WHITE CROSSES designate the special plot in the Gillespie of all war veterans. Mrs. Roe Myers, who had three of four sons in World War II, promoted the idea and with the help of her made the cemetery a place of beauty.

of beauty. With the assistance of E. Hob Smith of Knoxville, a workable plan was put into action. Mrs. Myers' other sons, Kenneth, Glenn, and Gerald, assisted Howard in curbing a large lot. Next, Howard built a wooden form for a cross and Mrs. Myers mixed the cement (just like a cake batter, she explained) and poured the forms one at a time. The white concrete crosses have been erected in neat rows and

A NEW FELLOWSHIP HALL that will also provide several Sunday School classrooms has been moved behind the Gillespie Baptist Church and is presently being remodeled. A hallway will connect the two buildings, according to Ray Milhoan, pastor.

Crosses have been erected for Mrs. Myers' sons and a close friend, all still living, on the first row and include 1927: WWII SIC James L. Walling USN; WWII 1927-CM/Sgt. Glenn L. Myers, Korea, Vietnam, Navy and Air Force, now stationed at Altus, Oklahoma; WWII 1922-Cpl. Howard D. Myers USA, AMDF (Armored Force).

The small cemetery had its beginning in 1904 when the late W.R. Moore Sr., who later moved to Hale Center, donated the land for the first church which was built behind the cemetery.

At that time, there were a number of Chinaberry trees in and around the cemetery, and with soil erosion around the graves due to wind and rain, the identity of approximately 70 graves was lost because of non-permanent markers.

With the help of Hob Smith, Mrs. Myers explained that a cemetery association was formed by the Gillespie Church in 1965. A workday meeting with lunch there named committees to begin the hard work of organizing the cemetery association properly. Hob explained how an endowment trust works in perpetual care of a cemetery and he and Judge Ben Charlie Chapman of Haskell drew up a charter and had it recorded free of charge in Benjamin and Austin. Mrs. Myers said that Hob also told them how to survey and number the lots for perpetual care. Charles McCauley, who lived in Munday at that time but now resides in Haskell, donated plain markers to identify lost graves.

The present Gillespie Baptist Church, built in 1925, maintains a membership of 84. Howard Myers, Sunday School superintendent, said

building to the churchsite where church members prepared the foundation. A hallway will connect the present church building with the new one. The new building will provide several Sunday School class rooms, a rest room, large storage closet, kitchen, and snack bar, in addition to a large fellowship hall.

Building committee chairman Howard Myers, who heads a committee made up of T.J. Partridge, Cecil Welch, Mrs. E.G. Parkhill, and Mrs. Joe Warren, said that a carpenter would be hired to direct the donated labor. Also the necessary masonry work, acoustical tile ceiling, and any work that requires heavy machinery will need to be hired, according to Myers.

Among other improvements at the Gillespie Church is a new loud speaker system, bought and donated by Mr. and Mrs. Elmo Flenniken of Munday.

Smiths Return From San Francisco Trip

Zeb, Mary Beth, and Ben Smith have returned from a three-week vacation which included stops in Albuquerque to visit friends, and Grand Canyon, Arizona. They spent several days in Las Vegas, Nevada, attending shows by Robert Goulet, Steve and Edie, Jack Carter and others, and making a donation to the statewide pass time.

Four days were spent in San Francisco, California, where they attended the convention of Lions International where approximately 30,000 Lions were either in the Civic Center or on the cable cars. They crossed the Golden Gate Bridge and visited the Redwood Forest, but couldn't get Ben out of the car. Mary Beth would like to move Chinatown to Knoxville so she could spend all her free time there. With no accidents and no car trouble either in the mountains or the Mojave Desert, it was a wonderful trip.

the church now is responsible for a Sunday School Class begun in the Munday Care Home sometime ago, gaining 20 members there. Also, Mrs. Roe Myers has an extension Sunday School Class that meets in the members' homes or at the church on Monday instead of the usual time on Sunday morning. She is assisted in this class with teachers Mrs. Cecil Welch, Mrs. Fred Reddell, Mrs. Howard Myers, and Mrs. Debbie Ford. It was explained that the class is open to any denominations who wish to participate.

Ray Milhoan, who serves as pastor, learned of a rural church near Petersburg that disbanded and wanted to give the building to any congregation who would take the building and use it for the continuation of the Lord's work. The Gillespie Church members decided that they would accept the responsibility of moving the 32 x 68 foot

UWM To Host Women's Supper

Too hot to get dressed up? Too hot to cook? Then this quarter's Women's Community Supper should be right up your alley!

The women of First United Methodist Church will host the supper Monday evening, July 22, at 7:30 o'clock in the Fellowship Hall. And the supper is to be an old-time tacky party. The women of Knox City are asked to "dress down" for the occasion, as prizes will be given for the WORST costume.

Members of the United Methodist Women in Benjamin will serve as judges for the "style show" and costume contest.

As for the meal-fixing, each person is asked to bring a sack lunch (weight watchers, take notice). Drinks and dessert will be furnished by the host church.

In May, the women of the Foursquare Church invited

the women of Knox City to the first community-wide supper. They cited the fun and fellowship enjoyed by the men at their monthly breakfast as the reason for having the supper. At that meeting, the women voted to continue having the suppers once a quarter with the Methodists to host the second meeting.

All Knox City women are invited to attend this supper and join in the fun and fellowship next Monday evening.

GETTING READY FOR THE LONG TRAIL RIDE TO Seymour was this group pictured as they assembled at the Rhineland Gym Wednesday of last week. The group is some of 50 riders who made the trip.

Trail Ride Termed Big Success

Accompanied by Knox County Sheriff H.C. Stone, approximately fifty riders left Rhineland last Wednesday at 1:45 p.m., bound for Seymour in neighboring Baylor County. The group included people -- and horses -- from all over Knox County, plus two young Baylor County residents, Jim and Wendy Stout.

Four hours and fifteen miles later, the group rode into camp at the Bates corral, northwest of Bomarton, after a number of horse races, blown-off hat chases, a lot of visiting, and three "water stops".

Several pickups equipped with water cans and trailers made the "water stops" possible. The pickup drivers would pull several miles ahead of the riders and wait for them with water for those who didn't have canteens -- and for those who did, because it didn't take long to empty a canteen, especially if one had a few thirsty friends and acquaintances.

The trailers were for anyone who gave out and wanted to haul their horses to camp. Only a few of the youngest riders availed themselves and their horses of this mode of transportation.

Greeting the riders on their arrival into camp was the enticing aroma of barbecue cooking, thanks to the efforts of chief trail ride cooks Rick Barnard of Knox City and Tom Brooke Hudson of Benjamin. They were ably assisted by Troy Lewis of Knox City and a number of the women members of the Knox County Riding Club.

Before the trail riders got to enjoy the delicious meal of barbecue, red beans, cole

slaw, sourdough biscuits, and apple cobbler, they unsaddled, watered, and fed their tired horses, which were then turned loose in the various pens to rest up for the final lap of the journey.

The dusty, somewhat sunburned trail riders were joined for supper by about 200 persons from Knox and Baylor Counties, as approximately 250 persons went through the serving line at the camp for the chuchwagon supper Wednesday night.

After supper a band composed of several area musicians struck up some "dancing" music, and young and old alike stepped out on the "dance" floor, which was really a bare spot of ground near the "cook trailer". Youngsters who had never danced before got lessons from mothers and fathers, and were soon asking other youngsters to "come dance with me." Members of the band were Gail and Paul Bullion, George Brown, W.C. Lankford, Jake Wallace, R.C. Daniel, Tom Brannon, and Mr. Worley.

About 11:30 p.m. the day's journey began to catch up to the dancers and the band played "Good Night, Ladies".

After the camp cleared of visitors, the overnight residents got down to the serious business of going to sleep. Some put their sleeping bags on top of trailers, some were on the ground with saddles for pillows, some set up cots in their horse trailers, and a few had the "luxury" of campers to sleep in.

Some of the trail riders went home after the first day's ride, leaving about forty people who spent the night in camp. The group was joined by a number of new faces the next morning, so there were again some fifty riders hitting the trail for Seymour Thursday morning.

With the coming of daylight, the camp started to stir. Horses were caught, watered, and fed. Sleeping bags were rolled up and cots were folded. Breakfast cooks headed for the "cook trailer" to serve up the delicious eggs and sausage, which had been donated to the group by Sam Jones and Mr. and Mrs. Ot of Seymour.

Crewing the rolling kitchen on the breakfast shift were Sue Oxford, Jan Carver, Katrine Hudson, Stella Carver, Jan Lankford, and Shirley Brown.

When both horses and riders had finished eating breakfast, it was time to saddle up and head out for Seymour, still some fifteen miles away. About 10 miles from Seymour, some of the younger riders, especially those who had ridden most of the previous day, began loading their horses in trailers and hitching rides to town in pickups. One of the last of the youngest riders to "hang up her spurs" was six-year-old Leah Boone, who finally said she wanted "to rest a minute or two" about six miles out of Seymour, and after some urging agreed to load her horse and make the rest of the trip by pickup.

It was a hungry and dusty group who rode across the Brazos riverbed under the Brazos River Bridge at 1:30 p.m. Thursday, after being met at the roadside park by a number of Seymour residents on horseback who accompanied the trail riders through town and out to the rodeo arena.

trophy in the riding club division, which was presented after the grand entry at the rodeo Thursday night, with sixty members mounted for the grand entry.

Following the parade, the group met at picnic shed #4 at Seymour park for a delicious stew supper, cooked up by trail cooks, Barnard and Hudson. The younger trail riders had recovered sufficiently to enjoy the rides and swings in the park, while older members were content to sit and sip a second cup of iced tea. In a few cases, it was stand and sip a second cup of iced tea.

The Knox County Riding Club trail ride could not have been the successful venture it was, without many helping hands, which it wishes to acknowledge, and for which it wishes to express its appreciation. Special thanks go to Bob Harrison of Bob's Super Save, Penman Butane, Grace Snailum, Sam Jones and Sunshine Poultry of Seymour, the Jimmy Stouts of Seymour, Knox County Commissioners Bud Carver and Bobby Roberson and their crews, Tony McWhorter of Rochester, the Benjamin Baptist Church, Dr. Mack Fuqua, Ross Mack Oliver and B-K Electric.

the center on Wednesday mornings to help paint, upholster, or whatever needs to be done. Plans are being made to move a small open shed to the back of the center to use as storage for benches. Anyone handy with a hammer can help make benches.

Following the business meeting and installation a special program was held to welcome Mrs. Jim Cumley to the community and to the club. After hearing a brief summary of the community's history, Mrs. Cumley responded by telling briefly about her family. The Cumleys have a daughter who married last December. Their son, Monty, lives with them in Truscott. He will be a sophomore in Crowell High School. The Cumleys have moved to Truscott from Richardson in the Dallas area. Jim Cumley is the grandson of the late Dr. Hill of Crowell.

Jacquelyn Brown left Sunday for two weeks at the Lubbock Christian College Band Camp. She went to Lubbock with the group enrolling in the Tech band camp. The group included Paul Whitley, Scott Streit, and Arthur Cerda. They were accompanied by CHS band director James Streit.

Mrs. C.E. Ellis of Abilene visited her niece, Mrs. Jim Cumley last week.

Mrs. Paul Bullion and Gail, Mrs. Pearl Summers, and Mrs. Hattie McEwen went to Ballinger Sunday to attend the Sparks family reunion. Mrs. Bullion's nieces, Brenda and Pam Hedden of San Angelo returned with them for a week's visit.

So you thought prices were high. But things will soon be worse, much worse. Mildred Glasscock has announced that her next order of penny candy will have to be sold for two cents. She still has a good supply of penny candy and penny bubble gum, so the school kids had better stock up. It won't seem like our store without any penny candy.

up. It won't seem like our store without any penny candy.

Mr. and Mrs. Jerry Cawthron and Scotty of Quanah visited the Ray Glasscocks Sunday.

Mr. and Mrs. Bazel Glasscock of Rockwall spent Thursday night with the Ray Glasscocks.

Mr. and Mrs. J.D. Sewell and Mr. and Mrs. Lyn Sewell of Fort Worth spent last Monday night with the Ray Glasscocks, enroute to a vacation in New Mexico.

Paul Bullion says the official high temperature for the summer was reached June 15 with 104 degrees. Moisture in June was 4.05 inches, and, believe it or not, moisture has been registered in July, .05 inches.

Big plans are underway for the next musical under the stars in downtown Truscott. We need more volunteers to help man the concession stand due to the big crowds. Next jamboree is set for Saturday night, August 3, which will be the last one for 1974.

Some Small Towns Are Bouncing Back

WASHINGTON--Are small town coming back? Some are. Surveys show many city people would rather live in a small town.

"Whether a small town grows, or begins to wither, often depends upon the determination of local people," says Will Erwin, assistant secretary for rural development of the U.S. Department of Agriculture.

"Towns with a 'we can do it' attitude will go out and bring in job-producing plants, offices, and laboratories, so that their young people don't have to leave their home areas in search of job opportunities," says Mr. Erwin. "Others will cater to tourists and a recreation-hungry nation."

"The 'we can do it' crowd will guide the area's growth to make sure it helps to meet the needs of people, adding to the beauty and environmental tone of the neighborhood. "Economic development makes it possible for towns to do things--to provide convenience in getting goods and services--to serve as starting point from which people may improve the quality of their lives."

"Frequent, long drives to big cities may be far from dead. But it makes sense, regardless of the gasoline situation, for towns to develop in such a way as to meet the needs of residents, including farmers."

Can towns be developed to get this done? The answer is "yes," according to Assistant Secretary Erwin, if you are willing to work at it.

(Editor's Note: A recent issue of The Texas Spur had the following definition of a small town in Joe Harrison's column. It was so typical, we are taking the liberty of printing it for our readers.)

WHAT IS A LITTLE TOWN?
A little town is where you don't have to guess who your enemies are. Your friends will tell you.

A little town is the only place on earth where people past middle age are called by

their first names when they saunter down the street. A little town is where everybody knows everybody else's car by sight--and also where and when it goes.

A little town is where few people can get away with lying about the year they were born...Too many other people can remember it.

A little town is where people with various ailments can air them properly for sympathetic ears.

A little town is where, when you get the wrong number, you can talk for 15 minutes anyhow, if you want to.

A little town is where the ratio of good people to bad people is something like 100 to one. That's nice to remember.

A little town is where it is hard for anybody to walk to work for exercise because it takes too long to stop and explain to people in cars who stop, honk, and offer a ride.

A little town is where city folks say there is nothing to do, but those who live there don't have enough nights in the week to make all the meetings and social functions.

A little town is where everyone becomes a "Neighbor" in time of need.

A little town is where you don't have to lock your door every time you leave the house.

A little town is where many teenagers say there's nothing to do and then are surprised to learn that their big-city peers are saying the same thing.

A little town, when all is said and done, is a nice place to live.

been very expensive if Bob Cameron had not had to go to the church for something and find it running and the lights on. Had this water run out onto the carpet in the building, it would have been very, very expensive, since the carpet has not been down too many years. I can not understand just why people have to do things like this for something to do, if they will come and help some of us over here work, they will be too tired by night to do foolish things like this. I firmly believe that we have too many people in this country today that do not do anything but sit around and draw welfare and then they get to feeling sorry for themselves because they have nothing to keep them busy. Get out and get you a job chopping cotton or moving irrigation pipe and you will have some excitement going on!

Knox Co. Youth At District Rally Day

Learning by doing is the theory behind 4-H educational activities and five Knox County youth did just that on July 9 when they attended the District 3 4-H Rally Day. The event was held at Wilbarger Auditorium in Vernon.

Recreation, crafts, mini-gardens, and awards programs were the activities held during the afternoon and evening session. Specialists of the Texas Agricultural Extension Service and County Extension Agents from the 21-county district conducted these events.

Events like this Rally Day send the participants away inspired to try new and different projects. These projects could be taught by local people who use their experiences from occupations or

hobbies as textbooks. Member and leader guides are available on all projects and provide the ground work for giving youth the experiences from which to learn.

Debbie Ray, Brenda Albus, and Lydia Lankford of Knox City, Kevin Herring of Rhineland, and Louis Beaty of Gilliland attended the Rally Day from Knox County. County Extension Agents Marjorie Collier and Nancy Feltner accompanied the young people to Vernon.
