KNOX COUNTY HERALD FRIDAY DECEMBER 5, 1930

NUMBER 23

Letters Coming In To Santa Claus

The first letter received at the Herald office to be sent on to Santa Claus was from little Victor. Victor's letter came through the office and was received by the boy in the Herald family. He could get his letter written that date, however, many letters from the little people come in. Following are as they will follow next week. If there is not in this list, it will be published next week. Look for it.

A little boy six years old and his father would like a cat and a carpenter set. I go to school like school fine and I like my teacher. My name is Victor Thomas.

My daddy print the Knox Herald. I have promised to be a good boy so I will follow next week. If there is not in this list, it will be published next week. Look for it.

Davis Homes Destroyed By Fire

Tuesday morning about ten thirty report was received in Knox City that the new country home of Mr. and Mrs. Lloyd Davis was on fire. The fire department and many citizens responded to the call and every thing possible was done to save the house but to no avail. Some furniture was saved, the dining room suit, one rug, stove, chest of drawers, cedar chest, several chairs and some chinaware; however most everything saved was damaged by smoke and the heat.

The origin of the fire is unknown. Mr. Davis built a fire early Tuesday morning and other than that there was no other fire in the house. Both Mr. and Mrs. Davis came to town early but Mr. Davis returned home to do some work about the place. He drove back to town and Mrs. Davis had him to accompany her back to the place to secure the laundry and when turning in the road to the house from the highway they saw smoke rolling out the ventelator below the south bed room. They tried to save some of the furniture and called help.

The fire boys worked hard to save the place and had the chemicals last they would have done so. The only water available at the Davis home was a cistern on the north side of the house and this was soon all used. Every one just had to stand back and see it burn.

Hospita' Notes

Mr. Holden returned to his home Tuesday the second. Mrs. Rutledge returned to her home on Monday. Miss Estelone Carter returned to her home in Rochester Sunday and Dr. Logan returned home last week.

Tuesday there were only three patients in the Hospital; they were Mrs. J. F. Adoch of Truscott, Miss Mable Cox of Rochester and Mrs. L. S. Vance of the Cliff community.

R. E. Kenebrought of Vera was in the hospital Tuesday for treatment. Mr. Kenebrought's wife and mother accompanied him.

ENTERTAINS FOR SON

Honoring her son Jack, and his friend, Vergil Almac, who spent the Thanksgiving holidays with Jack, Mrs. J. A. Wilson entertained with a 42 party last Saturday night. The games were followed by a social hour which every one seemed most to enjoy. Following refreshments of creamed chicken, hot rolls, creamed potatoes, date cake topped with whipped cream and hot tea were served. Those present were Miss Mable Clonts and Jack Wilson, Miss Clara Clarke and Fred Warren, Miss Clayden Hoge and Casey Jones, Miss Margaret Reeder and Vergil Almac, Miss Doris Stoker and Dennis White, Miss Sylvia Edwards and Kenneth Edwards, Claud Stovall and John Elbert Smith and Blyd Kelly of Rochester. Jack's friends Virgil lives in Kansas.

BENJAMIN, MONDAY DECEMBER EIGHT

If you are not satisfied with present conditions in your community, and in the county at large, and are willing to do your share to better them meet us in the District Court room in Benjamin, Monday, Dec. 8 (next Monday), at 1:00 o'clock p. m. The attention of city dads and school boards are especially called to this meeting.

This conference is called at the instance of a small but representative gathering at Benjamin Monday, December 1st, 1930.

COTTON REPORT

There have been 12,588 bales of cotton round as half bales ginned in Knox County from the crop of 1930, prior to November 14, 1930, as compared with 15,453 bales ginned prior to November 14, 1929.

Mr. and Mrs. Walter Moore and Mrs. John Hicks of Fort Worth were guests of Mr. and Mrs. H. C. Hall Tuesday.

Funds for Brazos River District Survey

Governor Moody has just allowed the State Board of Water Engineers a deficiency appropriation of \$20,000.00 to be used in the survey of the boundary lines of the Brazos River Conservation and Reclamation District.

The Brazos District was created by special act of the Legislature in 1929, and the act required that the exact boundaries of the watershed or drainage area of the Brazos and tributaries, should be established by topographic surveys made by the State Board of Water Engineers.

The action of the Governor in making the funds available to push this survey work will expedite the progress of the District materially. It is anticipated that aid will be available from the United States Geological Survey, Department of the Interior, in advancing the survey.

The Brazos River District represents the first instance in the United States of an entire stream being controlled as a unit in a single conservation and reclamation district, and has attracted National interest for the constructive purposes authorized to be accomplished, and which have the endorsement of engineers in both the State and the National Service.

The Brazos River District is given power, as a distinct and constitutional governmental agency, to do all things regarding the flood and surface waters of the watershed of the Brazos River and tributaries that the State of Texas could do, subject to the control of the Legislature. The District is empowered to store, control and utilize the waters of the drainage basin of the Brazos using the waters controlled for all preventing destructive floods, and purposes of domestic supply, manufacturing, irrigation, reclamation, drainage, power development, and other uses.

In the development of its plans of improvement for the employment of the flood waters of the Brazos, the District is specially authorized to contract with the Federal government for the improvements found necessary to the purposes of the creations of the District, and while the state is pushing its work of co-operation in the development of those plans, through the work of the Board of Water Engineers, the Board of Directors of the District, which comprises twenty-one members, distributed over an area of more than six hundred miles along the entire watershed, is also interesting the National government in its work. Three divisions or bureaus of the United States Department of Agriculture are now actively co-operating with the District in important investigations and work beneficial to the District embracing a soil survey of the counties of the District and its conservation investigation, and a comprehensive economic survey of the counties of the District, and it is expected the Interior Department will soon be given co-operation.

A bill sponsored in the House by Congressman J. B. Buchanan and which will be supported in the Senate by Senators Connally and Shepard, providing for the establishment by Congress of a National Flood Control policy, is receiving the active support of the Brazos River District. Under this bill, stream unit or watershed, or other Districts having the purposes of the Brazos River District movement would receive the assistance of the National government on a similar basis to the great reclamation projects of the Western States, the government advancing the funds to provide the cost of flood water control and distribution to useful employment and the District to pay these advances back over a long period of years.

A distinctly significant characteristic of the Brazos River District plan is that the great resource of water in the drainage basin of an area as extensive as that of the Brazos and tributaries, or one sixth of the State, is to be controlled and employed for the common benefit of all the people from one of the stream to the other.

Mrs. Claude Stovall is visiting in Wellington this week.

Final Business Meeting for Year

New Officers Elected

Monday afternoon the Missionary Society of the Knox City Methodist Church held its final business meeting for the year. Reports of the years work were made by respective officers, which reports were very fine. The society has raised a total of \$375.81 during the year; it has made 718 visits to the sick and new people in town; sent 217 meals to the sick, and 165 bouquets to the sick, bought \$24.25 worth of flowers for the sick and deceased and gave \$192.99 worth of clothing to the needy.

In addition to this work of charity the society has gained six new members, has had two Mission study classes and one Bible study class. These final reports were gratifying to all the members.

Following the work of ending the years work, time was given and new officers for the ensuing year were elected. This election resulted in retaining all officers, all places of which were accepted with the exception of the president, Mrs. C. C. Hoge, who requested time to think the matter over. President of this and similar organizations is a responsible place and Mrs. Hoge has served her organization well during the past twelve months. All members of the society are looking forward to her accepting the position of her election for another year.

All the ladies of the church are invited to meet each Monday with the Missionary Society and help in the work the Society tries so earnestly to do each year.

IN APPRECIATION

The people of the town have been very nice to help get means together to put up walls to our open tabernacle. This we so appreciate and thank each one who made it possible.

If the weather will permit, we are expecting a band of workers to begin the carpenter work at 10:00 o'clock Saturday morning. Anyone desiring to help will be much appreciated.

THE DORCAS CLASS

The Dorcas Sunday School class was sorry to have some of its members absent Sunday. We hope they will be back in their places next Sunday and those who have not been attending Sunday School, we would be glad to have you in our class. Our teacher, Mrs. Porter, is a good teacher and one we all dearly love. We had a report of 37 chapters read the past week, we hope to get a little stronger on this Bible reading, lets make it one hundred chapters this week. The more we read the Word of God, the better we understand His will.

BALL BOYS WIN LAST GAME OF SEASON

The Knox City Greyhounds won the last Foot Ball game of the season in scoring 7 to 6 at Rule last Thursday, Thanksgiving Day. The game is referred to as the best of the year. A huge crowd attended the game, some three or four hundred people from Knox City.

CARD OF THANKS

We wish to thank all the fire boys and those who so willingly assisted in every way possible to save our house Tuesday morning. It was a tragedy for us to have to stand and see it burn to the ground; however, we know that everything was done to save it that was possible. Accept our heartfelt appreciation for your efforts.

We are glad to state that C. E. Ball is a new subscriber to the Herald his week.

Here Comes Santa Claus

Cigarettes and Gasoline! As a rule the two just don't go together. But, there's an exception to every rule and in this particular case cigarettes and gasoline are going to make a happy combination.

Twelve years have passed down the valley of time since the war. In the hurry and bustle of every day life most of us have forgotten it. But down at Kerville hospital at Kerville are many men who won't "forget" for many years to come. They are the unfortunate war veterans who carry wounds that won't let them forget in a hurry.

One of the always needed and most enjoyed little "luxuries" these men appreciate is cigarettes. Sure they get 'em, but not nearly enough.

So we've decided to donate one cigarette for each gallon of gasoline sold through our station from November 27 to December 26. The cigarettes will be given to the American Legion post of the Women's Auxiliary in Knox City. They will distribute them to the boys at Kerville.

ELECTRIC FILLING STATION

J. V. "Tubby" Jones, Owner

HOME FOR THANKSGIVING

A good number of the young men and women of Knox City who are away attending college were home for the Thanksgiving holidays. They were Miss Claydene Hoge, Dennis White and Joe Watson all of John Tarlton in Stephenville, Jack Wilson and a friend Virgil Almac of Tech in Lubbock, Miss Margaret Reeder of T. C. U., Miss Bernice Swift of C. I. A., Bill White of A. C. C. and Claude Stovall of Simmons both in Abilene and Estil McBrayer of Tech in Lubbock.

SUNDAY SCHOOL CLASS ENTERTAINED

Mr. R. M. Herring entertained his Sunday School class of young people at his home last Friday night. Many interesting games were played and a good time was had by all. Refreshments of cake and punch were served to the following: Misses Irene Hoiland, Mildred Dutton, Clovis Stovall, Doris Ferguson of Stephenville Texas, Trovia Bigga of Cleburne, Texas, Maye Reese, Maurine Ables and Verla Henry and Messers Edmund Smith, Bill White, Mille Lee, Leon McBrayer, John Hyde, R. V. Herring, H. C. Armstrong, and T. P. Withrow.

STOLEN GOODS RETURNED

G. T. Hardberger assisted Sheriff Soules of Haskell county to locate two robbers who stole a quantity of goods and groceries from the home of a widow in King county, Sunday night. Harry Stogner and a Jones man were caught, confessed of the deed and were placed in the jail in Haskell. The goods, which consisted of sugar, flour, syrup, silk dresses etc, were returned to their owner.

Mr. and Mrs. John Ed Jones of Monday visited in the hospital Tuesday.

Conaco Hour Monday WFAA

The second of the Conaco Listeners' hour series, which will be heard in this territory over station WFAA, Dallas, from 6:30 to 7 Monday evening will consist of musical numbers and other features chosen entirely by the nation-wide radio audience.

"Peggy ad Pat," representatives of the radio audience in the studio for this unique program, have sorted over the mail received since the initial broadcast and from the requests of listeners throughout the country have arranged this week's program.

Frank Umbiaco, internationally known accordionist, will be the guest star for the program. In addition, the regular program staff consisting of the Conaco orchestra, the "Rondoliers," a male quartette, and Peggy and Pat will be heard on the program.

This year's Conaco programs, which will continue for 26 weeks will be of the musical and variety type. Each broadcast will feature a guest artist—some outstanding personality from the world of music—theatre, the screen, etc.

IF ANYBODY HAS—

- Got rich
- Got married
- Bought a car
- Been in a fight
- Robbed a bank
- Given a party
- Lost his purse
- Bought a horse
- Got licked

- Made a speech
- Been arrested
- Had company
- Won a game
- Sold a dog
- Bought a radio

Run away

- Come home
- Joined the army
- Shot a burglar
- Taken a vacation
- Got a divorce
- Left overnight
- Saved his wife
- It is news and you will do the editor a favor by phoning it to 53.

UNION GROVE NEWS ITEMS

Quite a crowd gathered for Church Sunday night and Brother Parks of Haskell county Missionary Baptist Association delivered a fine sermon on Christian Loyalty. Following the service the church had conference following which Mr. Lankford, president of the Singing class, called the class together and spent an hour singing.

Uncle Lot Lea and family were called to the bedside of his son Royal who has undergone an operation in San Antonio and is in a critical condition.

Farming has again started in our section of the county. Quite a bit of land is being flat broke and practically all of the last crop is out.

One Year 1.50
Six Months .75

In the battle of life we cannot hire a substitute.

Nature gives us two ears two eyes but only one tongue—to the end that we should hear and see more than we speak.

To "see ourselves as others see us" might make us terribly unhappy.

A treasurer ship can't come in unless you first send out one.

Learning is a kind of national food for the mind.

Keep on sawing wood, even if you do strike hard knots now and then.

STILL GOOD ADVICE

On December 26, 1749, the Earl of Chesterfield wrote, in a letter to his son:

"Know the true value of time; snatch, seize, and enjoy every moment of it. No idleness, no laziness, no procrastination; never put off 'till tomorrow what you can do today."

We see there are two new large signs on the two highways in town, one stands in the south corner at the turn of the highway in front of A. B. Reese's home and the other is on the Munday highway pointing south by the McMillan home. These signs are Hospital signs and were brought and placed there by the road commissioner, Wm. Griffith. The certainly are fine.

Both signs are large black and white, and are plain, giving exact direction to the Hospital. Mr. Griffith says he was interested in putting them up because a friend of his, who has been traveling in Knox City for a good number of months, did not know until the other day that Knox City had a hospital. It still pays to advertise. Mr. Griffith hopes

that these signs will aid the town in letting everyone who drives through know that we have a hospital, and that those going to it will be aided in finding it by the signs.

We feel sure that both desires will be fulfilled for the signs have already proved their worth. Much favorable comment on them has been heard about town and in the Hospital.

A. J. Malouf and family moved last Friday to the new Orsborn house.

Edd Hackfield of Rule visited his brother Rudolph this week.

G. D. McCarty has a new Philco Baby Grand Radio which he bought from Knox City Motor Company.

Mr. L. S. Abbott and son Gilbert and the Brown brothers made a business trip to Pecos recently.

One of the finest toned violins in the state for sale cheap at McEvor's the Jeweler.

Mrs. G. F. Stubbs was called Wednesday to the plains in the illness of a grand baby.

Joe Watkins left last week to make his home in Rochester. He is manager of the Model Tailor Shop.

Mr. and Mrs. Otto Lawson and Mrs. Hugh Webb spent Thanksgiving with relatives in Vernon.

RUTS

Th' world is full o' ruts my boy,
Some shaller an' some deep;
An' ev'ry rut is full o' folks
As high as they can heap.

Each one that's growlin' in the ditch
Is growlin' at his fate,
An' wishin' he had got his chance
Before it was too late.

They lay it all one someone else,
Or say 'twas jus their luck—
They never once consider that
'Twas caused by lack of pluck.

But here's th' word of one that's lived
Clean through, from soup to
nuts;

The Lord don't send no derick
'round
'T hoist folks out o' ruts.

Mrs. Albert Frazier is recovering from a recent illness.

Mrs. Ferguson of Amarillo came las week to see her mother, Mrs. S. L. Favor.

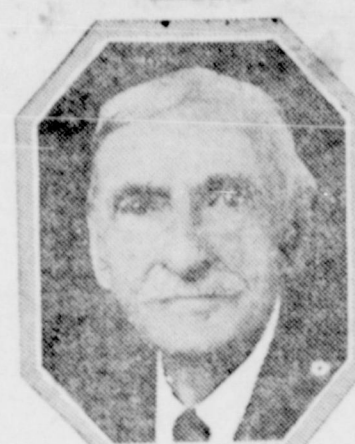

Miss Alta Hamm and Lloyd Waldrip spent Thanksgiving day with Miss Pauline Benton in Abilene.

Mr. and Mrs. V. H. Pyeatt spent Sunday with his father in Aspermont.

Anell Waldrip has a new Ford Coupe which he bought at Warren Brothers.

KONJOLA AMAZES HOUSTON MAN

"Konjola Is The Greatest Medicine I Ever Used" Says Houston Man Age 80

H. R. BARTLETT

"I was in failing health for five years", said Mr. H. R. Bartlett, 4312 Jacinto street, Houston. "I felt tired and worn out all the time. I suffered with rheumatism in my hands and fingers. The joints were stiff and sore, and at my age, I thought there was no medicine to help me for I had tried many."

"Konjola gave me a welcome surprise. I should have taken it much sooner. My strength has returned and I feel much better in every way. Rheumatism in my hands and the stiffness in my fingers had passed. Konjola is the greatest medicine I ever used and I am glad to recommend it to everyone."

Even though Konjola has won many remarkable victories over ailments of the aged, it can just as readily be given to infants for it is free from alcohol or harmful drugs.

Konjola is sold in Knox City at The Orient Drug Store, and by all the best druggists in all towns throughout this entire section.

E. J. Anderson visited in Crowell Tuesday.

Anell Waldrip made a business trip to Stamford Wednesday.

You can get a good all electric radio, complete, now for as low as \$59.50. See Ashcroft about the Crosley and Atwater Kent Radios.

Cecil Speck has been transferred to the Bryant-Link store in Lamesa. He will be manager there. He left Knox City last Friday night.

R. E. Baskin of Seymour, a director of the Brazos River Conservation and Reclamation District was in Knox City Tuesday.

Use the best oils and protect your motor and battery. Quaker State, Waverly and Amalie are all Pennsylvania oils. Refill at Ashcroft's

Miss Mabel Howell, who teaches school in Hedley, spent the Thanksgiving holidays here with her parents.

Miss Cryer will leave Sunday for Crowell to resume her work in the school there. She has been in Knox City recovering from a severe illness.

What Will you do

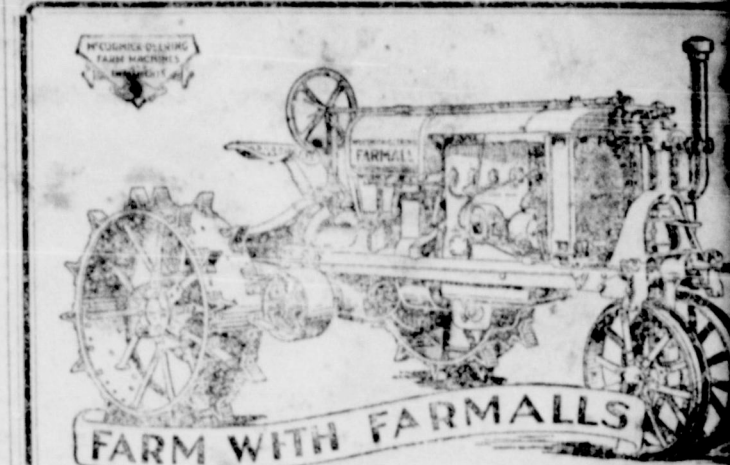

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

Mr. and Mrs. Holt Meseley visited in Haskell Sunday. S. O. Nations and family visited Snyder last week.

Cut your Farming cost with Tractor Power. We will trade for your mules so that you can save your high priced feed.

It has already been demonstrated by some of our most substantial farmers that a Farmall will cut your cost at least one half. Ask some of those who know. Below are a few recent purchasers.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is to the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

THE FRUITS OF LABOR

The only lasting benefit that can come from a prosperous harvest season is when the fruits of labor have been stored away against future need.

For the individual, there is no protection that can offset the accumulation of a Reserve Account in a strong bank. It provides working capital; makes possible the grasp of opportunities; it is an ever-present fund which weather seasons of sickness, accident, or other adversity. In short, it is a bulwark of protection for the certainty of today and the uncertainties of tomorrow.

Because we know the blessings that attend the building of a strong Reserve Bank Account, we urge the people of this community to put something aside in a Special Reserve Account from each harvest deposit.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain wholesome food, and got plenty of fresh air. But even that early there were drastic physies and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in his stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

Diamonds, watches and other pretty pieces of jewelry for Christmas. We have a nice assortment to choose from and will be glad to have you visit us.

Fine watch and jewelry repair is our specialty.

\$5.00 reward for any watch I cannot repair.

THE PUNISHMENT

They Get in the First Few Minutes Decides How Long They Will Last

And so it is with your motor... 40% to 60% of all motor wear occurs in the first few minutes after starting, because ordinary oils drain away in idle periods. But CONOCO Germ-Processed oil is always on guard duty, never drains away, penetrates metal surfaces, reduces starting wear.

A step on the starter always takes ordinary oils unawares, and it is then that most damage occurs in your motor. By draining away during idle periods, ordinary oils "let down their guard" and let your motor in for severe punishment at a time when protection is vitally needed.

On the other hand, Germ-Processed oil always

has its guard up. Its film penetrates and clings to every working part while the motor is idle.

The first motor revolution finds ready lubrication guarding every clearance. The 40% to 60% of wear which might have taken place before you ever shift a gear is substantially reduced.

Thousands of motorists have found that this improved motor oil prolongs motor life and gives better all-round performance. You can find CONOCO Germ-Processed Motor Oil wherever you see the CONOCO Red Triangle.
