

MANN TO OPEN CAMPAIGN IN SULPHUR SPRINGS

Sulphur Springs, Tex., April 27 — Finishing touches were put today to the program for the homecoming rally here Saturday when Gerald C. Mann will open his formal campaign for attorney general of Texas.

The program will get under way at 2 p. m., and will be climaxed with Mann's opening address of his candidacy for attorney general.

Mann's address will start promptly at 8 p. m. and will be broadcast over the Texas Quality Network of radio stations at Dallas, Fort Worth, Houston and San Antonio.

The day's activities will begin with music by string bands of Hopkins County and late in the afternoon fiddlers of the section will entertain the crowd

on the court house square which will be roped off for the homecoming celebration.

A band concert by the Sulphur Springs high school band will be given at 5:30 p. m. and delegations arriving from all sections of the state will be welcomed and introduced at the speakers stand beginning at 6:00 p. m.

An old-fashioned torch light parade led by pioneers of Hopkins County will immediately precede the address by Mann.

Arrangements have been made to care for the largest political gathering in the history of Hopkins County as thousands of Texans join in honoring "Jerry" Mann, Dallas attorney and a native of Hopkins County.

TWO BOY SCOUT TROOPS ORGANIZED IN KNOX CITY

About fifty boys gathered for their first Scout meeting on the lawn of the Methodist Church on Monday evening at eight o'clock. After a series of games enjoyed by all the group, they retired to the basement for the evening's business session. It was voted that the two troops would meet each Tuesday night at eight o'clock and that troop dues would be 5c per week.

Preceding the business session a discussion of the principles of Scouting and the meaning of the laws and oaths was given and questions on Scout routine were answered. Dr. R. C. Edwards reported to the meeting that American Legion had voted to sponsor a scout troop and had chosen as officials R. C. Edwards, Scoutmaster, E. R. Carpenter, assistant scoutmaster, H. M. Jones, chairman of troop committee with John May and Park Woodward as committeemen. Another Committeeman was to be elected and registered and to be announced this week.

The boys then divided into troops and patrols for the purpose of choosing other necessary leaders and officials. The meeting closed with each boy being notified to see that all boys desiring to join arrange for registering by Wednesday A. M. The results of the meeting will show that Knox City will have two scout troops and that the first regular meeting of each troop will be held at the Methodist Church and American Legion Hall respectively.

The meeting of the District Committee Scoutmaster's, Assistant Scoutmasters and troop committeemen will be held at Knox City on May 12.

Arrangements have been made with Mrs. E. Q. Warren for a musical program preceding the business sessions in charge of the Northwest Texas Area Council officials. This meeting is open to all the public and all men and Boy Scouts are urged to attend. Place and time of meeting will be announced next week.

ICE FACTORY RUNNING FULL TIME NOW

The Arledge Ice Factory is now running day and night. The plant just recently underwent repairs and several thousand dollars were spent putting it in first class condition. Their plant at Rochester has not begun making ice at this time as the local plant is large enough to supply the demand for the present. The Rochester plant will begin operation as soon as the demand for ice increases.

WASHINGTON NEWS LETTER

By W. D. McFarlane, M. C.

Non-Military Appropriation
The House, last week considered throughout the week the Non-Military appropriation bill providing a direct annual appropriation of \$196,609,725, and on Thursday finally passed and sent this measure to the Senate for their consideration.

The Relief Program
The President's new relief program has aroused the opposition, and we are now receiving very largely the same propaganda from the same organizations who have bitterly opposed the entire program. The national income this year indicates a decline of about \$12,000,000,000 over last year, and with business conditions showing the same downward trend, it is hard to realize how our economic problems can be solved by remaining idle and attempting nothing to improve conditions. Forcing money into circulation in a well-planned work program will start the cycle of reemployment and restoration of purchasing power now so badly needed. History records that we have never had prosperous times in this country with low prices and low wages. Prosperity comes only when we have good prices and good wages.

Wage and Hour
The House Labor Committee favorably reported S. 2475 with amendments, which in substance proposes:
To forbid employment of children under 16, and to regulate employment of children between 16 and 18 in hazardous occupations.
To prohibit employment for less than 25c an hour the first year, 30c the second, 35c the third and 40c thereafter.
To prohibit employment for more than 44 hours a week the first year, 42 the second and 40 thereafter.
To provide for reinforcement

through the Federal Courts.
The AF of L and the CIO have united in support of this Bill, and it is believed a favorable rule will be received this week to bring the measure before the House. It is believed that this measure will receive favorable consideration before adjournment.

The Tax Bill
The morning press indicates the tax conferees have agreed in substance on the undistributed profits tax provision of the House Bill, and on capital gains they have taken the 15 per cent flat rate contained in the Senate Bill. The House Bill was almost a complete surrender to the large corporations and gamblers and speculators which are the ones greatly favored by these proposed amendments to existing law. However the Senate Bill goes much further than the House Bill and gives these groups everything they wanted. The compromise means the great mass of the people will be forced to pay more taxes while the privileged groups, speculators and gamblers, and those having large incomes from tax exempt securities will be relieved of some \$300,000,000 in taxes. It seems unfair that the masses of the people, from the earned income of their salaries must be forced to bear this additional burden under these trying conditions.

The Calendar
The Senate, last week debated and finally passed the Naval Appropriation Bill, and then began consideration of the Naval Enlargement Authorization Bill. This measure will be considered until disposed of this week.
This week the House will consider conference reports on Appropriation Bills, District Legislation, Rivers and Harbors Legislation, and a bill to create additional Federal Judgeships.

Mr. and Mrs. Uris Lea had as their guest Rev. Lowrance of Dickens.

The Primitive Baptist filled their preaching services Saturday and Sunday.

DREAMS

Dreams! Beautiful, floating, hazy dreams! Dreams that haunt the subconscious mind, dreams that visualize the impossible; dreams that mold the future.

There are day dreams, smoke dreams, castle - in - the air dreams. All are caused by the idle reverie and imaginative ideas of the mind when it is at a period of relaxation and rest. Dreams have been noted for their analogy resemblance to storylike naturalness. Some dreams are distorted representations of actual happenings, and others are fragmentary incidents of wishes. Dreams have been known to guide people's lives, to form their character. The seeming reality of conflicting emotions or a state of a sudden catastrophe is ample reason for nightmares. Day dreams are the most peaceful. They come better when you are lying under a cool shade in the summer looking across the shimmering neat waves in to the cool purple of a mountain. This is the time for those desperate wishes and desires to be fulfilled. Such a world, such a life can be made humanly possible through a quick trip to dreamland. By an act of sudden shaking someone or sudden scream to do some task is most destructive to the continued happiness of the dreamer. How ever, all dreamers are not loafers. There has to be a dream for the construction of home, churches, bridges, sky-scrapers, success, happiness and marriage. Think of Robert Fulton, Thomas Edison, Alexander Graham Bell, Sebastian Bach, and Franz Schubert. These wondrous careers were first enacted in dreams. So think not of the dreamers in terms of idleness and foolishness but rather constructive and a big step to the future building of our countries. — Dorothy Shaver

TO THE SUNSET SENIORS:

The Junior Class and the Senior class take this means of telling the Seniors of Sunset and Mrs. Cash, their sponsor, just how much they enjoyed the play "Mama's Baby Boy," and the grand reception given after the very successful play. Every one had a grand time and Sunset, our hats are off to you.

SENIORS PLAN TO GO TO ABILENE

The Seniors plan to go to Abilene to Hardin-Simmons to the annual Senior day. Some of the Seniors will be absent on this day because they will be attending the band contest in San Angelo. However about three-fourths of the class is planning to go. Everyone is looking forward to the day with anticipation because it is known that all of the classes that have gone have enjoyed the day to the fullest extent. It is hoped that there will be enough ways for everyone and that is practically settled already.

HITHER AND THITHER

By ? ?
Back again! After a four weeks vacation your old muck rakers are back on the job again. Wherever there is gossip there may we be found. Our motto is: "Dig before you get dug."

Faye, remember that old adage, "Absence makes the heart grow fonder?" Lillian, we always knew you were an omen of good luck. Power to you.

After such a long and shall we say happy courtship, comes

the parting of the ways for Wynette and A. & M. Well, it seems that there is plenty of consolation in view coming from the west.

Mary Helen just went back, on her word a little bit. We do not mind though. After all, you did get rid of a little of the weight on your finger.

Bobby and Marie are always having trouble with those boys from the city of Stamford! This time it was car lights and every thing.

Ellena Fayne has all in a dither about her shall we say twisted affairs? It all worked out elegant though.

Paul "Romeo" Hoge is at last giving the girls a break. Or is it? Better we should find out before being definite about it? Buggy, was Sunday night such a celebration that Monday morning you couldn't make it to school? Shame, shame!

Rowena evidently believes in the old adage "Alls fair in love and war" but is it?

L. N. and Anita seem to be off again. So are Melvin and Zena, Sam and Odell.

Marion seemed to be sleep-happy over the weekend. Say, Pinky, what's the matter with Abilene.

We heard Dorothy say she would soon be wearing two class rings again. She claims they will always remain hers, too. Yeah, she seems to have heard that about "Did you know that a match will burn twice."

JUNIOR-SENIOR BANQUET

The Juniors have turned their thoughts toward the Junior-Senior Banquet to be given on May 6. Committees for the banquet are as follows.

Decoration committee:
Wynette Farmer, chairman, Geneva Walker, Sue Thompson, John Moulder, Maurice Stapp and Donnie Joe Gaither.

Program Committee:
Mary Frances Reeder, chairman, Doyle Graham, Glenn Huntsman, Anna V. Carr, and Geneva Walker.

Committee for place cards, menus and programs:
Annalu Warren, chairman, Sue Thompson, Rowena Hutchinson, and Glenn Huntsman.

Properties Committee:
R. E. Humphries, chairman, Joe Warren, Truman Cypert, James Gibson, Marie Darr, and Mary Helen Evans.

Here are four common expressions. See how quickly you can translate them back into simple English.

1. Equine quadrupeds may in dubitable be induced to approach that well known standard of specific gravity, but not necessarily be induced to imbibe thereof.

2. Calculous concretion in rotatory transition gleans slight bryophytic accretio.

3. Permanently absented in simultaneous conjunction with severely agitated admixture of nitrogen and oxygen.

4. The incontinently astirring rasorial vertebrate apprehends the lytta-like vermicular invertebrate.

SENIOR PLAY A HUGE SUCCESS FRIDAY NIGHT

Last Friday night the Seniors presented "Aunt Tillie Goes to Town!" and it was such a success that there are no words that can adequately describe it. There was a grand financial return from the play and every-

one was satisfied with the fine crowd of people that was present.

Aunt Tillie, Dorothy Shaver really went to town three or four times, and the last time she didn't go alone.

There are many things that will never be forgotten about the play.

We wonder:
How Marion acquired so much fat in such a short period of time?

How Dorothy Shaver managed in Mr. Whittis suit?

How Roy Lee Mills kept from dropping the barrel?

How Ellena Fayne White ever portrayed a serious part?

How Billye Benedict ever managed to be a man hatter?

How John Byron White aged so suddenly?

How Ruth McGee portrayed a character that was self-assured?

How Doyle Walker suddenly changed from a man who never wished to be married in to a man looking for a woman to marry him?

How Dorothy Darden ever refrained from hitting Roy Lee very hard?

How Juanita Herring portrayed a woman in her late forties?

All in all the Seniors are very proud of the success of their play, and they feel that they owe a lot of their success to their sponsor Mr. A. M. Whittis, who very ably and patiently directed the play. It is felt that they are indeed lucky in having Mr. Whittis as their sponsor, and also having him as the director of their play.

May this be a fitting opportunity for the Seniors to thank everyone who helped in any way to make their play a great success.

GRAHAMS ENTERTAIN THE SEVENTH GRADE

Saturday night the L. W. Graham home was the scene of the seventh grade party. The hostesses for the occasion were Mrs. L. W. Graham, Mrs. F. E. Walker, Mrs. D. B. Moulder, and Ernestine Teaff.

After enjoying many entertaining games, the group was served a delicious plate. The evening was enjoyed by the majority of the class.

RHINELAND WINS OVER SEVENTH GRADE TEAM

The Seventh Grade was well represented at the playground ball meet in Benjamin Saturday. Although they did not get the victory they had hoped for so much, they played grand ball and were good losers. One of the outstanding games of the day was the Knox City-Rhineland Seventh grade boys game. Frank Wallace McAulicy showed his ability as a good pitcher. The resulting score was two to one for Rhineland. But Knox City gave them a run for their money.

SENIORS ATTEND RECEPTION AFTER PLAY

Immediately following "Aunt Tillie Goes to Town" a reception was held in the Home Economics Laboratory. The Seniors from Sunset were guests of the Senior Class of Knox City.

The refreshments were arranged buffet style and consisted of assorted sandwiches, potato chips, cookies, and punch.

The reception was planned and served by Mrs. J. R. White, Mrs. Sam Clonts, Mrs. Henry White, Mrs. Grady Benedict, and Mrs. Ed Shaver.

KNOX CITY BOYS MEET TOUGH OPPOSITION

Saturday morning in Benjamin, Tex., all softball coaches of the county met to draw for places in the tournament to decide the county winner. All divisions of the meet were well filled by the different teams of the county.

In the Boys Junior High School division the Knox City entry handled by Mr. Shumaker met with inglorious defeat. The Greyhounds drew Benjamin in the first round; and although playing super ball, the boys were succumbed by the count of 6 to 2. The game was nip and tuck through the fifth inning when the more inexperienced boys lost their bearings to allow one run in the fifth to

break the 2-2 tie, one in the sixth and two in the seventh.

In the game for third place played against Vera, the same calamity happened with more disastrous results. The local team held their opponents through the early innings, but soon broke down and were conquered 9 to 2.

The boys played good ball was the report brought back to Knox City from Benjamin, but they were just out-classed with no alibis.

Those boys that represented Knox City in the Junior High School division were Joe King, Rufus White, L. N. Bridges, Gerald Averitt, Sam Woodward, Frank Nance, A. D. May, Dickie Mullins, Wayne Darr, and Clem Ball.

CHARMING ANIMALS ENHANCE APPEAL OF SNOW WHITE FILM

Walt Disney's conception of small birds and animals is one of the many reasons why he and his productions are beloved by old and young alike. His little rabbits, squirrels, chipmunks, blue birds and tortoises have exquisitely appealing qualities. Logically enough, Disney chose "Snow White and the Seven Dwarfs" for his first

full-length animated feature with its many chances to include animal characters.

When Snow White flees from the malice of the Wicked Queen and becomes lost in the woods, she is frightened by the oncoming darkness and the eerie forest sounds, and runs until she alls exhausted. It is then that dear, rabbits, chipmunks and birds befriend her and lead her to the shelter, the tiny cottage owned by the seven dwarfs.

One of the most charming scenes in the production takes place when Snow White, finding the cottage dirty, enlists the aid of her animal friends in cleaning it. Squirrels use their tails as brooms, others stack dirty dishes and hop up and down on the pump handle to

draw water. The bright-colored birds hang clothes on the line after the other animals have washed them, using the tortoise's underneath side for a washboard.

It is the birds and animals who discover that the old hag who visits Snow White is the wicked Queen in disguise, ready to poison her with a magic apple. It is they who warn the seven dwarfs, who immediately jump on the animals backs and give chase to the menace.

The animals in "Snow White" are not caricatured, nor do they ever talk, although Disney gifts them with human intelligence. Each one is pictured as a creature of charming individuality. **ROXY THEATRE, MONDAY Saturday April 30 & May 1-2**

Mr. Ding Branton, prominent business man of this city, will attempt to set to music, this week, the tune that George S t u b s has been trying to whistle for the past 30 years. We will admit that we are a fair judge of music, but we have never been able to tell what he is driving at. Postmaster Wilson thinks that it sounds like "I Want to Get Back."

Charges will be preferred this week, through city marshal Jim Stephens, against Harve Warren and Mace Moseley, for interfering with the United States Mail Service on Friday of last week. As Carrier No. 1 was serving four boxes near the railroad, he heard something strike him from behind. The first thought that entered the carrier's mind was he had been struck by a train after a moments reflection he turned and found that they had rolled into him with the bumper of their car. We think the boys had been in possession of too much Rock and Rye.

Mrs. Sylvia Favor, a very handsome young lady of this city, motored over to Stamford Friday of last week and brought back quite a nice string of fish.

J. Frank Barnard of O'Brien tells us that at the regular meeting at the Domino parlor, the application of B. F. Owens was accepted. The committee discharged the ballot, and Mr. Owens was declared duly and constitutionally elected. Mr. Owens being in waiting, the

was accepted in case and Mr. Owens received in due form, peace and harmony prevailing.

Mr. A. J. Malouf and family will leave the city May 8 for the old country and will be absent for several months.

Rev. Sherrill left Tuesday for Birmingham, Ala., to attend the Southern Methodist Conference and will be absent one week.

Col. Holt Moseley and Major Lee Smith Sunday on Croton Creek. Just another fish story.

If you want to hear a real genuine fish story, see Henry Thompson at the cafe.

G. A. Branton has just completed one of the largest barns in Knox County.

Emmett Partridge, manager of the Farmers Gin at Munday, entered the Hospital in Knox City Sunday for treatment. Emmett has been in bad health for several years.

C. H. Keck and wife visited in Seymour and Wichita Falls Sunday.

Park Woodward was in from his farm Monday. Park is one of the nicest farmers in the county.

I believe it was along about 1910 that Eli Williamson, then a bachelor, came to Haskell county from Red River County. He settled on what is known as the Bettis farm, and by the way he is still on the Bettis farm. Eli left a sweetheart behind at Detroit, whose name was Miss Vida Hulen. At that time we were transporting the mail in a two wheel cart. Eli kept complaining to us about being unable to hear from his girl. One morning as we were approaching his box, we saw Eli coming to meet us with his sleeves rolled up. He invited us to get out of the cart for a duel. After prevailing on him for some time he finally told us that the letter he had waited so long for had been advertised for three weeks in the Haskell Post Office. We finally compromised with Eli by agreeing to bring one on the next trip. Eli finally married this beautiful young lady and we are sure that he did not make a mistake. Mrs. Williamson is a Christian lady, and one of the leaders in the Smith Chapel Baptist Church. So far as we know, she never spoke a harmful word of any one in her life.

Ed Hackfield one of the busiest men in Knox City, is spending a part of his time in Rulic truck farming. He tells us that he finds that the soil in the Rulic country is better adapted to the growing of gardens than Knox County. We just wonder if Ed does not have some other at-

traction at Rulic.

Shirley Park will address the domino bunch next Thursday evening along the lines of perfection. Shirley is a fluent speaker.

DO YOU REMEMBER ?

From the files of the Knox City Journal, April 28, 1922. **BANKERS MEETING HELD HERE FRIDAY**

At the meeting of the Knox and Haskell County Bankers Association, held in Knox City last Friday, fourteen of the sixteen banks that form this organization were represented. The Knox City bankers, assisted by the business men and citizens of the town, entertained the visiting bankers from 10 a. m. until 12 at the Opera House. After lunch at the Orient and Boyd Hotels, a business session was held in the lobby of the First National Bank.

The Senior Chamber of Commerce met Monday night at Frizzell's Drug Store and discussed various matters of importance to Knox City and Community. It was suggested at this meeting that the C. O. C. adopt as its slogan, "A State Highway Paralleling the Orient Railway." It is a good suggestion and we believe it would be to our interest to pass on it at an early date.

Notices were found posted up around town one morning last week warning the negroes to leave town. The notices were on rough pieces of pasteboard, very poorly written or printed with a pencil and signed K. K. K. Some excitement prevailed for a day or two as a result of the notices, especially among the colored people. It is supposed to be the prank of some mischievous youths, as it is not believed that there are any men in the community who would be guilty of such a stunt.

W. M. S. OF CHRISTIAN CHURCH MEET HERE

The W. M. S. of the Christian Church met in a special business meeting in the home of Mrs. W. E. Marr on Monday. The ladies present after the short business session spent the afternoon working on the new curtains for the junior and the intermediate Sunday School departments.

The next meeting of the society will be held at the church with Mrs. John Atterbury in charge of the program.

CHRISTIAN CHURCHES

At the Knox City and Benjamin churches there will be the usual Bible School period at 9:45 followed by Communion service. There will be no preaching services at either of these churches as the pastor will be in Truscott for services both morning and evening.

At Truscott there will be a baptismal service at 2 in the afternoon. At 3 o'clock that afternoon the Secretary of the Texas Christian Missionary Society, Patrick Henry, will meet with the Board of the Benjamin Church. While this is a meeting for the Board all interested and would like to meet Bro. Henry are invited to be present.

C. E. Cogswell, Pastor Last week the pastor conducted services each morning and evening at the Knox City church. These services proved helpful to the congregation and many members of other congregations in the town were in this meeting. The Pastor and members of the congregation appreciated the gracious cooperation of the Baptist and Methodist churches in dismissing their services on Sunday evening. The pastors and several members of these churches were in the service. There was one addition by confession.

METHODIST MISSIONARY SOCIETY MEETS MONDAY

The Women's Missionary Society met with Mrs. C. C. Hoge Monday for their monthly social program. Mrs. C. A. Hull was the assisting hostess for the occasion.

Twenty-three ladies were present and a very interesting program on Rural America was given by Mrs. J. A. Wilson, Mrs. L. W. Graham, and Mrs.

SUNSET SCHOOL LIFE

You hear many people say "I have a new lease on life." Yes, you hear that many times but what does it mean? Does it just merely signify that one is filled with new zest, full of vim, vigor and vitality? or does it go much deeper than that? Take for instance a great commander in chief. For the past few weeks the whole nation has watched him. Once he was at death's door and only a few days ago he was walking along the streets of New York. Don't you think General Pershing had a new lease on life?

There is also another case. At a certain jail in another country the guards came to the door each morning and called certain numbers to go before the firing squad. And one particular morning the number of a certain Russian woman was called to go before the firing squad. And as she arose bravely to go before the guns the guard shouted "as you were." And then she had a new lease on life if only for twenty four more hours.

Do we realize the privileges of our life in this country? In foreign countries the small children are taken out of their homes and taught to fight. They are not taught peace; but we are. They do not have freedom and liberty of speech and press as we do; nor do they have the peace among their people resent it if they are told what to do with their life!

Beyond the privileges of our life, we run into the uses of our life. There are two types of people that show what we want by the use of our life. First we have the person who is always saying, "Oh! what's the use? Why should I make anything of my life? Why should I try to help others?" Then there are the people who want to make their life worth something, who are ambitious, who are interested in their fellowmen and who strive a goal.

In a few weeks there will be boys and girls graduating. Some are of the first type; but a majority of the students are like the second.

On mother's day we think of the many things our Mother's did for us. And Thanksgiving we remember the pilgrims' struggle. Easter brings forth Christ's Resurrection and other holidays bring back the hardships our forefathers I wonder how many of us remember those things in the things we do daily.

"The best of all is, God is with us," said John Wesley at the close of his long fruitful life. Not only in death, but also in life; but through all the years, God through his eternal son, is with us.

The Eagle's Echo staff appreciates Dorothy Garrett's sending in contributions for the paper even though ill health prevents her continuing her work. Dorothy was given a place on the paper staff when Inez Vernon finished school at mid-term, and she has been a very efficient worker. She has had to drop out of school for the rest of the year, but she continues to write articles for the paper. Thank you Dorothy keep the good work going!

SENIORS WELL PLEASED WITH PLAY RESULTS

Last Wednesday evening the Sunset Gym was packed with people who state that they really enjoyed the Senior play "Mama's Baby Boy." The seniors are deeply indebted to a number of people who helped make their night a success.

In the first place they are grateful to Mr. W. C. Kimbrough for arranging classes so that they might have a morning practice the week when they were learning their lines for their play.

They sincerely appreciate Mr. D. L. Dodgen and every member of the Knox City Band who came out and played Wednesday evening. That band really "made a hit." They are a swell

looking bunch in those attractive uniforms, and they can really make the music "go round and round." All Knox County is proud of that K. C. H. S. Band, and again all Sunset express appreciation to them for Wednesday evening's entertainment.

Those senior boys and girls who were in the play, and their Sponsor, too, just know they could never have done without Hazel Jones' help. Hazel is an expert in making up characters for stage performances. She watched the seniors in play practice Monday night, made them up Tuesday night for dress rehearsal, then made them up for the play Wednesday evening. Just mention it Hazel for there isn't anything those folks wouldn't do for you now.

When the seniors saw the Black face skit "On the Levee" they immediately felt that the between act number might "steal the show." They thank Mrs. N. T. Underwood, E. G. Parkhill, and Howard Payne Shannon for so ably assisting in the between act number. Too they express appreciation to the small children who played in the rhythm band.

The Junior Sponsor, Miss Spraggins, and the Junior Class took charge of the reception after the play. With the help of some of the senior girls, the Juniors prepared and served refreshments for the reception and Juniors, the Seniors think you are grand. We are really grateful to you for so kindly helping us when we had so many things to do.

The class is indebted to Mansell Hardware at Munday and Mr. Branton at the Knox City Hardware too for glasses and plates they used to serve the reception. They both were really very kind in lending their wares.

"Last but not least" the Seniors are grateful for all the people who attended the play. They especially appreciate all those folk who came from other communities to see their play.

The Seniors enjoyed working up "Mama's Baby Boy," and now they are happy over the results of their efforts. They hope all those who saw the play enjoyed seeing it as much as they enjoyed putting it on.

Loveda Cheek

By Lillian Hackney
Loveda Cheek, daughter of Mr. and Mrs. T. F. Cheek, was born on March 2, 1921, at Kopperal, Texas. She moved to Houston, Texas and stayed until she was four years old. Hearing so much of West Texas, she moved from Houston to Wier, Texas where she received her grammar school education. She spent the first part of her freshman year in Sunset, and she finished it at Red Springs. Loveda spent her Sophomore and Junior years at Walnut Springs, Texas, but to Sunset's pleasure, we have Loveda Carol spending her Senior year here. She is secretary and Treasurer of the Senior Class this year. When Loveda was in grammar school she was known for her hind catching on the Junior girls baseball team. Since she has been in high school, she has played volleyball for four years, basketball three years, and played volleyball three years, and played baseball two years. While at Red Springs, she was chosen as one of the all tournament girls on the volleyball team, and this year Loveda was chosen as guard on the all tournament team of the Brazos Valley League.

Her favorites:
Song — "Blue Hours"
Color — Blue
Sport — All of 'em
Teacher — All of 'em.
Boyfriend — Blond.

LEMUEL CLARKE

By Marguerite Jarvis
Lemuel Clarke, son of Mr. and Mrs. Tom Clarke was born July 27, 1918, at Groesbeck,

Texas. He went to school at Knox City for three years then moved to League and went there until he moved to Sunset and has been at Sunset all these years.

His favorites:
Sport — Dancing
Color — Blue
Song — "Four or Five Times"
Girl friend — Tall, dark and beautiful

Lemuel plans to enter Draughtons Business College at Wichita Falls, Texas, next year.

SUNSET SCHOOL RECEIVES AFFILIATION IN HOME EC.

Affiliation in First Year Home Economics was given at Sunset School by Miss Esther Soresen, District Supervisor of Home Economics, who visited the department Monday, April 18. She was impressed by the completeness of the equipment in the all-purpose laboratory. The Junior and Senior Classes have almost completed their second class projects and all of the girls are working on home projects.

WHO WAS THE WINNER?

The final event of the Knox County Interscholastic League Meet saw some very interesting games of baseball, Saturday. There is no doubt in the minds of any who saw the games but that the best teams won.

Sunset Grammar school teams were tops in their division as all who saw the games will readily agree. The girls taking three games with a total of 32 scores to 14 for the opposition.

The Sunset grammar school boys had some very good competition but emerged victorious in four games to take the championship in a field of nine teams. They scored a total of 37 points to 3 for the opposition. Thomas and Cude seemed to have too much on the ball for the opponents, aside from being ably assisted by their team mates.

The high school junior girls lost their first game to Rhineland, but came back and won over the Knox City team for third place in the meet.

The high school junior boys had to play only two games to win the championship. In the first game they won over Vera to the tune of 7 to 4. In the final they won over Benjamin by the scores of 3 to 2.

Summing up points then, the Sunset School won a total of fifty points in a play ground ball.

OUR SCHOOL

By Louise Gray
Let our school be a school of glory
Let our school be a school of pride
Let her take every possible honor
And never linger to the side
Let her shine in the hardest battles
Let her sing her tidings loud
That our school as we might have it
But standing out above the others
Most of all let her be true.

A RIDE

By Houston Sweatt
I ride my pony all day
I feed him hay
It sure does pay
For a ride all day.
I graze him on wheat
It can't be beat
I have two old nags
And their saddles are made of rags.
Each has a large hump
I feed them sugar, great lumps
I give them feed
They eat it like seed.

MRS. O. A. PARKER

Mrs. O. A. Parker died at her home five and one half miles east of Knox City, Saturday night, April 23, at twelve o'clock. She was buried in the Johnson Cemetery at Munday, April 24, at 4:30 o'clock.

Mrs. Parker, formerly Miss Nornie Mixson was born in Parker County 1890. Her husband, O. A. Parker, and six children survive. The children are one daughter, Mrs. Frank Griffith, and five sons, Jack, Joe, Jess, Howard, and Roy. Mr. Parker, Howard, Roy, and the daughter, Tida Mae Griffith were with the mother at

the time of her death. Mrs. Parker is survived by a number of grandchildren, and also by two brothers and one sister.

The pall bearers were: M. H. Simmons, Joe Brown of Cerec, J. W. Ward, Buddie Tankersley, John Jones and Oda Claburn.

Mrs. Almonrode had charge of the flowers.

Though Mrs. Parker had been ill for many months, she was always cheerful and kind to those who saw her.

Mrs. Wm. Humphries from Oklahoma City, is visiting this week with her mother, Mrs. M. A. Harton.

Mr. and Mrs. I. W. Wallin, visited relatives in Anson this week-end.

Mrs. T. J. Partridge, Wended Partridge, Herbert Partridge, Mary Moore, Wedrow Myers, Laverne Eiland, and Fuller Shannon went to Abilene Saturday to attend the regional meet.

Mrs. W. H. Burns and family went to San Angelo and spent the week-end with her son Mr. and Mrs. W. C. Burns.

Mrs. T. J. Bevel and daughters, Janie Faye and Annie Mae are visiting her daughter here Mrs. Bee Westbrook.

DOROTHY GAMMILL REPORTS ON ANNUALS

Due to many delays in orders, the progress of the annuals has been rather slow; but all of the staff members are working diligently and they hope to be able to issue them in a few days before school term expires.

THRILLS and SPILLS . . .

We wonder if Knox City had Frost this week end, we understood that they were supposed to have Frost in the south edge of town.

Fuller, can't you make up your mind whether it will be Knox City, Knox City or Knox City?

Did 'Buddy Bumpas fan out or strike out this week end in K. C. ? Maybe he hit a pop foul. Herbert says he wants some Moore track meets.

Say, what's gone wrong with Winters, she looks as if she had had quite a scare.

Be careful, Lemuel, we don't want you and that freshman boy to have any trouble.

The question in our minds is does Nell Nix still like Rhineland or could it be K. C. or Benjamin? ?

Has La Verne Bumpas got the three "Muskeeters"? We don't hear so much about them anymore.

Maybe the last cold spell got them.

It seems as if Lillian Hackney knows too much lately.

Traphene Wren still hears from Oklahoma, but has an interest in the Junior Class of Sunset, too.

Hallie Phine and Orville are still drifting along the same old path.

Robert Travis will never be happy because he likes Winters and birds too and birds just won't come when the Winters are here.

What was the matter Sunday night, Askelon? Wasn't there anyone at home in Knox City, or did Fuller have them all.

Did you have to go to Benjamin or Munday, or wasn't that you in Rule?

A certain Sunset senior boy wishes Ruth McGee wouldn't go to church so early on Sunday nights. Could it be Stogner?

Ralph McBeth makes a good chauffeur, so we hear.

Sammie Angle returned home Friday from Rotan where he has been visiting for the past week with his sister, Mrs. Frank Allred.

Your BAKER knows THERE'S NOTHING LIKE TEXAS GAS FOR BAKING

It is the quality of breads and pastries offered to his customers that largely determines the popularity of a baker's products. That's why practically all bakeries in Texas, wherever gas service is available, use heat-controlled gas bake ovens. For every baker knows that the even heat distribution and perfect temperature control by automatic regulators which these ovens provide are essential to his success in baking quality breads, cakes, pies and pastries. And, too, his operating costs are less with gas because of its cheapness, the efficiency of modern appliances and because of thick insulation which cuts down heat losses. For baking, your baker knows gas is best.

DEAR PEOPLE, MY PEOPLE; ALL ROT

Some of the state candidates for office in Texas are already pulling that old "Dear Peepul, My Peepul," rot. It is sop thrown out to catch the unthinking and get the sympathy and thereby the vote of the folks who fail to realize that soft soap and cheap perfume in the way of words is just a low grade sucker bait.

In selecting a man for public office eliminate all the unfounded charges thrown at the voters in a political campaign. Tell the candidates to keep their hand off your back, it might wander around and later get into your pocket book.

Listen to the man who will look you in the eye and has a record to back up his chin music. Any man can make big pronouncements, but it takes a "He Man" to fulfill only a few of them when he has to work with and through numberless other men.

Some men accomplish many things and say little about it, others accomplish little and loud speaker it over the universe until one not EXTRA well posted might believe they were near as powerful as the Almighty Ruler of heaven and earth.

Texas needs MEN in charge of the ship of State not leaders of hill billy bands, political nuts who run for office just for a chance to rattle their teeth at the public from soap boxes and trucks parked at street corners.

Ask the candidate, "What have you done for the good of Texas?" and be prepared to check his answer, for the answer will not always stand where truth is the yard stick of measurement.

—The Jayton Chronicle

When we read about the military preparations being made by European nations, we are reminded of the squawks these nations made when asked to pay their war debts. They declared that it could not be done, yet every one of them has spent more money getting in shape for the next war than they owe us for the last one. If the national government exercised the common caution of the average banker it would require some very substantial security before any more loans were made.

A GOOD MOVE

In a recent issue of the Shamrock Texan we read an article to the effect that the Wheeler County commissioner's court had voted to buy all their printing and office supplies from local firms. This order to buy all printing will mean some \$2,500 to the two printing firms in the county—and who is more entitled to that printing than the local firms who are in a position to do more for their county than any other business in the county.

The columns in the newspapers reach more people and carry more weight than any other medium—local newspapers in the average small city say and do more towards urging people to trade at home than any other medium and a publisher is usually the first person to practice what he preaches.

Our policy is to encourage the citizens of the town and county to support local merchants—and in turn when the local merchants support us, we are grateful. —Paducah Post.

WITHOUT POLITICS

Hugh M. Foster, writing in the advertisers journal, "Printers Ink," discusses the astounding results of a memorable meeting held early in 1936 between representatives of the National Cooperative Council and the National Association of Food Chains. The National Cooperative Council is an association of 51 agricultural cooperative organizations, whose membership totals about 1,500,000 farmers, while the National Association of Food Chains represents the bulk of the food chain industry.

The meeting between these two powerful groups in 1936 initiated the producer-consumer campaigns which overnight became a national movement, later joined by organized food distributors. It was a movement that brought prompt aid to farmers suffering from crop surpluses and glutted markets. For example, when producers of a specific farm commodity are faced with these evils, they turn to the organized retail distributors who immediately launch a unified campaign to boost consumption. To date such campaigns have been unbelievably successful and promise to be even more so in the future.

As Mr. Foster observes: "These campaigns have demonstrated that farm relief can be practical. They have solved the agricultural problem by taking the farmer out of politics and showing him business methods in operation."

Despite the tongue lashings of politicians, organized retail stores have made tremendous contributions to the general welfare, and are continuing to do so. And agriculture has been one of the greatest beneficiaries.

HIS SOUL WILL SHRIVEL IN HELL

There's a certain person in this city who committed an act the other day that will cause even the devils in hell to shrink away when that person enters for his eternal punishment.

Of all the slimy flotsam and putrid souls that will be there, none will greet this person for their bellies will quiver with nausea and they will hold their noses as this dog poisoner comes to receive the eternal punishment.

In the scale of human gradations there is nothing lower than that of a dog poisoner. When the friendly, chummy pet accepted the proffered gift of a bit of poisoned food it did so gratefully, thinking, "here is another friend."

Then slinking away and from behind closed curtains, the poisoner watched the animal innocently eat the death potion that was within a brief interval to cause agony and slow death.

You, who committed this act, from which there can be no human pardon, will feel the eyes of accusation as you walk down the streets. As you pass people by, go into the stores, do your daily routine, you will be conscious of the silent thoughts of those you see who will say to themselves "there goes a dog poisoner."

You have poisoned yourself and you'll live a thousand deaths until you die. The pet dog you killed had it the easiest way.

—Art Jenkins in Mascoutah, Ill. Herald

COLONELS, COLONELS

There is some mystery as to how many honorary colonels Texas has outstanding. The appointments by governors are not filed as public records but are listed only in the executives' personal correspondence.

Governor James V. Allred says he has appointed 30 or 40, including perhaps a dozen in his second administration, but the number named by several acting governors is not known even than accurately.

Some governors have no hesitancy in announcing such appointments but others are reluctant to do so for fear of offending persons who sought the honor without success.

It is reported that President Roosevelt receives many letters each day asking financial aid in paying off mortgages on farms, churches or the family car. We know just how the President feels, as we get eight or ten letters a day from individuals and governmental departments asking for free publicity—when publicity is what the Herald has to sell.

RAILROADS BOOST TEXAS BUSINESS IN 1937

Texas benefited substantially from the expenditures of the railroads in 1937 for materials, supplies, fuel, new equipment and payrolls, it is revealed in a special study which has just been completed by the Bureau of Railway Economics of the Association of American Railroads.

Railway purchases in Texas last year totaled \$23,074,728, the report shows. Of this sum, \$23,070,759 was spent for materials, supplies and fuel, while \$3,969 went for new equipment not including that built in company shops. These purchases were made in 603 towns and cities located in 190 of the 254 counties of the state.

Wages paid to railway employees in Texas during 1937 amounted to \$79,286,059.

The review discloses that, for the nation as a whole, the railroads last year paid \$1,133,361,468 for the more than 70,000 different items which they use. Materials, supplies and fuel cost \$966,383,000 and expenditures for all new equipment except that constructed in railway shops totaled \$166,978,468. More than 12,000 towns and cities located in 2,638 of the 3,072 counties of the United States derived direct benefits from this large volume of railroad buying.

OPENING GUNS IN RACE FIRED BY YARBOROUGH

CLYDE E. SMITH

Tyler, April 21 — Enthusiastic messages as to his strength in all sections of the state were received as Dis. Judge Ralph Yarbrough of Austin opened his campaign here Tuesday night for the Attorney Generalship before a large crowd that included delegations from Athens, Marshall, Kilgore, Henderson, Longview and other cities. Yarbrough plans to launch at once into an intensive speaking campaign throughout the State.

Reviewing his record as Assistant Attorney General, Yarbrough pointed particularly to his services to the public schools including the winning of \$1,073,500 in one case, the second largest money verdict ever collected by the State; fighting successfully to raise the price of oil from public lands so it would be in line with other oil; getting "strappage" abolished so the pipelines now have to pay for 100 per cent of the oil from public lands, and writing the bill which set aside the oil royalty from remaining riverbeds for the public schools.

"The Attorney General is chosen by the people and it is to the people that he owes allegiance," Yarbrough said. "They should choose a man whose record shows both the willingness and the ability to serve the general welfare. To select a man who has been a mouthpiece of special privilege is to ignore the admonition of Holy Writ that a leopard cannot change his spots and that no man can serve two masters."

IT IS DANGEROUS

It is dangerous to sell a SUBSTITUTE for 66¢ just to make three or four cents more. Customers are your best assets; lose them and you lose your business. 66¢ is worth three or four times as much as a SUBSTITUTE.

Woodyville, Texas, April 20. —Clyde E. Smith of Woodyville, Tyler County, prominent East Texas attorney and civic leader, announced today that he will take the stump for Lieutenant Governor Walter Woodul of Harris County in the Attorney General's race.

Mr. Smith is one of the most popular figures in the political and civic life of East Texas. He served four terms, from 1927 to 1935, as district attorney, making an enviable record. He was first assistant Secretary of State during 1935 and 1936. He is a leading lawyer and an orator of note. He is Worthy Grand Patron of the Order of Eastern Star of Texas.

In the 1934 Democratic Primaries he polled more than 200,000 votes as a candidate for Attorney General of Texas.

Responding to numerous inquiries regarding his choice of candidates for the Attorney

General's office, Mr. Smith gave out a statement which said:

"I am grateful to the many friends who have urged me to run for the office of Attorney General, but for personal and business reasons I am unable to make the race.

"I shall support Lieutenant Governor Walter Woodul of Harris County, who has formerly announced for the Attorney General's office. I expect to campaign actively in his behalf.

"Walter Woodul possesses every qualification needed to make a great Attorney General. He is a distinguished lawyer in public service to his state. He is thoroughly acquainted with the public problems confronting with an outstanding record of Texas and his impressive record is proof that he will administer the office of Attorney General wisely and with energy, independence and courage.

Fifty-three National Youth Administration boys in Fort Worth, working part time as rock masons' helpers, are constructing a utility building on the Rockwood Municipal Golf Course, C. P. Little, Jr., district NYA supervisor, has reported to J. C. Kellam, State Youth Director.

Three of a group of NYA youths working part-time at the Jefferson-Davis City-County Hospital in Houston have been given regular employment by the hospital, W. O. Alexander, district supervisor, has reported to J. C. Kellam, State Youth Director.

Student Congressmen from Texas

JACK ROBBINS

Denton, Texas — But 17 years old, two underclassmen at North Texas State Teachers College, Jack Robbins and Gordon Carpenter of Denton, will get a taste of national politics when they serve as student congressmen at the National Forensic Congress to be held at Topeka, Kan., April 17-25.

The "little Congress," which will duplicate the legislative machinery in Washington, is a new feature of the National Pi Kappa Delta debate tournament. It will draw student orators from colleges and universities over the entire United

GORDON CARPENTER

States. Both Denton representatives will serve on important committees. Carpenter on the agriculture and Robbins on the interstate and foreign commerce committee. The Congress will be opened with a message from President Franklin D. Roosevelt.

Teachers College entries in the Topeka debate tournament are John L. Sullivan of Sanger, William Wade of Sherman and Misses Faye Cooper of Petroila and Leah Tate of Ennis. Debate Coach Bullock Hyder has announced.

Isn't this the real problem of Beer — and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled...by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized...to align the brewing industry with forces working for the public good in this country.

Our underlying motive...to perpetuate and promote our industry...is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

DEADLIEST ROADS ARE CHARTED

When you obey that impulse and step up your car past 60 miles an hour on the road between New Braunfels and San Antonio, you're flirting with death.

And when you set out from El Paso with the intention of crossing the state in a day, and push the accelerator down to 69 miles an hour — as 68 per cent of the motorists do — you may get where you start but not alive.

Best statistical evidence showing the maximum "safe" speed at which motorists may drive on the various main highways of the state have been compiled by Carroll Monroe, statistician for the Department of Public Safety.

These speeds, he pointed out do not take into consideration the state law which fixes the top limit at 45 miles an hour. If all motorists observed the speed law, there would be a lessening in the motor accident fatality rate.

But tests show they don't observe it; and further tests show that they will drive as fast as a 69-mile average for all passenger traffic over a stretch of about 40 miles.

This high point is for east-bound traffic outside of El Paso headed towards San Antonio about to Crane County. Passenger car speed averaged from

63 to 69 miles an hour; and this was far above the danger maximum.
