The sunrise prayer services at the Christian Church was attended by a larger crowd than in former years. The following program was presented:

### A CORRECTION

Last week the Herald made an error in the writeup of Mr. Merick McGahey of Vera candidate for County Superintendent. We should have stated that he attended public schools in Baylor and Knox Counties, after which he attended the State Teachers College at Denton, receiving the A. B. Degree. He afterwards attended school at Greeley, Colorado where he took his Masters Degree in 1933. The Herald is glad to make this correction.

Mrs. L. L. Davis, Mrs. Roy Smith and Mrs. S. L. Favor were Stamford and Haskell visitors Wednesday.

### OUT THE WINDOW!

## COMMUNITY CIRCUS GRAND SUCCESS

Knox City presented its first Community Circus at the school gymnasium, Friday evening, April 15 at eight o'clock. The circus was attended by the largest crowd attending any entertainment in the gymnasium since its construction.

The Circus, complete with all of its shows, animals, and actors, embraced a cast of one hundred twenty-five people.

The audience was entertained by the antics of two large and two midget clowns. Miss Mary Frances Hicks, the animal trainer, should be complimented on her splendid work with the different animal acts. The trapeze artists kept the crowd in breath taking suspense. As amateurs they were unusually good.

The truly American colors of red, white and blue, were used throughout in all costumes and decorations.

The music for the evening was in charge of the High School Band, the Knox City orchestra, and thirty pieces of the band.

Charles Shumaker, high school English instructor, acted as ringmaster for the circus. Mr. Shumaker proved an able hand with his experiences with the dramatic departments of the Greater Texas and Pan-American Exposition in Dallas in 1936-37.

Proceeding the production, the traditional circus parade of every circus was staged in down town Knox City. With the high school band leading the parade, the crowds saw the freaks of the show and the attractive class floats pass. Even the Queen of the Circus, Mrs. A. M. Whitis, came in person to herald the evening's show. The third grade received the prize given for the best parade entry.

Mrs. Milton Bradberry, circus manager, and the other division heads, as well as the children and parents should be congratulated on the tremendous success of the circus. So well did the show function, that it has been decided to make it an annual attraction, adding

yearly to its performances and equipment. May Knox City be proud of their record and their people and boast it in all future community programs.

### FRIZZELL'S ENTERTAIN

Tuesday evening, April 12, Dr. and Mrs. T. P. Frizzell and Dr. and Mrs. T. S. Edwards entertained in honor of Dr. and Mrs. O. J. Emory with a lovely turkey dinner in the home of Dr. and Mrs. T. P. Frizzell.

Dinner was served buffet style from a lace covered table centered with roses.

After dinner games of "42" were enjoyed by the guests. Guests were:

Dr. and Mrs. O. J. Emory guests of honor, the hosts and hostesses, Dr. and Mrs. T. S. Edwards, Dr. and Mrs. T. P. Frizzell, and Mr. and Mrs. T. P. Frizzell, Sr., Mr. and Mrs. E. Q. Warren, Mr. O. L. Jamison, Mesdames D. C. Eiland, Verna Harwell, Mabel Pyeatt, Stella Thompson, Joe Watkins, Thomas Ferguson, Clyde Goodrich; Misses Bernice Champion, Leta Turner and Lessie Bolin.

### BABY CONTEST AT HASKELL GAINS INTEREST

The Walton Studio of Haskell has a baby contest on as will be found by the announcement made in last week's Knox County Herald. This contest closes April 30th. If you have not entered this contest you should do so at once as the contest is limited to one hundred babies.

### CAR REGISTRATION

According to Earl Sams tax collector for Knox County there were 1518 passenger cars registered this year against 1420 last year. There were 322 truck licenses issued against 303 for last year, which shows that there are more automobiles and trucks in this county than there were last year.

### P. T. A. Held Health Meeting

The Knox City P. T. A. held its health meeting of the year at the school auditorium Monday, April 18, at 8 o'clock. The program was under the direction of Mrs. Roy Baker.

The program was opened by three members of the first and second grades, under the supervision of their respective teachers, Miss Pauline Cherry and Ruth Rice.

After the opening prayer led by Jack Wetzel, Dr. T. S. Edwards gave a talk on "Why Every Child Needs a Health Examination." A panel discussion on "Working With Children of Pre-School Age," was presented by Mrs. Verna Harwell, superintendent of the Knox County Hospital, and Dr. O. J. Emory, of the Knox City Clinic staff under the direction of Mrs. C. C. Hoge.

The health drive of the P. T. A. has shown that on Wednesday the children will be vaccinated for smallpox and diphtheria for the cost of the vaccine and twenty-five cents doctor's fees.

Reports on the district P. T. A. Convention held in Vernon last week Tuesday through Thursday were made by those who attended. Mrs. Joe Averitt, Mrs. T. S. Edwards, and Mrs. W. E. Marr.

It was reported that the boy Scout Troop to be sponsored by the Parent Teachers Association had been organized and the officials will be chosen in its first meeting to be held April 24.

The P. T. A. will observe National Music Week in May by presenting a special musical program.

### BLACK & WHITE GROCERY HAS 1ST. ANNIVERSARY

At the first anniversary sale of the Black and White Grocery last Saturday more than seven hundred registered during the day. Mr. Garrison the local manager says he is more than satisfied with the result. They gave away absolutely free five bushel baskets of groceries during the day. One year ago at their opening less than four hundred people registered. This record crowd was secured by using one half page in the Knox County Herald. Not a single circular was used for the occasion. This firm starts off another year with confidence that Knox City is one of the best small towns in this section of the state, and their business is gradually increasing each month.

Mrs. T. P. Frizzell was hostess last Friday to members of the Friday afternoon '42' club. A delicious ice course was served to Mesdames, R. H. Hamner, Jack Coates, E. O. Jamison, S. E. Youngblood, J. M. Averitt, C. H. Keck, W. E. Marr, Lynn Waldrip, S. L. Favor, N. F. Mullins, C. A. Lantoni, A. J. Malouf, W. H. Clouts and W. E. Clout.

### YOUTHS WORK PARTIME

During the last week, 13 youths assigned to the NYA Resident Training Project in agriculture at the Foundation Farm in Luling assisted in the building range shelters, pasture fences, chicken feeders; grading farm produce; and terracing the river slope. Off-job training included instruction in animal husbandry, farm-home management, and dairy.

Work is scheduled to begin next week on the new bridge across the Brazos river between Knox City and Benjamin. Mr. E. M. Bailey, Superintendent of the Oran Speer Construction Company, contractors for the structure, was in Knox City last week looking for material for the bridge and rooms and apartments for his men. Mr. Bailey told a reporter for the Herald that he expected to have several men on the ground early next week to begin preliminary work such as locating machinery and building coo houses, and shortly after the first of May expected to be working with a full force. Mr. Bailey indicated that they would employ a total of about forty men for a period of four to six months. Headquarters are being established in Knox City and all steel and equipment is to be unloaded here through the facilities of the local Santa Fe agency. The Herald is happy to welcome these fine people to Knox City and hopes their stay with us will be a pleasant one.

### FOR COMMISSIONER

The Herald is authorized to announce S. L. Shipman of Vera as a candidate for the office of County Commissioner, Precinct No. 2, subject to the action of the Democratic primary election.

Mr. Shipman is well known to the voters of that precinct as he has resided in that sector for thirty seven years and his friends all say he is well qualified for the office he seeks. He expects to make an active campaign and meet as many of the voters as possible before the election, however should he fail to see all of them he asks that you give his candidacy due consideration before you cast your ballot for County Commissioner.

### ELLIOTT WITH IDEAL SECURITY COMPANY

M. L. Elliott who represented Ideal Security Life Insurance Company in this territory for several months, but for the past few months with Dixie Life Insurance Co. visited with us and advises that he is again with Ideal Security Life Insurance Company of Anson. Mr. Elliott also advises that the friendship with the management, together with personal interest this Company feels in its policy-holders, their prompt payments of all claims, when needed makes it easier to sell Ideal Security Life Insurance.

### MAKING FRIENDS A HOBBY

If someone very unconcernedly asked you this simple question, "Name your friends" you would probably give one, or in some special case two names. Try naming those people who are your friends, real pals not those people you merely speak to on the street, or endure because you have to, but those dear chums whom you claim for your everyday companions. You will find the number surprisingly small.

Suppose some person asked you this question "What is your hobby?" Would you say: "collecting stamps," or would your answer be "Collecting elephants, dolls," or any other thing of the same nature, but, if you still can not see the connection, between friends and hobbies here it is: "Why not make Making Friends your Hobby? There could be no better. True friendship is so very clean and pure it places any ordinary person on a higher plane.

Did you ever go out of your own little budgeted routine way to speak to a maimed old man or a humped little woman? Did you ever stop to count the people you personally have made happy, even for a minute? You could very easily I am sure— Did you ever stop to think about your growing old. Yes, you like all the rest are growing older day by day, and in the almost too near future your hair will turn white, your body feeble. Will people drop in to see you or bring you small gifts? Have you made friends that will remember you when you grow old? Or are you just barely getting by on enough "Store bought" friends to tide you over this period of uncertainty. You are what is disgustingly called a social parasite. You receive favors from others and do nothing in return. You should be an outcast, and if you do not remedy your "Greta Garbo" attitude and get down to earth with the rest of the common herd, you are going to be one of the most lonesome, "left out of things" persons you can ever imagine.

There is no doubt, several reasons for not having more friends. First, I would say, would be the breakneck speed we are forever going. We are going too fast and do not have the time to hear "opportunity knocking." We are literally speaking, locked in the room without a key to let opportunity in. Will you appreciate people passing you like an old coat in a few years like they will unless you make friends other than fair-weather ones. Secondly, perhaps, is the feeling we have that is a person cared about knowing us they would come and meet us.

Do not hold back. Be first and be safe. Someone has to start it and you will do. Third, might be the belief of Francis Bacon. His idea on friends was that the only reason people had was to use them. It is rather a distorted view, but I am broad minded enough to realize there are two sides to everything. Remember how dead this world would be if there were no friends or people with shoulders for srying purposes for rent.

So make "Making Friends" your hobby, and see how many you can "collect" from now until school is out.

Be friendly and have friends as it pays.

—Dorothy Shaver

### LIBRARY INTERESTS

The Library work is progressing nicely. Librarians have been very busy this week. They

are cutting down the expense by using bookcovers to recase the magazines and make card envelopes. By having the book supports made at the lumber yard they are getting them for half the price of those factory made.

Mrs. Allen, Supervisor of this Project, attended the District Supervisor's meeting at Graham last Friday. Plans are being made for a county wide Open House to be made in the Munday High School Library May 19th. An exhibit will be selected from this Open House to be taken to the State Library Open House at Fort Worth, June 4th.

### JUNIOR CLASS ONLY HIGH SCHOOL CLASS IN PARADE

In the parade Friday afternoon the only class represented in the circus parade was the Junior Class. Donnie Joe Gattner and Glenn Huntsman paraded through the streets carrying grown to huge proportions. On the back of each was a placard with the words "Still Growing" printed in large letters. The class is proud of the fact that even though the third grade got first place the juniors got third place.

### AUNT TILLIE TO REALLY GO TO TOWN FRIDAY NITE

"Aunt Tillie Goes To Town" is the title of the play that has been chosen for the annual Senior Class at the Auditorium, Friday, April 22.

Only one word adequately describes this newest streamlined farce that word is riotous. The situations in this play are so sure fire that they are bound to produce a riot of laughs. There is never a dull moment during the entire three acts. With the grand parts efficiently portrayed by members of the Senior Class, bright sayings and witty lines, the play is a Knock-out.

The cast is as follows: Aunt Tillie Trask — The typical old maid who quits being quince and goes to town. —Dorothy Shaver.

Lucinda Talbot — a woman of the type who strives valiantly to be beautiful and catch Mervin Tucker — a young boy who is obviously a gentleman — Marion Clonts.

Ronald Howland — Woman hater type in his early twenties. Come and watch the worm turn. —Doyle Walker.

Lizzie Parsons — There just anything she doesn't know. —Billye Bess Benedict.

Pamela Marsh — Pretty, charming girl of culture. Possessed of a romantic nature — Ellena Fayne White.

Luther Lorrimer — One cause for all the complications is Luther — John Byron White.

Ellen Neeland — Is she a girl from Mervin's past — Ruth McGee.

Charlie One Lung — A chink that says he is from the Agency, but is he? — James Ray Swift.

Mrs. Tillie Tucker — The lady that stirs up things — Juanita Herring.

Dr. Hattie Bing — Powerful homeingering chiropractor — Dorothy Ruby Darden.

This play is novel and ingenious, has loads of pep and action and is thoroughly clean and wholesome. Certainly this performance is going to be one that the whole town may be proud of and will establish a new high record for attendance. There is some of the funniest scenes ever to be written into a farce. The entire production is under the direct supervision of Mr. A. M. Whitis and that is another factor that as-

sure the success of the forthcoming production of "Aunt Tillie Goes To Town." Admission prices are Adults 25c, School 15. Don't Miss "Aunt Tillie Goes To Town," Friday, Nigt, April 22, at 8 o'clock.

### KNOX COUNTY ENTRANTS GO FAR IN DISTRICT MEET

Wednesday the tennis division of the district meet was held in Breckenridge, Texas, on the Breckenridge High School Courts. Strong entries were representing all counties in the district hoping to survive and upset the favorites. From Knox City the senior girls tennis team that made a clean sweep of those matches in the county were carrying the red and blue.

In the senior girls singles, Marion Clonts weakened by her recent illness, and playing against her doctors orders was finally overborne by the Rule entry 6-2, 6-3. The Rule entry favored to go to the finals against the pre-tournament favorite from Breckenridge who has won the past three years was forced to exert herself and play heads-up tennis to out maneuver the Knox City entry. Clonts was capable of running each game duce several times, but the effort took its toll in her weakened condition. It was surprising to see and disappointing to think that the Knox entry having such an opportunity to win had to battle her own inertia caused from her set-back.

The surprise of the whole tennis meet seemed to be the Knox City Doubles team composed of Ellena Fayne White and Billie Bess Benedict. The girls played excellent tennis to go to the semifinals, but they were finally subdued by Breckenridge who in turn turned Sagerton to take the cup. The Knox girls turned back Gordon in the first round 6-1, 6-2; then turned back Carbon in the second round 6-4, 4-6, 6-4 to enter the semi-finals.

Taking time out for an hour rest, the girls returned to battle a freshened Breckenridge team that were fresher by one match than the girls that started playing at nine in the morning. The fresher team finally survived the match 6-4, 2-6, 7-4.

### ASSEMBLY PROGRAM

The assembly program Monday, April 19, was given by the band under the supervision of Mr. Dodgin.

The band played the pieces of music that they intend to play at San Angelo. The entire band played two pieces. They were "Monarch" and "Call of Baghdad."

Besides the music played by the band several solos and ensembles were also presented. A saxophone trio including Odell Carver, Jean Anne Smith and Henry Jean Jones was presented. Doyle Graham played a Sousaphone Solo, Dale Graham, L. N. Bridges and Paul Hoge were featured in a cornet Trio, and Billy Dean Davis played a Saxophone Solo, and Doris Elaine Clonts played a Clarinet Solo.

### BAND LEADS BIG CIRCUS PARADE LAST FRIDAY

The Knox City High School Band led the circus parade through town last Friday afternoon. As you noticed, there has been an addition to the band. This consists of four girls and one boy, who is flag-bearer.

This adds another line to the band, which now has a marching number of thirty-six including the drum-major. On concert the band numbers thirty nine.

Wynette Farmer, Anita Wampler, Margaret Dutton, and Udell Darden add to the band. These majorettes wore their new uniforms Friday and really looked swell.

### TRACK BOYS TAKE TRIP TO DISTRICT MEET SATURDAY

Saturday, April 16, Mr. Shumaker and three of our track boys, Paul Edward Benedict, Truman Cypert, and Jake Humphries went to Breckenridge to enter the District Track meet. Knox City did not score a point but did rank up over the middle number of contestants. Truman placed for the final in the one hundred yard dash. In the finals he led the race for seventy-five yards, but in the finish he came in sixth. Despite the outcome of the meet, Mr. Shumaker should be acclaimed for the wonderful spirit, success, and pep he has put in the boys. No one of our boys on the track teams will be lost by graduation, so next year Knox City has a grand chance at taking everything.

The Knox City Seniors and Juniors wish to extend their deepest gratitude to the Sunset Seniors for such a cordial invitation and it is hoped that every one will be able to attend.

### TARLETON STUDENT TALKS TO SENIORS

Monday morning Miss Mary Leone Hoge, an ex-student of Knox City High School, who is attending John Tarleton Agricultural College at Stephenville, Texas, spoke to the Seniors in the Science room.

Miss Hoge brought out many good points about her college, especially stressing several excellent reasons why it is very profitable for students to go there. The Seniors were informed about all of the things that were of special interest to them and they all decided that it would be a very grand place to go.

Miss Hoge is a senior this year and is very well known about the campus for her musical talent as well as her charming personality.

The Seniors were especially glad to have Miss Hoge visit them and they hope that she will return in the near future.

## EASTER NEWS

The fourth grade had their picnic in Walling's pasture. They played games and the prizes were given to Elma Gene Cornett, Lenson Walling, and O. C. Prather who found twenty-one eggs each.

The fifth and sixth grade went on an Easter Egg hunt Friday. They went to Partridge's pasture. Houston Sweatt found the most. He found seven.

The third grade had their hunt in Partridge's pasture. Sylvia Jo Cornett and Leroy Scarborough got the prizes.

## GLYNN MYERS IS HOST AT EASTER EGG HUNT

Sunday afternoon at two-thirty, Glynn Myers gave an Easter Egg hunt. There were about eighteen present. They played baseball while toward Myers and Roddy Griffith had the eggs. They were hidden in the pasture west of the Sunset School building. Eggs were hidden from several inches in the ground to several feet in the air.

After they had hunted about an hour they all came together to count the eggs. They had found about one hundred and twenty eggs, but no one had found the prize egg, which was a very small red egg.

If they had been counting the number of eggs, Glynn Myers would have won the prize, but unfortunately they were not. They started hunting again and after hunting about ten minutes Gena Beth found the egg. It was stuck under the bark of a tree.

They went back to the house and played ball, then they got the prize and gave it to Gena Beth. It was a small rabbit which squeaked when you mashed it.

They then had refreshments of lemonade and cookies.

They played sheet board down. After playing it about two hours everyone went home.

Everyone had a very nice time.

## A GOOD BOOK

Romona is a good book written by Helen H. Jackson.

The book tells of a girl who was adopted by a rich Mexican woman. The Senora had a son she just worshiped but after she adopted Romona she never liked her. The Senora's son Felipe, and Romona were like brother and sister and were very fond of each other.

Every year a lot of Indian shearers would come and shear the Senora's sheep. The leader of the Indians was a tall handsome Indian. He and Romona grew very fond of each other, and were married. She led an Indian life.

This book tells of the Indian life of Old California before the white men came. If you ever have a chance to read it, do so. Juanita Rogers.

## WE WONDER WHY?

Roddy's marbles are chipped. Randall likes to hide Easter Eggs.

Ruth never says anything about him anymore.

Bernice is collecting movie stars. So she will know them when she goes to Hollywood.

Jim is working so hard this six weeks scy in there Jim.

Randall will be curly-headed his whole life.

Go into the hotel lobbies of Austin at almost any time of day and you will see at least four or five men who admit they can "deliver" a big bloc of votes. Accustomed to the modest claims of these self-confessed leaders, I was rendered speechless if possible when one recently said in a confidential tone that could not have been heard more than eighty feet away by a man who was stone deaf. "I can swing 42,000 votes and if all the claims were added up the total would several times the voting strength of the State. And, the odd thing is, the fellow who has such a tremendous following usually winds up with the request of a loan of \$2.

It is told of one attorney who is a frequent visitor to Austin that he leaves word with his secretary to call him by long distance an hour after he reaches this city so that the impressive announcement over the loud speaker will be heard in lobby, coffee shop and mezzanine: "Long distance is calling Judge Splutterfuss."

Homer Olsen, well-known newspaperman, always knows a new story and he never loses his smile unless someone spells his last name "Olsen." —Bob Hammett of the State police once kayoed a former world's boxer, Ad Wolgast, when the ex-king of the lightweights visited Gorman on a tour in which he was meeting all comers. —In one of the office buildings in Austin, there is an elevator with two doors; You enter one and go out the other. chronicler is always puzzled as to which way to face though, if I were a candidate, no doubt I could face both ways."

If you get a chance hear the Smokey City Four from Livingston. As the name indicates, they are negro singers. Wearing their store-bought best, faces impassive, their voices are untutored, wherein lies their appeal, for training would have taken something of the simplicity and naturalness from the quartet. As it is, one seems to hear like the murmur in a seashell, the vast undertone of a people born to toil and who look to the life beyond for the happiness which they find fragmentarily in bright raiment on Saturdays and in song in this life. The Smokey City Four almost put "swing" into their hymns and, in the primitive chants which this listener never heard before, there is the best tom-toms in the dark forests of Africa.

The last word in swankiness—a sign in front of an El Paso department store, "Our footman will take your car." And the Pass City has a place of business so small that it is named, "2 by 4."

When Judge Ralph Yarborough of Austin was in Fort Worth recently in his campaign for Attorney General, he was handed a little book entitled, "What I know about Politics," bearing the name of Chester Hollis, well known former official of Tarrant County, as author. Opening the booklet, Yarborough found all the pages were blank!

It was with genuine regret that this historian had to leave Bay City without witnessing the play that the Little Theater was presenting, "Gold in the Hills or the Dead Sister's Secret." Curses, foiled again.

## CREDIT EXPANSION PROGRAM

In any attempt to evaluate the President's new movement toward credit expansion through gold sterilization and decrease of bank reserve requirements against deposits, one must keep in mind the trend of credit control in recent years. During a considerable period prior to the depression control of credit and of inflationary, or deflationary, tendencies was fairly effectively exercised in most countries through central bank manipulation of discount rates and open market delivery in government securities. After the crash of 1923, however, such methods proved startlingly unavailing, especially in this country where the Federal Reserve System had only limited prerogatives as a central banking organization.

A tremendous open market Government security buying campaign was launched by the Federal Reserve Banks in the latter part of Hoover's administration, but the result was actually the reverse of what it ought to have been. The hysteria prevailing caused sellers of bonds to use the money received to retire indebtedness; both commercial credit at banks and rediscounts at the Federal Reserve Banks fell rapidly. The reserve rediscount rate was lowered and the credit base was enlarged by various means, but there were few buyers for the credit available. Bank deposits continued to climb as loans fell. Today there are in the commercial banks about \$2.60 of deposits for every dollar of loans—an unprecedented situation.

In the latter part of 1936 there was a revival of commercial lending, but the Government became panicky at the thought of runaway inflation, and greatly increased reserve requirements against deposits and sterilized incoming gold. It was not the amount of lending, but the potential credit available, that worried officials of the administration. It is significant that, though reserve requirements were raised and gold sterilized, rediscount rates were shortly thereafter reduced to a record low, an anomalous procedure. What the Government wanted to do was to keep credit expansion going, but to guard against a runaway inflation.

A terrific deflation followed. Possibly it was not due entirely to Government action. At any rate, the entire Federal Reserve and Treasury procedure is now reversed. Although the available credit is already far above normal requirements, there is to be piled on Pelion through gold sterilization, lowering of reserve requirements, further deficit financing and other means. It will certainly pile up more available credit, but will it be used? It is a procedure that makes more abnormal an already abnormal situation.

## OUR BLESSINGS

Conroe Courier: Blessed are the merchants who advertise, for they have faith in their business, and their prosperity shall increase many fold. Blessed is the woman who sends in a written account of a party at a wedding, for she shall see the details and names of her guests correctly reported. Blessed are those who do not expect the editor to know everything, but who tell him whenever an interesting event occurs in which they are interested, for they shall have a better newspaper in their town.

Blessed are they who get their copy in early for they shall occupy a warm space in the editor's heart. Blessed are they who cooperate with all efforts in behalf of the community, for their town shall be known to all men, far and wide, as a good place in which to live and do business. Blessed are they who do not think they could run the paper better than the editor runs it—yes, thrice blessed are they because there are so few of them.

The Conroe contemporary might have besought a blessing for those who know a newspaper costs a lot of money to produce, therefore can't be sent free to subscribers or sold to them at a price that doesn't pay for the paper it is printed on. Coming to think of it, there are lots of people upon whom the editor would wish blessings to rain. Good people are in the majority everywhere, notwithstanding the too-common impression that the world is going to the bow-wows by reason of the forwardness and the fugacious quality of the population. But it only seems so. It isn't so in fact. More people deserve the commendation of the Lord today than at any previous time in the history of Adam's offspring. Adam, although coming directly from the hands of his Creator with the breath of God in his nostrils, proved errant, weak, unreliable. How much better could we of later generations be? Yet we of later generations are superior to Adam, notwithstanding the superior start he had. With our obvious improvement, and the improvement of this generation's children over Adam's children, we have to believe the Lord is pleased with us, therefore we are not unentitled to the blessings we enjoy. We do enjoy blessings not vouchsafed to earlier generation. We do. Do. — State Press

## AGITATORS — THEN AND NOW

The Author of the following words can hardly be accused of having an ax to grind in the present situation, for he has been dead nearly 90 years. Yet his words ring peculiarly true today as we see irresponsible agitators fomenting riots, strikes and property seizure. That man writes:

There are persons who constantly clamor. They complain of oppression, speculation and the pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists become united in order to produce important and beneficial results.

"They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams. In a country of unbound liberty, they clamor against oppression. In a country where property is more evenly divided than anywhere else, they rend the air shouting agrarian doctrines. In a country where wages of labor are high beyond parallel, they would teach the laborer he is but an oppressed slave.

"What can such men want? What do they mean? They can want nothing but to enjoy the fruits of other men's labor. They can mean nothing but disturbance and disorder, the diffusion of corrupt principles and the destruction of the moral sentiments and moral habits of society?

Yes, the man who wrote this has been dead nearly 90 years. He was the great Daniel Webster.

In New Mexico, the lower branch of the legislature, courts, and in many towns, church services are conducted in two tongues. The 25-year-old practice of printing its laws both in English and Spanish necessarily continues because there are thousands of people in the state who read and speak only Spanish.

Her car stalled at the corner and the traffic light changed, red, yellow, green, red, yellow, green, etc. The polite policeman stepped up beside her car and said, "What's the matter, lady; ain't we got any colors you like?"

Dairy manufacturing plants of Texas indicate an increase over last year of 45.9 per cent in butter production, 38.3 per cent in cheese production and 25.9 per cent in cream production.

- the change to an OIL-PLATED engine for you

Only the patented Germ Process creates an *inlay* of lubricant all over the inner engine surfaces—a PLATING of oil that holds as close as any other plating on your car.

Not a chance then, for cylinder walls and other delicate surfaces to drain dry every time you park. Hence not a chance of "dry starts," that can cause more wear than all your Summer jaunts. And the gauge-stick tells your own eyes that OIL-PLATING is the twin of OIL-MILEAGE! So change to Your Mileage Merchant. Continental Oil Company

C. A. Hull spent Wednesday in Wichita Falls. C. A. is spending a major portion of his time at present improving his fine farm near Munday. He is planting lots of shade trees.

As we were driving along on the Route last Saturday morning we noticed Mrs. F. M. Harrison approaching her mail box. Thirty years ago Mrs. Harrison would have reached her box far in advance of us, but now she is some what like the carrier, getting old and some what feeble. Mrs. Harrison is a devout Christian and even though declining in years, she is active in her church work. We have lots of respect for Mrs. F. M. Harrison.

E. W. Harrison and wife drove over to Haskell Wednesday of last week.

Mrs. N. E. Sweatt is an old timer on Route 1. Mrs. Sweatt has been in ill health for almost 25 years, yet we never meet her but what we find her cheerful and always has a pleasant word for her mail carrier. It you want something good to eat and well prepared, never pass Mrs. Sweatt up.

We have been serving J. R. Alexander for nearly 32 years. Jim owns a fine plantation over near Weinert and has accumulated lots of this world's goods but at the present time is in

very bad health.

Uncle Geo. Alexander and wife, Aunt Harriett, are old timers. They have raised a large family, and the children have all married and gone. These two old folk are left alone. Uncle Geo. meets up 999 times out of every 1000 trips and bids us God's blessings.

Mr. and Mrs. M. A. Bumpas came to this county 25 years ago from Dallas. They own a beautiful farm near Smith's Chapel. They have three children, 2 girls and a boy. The oldest Miss Margarette has a splendid position in Dallas. These good people never grumble about their mail service. M. A. Bumpas would travel 50 miles to pull this mail man out of a mud hole.

Then there is Fannie White, who before her marriage Fannie Coates. I have seen Fannie come to the mail box many times a little barefooted tot, and now she is in possession of a fine husband, John A. White, and two fine boys. They also own a farm near Smith Chapel.

We have toted a 1000 love letters for Cleve Angie and the then Lockie Coats, now Lockie Angle. Cleve could compose the sweetest love letters that we ever read. Cleve will smile at you a mile. He is a good neighbor, a splendid farmer, and will do all in his power for the betterment of his community.

We remember when Snort Lowrey was a baby. We used

to rock him in his cradle and sing some of those old songs for him. Snort was just a little bit inclined to be noisy. You could hear him squall for 4 miles. Snort now has a wife and 4 sweet children, owns one of the finest farms in the Cliff community. He lives at home and boards at the same place.

Charley Wade and family, for many years a successful farmer in the Knox City territory moved this week to Rochester.

to Kansas City Mo.

Mr. Pilly, who lives with his family in the eastern part of the city is a very sick man and needs assistance. He is a worthy man and was not afraid to work. The good people of Knox City should not allow him to want for assistance. Our hat is off to Rev. Sherrill for the manner in which he is assisting this family. We are confident that Rev. Green does not know this man is ill.

J. Frank Barnard, the popular mail carrier, was over from O'Brien Monday afternoon to preside over the domino games at the American Legion Hall. We understand that B. F. Owens has placed his application before the body for membership.

## If Electric Service Should Fail...

WEST TEXAS COLUMNIST  
WRITES AN "AD"  
ABOUT THE DISCOMFORTS

### POINTS and PERSONALITIES

by  
doris pope

(It is through the courtesy of the Hamlin Herald that we are permitted to reprint the following article, written by that paper's able columnist, Doris Pope, which appeared in a recent issue of the Herald. We are deeply indebted to Miss Pope for so accurately describing the after-effects of this spring's unusual storms.)

Now with everything at our finger tips with just a click of a switch, we are inclined to take too much for granted. However, there are times when we are forced to stop and think what a world it would be without such conveniences—you know, we kinda get a taste of the "good old days" that we hear dad and grand-dad talk about. That's what happened to Hamlin folks Saturday afternoon when the electric current was dead from 2:10 until 5:40.

Low, gray rain clouds made lights almost a necessity in order to carry on business, so when the current went off, the sale of candles increased a thousand per cent. We stayed in the dry goods stores while observing the effect of candle lights, and it struck us as rather amusing when people grabbed a bolt of material, a pair of socks or some other merchandise and ran to the front door, holding the article up and examining, trying to see what color it really was—just like the "good old days." (Maybe that will account for some of the terrorizing colors people are wearing.)

And the poor kids, how they did miss the Saturday afternoon picture show; it's really a shame that they didn't have some stereoscopic parlor pictures to look at like ma and pa had—back in the "good old days."

We wandered over to two of our beauty shops and found dozens of women and girls draped on the floor, chairs and stools, literally sticking their heads in the fire to dry that new wave set. That reminded us that back in the "good old days" grandma didn't shampoo her hair in the winter or in rainy weather; she just rolled it up on curlers.

We noticed the barber shops also felt the lack of electricity. You know back in the "good old days" they weren't bothered with all those little electric gadgets 'cause grandma just turned a bowl down on pa's head and started cuttin'. The finishing touches were accomplished with the old blue and white shaving mug and razor.

We stopped in to see how the drug stores were making out with their Frigidaire motors stopped and their candle light. Somehow or other they didn't seem too happy about it. Now we could rave on and on about this, but what's the use? Printing presses were stopped, bank machines halted, in fact, there wasn't a business house in Hamlin that did not feel great lack of electricity. And when the current finally did come on after three and a half hours, people gave whoops and hollers that made the Indians back in the "good old days" look like sissies.
