Rev. Floyd Bailey, pastor of the Foursquare Church, is in charge of the program for the special service, but could not be reached before press time for the order of worship.

It was the custom of the community for a number of years to hold joint Thanksgiving services for all faiths, with the special offering going to the Ministerial Alliance for use as needed.

Due to conflicts, the Thanksgiving service has not been held for several years; however, it is the hope of the ministers that residents will make a special effort to attend this special service this year.

Farmers Asked To Use Conservation Measures

Farmers in the Knox County area who bring additional land into crop production in 1974 are being urged to use sound conservation practices.

Arche Lieb, district conservationist for the U.S. Soil Conservation Service at Knox City, said conservation measures not only protect the soil from erosion but also increase production.

Some people are predicting farmers will bring several thousand acres of former 'set-aside' acreage back into crop production in Texas in the next year." Lieb said. "This is considered to be the best and quickest way to check food price increases.

'But it's also the quickest way to increase dust storms. sediment pollution, and other erosion problems unless sound conservation measures are in stalled." Lieb pointed out.

There is a lot of land in our Wichita Brazos Soil and Water

Conservation District which can be used for cropland safely if managed properly." Lieb said. "Yet there are other soils which are so susceptible to blowing or washing that they should never be used for crop production." Lieb said he hopes farmers will use soil survey information

available from his office before putting new land in cultivation. Soil surveys have been made on almost all the land in Knox County." Lieb said. These surveys show which soils are best suited for crop

production and which soils are most susceptible to erosion. They can also show which soils are most productive." SCS is giving top priority to

helping farmers plan conservation measures on new land brought into cultivation. For information, contact the local SCS office at Knox City.

Banana Pudding Reminiscent Of Cooking In Grandma's Day

Fond fond memories take many of us back to grandma's country kitchen and tempting homemade goodies that were always on hand-hearty fruit pies, big old-fashioned molasses cookies and oh, those luscious puddings!

Lots of love went into cooking in those days and women were proud of their achievements in the kitchen. Church suppers and county fairs were grand occasions when everyone would show off favorite recipes.

Since cookbooks were not available in great abundance as they are today, Grandma probably relied to a great extent on old family recipes passed down from one generation to another. However, these hand-written directions were often vague. Measures such as "butter the size of an egg, a teacup of sugar, a pinch of salt' were common, and thus great skill and little luck were required for good

Many of us have favorite family recipes, which have been handed on through the years. Most have been adapted and revised to fit per sonal tastes and modern ingredients. Exact measures now provide us with precise recipes that insure perfect results every time.

An Early American Rec-Contest sponsored by the makers of Blue Bonnet Margarine centered around this theme. Contestants were asked to take an oldfashioned family recipe and modernize it with one of many "buttery flavor" Blue Bonnet Margarines, Granny's Banana Pudding was chosen from thousands of entries as one of the best in the contest. Typical of early American cooking, this delicious pudding will still win raves today. Blue Bonnet Margarine adds rich flavor to the creamy pudding layered with bananas and vanilla wafers. A blanket of meringue is the crowning touch

GRANNY'S BANANA PUDDING

- 2 teaspoons lemon juice
- 4 medium ripe bananas, săced 25 vanilla wafers
- 2/3 cup sugar 2 tablespoons flour
- 3 eggs, separated
- 1-1/2 cups milk 3 tablespoons Blue Bonnet Margarine 1/2 teaspoon vanilla extract
- 2 tablespoons sugar

Sprinkle lemon juice over bananas. Line the bottom of a 1 quart casserole with some vanilla wafers. Top with a layer of sliced bananas. Set aside, reserving remaining wafers and bananas.

In a saucepan combine 2/3 cup sugar, flour and salt. Beat egg yolks slightly. Add milk and gradually add to dry ingredients, stirring to keep mixture smooth. Add Blue Bonnet Margarine. Cook over low heat, stirring constantly until mixture starts to boil. Remove from heat and stir in vanilla extract. Pour some of pudding over layered wafers and bananas. Layer remaining wafers, bananas and pudding ending with pudding.

Beat egg whites until foamy. Gradually add and beat in 2 tablespoons sugar, Beat until peaks hold. Spread mixture over pudding, sealing to edges of casserole. Bake at 425°F. 3 to 5 minutes, or until meringue is

lightly browned. Cool at room temperature before serving.

SPORTS NEWS by Terry Cartwright

The Benjamin Mustangs assured themselves of a bi-district game by defeating the Paint Creek Pirates at Benjamin last Thursday night. The Mustangs' record is now 8-0 for the season with one more district game. The Mustangs go to Lueders-Avoca this week. It took the Mustangs four

plays to score, that score coming when Noel Hamilton ran over a 25 yard pass from Bryan Bumpas. The PAT by Jimmie Pierce was good. The Mustang defense did an outstanding job at holding the Pirates the first quarter. The Mustangs next TD came when Jimmie Pierce broke for a 65-yard touchdown run. Once again the PAT by Pierce was good. In the final minutes of the quarter Keith Conner added the Mustangs' third TD to the board on a four yard plunge up the middle. Pierce added the two to make the score

The Pirates went to work during the second quarter, with a quick TD. Barry Shaw hit Ralph Roberson with a pass that went for 35 yards and a TD. The PAT failed. Keith Conner once again scored for the Mustangs on a right end run, and again Pierce added the PAT. The final score of the half came when Terry Cartwright ran the ball in from one yard out. The extra point attempt failed, yet the Mustangs left the field at half out in front 38-6.

The last half saw little action

from either team. The Mustangs' only score of the half was a safety. The safety was the result of a blocked punt by Russell Hamilton. The Pirates found themselves on the board again when Roberson once again caught hold of a Shaw pass. The final quarter was a fine example of defensive play with neither team scoring. The game ended with the score Benjamin 40-Paint Creek 12.

BENJAMIN JR. HIGH STARTS BASKETBALL by Terry Cartwright

Now that football season is over the Benjamin Jr. High is looking forward to a successful season in basketball. The girls coach this year is Mr. S.L. Milson, and the boys coach is Mr. Benny Grill. These two teams begin their season this week at the O'Brien Tourney. Their first games in the tourney will be with Lueders-Avoca. The outcome of those games will determine who they will play

ball, but doing very little in the way of scoring. The Colts put the final score on the board when Keith Pierce ran 13 yards around right end.

Besides Ricky Carver and Joe Klutts, Johnny Pierce and Keith Pierce did a good job on defense at the linebacker positions. On offense Johnny Brannan did a good job as split end, and Tracy Cartwright and Dicky McCanhes did fine jobs as centers. Congratulations Colts for your accomplishment.

Harvest Festival Theme Knit Together In Love'

Some 90 women of the community attended the fourth annual Harvest Day Festival held Tuesday at the First Baptist Church.

A fall motif with nuts, leaves, and fruit was used throughout the church's new chapel and educational building.

This year's program theme was "Knit Together in Love". After a welcome by Mrs. Roger Butler, the call to worship was given by Mrs. Allen Mc-Gaughey and Mrs. Guy Robinson of the First United Methodist Church. Titled "The Fruit of the Spirit is Love", it was taken from Galatians 5:22. The call to worship was followed by the hymn, "We Gather Toge-

Mrs. Kenneth Crownover led the Litany, which was followed by a poem titled "Love", given by Mrs. Dorothy Alexander.

Mrs. Martha Crothers and Mrs. Alexander sang three selections for the group, "All My Help Comes from the "Close to Thee", and Lord". "I'll Make It Somehow."

Mrs. Paul Chambers of the Foursquare Church spoke on the heritage of Christians and Americans in a talk titled "Love One Another' taken from John 13:34-35.

Mrs. Bud Revnolds read the Harriet Beecher Stowe poem Thanksgiving

'My Jesus, I Love Thee' was sung by Mrs. Steve Bailey, also of the Foursquare Church. The women of the First

Christian Church presented a skit, "Love Is...". The cast included Mesdames Joe Reeder Jr., Bob Vaughan, Mabel

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)

The Texas Highway Department is planning the construction of Farm to Market Road 1608, extending from F.M. 266, 3.4 miles South of Goree, East to end of proposed F.M. road at the Baylor County Line, in Knox County. The proposed project will pass through no cities or towns.

The project consists of Grading, Structures, Base and Surfacing; and the surfacing width will be 20 feet, with no paved shoulders. The right of way width on the proposed project will be a minimum of 100 feet and will follow the existing county road. There will be no relocations on the

Maps and other drawings showing the proposed location and geometric design, environmental studies, and any other information about the proposed project are on file and available for inspection and copying at the office of Alvin D. Alexander, Resident Engineer, Munday, Texas. Also, the drawings showing the proposed geometric design have been placed on file in the office of the County Judge of Knox County.

Information about the State's Relocation Assistance Program, the benefits and services for displacees and the relocation assistance office, as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Texas Highway Department District Office, P.O. Box 909, Childress, Texas, 79201.

Any interested citizen may request that a public hearing be held covering the social, economic, and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's office, or to the District Engineer in Childress, Texas, on or before November 30th, 1973.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.
