**DISTRICT CHAMPS**—The Bears' varsity basketball team became the District 8-AA Champs Tuesday night by defeating Hawley.

## Baird Bear's Become Champs Of District 8-AA

The Baird High School boys varsity basketball team became District 8-AA Champions Tuesday night by defeating Hawley 00-00. The Bears played tough all year to earn this well deserved title. With Tuesday's win over Hawley, the Bears' record increases to 22-5 while their district record advances to 13-1. The last time Baird won district was in 1977-78.

As the first quarter got underway, Baird came on strong, scoring 12 points.

Ronnie Casey fired 4 points through the basket as did Sid Grant and Wayne Fox.

When the second quarter began, Rory Burks netted 2 points as did Wayne Fox. Scott Norman slammed in 6 points, bringing the score up to 23 points.

As the third quarter got underway,

after a half-time break, Baird's team was really playing to "win". Ronnie Casey netted another 6 points, while Rory Burks, Sid Grant, Wayne Fox and Scott Norman each added another 2 points. These scores brought Baird up to 37 points.

The clock ticked off and the fourth and final quarter began. Baird's drive had not weakened. Ronnie Casey drove in for 4 more, while Rory Burks, Wayne Fox, Scott Norman and Alan Tatum each got 2 points.

The buzzer sounded and Baird was on top 53 to 47. Baird had become District 8-AA Champions for the first time since 1977-78.

With this win, the Bears advance to bi-district, where they will next play against Munday.

## Three County Towns Record Increase In Sales Tax Rebates

The city sales tax rebates for the period ending February 7 has been released by the state comptrollers office. A record \$106.4 million was returned to 954 Texas cities who levy the one-percent local tax. This represents a 16% jump over last February's check.

For the most part, Callahan County rebates reflects the increase. Only one county town showed a decrease from the same period last year.

Baird received a check for \$6,120.16

compared to \$4,199.54 last year. This is an increase of 15.81%. Clyde had an increase of 24.35%; \$9,964.00 for this year and \$7,374.73 for last year. Cross Plains also recorded an increase. They received \$14,131.51 compared to \$13,011.61 last year. An increase of 6.24%

Putnam was the only county town recording a decrease. They received \$2,087.10 compared to \$2,292.16 last year. Those figures reflect a 8.95% decline.

## Man Killed In Train Mishap East Of Baird

The body of a 37 year old Houston man, Ted J. Thompson, was discovered by the Callahan County Sheriff's Office early Sunday morning after being spotted by a railroad crew.

Sheriff Bill Skinner reported receiving a call from the Missouri-Pacific Railroad Company Sunday morning that led to the discovery.

An investigation showed he had fallen from an east bound train and had landed on the rail causing his body to be badly dismembered.

The body was turned over to Parker Funeral Home and his next of kin notified.

On Saturday night, Clyde Police Patrolman Waggoner received a radio message concerning car stolen from Colorado City. Officer Waggoner was observing passing traffic on I-20 when he spotted the vehicle in question.

After calling for assistance, the officer persuaded the vehicle, aided by the Department of Public Safety and the Callahan County Sheriff's Office. The car was finally stopped on I-20 just east of Baird.

Two juveniles, believed to be runaways from a half-way house in El Paso were taken into custody. They are now being held in the juvenile detention center in Taylor County.

In other action, the sheriff's office is investigating the burglary of the Robert Wearden home in Clyde. Taken in the burglary were six guns and one tool box, valued at \$800. Entry was made by breaking out a window in the house. It is believed the burglar cut himself on the broken glass, due to the amount of blood found at the scene.

There are no suspects and the investigation is continuing.

# DPS To Conduct Three Training Schools In 1982

The Texas Department of Public Safety will conduct an additional recruit training school next year to help fill state trooper vacancies, according to DPS Director Jim Adams.

"The department usually schedules two of these schools at the academy in Austin each year," Adams said. "Three schools will be necessary in 1982 to bring the DPS up to its authorized strength."

The DPS director said the agency hopes to recruit 268 new troopers during 1982.

"We are intensifying our statewide effort to attract qualified men and women who would like to serve in one of the finest law enforcement organizations in the country," Adams said. "DPS troopers are held in high esteem by their counterparts in other states."

Adams pointed out that the 67th State Legisla-

ture allocated the DPS a total of 20 additional Highway Patrol positions, 10 more License and Weight troopers and 20 additional narcotics investigators over the next two years.

"We offer recruits the finest training available today," Adams said. "Preparing a person to confidently face the many law enforcement responsibilities requires a lot of effort, time, support and money."

In addition to the basic traffic safety responsibilities, DPS troopers regularly provide assistance in criminal investigations and disaster-emergency situations.

Trainees live and eat in the academy during the 18-week course.

Recruits earn a starting monthly salary of \$1,233. Upon graduation the officers are paid \$1,347 monthly plus allowances for uniforms and equipment. When a trooper

completes a year with the department following graduation, he earns \$1,537 per month. New trooper assignments are based on regional needs. However, DPS academy graduates may request assignments in specific areas.

Adams said all the candidates must be prepared for rigorous demands of the training.

"It's a tough, intensive

course which is designed to ensure quality and professionalism in the finest traditions of law enforcement. Some of the trainees will find the course too demanding or decide that another career is best for them," Adams said.

DPS trooper applicants must be between 20 and 35 years old and have a minimum of 60 hours of college level credit.

Each candidate will undergo a personal history review and must be in excellent health.

Adams said the DPS has placed a high priority on the recruitment of minorities and females for uniformed service.

# Randall Jackson Elected President Of THA

The members of the Texas Hereford Association met in Ft. Worth Feb. 1 for the group's annual business meeting and election of officers. The meeting was part of several days of Hereford activities built around the Southwestern Exposition and Fat Stock Show that included a dedication ceremony and open house of the THA's new headquarters building in Fort Worth; the 13th annual Commercial Hereford Heifer Show and Sale;

the Fort Worth Hereford breeding cattle show; the junior heifer and steer show, plus the annual THA membership meeting, banquet and dance.

Officers who will lead the group during 1982 are: Randall C. Jackson, Abilene-president; Loyd Whitehead, Dallas-president-elect; vice-president-Weldon Winsauer of Houston; Jim Humphreys of Guthrie and W. Perry Bolin, McKinney, are also vice-presidents. New directors are Stanley

Born, Fred Case, Jay Davis, Tom Dean, John Dudley, Cratus Douthitt, Jack Ebeling, Albert Evans, Johnny Gilfoil, Wayne Haygood, Harold Henke, Carl Herrman, Ronald Lee, Jack Martin, John Musselman, J.D. Rutledge III, Billy Smith, George West, Dr. N.D. Timmons, David Witts and Curtis Younts.

Randall Jackson and his brother J. Rupert Jackson, Jr. established the Jackson Bros. & Son operation in 1955 on a 320-acre tract of land that was part of the ranch began by their grandfather in 1889 north of Baird, just out of Abilene. Purchases made by I.N. Jackson began in December of 1889 and continued until 1897 when some 8,800 acres of land had been put together. He and his wife had op-

erated the ranch running plain-type cows until 1917 when they sold the cattle and leased the ranch.

The current operation was originally a set of commercial Hereford cows that continue as part of the ranching practice today. Majority of the commercial cows came from the Foster Price herd with the registered cattle being added in 1970 that also came from Price's Sterling City ranch. The herd number has grown to approximately 200 registered cows and 400 commercial cows on land both owned and rented at seven different locations in Callahan and Shackelford Counties.

Jackson, who is an attorney, was born March 21, 1919, the son of J. Rupert Jackson in Baird. They have one son Randall C. Jackson, Jr. The new president is a graduate of the University of Texas.

## Rowden Area News

By Mrs. N. V. Gibbs

Winter has done it again, starting early in the week with cold temperatures and climaxing with icy snow on Friday. Light rain on Thursday froze on highways making some dangerous to travel. Highway 283 was especially hazardous. Very little moisture was gained during the week.

Our neighbor and friend, Ruth Boen passed away Wednesday, after an illness of several months. She had been hospitalized in Baird since undergoing surgery last December in Abilene. Ruth came to this community as a young girl with her parents, Mr. & Mrs. Henry Bower and brother Jesse and sister Christine. After her marriage, to Ray Boen, they bought and lived on the Walter Jones place. She remained in the home after his death, until last summer when she purchased the Vida Hill house in Baird. We extend our

sympathy to Christine, because she will be greatly missed.

Mrs. Gene Mauldin visited Mrs. Barney Gibbs in Baird last Wednesday.

Ellen Reynolds spent the weekend in Austin with her friend Martha Strickland of Baird who is in school there.

Mr. & Mrs. Roland Mauldin of Denton Valley visited his parents, Mr. & Mrs. Gene Mauldin during the week.

Mrs. N.V. Gibbs was in Clyde last Tuesday visiting Mrs. Jewel Swanzy and Anna Bell Tabor.

Mr. & Mrs. James Reynolds and daughters, Janey & Ellen attended basketball games between Cross Plains and Carbon last week in Cross Plains.

Mrs. Russell Dye was in Breckenridge Monday visiting Mr. & Mrs. Ed Sayre and Mrs. Mary Sayre.

Mrs. Weldon Gary visited in the Lizzie Burks home during the week.

## '48 Study Club: Creating A "Welcome Home"

Baird 48 Study Club met Feb. 15th in the home of Jane Ringhoffer with Rhonda Hatchett serving as co-hostess.

New business discussed included plans to host an Easter Parade and ideas on attending a dinner theater. A new member, Jan Walker Nutt, was selected to fill the vacancy left by the resignation of Mary Jo Gerngross.

Frances Greenway presented the program on home decorating. She presented a film "A Welcome Home" and various ideas and pictures on many aspects of decorating.

Meeting adjourned with 18 members enjoying delicious refreshments.

The next meeting will be March 15th in the home of Evelyn Hughes. The March 1st meeting will be omitted and replaced with a dinner theater. Secret pals will be revealed at the March 15th meeting.

## Energy Saving tips on Electric Heating.

**Check your thermostat setting.** Recommended temperature setting for winter heating is 68°. Remember, the lower you set the thermostat in the winter the lower your energy cost.

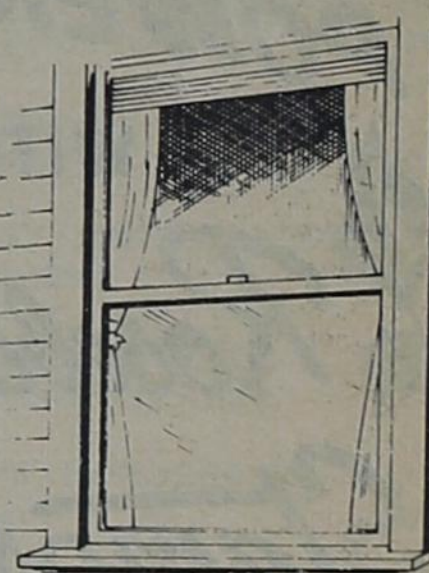

**Have your heating system checked regularly!** Proper servicing is good preventive maintenance.

**Keep filters clean.** Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions, if it's disposable, replace when dirty.

**Have your home properly insulated!** Adequate home insulation keeps the warmth in, cuts energy use... can pay for itself by lowering heating (and cooling) costs.

**Use the warmth of the sunshine!** On sunny days open the drapes. The sun shining through the glass will supply additional heat at no cost.

Remember, Reddy Supplies the Energy,  
only you can use it wisely!

## Baird School To Make Up Missed Days

At the regular monthly meeting of the Baird School Board on February 12, it was approved to amend the school calendar to make up the days missed because of the gas curtailment and bad weather. Four days were missed but only two must be made up. Monday, March 1, had been scheduled for a teacher in-service day but now will be used as a regular school day. Spring break will start on Tuesday, March 2, and end the following Monday. School will dismiss at 2:30 on March 1.

Wednesday, May 26, was also scheduled for a teacher workday but now will be a regular school day. Graduation and baccalaureate will be as originally scheduled on Sunday and Monday, May 23 and 24, with eighth grade graduation on Thursday May 27, at 9:30 a.m.

The other two school days and the two in-service days will not have to be made up.

Students may pick up report cards in the office of the school they attend after June 1. If they would like their report cards mailed to them, they must leave a stamped, self-addressed envelope in the office before school is out.

Persons aged 60 or over are invited to come and receive their meal. Although there is no charge, all donations are gladly accepted to meet the needs of the program.

## 1982 County Peanut Referendum Results Reported

Of the 303 eligible voters, 39% voted in the referendum to determine whether they favored or opposed poundage quotas on the crop years 1982-85. The eligible voters voted by 0.97% in favor of quotas; whereas, 0.03% were opposed.

Even though quotas were approved in Callahan County, as least two-thirds of the eligible voters must approve the quotas nation wide. Approval would set the national poundage quota for 1982 at 1,200,000 tons, and marketing penalties and price support would be in effect. On

the other hand, disapproval of quotas would mean no marketing penalty and no price support.

The final national results are not known at this time, but should be announced in the near future.

# WTU Explains New Rate Increase

A settlement agreement allowing West Texas Utilities Company to increase its rates to retail customers has been approved by the Texas Public Utility Commission of Texas.

The new rates, which will average about 8.3% above the old rates, were placed in effect on Friday, February 12. This action is in accordance with

a stipulated agreement with all intervenors, including cities represented by the Texas Municipal League, WTU and the PUC staff.

The increase is designed to increase the Company's annual retail revenues by \$11.8 million. A wholesale rate increase of \$5.5 million, also settled by agreement and expected to be approved by the Federal

Energy Regulatory Commission in Washington, would bring WTU's total annual revenue increase to \$17.3 million. The Company had applied for a total increase of \$32.2 million.

The effect on a residential bill for 600 kilowatt-hours of electricity per month would be slightly over 10%. This would include the fuel cost adjustment. For 600 kilo-

watts at a residence, the bill would be \$37.89 under the new rates and \$34.39 under the old rates.

Mrs. A.A. Manion gave the invocation and Mrs. Archie Nichols led the Pledge to the U.S. Flag and Salute to the Texas Flag. Mrs. Blane Odom reported on the GFWC media campaign known as public service advertising designed to show how GFWC clubs have upheld a tradition of helping and caring about others.

The afternoon program, a panel discussion: Safety on the Highway and in the Home, was led by Mrs. Tom Windham, Jr., who gave suggestions in Defensive Driving. Mrs. C.C. Billingsley spoke on Safety at Spring Cleaning Time in the Home; and Mrs. Manion discussed Safety in Case of Fire.
