**LOWREY'S MENS STORE** — Opened their new business establishment last week. On the left is A. B. Lowrey and Henry White is shown at the back of the store. Lowrey's have been in business at the corner of Fourth and Central Ave. for 33 years.

## Lions Asked To Sponsor Scout Troop Again

Noel Crenshaw Scout executive from Seymour asked the local Lions Club to again sponsor Scouting in Knox City.

"I think Scouting would prove a welfare and benefit to boys here in Knox City," Crenshaw said.

He then outlined the procedure for boys who could work their way up through the ranks as Cub Scouts, Boy Scouts and Explorers.

"About a year and a half ago the Lions sponsored a Scout troop and we would like for you again to sponsor one," he continued.

I believe in Scouting you might have better boys, teenagers and men of tomorrow, he said.

A number of interested persons have tried to get a troop started here for some time, but have had opposition in the form of too many outside interests such as sports, etc. A number of eligible youngsters have said they just didn't have time for Scouting.

Joe Murry Clonts and Ulric Lea have been sponsors of a number of films and speakers in the past few months, to try and create some interest in Scouting for the young people of this area. So far, their efforts have not been successful.

Lion President Fuller Shannon, told Crenshaw the Lions Club would be glad to sponsor the Scouts, and that the club could furnish a number of other sponsors, if need be.

## Car Inspection Due By April 15; One-Fourth Given

"Motorists who wish to avoid the long lines to obtain annual motor vehicle inspection stickers should take advantage of empty stalls at inspection stations," Captain Alan Johnson, Motor Vehicle Inspection supervisor of the Texas Department of Public Safety, said this week.

"With the April 15 deadline for obtaining inspection stickers, only 1,620 of the 4,500 vehicles in Knox County have been inspected," Johnson pointed out.

"Any drivers operating vehicles registered in Texas on public roads after April 15 without the 1961 inspection sticker will be subject to arrest and a fine of up to \$200, plus court cost," Johnson added.

The captain explained that trailers with a gross weight exceeding 4,000 pounds also must be inspected.

The safety inspection sticker which must be on all registered vehicles operated over public streets, roads, and highways by midnight, April 15, may be obtained at any of the nine approved vehicle inspection stations in this county.

## Vaughn Gruben Gets Ford Award At Dallas Banquet

Vaughn Gruben, a salesman with Arledge Motors, was presented Ford Motor Company's 300-500 Club award March 10 at a banquet at the Adolphus Hotel, Dallas, honoring high-ranking Ford dealership car and truck salesmen of 1960 in the Dallas Ford sales district.

W. J. Corbett, district sales manager, said 300-500 Club membership awards are presented for excellent retail sales performance. The Ford 300-500 Club was founded in 1950 to recognize the performance of outstanding Ford salesmen throughout the country.

Corbett added that the average 300-500 Club member sold nearly \$400,000 worth of automotive merchandise in qualifying for the national honors.

## Seniors To Present Annual Play Tuesday, March 28

Tuesday, March 28, the Knox City Seniors will present their annual play, "The Daffy Dills," at 8 p. m. in the Junior High School gymnasium.

Characters are: Danny Burt as Richard Dill, Judy Smith as Carol Dill, Lyndol Cypert as Rod Dill, Jane Smith and Bobby Robinson as the twins, Doris and Dud, Donna Fitzgerald as Gran, Sammy Bolin and Melanie Verhalen as Pete and Aimee, the neighborhood kids, Wynett Graham as Cousin Maude, Joan Shaver as Elaine, Linda Caddell as Arnica, the Negro maid, and Jeanne Colson as the Widow Woggles.

"The Daffy Dills" by Jay Tobias is a three-act farce centered around Papa Dill's love life. After being widowed for three years, Mr. Dill decides to marry again—secretly.

His family is so opposed to the idea that they decide to act "daffy" in order to scare off their stepmother. Gags of peppered flowers, salted coffee, and assorted snakes follow. Who finally wins—Papa or the python?

## MRS. KECK IN CRITICAL CONDITION IN DALLAS

Mrs. C. H. Keck was moved from Knox County Hospital to a hospital in Dallas the first of the week. Her condition was reported to be critical late Wednesday.

Mr. Keck is in Dallas with her.

## MRS. WILLIS IN HOSPITAL

Mrs. Ray Willis is reportedly in the Methodist Hospital in Lubbock. Her room is on the Seventh Floor—West Ward.

## EASTER PARADE

The Junior Class is sponsoring an Easter Parade for Thursday, March 30, at 7:30 p. m. at the High School auditorium. Entries must be in by March 23, and three divisions will be featured: pre-school, grade school, and high school.

## Sen. Moffett States His Stand On Gambling Proposal

Sen. George Moffett issued a statement to the Herald Tuesday on his stand regarding the race track gambling proposal now before the Legislature.

Sen. Moffett said most of the members, including himself, are receiving scores of letters about the proposal.

He had this to say: "I have always voted against race track gambling and expect to continue to do so. It seems proper that my attitude on this question be made known and therefore I am enclosing a statement," the Senator said.

Senator Moffett's statement is as follows:

"A persistent effort is being made at this session of the State Legislature to bring race track gambling back to Texas. It has been ousted from this state twice. However, the large profits which track operators hope to make if it is brought back to Texas, stimulate efforts to restore race track gambling in this state at almost every session of the Legislature.

"The proposal has been introduced this time by a member of the House of Representatives from San Antonio, who admits that he is a retired gambler. This proposal will very likely fail of passage, but it will probably be introduced again at future sessions.

"I have always voted against it and expect to continue to do so. It is obviously improper to pass a law to permit people at race track to gamble from \$2.00 to \$2,000.00 on a horse race and at the same time make it illegal for people outside of the race track to gamble a few dollars in a dice game.

"However, the best reason for opposing legalized gambling at a race track, or anywhere else, is that it constitutes a step backward in the forward progress of civilization. It weakens the moral fiber of the people who participate and benefits no one. Texas is better off without it."

## Junior High Wins First And Third In Tournament

Knox City's Junior High boys basketball team won first place in the basketball tournament held March 6, 7, and 9. Gorie won second and Benjamin was third.

Knox City defeated Benjamin 30-15, and Gorie 29-13. Benjamin defeated Gilliland 32-19, and Gorie defeated Gilliland 26-17.

In the girls division, Benjamin was first in the tournament, Gilliland second, and Knox City was third.

Benjamin won first by defeating Knox City, 37-20. Megargle 30-12 and Gilliland 38-25.

Gilliland took second place by defeating Gorie 24-11, and Knox City took third by defeating Gorie, 31-16.

## Silas Ward, 57, Funeral Services Held Wednesday

Funeral services for Silas Ward, 57, were held Wednesday at 2 p. m. at the First Methodist Church in Knox City. Rev. Jarrell Sharp, pastor, and Rev. Floyd Bailey pastor of the Four-square Church officiated. Burial was in Stamford Cemetery, under direction of Pinkard-Smith Funeral Home.

Mr. Ward died at 3:40 a. m. Tuesday in a Lubbock hospital where he had been a patient for two weeks.

He was born May 20, 1903 in Oklahoma City. He moved to Stamford 36 years ago, and moved to Knox City later. He left Knox City and moved to Lubbock 10 years ago.

Mr. Ward was a carpenter and painting contractor.

He is survived by two sons, Lee of Post, and Robert of Denver, Colo.; one daughter, Mrs. Anita Tonneson of Bakersfield, Cal., two brothers, Joe of Lubbock and Walter of Abilene; four sisters, Mrs. Tom Engel of Arlington, Ore., Mrs. Lee Green of Ton, Mrs. Herbert Williams of Seagraves, and Mrs. Amos Bryant of Galveston; eight grandchildren and one great-grandchild.

## Knox City Lions Entertained At Meeting By Tommy Heffington's Stage Band

Knox City's Stage Band was featured at the Lions Club Wednesday noon. E. A. Youngblood, program chairman for the month of March introduced the stage band and Director Tommy Heffington.

Heffington introduced the first number as "Bills Idea"—a special arrangement featuring Eddie Williams and Jackie Givens on coronets.

"I'm Getting Sentimental Over You," Tommy Dorsey's arrangement featured Charlotte Perdue and Danny Fisher on the trombone section.

Donna Gayle Fitzgerald, pianist in the band was next who played "Swinging Easy" accompanied by the band.

Eddie Williams again was featured on the coronet in playing "Wonderland By Night," another special arrangement.

"Kudzu" was played, featuring the entire band.

"Mood Indigo" an old favorite, was next played and featured Samantha Graham, Eddie Williams, and Jackie Givens. Samantha played the tenor sax.

The band concluded the entertainment with "Cinnamon Kisses" and featured all the musicians.

## Melanie Meddles

By MELANIE VERHALEN

The idea of standardizing school jackets is being considered. Since the successful standardization of senior rings last spring, many people think the system would be an improvement in "K" jackets. Right now every high school organization — football, basketball, band, Pep Club—selects a different jacket every year. So far the only qualification seems to be that school colors are used. Suggestions have been made to standardize two jackets — one for band and the Pep Club and one for athletics. These packets would always be the same style and colors and would probably be recognized at first glance as Knox City High School jackets.

Students who are against this measure disagree because of changing styles and endless repetition. Athletes awarded letter jackets each year do not want four identical jackets. If standardization is accepted, this would probably be changed to one jacket with a new letter each year.

Would you like to select your jacket each year or do you want a "school" jacket? If they were as nice as the new basketball jackets, which have just come in, it might not be such a bad idea. Let it be known what you want while the idea is still being kicked around—or forever hold your peace.

Have you caught Spring Fever yet?

Is your favorite activity sitting? Where is your energy? your ambition? that old fire?

Trust the younger generation to think of a unique cure; it is guaranteed to make or break your spell — depending on how well you take the prescription.

Some afternoon prepare yourself; then tune in American Bandstand and watch them dance the Pony.

## L. A. Haynie Dies; Funeral Held At Truscott March 10

Funeral services for Leslie A. Haynie, who died unexpectedly at the Memorial Hospital in Quannah last Wednesday were held at the Truscott Church of Christ at 2 p. m. Friday, March 10. Rev. Neely of Crowell officiated.

Burial was in the Truscott Cemetery.

Mr. Haynie was born in Conith, Miss., Feb. 14, 1894. He came to Texas with his parents when he was two years of age.

He married Pearl Faulkner in 1923.

He was a member of the Church of Christ.

Survivors are his wife; two daughters, Mrs. Eugene Whitaker of Pampa, and Mrs. Clifford Ohr of Bartlettville, Okla.; four brothers, Horace Haynie of Truscott, Charles of Munday, Carl of Huntington, West Va., Cecil of Amarillo; one sister, Mrs. Edna Keller of Oklahoma City, Okla., and one granddaughter.

## Young Fashions Store Is Open

Knox City's newest store is now open for business. Mrs. Myrtle White and Mrs. Marion Perdue, owners of Young Fashions reported that their stock is still not complete, but that they were open and invited the public to come in and inspect their shop and merchandise.

The store is located East of Lowrey's Mens Store.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — After hours of fiercely critical debate, the House voted by a surprising 149 to-1 to attack the state's fiscal problems by working first to retire the deficit as an emergency matter.

This is the approach advocated by Gov. Price Daniel and Speaker of the House James Turman. Several who spoke against the deficit-retiring resolution voted for it.

Agreeing to retire the deficit, however, is not the same as agreeing on how to do it. Some new measures, big or broad, have been introduced.

Rep. George Hinson of Mineola has submitted an omnibus tax measure which he says will bring in \$293,000,000 over a two-year period. It is backed by Governor Daniel.

Hinson's bill includes levies on natural gas pipelines, power-driven objects and parts, utilities,

stock transfers, jewelry and watches, construction materials, soft drinks, beer, wine, liquor, restaurant meals.

According to the governor's office, the bill would provide revenue for an \$800 a year teacher pay raise and other spending but it is not aimed at wiping out the deficit.

Reps. John Allen of Longview and Forrest A. Harding of San Angelo are proposing an even bigger one. It is a 2 per cent general sales tax to raise an estimated \$317,000,000.

Rep. Ben Atwell of Dallas has introduced, as promised, his "Texas broad-based excise tax."

It is not called a sales tax, but, in the language of the bill, imposes "upon each separate sale at retail of tangible personal property within this state an excise tax of 2 per cent." It has a long list of exemptions, including some already-taxed items.

**CO-OP BILL KILLED** — REA electric co-op hopes for more city privileges were tumbled by a 77-to-64 House vote.

Several years ago the Legislature passed a law authorizing co-ops to continue to serve the same customers when a co-op area is annexed by a city. This year the co-ops sought permission to add new customers to existing lines in annexed areas.

Opponents charged this would put a government-subsidized operation in competition with private enterprise. Spokesman for private utilities declared they have to pay 27.4 per cent of their income in taxes compared to 1.6 per cent for co-ops.

Co-op leaders say that, after taking electricity to areas the private companies wouldn't serve they are now in a life-or-death struggle.

**ANNEXING CURB PASSED** — No longer would Texas cities be able to reach out and annex "all out of doors" under a bill passed 139-to-5 by the House.

It provides that cities would be encircled by a zone in which they would have control of building and sanitation codes, but would not have taxing powers. A portion of this zone could be annexed each year.

Also, cities would be required to get city utilities to an annexed area within three years.

**LOAN LAW SOUGHT** — House Banking Committee is engaged in one of the sessions' toughest and most difficult tasks—hammering out new regulations for the small loan industry.

A constitutional amendment voted by the people last November removed the blanket prohibition against interest of more than 10 per cent and gave the Legislature authority to set interest rates and regulate the loan industry.

Five bills are under study. In general, they provide for a maximum charge of 3 per cent per month on loans under \$100, less for larger loans. Whether credit insurance should be included in maximum charges allowed is one of the questions at issue.

**NEW INSURANCE RATE BILL** — As a new approach to auto insurance rates, Sen. Grady Hazelwood of Amarillo has introduced a bill to require legislative approval of State Board of Insurance orders.

Hazelwood said his first approach a bill directing the board to make certain changes in the present auto rate plan, had been "bottled up."

On the other side of the Capitol, the House Insurance Committee voted out favorably a "flexible rating" bill that would take away from the Insurance Board the authority to set auto rates.

A few days earlier, Atty. Gen. Will Wilson issued an opinion that, under present law, only the State Board, not the companies,

## New Activity In Housing Loans For Knox County

The farm housing loan program of the Farmers Home Administration is picking up new momentum, not only throughout the nation, but here in Knox county.

That's the word from Wilburn A. Satterwhite, County Supervisor.

can set these rates. Prior to his resignation as chairman of the State Insurance Board, Penn J. Jackson had suggested letting individual companies set up their own merit rating plans on an optional basis.

**MOUTHFUL** — Texas A&M College exes, famed for their fierce defense of the school's traditions, have a problem.

Sen. W. T. Moore and Rep. B. H. Dewey, both of Bryan, are sponsoring bills to change A&M's name. There's more prestige in being called a "university" than a "college," they say.

Proposed measure would change name to Texas State University and Agricultural and Mechanical College, with a view eventually to making it just Texas State University.

**LAST-MINUTE FLOOD** — Passage of the 60-day mid-point in this session ended the period when bills may be introduced without special consent. A flood of new bills came in under the wire. Among them are measures that would: allow voters to put an "X" by the name of the person they wish to vote for instead of scratching all others on the ballot; provide for a 10 per cent merit pay raise for teachers to be awarded by local districts and financed 50-50 by state and districts; provide penalties for law enforcement officers who come out of "ambush" to arrest motorists; require children entering the first grade in public schools to have polio shots; increase workmen's compensation benefits to a maximum of \$50 per week.

or in charge of the agency's lending program here. He said this renewed farm housing loan activity follows the early February announcement that an additional \$50 million is now available to the Farmers Home Administration for its 4 per cent loans to farm owners to build or repair farm houses and essential farm buildings. Such a loan may extend over a 33 year period.

The new loan money broke up a logjam of applications that were being held because funds had been exhausted. Nationwide, loans are now being processed at the rate of about \$5 million a month but indications point to a probable doubling of that pace.

In this area Satterwhite said he looks for the main demand to continue to be for loans for new construction although farm owners may need the credit to repair or remodel dwellings, put in modern kitchens, install pressure water supply systems, central heating, bathrooms, and other conveniences. Other uses include building, repairing, or modernizing barns, dairy and poultry facilities, and other farm service buildings. Farm owners find much of this type of construction necessary to cope with changing agricultural conditions.

Satterwhite pointed out that byproducts of this loan program include employment of carpenters and other skilled and unskilled labor, and increased business for concerns that handle building materials and equipment items.

Eligible to borrow are owners of farm dwellings on the land to be improved.

Mr. and Mrs. Louis Eubank and children of Denver City visited his parents, Mr. and Mrs. J. C. Eubank over the week end.

Mr. and Mrs. D. S. Ellis were in San Angelo a few days this week.

Mr. and Mrs. Wm. Rake visited her sister in law in Vernon Hospital Thursday.

in this world the married couples this day and time that can't keep the single-trees even. I was just reading yesterday where a woman in New York told the Judge she killed her husband to keep him from running around. Well, that'll stop it ever time. And I see where another one of them Hollywood movie stars is getting a divorce in Reno. That must be a mighty busy highway from Hollywood to Reno. I don't see why some big promoter ain't thought of moving Niagara Falls about half-way between the two places. That would make it nice fer all concerned, git married in Hollywood, stop over at Niagara Falls for the honeymoon, then on to Reno fer the divorce. They could set up a dual highway, newly-weds traveling east on one of them, the newly-divorced going back west on the other.

Gitting away from the domestic situation for a moment, this television feller Jackie Gleason said the other night that the formula fer success was to work half as much and git twice as much fer it. That seems to be the national trend in recent years. I reckon History is mighty puzzled over us, keeping the country strong and free and broke all at the same time. We're the only country in the world that's ever been able to pull this trick. We do it by using a slight-of-hand tax system. They say we got three million laws in this country trying to enforce the Ten Commandments. No matter how many we got, Mister Editor, it's a safe bet that more'n half of them has to do with taxes. And I ain't never saw nothing in the Ten Commandments about taxes.

Yours truly,  
Uncle Ben

Before leaving the passover chamber Jesus tells His disciples that He and the Father are one. He is saying they would have a new promise and privilege in prayer. That anything asked in His name that will I do. They loved Him and believed in Him and who-so-ever believeth will have his prayers answered. He will also have the comforter whom Jesus said He would ask the Father to send. He is the spirit of truth, who is with us forever, whom the world cannot receive. He shall teach you all things and bring all things to your remembrance. He will come to you in any circumstance and give you an understanding heart, strength and joy unspeakable.

America's Independent Telephone System

Measuring the worth of a message

Today's telephone is a far cry from the old pony express — an enormous advance in communications.

There it is, available for use around the clock. And the call you make can be local, across the continent, or overseas.

What's more, the lines and the intricate electronic equipment behind your telephone are maintained continuously, as an unseen part of the service you get.

Any way you measure it, the modern telephone is one of today's big bargains.
