NUMBER 60

Hounds Beat Paint Creek In First Game

The Knox City Greyhounds opened their 1945 football season Friday night by defeating the Paint Creek Pirates 13-12 in Haskell field.

Sam Clonts opened the scoring early in the first quarter by pushing over a touchdown after a series of power plays carried the team within scoring distance. He ran the ball over for the extra point. Paint Creek returned the visit by going over for their touchdown just as the whistle blew ending the first half. The try for extra point failed.

The second half started dimly for the Greyhounds when Medford, the Pirates powerhouse star, took the opening kickoff and returned it for a touchdown. Agata the extra point failed to appear. Sam Clonts again saved the day when late in the final quarter he carried the ball over for the winning score. Despite the desperate efforts of the Pirates, they failed to push across another score and the game ended with the ball in possession of Knox City.

The victory was especially gratifying to the Greyhounds because it was the first time in two years and four games that they have been able to come out ahead of the Paint Creek boys.

Three newcomers to the 'hound squad showed promise in addition to the heads-up playing of the older members. Dick Buckley at center, Jack Teaff at tailback, and William Roy "Little Mayor" Baker on the end showed that with some hard work and experience they will come up with the best of them.

The Greyhounds next game will be a home game, playing Vera on the Knox City field at 2:30 p. m., Friday, Sept. 21.

District Football Schedule Arranged

Schools of District 9 of the Interscholastic League 6-man football met in Haskell two weeks ago and organized for the 1945 season.

W. T. Holmsley of Mattson was elected president and T. E. Holcomb of Knox City, secretary.

Three new teams, Benjamin, Vera and Megargel, were admitted to the district, making a total of eight teams. Since the size of the district prohibited playing the customary double round robin the district was divided into a north and south half. Each half will play the round robin within itself and the winners of each half meeting for a championship game.

The North half includes Megargel, Vera, Benjamin and Knox City. In the south half are Mattson, O'Brien, Paint Creek and Sagertola.

The Knox City schedule is as follows:

- Sept. 14—Paint Creek at Haskell. (Won by Knox City, 13-12)
- Sept. 21—Vera at Knox City.
- Sept. 28—Benjamin at KC.
- Oct. 5—Megargel at Megargel.
- Oct. 12—Benjamin at Benjamin.
- Oct. 26—O'Brien at Knox City.
- Nov. 2—Vera at Vera.
- Nov. 9—O'Brien at O'Brien.
- Nov. 16—Megargel at KC.

Party Given For Sept. Birthdays

A community birthday party for a number of local folks whose birthdays occur in September, was held in the W. H. Lankford home Monday night.

September birthdays made the following list guests of honor at the party:

- Mrs. J. V. Denton, Morris Denton, Edy Morris Denton, O. W. Denton, Mrs. John May, Mrs. C. Branton, Mrs. Bill Wilson, George Hodges, Jeannette Hodges, Mrs. W. H. Lankford, J. C. McGee, Ross El Lankford, Mrs. E. P. McCutcheon, San Antonio.
- Families of the honored guests were present for the occasion. Also present were Carroll Graves, Mrs. Alton Fitzgerald and Donna Gayle.

NEAL LOGANS HAVE SON

It's a boy for the Neal Logans, born at the Knox County Hospital Sunday morning, and weighing in at 8 lbs. and 14 ozs. He has been named Neal Ellard Logan, and all are doing fine.

Sgt. Paul Fitzgerald Wins Bronze Star; On Journey Home

Sgt. Paul Fitzgerald, husband of Mrs. Oleta Fitzgerald of Knox City, believed to be now enroute home, was awarded the Bronze Star recently for meritorious service against the enemy.

The Citation accompanying the award reads:

Paul Fitzgerald, 6260275, Sergeant, Headquarters Battery, 693d Field Artillery Battalion, United States Army, for meritorious service in connection with military operations against an enemy of the United States during the period 1 August 1944 to 7 May 1945. During this period Sergeant Fitzgerald has functioned as Message Center Sergeant in the utmost capacity, displaying superior efficiency under difficult working conditions in the field.

In addition to the normal functions of Message Center Sergeant, Sergeant Fitzgerald was often called upon to care for the mail, to collect films for developing and to furnish the Battery agents for guides. His Message Center also served as a clearing house for the S-4 and the Battery Supply Sergeants.

Conscientious and painstaking in such additional duties, Sergeant Fitzgerald has proven a highly valuable member of the battalion. His diligence and devotion to duty are in keeping with highest traditions of military service.

Entered military service from O'Brien, Texas.

Leon Strickland Gets Discharge

Leon Strickland returned to Knox City early this week after receiving an honorable discharge on Sept. 7th, at Liberal, Kansas.

He had completed over four and one-half years in the army, most of which was spent in overseas service.

Leon entered service on March 4, 1941 and was shipped overseas April 1, 1942. He went through the North African campaign, Italy, southern France and on to the German border where he was captured by the Germans and spent seven months in a prison camp.

Since being released he spent a 60-day furlough at home with his parents, Mr. and Mrs. C. C. Strickland, reporting back for a discharge.

Leon says he plans to make Knox City his home after taking a rest.

Edith Simmons Married To Sgt. Ben E. Bryan

Mr. and Mrs. M. H. Simmons have announced the marriage of their daughter Edith, to First Sgt. Ben E. Bryan of Dallas, son of Mrs. Cora Bryan of Anton.

The marriage took place Aug. 31 in the home of Mr. and Mrs. J. O. Bryan of Wichita Falls. Dr. E. T. Miller of the Lamar Avenue Baptist Church, read the vows.

The home was decorated with roses and pink carnations. Audrey Mae Kizer of Port Arthur, classmate, and J. O. Bryan, were the only attendants.

Mrs. Bryan was married in a blue wool suit and white hand-made blouse with which she wore brown accessories. Her corsage was fashioned of pink carnations and a gardenia. Her attendant wore a gold jersey dress with black accessories. Her flowers were white carnations.

Both the bride and groom are graduates of the Knox City and Sunset schools. Mrs. Bryan taught in the O'Brien and Sunset schools and was attending Texas State College for Women in Denton at the time of her marriage.

Sgt. Bryan attended Weatherford Junior College. He has spent five years in the Army Air Corps and has just returned from 22 months overseas duty in ETO.

After a short wedding trip they will be temporarily located in Colorado.

KNOX CITY HD CLUB TO MEET FRIDAY

The Knox City Home Demonstration Club will meet Friday afternoon at 2:30 with Mrs. J. M. Averitt.

Miss King, home demonstration agent, will give a demonstration on making collars, dickers and bags. Members are asked to bring materials with them.

45 Years Service

Employees, officers and civilians paid high tribute to C. A. Cashner, auditor of the Panhandle and Santa Fe Railway at Amarillo, retiring after 45 years railroad activity. Left to right, R. D. Ewers, new auditor, G. C. Jeffries, general manager of the Santa Fe Western Lines, and Cashner.

Fritz Egenbacher Relates Jap Attack on 'Franklin'

Opal Irene Hendrix Married At Hawaii Station

Mr. and Mrs. John Hendrix announce the marriage of their daughter, S-Sgt. Opal Irene Hendrix to Sgt. Albert R. Ambrose, Tuesday, September 18, 1945, at Hickson Field Chapel, Honolulu, Hawaii.

Opal Irene entered the service February 27, 1943, and received basic training at Fort Oglethorpe, Ga. She went overseas in March 1944, with the first Women's Army Corps company to be sent to the Pacific, and since that time has been serving in the Hawaiian Islands with the Pacific Division of the USAAF Air Transport Command as a dispatcher in the headquarters motor pool.

She attended the Knox City schools and prior to entering the Army, was employed by the Jones drug store here.

Sgt. Ambrose is a member of the Military Police force in the Hawaiian Islands. His home is in Philadelphia, Pa.

Winifred Walker At Hardin-Simmons

Winifred Walker of Knox City will be among those who will register for work in Hardin-Simmons University of Abilene Wednesday 19, it is disclosed from the list of room reservations being made by returning students.

Requests for rooms from both old and new students are increasing daily as the time for opening the Fall semester draws near and university heads are brought face to face with the necessity of speeding up plans for new buildings and facilities. Sudden ending of the war has business manager E. W. Ledbetter scouring the city of Abilene for rooms suitable for men students being released from service or from the likelihood of being drafted.

SHOWER HONORS MRS. STANLEY GUNN

A gift party was given in the home of Mrs. J. M. Averitt, Saturday afternoon, honoring Mrs. Stanley Gunn, nee Doris Elaine Clonts. Receiving at the door were Mrs. J. M. Averitt, Mrs. Gunn, and Mrs. W. E. Clonts, mother of Mrs. Gunn. Presiding at the bride's book was Mrs. Billy Joe Averitt.

Miss Geneva Mills and Miss Fannie Marie King presided at a lace-covered refreshment table. The centerpiece was a bowl of orchid asters and greenery, with white wedding bells filled with tiny pink rosebuds and pink and white satin ribbons leading away from the bowl. Mrs. R. B. Howell invited the guests to see the wedding gifts.

Hostesses for the afternoon were Mesdames J. M. Averitt, B. M. Farmer, Jack Coats, Lloyd Waldrip, Roy Smith, G. A. Benedict, L. N. Bridges, R. B. Howell, E. R. Carpenter, H. L. White, J. C. McGee, Charles Dowling, Sam White, C. J. Bohannon, Lee Smith, J. W. King, C. C. Hooce, Ray Willis, J. M. Bradberry, J. T. May, E. O. Jamison, Odell Carver, J. A. Wilson, Neal Logan, C. A. Hall, W. L. Swift, T. S. Edwards, and Miss Geneva Mills.

County Agent Puts DDT Under Test For Horn Flies

County Agent R. O. Dunkle is conducting a few experimental tests with the new chemical compound known as DDT in the control of horn flies and mosquitos.

Results of the one-week test indicate that this new insecticide will practically eliminate the horn flies on cattle for a period of some two weeks. Five 4-H Club calves have been sprayed with a 5 percent solution of DDT on September 11, and to date no horn flies or barn flies have annoyed the calves. Observation of the calves is apparent contentment, without switching and stamping in an effort to rid themselves of the fly.

The effectiveness of the spray within the house or in the barn, seems to indicate that a weaker solution of the chemical might be employed. The spraying of screens, window facings, door facings and ceilings of each room seems to give better results than by spraying the floors, since the fly must come in direct contact with DDT crystals that remain on sprayed surfaces.

It is hard to tell just what becomes of the fly, except that they are just not in the room any more. A person who expects to sweep up heaps of flies, mosquitos or roaches will be disappointed.

DDT was developed by a Swiss chemist and is manufactured in the United States, but most of the production has been absorbed almost exclusively by our military forces. Accordingly, no great supply is yet available for civilian use.

Prolonged contact with DDT solutions with the skin may be harmful. Frequent washing the hands with soap and warm water is advisable.

Gilliland Club Host To A&M Editor

Miss Laura Lane, Extension Editor from A & M College, visited in the Gilliland community, Wednesday, September 12th. The purpose of her visit was to take pictures of the Gilliland lunch room, which is being sponsored by the Gilliland Home Demonstration Club.

Mrs. Omar Cure went with Miss Lane and Miss Lucile King, and explained how the lunch room was started, how the funds were raised and how it was operated, etc.

Miss Lane took several pictures of the interior of the lunch room with the supervisors. She also took some of the exterior with the children entering the room.

While in the community they visited Edith and Faye Ryder, 4-H Club members. Miss Lane made a date with the girls to bring some editors from various magazines out to visit the Ryder twins in November.

Union Grove Club Holds Meeting

Eight members, two visitors, and Miss Lucile King, home demonstration agent, met at the schoolhouse Friday afternoon at 2:30 for a very interesting meeting and demonstration.

All old business was completed and new business taken up. The meeting was turned over to Miss King for her demonstration on cleaning sweaters by the use of glue. Two sweaters were cleaned. She also gave pointers on cleaning mens hats.

The social hour was carried out by honoring one of our members with a shower. She received many nice gifts. Punch and sandwiches were served to ten.

We are very happy to have a new member, Mrs. Swearingen. Our club will meet again Sept. 25th, at 2:30. All old and new members are invited to attend.

—Reporter.

Tom R. Campbell Gets B. S. Degree

Forty-five advanced or baccalaureate degrees will be conferred Friday by A&M College, Texas. This makes a record of degrees which the college has presented under the speed-up program adopted shortly after Pearl Harbor.

Among the candidates for baccalaureate degrees is Tom R. Campbell, son of Mr. and Mrs. B. B. Campbell of Knox City.

Tom will be awarded a B. S. in Agricultural Administration. Another candidate listed is James Cashner of Knox City.

Cotton Wage Ceiling Upped 10c By National Board In Face of Local Opposition

More Pickers Due Here Next Week

Mr. D. W. Brown, county agent of Williamson County, notified county agent R. O. Dunkle Saturday by telephone, that the cotton harvest in that county was practically complete, and that he was directing 500 migratory laborers to Knox County.

These laborers are expected to arrive here beginning September 24th through the 29th. County Agent Dunkle is asking farmers who need boll pullers to communicate with him, and to give the following information:

Location of farm, miles and direction from nearest town. Acres of cotton, number of laborers needed, and housing facilities for the laborers. These requests for labor will be serviced in order in which they are received.

Howard Logan Home For Keeps

Howard Logan is home from the wars with an honorable discharge tucked in his pocket. Howard received the discharge September 13 in San Antonio and came home Saturday. He had 96 points, and many long months of service, most of it on foreign soil.

He entered service January 23, 1942 and went overseas February 18, 1942. He first went to Australia, and from there was in the first campaign, launched at the Japs in New Guinea. He has covered most of Pacific theater of operations, spending 33 months in doing it.

He plans to take a rest here, visiting with his father, A. S. Logan of O'Brien, and sisters, Mrs. Mondell Mills and Inez, and brother, Neal Logan.

Winter Legumes Proving Popular In Knox County

Quite a bit of interest is being shown in Austrian Winter Peas and Hairy Vetch. These two winter legumes show quite a bit of promise of being adapted to this district, but of course, have not been proven and it is the belief of the District Supervisors and the Soil Conservation technicians that farmers should not plant excessive acreage of either of these legumes until they have been proven for this locality.

In planting Austrian Winter Peas and Vetch, farmers should be sure that the seed is inoculated with culture "C". Directions on the inoculant box should be followed closely. If these legumes are not inoculated, the plantings are nearly sure to fail.

Both Hairy Vetch and peas should be planted this month for the best growth, but can be planted from now until the middle of November. Seed should be drilled with small grain at approximately 1 1/2 inches in depth. Approximately 8 to 10 pounds of Hairy Vetch per acre should be used. Austrian Winter Peas can be planted alone at a rate of 25 to 30 pounds per acre. If mixed with small grain they will stand up off the ground better and will add more nitrogen to the soil, more green manure tonnage, and also make better quality hay.

Both of these legumes are good winter and spring pasture, and are excellent cover and soil improving crops.

Legumes should not follow these legumes because there are large quantities of nitrogen added to the soil which might cause the cotton to grow too fast too soon. Crops following peas should be ones that will use extra amounts of nitrogen that has been stored in the soil by the winter peas or vetch, such as sudan, sorghums, small grains should follow the legumes.

COTTON GINNING REPORT

Knox City gins reported the following figures for cotton turned out up till Thursday noon:

Cotton Growers Co-Op.....214
Knox City Gin.....118
Brazaos Valley Gin.....47
The O'Brien Co-Op Gin reports 771 bales ginned to date.

Members of the Knox County U.S.D.A. Wage Board attended a meeting Friday, Sept. 14, with Mr. Evans, who is representing the Texas U.S.D.A. Wage Board with regard to the ceiling price on harvesting cotton.

Mr. Evans informed the local committee that the Washington U.S.D.A. Wage Board would not approve the ceiling at \$1.25 per hundred, and that the wage board in Washington recommended that the pulling price be increased 10c per hundred pounds, making a \$1.35 ceiling price for pulling instead of the \$1.25 as recommended previously in the 3-county area by their representatives.

The local wage board were very reluctant in granting the increase price, but most other counties in the 3-county area approved this advance of 10c, and recommended that the loan value of cotton be increased to take care of this additional cost of harvesting.

The ceiling order is effective as of September 14th. Hauling and service charge ceilings remain as per original recommendation of 25c for hauling up to 15 miles and 30c above 15 miles.

Violations which exceed the \$1.35 per hundred for pulling cotton will be investigated by the Federal Bureau of Investigation.

In hardship cases, such as poor stand, dead cotton, and badly infested with weeds, producers may secure permits from the county committee to advance the ceiling price.

Lt. Wanda Heath Weds Capt. Kimbark In California Rites

The marriage of Wanda Faye Heath, daughter of Mr. and Mrs. S. J. Heath, formerly of Knox City, to Capt. John J. Kimbark of San Francisco, Calif., took place Friday evening, August 24th, at Saint Gabriels Church in San Francisco. The Rev. Raymond J. Maher read the double ring ceremony.

The bride was given in marriage by Clinton Kimbark. She wore a white oyster crepe gown made with a fitted bodice and draped short sleeves. The elbow length gloves were of silk jersey. Her veil was illusion caught on a seed pearl Juliet cap. The bride carried a bouquet of gardenias centered around two white orchids and showered with stephanotis.

Mrs. Helen Allen of San Francisco was matron of honor. Her gown was powder blue marquisette and she carried a nosegay of pale yellow tea roses. A matching wreath of roses was worn in her hair.

Lt. Ray Agosti of the United States Navy was best man.

A reception was held in the blue room of the Sir Francis Drake hotel after the wedding. Mrs. Helene Allen presided at the three-tiered wedding cake.

For going away, Mrs. Kimbark wore the beige uniform of the Army Nurse Corps. She is a graduate of Knox City high school and Shannon Memorial School of Professional Nursing in San Angelo, Texas. In October, 1944, she was commissioned a Second Lieutenant in the Nurse Corps.

Capt. Kimbark is a graduate of Saint Ignatus Academy and the University of San Francisco. He recently returned from 27 months duty in Asiatic-Pacific theatre of operations.

The Kimbarks plan to make San Francisco their home when released from the service.

OPA Says Tire Situation Acute

According to a bulletin from district OPA office, the tire situation is still acute. An appeal is being made to the public to consider the facts as they now stand. Here is the situation as summarized by OPA:

Almost every rationing board has a huge backlog of unfilled applications for tires. It is estimated that throughout the nation around a million people have tire certificates in their pockets ready to buy a tire as soon as they can find one.

This situation has come about because of inaccurate national releases from unauthorized officials painting a glowing picture about the tire situation for one thing. It is probably due, in part, to wishful thinking on the part of a lot of us—we want and need tires so badly that we just believe they are available.

The public may as well know the facts about the tire situation for three very good reasons.

First, in order that they will continue to take the best possible care of the tires they have and, therefore, conserve our vital transportation; second, in order that they may be saved some bitter disappointment when they do not get tires they have made application for; and third, to lighten the workload of boards which are already losing clerical help as a result of OPA's move to economy.

Production of passenger tires has fallen below what was planned. Quotas to boards have been made on the basis of a scheduled production of 2 1/2 million tires a month. Last month actual production fell almost 400 thousand short of this 2 1/2 million goal.

Rev. McKeown Appreciates Deed Of Local Friends

Mrs. C. C. Hoge has received the following letter from Rev. W. B. McKeown, now living at Nashville, Tenn.

Rev. and Mrs. McKeown have a host of friends in Knox City who will enjoy hearing that they are in fine health and recently made an airplane trip from Tulsa to Nashville. They had been to Tulsa visiting their daughter and travel restrictions had forced a postponement of the return trip when a plane flight was advised.

A large picture of the couple appeared in the Nashville Tennessean, showing them at the entrance to the plane's cabin.

Rev. McKeown is 90 years old, and Mrs. McKeown is 83. It was their first airplane trip and completed a cycle of transportation from the ox-cart to the airplane. The letter reads:

Sept. 8, 1945.

Dear Friends of Knox City: I very much appreciate your writing a page for my Birthday Book. Wife does not often do things without talking it over with me, but she varied much this time. I knew nothing about it till she had many of the pages in hand, pages from many places where we had lived.

Please tell the Knox City people that wrote that I am grateful to them for their kind words. I tried to live right among you people and to do my duty. This is still my aim, though I am handicapped by the accumulation of years, and the limitations of a city life. No such freedom as in the small town or open country.

And yet, the people say that I am helping them, or rather, that WE are helping them. Sometimes the Pastor where we worship will pass by the "big" men and call on me to assist him. I am always glad when I have any opportunity to serve.

It is a joyful thought that our boys will soon be coming home, having completed the work assigned them to do. We may say to them, "Well done faithful servants."

May grace, mercy and strength abide with you and the many friends at Knox City.

W. B. McKeown

A man who is always growing must lead a dog's life.

DONMELL VARIETIES TO PLAY HERE NEXT WEEK

The Donmell Variety Show will open in Knox City Monday night, showing on the lot east of the Woodridge Lumber Co.

The company offers several entertaining acts that include the famous talking dog, "Tommy." There is no admission charge to the show.

Too many girls show everything but common sense.

L. O. Kelly is also constructing two new earthen dams for W. T. Ward, local farmer-rancher of Benjamin. Too, he is re-soling an old dam. This work is being done on what was formerly known as the Bush land.

Getting rid of mosquito is one of the major topics being discussed by ranchers and farmers of this county. Roy Lebus of Wichita Falls, operating a ranch 11 miles west of Benjamin, made the first step last spring in doing something about them. He purchased a caterpillar tractor and tree dozer for this purpose. At the present time he has about 450 acres eliminated. He stated that it was just like buying another piece of land.

John Ed Jones is another rancher that is working on the mosquito eradication. The AAA in cooperation with Mr. Jones is securing a contractor from Llano to eliminate 500 acres of mosquito. This contractor agreed to

FARM NEWS

Terracing time is drawing near. Before too long crops will be gathered, and farmers will be preparing their land for the next crop. In the past years no preparation has been made for terracing and as a result numerous farms are not being terraced that should have been long ago. Farmers that plan to terrace their farms are requested to notify the AAA office. By doing this, we can secure sufficient contractors ahead of time to terrace the land at the AAA payment of \$1.50 per 100 feet.

Wayne Dolan, manager of the McFaddin ranch, Benjamin, is driving a new pickup truck. L. O. Kelly, Stamford contractor, has just completed a 14,385 yard tank for the McFaddin ranch.

Numerous farmers after receiving our letter on Austrian Winter Peas and Hairy Vetch have requested both. In most cases we have been able to furnish the peas but we were advised by Ruhmann Grain & Seed Co., Waco, that their supply of vetch was exhausted. As a result, we did not have but 500 pounds to distribute. This 500 pounds was scattered over the county in small quantities so that we could get a better idea as to what type of soil it will do best on.

L. O. Kelly is also constructing two new earthen dams for W. T. Ward, local farmer-rancher of Benjamin. Too, he is re-soling an old dam. This work is being done on what was formerly known as the Bush land.

Getting rid of mosquito is one of the major topics being discussed by ranchers and farmers of this county. Roy Lebus of Wichita Falls, operating a ranch 11 miles west of Benjamin, made the first step last spring in doing something about them. He purchased a caterpillar tractor and tree dozer for this purpose. At the present time he has about 450 acres eliminated. He stated that it was just like buying another piece of land.

John Ed Jones is another rancher that is working on the mosquito eradication. The AAA in cooperation with Mr. Jones is securing a contractor from Llano to eliminate 500 acres of mosquito. This contractor agreed to

come to this county for 500 acres and if he did the job he would bring a larger crew back next summer. He is doing the elimination with kerosene and is guaranteeing 100 percent kill.

We have been asked if this office closes all day on Saturdays. We do not close until Saturday at noon.

Another shipment of Austrian Winter Peas was delivered at the Porter & White Feed Store in Knox City last week.

We will have cotton insurance in 1946.

Don't let your desire to acquire outdo your desire to enjoy.

Rhineland 4-H Club Elects Officers

Forty-six 4-H Club boys and girls of Rhineland attended the 4-H Club meeting held by R. O. Dunkle, county agent, and Lucile King, county home demonstration agent.

The purpose of the meeting was to re-organize for the ensuing year. The boys had charge of the meeting.

The following boys were elected club officials:

President, Clarence Stengel, V-Pres., Louis Urbanczyk, Sec'y-Treas., Eugene Kuebler

Adult Sponsor, J. W. Hagerty. Following the business session the meeting was turned over to the girls and they in turn elected their officers for the year. The officers are as follows:

President, Adelaide Kuebler, V-Pres., Betty Lou Smajetria, Sec'y-Treas., Maxine Williamson

Reporter, Wynelle Albus, Song Leader, Jeanette Loran

Adult Sponsor, Alma Schumacher.

The girls chose to carry bedrooms and fruits as their demonstrations.

The agents handed out sheets on "How to Improve Your Personality." These were explained and each student was asked to score themselves on 2 points.

Membership cards were distributed to both boys and girls and explained. Each boy and girl was asked to sign a membership card if they wished to enroll as a 4-H Club member.

The loose-leaf system dates back to the Garden of Eden.

Extension Editor Guest of HD Clubs In Training Session

A training meeting was held by Miss Laura Lane, Extension Editor from A & M College for the Home Demonstration Club reporters and Home Demonstration Club presidents in the assembly room of the Benjamin courthouse, Wednesday, September 12, 1945.

The meeting was called to order by Lucile King, county home demonstration agent. She then introduced the guest speaker, Miss Lane. Miss Lane first gave the reasons for having reporters. She stressed that, if one can see and hear, read and write, and tell the truth, they can become a good reporter. She said a club reporter has four big duties. They are:

First, to announce all meetings, tours, achievement days, social events, and other future activities of your club.

Second, to give to all interested newspapers reports of these meetings and events as soon as they have happened.

Third, to know your editor, or the person who handles your news stories.

Fourth, to train an assistant reporter to take your place when you are absent or follow you when your term of service expires.

The group went with Miss Lane and Miss King to the library. While here, Miss Lane took pictures of the Knox County Home Demonstration Memorial Free Library. She made one picture of the head librarian, Mrs. Carl Patterson and the club presidents, and another of the home demonstration agent and the club reporter. A third picture was made of the librarian at the entrance of the library.

The women gave Miss Lane the history of the library, how it was started, how it got its name, how it is financed, who gave the first books, the books purchased, the most popular books, etc.

The complete story will appear in the "Extensioner" for November.

Those present for the meeting were as follows:

Mrs. Earl Sams, Mrs. J. C. Patterson, Mrs. Leona Darwin, Mrs. W. N. Smith, Benjamin.

Mrs. Hewitt Simmons, Mrs. W. L. Capps, Gilliland.

Mrs. R. M. Almenrode, Knox City.

Mrs. H. R. Hicks, Mrs. Ralph Weeks, Mrs. Frank Bowley, Munday.

Mrs. S. O. Turner, Mrs. W. R. Owens, Truscott.

Miss Lucile King, county home demonstration agent.

Locals

Mrs. W. H. Clonts, Mrs. Gerald Averitt and Gerald, Jr. arrived Sunday night from Cocoa, Fla.

Mr. and Mrs. E. G. Toaff spent the weekend in Lamesa with friends.

Mr. and Mrs. A. F. Walker of Sudan spent the weekend visiting her mother, Mrs. J. W. Carver and Inez and other relatives.

Harvey Lee Reynolds left Sunday for Dallas to enter the Navy.

Mr. and Mrs. Jake Reeves received a wire from their son, Pfc. Milton J. Reeves, that he had arrived in the States and would be home soon.

Pvt. Bobby Brothers of Camp Hood was here on a weekend furlough visiting his wife and parents, Mr. and Mrs. J. L. Brothers of O'Brien. Mrs. Brothers accompanied her husband back to Camp Hood.

Mr. and Mrs. W. D. Thomas have been visiting her father and brother in Bellevue, N. M., her sister, Mrs. John Fryar of Clovis and two uncles in Portales.

See our selection of handtooled leather billfolds, coin purses, cigarette cases and belts. Ross' News Stand.

Sam Thomas Edwards and Joe Murray Clonts will arrive this week from A & M for a week's visit before the beginning of the next semester.

Lt. and Mrs. Stanley Gunn left Sunday for East Lansing, Mich., to visit his mother for two weeks before reporting to Camp Bowie.

Mr. and Mrs. Kermit McNutt, Judy and Miss Dorothy May Gibson of Commerce were here visiting the J. R. Bradberry's several days last week.

Pfc. E. H. Coates, Jr. is home on a 30-day furlough with his parents, Mr. and Mrs. Ernest Coates. E. H. spent the past 17 months in Italy.

Mr. and Mrs. Elton Rogers of Tahoka visited with the G. T. Hardbergers Sunday. Mrs. Rogers is a niece of Mr. Hardberger's.

Mr. and Mrs. John Owens and children of Pampa visited the J. O. Buchanan and other relatives in Knox City Sunday.

Miss Laura Buchanan visited friends in Avoca Sunday.

M. L. Lewis has just returned from visiting friends and relatives in Gatesville, Mullin, San Angelo, Ballinger and Valera.

Mr. and Mrs. Herman Egenbacher and Mr. and Mrs. Howard Worl attended the State Singing Convention at Stephenville Sunday and report a successful meeting.

A. J. Malouf of Lubbock is here on business.

She and Mrs. Fritz Egenbacher of Fort Worth are here visiting his brothers, Erwin and Hermon and their families.

Mr. and Mrs. John Griff Brown of Winters spent Monday night with the C. H. Mosses.

Visit our Lending Library. Lots of new and old editions. Ross' News Stand.

Mr. and Mrs. Paul Rogers and Suzanne of Memphis are spending this week with Mr. and Mrs. O. L. Jamison.

Miss Geraldine Vance, who has just graduated from Harris Memorial Hospital at Fort Worth, is here visiting her parents, Mr. and Mrs. George Vance.

Mr. and Mrs. Joe Smith stopped in Ralls on their return from a visit to their children on the plains to visit W. A. Smith, who has been quite ill at his home there. Mr. Smith reports finding him much improved.

Charles Rice and family are here visiting his father, L. M. Rice and family, before leaving to fill his post as Vice Consul in Mexico.

Mrs. L. W. Ivey and children of La Sal, Utah, met her husband, Pfc. Lawrence W. Ivey of Camp Hood, at her grandmothers over the weekend. Mrs. Ivey's sister, Mrs. Wynelle Allison, is also visiting her grandmother. Mrs. B. F. Kay, and uncle and aunt, Mr. and Mrs. W. W. Roberson, Mrs. Roberson accompanied Mrs. Ivey to Abilene to meet her husband, Saturday evening.

Mr. and Mrs. Granville Lanier of Dallas, Miss Alynne Lanier of Burbank, Calif., Mrs. J. H. Lanier and Ragsdale Lanier of Crowell are spending this week with Mr. and Mrs. A. E. Hopson.

O. A. Roberts of Duncan, Okla., visited Mr. and Mrs. Siffley Park one day last week on his way to Levelland to see about his interests there.

NOTICE TO BIDDERS

Bids will be received and opened by Knox County at the Court House at Benjamin, Texas, until 10 o'clock a. m. on October 8th, 1945, for the purchase of a Tandem Drive Motor Grader, 12 foot blade, Diesel Power, weight not less than 21,000 pounds, and notice is given that warrants will be issued in the maximum sum of \$4,000.00, payable serially, last maturity not later than May 1, 1949, bearing interest at the rate of not to exceed 5 percent per annum, interest payable semi-annually.

The right is reserved to reject all bids.

J. C. PATTERSON,
County Judge,
Knox County, Texas,
Benjamin, Texas.

CARD OF THANKS

We wish to express our sincere thanks to our many friends for their kindness, beautiful flowers and food extended us at the death of our beloved one, Newt Kyle.

New Texas Lemon Proving Popular

The Texas lemon season is in full swing. Lower Rio Grande Valley lemon production is increasing each year and will soon provide enough lemons for all Texas. This year for the first time our community will have a weekly service to retailers of nature-colored, tree-ripened lemons under the trade name Tex-Lem. Anyone who has ever squeezed a Texas lemon realizes quickly the full justice of its claim to being the world's finest lemon. Tex-Lems contain more juice and flavor than any other lemons, with an abundance of Vitamins C and B.

"These Rio Grande Valley lemons have everything that the yellow lemons have, and more," says Victor Schoffelmayer. "Their color is intended by nature, just as the lime is green."

In the past, yellow lemons from Italy and the Pacific West have supplied the Texas market, and users have become accustomed to their characteristic color. The Texas or Meyer lemon, however, is a variety which the famous government plant explorer of that name brought to this country years ago and which at least has established itself in the Magic Valley, and bids fair to become a major asset of that great producing area.

This new lemon gives more juice and acid than artificially colored lemons, authoritative test proves. The Texas lemons' greatest merit is that it is not pulled from the trees till it is ripe, al-

though it appears to be as green as the proverbial grass. The Texas lemon crop is estimated at 200 cars and its acreage is being greatly increased as people of the state and elsewhere consume this product in increasing quantity.

The Texas lemon, demonstrations show, can be substituted for competing varieties from this country or abroad. It makes as good lemonade as it does lemon pies or other confections. Its bright green color is really its badge of merit. It deserves large patronage.

Tex-Lem lemons are marketed in their natural color—a rich green, golden tinted. They are not made yellow by artificial methods. They are fresh from the tree—not stored for months in warehouses. Texas people are showing great interest in the new product.

Gems of Thought

FOLLOWING THROUGH

If a man does not know to what port he is steering, no wind is favorable to him.—Seneca.

The roads leading to distinction in separate pursuits diverge, and the nearer we approach the one, the farther we recede from the other.—Bovee

Be thorough in all you do and remember that though ignorance often may be innocent, pretension is always despicable.

—W. E. Gladstone

Looking down makes one dizzy so keep the head up.

My grandpa had a thousand-and-one sayings. He didn't bother with quotation marks; he just reached up and took what he wanted. The wisdom of years of practical experience is found in such observations as:

If a man fools me once, that's his fault. If he fools me twice, that's my fault.

It's the squeaking axle that gets the grease.

And it's the hit dog that hollers.

No gentleman will hurt me; no other can.

What is a gentleman? He is one who is kind and courteous to bootblacks and newsboys—in short, to those to whom he does not have to be.

The Lord gave us our relatives but, thank the Lord, we can choose our own friends.

A wise hunter doesn't waste ammunition on a dead duck.

All of us can admire the rich man's yard and mansion without having to mow the lawn or pay taxes on the house.

It's all right for a man to own some things but if he gets too many, they own him. A Chinaman said, "Though a man drink at a river, he can only drink a bellyful."

You don't have to seek an opportunity for revenge; time will bring it. But the finest revenge is not to take it.

The race for Governor is off to the earliest start ever known. In fact, one candidate who has been occupying another State office for the last three years had been running all that time and he has been putting big advertisements in the big city newspapers, the ads being paid for by a mysterious group of "little business men," so-called.

And another who has been in State office several years is reported to be assembling a fabulous campaign fund and is already buying up time on the radio for next year.

HEALTH LETTER

Good news for the thousands of families in Texas is the information that DDT, the almost miraculous insecticide developed in the war, is now available for civilian use, and if not already on the market in every community, the time is approaching when it may be purchased wherever insecticides are sold.

Formerly restricted to military use for the suppression and control of malaria and other insect-borne diseases among the armed forces at home and abroad, civilians have awaited with interest the opportunity to use DDT in homes and business buildings, to rid them of flies, fleas, roaches and other common pests.

"If every householder in the State will spray his home and out buildings with DDT," Dr. Geo. W. Cox, State Health Officer declared recently, "there is a definite possibility of bringing the incidence of insect-borne diseases down to an absolute minimum. Such insects as flies, lice, fleas, mosquitoes, and roaches have been recognized as vectors of diseases for many years, but heretofore there has been no satisfactory method whereby they could all be controlled by a single poison. That is why DDT is referred to as a 'miracle insecticide.' It is fatal to one of these pests as to another, and home, business buildings, outhouses and premises can be rid of such insects thru the use of DDT."

Dr. Cox urges that in communities where DDT is already available, every home and every business building be sprayed, as well as outbuildings, privies, and the outside surfaces of closed garbage cans. Even though garbage containers are kept closed, flies are sometimes attracted by the smell of food, and if they alight on a surface that has been treated with DDT, they are killed.

The State Health Officer advises that persons living in communities where DDT is not yet on the market should keep in touch with their local dealers so that as soon as it is received they can use it in their homes. It is inexpensive and affords one of the cheapest and most certain of all health protections, costing only a few cents for a quantity sufficient to spray the ordinary home thoroughly.

Driving with one arm around the girl friend is sure to end in a church ceremony—either a wedding or a funeral.

"NOTHING WRONG—WE'RE JUST KEEPING OURSELVES FROM RUSHING OUT TO BUY EVERYTHING IN SIGHT!"

The Family Altar

By Rev. Violet Byers
Co-Pastor Foursquare Church

On every hand today we see where great factories are reconverting from war industry to peace time production, and to many it will cause a great expense as machinery will have to be changed for a complete new line of merchandise.

In the Old Testament we find a real story of reconversion in the life of Moses. Moses had been born of humble Hebrew parents, and was miraculously preserved to do a work for God. He had had the benefit of the best education in the land, as well as partaking of the social life of Egypt in the palace of the Pharaoh, as the foster son of Pharaoh's daughter, but when the time came for Moses to be used of God, God had to do a work of reconversion on him and take him from the palace to tend sheep alone in the desert.

God had a purpose in allowing Moses to be trained in the palace of the Pharaoh. It gave him first hand knowledge of the cruelties of the Egyptian people toward God's children, and when the time came to deliver them from the Egyptians, God did not use Moses' great knowledge but he used just what Moses had in his hand at the time, and that was a sheep tender's rod.

Dear friends, many times we hear people say even today, "If I only had great wealth I would use it for God's glory, or if I could only be a great speaker I would tell people about the Lord. If I only had this or that, why I would use it for God."

But my friend, God cannot use what you wish you had, but He can use just what you have at this moment. He can use YOU to tell people that Jesus loves them. He can use that dime that a soul in Africa might be saved. God can take the simple things to confound the mighty.

Did not Jesus take a little boy's lunch and feed a multitude of people with it. Jesus did not need a bake shop or a fish market to feed them, but he took just what was at hand.

Dear friends, God is calling on you, and just the simple things you have that He might do a work through you. Won't you surrender to God today and let Him use you to win lost souls to Him, as truly we need reconversion in the lives of the Christian, and them taking a stand for God that the world will find Jesus as the saviour. God bless you all. Remember, Jesus loves you.

Rev. Violet Byers and the Family Altar.

QUESTIONS and ANSWERS

Concerning Veterans Affairs

Q. How long must the widow of a WWI veteran have been married to him to receive a pension under the recent law granting widows pensions?

A. She must have been married to the veteran prior to the passage of Public Law 483, December 14, 1944, or if married subsequent to this date, she must live with him continuously for 10 years.

Q. Under what conditions is death pension payable to dependents of a peacetime veteran?

A. Pension is payable to the surviving widow, children and dependent parents of a veteran who died as a result of an injury incurred in or aggravated by active military or naval service during a peacetime enlistment.

Q. What amount of income will serve as a bar to the awarding of a pension to the widow of a WWI veteran who died of causes other than service connected?

A. Pension will not be awarded to such widow if income is more than \$1000.00 per year if she has no children, or \$2500.00 per year if she has a child or children.

PLUG IN... I'M REDDY INSTANTANEOUSLY!

Reddy Kilowatt travels at the speed of light—186,000 miles per second! That's why it is possible for Reddy to respond so quickly when you flick a switch or plug in an electric appliance. All you have to do to get this amazing speedy service is to give Reddy proper wiring to travel over and he'll go to work for you instantly in any part of your house or all parts at once.

When you hire him, a (Reddy) Kilowatt of electricity, you are buying power equivalent to the labor of thirteen strong servants. But that's not all—you get his service 24 hours a day. He's here... there... and everywhere you have an electric outlet, ready to do any and all of your jobs—instantly.

He'll wash your clothes, do the ironing, clean your rugs, do the cooking, wash your dishes, refrigerate the food, time your clock, furnish plenty of good light, give you radio entertainment and do a host of other tasks. All this for but a few pennies a day.

Just remember—whether you are a millionaire or in moderate circumstances you can always have the instant services of Reddy Kilowatt.
