

12,000 Area Farmers OK Wage Ceiling

Over 12,000 cotton farmers in the Sweetwater, Abilene, Wichita Falls and Childress areas favored the placing of wage ceilings on pulling and picking the current crop in 39 counties of northwest Texas. There were only about 600 farmers in this area who opposed the establishment of a ceiling.

Because of the unusual interest of the cotton growers, the State Board of Stabilization and Price Ceiling was asked to hold hearings and to take testimony of cotton farmers in this area. The hearings were held last week at Sweetwater and Vernon.

Testimony of farmers representing this area indicated that it was almost a unanimous opinion that price ceilings should be put on pulling and picking this year's cotton crop. The State Board, as a result of the hearings, placed a ceiling price of \$1.25 for pulling and \$2.00 for picking. The hauling and service charge, delivered at the gin, was given a ceiling of 25c per 100 pounds up to a distance of 15 miles, and 30c per 100 pounds over 15 miles.

Because of this action by the State Board and requests of the farmers, it will, therefore, become unlawful for any farmer within the 39 counties, which include Knox County, to pay a pulling or picking price in excess of that set by the State Board. This ceiling price and regulations regarding wages applies to all farmers at all times.

There will be penalties assessed in cases where it is plainly evident that the ceiling prices have been exceeded. These penalties include \$1,000.00 fine, one year in jail and in addition, no deduction will be allowed for labor in payment of the income tax.

Adjustments can be made within the county by the Knox County Stabilization and Price Ceiling Board. These adjustments will be made in cases where cotton is a thin stand and infested with weed growth. It is fully recognized that prices exceeding the ceiling will have to be paid under these conditions. Permits will be given by the county board to exceed ceiling prices, when producers under the above circumstances make the request.

The County Board members are Pete Beecher, Goree, G. C. Cottingham, Gilliland, Claude Richardson, Knox City, and Clyde Nelson, Munday.

O'Brien Barbecue Draws Large Crowd

A crowd estimated at 350 people were on hand for the annual Field Day and barbecue last Friday at O'Brien. Postponed last year because of wartime travel conditions, the affair took up just where it left off from the previous year with a program of good speakers and lots of good eats.

Principal speaker at the morning session held in the O'Brien Baptist Church was State Agricultural Commissioner J. E. McDonald. Mr. McDonald brought a fine address to the many visitors from this section as well as all over Texas and Oklahoma.

Preceding Mr. McDonald, the audience heard R. V. Miller of the State Plant Board, and Prof. J. S. Mogford, cotton breeding specialist for Northern Star Seed Farms at O'Brien, sponsors of the event.

S. N. Reed served as master of ceremonies. Mr. Reed introduced several prominent visitors seated in the audience. Short talks were made by several County Agents, including the Knox County agent, R. O. Dunkle.

Following the morning session, a crowd was turned loose on a well-prepared barbecue dinner that faded away rather quickly. Good barbecue, pickles, bread, pie and lots of cold drinks put the crowd in a hushed atmosphere for the time being.

After the meal, several carloads of visitors inspected cotton seed breeding plots and farms of the growing plants over the community.

"We had a fine time and I believe those that came went away happy," said Mr. Reed, after the visitors had departed. "We are going to make it bigger and better next year, so plan now to be on hand."

Mrs. Stanley V. Gunn

Sunday Marriage Unites Doris Elaine Clonts and Lieut. Stanley V. Gunn

In an impressive double ring ceremony at the Methodist Church in Knox City Sunday, September 9th, Doris Elaine Clonts, daughter of Mr. and Mrs. W. E. Clonts, became the bride of Lt. Stanley V. Gunn of East Lansing, Michigan.

Rev. Lloyd Hamilton, pastor, read the service uniting the young couple in marriage.

Mrs. E. Q. Warren played piano selections during the seating of guests by the ushers, Sam Enory Clonts and Ken Clonts, brother of the bride. Mrs. Lloyd Hamilton sang "At Dawning," by Cadmon. Mrs. Warren played Lohengrin's wedding march as the couple met at the altar decorated with ferns and baskets of gladioli.

The bride, given in marriage by her father, wore an embroidered white sheer wedding gown of her own design and creation, with a headress of pearls and shoulder length veil. She wore white gloves and carried a bouquet of white asters and gladioli. Her attendant and cousin, Mrs. Neil Perdue, wore pastel yellow with a bouquet of orchid asters. Neil Perdue was the groom's best man.

Mrs. Gunn is a graduate of the Knox City schools where she was voted as best all-around girl her senior year. That fall she entered Texas State College for Women at Denton and majored in general home economics, and was a member of the Adelpian Club, the Mary Schwartz Rose Club and the Panhandle Club, of which she was president in her sophomore year.

She was a senior in the class of 1945 when she accepted a position with the American Airlines as stewardess and took a two month training course in New York City. After completing the training course she was stationed at Fort Worth.

Lieutenant Gunn is the son of Mrs. R. V. Gunn of 434 Clifton Blvd., East Lansing, Michigan, and graduated from high school there. He received three and one-half years of mechanical engineering at the Michigan State College before entering the Army in April 1943, at Fort Custer, Michigan. He graduated from the Engineers O. C. S. at Fort Belvoir, Virginia, in July of 1944 and served overseas in the European theater of operations from early in December 1944 to late August 1945. While stationed in the States he served at Camp Wallace, Camp Howze and Camp Bowie in Texas.

After the ceremony a reception was held in the home of Mrs. S. M. Clonts, cousin of the bride, where the colors of yellow and green were carried out in the decorative scheme. Miss Norma Janice Coats registered guests at the bride's book and Miss Martha Jane Jones and Miss Geneva Mills presided at the tiered wedding cake, assisted by Mrs. Buddy Angle, Mrs. Neil Perdue and Mrs. Pete Rutledge.

When the couple left for Eagle Mountain Lake where they will spend this week, the bride wore a two-piece black crepe with lime accessories. They will return to

Knox City this weekend to spend a few days before going to Michigan to visit the groom's mother for the remainder of his furlough, before reporting to Camp Bowie.

Out of town guests were Mr. and Mrs. Bud Corley of Rochester, Miss Eva Mae Hardin of Wichita Falls, and Miss Jewel Durham of Dallas, aunt of the bride.

State To Check On Drivers Licenses

Austin, Sept. 10—Better check up on your drivers license. Under the impetus of mounting traffic fatalities, the Department of Public Safety is about to begin a vigorous enforcement campaign aimed at unlicensed drivers. Director Homer Garrison said today.

"This isn't a red tape or revenue proposition," Garrison said. "We are trying to keep people from being maimed and killed." Estimating that Texas now has 250,000 drivers who either have no licenses or whose licenses have expired, Garrison said:

"The deliberately evasive person is likely to be dangerous, either because of known incompetence or, in the case of many new residents and new drivers, ignorance of Texas safety rules. "Of those who have expired licenses, probably a considerable number have developed defects or attitudes, or records of traffic violation and accident, that give them cause to fear examination. "Of course, most delinquents are merely lazy or negligent."

"But whatever the reason, the impressive facts remain that 15 percent of drivers cause 85 percent of collisions, and unlicensed drivers figure in more than a proportionate share of them. As traffic volume and fatalities continue to increase, the citizens obligation to comply with regulatory measures likewise increases. We are headed for a toll of ten lives lost daily to traffic in Texas and it will require drastic action to hold the figure that low when postwar traffic gets into full swing."

American Legion Meets Bi-Monthly

Members of the American Legion met last Monday night with 21 members present. They decided to have meetings the second and fourth Mondays each month, with the first meeting of the month for business and they plan to have a program at the fourth week meetings.

All war veterans of this, and the first world war are urged to attend. They particularly desire veterans of this war to attend the meetings.

Mr. and Mrs. J. W. Tankersley received a cable from their son, Sgt. Buddy Tankersley, that he was now in Manila sightseeing and was on his way home. Buddy has been overseas three years and nine months and will be eligible for discharge when he arrives here.

A&M Farm Course Open To Veterans

R. O. Dunkle, county agent, and the Knox County Agricultural Advisory Committee announce that special courses in practical agriculture are open at A & M College for ex-service men.

Each county agent will receive five copies of a new bulletin containing information about the courses. If additional copies are needed they may be ordered from Dean C. N. Shepardson.

The special courses were set up in response to the interest of large numbers of ex-service men in courses which do not lead to a degree. Training is available through these courses to many men who are unable to meet the usual college entrance requirements. They also provide an opportunity for ex-service men to receive training or refresher work in agriculture.

Leland Huntsman Has Eye Injury

Leland Huntsman is in the Medical Arts Hospital in Dallas where he was removed following an accident last Thursday at the White Auto Store, operated by he and his brother Loyd.

While making a battery change in an automobile, the carrier used to insert the battery in the holder, slipped and struck Leland breaking his eye glasses and a sliver of the glass entered his eye.

Treatment at the Knox County Hospital revealed a serious injury to the eye and doctors here sent him on to a specialist at Dallas in an attempt to save the sight of the eye. Word from Dallas reveals that there is a possibility of saving the eye, although the outcome will not be determined for several days.

Leland was discharged recently after 42 months in the Pacific war theater where he escaped without a scratch. Since his discharge he has been associated in the auto supply business with Loyd.

Bank Moves To New Quarters

Although there are a few odds and ends to be completed, Bruce Campbell and his hired help has moved the Citizens State Bank back to the old location, which is far from being what it was when they moved out several months ago to have the building remodeled.

Construction work has been completed except a few details, and new furniture and fixtures will be installed soon.

In the meantime, business goes on as usual.

Fritz Egenbacher Back In States

Herman and Erwin Egenbacher had a call Monday from their brother, Fritz, telling them he was back in the States and would be here soon for a visit.

Fritz is a seaman and has been aboard the famed Aircraft Carrier Franklin that was badly crippled by Jap suicide planes but made her way safely to port.

CHAD WILSON HOME ON 30-DAY LEAVE

An item overlooked last week was the presence of Chad Wilson, home from duties in the Navy on a 30-day leave.

Chad has been aboard a mail ship stationed in the Philippines. He will report to Dallas for further orders at the termination of his leave.

Anybody Wanna Run A Race?

Anybody want to run a race in wheelchairs?

George Hardberger has issued a challenge to all comers for a race from the Knox County Hospital anywhere downtown. And, according to George, it will be a one-way race—no return trip.

George is now in a wheelchair at the hospital, having almost recovered from injuries received several months ago. He has been tied down in bed in more ways than a cowhand can tie a steer, but now that he is at least on wheels, he is yearning for a trip down the main drag.

Mrs. Thomas Lair, Jr.

Jeanne Shaver Bride of Lieut. Thomas Lair, Jr. In Friday Noon Service

The marriage of Jeanne Shaver, daughter of Mr. and Mrs. E. B. Shaver, to Lt. Thomas H. Lair, Jr., son of Mr. and Mrs. Thomas Lair of Canyon, was solemnized at high noon Friday, September 7, at the First Methodist Church. The Rev. Lloyd Hamilton, pastor, pronounced the rites before an altar of fern and pink carnations with tall baskets of white gladioli.

The bride was given in marriage by her father. She wore a white brocade satin wedding gown with finger tip veil and long white gloves, carrying a bouquet of orchids surrounded by gardenias. For something old and borrowed, the bride wore a cameo necklace belonging to an aunt, and for something blue she wore a blue bow. She was attended by sister, Miss Mayme Shaver as maid-of-honor, wearing a lime jersey dress with shoulder length veil, long lime gloves and a bouquet of red roses. Mr. Lair served his son as best man.

Preceding the ceremony, Mrs. E. Q. Warren gave several piano selections and accompanied Mrs. Jack Wilson and Mrs. Bedford Smith as they sang "Because" and "One Alone." Dale Graham, R.M.C., and Maj. A. B. Robertson, brother-in-law of the bride, were ushers.

Mrs. Lair is a graduate of the Knox City schools and this past August received her B. S. degree in dramatics and speech from West Texas State Teachers College at Canyon. While a student there she held an important place in all activities, pledging Gamma Phi Sorority, of which she was treasurer in her junior year and president her senior year. Her second year in school she took vows of the National Dramatic Fraternity, Alpha Psi Omega, and her work was so progressive that the office of presidency was given her in 1944. In her last two years of college she made Who's Who Among Students of Colleges and Universities of America.

She was chairman of Interclub Council and held Senate Post No. 1 in the student government for three years. Her last honor was given her when the football team unanimously elected her their queen in 1944-45.

Lt. Lair attended college at West Texas State for two years before entering the Army Air Corps in 1942. He served with the 8th Air Force in England until October of 1943 when he was forced down in enemy territory and was captured. He was a prisoner of war for 19 months before being liberated by Patton's Army in April. He was returned to the United States the first of June.

A reception was held in the home of the bride's parents, Mrs. A. B. Robertson presided at the tiered wedding cake, and Mrs. John Hansen served punch to the guests. Both are sisters of the bride.

Out-of-town guests were Mr. and Mrs. Thomas Lair and son, Stanley, of Canyon, Mrs. Jewell Davis, Miss Doris Davis and Miss Maggie Avert of Amarillo, Miss Shirley Hyars of Canyon, Miss Evelyn Elliott of Amarillo, Mrs.

R. A. Shaver, Sr., and Mrs. John Trimmer of Rochester.

Following the reception the couple left immediately for Houston where they will be until the 11th, at which time Lt. Lair will report to Fort Sam Houston for re-assignment. The bride's going away costume was a gray wool suit with brown accessories.

Bridal Shower for Robbie Johnston

A bridal shower was given in the home of Mrs. C. C. Beatty of O'Brien last Friday afternoon, honoring Robbie Lou Johnston, bride-elect of Rev. Bobby Fall of Benjamin. The couple will be married September 22nd.

In the receiving line were Mrs. Mondell Mills, Mrs. C. C. Beatty, Miss Johnston, Mrs. Rob Johnston, her mother, and Mrs. Allen Hester, her sister.

At a beautifully appointed table covered with a lace cloth, cake and punch were served to the guests. Mrs. Rufe Bernard presided at the cake assisted by Mrs. J. L. Grindstaff at the punch bowl. Miss Helen Bateman was in charge of the bride's book and Mrs. Ford Waldrip invited the guests to see the wedding gifts.

Hostesses for the afternoon were Mrs. Sam Reed, Mrs. Claude Reed, Mrs. Charles Reed, Mrs. E. Q. Warren, Mrs. Eddie Barnard, Mrs. Ford Waldrip, Miss Inez Logan, Mrs. Mondell Mills, Miss Helen Bateman, Mrs. Elmo Stephens, Mrs. Dick Carney, Mrs. D. R. Stephens, Mrs. LeRoy Melton, Mrs. Alfred Kilgore, Mrs. Fred Glover, and Mrs. Pyeatt.

Mexicans Cancel Celebration Plans

Knox City's Mexican colony cancelled plans for their 10th of September celebration Wednesday when the City Council refused them permission to use a block of paved street for their annual celebration and dance.

Plans had been made to entertain the local colony and the host of transient cotton hands on the second block west of the bank building, but councilmen deemed it unwise to block off the street for the two-day affair.

Guadalupe Gamez, spokesman for the local colony, said Wednesday that no other location was available on short notice and the affair had been called off with the possibility of moving it to some nearby town.

Mr. and Mrs. L. A. Proctor of Borger were here Monday and Tuesday visiting Mrs. Proctor's father, W. C. Elliott and daughters, Clifford and Blanche. They were enroute to Brownsville where Mr. Proctor has accepted a position as superintendent of a State fish hatchery there.

Mr. and Mrs. J. H. Atterbury spent Monday in Haskell with Mrs. J. H. Atterbury, Jr. and Joan Burnett. The occasion was Mrs. J. H. Jr., birthday.

Herman Reeder On USS Missouri As Treaty Signed

Herman Reeder, son of Mr. and Mrs. W. A. Reeder, is a seaman serving on the USS Missouri. Mrs. Reeder has received two letters from her son recently, one written before the official peace treaty was signed aboard the Missouri, and one after.

The letters are very interesting, coming from a hometown boy who was there when it happened.

Herman entered the Navy June 15, 1944, and has been aboard the now famous Missouri since boot camp training. His wife, formerly Claudia Sue Moseley, and their two children, live in Melrose, N. M.

August 30, 1945

Dear Mother:

As you well know we are in Tokyo Bay. We came in several days ago. The first place we went into was Sagami Bay, which I think is about 25 or 30 miles from Tokyo. The country there was very pretty. You couldn't see very well with just your naked eye but with glasses you could make out things pretty good. They have real nice homes and it all seemed to be well taken care of. I don't think it had been hit by the war very much.

As for Tokyo, everything is just about torn up. We aren't in close enough to see much but you can make out some few things with the glasses. As we came in you could see the white flags flying all along the beach, so guess the Japs have had enough.

One thing of interest is the famous mountain Fujiyama. That and the emperor are the two things the Japs believe in.

There isn't much to write about so far but maybe by the time we leave here I will have seen a little more. I would like to see the beach but don't know if I have much chance in that.

I want you to be sure and save the envelope to this letter for it has a special cancellation stamp on it.

I hope you are well. I have been feeling fine. All that seems to bother me is wanting to come home. We haven't had any kind of word on that as yet. Hope it isn't far off.

Love,

Herman

Tokyo Bay, Sept. 3, 1945

Dear Mother:

The war is now officially over and I was really ready. This waiting around for something to happen doesn't go well with me. It was really a big affair. We had the high officials from all the Allied Nations on aboard the ship.

The signing didn't take very long. Gen. MacArthur didn't mess around with the Japs at all. When they left the ship they all looked pretty low. Guess they went back to Tokyo and committed hari-kari. That's too good for them.

They had thousands of planes in the air at the time of the signing and it was really a pretty sight. Lots of them were B-29s and the Navy had their carrier planes up. I wish you could have seen it.

I hated to hear they had sent Ted to California. I was in hopes that he wouldn't have to come out here. Maybe this will change his orders.

I am doing just fine.

Love,

Herman

Miss Geneva Mills of TSCW, Denton, is home between semesters with her parents, Mr. and Mrs. J. J. Mills.

The Mighty and the Mite

This photograph graphically illustrates the difference between one of the Army's smallest vehicles and the huge land fortress—the Fisher Body-built General Pershing M-26 "Tiger Tamer" tank. The Jeep looks like a toy alongside the big battle wagon—the army's new low-slung 45-ton tank that features thicker armor, greater fire-power and improved

maneuverability. The Pershing mounts a long-barreled, high velocity 90 mm. gun. The Fisher Body Division of General Motors designed and engineered the M-26 in collaboration with Army ordnance development engineers. Fisher-built M-26's played an important role in closing phases of the European war.

Committees Named For Study Club's Program of Work

The following committees have been appointed by Mrs. E. F. Branton, president of the Knox City Study Club.

The committees will function during the coming club year, the first meeting to be in October.

Program:
Mrs. E. R. Carpenter
Mrs. B. B. Campbell
Mrs. Dan Steakley

Finance:
Mrs. Ottis Cash
Mrs. C. C. Hoge
Mrs. S. M. Clonts

Social:
Mrs. Dan Steakley
Mrs. Bedford Smith

Civic Improvement:
Mrs. T. P. Frizzell, Sr.
Mrs. George Hardberger
Mrs. Ben Farmer

Victory Service:
Mrs. E. E. Teaff
Mrs. C. H. Moss
Mrs. Jack Wilson

Legislative:
Mrs. O. L. Jamison
Mrs. T. E. Holcomb
Mrs. C. H. Moss

Public Welfare:
Mrs. H. L. White
Mrs. J. O. Hamm
Mrs. T. P. Frizzell, Jr.

Press and Publicity:
Mrs. Ottis Cash

Mrs. Lloyd Hamilton

Post War Planning:
Mrs. T. S. Edwards
Mrs. L. W. Graham
Mrs. C. A. Richardson

Nutrition:
Mrs. Ulric Lea
Mrs. J. A. Wilson
Mrs. L. N. Bridges
Mrs. Q. L. Knight

Music:
Mrs. E. Q. Warren
Mrs. Mildred Joiner
Mrs. Ross Griffith

Inter-Racial:
Mrs. B. B. Campbell
Mrs. E. R. Carpenter
Mrs. N. C. Byers
Mrs. C. C. Hoge

American Homes:
Mrs. S. M. Clonts
Mrs. E. E. Teaff
Mrs. John Stout

The Study Club has accepted the following 12 listed projects as aims for the club year.

1. Penny Art Fund
2. Cancer Relief
3. Red Cross
4. Community Thanksgiving Banquet
5. Purchase Bonds
6. Honorary Junior membership for three high school girls.
7. Collection of magazines for shut-ins.
8. War Relief Canning
9. Christmas Baskets for the Needy
10. Sponsor Campfire
11. Negro School Aid
12. Recruitment of Nurses

The boy next door whose dad would not trust him to drive around the block in their \$500 automobile is now piloting a \$500,000 bomber and responsible for the lives of 14 others

Mincey Family Has Reunion

The home of Mr. and Mrs. E. F. Mincey was the scene of a family gathering on Monday, Sept. 10th, occasioned by the return of their son, S-Sgt. Harold L. Mincey, who has served the past two years with the Air Force in England, home for a 30-day furlough.

Another son, Sgt. Evander N. Mincey, from Camp Hood, Texas, is also home on a 17-day furlough.

Those present were S-Sgt. and Mrs. Harold L. Mincey of Redondo Beach, Calif., Sgt. and Mrs. Evander N. Mincey, Camp Hood, Miss Lois Mincey of Long Beach, Calif., Mrs. Glenn Myers of San Diego, Calif., Mr. and Mrs. Edgar Wheeler and family of Mangum, Okla., Mr. and Mrs. Jim Lee Jordan and family of Grandfalls, Texas, Mr. and Mrs. Elbert Mincey and boys of Eldorado, Okla., Mr. and Mrs. Lynward Wilcox of Knox City, Mr. and Mrs. G. F. Henderson, Mr. and Mrs. E. F. Mincey, Elwin and Donald.

Unable to attend were a son, Pfc. Earl E. Mincey, who is stationed in the Philippines, grandson Edward Roy Wheeler, stationed in Central America, grandson and granddaughter, S-Sgt. and Mrs. Orvis McGuffin, stationed in Tennessee, granddaughters LaVerne and Betty Myers, and son-in-law Glenn Myers of San Diego.

John Thomasson, MAM3c and Mrs. Thomasson from Clinton, Oklahoma, are here visiting his mother, Mrs. E. E. Teaff and family.

Mr. and Mrs. Bill Stinson, Mrs. T. C. Stinson and John Stinson of Paducah spent Sunday with Mrs. T. C.'s parents, Mr. and Mrs. J. H. McGee. Also guests for the day were the J. C. McGees and Salem Hutchinsons.

Mr. and Mrs. B. B. Benton, Mr. and Mrs. E. G. Parkhill and Virginia spent the weekend in Corpus Christi visiting Mr. and Mrs. Jack Benton and Ensign and Mrs. E. G. Parkhill, Jr.

Mrs. L. L. Houston fell last Friday at the laundry and broke her arm.

W. T. Limerick and Tom Hornlock of Abilene were here Tuesday in the interest of the West Texas Cotton Oil Co.

The Navy Department has assigned Otis Green, hospital apprentice 2c, to the Navy Hospital Corps School at San Diego.

The prize crack of the week comes from an Arkansas farmer who has been fighting crab grass all his life. He declares that when crab grass is pulled up by the roots, piled on top of a flat stone and dried for weeks; and then burned; it will take root and flourish wherever its smoke touches the ground.

When you get right down to the root of the meaning of the word "succeed," you find that it simply means to follow through.

HEAT

is almost as important as food . . . so in your remodeling or new home building plans consider it as part of house and include necessary flues for *Venting* the new gas heating equipment. Only when equipment is *vented* to a flue are wall sweating and stuffy air eliminated.

★ Floor furnaces, gasteam radiators, circulators and central furnaces are now available in very limited quantities. By next January manufacturers probably will be back on full production schedules. So there is plenty of time to be planning your heating as part of your new house.

LONE STAR GAS COMPANY

The Family Altar

By Rev. Violet Byers
Co-Pastor Foursquare Church

In Psalm 107, verse 2, we read these words: "Let the redeemed of the Lord say so."

Today is the first anniversary of the Family Altar column and I would like to tell everyone who reads this that I personally have been blessed by the privilege of writing about the Lord. Many times I have been told by different people that this column has been a blessing to them, and that they looked forward to getting the paper to read The Family Altar, and as they have told me this it has inspired me to go on.

Now, dear friends, if this column has proven a blessing to you, I would surely appreciate hearing from you, as I have no way to know if you are enjoying it unless you write to me. If you have a problem that you would like to have us pray over, write and tell us about it, and to each one who writes I will personally answer their letter and we will hold up your prayer requests to God, as we are serving the true and living God who is ever mindful of His children and will answer them as they call upon Him.

Many have told me that as they read the column it seemed that it answered some problems that was in their lives and brought a new hope to them. Dear friends, this column is written for the sole purpose of lifting up Jesus to a needy people, and pointing them to eternal life with Him.

In Jeremiah 33-3 we read, "Call unto me and I will answer thee, and shew thee great and mighty things which thou knowest not." Truly we want to encourage people to call upon God, as he is one who will never leave us or forsake us.

As you write your requests, address your letters to "Rev. Violet Byers, Box 253, Knox City, Texas." If God has blessed you with the reading of this column during this last year and you would like to have a part in the printing of it, I would appreciate any contribution that you send toward the printing, as this column is paid for entirely by myself and I intend to see that each week during this next year Jesus is lifted up in the Knox County Herald.

At this time I also want to thank Mr. Moss, the editor of this paper for his courtesy to us. He has helped in many ways to make this a success.

Now may God bless you everyone, and remember Jesus loves you.

Rev. Violet Byers and the Family Altar.

Wilted Feed May Prove Fatal To Grazing Livestock

Scattered reports coming to the Texas A & M College Extension Service indicate the occurrence of a number of cases of prussic acid poisoning in livestock in the drought areas of Texas.

During dry periods, Johnson grass and sorghum often develop prussic acid, and the stock off pastures which are wilted or stunted by dry weather. Veterinarians have methods for saving stock that have eaten poison Johnson grass, but usually the acid is so violent that the cattle are dead before the doctor can administer treatment.

J. M. Jones, chief of the division of range and ranch management, is an authority for the statement that, in general, during dry periods mature plants are less dangerous than young plants. Young sorghum suckers are about as poisonous as young first-growth plants, and young second-growth plants are often more dangerous than young first-growth plants, Jones said. Plants grown on good soil, he said, but in either case, where wilt and stunted growth is prevalent, precautions should be taken.

Well-cured sorghum usually is safe to feed, but occasionally it contains enough potential prussic acid to cause stock deaths.

Even when plants contain considerable quantities of potential prussic acid, they may not poison livestock. Anything that prevents the development of the lethal agent in the stomach of the animal lessens or entirely removes the danger of poisoning, according to Jones. Alfalfa hay and linseed cake retard the production of the poison and may prevent death. It has been observed that cattle on corn are less likely to be poisoned when grazing on stunted or wilted sorghum than are cattle not fed corn. It is therefore, a wise precaution to give animals a starch feed, such as corn, milo, or feterita, before allowing them to graze in the vicinity of plants capable of developing prussic acid, Jones said. For further information, Jones recommended that the local agricultural agent or veterinarian be consulted.

Heads Army Recruiting Migratory Labor

Brigadier General Harold N. Gilbert, newly appointed Director of Military Personnel Procurement Service, U. S. Army, has the job of persuading thousands of young Americans to make the Army their career. General Gilbert, who is 49 and from Williamsport, Pennsylvania, is in charge of the Army recruitment drive aimed at giving this country vitally needed "guardians of victory."

New Deal Offered Migratory Labor

From time immemorial the tiller of the soil has been his country's backbone. Wars have been won and lost on the ability of the farmer to produce the food which will feed soldiers on the field of battle.

The ability of America to produce food as well as guns and planes, contributed to the demise of the Nazi regime. Hirohito is on the way out and according to press reports, fear of hunger and starvation due to blockade played as important a part in his defeat as the bombs that wrecked his industries. It was truly said by Napoleon that "An Army travels on its stomach."

Migratory farm labor in Texas consists primarily of Latin-Americans and Mexican nationals, and for that reason the State Extension Service Farm Labor program working with these groups, is of utmost importance.

Today, our government has acknowledged the debt the people as a whole owe to the migratory agricultural workers of our country, and passed an emergency act approved by Congress in 1943 and re-enacted on February 14, 1944, which assigned to the Texas A & M College Extension Service, the responsibility of recruiting, training and placement of farm labor. Prior to 1943 this service was performed by other agencies, the last of which was the United States Employment Service.

The main objective of the Extension Service Farm Labor program is to obtain the maximum utilization of farm labor, especially the migratory worker.

SUPPOSE ELECTRICITY TOOK A VACATION . . .

WHAT WOULD HAPPEN?

Darkness would lay its inky finger on your home. Food would spoil. A flick of a switch wouldn't toast your bread, or cool your living room, or perk your coffee. You'd have to sweep by broom, wash by hand, wear unironed clothes.

Your house would be a little isolated world of its own, with no telephone, no radio, no newspapers to link you with humanity. Time would stop with the frozen hands of your electric clock.

You'd have no job, since almost all industry—from the cash register to the welder's arc—draws its vitality from the little blue spark of electricity. War production would stop in its tracks.

But electricity never takes a vacation. 60 seconds to the minute, 60 minutes to the hour, day and night, summer and winter, electric service stands eagerly awaiting the flick of a switch.

And this dependability is no accident. It is the result of hard work and careful planning by folks who know their business—your friends and neighbors in this company.

• Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30 CWT, CBS Network.
