casting your vote and in doing so we feel you will find that your business will be appreciated and you will have no cause to regret that he is re-elected to this office. Mr. Patterson tells us that it will be for him to see each voter and solicit his vote in confidence, owing to the fact that the courts have been changed and he takes this method of letting the voting public know that he is still in the race and will do anything that each might desire to further his interest in the county.

GROCERY STORE BEING REMODELED

The Benedict and Benedict Market Grocery Store is being remodeled and the hardwood floor has been replaced with a complete new shelving is being placed throughout the store. The counter post that formerly was in front of the counter has been removed, and this much to the improvement of the new shelves as well as the counter will be white. The new shelves will make the place a new one. Although the remodeling is not yet completed it is being done nicely and the Benedict Market is doing the work.

Donald who lives near Murfreesboro has a new Ford Pickup which was bought from Warren Brothers.

REASON IT'S SAFER TO GO THROUGH YOUR MOUTH THAN YOUR MOUTH!

THE OBSERVANCE OF LENT

When is Lent, and what is it? There are many mistaken views in regard to it.

The season of Lent Begins Ash Wednesday, March 5th this year, and closes Easter Sunday. It originated as a commemoration of the last days of the Savior upon earth. Early Christians could not forget Jesus' words "When the Bidgroom shall be taken away from them then they shall fast." In memory of him and his words they set aside a time for fasting and prayer, first one day then two then three, then the whole of Passion Week, or Holy Week. In the fourth century it was extended to forty days, Sundays not included in the fast. This period was definitely determined and established by Gregory the Great in 604 A. D.

During the time Lent was becoming fixed in the mind of the Christian world Catholicism gradually came to a place of domination in things ecclesiastical. For this reason many think of Lent as a Catholic institution solely, and shun it. It was not Catholic in origin however, and is not so today any more than that the cross belongs exclusively to Catholicism. Protestantism is reappropriating the season. In fact it is said that "It participated in by three fourths of all the followers of Christ in the world today."

Protestant Christian leaders are more and more calling our attention to the proper observance of Lent as a means of grace and great spiritual blessings. It is coming more and more to be the evangelistic season of the year.

The days of Lent, which include the days of the greatest suffering of our Lord, and the peculiar manifestation of his passion, are days freighted with sacred memories. They are twined about with associations which should exercise a subtle power over the Christian heart. "In no other season of the year do so many forces conspire to incline the followers of Jesus to meditation and to new endeavors to live a life which is hid with Christ in God. A Christian loses much if he does not observe Lent. If we have been negligent of our obligations to the church there is no better season than Lent to begin to do better, and the habit may continue after the season is over. It is especially fitting that Lent be observed appropriately this year since 1930 is the centennial of Pentecost, the coming of the Holy Spirit upon the Church. Let us use the season for heart searching and meditation, and refind ourselves in our relation to the great Head of the Church.

W. E. RANEY FOR COTTON WEIGHER PRECINCT 5

Having been a citizen of this splendid community for a score of years and having been situated so that my labor has been my principal income, and having served this precinct as public weigher in time past in a way that we hoped then, and believe now, was satisfactory and acceptable to those who had casual of actual business transactions with the yard, I am again offering my services in that capacity and for the approval of the voters in the approaching primaries. Should your kindness again place me in this position, I shall endeavor with all my time and personal attention to conduct the affairs of that office in such a direct, honest and efficient manner as to merit the continuance of your confidence. In community progress I have tried to "go along" with the best interest of its development and shall continue to cherish the hope that I may find such employment as will earn me a competence and at the same time render a useful service in the handling of our principal crop, the sale and proper shipping of which all are more or less interested in.

Your support will be greatly appreciated and if perchance I am among those chosen I will do my utmost to make you a hand as I have ever tried to do heretofore.

Very respectfully,
W. E. Raney

Buddies

300 Men Attend Mass Meeting

COUNTY INTERSCHOLASTIC MEET TO BE HELD IN GOREE

The interscholastic meet for Knox County will be held at Goree Friday and Saturday. Literary events will be held Saturday. Following are the names of the contestants representing the Knox City school:

Literary Events

Declarations
Sub Juniors, Ruth McGee and L. N. Bridges Jr.
Juniors, Florence Wilson from the ward school, Wynell Edwards from High school and Herbert Finley.
Seniors, Mary McCauley and Richard Height.

Debating Teams

Boys, Jack Clarke and Miller Lee. Girls, Loree Branton and Daphna Humphries.

Spelling

Senior girl, Alice and probably Jocile Russell.

Track Events

120 yard high hurdles, Lynn Waldrip and Kenneth Edwards.
100 yard dash, Lynn, Morris Denton and Aulcie Stephens.
One mile run, Fred Moody, Lealton Huntsman.
220 low hurdles, Lynn, Kenneth and John Hyde.
220 dash, Morris, Aulcie and J. D. Fleming.
440 dash, Aulcie, J. D. and John.
880 run, Richard, Leo Park and Dennis.
One mile relay, J. D. Aulcie, John Hyde and Morris.
Running high jump, Lynn, Morris.
12 pound shot, Aulcie, Kenneth and Bill White.
Discus thrown, Aulcie, Lynn and Bill Javelin throw, J. B. Ferguson, Bill and Dennis.

There are probably other events to which Knox City boys and girls will take part. The boys and girls taking part in the contests are anxious to have Knox City well represented. It is hoped that every one who possibly can, will attend this meet at Goree.

SINGING CONVENTION MEETS HERE SUNDAY

The Knox County Singing Convention will meet at the First Baptist Church here at two o'clock. All singers and music lovers are invited. Be on time and enjoy a real song feast. We are expecting several quartets to be present so come and hear them.

Hospital Notes

Mrs. Gollihan of Knox City who has been in the hospital returned to her home Monday.

Vernon Davis was recently operated on for appendicitis. He returned to his home Tuesday.

Mrs. W. L. White, Grandmother White, has been in the hospital for a few days but has returned home now.

Little A. B. Sams Jr. was able to return home the first of the week. He lives in Benjamin.

Mr. Herbert Simmons of Munday recovered sufficiently to return to his home Saturday morning. Mr. Fred Robinson of Haskell, who has been in the hospital, has also returned home.

Those in the Hospital Wednesday were Mrs. J. S. Teague of O'Brien, Miss Alene Wiser of Aspermont and Mrs. Ida Myers of Vera. Ms. Myers returned home Tuesday. Numbers of other people have been to the hospital during the week for treatment.

Mrs. Baker states that one of the most interesting things that is taking place at the hospital now is the planting of the Paradise trees on the grounds south of the building.

A DEFINITION OF COTTON

Cotton is the overcoat of a seed that is planted and grown in the Southern states to keep the producer broke and the buyer crazy. The fiber varies in color and weight, and the man who can guess nearest the length of a fiber is called a cotton man by the public, a fool by the farmer, and a poor business man by his neighbors. The price of cotton is fixed in New York and goes up when you have sold and down when you have bought. A buyer working for a group of mills in the South was sent to New York to watch the cotton market; and after a few days deliberation, wired his firm as follows: "Some think it will go up, some think it will go down; I do too. Whatever you do will be wrong. Act at once." Cotton is planted in the spring, mortgaged in the summer, and left in the field in the winter.

Mr. and Mrs. P. C. Lowrey left last week for Mineral Wells where they will be some time in the interest of the health of their daughter Wilma.

KNOX CITY TO REDUCE COTTON ACREAGE

At a mass meeting of the business men and the farmers of Knox City and trade territory held Monday night, three hundred or more men were present.

The purpose of the meeting was to devise some plan by which this community would cooperate with the general movement in the South to reduce the acreage of cotton and increase the grade of the staple grown. Discussions on the subject were very favorable for the movement.

Mr. C. W. Lowe of Bomerton Texas, a director of the State Cooperative Association, was present and made a talk in which he gave an extensive explanation of the plans and workings of the Association and its connection with the Federal Farm Board. A number of questions were asked Mr. Lowe, all of which he answered most satisfactory to all present.

Mr. E. A. McElron, a representative of the Harper lines of cotton seed stressed the need of the entire cotton growing area of better cotton seed, and especially in West Texas which is now regraded as the short staple zone.

Among the others who made talks were S. M. Clonts, G. M. Byran, J. T. Therwhanger, Frank McAnley, George McMillan and John W. Coates.

A motion was adopted by the large crowd authorizing the chairman, Roy Smith, to appoint a committee to draw up resolutions in keeping with the line of acreage reduction and increase in grade of cotton as might be favorable by the meeting. The following were appointed on the committee: E. O. Jamison, B. M. Farmer, A. J. Gore, J. W. Coates and T. E. Robbins.

This committee retired and formulated resolutions in which an acreage reduction of 15 per cent. This reduction per cent was favored and adopted by the meeting. The committee will mail a form of the resolutions to each farmer and he in return, is to send the copy back designating the acceptance or rejection.

The meeting proved most successful, developing a general good feeling of fellowship and good will.

Ed Shaver and his sister Mrs. Phillips were called recently to Lubbock to see the child of another of their brothers. The boy has developed pneumonia but a better now.

J. F. Cummings Is Laid To Rest

Monday afternoon, March the 17th, the body of Brother J. F. Cummings was laid in his final resting place, the O'Brien Cemetery, following a most impressive ceremony held in the Knox City Methodist church.

Brother Cummings was born February the 23, 1843 in Polk County Texas. He died on March the 16, 1930 in Knox County Texas. Although he had been confined to his room, his bed, for a few weeks as the result of a fall while in town one day, his death came suddenly.

At the age of 24 Brother Cummings was converted and joined the Methodist church. Later he joined the Cumberland Presbyterian church, to which belief he held firm even unto the end. In 1884 he was licensed to preach and in 1888 was ordained. Since that date he has given his life to that work. He was a minister of the Gospel for 45 years. He not only preached but he was a useful servant to the Lord, he was of service to his fellowman, he went about doing good.

On December the 26th, 1847 Brother Cummings married Miss Elizabeth L. Thaxton in Polk county. To this union three children were born, two of whom are living, one boy and one girl Mrs. Cummings died, leaving the husband as both father and mother to the children.

On August the 29th 1850 Brother Cummings married Miss Martha V. Tucker in Williamson county. Five children came to this home, all of whom are now living and three of whom were present at the funeral services of the deceased.

Brother Cummings leaves five children, 22 grand children and 17 great grand children, all of whom mourn the going of the brave soldier of the cross.

Brother Cummings is remembered as one who spent a life time trying to gladden the homes of others, bringing joys into the homes of the sorrowing. He found the Grace and Strength of God sufficient. His life is a vivid testimony of his great faith. Although his going leaves his wife lonesome, his children, his grandchildren, and his many friends sad in his absence, they know the whereabouts of his going; they are not as those without hope.

The Herald joins the community in extending to the bereaved wife and children its sincerest sympathies.

CARD OF THANKS

We wish to thank the Knox City people for the many kindnesses shown to our husband and father, J. F. Cummings, during his last few years and especially the last few weeks. We also wish to express our appreciation for the great love and sympathy shown us in his death.

Mrs. J. F. Cummings and children

"HEADSTRONG JOAN" GREAT SUCCESS

"Headstrong Joan" the junior play given last Friday night at the school auditorium was a great success. The attendance was fine.

The play was a comedy drama and the two comedians Jack Clarke and Constance Browning, were the hits of the evening. Others who took part in the play were Claude Stovall, Clara Clarke, Lee English, Mable Clonts, Casey Jones, Hazel Jones, Billie Jean Elliott and A. J. Messer.

Music was furnished between acts by the school orchestra while Myrtle Evans sang the vocal refrains. One clever between act was a quartet composed of Richard Hite, J. D. Fleming, Joe Watson and Dennis White. These boys received a hearty applause and gave even a more clever encore than their first number. Mrs. Carpenter directed the play.

A boy from Truscott was burned last Saturday afternoon with the hot water from a radiator. His eyes were included in the sealed places, and in the fear that he would lose his eye sight he was rushed to the hospital here. Doctors learned that his eyes were out of danger so after receiving treatment, the boy was carried home.

Trade At Home?

Trade at home. Not a day but comes along here in the office and every other office in the land and tries to get the editor and all the force at home all they use. It's good stuff too. It's right that trade at home when we can do so. But, how many of our preachings on this of the most strenuous preaching this destruction. On several of men "dunning" their billheads that were town, and yet, some men want the people to come with them. They why not be a little on this line? Just to a man made a two brownwood on "Trade and the Benefits to that Procedure," and try goods man. The he sent an order to 600 two page circu a big sale he was Brownwood. There ting offices to select wood, but he chose re right after he had hear about trading at Brownwood papers and ting offices were y kindly toward him s, but those offices id remember that people some- we take it the wood merchant forgot the riners after he had deliv- himself of that eulogy on "Trad- Home." Then there was a Texas merchant who scream-

ed "Keep the Home Fires Burning" when he had not patronized a home printer in ten or fifteen years. He also howled about some other things in connection with his business, but first took down the sign that showed he was in cahoots with a Dallas concern, which was sucking him bloodless for dues in the combine that he belonged to over there. The home printers and home newspaper men are always willing to give of their space and time freely for the uplifting of the home but they observe conditions, every time, and they cause them to wonder.—Stamford Leader.

The same thing that happened at Brownwood has happened here several times. Did the Brownwood merchant go to Dallas for his trade? Do the Knox City merchants go to Dallas for their trade? Then what about the home printer?

As Simple As the A B C's

The old saying that there can be too much of a good thing applies to cotton. In 1926 we planted 48,730,000 acres to cotton and produced 18,000,000 bales, receiving therefor less than \$1,000,000,000. In 1927 we planted 41,905,000 acres and produced 13,000,000 bales, receiving therefor, \$1,200,000,000. Had it not been for the big crop of 1926, producers would have received \$1,600,000,000 for the 1927 crop, and probably more, for the big crop of '26 created a large carry-over which reduced prices in 1927. In 1926 we produced 5,000,000 more bales than in 1927 and sold it for more than \$300,000,000 less. In other words, we gave the world 5,000,000 bales of cotton and paid consumers approximately \$8,000,000,000 to take it.

We produced in 1929 another crop, which, along with depressed economic conditions, was more than the world would take at a profitable price to the producers. We produced this crop at an unusual expense because of the small acre yield, and we received less for it because more than on-fifth of the entire production was untenderable on contract on account of short staple. In Texas

and Oklahoma the percentage of untenderable cotton was much higher.

In view of these facts, will our Southern farmers plant a large acreage in cotton, or will they reduce as much as 6,000,000 to 10,000,000 acres? If the individual farmer publicly endorses an acreage reduction and then increases on the theory that his neighbors will reduce, and the year is anywhere near normal, the year 1914 when we had a "buy a bale" movement, will look like good time to every one crop cotton farmer in the South, and to every other farmer who is depending upon cotton as a major crop.

Anybody that can't see that are either blind or need a new pair of glasses.

The Good Samaritan

Every town has its "good samaritan". Knox City is not excluded. Many who find the time to read these words will doubtless speak the name of "Our" good samaritan without the need of thought and before this article is read through.

So many of us forgot to or fail to find the time to, be good samaritans to ourselves, and ofttime we even fail to recognize the good works of others until we experience the passing of a good man or woman. The going of Brother Cummings took from the community an usually good man, however, he had attained the years that Knox City's good samaritan often ministered unto him. Was that you?

No, and it was not the writer. It was that woman in whom the spirit of God seems boundless. The character to whom we refer will not recognize this article as being a tribute to her. She is just that type of person who does not realize themany good things she does; she is among the very few who are entitled to be called "good samaritans".

To minister only unto those we love, or unto those whom every one ministers, one's service is of little value. The person who wishes to be of service is the one who remembers those whom are most forgotten,

those who are the more needy. This type of service is that which is given daily by Knox City's good Samaritan. Can't we have more good samaritans? Try being one.

A Community is like a baby carriage—it isn't worth much unless it's pushed.

With cotton going down all the time people do not have to grow needed feed and food crops. They have a perfect right to grow cotton and go hungry. This is a free country—in some respects.

A business can go for months paying out a little more than earnings justify but there comes a time when the doors are closed. If cotton is grown at a loss this must be changed or the grower goes broke.

If you desire to know if this year will be better or worse than last maybe this would help in the solution: Once a fellow decided to work more, do more good, try harder to make the world better for others. It got better for him. Same thing might work with you.

If corn does not sell for cost of production it can be fed to pigs and sold that way. It can be ground, fed to chickens and sold that way. Makes good hominy, good bread and it is great in corn meal mush. Cotton will not work that way.

If you earn twice as much, spend twice as much, complain twice as much and have less than the parents who reared you just whose fault is it that anyhow? This writer could have a fairly good time by himself under a tree on the banks of the creek if the fish would just bite good. No expense. No complaining.

A UNITED COMMUNITY

Everyone has his own mind and our laws give him the right of free thought and speech. This freedom, however, should not be confused with license and lead us into channels of thinking and speaking that develop friction and a population divided against itself.

In union there is strength. In discord we face nothing but mediocrity and disaster.

We are a community unto our selves, yet we should not live each unto himself. As a community we have an obligation to other communities, to our state and to the nation.

It is this community of interests that has made our country the marvel of the world—the most progressive and prosperous of any land upon which the sun shines.

It is the same community of interest that will build up this community and country side if we practice it in our business and social life.

No nation can live entirely independent of other nations and continue to be prosperous. Neither can any state, city, town, individual or group of individuals.

We must harmonize our differences for the public good and then work toward the advancement of our common interests.

United we push on to greater success and achievements. Divided we fall by the wayside and are soon forgotten.—Exchange.

We flush radiators.
Hi-Way Garage.

AGAIN KONJOLA GIVES PROOF OF AMAZING POWER

Ten Years Of Rheumatism Are Ended—When New Medicine Is Given A Chance

MRS. G. H. COLEMAN

What cheer and encouragement are to be found in the many victories of Konjola, the new and different medicine of 33 ingredients. Take as a typical example of Konjola at work, the case of Mrs. G. H. Coleman, R. F. D. No. 2, Fort Smith, Ark., imagine her happiness when she was able to say:

"When I look back and think how I suffered from rheumatism and kidney trouble for ten years I can hardly believe that I am well and happy as I am today. And all this glorious change is due to Konjola. For ten years I endured awful agonies. At times the pain in my limbs was so severe that I could not get around. Every night I was up many times, and the loss of sleep and rest told on my general health. A friend urged me to try Konjola, and I want good advice that proved to be. In four weeks I was without a sign of rheumatism; and my kidneys were as good as ever. No wonder Konjola is the most talked of medicine in America. It should be in every home throughout the land."

Konjola is sold in Knox City at the Orient Drug Store, and by all the best druggist in all towns throughout this entire section.

Advertisement

The Track Boys of Knox City school were in rule last Thursday afternoon for a practice track meet. Our boys brought home the majority of the points.

Our boys were to be in Seymour at a meeting recently but on the day only one boy was able to go, Lynn Waldrip. Lynn won three of the first places that afternoon.

Mrs. J. M. Lee's daughter of Lubbeck spent the week end here. Mrs. Lee missed church Sunday morning to be with her daughter. This is the first time in eleven years that Mrs. Lee has failed to be present at the morning church service.

Reverend W. A. Bentley of Abilene spent last Friday night in the home of J. F. Griffith. Preter Bentley was on his way to Clark Texas where he preached Sunday. On his way home Monday, he took dinner again with Mr. Griffith.

Miss Alta Castle spent the past week end in Rule.

Methodist Church Services

Presiding Elder to Preach Sunday

Reverend R. A. Stewart, Presiding Elder of the Stamford District, will preside at the Methodist Church Sunday morning. Every Methodist should take advantage of the opportunity to hear him. All should have a cordial welcome.

Brother Stewart will hold our second Quarterly Conference in the afternoon. All officers who have reports to make to the Conference should be ready for the occasion.

Sunday in Epworth League observance. The evening hour will be given over to the Senior League at which time the Leaguers will present a pageant entitled "Women of Light." The purpose of the pageant is to show the significance of something of the accomplishments of the Epworth League during the forty years since it was first organized. The main characters in the pageant are Church, Epworth League, and six hand maidens who represent six aspects of the work of the Epworth League.

The pageant will be interesting with special musical numbers. The young people are working diligently on this program, and it should be one of much interest and profit to the church and community.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. If your care cannot prevent these, they can be prepared. Then you can be sure any experienced nurse would do—most physicians would tell you—give a few drops of plain Castor. It's sooner done than baby is asleep, and it is just a matter of moments. Yet physicians would your child without use of a dangerous drug; Castor is superior. So it's safe to use as often as your child has any little pain you cannot get rid of. And it's always ready for the cure of colic, or constipation, or stomachache; effective, too, for older children. Twenty-five million bottles sold last year.

WHERE IS YOUR INTEREST

Where is your greatest interest? In the church?

The incident that more and more are centering their interest on is the growth of the church and Sunday school. Reports are showing, and the enthusiasm that is being manifested, that attendance at Sunday school Sunday showed an increase of 18 over the number present the Sunday before. Although many of the classes that should be the leading classes, has been neglected is attendance, it is gradually but steadily, building up. This is the married couples class. As a usual rule, if the married folks get to Sunday School, the other folks naturally get there too. The

married people of the Methodist church are probably realizing this fact and are giving liberally of their time by attending Sunday School each Sunday.

Another place where great interest is being manifest is in the preaching services. The pastor, Brother Mann, since his time here, has brought many interesting useful messages to the congregation. However, there is yet an equally as great a feature of the preaching services that has so far been overlooked, that is, the way in which the pastor diversifies the programs.

Readers of this article will easily recall that recently the Methodist people enjoyed three most unusual services. They were called "Men's Night," "Women's Night" and "Young People's Night." Too, there have been many other unusually in-

teresting services.

Elsewhere in this issue of the Herald there is an article concerning the two services to be held at the Methodist Church Sunday Road that article. You will want to attend both services.

Where your interest is just remember, there will be your heart also. Join the many people of Knox City who are choosing the work of God as their greatest interest in life. Attend church and Sunday School, you are needed, and you need the church.

"RING OUT, WILD BELLS"

By Alfred Tennyson

Ring out, wild bells, to the wild sky,
The flying cloud, the frosty light;
The year is dying in the night;
Ring out, wild bells, and let him die

Ring out the old, ring in the new,
Ring, happy bells, across the snow
The year is going, let him go,
Ring out the false, ring in the true.

Ring out the grief that saps the mind,
For those that here we see no more;
Ring out the feud of rich and poor,
Ring in redress to all mankind.

Ring out a slowly dying cause,
And ancient forms of party strife;
Ring in the nobler modes of life,
With sweeter manners, purer laws.

Ring out the want, the cares, the sin,
The faithless coldness of the times
Ring out, ring out my mournful rhymes,
But ring the fuller minstrel in.

Ring out false pride in place and blood,
The civic slander and the spite;
Ring in the love of truth and right,
Ring in the common love of good.

Ring out old shapes of foul disease;
Ring out the narrowing lust of gold;
Ring out the thousand wars of old;
Ring in the thousand years of peace.

Ring in the valiant man and free,
The larger heart, the kinder hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.

Mammy and Pappy Smith Mrs. John Smith and Mrs. C. C. Hoge left last Friday morning for Amarillo where they attended the Women's Missionary Society Council of the Methodist Church. Missionaries from all Southern Methodism were in attendance at the council. The representatives from the local church arrived home Thursday and they will doubtless have an interesting report for the Herald next week of the council.

Mrs. J. W. Henderson's daughter of Dallas spent last week here.

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation will neutralize many times the volume in acid. It acts instantly; relief is quick and very apparent. All gas is expelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect antacid, and remember it is just as good for children, too, and pleasant for them to take.

Any drugstore has the genuine, prescription product.

PHILLIPS Milk of Magnesia

POTTER THOUGHT TIME HAD COME

Wichita Man Says Doctor Had Given Him Up to Die Gains Daily on Argotane

M. Potter, a well known farmer living on Route 2, Wichita Falls, Texas, told an interesting story about the recovery of his health through the use of Argotane. In relating his experience Mr. Potter said:

"Fifteen years ago I was a strong and healthy man and felt all right in every way. Something went wrong and I lost my appetite and fell off till I was almost skin and bones. My nerves were shattered and my whole body was racked with pain so that I could hardly get a night's sleep and most of the time I could not even lie in bed I was in so much misery. My kidneys bothered me something terrible and there was sharp shooting pains thru the small of my back that seemed like they would drive me insane. I tried all kinds of medicines and treatments but kept getting worse until finally after the doctors had treated me for these years they gave my case up as hopeless and said that I could not live. They held out no hope for me and I had made my mind up that I was going to die. Even my best friends gave me up and I thought my time had surely come.

"I had heard so much about Argotane and a friend of mine who had used it recommended the medicine to me so highly I decided to try it as a last resort and I had hardly used more than half a bottle before I felt it was straightening me out. The pains began to leave me and I commenced to pick up in weight and strength and I have such an appetite I am actually ashamed to eat all I want. My nerves are stonage and I sleep like a log and I get around better and I feel more lively than I have in fifteen years. I can certainly vouch for Argotane, as it is the most remarkable medicine I have ever seen, or heard of and I am only too glad to speak a good word for it whenever I can."

Genuine Argotane may be bought in Knox City at the Orient Drug Store.
