Farmers Lend A Helping Hand, Thurs.

In a world in which evil and bitterness make headlines each day, it is especially gratifying to know that there are those who are aware of a neighbor's problems and care enough to do something to help.

Such was the case last Thursday when a group of twenty-seven area farmers gathered on the 160-acre northwest of Knox City which Nathan Mincey farms. Mr. Mincey had not begun preparation of his farm-land due to the illness of his father-in-law, Guy Henderson, a patient in the Knox County Hospital.

White Hudson began work on the idea of preparing the land for him by talking to several friends. Everyone to whom he talked was very enthusiastic. The Knox City Chamber of Commerce bought barbecue for the workers' lunches, Bill Lankford offered the picnic tables in his back yard across the road from the Mincey place, Mrs. Bill Lankford and Mrs. Bud Carver baked cakes, and Mrs. White Hudson prepared pinto beans, relishes, bread, and hot coffee. Mrs. Vic Thomas assisted Mrs. Hudson in serving the noon meal.

It was also heart-warming to see the actual pleasure derived by these men in helping another. Fellowship, as well as good food were enjoyed during the noon hour.

The work began about 8 o'clock Thursday morning and by 3:30 p.m. it had been completed. Three shredders, two listers, and thirteen breaking plows were used. Texaco and CITGO, both local firms owned by Kenneth Crowover and Joe Roy Smith, donated the tractor fuel and came out and re-fueled all the tractors at noon.

Those assisting included C. J. Reese, Carl Chafin, Floyd Knox, Alfredo Montalvo, Louis Rodriguez, Pablo Agular, Pete Edge, Leo Beason, Clyde Voss, Sammy B. White, Charles Reese, J. L. Smith, Clovis

PICTURED IN THE BACK YARD of Mr. and Mrs. Bill Lankford are the volunteer workers enjoying barbecue and beans.

TRACTORS ARE REFUELED after lunch. Some of the tractors had returned to the field when above picture was made.

Selling More Cotton Is Solution To Cotton Problem

Selling more cotton is the solution to the cotton problem, Mr. Kent Bennett of Vernon, Texas, Field Representative for the National Cotton Council emphasized to Knox County farmers in Munday on February 12.

He explained that the most intensive research and promotion effort in cotton's history is being launched in 1968 to achieve this objective. Nationwide, it is being spearheaded by Cotton Producers Institute and is being executed by the National Cotton Council, Rolling Plains Cotton Growers, Inc. of Stamford, Texas is spearheading the program in the Rolling Plains area.

"If our industry can find a way to get more cotton manufactured into finished products, to get these stocked by the retail stores, and finally get the consumer to buy them, then - and only then - we can surely look forward to a healthier, brighter future for cotton", Mr. Bennett added.

Noting cotton's importance to the Rolling Plains area, he said growers received an average of \$70 million annually from cotton and cottonseed during the 1962-66 period. The crop, he said, benefits many more people who process and handle it and numerous businesses and employees providing supplies and

services. Mr. Bennett pointed out that cotton's total research program of \$26.5 million includes the U. S. Department of Agriculture, land grant colleges, allied firms, and foundations operated by the National Cotton Council. The new CPI program for 1968 will add some \$2 million to this total. Matching funds from others with a stake in cotton are expected to push this level up considerably, Mr. Bennett added.

Some \$900,000.00 of the \$2.6 million being allocated for research will be directed into work to achieve better permanent press - a characteristic involving markets for 4.2 million bales of cotton. Success, furthermore, would enable cotton to go after another 2.3 million bales held by synthetics.

Other research projects are aimed at: (1) improving fire retardancy, soil resistance and weather resistance of cotton products; (2) whipping the competitive threats in sheets, rugs, trousers and other major markets; (3) eliminating hugh losses due to insects, weeds and diseases; and (4) increasing yields.

The CPI promotion budget of \$5.3 million includes \$2.5 million for 222 color pages of advertising in 20 top magazines.

Another \$1.2 million spent on newspaper sponsored 50-50 operating retailers. Promotion plans awarding cotton prizes on authentic TV shows, etc.

Check Tax Return Before You Mail It

Here's a word of advice from the Internal Revenue Service: After you prepare your 1967 Federal income tax return, it is a good idea to set it aside for a day or so and then give it a thorough review before you mail it.

District Director of Internal Revenue Ellis Campbell, Jr., said that North Texas taxpayers who heed this advice often find omitted income or deductions, or errors in arithmetic. A review of the return may disclose that the taxpayer failed to provide his address and zip code, omitted his social security number or listed it incorrectly, did not attach all copies of Form W-2, or forgot to sign the return.

This review will be time well spent as it may prevent delays in processing the return and will speed up any refund due, Mr. Campbell said.

What this man started...

Benefits all mankind today

Thomas Alva Edison in his lifetime — even after 1097 inventions — never could have imagined the many jobs flameless electricity does today.

In your home alone, 166 electrical appliances are available to save time, reduce work, and do a better job faster and more economically.

The average American family has nearly doubled its use of electricity in the past 10 years. And at such a low cost, it is today's biggest bargain in your budget.

Here at WTU we keep pace with the increasing use of electricity in industry, in business and in the home. It's a way of life with us, for we know that electricity powers progress.

"Melanie Meddles"

By Melanie Whitley

On a national television program last week, I heard a man extolling the virtues of Weight Watchers clubs. One of their mottos worth remembering is "The Road to Fat starts with a sliver and goes to a slice to a slab to a slob."

In case anyone is interested, there is a club in the Knox City-Munday area, that must be successful as evidenced by several slimmer members.

The club meets once a week, with a salad supper and business meeting once a month. Each meeting is held at a different place with different ac-

HD CLUB MEETS

The Truscott Home Demonstration Club met Feb. 8 in the Community House. Mrs. W. M. Rake, vice president, presided. Mrs. J. R. Brown led the club in singing "America" and then Mrs. Rake read a poem, "Flu Bug" to set the program theme of "Health". Seven members answered the roll with what they have been doing in the garden.

The council report by Mrs. Edmund Tomanek stated that \$115.00 profit was made on the dinner at the training meeting. Delegates to the district convention will be Mrs. Gill White, Mrs. W. T. Cook and Mrs. Buster Tolson with Mrs. Tomanek as alternate. The president reported EEE and finance committee reports were not accepted and are to be re-submitted. The April council meeting will be a salad luncheon.

For the second meeting in February members of the Truscott club agreed to meet at 1:30 p.m. in Truscott and go together to see the new fabrics and styles in Crowell department stores. Mrs. Rake agreed to make arrangements for the visit.

Local club committees appointed for 1968 included Finance, Mrs. W. O. Corder and Mrs. Bill Owens; program, Mrs. J. R. Brown and Mrs. E. J. Jones; EEE, Mrs. Marie Gillespie and Mrs. Jack W. Brown; health and safety, Mrs. Tommy Tapp and Mrs. Bill Rake; and recreation, Mrs. Tomanek and Mrs. Rake.

Mrs. Tapp was named chairman to organize the Community House cleanup planned for 1 p.m. Tuesday, Feb. 13.

For the program Mrs. Rake led a discussion on health, opening with a question session on childhood diseases. She pointed out that "There is no reason for anyone to have measles now" and urged that all children receive the measles vaccine. She also emphasized the importance of a dental checkup and told how persons drinking cistern water can add fluorid to help prevent decay.

ATTEND CONVENTION

Mrs. Floyd Bailey and Mrs. Tom Christ left Sunday, February 4 for Los Angeles, California, to attend an international church convention of Four-square Churches for one week.

They accompanied the Bailey's son, Floyd Jr. of Dallas, and as it was necessary for him to return to Dallas earlier this week, Mrs. Bailey and Mrs. Christ planned to return by plane to Lubbock today (Thursday) where Rev. Bailey will meet them for the trip home.

Miss Rita Martinez of Fort Worth spent the weekend here in the home of her parents, Mr. and Mrs. Dan Martinez and helped them celebrate their 40th wedding anniversary. Mr. and Mrs. Joe E. Flores were also present.

The Future Farmers of America was organized nationally in November, 1928.

Streams In Desert Places
BY OZELLE STEPHENS

Divine guidance should be sought after as David did when he prayed unto the Lord. "Lead me, Lord, in thy righteousness because of mine enemies; make my way straight before my face." (Ps. 5-8). Lead me in thy truth, and teach me; for thou art the God of my salvation; on Thee do I wait all the day. Remember God takes us through difficult places for testing. He proves us and finds what is in our hearts, whether we would keep His commandments or not. (Deut. 8:2). To us God is like a mother bird teaching her young to fly. "As an eagle stirreth up the nest, fluttereth over her young, spreadeth abroad her wing, taketh them, beareth them on her wings." (Deut. 32:11).

Judge Clonts Speaks To '46 Study Club

He spoke to the group on county government and the duties of the county judge. Mrs. Jerry Odom, president, had charge of the business session. She appointed Mrs. Sam Clonts, Mrs. George Wall, and Mrs. Paul Hoge to a committee to examine the constitution and by-laws to determine if any changes should be made. Mrs. Paul Hoge was elected parliamentarian to succeed Mrs. Bobby Joe Helton, who resigned from this office. In other business matters, members were reminded that the next meeting would be February 19 at 7:30 p.m. at the high school. The Homemaking Department will serve dinner, and reservations need to be called in to Mrs. Odom before February 15. Mrs. Charles Lankford announced that the club's annual volleyball tournament will be held in the high school gym March 7, 8 and 9. Hostesses for the February 6 meeting were Mrs. John L. Grindstaff Jr. and Mrs. Jimmy Lynn.

Democrat Party History

BY PETE BEECHER

It is difficult to fix an exact birthday for the Democratic Party, which is one of the two major political parties of the United States. The most usual date given is May 23, 1792. This is the date of a letter from Thomas Jefferson to George Washington.

The Federalists who organized the national government under the Constitution of 1787 became the Federalist Party, the party of George Washington, Alexander Hamilton and John Adams.

In the above mentioned letter of 1792 Thomas Jefferson's party had combined the anti-Federalists and other groups that opposed centralization of government. He referred to it in public documents as Republican, but it came to be known later as the Democratic-Republican Party. Jefferson was fighting for the Bill of Rights. These rights, which insure freedom of religion, speech and press, and guarantee fair trials to the accused, had been left out of the original draft of the Constitution. Despite opposition, Jefferson rallied enough support to make acceptance of the bill of rights a condition of the Constitution's approval.

This was the beginning of what was then known as the Democratic-Republican Party. Its leaders followed the leadership of Thomas Jefferson in opposing a liberal interpretation of the Constitution. They also opposed the centralized national authority favored by Alexander Hamilton and the Federalists.

The Democratic-Republicans gained control when Thomas Jefferson was elected President in 1800, but practical policies forced them to adopt much of the centralized program of the Federalists. They dominated politics after 1816 until Andrew Jackson's administrations, when conflicts resulted in the formation of two new parties. The Democratic party succeeded the Democratic-Republican party, and the Whig party followed the Federalist principles.

The election of Jackson is marked by some historians as the founding of the modern Democratic party, for at this time the Democratic-Republican party, founded by Jefferson, simply became Democratic. Therefore the Democrats claim the distinction of being the oldest political party in the world, and observe the traditional Jefferson-Jackson Day dinners.

History credits the Democratic Party with lowering the tariff and gaining the West. But almost forgotten is the strong stand the Party took against the Know-Nothing movement. The Know-Nothings were organized to end the immigration from Europe which, even in the 1850s, had reached 600,000 a year. Since most of the immigrants were of a different faith, the ugly mark of religious bigotry stained Know-Nothing beliefs. Members of the organization beat up immigrants on the streets. When questioned about their activities, they replied, "I know nothing".

By 1856, the Know-Nothing Party had elected seven Governors, and was threatening to make a party of intolerance a major political force in America, but the American image of equality soon dissolved the threat of the Know-Nothing party from becoming a major political factor. Organization Of Choir Is Begun At KC High School

Something new has been added in Knox City High School, something that the students, teachers, and parents are indeed proud.

A high school choir was organized several weeks ago, accompanied and directed by Mrs. Melvin Lowrey, high school commercial teacher. Mrs. Lowrey said that the response had been wonderful. Approximately forty-two members meet at the school each morning at 8 a.m. for a thirty-minute session. Numbers with three and four-part harmony are being rehearsed, and the group is making plans to present a Spring concert.

Officers for the choir include Paul Graham, president,

Mike McKinney, vice-president, and Gail Cornett, secretary, all seniors in the KCCHS.

Mrs. Lowrey is an accomplished musician and director, serving as organist for the First Methodist Church, pianist-director of the Chancel Choir of the Methodist Church, and also pianist-co-director of Children's Choir II, also of the church. Mrs. Lowrey studied organ at McMurry College, where she received a B. S. degree.

It has been a number of years since the Knox City schools have had a choral group, and the community is anxiously looking forward to this group of students for many presentations.

Tax Man Sam Sez:

Do I have to file a federal income tax return? Internal Revenue answers: Not if you made less than \$600 - or less than \$1200 if you are over 65 years of age. The good tax folks very quickly point out that if your wages were subject to withholding that you have already paid taxes on your earnings. You are entitled to get a refund of the taxes withheld but you must file to get a refund - the sooner the better.

RETURN TO K. C.

Mr. and Mrs. Wayne Hutchinson and children, Chuck, 5, Melinda, 3, and Wayne 2, have moved back to Knox City from Ashdown, Arkansas.

Mr. Hutchinson is engaged in farming. His parents are Mr. and Mrs. C. C. Hutchinson. The family is residing on East 8th St.

They are members of the Baptist Church.

VISITS PARENTS

Captain Bill White of the Texas Highway Patrol was here one day last week visiting his parents, Mr. and Mrs. Sam White.

Capt. White is stationed at Dallas.
