DAN MORAN
President Continental Oil Company

MORAN CAME UP THE "HARD WAY"

The story of Continental Oil Company and its rise to prominence in the oil industry is told in the current issue of Fortune Magazine. A striking feature of the article is a thumb-nail sketch of Conoco's President, Dan Moran:

"Born at C, gnet, Ohio, he had picked up cash as an office boy and as a telegraph operator, earned his way through the University of Dayton, and then had gone south. To Tulsa, where he saw the oil spout from the Glenn Pool Strike, then to Port Arthur, where he signed up as an engineer for the Texas Co. From there he was sent down to Panama and to South America, and from South America he had trekked north again into Mexico and to the States. He had spent seventeen days in a hurricane on an oil barge. He had helped repair the ravages of another hurricane, which, ripping through Port Arthur, had floated away the oil tanks of a refinery there like so many toy ships. He had built refineries, drilled for oil, and had put up ocean terminals at Charleston, at Savannah, Pensacola, Mobile, Key West and Cuba. And in the process he had learned something of men and something of the sweet-smelling stuff called crude."

C.W.A. SPONSORS A MUCH-NEEDED PROJECT

At a recent meeting of the Christian Womens Association they voted to ask each church in the town to furnish a seat for the lawn at the hospital. This need has been apparent for years when so many people are visiting patients and the lobby and halls are too small to accommodate them.

The Methodist church has already a nice seat on the lawn.

Mr. and Mrs. Neal Logan, L. Park, and Mr. and Mrs. Shirley Park attended the funeral of a relative in Fort Stockton last week.

Dr. T. F. Frizzell, Jr., was the guest of Judge and Mrs. Grissom in Eastland Sunday.

Bud Hudson left Monday on his motorcycle for his vacation. He expects to spend several days with his parents in Eastland.

County Attorney Carl Patterson of Benjamin was here Saturday night to witness the boxing contests.

Miss Peggy Ann Cooper and Mr. Marvin Myers of Crowley were visiting Miss Mary Leone Hoge Sunday.

PLENTY OF ACTION TO BE SEEN AT THE STAMFORD REUNION

Stamford, June 14.—Herds of bucking horses, ferocious Brahma steers, wild cows and fast Brahma calves are being assembled for the rodeo contests in which more than 200 cowboys will compete for two thousand and six hundred dollars in prizes during the tenth annual Texas Cowboy Reunion in Stamford July 3, 4 and 5.

The Reunion's own corral of bucking horses, which includes such famous outlaws as "Dr. Blackwell," "Calamity Jane" and "Pitchfork Bay", is being supplemented with stock leased from Everett E. Colburn of Dublin, who furnishes pitching horses for the annual rodeo in Madison Square Garden. Colburn has 180 bucking horses to select from.

The "Dr. Blackwell" horse has defied riders in the Reunion rodeo for nine years. He is one of the few actual outlaw horses. He has the killing instinct and will attack any man who comes near him on foot, pawing and biting.

The Reunion's own herd of 20 Brahma steers, which is culled each year, is being supplemented with steers leased from Colburn for the steer-riding contest. Cows with plenty of stamina have been secured for the wild-cow milking contest.

John Selman, arena director, went to South Texas and selected Brahma calves for the roping contests, picking animals of even size. They are being fed grain and will be ready to show plenty of speed and fight by Reunion time.

Cash purses in all four of the major rodeo contests, bronc and steer riding, calf roping and wild cow milking, have been increased this year, while entry fees remain unchanged. Besides the day money, seven special made saddles are to be awarded rodeo champions and winners in other Reunion contests. Champions in bronc-riding, calf roping and cow milking will be awarded saddles, while the top man in steer riding will receive a pair of special made chaps. Saddles go to winners of first place in a contest for calf ropers over 55, in the cutting horse contest, junior cowboys' contest and in the sponsors' contest. Total number of contestants in all of these events will likely reach 550, according to R. M. Swenson, assistant manager.

The Enrichment of Common Worship

We should go to church because we are social beings. We can neither live nor die to ourselves. To find the best that is in us, we shall have to realize it in the lives of others. In the things of the spirit we need the communion of others in common worship. We can also enrich the brotherhood by adding our part to common worship.

The variety of life represented in a worshipping congregation is as varied as the ways of men. Every person present comes with his individual needs. Some are despondent. Others are gay. Others are in distress, while others are living in the sunshine. Some have sinned greatly and are seeking forgiveness; others have never had a greater week of moral victory and have come to praise. Some are worried; others are at peace. Some feel like weeping; others like singing.

The worship of the hour will be enriched in that each will make his contribution and each will share the blessing. All will make a contribution by which each shall be blessed.

You are invited to the Methodist church Sunday morning. The pastor will bring the morning message.

TO CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. A. L. Lea, affectionately known to their many friends as "Aunt Kate" and "Uncle Lat," will celebrate their Golden Wedding Anniversary on June 18 at the home of their son three miles west of Knox City.

Mr. Lea, son of Dr. J. H. Lea, pioneer doctor on Knox Prairie from 1889 until 1905, was married to Mahalia Beard, June 16, 1889 at Springtown on Silver Creek in Parker county. After four or five months they moved to Knox county and settled three miles east of Knox City on what is known as the Winnie Ferguson place. This was long before there was a Knox City or Munday, and deer and antelope still roamed the prairie.

They lived here five years before moving to Benjamin, where Mr. Lea was employed by P. M. Burnett on the 9999 ranch for five and a half years.

Mr. and Mrs. Lea then moved to the tract of land west of Knox City in the Union Grove community where they have lived for the past 40 years.

There were three children in the family. Arral and Roy, deceased, and Ulric, who now lives on the farm with his parents.

Mr. Lea, who underwent a serious operation eleven weeks ago, is still confined to his bed, but the friends of this couple are invited to visit them Sunday afternoon between 4 and 6 o'clock in the home of Mr. and Mrs. Ulric Lea.

In the last three years there has been an increase in the faculty, the curricula has been expanded, and there has been a steady growth in the student body. There are eight distinct departments in the college with each department headed by a person who has at least a Masters degree and in many instances much work done toward a Doctors degree.

It is rumored around Austin that Senator Joe Hill may run for the United States Senate next year. He is a ready debater, a natural-born fighter and a dynamic campaigner, and he would have to be reckoned with.

We're a little behind in the "oldest joke" contest, so here are several entries:

An Irish immigrant was asked as he stepped off a boat in New York, "Are you a Democrat or a Republican?" He answered, "I dunno but I'm in the government."

A 90-year old mountaineer, with long whiskers, was sitting in the doorway of his cabin when a stranger inquired, "Have you lived here all your life?" He replied, "Not yet."

And of course you remember the one about the farmer visiting a big city for the first time. He was so impressed by the trucks and automobiles whizzing through the streets that he wrote a postcard to the folks back home, "They sure are behind in their hauling here."

If you are one of the several hundred thousand who attended Casa Manana in Fort Worth in 1936, you still remember the thrill at hearing "The Night is Young and You're So Beautiful"—a song written especially for the magnificent show. Well there will be another beautiful ballad in this year's Casa Manana and it will be written by a Texas song writer, Lou Wolfson, executive director, has announced a contest for the best song written by a Texan; and the melody will be sung by golden voiced Kenny Baker to the lucky girl who is chosen as Texas Sweetheart No. 1.

Puebla, Mexico, was the scene of the victory of 2,000 Mexicans over 6,000 Frenchmen on Cinco de Mayo and it also recently was the Waterloo of Julien C. Hyer of Fort Worth, past International Lion president who led a pilgrimage of Lions into Mexico. Famous

as an orator and conversationalist, Hyer met his downfall, ironically enough, at the hands of a street vendor.

A group of the Americans were sitting in Puebla's dreamy central park and Hyer was in the midst of a monologue when a native silently displayed a serape.

"No," said Hyer, and attempted to resume his discourse but the street salesman held his ground. "No, no, senior," Hyer exclaimed, but still the Mexican stood there like the boy on the burning deck or the unwelcome raven above Poe's chamber door.

"How do you say 'Scram' in Spanish?" Hyer appealed to his fellow travelers.

Up to this point, the native had said nothing. Now he said in excellent English, "If you wish me to leave, you should say, 'No quiero comprar nada', meaning 'I do not wish to buy anything.'" And he stood there smiling until Hyer, carrying out the ritual, said, "No quiero comprar nada." And then the serape vendor moved serenely on.

A deep silence descended except for the wind rustling in the trees and—will you believe it?—the sound the wind made was very much like a chuckle.

United States Marshal Guy McNamara of Waco, in conversation in Austin recently, call-

ed to mind an old-time political campaign in which one candidate accused his opponent of inconsistency, quoting a jingle about "the big snake that went through the country":

"He wobbled in and he wobbled out;
He kept the people all in doubt
As to whether the snake that made the track
Was coming in or going back."

Passing by a Dallas garage recently, this observer saw a car, or what had once been a car. The front wheels had been ripped off, the hood had been crumpled into a shapeless mass and the top had been crushed in. The thought of being inside such a bullet when it crashed at 90 miles an hour made one break out in a cold sweat.

A young immigrant from Italy decided that citizens of Italian birth and descent should have a newspaper of their own. So Charles S. Papa, who arrived in Dallas in 1898 to establish a fruit and produce business, started La Tribuna Italiana a few years later and will commemorate the twenty-fifth anniversary on June 20

FIRESTONE WINS 20th Consecutive Victory In Indianapolis 500-Mile Race

A merciless sun beat down upon the speedway as Wilbur Shaw drove to victory on Firestone Champion Tires. The blistering brick of the main stretch and the granite-hard surface of the turns and the back stretch put tire safety to the test supreme! Record after record was shattered. Speeds reached as high as 160 miles an hour on the straightaways, as 33 of the fastest drivers in the world waged a breath-taking battle for gold and glory.

WILBUR SHAW, the 1939 winner
On May 30th, Wilbur Shaw drove to his second victory in the 500-mile Indianapolis Race on Firestone Champion Tires at an average speed of 115.00 miles an hour. Champion race drivers, whose lives and chances of victory depend on tire safety, know tire construction. That is why they select and buy Firestone Tires for their racing cars.

And never before has any tire so firmly established itself as a Champion in construction and performance, as well as in name. Here is dramatic proof of the extra strength which the revolutionary new Safety-Loch cord body provides in Firestone Champion Tires—of the extra protection against blowouts assured by the new and advanced Firestone patented Gum-Dipping process—of the extra mileage resulting from the tougher, wear-resisting rubber compounds in the sensational new Grip-Grip tread.

BURNS' MOTTO IS "SHOW ME" IN NEW FILM

"I'm From Missouri!"

This traditional American motto of the man who wants things proved to him refers to Bob Burns, king of the homespun humorists, in his latest picture, "I'm From Missouri," which Paramount will present next Sunday at the Roxy Theatre in Munday.

What Burns wants proved to him in this new, down-to-earth comedy is that mules are inferior to machinery when it comes to equipping an army. And to show that he's a Missourian in spirit as well as in fact, Bob goes all the way to London, where the heads of the British army, unable to prove their point, accept his!

"I'm From Missouri" shows Burns for the first time since "The Arizona Traveler," which picture marked his change from light musical comedy

roles to the portrayal of homespun American characters. The new picture continues the trend casting Bob as an ardent mule fancier, a family man and Missouri's 'unofficial ambassador' to England.

Burns and his new screen wife, Gladys George, leave Missouri for London when the word comes out that England is preparing to motorize the units of the army, in accordance with the advice of Burns' rival, Gene Lockhart, a machinery manufacturer. So Burns goes abroad to save his business and that of his friends. Miss George, on the other hand, goes to crash British society.

While the "man from Missouri" is busy challenging the British army officials to show him why machinery is better than mules, the "woman from Missouri" defies society to exclude anybody as ambitious and determined as she is. Al-

though Burns' husbandlike devotion to his mule and his scorn for "society foolishness" almost cause a rift, he fixes things up with a couple of clever Yankee tricks and brings both Miss George's social campaign and his own mule expedition to a successful conclusion.

Mrs. Josephine Black and children of Dallas are guests this week of Mrs. O. L. Jamison.

Casey Jones and wife left the first of the week on their vacation. They will visit Carlsbad Cavern before returning home.

"Thank you, Reddy, for keeping the temperature down in my refrigerator."

Reasons Why Electric Refrigeration Is BEST IN West Texas

I. Dry, Hot Climate requires exceptionally low temperature in your refrigerator to properly preserve food. Only Electric Refrigeration can give equally low temperatures (around 40 degrees) in July and August the same as in January.

II. Low Electric Rates are in effect for refrigerator users. Economy of operation, plus the simplest refrigerating mechanism ever built, plus safety from toxic fumes, safety from combustible explosives, plus multiple-cold food protection—all these combine to make electric refrigeration best suited for use in West Texas where summer months undeniably are hot and dry.
