# For An Honorable Peace... Continued Prosperity

## Be Sensible- Vote For A Man Who Has A Proven Record...

# Vote For HUBERT H. HUMPHREY

### What Hubert Humphrey And The Democratic Party Has Done For You.

- ★ The Job Corps which came into being in the 1960's was first proposed by Hubert Humphrey in the 1950's.
- ★ Protection of the public against thalidomide and other dangerous drugs was the result of Hubert Humphrey's personal concern.
- ★ The National Defense Education Act, including grants to colleges and Federal scholarships, and loans for students, was Hubert Humphrey's brainchild.
- ★ The Peace Corps, the Food for Peace Program and the Nuclear Test Ban Treaty were first sponsored by Hubert Humphrey. He has not just talked about peace. He has worked for peace. He has produced for peace. In all of these areas, Hubert Humphrey has not just talked a good game. He has produced results. He has done this as a member of the team, as a leader of the team. He has done this by working with the team.
- ★ Stopped testing of H-Bomb (underground)
- ★ Responsible for Medicare Program - Health Insurance for the elderly through Social Security.

Past Eight years 10 Major Bills Passed to Benefit:

Consumer	Auto Safety Program	Auto Insurance study
Truth in Packaging	Child Safety Act	

The constructive legislation and progressive reforms Hubert Humphrey fathered and successfully brought to reality.

Under the Democratic administration poverty has become a fading problem in the United States.

Amid all the talk about poverty —

The number of poor people is falling sharply. Income of most Americans is going up.

Hubert Humphrey, alone among the candidates, has restored law and order to a crime-ridden city. He alone knows from experience the problems of our cities.

As Mayor of Minneapolis, Hubert Humphrey attracted nation-wide attention. He drove out organized crime and restored law and order to Minneapolis streets.

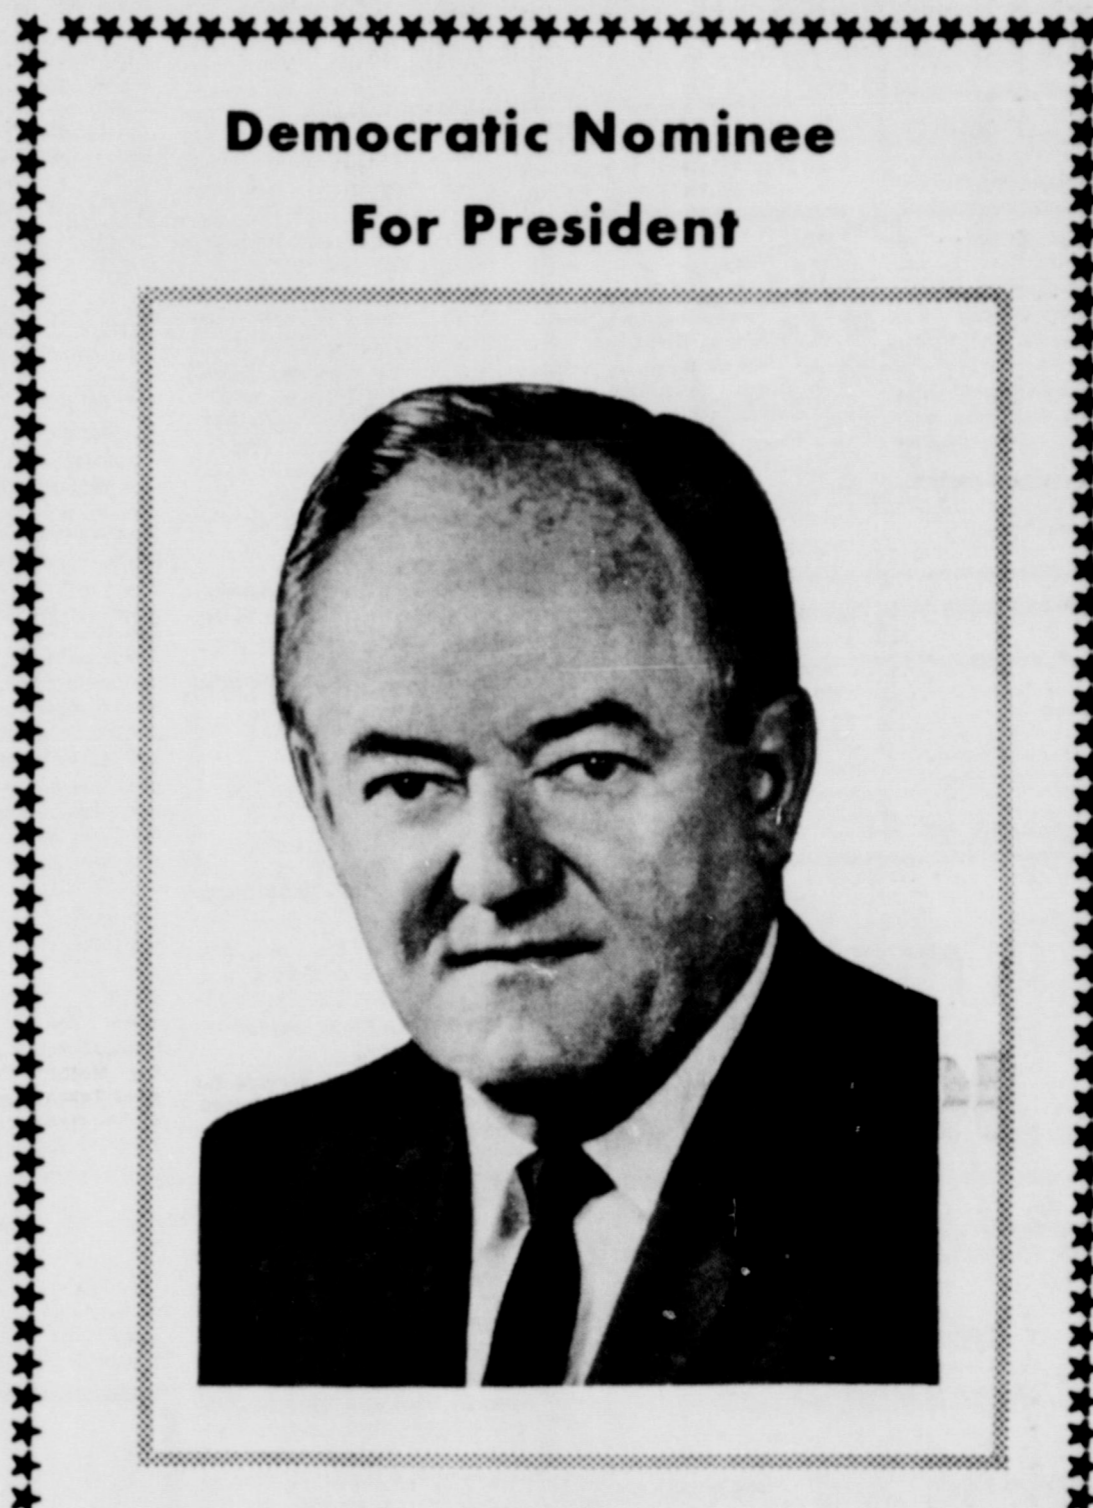

Since that time, Humphrey had maintained close liaison with all U. S. mayors. He alone has advanced a realistic plan to come to grips with the problems of our cities.

... American, except for another Texan, could be closer to our problems, more sympathetic or more interested in Texas and Texas activities.

Hubert Humphrey, as Vice President, has made no less than separate trips into the Lone Star State in the past four years.

A brighter future for the family farm.	A sellout to corporate agriculture.	1
Government programs that enable the market to work fairly.	A free-for-all market where everybody is protected except the farmer.	2
Credit and co-op services aimed at farmer needs.	Government administrated by bankers and businessmen.	3
New programs to strengthen farmer bargaining.	Increasing economic isolation for the family farmer.	4

"The Lord delivereth me from mine enemies: yea, thou liftest me up above those that rise up against me: thou hast delivered me from the violent man." Ps. 18:48

The evil one works in many ways to destroy man. He uses many things such as sickness, envy, hatred, jealousy, deceitfulness, discouragement, and violent men. But when you trust in the Lord thy God with all your heart, He will deliver you from all, giving complete victory. You will rise up and give grateful praise unto God as did David in the 18 chapter of Psalms. He said, "I will love thee, O Lord, my strength, the Lord is my rock, and my fortress, and my deliverer, my God, my strength, in whom I will trust: my buckler, and the horn of my salvation, and my high tower."

# NOVEMBER 5 VITAL TO YOU PURCELL VICTORY CRUCIAL

## Popular North Texas Congressman Presses Campaign During Final Days

Congressman Graham Purcell criss-crossed North Texas as election day drew near, trying to see as many of his constituents as possible by November 5. A long session of the Congress kept Purcell in Washington until only recently, but he is making up for lost time.

Purcell said, "There is not much time left before election day, but I am going to see as many people as is humanly possible during this campaign."

"I have been working in Washington instead of campaigning in Texas recently, because I believe my first responsibility to the people is to do the job they elected me to do—represent them in the Congress."

"I want to say a special thank-you to all the volunteer workers and friends in every part of this large district who have worked so hard for me in this campaign. It is really heart-warming and gratifying to know that people are interested in what I am trying to do as their Congressman. They have worked hard and long, and this work is going to bear fruit on November 5 with a great victory."

"If I miss seeing anyone during the next few days, it is only because the physical time was not available to make it possible."

The wind-up of Congressman Purcell's campaign includes speeches, bus caravans and helicopter tours. The happy and enthusiastic candidate urged a large voter turnout on election day. "This is a crucial election," Purcell said, "and every vote is of vital importance. I hope every citizen who is registered to vote will take the time to go to the polls on election day. It is the greatest responsibility of citizenship. Every voter expressing his will at the ballot box is the secret to the continued strength and growth of our great Nation," Purcell concluded.

CONGRESSMAN GRAHAM PURCELL—Called by author and newspaper columnist Drew Pearson "one of the hardest working Congressmen in Washington", Chairman of the Texas Delegation in Congress, Chairman of the Livestock and Grains Sub-Committee, and untiring worker for his district. His "no-nonsense" approach to tough problems has earned him the respect of anyone who has ever looked to him for help.

## Major Papers Endorse Purcell Over Opponent, Dallas Dailies Reject Hometown Rival

Congressman Graham Purcell, who has represented North Texas in the Congress for almost seven years, has gained the unqualified and enthusiastic endorsement of many newspapers in the 13th Congressional District in his campaign for re-election.

Among those endorsing Purcell were his hometown newspapers, the WICHITA FALLS TIMES and RECORD NEWS, and the hometown papers of Purcell's opponent, the DALLAS MORNING NEWS and the DALLAS TIMES HERALD.

The WICHITA FALLS TIMES said of Purcell, "The Times unequivocally endorses Graham Purcell as the best qualified candidate... With degrees in agriculture from Texas A&M and in law from Baylor University, Purcell is eminently qualified as a lawmaker and as a high ranking member of the House Agriculture Committee."

In the western end of Purcell's district, the QUANAH TRIBUNE-CHIEF said, "For the relatively few years he has been in Washington, Graham Purcell has made a name for him-

self as one of the hardest working legislators on Capital Hill.

"The people of Quanah and Hardeman County can certainly attest that he has been available for whatever assistance he could give to either a personal request or a call for help on a community project or to lend a ready ear for comment about a piece of legislation."

The DALLAS MORNING NEWS said, "The NEWS maintains its support of the four incumbents representing this metropolitan community—Earle Cabell, Graham Purcell, Ray Roberts and Olin (Tiger) Teague."

The DALLAS TIMES-HERALD, the large afternoon paper in Dallas, said, "A former District Judge in Wichita Falls, Representative Purcell has been an outstanding Congressman since his election in 1962. His district includes a slice of northern Dallas County, but also cuts across the state to West Texas. A Democrat, Representative Purcell is a man of Principle and dedication and is one of the leaders of the Texas delegation."
