## Area Receives Rain

Smiles were plenty evident in Knox City and the surrounding area last weekend as much-needed rain fell both Saturday and Sunday.

Amounts of 1.90 within the city limits to 2.7 southeast of Knox City were reported. Benjamin reported 1.50 while O'Brien reported approximately a two-inch total.

The rain fell slowly and every drop was absorbed by the dry soils.

Wheat farmers should benefit as the rains came at a crucial time, thus keeping hopes alive for a good wheat crop.

Others busy listing up their land for spring planting were very happy and several in the area were already irrigating.

Rains in the Abilene area were much heavier with some flooding reported in several areas in town.

In the Dallas-Fort Worth area, Six Flags Over Texas was closed for the first time in its 17-year operation due to flooding, with water measuring up to four inches in some of the structures at the amusement park at Arlington.

Some areas reported turbulent weather, but this area was extremely fortunate in receiving just 'good' rain!

## Oil Workshop Slated Here

Harold Scott of Sayre, Oklahoma, will conduct an oil workshop in western landscapes here April 4 through April 8 at the Knox City Mini Mall, according to Mrs. Romain Stubbs, owner and operator of The Art Stall.

Mr. Scott, an accomplished artist, who is known as "cloud man" for his outstanding technique in portraying cloud formations, recently had one of his paintings featured in the Southwest Art magazine.

With seven years of painting to his credit, his well-known works have been displayed at Artists Unlimited in Denver, Colorado and will also be featured locally at the Citizens State Bank during the month of April.

Having been to Knox City several times, Scott also holds workshops in Stamford and Hamlin.

## Hunt Rites Held Monday

Mr. Hunt, 71, died at 4:30 a.m. Friday in Baylor University Medical Center in Dallas following a brief illness.

Born April 27, 1905 in Greenville, he married Lou Williams on December 28, 1924 in Burk Burnett. They moved to Knox City in 1953 and he established the Knox City Army Store as owner and operator. ## Governor Proclaims Defensive Driving Week

Reminding Texans that traffic safety is ultimately the responsibility of each individual driver, Governor Dolph Briscoe proclaimed April 3-9 Defensive Driving Week. The week is a national observance designed to focus public attention on the need for safer driving habits as well as to encourage enrollment in the National Safety Council's Defensive Driving Course.

"Last year 3,200 Texans died in car accidents," noted Hugh L. Scott, president of the Texas Safety Association. "Had they been Defensive Driving Course graduates, that figure could have been one-third lower."

An eight-hour, classroom course, DDC teaches crash avoidance techniques used by professional drivers. Studies show that DDC graduates had 32 percent fewer accidents the year after taking the course as they did before.

Four hundred fifty agencies across the state regularly present the course under the supervision of NSC and the Texas Safety Association. DDC teaches drivers to recognize traffic hazards, to understand the defenses against them and how to act in time to avoid accidents.

"In addition to a special textbook, films and other visual aids are used to analyze accidents and their causes as well as to determine how they could have been avoided," Scott explained.

KNOX CITY'S ONE-ACT PLAY CAST will present the play "The Small World of Millie McIvor" Thursday [today] at 2:00 p.m. in the school auditorium. ### STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Love knows no limit to its endurance, no end to its trust, no fading of its hope; it can outlast anything. It is in fact, the one thing that still stands when all else is fallen." (1 Corinthians 13:7-8 Phillips)

When you are born again and you have Christ living within your heart, you have power, strength and the purity of this great love. It casts out of your heart, mind, and life all ungodliness; you become Christ-like -- living for others, loving all mankind, with no ill-feeling toward anyone; only love and mercy. (Romans 15:1-3)

Examine yourselves by the Word of God and see if there be any wickedway in your living. (Ephesians, fourth chapter)

Let this love of God dwell in you richly, you will be able to stand steadfast and be unmovable when all else fails. Christ gave this kind of love for you and will give it to you.

## Texas Women for Agriculture Form New Statewide Group

AUSTIN--Women have always done their share on Texas farms and ranches and now they have a new opportunity to support and promote Texas agricultural interests.

A non-profit organization, Texas Women for Agriculture (TWA) has recently been certified as a non-profit organization by the Secretary of State.

"Our goal is to work for the progress of agriculture in our state. We hope to monitor legislation that affects the livelihood of farmers and ranchers, as well as consumers of Texas food and fiber," according to Alice (Mrs. Alvin) Wiemers, state president.

TWA was organized to promote the production and distribution of Texas agricultural products, to promote an educational program to advance the interests and welfare of the family-type agricultural production, and to promote more effective communication between the consumer of Texas agricultural products and the producer.

Mrs. Wiemers explained, "Texas Women for Agriculture is not restricted to farm and ranch wives. In fact, we encourage women in agri-business, government service and anyone else interested in our goals to form chapters in their areas."

Agriculture Commissioner John C. White met with the Medina County group on their recent tour of the State Capital and promised support of the Texas Department of Agriculture in their organizing efforts.

House Speaker Bill Clayton and Representative Joe Hubenak, Chairman of the House Agriculture and Livestock Committee, spoke with the group in the Capitol and encouraged their efforts.

Membership and information can be obtained by sending \$5 annual dues to Texas Women for Agriculture, P.O. Box 83, Hondo, Texas, 78861.

## FHA FRESHMAN CLASS NEWS

By Gerri Watson  
After coming back from the spring holiday, we started back to work again. We have been working on Encounter. Encounter is a plan for self-improvement and individual growth. There are three levels. We are working on the first level which is the Key Phase. The second phase is the Scroll Phase. The third phase is the Torch Phase.

We are working again on our last Home Experience. Everyone has to sew something such as a dress, pajamas, robe, or a sports outfit. They are due in about four weeks.

Last Monday night, March 28, we had an FHA meeting. At this meeting we elected officers for our local FHA Chapter for next year.

## EDITORIAL COLUMN

By Kelly Robinson  
Every year, around this time, school activities really hit a constant come and go. There are all kinds and types of events and happenings going on this time of year and there are very few days that are without some type of meeting, contest, or convention. Also, it is at this point in the year that the Seniors begin seriously thinking about graduation, Senior Trip, and what they are going to do the rest of their lives.

Sports is always a big event in any school and it is no different during the spring. Such sports that exist are track, tennis, and golf. These three sports are participated in by both boys and girls and require a great deal of one's time. When practice time and the actual contests are tallied, it is realized that there is a lot of time and work that goes into these activities. For some, who participate in not only one, but two, or maybe all three, there isn't much time for anything else.

Physical strength and ability are not the only way for a student of KC-O'Brien to compete. The mental skills, which are gained by students from school classroom work, become very important when preparing for the UIL literary contest. Knox City High has an excellent chance to win the District title in UIL this year, as interest has been strong. KC will have entries in Poetry, Prose, Persuasive Speaking, Shorthand, Ready Writing, Science, Journalism, Typing, and Number Sense. In addition to these, is the One Act Play, which last year was a District Winner. A combination of all of these could bring the title back to KC for the second of three years.

After participating in all these extracurricular activities, the students might even find time to attend a little school.

SPECIAL NOTES: The Literary meet was held Tuesday; results next week: One Act Play will be presented Thursday (today) at 2:00 p.m. in old gym.

## REMINDER TO VOTERS

Let me take this opportunity to remind each of you to vote Saturday. As you know there is a vacancy on the Knox County Hospital Board that must be filled. We have two members on the board from the Munday - Goree area. This is fine; however, I do believe Knox City and the western part of our precinct needs to be represented also. ## Former Residents Are Hosts For 'Remember When' Dinner

Mr. and Mrs. C.D. White of McFarland, California, formerly of Knox City, with their daughter and her husband, Mr. and Mrs. Jack Rider of Bre, California, hosted a "Remember When" dinner party in the Fellowship Hall of the First United Methodist Church Friday night, March 25, for a number of relatives, former classmates, teachers and friends.

Jessie Teague, Ruby Robinson, Emma Watkins, and Marie Reeves, prepared the delicious meal of roast beef and gravy, scalloped potatoes, green beans, several relish plates, hot rolls, cake

squares, iced tea and coffee. C.D., as master of ceremonies, led the group in reminiscing about "the days of yore" when things were not quite so complicated or sophisticated as now; however, it seems the nature and antics of teenagers never change; and dedicated teachers still have a great influence on the aspirations and characters of the young lives they touch in their formative years.

It was a most enjoyable evening and all those attending expressed their appreciation to the Whites for having been such thoughtful and gracious hosts.

Those present were Carl and Frances Chafin, Horace and Louise Finley, Bud and Mary Alice Thompson, John and Daisy Dean Smith, Vernon and Jackie Bridges, Lloyd and Allene Waldrip, Ford and Flossie Waldrip, Henry and

Ann White, Olvis and Virginia Hamon, Neal and Lillian Logan, Jesse and Odell Hitchcock, Curtis and Opal Coates, J.C. and Lena McGee, Gretchel Colehour, Opal Hutchinson, Loree Clarke, Marjorie Baker, Veta Allison, Ruby Robinson, Jessie Teague, Anita White, and Myrtle White.

C.D. White was reared in and around Knox City. He finished high school here in 1926, and in 1927 married Cora Whittacre. Soon after he and his bride moved to California where they still reside. He became a successful farmer and landowner, both in California and Australia. Recently they sold all of their farming and ranching interests and are devoting their time to their grandchildren, church and civic activities, with a bit of traveling on the side.

## Mrs. Wall Addresses Garden Club

Mrs. H.E. Wall presented a special program on the topic of chrysanthemums during the March 8 meeting of the Knox City Garden Club. The regular meeting was held in the Community Center at two o'clock.

Mrs. Wall, who was introduced by Mrs. H.W. Finley, had varieties of chrysanthemums for members to take and grow in their gardens.

Conducting a short business session was Mrs. G.E. Wilson.

All members answered roll call with an effective plant label. Mrs. M.L. Cowan made an all green arrangement for the meeting.

Hostesses Mrs. Ulric Lea and Mrs. Clara Smith served green punch, shamrock cookies, and salted nuts from a beautifully decorated table featuring the St. Patrick's Day theme. A green hat filled with shamrocks and several other symbols in green and white formed the centerpiece.

On March 15, the Knox City Garden Club served ten patients in the Brazos Valley Care Home who celebrated their birthdays. Cake and punch were served to the guests with the theme of St. Patrick's Day being carried out. Money gifts were given to the birthday honorees in small green pixie hats.

According to a spokesman for the group, everyone had an enjoyable time sharing and singing together after the party.

Yard of the Month was the Milton Reeves home at 306 South Central and was selected by club members Mrs. C.C. Hoge and Mrs. J.C. McGee.

Garden hint for the month is to spray roses for black spots and mildew, divide cannas, day lilies, phlox and violets.

## Former Resident Is 'Teacher of the Year'

A former Knox City resident, Mrs. Elsie Smith of Dimmitt, was chosen as Conservation Teacher of the Year at the Running Water Soil and Water Conservation District awards banquet Saturday, March 12.

Mrs. Smith, sixth grade teacher in Dimmitt Middle School, is the daughter of Mr. and Mrs. L.W. Graham.

She began first grade in Knox City under the guidance of the late Mary Reeder Vaughan. After graduation from Knox City High School, Mrs. Smith attended college at Denton and later taught

school in Knox City for four years before her marriage to the Rev. Bedford Smith, who is now retired. After spending 24 years rearing a family in a parsonage, Mrs. Smith resumed her teaching career. Even as a first grade teacher in Knox City in earlier years, she taught about growing things and respect for natural resources. However, this year her sixth grade class had as a project a mini-greenhouse and a mini-garden at school.

Her students have made reports on the use and care of soil, and all the pupils prepared papers on Soil and Water Conservation. They also experimented with seed germination in different soils and application of water on model terraces and contour plowing mock-ups.

Mrs. Smith was later interviewed over their local radio station, KDHN, about the projects.

After resuming her teaching career sixteen years ago, Mrs. Smith plans to retire at the end of this school year.

### Mrs. L.W. Graham Birthday Honoree

Mrs. L.W. Graham was honored with a surprise birthday supper Saturday night, in observance of her 85th birthday on Sunday. The supper was hosted by Mrs. Graham's son and his wife, Mr. and Mrs. Jeff Graham.

Another of the Graham's children, a daughter and her husband, Rev. and Mrs. Bedford Smith of Dimmitt were here and visited during the weekend.

Other guests included Mrs. Graham's husband, L.W. and her brothers and their wives, Mr. and Mrs. Abe Watson and Mr. and Mrs. Earl Watson, all of Knox City.

During worship services Sunday at the First United Methodist Church, the flowers in the sanctuary were placed there by Jeff and Faye in honor of Mrs. Graham.

## Walls Return From Pacific Northwest

Former Knox City residents Tess and Hank Wall of Santa Fe, New Mexico, recently returned home from business and holiday travel that took the pair to the Pacific Northwest.

During their journey, the Walls saw shrunken rivers, shallow lakes and not a drip from those tall trees in the virtual rain forests of the Oregon and Washington mountains. They were shocked upon seeing for themselves how the continuing drought has devastated that area. The mighty Columbia River, a major source for hydroelectric power, is down,

down, down as are other major rivers of that area, Mrs. Wall said, adding that if one had been in that part of the country a mere three years ago and returned now, he too, would be shocked. They were back in Santa Fe prior to the time of some rainfall and snow in that area.

"There is no way now," she added, "that that deep, deep snow that did not fall and those daily rains, if they come, can make up this summer for the two full years of drought in that section of the country."

Wall is the son of Mr. and Mrs. H.E. Wall Sr. of Knox City.

### Lions Club News

By Z.I. SMITH  
Lions were busy Wednesday and happy to have Lion John Smith bring his four clerks from Benjamin to our meeting as guests. (He said brother Hob would pay for them. That's a big Ha, Ha). Also, Lion Jimmy Lynn had his son, Jimmy, as a guest and Lion Randy Coale brought Guy Cook. Lion Coale nominated Cook for membership in the club. Rather than lose time hunting for a character witness for Lion Coale, the Club allowed Cook to back in, with a Lion Roar.

Chairman Alton Fitzgerald read nominations of his committee for a slate of officers for 1977-78. With no additional nominations from the floor, the Club voted for the following: president, W.R.

Shiflett; first vice-president, James Patterson; second vice-president, W.R. Baker; third vice-president, David Lorenz; secretary-treasurer, Barney B. Arnold; tail twister, Ted Bolze; assistant tail twister, Hob Smith; lion tamer, Ray Goodrich; director, one year, Otto Lawson; director, one year, Merle Tackitt; director, two years, Randy Coale; and director two years, Z.I. Smith. Also serving on the board for one more year will be immediate past president John McGaughey. These Lions will take office on July 1.

President McGaughey announced that the Lions donut sale was a great success and completely sold out.

Lion W.R. Baker reported the appeal on consolidation of schools time had run out and the previous ruling was allowed to stand.

A letter from international president J. Fernando Sobral of Brazil, was read to all members commemorating the death of Lion Guy Robinson.

Lion Hob Smith brought the Rochester Junior High Band, under direction of Miss Cindy Friley, to present the musical program. All Lions appreciate these students and their efforts in entertaining.

## O'Brien Happenings

By CHARLENE BROTHERS

Sand, sand and more sand seems to be the way of life around here lately. Sinus bothers are in for trouble for a long time to come, I think. Maybe we should move to Denver or somewhere like that, guess we would have something else then.

It seems that this is the bone breaking season around O'Brien lately. A few weeks ago, Mrs. Humberto Gutierrez was in a car accident and received a broken leg, last week I mentioned that Andy Correll had broken his arm, I found out that he fell out of a tree, and Tuesday Toni Hewitt ran into a post at school and broke her collar bone and bruised her eye and face pretty badly. (She was chasing a boy and evidently did not see the pole in time.) Mrs. Gutierrez is home doing pretty good and very thankful to be alive, Andy has gone back to school and Toni said she could go to school, but I'm not sure at this time if she went today, Wednesday, or not. We all wish them a speedy recovery and good luck in the future.

We had a first in O'Brien Junior High last week, a band concert, and from the reports I received the turn out from O'Brien was very poor. I did not get to go because of a sinus headache, caused from the sand, Melanie Whitley said a few words to me, not very bad ones, but anyway we agreed I should have been there along with a lot of other people around me.

Remember the City and School elections coming up Saturday. They will be held at the gin office from 7:00 a.m. to 7:00 p.m. Surely in twelve hours time we can all find time to go and vote for the candidate of our choice, or if you do not feel you can vote for any of them it is perfectly legal to write in a candidate. Just please use some common sense if you do write-in, I mean by this use someone that is eligible for the office you are writing him or her in for, for instance you have to live in the City limits to be a councilman or mayor, and have been for six months; for the school you cannot work for them or any of your family, so please remember this and do not just write anyone just to be smart or cute, this is strictly my opinion no one else's. Just do COME OUT AND VOTE, or forever keep quiet.

WHEN ONE PLUS ONE DOES NOT EQUAL TWO

In mathematics, the addition of one and one will always equal two. But in pharmacy this is not true all the time. Every medicine has its own particular use but sometimes two medicines working in combination will produce a third different result.

There are many such medicines and we are familiar with all their functions. When a physician gives you two prescriptions in treating a condition, this combined result could be what he is striving for. Always have every prescription you are given filled without delay and take as directed.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

STATE CERTIFIED

## THE EARLY BIRD

This relatively early Lockett variety is getting more and more recognition as a fine, early cotton for this area.

Its early maturity (slightly earlier than Paymaster 18) along with being a highly determinate variety, allows it to set bolls early, then "cut-out," resulting in the production of more mature bolls with higher lint quality. It is well adapted to narrow-row as well as conventional planting because it matures early and the close-fruited plant holds the low bolls off the ground. Lockett 4789-A normally produces a good yield of quality fiber with staple length of an inch or more. It is recommended for both dry and irrigated land. However, under irrigation it should be grown only on wilt-free soils.

To be sure you're planting the real thing, buy only certified seed from a Pioneer Seed Dealer. Reserve your supply of Lockett 4789-A planting seed now.

## Your Social Security

Most social security beneficiaries who earned over \$2,760 in 1976 and received any benefits need to file an annual report of their earnings with the Social Security Administration, according to James Harper, Social Security Branch Manager in Vernon. Even if social security benefits were withheld based on an estimate of earnings, a report needs to be made based on the actual amount of earnings. "Although the deadline for filing the report is the same as that for filing a tax return (April 15), the report is not accomplished by filing the tax return, as many people think," Harper cautioned.

Separate report forms are usually mailed automatically to any beneficiary who estimated he was going to earn over the \$2,760 limit. If the earnings did not go over the limit, a refund of withheld benefits is due, and a report should be filed to receive those benefits. If no benefits were withheld, however, and the earnings were less than \$2,760, no report is required. "Earnings mean gross wages or net profits from self-employment," Harper explained.

A special exception is those beneficiaries who were age 72 or over for all of 1976. An

annual report is not required from them since earnings after age 72 do not count against social security benefits.

The earnings limitation in 1977 has been raised to \$3,000. Harper explained, "as long as a beneficiary earns \$3,000 or less for the year, the earnings will not affect his benefits." Special rules apply to disability beneficiaries, however.

Harper also mentioned that many beneficiaries increase their benefits by working, when the current earnings replaces a year with lower earnings in their benefit computation. This benefit-re-computation is done automatically and does not have to be requested.

Annual report forms and other assistance can be obtained at the Social Security office at Vernon, or by telephoning at 817-552-9346. For people who live in Childress, Quanah, and Paducah, you may call toll free on the enterprise number 6-5013.

If you are over 65 years of age and do not have the medical insurance part of Medicare, March 31 is an important date to you.

Doctor bills and certain other non-hospital expenses

are included under medical coverage.

Persons may enroll during the General Enrollment Period which began January 1 and ends March 31. Your protection will begin July 1. Premiums will be increased by 10% for each year you delayed after you were first eligible to enroll.
