

ELECTION PARTY HERE SATURDAY NIGHT

Arrangements have about been completed to entertain two thousand people here Saturday night at the election board to be installed on the south side of the Black and White Grocery. The committee has been assured that no cars will be permitted on the street and the people can see the returns come in without being injured or killed by an automobile.

The committee has mailed out letters to all election judges asking them to telephone to Knox City as soon as the result had been tabulated. Owing to the length of the ballot the complete returns from the county may not be in before eleven o'clock. However there will be a radio there to entertain the people, and the scattered state returns will be announced as soon as they reach the state election board.

The race for governor is attracting so much attention over the state that there is very little interest in the other state races. The county campaign has been conducted on a high plane and the people are urged to come to Knox City Saturday night to see how their favorite candidate is running. Arrangements have been made to secure the returns from the entire legislative and congressional district. If you fail to come to Knox City Saturday night you will miss a real treat.

SUNSET SCHOOL TO START AUGUST 8

At a recent board meeting of the Sunset School Board it was decided to start school August 8, run for six weeks, then dismiss for cotton picking. This decision was taken after tabulating the returns from a recent polling of school patrons. Fifty-two families, representing 134 children, wanted school to start in August. Thirty-three families, representing 53 children, wanted the school to start in September. Fifty cards were not returned.

Mrs. I. W. Walling, a graduate of East Texas State Teachers College, was elected to fill the primary vacancy left by the resignation of Mrs. Davenport.

Mrs. J. T. Sykes of Canyon will assume the duties of shop teacher, taking the place of J. W. Bigony, who will teach in the Leuder system this year.

Frank Smith, Henry Followill, Tom Walker and O. C. Frather were selected as bus drivers.

The complete faculty is as follows:

Mrs. I. W. Walling, Mrs. J. S. Shannon, Mrs. Claude Reed, Miss Exa Faye Hutton, Mrs. N. T. Underwood, I. W. Walling, N. T. Underwood, principal of grades, J. T. Sykes, Mrs. Ottis Cash, Lois Spraggins, W. C. Kimbrough, High School principal, and T. W. Harber, Superintendent.

Mr. and Mrs. W. V. Favor and children, Billy, Betty Ann, and Bobby Jo, of Benjamin, are vacationing in Missouri, Kentucky, Tennessee, Virginia, and Washington, D. C.

Mr and Mrs. Dave Whitford returned home Sunday from Eagle Nest Lake, N. M., Eldorado, Oklahoma, Lubbock, and Plainview, where they have been visiting for the past two weeks.

Martha Jane Jones, daughter of Mr. and Mrs. H. M. Jones, will leave Sunday for Comfort, Texas, where she will be a camper in Camp Paradise for the next two weeks.

HUGHES REVIEWS PROGRESS OF SCHOOLS

Seeks Second Term

Progress of Knox County schools is not to be measured by the outstanding achievement of one particular school, but by the advancement of all the schools. As your county superintendent during this first term, I have dedicated my efforts to the equalizing of Knox County boys and girls. In January, 1935, only two rural districts enjoyed the benefits of nine months school term; today, nine rural districts do so. The amount of rural aid for rural schools from the state has been increased from \$10,998 in 1935 to \$18,712 in 1937-38. The number of affiliated schools has increased from four to eight—an increase of one hundred per cent. Through the co-operation of the State Department of Public Safety, safety education has been sponsored in all the schools. Health education has been stressed in all the schools. For the first time in the history of Knox County Rural Schools, Industrial Education for boys and Home Economics for girls has been made a part of their course of study.

Educational agencies are responsible for the progress, not any particular individual. Your county superintendent is a contributing agency, and as such, acts as a coordinator. When the local taxpayers, boards of trustees, superintendents, principals, teachers, patrons of the schools, county superintendent, and State Department of Education, work together, then progress is inevitable. I am glad to write that such a relationship has existed, and for that reason, our schools have progressed.

When you select your county superintendent at the election Saturday, vote for the man that you believe can best serve the youth of Knox County—those in school and those out of school. If you honestly believe that I have served you well, that schools have progressed, that educational opportunities have been more equalized, that my experience will equip me to better serve you during a second term, then I shall appreciate your vote.

HERALD EDITOR MAKES GUESS ON GOVERNOR

Some straw votes are cast every day in many towns in Texas, and the majority of them indicate that W. Lee O'Daniel will lead in the governor's race by a wide margin. We do not put much faith in a straw vote or the number that attend a political gathering. We can remember when old Joe Bailey could gather five to fifteen thousand at one of his speakings, yet Pat Neff defeated him for governor by many thousands of votes. We also remember when people would go hundreds of miles to hear Jim Ferguson speak in behalf of his wife. Lee O'Daniel is gathering large crowds, larger than any other candidate. It is said that there were more people present at Dallas when he appeared than ever attended the Texas Centennial in a single day. At Haskell Tuesday it was estimated that three thousand people were present.

The Herald editor is going to make a guess as to the outcome of Saturday's election. Remember, this isn't the way we expect to vote, but the way we see the political situation in the state at this time. Your guess is just as good as ours, but we ask that you keep this paper and compare results after the election. Here is ours:

| | |
|------------|---------|
| O'Daniel | 360,000 |
| McCraw | 245,000 |
| Thompson | 210,000 |
| Hunter | 130,000 |
| All Others | 140,000 |

TO THE VOTERS OF KNOX COUNTY

I am asking each voter of the county to give me your careful consideration when you make your choice for County Superintendent next Saturday, July 23.

I am not working for any one school or any group of individuals. I am interested in being County Superintendent of Schools.

I have not, and I am not going to make a group of promises that I cannot fill, nor am I going to make promises that I am in doubt as to whether or not I can fill; but I do promise, if I am elected, to discharge the duties of County Superintendent as honestly and sincerely as my experience and training and my sense of fairness would make it possible.

JOHN B. INGRAM

The Herald is in receipt of a letter from "Jersey" Hardberger, who is spending his vacation in New Mexico, stating that they arrived there last week and were enjoying the nice climate. He is anxious to hear from the election and can hardly wait until the Herald reaches him next week.

Mr. and Mrs. Fred Warren of Hobbs, N. M., are visiting relatives and friends here.

Mrs. George Clifton, who has been seriously ill the past week, was carried to Haskell Thursday. Her condition is reported unchanged.

The County Commissioners met in special session at Benjamin Monday and signed a contract with the State Highway Department for the erection of the road from Knox City to Munday, and the papers were sent to Austin immediately.

This road has been the bone of contention in this section of the country for several years, as Munday and Knox City citizens were never able to agree as to how the new road should run. According to the information furnished the Herald, the road will leave Knox City on the old road via the Arledge Ice factory, and run due east to the Brannon farm, about five miles, thence northeast to the highway about four miles this side of Munday.

Three sections of land will be crossed, and the county commissioners will meet soon and make arrangements to buy the right of way. It will probably be sixty days before actual work will begin, and perhaps two years before the road will be paved with concrete. The right of way will be 120 feet wide.

These Upraised Hands Will Mark O'Daniel Ballots

Here's a Texas poll tax salute! When W. Lee O'Daniel, candidate for Governor, asked citizens of San Marcos as to who had poll taxes and who would vote for him, the result was a veritable sea of upraised hands. The San Marcos rally attracted 25,000 people to Riverside Park there. The meeting is typical of the present O'Daniel rallies.

Carrigan Denies Radio Deal

Joe B. Carrigan, president of the Wichita Broadcasting company, today charged that false reports have been carried over the Wichita area linking the name of Congressman W. D. McFarlane with the new radio station to be constructed in Wichita Falls.

Carrigan, in a letter addressed to the Post, the Times Publishing company, and the Vernon Daily Record, branded the reports as "highly erroneous and not in keeping with the facts."

The text of the letter follows: "It has come to my attention that during the last few weeks reports have been scattered over this congressional district to the effect that W. D. McFarlane, congressman of the 15th District of Texas, has acquired, sold, or otherwise figured in the ownership of a radio station at Wichita Falls. Such reports are highly erroneous and not in keeping with the facts, as known to the parties scattering these reports."

"In December, 1936, Henry Hamilton, Gordon T. West, Sol Lasky and Joe B. Carrigan associated together in the ownership of the Wichita Broadcasting company, and since that time have exclusively owned the capital stock in said company and all interests of every kind and character therein. The policy of our radio station will be non-political, non-partisan, and non-sectarian." —Wichita Falls Post.

Administration Endorsement of CONGRESSMAN W. D. McFARLANE

Above is a picture of Congressman W. D. McFarlane on President Roosevelt's Special Car by invitation of the President at Wichita Falls last week, where the Graham Congressman was master of ceremonies.

CONSIDER THESE ENDORSEMENTS

On the President's recent visit at Wichita Falls on July 11th, the President endorsed our Congressman in the following friendly words in his speech: "My friends of Wichita Falls, I am glad to come here. My old friend, Congressman McFarlane, has told me much about the 'City that faith built.' That is the finest name that any city in the Nation could have." "And, incidentally, I have kept in pretty close touch with all of the fine things that you have been doing in recent years. Congressman McFarlane has told me of your reclamation projects, of your subsistence homesteads, of your power developments, and I am glad that the Federal Government knows that you people are on the map."

WICHITA FALLS POST, July 12, 1938: "WANTS McFARLANE RE-ELECTED."—In a speech last night at Amarillo, Texas, Mr. Roosevelt mentioned the names of several of the Lone Star State's Congressional delegation as the type that HE PREFERRED TO BE IN WASHINGTON. He called the names of Representatives Maury Maverick, Marvin Jones, W. D. McFarlane and Lyndon W. Johnson, all of whom were on board the President's train as it sped across Texas.

FORT WORTH STAR TELEGRAM, July 12, 1938: "McFarlane COMPLIMENTED."—At Wichita Falls Roosevelt complimented Congressman W. D. McFarlane of Graham. At Chillicothe, McFarlane introduced the President as "The greatest humanitarian the country has ever known."

DALLAS MORNING NEWS, July 16, 1938, written by Mark L. Goodwin, Washington Reporter.

The primary election of July 23 will mean much to Texas, its standing in the legislative affairs of the country, and whether Texas influence in Congress is to be continued.

"Committee assignments are ruled by seniority. States that keep their members here get the plums. New members have to go to the foot of the list and work up. If Texas changes its line-up in the House of Representatives it will be another twenty years getting back to where it is now."

McFARLANE GIVEN NOD

"Congressman W. D. McFarlane, Graham, representing the Thirtieth District received in Wichita Falls the presidential nod he had been waiting for. Roosevelt mentioned McFarlane several times as the Congressman stood by his side." (Dallas News)

"The President also took occasion to give Representative William McFarlane, in whose district Wichita Falls is located, a friendly pat on the back. He referred to the Congressman, who is facing a stiff

fight for renomination, as 'my old friend.' And that means the Rooseveltian blessing." (Washington Times)

THE SPEAKER OF THE HOUSE OF REPRESENTATIVES

Honorable William B. Bankhead writes: "It has been a very genuine personal satisfaction for me to have served with you in the House and no one is in better position than I to have observed the fidelity, diligence and ability with which you have performed the duties of your office as Representative of your District, and I congratulate you upon the high character of public service you have rendered."

THE MAJORITY LEADER

Honorable Sam Rayburn writes: "I am writing you this letter to thank you for your fine spirit of cooperation with the House leadership. It has been a pleasure and a benefit to be associated with you here as fellow members of the Texas delegation."

"I want you to know how personally grateful I am to you for your loyalty not only to the House organization but also to the Administration. I have depended on you much and during the time you have been a member of the House, you have impressed yourself upon its membership in a way that has made you very highly regarded. Your work on the Appropriations Committee has been of great service. I trust that the people of your District will exercise the good judgment to return you to the House of Representatives where, on account of your character and ability, you will gain in power and influence in the years to come."

OTHER ENDORSEMENTS

Many other important members of Congress and the representatives of the agricultural, labor, oil and livestock interests, all commend and endorse the services of Congressman McFarlane. We know our Congressman is honest, efficient and well qualified to represent us as shown by his record of 100 per cent in keeping faith with his platform and the support of the President's recovery program. We approve the recognition given our Congressman by the President and all those with whom he has worked. We recognize that only through seniority and honest, faithful service can our representative have the opportunity to reach the heights as others from Texas have done.

Let us return this tried and true friend of the masses and thus express our appreciation of his services and approve the endorsement given him by the President and the leaders of Congress who know him best.

To The Voters

On the eve of the election, I find that I have not been able to see all of the people of the county and I want to make this explanation. The County Judge of Knox County has no deputy or assistant, and therefore, I have all the work of the office to do. I believe that my first duty is to keep the work of the office in good shape. I believe that the tax payers of the county would want me to do that.

Those who have had work in the County Court, the Probate Court or Juvenile Court will tell you that I have always tried to follow closely the laws of Texas and be fair and impartial. As chairman of the Commissioner's Court, I have worked to handle the business of the county in the most economical way and to the best interest of all the people of the county. In spite of the heavy relief load and the great amount of work that we have done, we have been able to keep the county on a sound financial basis.

As your County Judge, I have put in my entire time with the duties of the office and have done all I could for the best interest of the county and the entire citizenship of the county. If you re-elect me to this important office, I will continue to follow the practice of working for you, and will be found on the job at any time I can be of service to you.

May I at this time assure each and every one that I sincerely appreciate your co-operation since I have been in this office, and will appreciate more than words can express your support in Saturday's election.

Sincerely,
E. L. COVEY

McFARLANE AT SEYMOUR

Congressman McFarlane addressed the citizens of Baylor county at Seymour Monday night and large crowd from Knox county was present. The congressional race is getting real hot and the candidates are very active in this part of the district.

TO THE VOTERS OF KNOX COUNTY:

The present campaign coming to a close causes me to desire to thank each and every person who has given me encouragement and assisted me in any other way in making it possible for me to fill the office of County Attorney for the past eighteen months.

Let me assure you that I appreciate the co-operation of the law abiding citizens during the time that I have tried to make Knox County a better place in which to raise your family.

I have tried to see as many of the voters as possible, but due to conditions over which I have no control, a house-to-house campaign has been impossible, and if I have not seen you, rest assured that I have not intentionally passed you up and not solicited your support.

Clean politics should be the first thought of all candidates seeking the confidence of the electorate, and having in mind at all times that this is what people of Knox County desired, I have tried to make a clean race, and upon that basis I solicit your vote next Saturday.

COUNTY FUNDS IN GOOD SHAPE RECORDS SHOW

During the past few days we have been asked by people from all parts of the county questions pertaining to the financial condition of Knox County, and we want to make the following explanation.

We have been paying all bonds as they become due, and therefore reducing the county's outstanding debts. The county has been paying every obligation of the county promptly and have not had to borrow one cent from any bank in order to do so.

When the Commissioners' Court checked the County Treasurer's report as of June 30th, 1938, the county had a net balance in all funds of \$46,509.18. This did not include any school money or moneys deposited in Austin with the State Board of County and District Road Indebtedness for the purpose of paying the county's part of the maturities on outstanding road bonds. The county will be able to meet all obligations of the county on a cash basis until next years taxes are paid.

The Knox County records are open to inspection by any citizen of the county and we invite each and everyone to inspect the county books to see that the above statements are absolutely correct.

RAILROAD WAGES

Railroad wage rates in 1933 are at the highest average level in history, according to a detailed analysis of railroads and railroad wages, compiled by the rail carriers of the United States.

General business conditions and the costs of living, according to this study, do not justify the continuance of present wage levels, while the railroad industry, facing disaster, cannot sustain them. The study presents, in complete detail, the situation which compelled the railroads to seek, under the provisions of the Railway Labor Act, a reduction of five percent in present wages.

The railroads' study, based on official records, show that 1933 average railroad rates are higher, whether measured in dollars or cents or purchasing power, than they were in 1929, the year of greatest national income, or in 1932, the year of lowest national income. The study shows also that the return on money invested in providing railroad plant and equipment is now less than one-tenth the rate of return in 1929 and less than one-third the return in 1932, the previous depth of the depression.

The causes for these changes are analyzed as less traffic hauled at lower average revenues, in contrast with rising prices, mounting taxes, and an average wage level now 29 percent higher than it was in 1932.

The railroads' study also considers other reasons to which railroad difficulties are sometimes ascribed, and shows from Government authorities that railroads as a whole are not over-capitalized, and that fixed charges are neither excessive, unjust, nor a major cause of the present critical condition of the lines.

How critical this condition is is indicated by the figures for the first quarter of 1933, when about half the railroad mileage of the country failed to earn even operating expenses and taxes, and nearly nine-tenths failed to earn enough to meet interest due on money borrowed from the public, and rentals on leased property.

The question, as presented in the study of the situation, is one of preserving efficient, low-cost, self-supporting, tax-paying rail transportation. A bankrupt railroad industry cannot aid in the restoration of national prosperity.

BOY SCOUT MEETING

Troop 101 met at the Christian Church for an early morning meeting, due to the revival in progress at the Methodist church. The dues were collected, followed by discussing the passing of the Tenderfoot and Second Class Scout tests. A contest was then held, the object being to tie the various scout knots quickly. The meeting was closed by repeating the Scoutmasters Benediction in unison.

The public is invited to attend a Special Investiture Service Tuesday night at eight-thirty. The boys who have passed their Tenderfoot tests will then be awarded their badges and cards. It is to be held at the Methodist Church.

Mrs. M. A. Bumpas and children, Buddy and La Verne, leave today for Dallas, where they will visit until Saturday. Miss Marguerite will accompany her mother home for a brief visit.

Sterling Scott of Fort Worth is here this week visiting in the home of Mr. and Mrs. J. F. Darr.

Mrs. J. M. Hollibaugh of El Centro, California arrived last week to visit with relatives and friends in Knox City.

Mrs. H. M. Jones and her daughter, Martha Jane, and Mrs. Jack Spikes, spent the week end in Snyder with Mrs. Jones' father, I. H. Spikes.

VOTE FOR CHARLES H. TENNYSON

FOR STATE SENATOR

"We need more business-like methods and economy in our State Government."
 —Charles H. Tennyson.

We have an opportunity to place in the Senate of Texas a man who has fought for six years, in the Texas House of Representatives, for the interests of North Texas and the state as a whole. His record in the House of Representatives has been one of six continuous years of achievement in the interest of the people.

Charles H. Tennyson has fought for liberal old age pensions, for the strict regulation of utilities, for the laboring man, for the farmer and stockman, and for our schools. He has been the one man in the Texas House that was responsible for passing bills to lower the rate of return allowed all utilities. He has been an ardent champion of the reduction of taxes on farms and on homes. During his first term of office he supported measures that led to a reduction of state operating expenses of over \$13,000,000. His district returned him to the House for a third term by a vote of more than three to one.
