## Fisherman's Luck

By Albert T. Reid

## God's Promises to the Faithful Only

(By L. B. Hammock)

"If ye walk in my statutes, and keep my commandments and do them; Then I will give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruit. And your threshing shall reach unto the vintage and the vintage shall reach unto the sowing time, and ye shall eat your bread to the full, and well in your land safely. And I will give peace in the land, and ye shall lie down and none shall make you afraid.—Leviticus 26:3-6.

When I see men perplexed in mind, weary in spirit, fallen in hope, and though with seeming fortitude are trying with patience to "bear the slings and arrows of outrageous fortune," I can but think of the many soul satisfying, positive promises of Him who "supplies all our needs according to His riches," and wonder at our inability to partake of the great bounties continually supplied from an inexhaustible quarry. God's promise is as much to our temporal and material need as it is to the spiritual. "Whatsoever ye ask when ye pray, believe that ye receive it and ye shall have it." It simply remains for us to be gracious in thought, faithful in conduct, humble in manner and honest in our dealings then we cannot fail. Our task may seem arduous, our chances hopeless at times, the depression may have us enfolded in its dark pinion of despair, but there is no depth to which we may descend, but that our way can be brightened and our souls be lifted in divine aspiration and understanding. The essentials to our life and well-being are only limited by our capacity to receive them. The great giver is as willing to supply us now as He was when it was said by the prophet in the days of Moses.

"There hath not failed one word of all His good promises, which He promised by the hand of Moses, His servant."—I Kings, 8:56. Have we done our part? Have we accepted the given conditions? Have we become subject to the will that devises all our supplies? Have we walked in His statutes? Have we laid our hand in His? Have we met the requirements? If we have not, we then have no part in the promise. It is to those who have met them.

The trouble with the most of us is that we want to usurp God's prerogative; we are too apt to cast aside Godly fear; we are prone to depend upon things finite.

"Prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing that there shall not be room enough to receive it."—Mal. 3:10.

It is not God but man who has hopelessly tangled the world's financial affairs, and the more men strive to undo the greedy mischief the tighter draws its unrelenting grasp. We seek a remedy, a surety of toil that "will charm man's painful steps over the burning

## Methodist Revival Begins Sunday

A two weeks revival meeting begins Sunday at the Knox City Methodist church, the Reverend Fletcher of Stamford, doing the preaching. Morning services will begin at ten o'clock and the evening services at eight-thirty. The business houses will close each morning with the exception of Monday and Saturday, for which courtesy the church greatly appreciates.

The public is invited to all these services.

## Missionary Society Meeting and Birthday Surprise Party

Mrs. T. S. Edwards was completely surprised Monday afternoon in the honor given her by the ladies of the Methodist Missionary society during the social at the home of Mrs. J.W. Smith. The occasion was a business meeting of the society but turned out to be a birthday party for Mrs. Edwards with a large number of friends of the honoree present.

Among the many nice gifts received by Mrs. Edwards were five birthday cakes, one of which was generously cut and served to the guests with ice cream.

Mr. and Mrs. J. W. Cloud returned to Knox City last week. They have been in Colorado this summer where Mr. Cloud attended Boulder. Mr. Cloud's father, Mr. M. D. Edmonds, spent several days here last and this week.

Miss Mary Eliza Clarke returned home Saturday from Waco where she spent several weeks with her sister. Mary Eliza came home with the Cloell family of Waco, who were enroute to Lubbock, and experienced a car accident just this side of Abilene. The car, a Ford sedan, turned over twice and all escaped with only slight injuries, Mary Eliza's back was strained.

marl," when we should be rather coming to the knowledge of the truth, that only at His feet we may lay our burdens down. A world we have of sorrow and strife, when it could be one of peace and unity, and a people in whom the Lord should find pleasure.

## MICKIE SAYS—

"HANK OUR JOB PRINTER, SAYS, 'DON'T TELL FOLKS THAT THE BIGGEST PART OF THE AVERAGE JOB OF PRINTING IS SETTING THE TYPE AND GETTING THE PRESS READY TO PRINT THE FIRST ONE! I'VE HAD A PERSON ASK THE PRICE OF A HUNDRED HAND BILLS, AND THEN ORDER 'HALF A DOZEN,' EXPECTIN' TO GET A CORRESPONDING REDUCTION IN PRICE!"

## K C Takes Heavy Score From Munday

Knox City came off victorious in a spirited game with Munday again last Sunday afternoon, with a score of 18 to 2. Munday is conceded to have played good ball but Knox City outplayed them by running up the above score.

**BRIGHT SPOTS OF GAME**  
By the way we forgot to mention the time it required to play the game—anyway it was too long.—and too, hit by catcher Mays, one Lee Smith who occupies standing position in right field, Smithy was hit on the head, on the leg and hip, nearly sprained an ankle and batted one for one.

Shaver, the stalwart center-fielder slips up on 'em and robs Munday for hits, just behind the second sack, and notwithstanding all this lines out a drive which ordinarily would have went for three home runs, but for the ugly interference of his own car, which forced him to step at second base.

That speedy infield, how it worked and how.

## Baptist Pastor Expresses Appreciation

We are thankful for the fine cooperation shown in our meeting by the business men and the other churches in our town, and pray God's blessings upon all. We trust there may be that fine spirit shown in the other meetings that will be held the next two weeks.

We are dismissing our preaching services for the meeting and urging all to attend services at the other churches.

We want to begin our Sunday School promptly at 11:00 o'clock each Sunday and will dismiss in time for all to get to the other churches on time. Don't miss your Sunday School be on time.

C. B. Stovall

Z. A. Hammack and family have returned from a week's visit with his mother, Mrs. M. E. Barker at Gustine. Mrs. Barker though now more than three-fourths of a century of age, returned to Knox City with them for a visit. Zack says Comanche county has a good around crop this year already made. He brought home a sample of some mighty good corn.

## Knox Prairie Pioneer Passes On

Mrs. M. E. Reid, mother of O. D. Reid of Knox City, passed away in Wichita Falls at the home of A. L. Reid, another son at five o'clock Friday, July 31st, after a short illness of five days.

Mrs. Reid was born in Mississippi, Oct. 8, 1854. She came to Texas in 1862, was married at Badies, Texas, to J. A. Reid in 1871 and moved to Knox county near Knox City in 1900. Since 1916 Mrs. Reid has lived near Lamesa with a son, E. A. Reid.

Interment was made in the Lamesa cemetery, the Reverend Shipley conducting the services. Mrs. Reid was a life-time member of the Primitive Baptist church.

Mrs. Reid was preceded in death by her husband and two children, leaving eight children, five boys and three girls to mourn her going. They are: E. A. Reid and S. H. Reid of Lamesa, J. W. Reid of Sweetwater, A. L. of Wichita Falls and O. D. Reid of Knox City. Mrs. G. G. of Huckabay, Texas, Mrs. Della Paris of Grandfield, Oklahoma and Mrs. Allie Huckabee of munday.

## Cigarette Stamps

The State Department at Austin requests the Herald to announce that arrangements have been made with the Citizens State Bank and the First National Bank of Knox City to keep a supply of the new stamps required on all cigarettes sold after Aug. 22nd. Dealers wishing to purchase these stamps will be able to procure them at the above named banks.

## OLDEST FORD DRIVER

J. M. Crow, 89, of Ethel, Miss., the oldest Ford driver in the historic old Natchez Trace in a covered wagon.

As rugged today at 89 as the age in American history he so picturequely typifies, J. M. Crow of Ethel, Miss., is the oldest Ford driver in Mississippi and one of the oldest in the United States.

When as a babe of two years he rode with his parents in one of a train of 20 covered wagons out of Cobb county, Georgia, into Mississippi, the old Natchez Trace followed by the brave little band was still infested by the swashbuckling ruffians whose bloody outrages gave that era its place in this country's history as "the outlaw years."

One of his vivid memories is hearing, as a boy of six, the news of General Scott's victorious assault on the heights of Chapultepec, which ended the Mexican War in 1847, and his proudest memory is view as a Captain the Civil War cause collapsed to to trudge 400 miles homestead at the down to rear a lad.

## SONG of SALES

SOMEBODY once defined architecture as frozen music. The building of an advertisement is, in a manner of speaking, an architecture of ideas, using three basic materials; words, pictures and space. The art of composing an ad consists in employing all three materials in harmony, building up to a crescendo in sales. . . You've got the idea to sell, we have the space and the pictures. Let's get together as a band and compose some ads that sing! Phone 58 and we will bring proof sheets of cuts and layouts.

## This and That

(By Jimminy)

Often, when a child, we were told that we needed a new "glass eye" and all for the simple reason that we were prone to fall down occasionally.

As a development of those early suggestions we are of the opinion that Shorty Glenn needs a "glass eye."

Shorty deliberately stumbled over an iron rod Monday night and has spent the week limping.

It is a well known fact that E. F. Branton did not like the idea of Mrs. Branton going to school this summer and leaving him home alone. Well, it will soon be another well known fact to E. F., if he continues to let his polly whistle at all the women who drive downtown.

Several of the prettier ones of the fair sex have been seen to stop in the middle of the sidewalk or the street and glance back when E. F.'s polly would give a loud, beckoning whistle.

It seems that Dick Cook has broken into a filling station here and is asking all his friends to come and help him out.

Read Dick's ad elsewhere in this paper.

Hap Smith says that as long as the depression is on, he intends to "roll his own." We were led to believe this statement too, for Hap immediately pulled from his pocket a can of Prince Albert.

Hap says the only thing he is looking for now is a girl who wants to get married. We hope that our pretty girls don't worry him to death now that he has advertised his intentions.

We understand that preacher Stovall has found something that is harder to do than preaching. That is, shelling black eyed peas. He received quite a bit of experience in this business Tuesday.

We are told that Pete Crutcher broke the rule this week when he attempted to take the regular Saturday night bath on Monday. Pete fell and cut his hand and foot and 15 stitches were needed in the repair work.

Mr. and Mrs. Fred Harrison and children and two Misses Bridges of Jarrell, Texas, are visiting in the home of Mr. and Mrs. Ed Shaver.

Mr. Cassle of Rule was here over the weekend visiting with friends.

Mrs. Caldwell and son of Abilene are here with her parents, Mr. and Mrs. S. L. Favor.

Mrs. J. T. May and son and Miss Marilyn Herring made a trip to Abilene Tuesday.

### Back in Public Eye

Newton D. Baker, Woodrow Wilson's Secretary of War, made the Convocation address at the Institute of Politics. His Ohio friends are trying to get him to permit the use of his name as a candidate for President.

### WHAT IS WRONG WITH TEXAS

Nothing's wrong with Texas, except entirely too many of us get up in the morning at the alarm of a Connecticut clock, button a pair of Ohio suspenders to a pair of Chicago pants. Put on a pair of Massachusetts shoes, wash in a Pittsburg tin basin, using Cincinnati soap, and a cotton towel made in New Hampshire, sit down to a Grand Rapids table, eat pancakes made from Minneapolis flour spread with Vermont maple syrup and Kansas bacon fried on a Saint Louis stove. Buy fruit put up in California, seasoned with Rhode Island spices and sweetened with Colorado sugar. Put on a hat made in Philadelphia, with a Detroit male fed on Oklahoma gasoline to an Ohio plow and work all day on a Texas farm covered with a New England mortgage, send our money to Ohio for tires, wondering why Texas taxes are \$2.75 per acre while Ohio farmers pay \$1.00 tax and drive on paved roads, and at night we crawl under a New Jersey blanket to be kept awake by a bull dog, the only home product on the place, wondering all the time, where in the world all the money went in this wonderful State of ours.—Exchange

You do not need a pencil to figure what is wrong with Texas. It is not Texas it is the people.

Mrs. Bobby Bradberry and children report having a very pleasant visit in Lubbock over the past week.

## Drivers of sixes never want less

because it takes six cylinders to give the smooth, silent power that makes driving really enjoyable

Drivers of sixes are spoiled for anything less. Drivers of sixes are sold on multiple cylinders. They would no more think of giving up "six" performance than any other real advancement of motoring. For them, the whole cylinder question has been settled.

Slip behind the wheel of a Chevrolet Six, and you'll know why these drivers feel as they do. Step on the starter, let the motor idle—and notice its silence. Throw in the

clutch, shift into "low"—and feel that smoothness. Change into "second," hit a faster and faster clip, slip into "high," sweep along at top speed—then throttle down to barely a crawl. The smoothness and flexibility you always get are six-cylinder smoothness, six-cylinder flexibility. Annoying vibration is gone!

Over two million owners have tested and proved this six-cylinder Chevrolet engine. They have found that it costs less for gas and oil than any other. They have found that it actually reduces upkeep costs, by holding vibration to a minimum. They know a six is better in every way—and they would never be satisfied with less!

Twenty beautiful models, at prices ranging from \$1275 to \$675  
All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and may C. M. A. C. terms.

THREE WORLD'S WRONG, BUT'S RIGHT!

By Ed Kressy

**WE'VE DONE OUR HITCH**

Am sitting here and thinking, of the things I left behind,  
 And I hate to put on paper, what is running through my mind;  
 We've dug a million trenches, and cleared the miles of ground,  
 And a meadow place this side of hell, I know it can't be found,  
 But there's still one consolation, gather closely while I tell,  
 Whoa we die we're bound for heaven for we've done our hitch in hell.  
 We've built a hundred kitchens for the cooks to stew our beans,  
 We've stood a hundred guard mounts and cleared the camp latrines,  
 We've washed a million mess kits, and peeled a million spuds,  
 We've strapped a million blanket rolls and washed a million duds,  
 The number of parades we've done, is very hard to tell,  
 But we'll not parade in heaven, for we've done our hitch in hell.  
 We've killed a million Dutchmen that tried to take our heads,  
 We've thrown a million hand grenades into the Dutchmen's beds,  
 We've marched a hundred thousand miles and made a thousand camps,  
 But when our work on earth is done, our friends behind will tell,  
 That we died and went to heaven, for we'd done our hitch in hell.  
 When the final tape is sounded, and we lay aside our cares,  
 And we do the very last parade, right up the golden stairs,  
 And the Angel bids us welcome, and the harps begin to play,  
 And we draw a million canteen checks, and spend them in a day,  
 It is then we'll hear St. Peter saying, loudly, with a yell,  
 "Just take a front seat, mister, for you've done your hitch in hell!"

**Domestic Efficiency**

Times largely by the widespread distribution of inexpensive electric power, the days of household drudgery rapidly are disappearing. Modern time, labor and money-saving Electrical Servants have taken the place of old-fashioned health-destroying methods, and the every-day life of today's Home-manager has been improved immeasurably.

Electric Ranges, Refrigerators, Washers, Vacuum Sweepers—literally hundreds of efficient Electrical Servants—will release you from drudgery household tasks. You will find more time to devote to your family... to keep abreast of world affairs... to aid worthwhile social movements.

If you are one of the few who have not realized the advantages of these modern and efficient household aids, investigate today. You will find these invaluable servants low in first cost—and they'll work for but a few pennies a day!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?
