Deeper Note Easter Joy

ter lies beyond Calvary,
ate the cross, and the
ng of faith and hope that
to a little group of men
women in Jerusalem has
eaning. Out of the expe-
e of tragedy is developed
strength of confidence. Life
s in power through surviv-
catastrophe, declares S.
Duncan Clark in the Chi-
cally News.

The true spirit of Easter is
a light-hearted happiness
an a resolute joy. It sings,
it not with carefree abandon,
here is a deeper note—that
in some way transmutes pain
and fear into glad triumph
without wholly losing the me-
mory of what lies behind or
ignoring the road of struggle
which lies before.

For Easter did not mean
the end of conflict for those
to whom it brought its quicken-
ing message. It meant rather
an assurance of strength for
whatever battles remained to
be fought, whatever tasks had
yet to be performed. It meant
that the life and faith which
had met the test of Calvary
were equal to any other test
that might have to be faced.
Difficulties and hardships must
still be encountered. The agony
of martyrdom awaited many
Easter conveyed to them no
promise of escape from these.
Easter banished doubt, put an
end to questioning about the
outcome.

That is the assurance men
and today. They want to know
that endurance has justifying
purpose; that the struggle is
not futile; that there is possi-
bility for the fruition of life's
high and holy and immortal
hopes. They want to know
that when they hurl them-
selves against the battlements of
some hideous wrong in human
society, or wrestle with some
dark evil in their own lives;
when they choose the way of
sacrifice rather than of self-
ish advantage, and set the
high values of the spirit above
material gain, they are putting
a stamp of nobility into life that
is worth what it costs.

And the Easter story is the
summing answer.

Married

Jones-McDonald

Miss Annie Mae Darr, daughter of Mr. and Mrs. J. T. Darr, became the bride of Basil Rutledge Saturday in the home of the Methodist pastor, Brother and Mrs. R. R. Gilbreath. The couple are making their home on the Rutledge farm south of the city.

Jones-McDonald

Miss Gertrude McDonald of Bryson Texas became the bride of Mr. Melvin Jones of this city in Seymour March 15. Announcement of this marriage was made this week. Mr. and Mrs. Jones are spending this week in Seymour. They will probably make their home with his parents, Mr. and Mrs. M. E. Jones, for the time being.

COMMANDERY EASTER SERVICE

On Sunday morning, April 1st, at eleven a. m. Stamford Commandery number 75, K. T., is holding its annual Easter Service at the First Baptist Church in Stamford to which the public is cordially invited and especially the Sir Knights.

We are very anxious to have a large representation of the Knights Templar present for this service and we extend to them a very cordial invitation.

J. M. Martin

We noticed in the Retail Grocer magazine last week that C. H. Keck received honorable mention with a sales promotion idea. Mr. Keck submitted an idea to the association which idea proved worthy of not only mention but also full explanation.

Roy Mullins of McKinney, who use to live in Knox City, was here last week.

Mr. and Mrs. C. H. Keck spent Sunday with relatives in Wichita Falls. Miss Faye Bolles returned home with them for a few days visit.

Miss Sydna Edwards arrived home Wednesday from C. I. A. in Denton to be home one week. She brought several guests.

Mrs. Spikes of Snyder is here this week with her daughter Mrs. H. M. Jones. Mr. Spikes is expected to be here the latter part of the week.

Mrs. Jim Rester and two daughters of Munday were guests in the M. E. Jones home over the weekend. Mrs. Jones returned home with them for a two day visit.

Miss Christine Earp entertained a number of her class mates Saturday night with a party. Those present were George Hodges, J. J. Denton, Mozelle Apple, Irene McAuliffe, Wynell Rogers, Maylen Apple, Dollie Hammond, Pauline King, Mildred Stevenson and Burden Denton. Many interesting games were played following which refreshments were served.

Miss Earp gave this party as a Home Ec. project.

Mother O'Brien of Randlett Oklahoma died Friday of last week and was buried Saturday at Randlett. She was 89 years of age. Her death came after eight weeks of confinement to her bed with a broken hip. Mother O'Brien is the Mother-in-law of Mrs. J. J. O'Brien who was formerly Miss Ouida Shaver of this city. Mother O'Brien is survived by eight children.

J. W. Smith for Commissioner

The Herald is authorized this week to announce that Mr. J. W. "Pappy" Smith is a candidate for commissioner, Precinct 1, subject to the action of the Democratic Primary. Pappy has been commissioner of this precinct several times in the years gone by and by virtue of this experience knows what is required of the commissioner and is qualified to execute those duties.

Everybody knows Pappy. He is among those who have contributed largely to the building of Knox City, being numbered among the long time residents. Pappy means to work for this office and will give the other boys a good race. He'll greatly appreciate your vote and influence.

CHILDREN 3 AND 56 CELEBRATE BIRTHDAYS JOINTLY

One of the most unique birthday celebrations reported recently to the office of the Herald was that Thursday, March 22, by little Miss Margaret Ann Waldrip and her grandmother Mrs. Craddock. Margaret Ann was the ripe old age of three years and Grandmother Craddock was 56 years young.

The hugh, three tier angle food cake, topped with 56 lighted candles was presented to Grandmother Craddock by her grand daughter Virginia Sue Webb. Little Miss Margaret Ann delivered her own cake to herself.

In addition to the beautiful cake, Grandmother Craddock received many other gifts. The party was a complete surprise to Mrs. Craddock which fact made the occasion all the more enjoyable.

Refreshments of cake and punch were served to the following guests: Mrs. Lackie Angle, J. E. Sarries, Florence Sarries, George Hammons, Clyde Jones, Thelma King, A. G. Foley, A. C. McBeath, C. A. Taylor, J. D. Reddell, W. F. Waldrip, O. Strickland, John White, G. E. Davis, Thelma Young, J. J. Beason, D. H. Henry, R. H. Howell, Cora Taylor, Sattie Davenport, J. E. Lewis, Willie Galloway, Grace Bettis, J. S. Stand-elf, G. P. Lankford, P. M. Clinton, Oliver Lee, C. M. Galloway, Clay Kimbrough, Bally Brown, J. W. Lane, H. M. Cooner, Vivian Wheeler, John Abernath, Quincey McBeath, S. W. Kelso, Ferman McBeath, L. C. Vance, Lloyd Waldrip, E. A. Mcbeath, Anna Turner, Ben Redwine, Tom Webb, Ford Waldrip, Miss Vickie Waldrip, Anne Galloway, Fanne Galloway, Thelma Beason, Beulah Clinton, Roxie Lane, Vera McGuire, Elsie Redwine, Rube Waldrip and Ona Galloway.

Brother Nicholas, Superintendent of the West Texas Childrens Aid and Welfare Association, of Abilene, spoke at the eleven o'clock hours Sunday morning at the Baptist church.

CARD OF THANKS

We want to thank each and every one for the kindness shown us during the illness and death of our dear loved one L. D. Hicks. We want to thank the doctors and nurses. They did all they could to save him but he had to go. They were so sweet and patient with him during his illness.

Oh! how we miss his dear face and sweet smile; but he said the Lord had called him and he was ready to go, and we must be submissive to the Lord's will.

HOSPITAL NOTES

Patients in the Knox County Hospital this week include Mrs. T. W. Rayborn of Munday, Mrs. B. B. Shelby and infant daughter JoAnn of Rochester, Mrs. Neal Stewart of Welnett and Joe Gonzales (Mexican) of this city.

Mrs. Vernon Bridges and Mrs. Holt Moseley entertained a few of their friends Tuesday evening with a trucky dinner, games of Bridge following. The approaching Easter was depicted in motifs and tableaux. Those enjoying the occasion were Mr. and Mrs. L. L. Davis, Mr. and Mrs. Lee Smith, Mr. and Mrs. John A. Smith and Mr. and Mrs. O. L. Jamison all of this city and Mr. and Mrs. S. A. Norris and Mr. and Mrs. Gene Hunter of Haskell.

The dinner was given in the Moseley home. It was very complimentary both in menu and service.

Uncle Joe Smith, who has had a severe case of the Measels, is recovering, but is still confined to his bed. Mrs. Byron Lee is yet to have the measles. She has been confined to her bed for ten days with the flu. Byron Lee has a case of flu and is real sick this week. The Smith home has been a real hospital for the past three weeks with Aunt Jo as head nurse. She is certainly a good one but we feel sure she needs a rest; and we hope that all her patients will soon recover.

Doug Horton, who has been real sick for the past week, was in town Tuesday. We were glad to see him about the city again.

Mrs. J. M. Ashcroft had as her guests over the weekend her two sisters, Miss Tomlin of Weatherford and Mrs. Lovelace and two sons of Seymour.

Little Miss Ellena Payne White is recovering this week from having had scarlet fever.

Baptist Church

Because of the bad weather last Sunday the program was not given by the Sunday School as was announced, but will be given next Sunday, April 1. Let every one be at the church promptly at 9:45. In addition to our regular Sunday morning offering bring an offering for Missions. Every member of the Sunday School is urged to make an offering of Missions.

Preaching at 11:30 a. m. and 7:00 p. m. There will be no evening sermon. All will attend the revival at the Methodist church.

L. D. Hicks Buried Sat.

Mr. L. D. Hicks born August 18, 1908 in Bandera county Texas, died March 23, 1934 in Knox county Texas. Funeral services were conducted from the First Baptist church of Knox City and interment was made in the Odd Fellow Cemetery.

Mr. Hicks was married to Miss Odessa Sibley on December 19, 1927 to which union three children were born. They are Billy D. age five, Bobbie Jean three and Wanda Mae two years of age. Mr. Hicks is also survived by his parents and three brothers all of whom live at Comanche Texas, four sisters, two living at Comanche, one at Tule Texas and one at O'Brien.

In 1929 Mr. Hicks was converted and joined the Nazarene church. Due in the absence of a pastor of this faith the funeral service was conducted by Reverend Stovall Baptist pastor.

HIGH SENIOR DAY TO BE OBSERVED AT SIMMONS UNIVERSITY

An invitation is extended to all High School seniors living within a radius of one hundred miles of Abilene to attend Senior High School Day, Saturday, April 28, to be held on the campus of Simmons University.

The occasion will be sponsored by the women of the Abilene Baptist churches with the co-operation of Baptist women throughout this section of the state.

High School Senior Day will consist of a program given by Simmons students and faculty in the University chapel at ten o'clock, followed by a noon picnic dinner on the campus with Simmons as host. In the afternoon visitors may take the opportunity to inspect the plant of the institution.

Transportation to and from Simmons University will be provided. All students who wish to remain overnight have a welcome awaiting them in the homes of Abilene.

Sponsors of the movement hope that this, "get together," of High School Seniors residing in this section of the west may prove to be an occasion of real fellowship and genuine enjoyment.

Speakers from the sponsor group are to visit the different High Schools and communities, deliver invitations in person and explain further plans for Senior Day.

Mrs. Oscar H. Cooper, Publicity Chairman.

WE BELIEVE IN AMERICA

We get a little tired sometimes of hearing people run down America. In the newspapers and magazines that come to our attention, we see many articles which appear to have been written for the purpose of making readers believe that the United States is on its last leg, that we have got to discard everything that has been done in the past and change the whole nation over into something modelled on Russia or Italy or Germany, or we're going to be sunk. And there is no end to the books, novels and others, whose sole theme is that we Americans are a pretty low-grade incompetent set of ignoramuses, lacking in "culture" and intelligence, not to be compared with the enlightened and highly-cultured citizenry of other nations.

We do not believe the authors of these books, stories and articles mean precisely what they seem to imply. If we thought so for a minute we would be glad to join a movement to banish them to those other countries that they think are so superior to our own. Rightly understood, much of this sort of talk springs from the peculiarly American passion for self-improvement. It has its roots in the same urge that sent our ancestors from other countries to this one, the urge to find a better way of life. These gentlemen see defects in our civilization which everyone must admit there are—and by magnifying those defects hope that the public will be sufficiently stirred up to do something about them. But the net effect of their diatribes upon the young and impressionable is to make them feel inferior to the people of other lands, and to regard their country as rather a low sort of a place in which to live.

There is nothing wrong with America! We say that in the full knowledge that there are still a great many people out of work, a great many people who have a hard struggle to make both ends meet. Whatever is wrong with America, we are ten times better off than the people of any other country we know anything about. And, whatever may be wrong with our country, there is a distinctly American way of fixing it, and the American people now, as they have always done in the past, will find and apply their own remedies, which will not be remedies prescribed by either Dr. Stalin, Dr. Hitler or Dr. Mussolini.

THE EASTERTIDE

By Mrs. J. E. Leslie

In Detroit News
For Lo, the winter is past. The rain is over and gone. Flowers appear on the earth. The time of singing of birds is come and the voice of the turtle is heard in our land—
Song of Solomon,
All the world is new today.
Green sprouts are showing above the dark loam.
The trees are misty with bursting buds.
The bluebird is "shifting his light load of song along the fence from post to post." The lark is singing his spring song from the meadow—and the robin from the roof-peak.
The grass is freshly green and the blue of the sky is newly washed by spring showers.
It is the season of flowers and singing, and sweet bells ringing.
Angels are sweeping their harps with the gladness of fresh hope and renewed courage for the troubled world—the song of Easter dawn—new life—
Resurrection.

YOUR HEALTH

By Dr. John Brown, State Health Officer

For the protection of the public a law was passed in 1921 making it mandatory for every person who is employed in any public eating place, bakery, meat market, dairy or cannery to secure a health certificate from a reputable physician. This law is intended to eliminate all persons having any communicable disease from handling any foodstuff. These certificates must be renewed every six months.

Typhoid fever, diphtheria, and amoebic dysentery carriers have been found numbers of times working in dairies, cafes, and other places where food is prepared or offered for sale. It is not too much for the communicable diseases. If the examinations for food handlers are properly carried out much good will be accomplished in protecting the health of the buyer as well as giving the merchant for a certificate accurate information as to his personal condition.

The Texas State Department of Health has repeatedly advocated periodic physical examinations for the general public, as it is during these examinations that many incipient diseases may be discovered and treatment begun in time to stop its development to such a degree that treatment will not be helpful. Many deaths and much suffering would be eliminated if every one would have this periodic check. In the case of food handlers, only the diseases that are communicable will withhold the issuance of a certificate. The cost of money well invested and the consuming public should demand that those they buy from have this evidence of good health.

Knox County Herald Gets The Business Message Into The Homes of Buyers

The functions of advertising are to search out buyers and inform them of new merchandise styles, explain values and tell where and at what prices they may be had. Getting these business messages delivered in an efficient and inexpensive manner, as is consistent with good taste, and through a medium that insures attention and acceptance, is a merchandising problem that was solved years ago by the establishment of good, reliable and dependable newspapers. The Knox County Herald is a good newspaper. It will get your sales message. Mr. Merchant and Business Man, display space in the Knox County Herald is the most economical method of spreading your merchandising offerings before an attentive audience who are the home newspaper readers of the Knox County Herald.

Complete Advertising Service

The Knox County Herald is equipped to supply a complete advertising service to Knox City business and merchant advertisers. This includes fine merchandise illustrations, attention-compelling layouts and merchandise-moving copy.

IS A DANGEROUS DISEASE

is a dangerous and very severe disease. One of the first symptoms is fever of about 102 degrees. This is succeeded by a chill ending in eruptions of pits or scars. Another symptom is a chill either mild or severe. An immediate rise in temperature during the fever there is a severe headache. The appearance of the eruptions are common and a rash appears on the face and disappears in about 24 hours. Eruptions are not on the third day of illness, these are on the forehead, the temples, about the mouth, on the neck, ears, forearms and hands. Within 24 hours eruptions appear on the body and legs. These eruptions last for two or three days until the fever has subsided. As a person shows the symptoms of smallpox, keep him in bed and call a doctor. Do not let the person get up until the doctor says it is safe. Then keep him away from others until there is no danger of the disease. It is not necessary for your child to be vaccinated. It can be prevented by vaccination. It will be announced in the schools of the city at what time vaccinations will be administered by a local physician.

TO BUILD BUILDING AT WORLD'S FAIR

general contract for erection of the Ford Exposition building at the World's Fair has been awarded to the W. E. O'Neil Construction Company of Chicago. It was announced today by Mr. C. H. Under, manager of the Dallas office of the Ford Motor Company. Construction work, which has already begun, is to be completed in about 100 days.

Fourteen hundred tons of steel will be used in the building, which is 900 feet long and rises to 119 feet at its highest point in a huge central rotunda. Specifications call for 700,000 square feet of fire-resistant wall and 1,600,000 feet of lumber, 99 yards of concrete and 160,000 square feet of tile flooring. The entire space reserved for industrial exhibits will be skylighted. Large quantities of chromium metal work will be used in both the interior and exterior embellishment. The line with the conservatively modernistic motif of the architecture. Fifteen bids were received. The lowest was so close that two days were spent in conference between Ford officials and bidders before the award was finally made in the offices of Albert Kahn, Detroit architect.

PHILIPPINE VISITORS OBSERVE WORK OF HOME DEMONSTRATION SERVICE IN TEXAS

A delegation from Knox County attended the Jones County Home Demonstration Council in Anson Sat-

urday for four years Home Demonstration workers of Manila, which time two young Philippine visitors, Misses Presentacion Atienza and Natividad Brodeth, were accompanied to Anson by Miss Mildred Horton, State Home Demonstration Agent and Miss Myrtle Murray, District 2 Home Demonstration Agent.

The young women have been in the United States for more than a year, studying the extension program operation of the United States Department of Agriculture. Recently they have been touring the states observing first hand the Home Demonstration work. They are to spend some time in Texas alone and were to go to Lubbock from Anson where they plan to attend the Quality Meat Show March 28-30.

Miss Atienza and Miss Brodeth both appeared on the program at this meeting, contrasting the Extension work here and the Philippines and telling the group many interesting things concerning their native land including modes of living, education, and costumes which were modeled and discussed at length.

These women learned so many interesting things about rug making, home and yard improvement, gardening and canning since they have been in Texas and marvel at the variety of products the Home Demonstration Service offers here. They are sure to take new phases of work learned in the United States back to their native land where a Home Demonstration Staff of 14 native women are laying the foundation for extension service.

THE KNOX COUNTY HOME DEMONSTRATION COUNCIL

The Knox County Home Demonstration Council, composed of the president and one elected representative from each of the women's clubs, met Saturday March 10, in Benjamin, in regular session with seven Home Demonstration clubs represented.

The house was called to order by the chairman Mrs. R. M. Almonrode, Gillespie. The roll was called, minutes were read and approved.

A report was given by the Expansion Committee. They reported a total of 96 non-club members had been assisted with some phase of Home Demonstration work during January and February.

Plans for giving cash prizes at the County Exhibit in the fall, were discussed. The council plans to send a complete exhibit of 35 entries to the Quality Meat Show, Lubbock, March 28-30. Three cans form a entry in the following classes, Pork, meat, sausage, liverpaste, mince-meat, boned chicken, beef roast, steak, and chile.

The council purchased the labels for these entries and they can be had at the Home Demonstration Agent's office.

Plans were made to take an exhibit of Dairy Products to Albany, April 12-14. Each club is asked to have at least one entry in each of the following:

American cheese 3 pounds, Butter 1 pound, Cottage cheese 1 pound, Whole milk 1 pound Market Cream 1 pint.

Plans are also under way to secure a bus to take a group of club women to Albany April 14 to see and hear the judging.

The following clubs turned in their Educational fund, Benjamin, Hefner, Hood, Munday, Gilliland, Union Grove and Gillespie.

The chairman introduced Mrs. W. H. Chapman, President of the County Federation of Women's Clubs who talked to the Council on the importance and advantages of Federating Home Demonstration Clubs.

Today and Tomorrow

RAMP—good eating
When I was a boy down East one of the familiar figures on the streets of our town was the "hulled corn man." He peddled from a huge can what the Indians taught our Pilgrim ancestors to make and to call "samp." It was Indian corn parboiled in lye, so that the outer skin came off an the kernel was white and fluffy and very good eating, especially, I used to think when served with Porto Rico molasses.

In the Middle States then Indian name for this processed corn was "hominy", and farther, South the name began to be applied to corn-very-round corn which had been put through a similar process, and which the folk of the Deep South now call "grits."

When I hear anyone talk of the deliciousness of hominy, alone or in the familiar combination of "hog and hominy", I am never sure whether they are talking about our Yankee "samp" or the southern "grits." But I do know that both are mighty good eating.

RABBITS—and fever

Twenty years ago the small animal life of some of the Alaska Islands was wiped out by a volcanic eruption. This left the Indians in bad shape, for they lost not only an important food supply but the foxes, whom they kill for their pelts, also had their food curtailed. Now the Government is "planting" colonies of rabbits on those islands, in the expectation that they will increase rapidly and restore the balance of animal life.

What I want to hear is that the Government has found a cure or prevention for the "rabbit fever" which is often fatal to men who handle rabbits or rabbit pelts. A Maine guide died the other day from this disease, which he caught from a fox he had skinned, after the fox had been eating a rabbit. It is a curious infection which seems to be spreading all over the country.

GOLD—to market
The price of \$35 an ounce for gold has, naturally stimulated gold mining everywhere that a trace of the precious metal has ever been found, and in some places where they have only guessed it might be. One of my neighbors, a few miles from my farm, has taken out a license

to dig for gold in the Berkshire hills. I hope he finds it.

They are getting gold in paying quantities from several abandoned mines in North Carolina. Before the gold strike in California there were profitable gold mines in many parts of the Atlantic seaboard. So much gold was mined in the Carolinas and Georgia that for years the Government maintained a mint at Dahlonega, Georgia.

Now there is no more gold coinage, but anyone who finds an ounce of gold anywhere can get \$35 for it from Uncle Sam, and some folks are going to strike it rich somewhere.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless use of strong laxatives may do more harm than good. Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys. Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later. Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go! Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. THE MOST USEFUL MODERN INVENTION

1st Place County Winner
By Mary Leone Hoge

I consider the radio as the most useful invention because it has so much power and yet is one of the most educational and popular entertainers of the world. It seems strange that a few tubes, wires, etc. sustain enough power to control a balloon, automobile, or boat.

This is a fast age in which we are living but the one just appearing over the horizon will be far too unbalanced if the people of the world do not keep pace with the inventions of the day.

Some inventor has recently presented to the United States Postal Department the idea of adopting the aluminum balloon for the purpose of carrying the mail across the continent and also from New York to Paris. This invention is controlled by radio! The balloon which is timed and guided by very delicate instruments, rises to a certain altitude and then goes through a designated air wave of the stratosphere to the assigned point. This is possible but not probable!

It is almost unbelievable that an automobile can be guided through one of the busiest cities of this country without a human being near it. It can be and has been done by radio. A radio set has been installed in the car with another set in a new building or on the sidewalk. The contact and reaction of the two instruments enables the car to turn and guide itself indubitably safely.

In a recent news reel, I saw a small sail boat which was guided by radio. A small set of the delicate instruments had been installed in the boat and another set on the pier. The boat could be made to sail out on the water for some distance and then, like a graceful fish, turn into the pier and land.

The radio may bring gladness and joy or sorrow and fear to people. Many a nation has been stirred to the verge of shouting and laughing because the news has been broadcast that some long desired event has happened. People have shed oceans of tears because of the loss of some well-loved country man. The key has been turned in many rusty locks, doors bolted and blinds pulled because of some warning broadcast.

The radio is being used in many schools to bring to the students the most interesting and important events of the day instead of letting them read of them in after years. More houses are being made homes because the people living therein may spend many evenings at home and still be informed of the events of the day instead of going so much in order to keep pace with the world.

The radio, because of present day prices may be had in almost every home and I believe, with the far-reaching voice of this great invention as an important factor, this will become a better, stronger, and more educated nation.

TEXAS A. A. U.

The Texas A. A. U. Championship for 1934 was carried off by Conlen in the final game with Mesquite, the defending champions of 1933.

There were thirty-two teams entered in the A. A. U. meet at Celeste the largest number to ever enter in Texas. Games were played at Greenville, Celeste, and Hickory Creek the first day and the remaining three days the semi-finals and finals were played at Celeste and Greenville.

The Knox City Sextet first met Dawson, the champions of Navarro county in the opening game of the Tournament at Greenville. This game was rated by many onlookers to be the best game played at Greenville on Wednesday as the teams were evenly matched and both fought hard to be victors.

On Wednesday sixteen teams remained in the flight for State championship. The Celeste Blue Riders game was to many, the most interesting as the score remained tied during nearly the entire game. In the final two minutes of play the Blue Riders next started a rally of scoring and when the final sound of the whistle blew Blue Riders was leading by three points.

In the second round of play Knox City was eliminated by Mesquite the

champions of 1933. Dimmitt, the State champions of 1931-1932 were next defeated by Colorado.

Good sportsmanship was shown in all games and our girls can now say they have seen some real basket ball.

TEXAS TEAMS TO ENTER NATIONAL A. A. U.

Five teams from Texas are scheduled to play in the National A. A. U. Basketball Tournament at Wichita, Kansas this week. These are Mesquite, Conlen, Pasadena, Colorado and Celeste.

Celeste is to be the honor guest of the National A. A. U. due to the fact that they hold the oldest membership in America in the Amateur Athletic Union, having been a member every year since it was organized.

Eight teams from the North Eastern states have entered to play open court boys rules.

We are for our Texas teams and hope they place us in the National meet. The winner of the National A. A. U. will then compete in London, England for world championship.

MEMBERS OF THE CHAMBER OF COMMERCE

We, the Basketball girls of Knox City wish to extend our greatest appreciation for your donation on our trip to Celeste. Although we didn't place in the tournament we still thank you because we know we couldn't possibly have gone without your help.

Next year if we go to the A. A. U. we hope to bring back some honors for our school.

Again we thank you for your help.

WHO'S WHO IN THE SENIOR CLASS

Edward Burris Teaff
"I was born on February 32, 1889 in Chyenne Montana. I have attended some kind of gathering in every state in the union (usually a rodeo). I have ridden at least one bronc in every state and killed something (mostly time). I shall either graduate or quituate this year after fifty-two years in school. I have never been married and I am proud of it! I wuz a two-gun papa for thirty-six years the end of which last Monday was nigh onto twenty-five years ago.
Now here's my life—

Upon the shelf;

You can write it yourself.

Thus ends Burris' soliloquy of his own life. From it we may ascertain a good many things, for instance, he is highly imaginative and has a vivid sense of humor. Other than what little "reliable" material we may find in it, we know only a few facts and these are that he is six feet tall and weighs about 175 pounds, and we would naturally suppose that his favorite sport is riding broncs which he can probably do well at least until he is thrown off.

He wears a cowboy hat on one side of his head and drives a "Ma-delivery" bus about the entire county just where, it would be entirely too hard to try to find out. He picks a guitar and sings blues and yodels until he turns the gold in the west into blue. He has recently acquired a motorcycle which he intends to substitute for his bronco, but we confidently believe that it will not fill the bill so well as the bronco and that he will substitute the motorcycle for a bronc again. Anyway wish him luck and we are glad that he is in the senior class this year.

We should also like for him to tell us some thrilling stories about the "good old days of long ago."
