

Three Knox Citizens Injured When Auto Overturns

Three Knox City youths were injured about 10 p. m. Saturday when the car in which they were riding failed to make a curve and overturned two and a half times.

The accident occurred about three miles east of Aspermont.

Driver of the car, and most seriously injured, was Hollis Gideon, 26, son of Mrs. O. M. Gideon. Hollis received a serious head injury, but is reported to be recovering satisfactorily and was transferred from the Stamford Hospital to the Knox County Hospital Wednesday.

Released from the Stamford Hospital Wednesday were Tommy Abe Watson, 18, son of Mr. and Mrs. Abe Watson, and Barney B. Arnold, 19, son of Mr. and Mrs. Barney Arnold.

Watson received a fractured kneecap and Arnold received a fractured collarbone.

Gideon's car, a 1954 Ford, was heavily damaged.

Munday Banker Receives Award for Savings Bond Work

W. E. Braly, Munday banker, attended the U. S. Savings Bonds District meeting held in Wichita Falls on January 26, where he was presented a U. S. Treasury Medalion Award for having achieved Knox County's Savings Bonds quota for 1955. The award, which reads, "For Patriotic Service, U. S. Savings Bonds Program," and pictures the Treasury's Minute Man and the seal of the United States, was presented by J. C. Porter, Savings Bonds District Chairman.

District quota last year was \$6,243,000, while bond sales totaled \$8,155,421. Knox County also exceeded its quota by 42.3 per cent. Sales in the county were \$353,011.

Mr. Braly accepted the award in the name of Savings Bonds volunteers in Knox County. "Without the interest and fine cooperation of these Savings Bonds Volunteers, our Bond quota could not have been met," he stated.

Plans were formulated at the district meeting to expand and carry the Bond Program forward and achieve the district's 1956 quota of \$7,110,000. The quota for Knox County is \$320,000.

The Savings Bonds slogan for 1956 is "For the Big Things in Your Life, Be Ready with U. S. Savings Bonds."

New License Tags Are Being Issued

Sale of 1956 vehicle license plates began Wednesday, according to Knox County Tax Assessor-Collector M. A. Bumpas, Jr.

The new tags must be on all vehicles by April 1.

Knox County tags for passenger cars this year carry the numbers AR-10 through AR-1149, and AT-8150 through AT-9999. Tags are black with orange numerals and are longer than the old tags. The prefix letters are side by side and the same height as the numbers, instead of one on top of the other as in the past.

The new size is an attempt to standardize plates throughout the United States. Officers say the numbers will be easier identified.

Bumpas also reminded automobile owners that April 15 is the deadline for automobile inspections.

GARDEN CLUB TO MEET WITH MRS. STANLEY

The Knox City Garden Club will meet next Wednesday, Feb. 8, at the home of Mrs. S. L. Stanley.

Program will be "Plant Texas," given by Mrs. B. B. Campbell. The president, Mrs. L. W. Graham, asked all members to attend.

MRS. REED TRANSFERRED TO LOCAL HOSPITAL

Mrs. G. B. Reed was transferred Friday from Hendricks Memorial Hospital in Abilene to the Knox County Hospital, where she is recuperating satisfactorily.

Mrs. Reed fell at the home of her son, Claud, and fractured her hip. She is 90 years of age.

Completion Attempt Slated at Discovery

Oil activity in the Knox City area came into the limelight again Wednesday with the report of a probable Strawn strike three miles west of town.

The report came from the Thom-

BIRTH ANNOUNCED

Mr. and Mrs. O. L. Knight, Jr., of Altus, Okla., have announced the arrival of a daughter.

The baby was born Saturday, Jan. 28, at 9:45 p. m. in an Altus hospital. She weighed 7 pounds and one ounce and has been named Maria June.

The proud grandparents are Mr. and Mrs. Pete Knight of Knox City and Mr. and Mrs. Wilburn Owens of Blair, Okla.

Local Negro Woman Convicted of Murder; Gets 5-Year Sentence

A verdict of guilty, carrying a five-year penitentiary sentence, was returned by a jury in the murder trial of Mozelle Coleman Williams, 32, Knox City Negro, in 39th District Court in Haskell Monday.

The jury deliberated less than an hour after attorneys completed arguments at 7 p. m. Application for a suspended sentence was refused.

She was charged with fatally stabbing Zebediah Ward, 43, Negro dishwasher in a local cafe. The killing took place last July 3 at a tenant house occupied by Jim Morgan on the E. L. Hughes farm west of O'Brien.

One of the principal state witnesses, Claude T. Slaughter of Rusk, testified that about 30 Negroes, men and women, had gathered at an all-night party at the Morgan home. The difficulty between the woman and the slain man occurred as the party was breaking up, Slaughter said.

Slaughter testified that he heard Ward plead, "Don't cut me no more" after he had seen Mrs. Williams strike Ward. Mrs. Williams, testifying in her own behalf, claimed self defense.

John Crownover And C. C. Browning Buy Local Firm

C. C. Browning of Truscott and John Crownover of Gilliland have purchased the Jamison & Cape fertilizer and insecticide business in Knox City and the firm will be known as the B&C Chemical Co., it was announced this week.

The business will be managed by Crownover, who was with the Soil Conservation Service here about ten years before he began farming near Gilliland two years ago. After the fifteenth of this month the business office of the company will be moved from its present location to the Jamison building just west of Steakley Chevrolet Co.

Crownover said Wednesday he believes the use of fertilizer in this area will increase greatly in the future. He urged farmers to make use of the soil testing laboratory recently established at Seymour, and build their land up to its top productivity.

Former Resident Loses Diamonds Valued at \$9,000

(Editor's Note: Following is a news article concerning a former Knox City resident, Mrs. S. E. Youngblood. The article appeared in the Fort Worth Star-Telegram, Monday, Jan. 30.)

Detectives were attempting Sunday to trace almost \$9,000 worth of valuables stolen Saturday in a downtown hotel room from a 55-year-old widow.

Mrs. S. E. Youngblood of Anton told officers two diamond rings worth about \$4,000, a diamond-studded wrist watch, also worth \$4,000, a \$750 mink stole and \$150 cash were taken. One of the rings contained a 3½ carat stone.

Suspects are a middle-aged man and woman Mrs. Youngblood met Saturday. She told police she met the woman in the hotel lobby.

The two women went to a restaurant where they met the man, supposed to be an "old friend" of the woman.

1946 Study Club To Entertain Guests At Valentine Party

Regular meeting of the 1946 Study Club will be Tuesday, Feb. 7, at the Woman's Club. Hostesses will be Mrs. Rip Collins and Mrs. Edd Smart.

The program will be a Valentine party for older friends of club members.

Each member was asked to bring a guest with her. The meeting will begin at 4 p. m.

Gary White, son of Mr. and Mrs. Raymond White, had the highest average for the first semester at Draughon's Business College, it was learned this week. His average was 98.8, and he was presented a gold medal. About 400 students are enrolled in the school.

Dr. T. S. Edwards returned Sunday from Dallas where he had spent several days to be with his daughter, Mrs. Tom Hampton, who underwent surgery. Mrs. Edwards remained in Dallas to be with her daughter.

Judge L. M. Williams Is Candidate for Re-Election to Office

Politics in Knox County took an upswing this week when Lewis M. Williams, Judge of the 50th Judicial District, authorized the Herald to announce his candidacy for re-election.

The 50th District is composed of Knox, King, Cottle and Baylor counties.

Judge Williams said he will make a formal statement regarding his candidacy at a later date.

He added that insofar as the duties of his office will permit, he will make an active campaign and will see as many voters in the district as possible before the Democratic primary.

Salk Polio Vaccine Made Available to Persons Under 20

Notice from the State Health Department has been received by the county health officer, Dr. D. C. Eiland, that all persons under 20 years of age may now receive the Salk polio vaccine.

Dr. Eiland stated that up to this time about 200 injections have been given in the county since December 1, with no untoward reactions. He emphasized that if a child is to obtain satisfactory immunity before the polio season, he should receive his first dose not later than February 1.

All indications from last year's field trials are that the vaccine is at least 90 per cent effective against paralytic polio, and may be even 95 per cent effective. It apparently takes from three to four months after the first injection for satisfactory immunity to develop.

2,228 Poll Taxes Paid in County

Poll tax sales in Knox County totaled 2,228 Wednesday, according to M. A. Bumpas, Jr., tax assessor-collector. Forty-nine exemptions had been issued, bringing the total voting strength of in the county to 2,277.

Bumpas said he expected to issue a few more poll tax receipts, however, to those who mailed their applications before midnight Tuesday.

In the last presidential election year, 1952, poll taxes issued totaled 2,773, while exemptions ran the voting strength of the county to more than 2,800.

In 1954, last election year, poll taxes and exemptions totaled 2,267.

Haskell Teachers To Meet at Rule

Members of all school boards in Haskell County will be special guests at a dinner and meeting of the Haskell County unit of the Texas State Teachers Association in Rule Monday evening, Feb. 6.

The dinner and meeting will be held in the new cafeteria of the Rule school. Guest speaker will be the Rev. P. D. (Dick) O'Brien pastor of the Big Spring Baptist Church.

Russell Adams, chairman of the program committee, is completing plans for a well-rounded program for the evening. On the entertainment side it will include numbers by the Men's Quartet of Rule, composed of Charley Davis, Claude Cole, Sammy Seifres, Otis Oprey, and a humorous reading, "Skybold Football Game" by C. H. Underwood of O'Brien.

Rule School Supt. Connor Horton and Mrs. Anna May Roberts are planning the dinner menu.

Supt. Ray V. Stark of O'Brien Schools, president of the county T.S.T.A. unit, will conduct a brief business session during the evening.

STUDY CLUB MEMBERS HEAR ABOUT TRIP TO ENGLAND

Members of the Knox City Study Club enjoyed an illustrated talk on scenic and historical places in England by Mrs. C. J. Reese at their last meeting. Mr. and Mrs. Reese made an extensive tour of England early in the fall. After the program, a social hour honoring Mrs. George Hardberger, a charter member of the club, was enjoyed by the members. Mrs. Hardberger was presented a "birthday cake" by Linda and Claudia Reed.

The club presented her with a pot plant. Coffee and cake were served by Mrs. J. M. Averitt and Mrs. Claude Reed, hostesses.

March of Dimes Fund Passes \$1,100 Mark

Mrs. Neil Perdue, local chairman of the March of Dimes, expressed her thanks to Knox Citizens for their "splendid cooperation in making the MOD drive a success."

A total of \$1,122.09 had been

deposited to the polio fund Wednesday, with more to be added after Saturday night's double-header basketball game in the school gymnasium.

Contributions to the Mothers' March Monday night topped previous years, she reported, with \$537.15 collected by the mothers. Mrs. Chad Wilson and Mrs. Henry L. White were chairmen for the March.

"There were sixty-four block captains and all but two collected from their designated blocks and reported to The Woman's Club before 8 o'clock Monday night. With that kind of cooperation the drive could be nothing but a success," the chairman said.

Greyhounds Swamp Benjamin and Vera To Maintain Lead

The Knox City Greyhounds racked up two more district wins during the past week, plowing Benjamin under, 41-20, and swamping Vera 62-31.

Bobby Driver was high scorer for the Hounds in each game, accounting for 20 points against Benjamin and 40 against Goree. High man for Benjamin was Sammy Pierce with 19 and high for Vera was Coulston with 10.

The Knox City girls lost to Benjamin, 30-41. The locals were ahead four points at the end of the first quarter and at the half the score was tied, but in the final period the Knox City girls were able to make only two points. At Vera Tuesday night the Knox City girls won, 39-34. Sammie Darr was top scorer with 13 points.

The next two games for the local teams will be played on their home court. Tomorrow (Friday) night they will play Megargel and next Tuesday night they will be hosts to Goree. On Friday night, Feb. 17, they will play Megargel. This game was postponed earlier in the season because of bad weather.

Stonewall County Salt Flat Blamed For Brazos Pollution

The "Brazos River Report," publication of the Brazos River Anti-Pollution League, said this week that a 400-acre salt flat in Stonewall County causes much of the salt content of the Brazos.

C. R. Marks, Houston engineer employed by the Brazos River Authority, told a committee appointed by the BRA to study stream pollution that the contamination originating in Stonewall County had been confirmed by Dr. Horace R. Blank, A&M geologist, who has been working under a \$20,000 BRA grant.

Mr. Marks estimated the salt flat pours into the Brazos 200,000 tons of salt every year—or about one-half of the salt that enters Possum Kingdom Lake. He said it might be feasible to build a dam across the flat, containing the salty water and permit it to evaporate.

It was indicated that the Brazos River Authority plans to stop this salty pollution in connection with its \$185,000,000 six-dam project—building five new reservoirs with power plants between Possum Kingdom and Lake Whitney and adding 15 feet in height to Possum Kingdom Dam.

Charter Members Honored At Lions Club Program

Sam Furr of Olney, former district governor of Lions International District 2-E and now a member of the national council, was principal speaker for the Founders Day program at the Knox City Lions Club Wednesday.

The program honored charter members of the club as well as nine new members who joined the organization during January. Mr. Furr gave the history of Lionism from its inception in 1914 to the present. He reported that there are now Lions Clubs in 71 countries and the membership is more than 555,000.

The local club was organized October 4, 1938, with A. M. Whittis as president and Rev. C. E. Cogswell as secretary. Other members were H. P. Arledge, A. M. Armstrong, J. M. Ashcroft, Roy A. Baker, Vernon Bridges, O. W. Caussey, G. W. Coats, Thomas Ferguson, Dr. T. P. Frizzell, T. P. Frizzell, Sr., W. L. Garner, W. H. Garrison, G. T. Glenn, E. O. Jamison, H. M. Jones, Odie Karr, C. H. Keck, Otto Lawson, J. C. Reeder, Guy Robinson, Roy Smith, Tom Tomlin, Ancil Waldrip, Jack Wetzel and Johnny Wyatt.

Those who are still members of the club and were present for the meeting Wednesday are Caussey, Coats, Dr. Edwards, Jones, Law-

SCS Supervisors Set Rules for Use of District Equipment

Supervisors of the Wichita-Brazos Soil Conservation District announced this week that in the future all equipment owned by the district will be kept in one place, and will be under the management of one man who will be completely in charge of all equipment as to maintenance and rentals.

John Crownover, who was formerly with the SCS, has been appointed custodian for the district-owned equipment. Anyone using the equipment must sign an agreement and must not take the equipment without checking it out from Mr. Crownover.

A deposit of \$20 must be left with the custodian before equipment is taken, the deposit to be held until final settlement is made.

Rental charges on district-owned equipment are as follows:

Grass drills, 50 cents per acre.
Combination grain drills, 50 cents per acre.
Inter-row seeders, 50 cents per acre.
Graham Conservation Special, 50 cents per acre.

Land Plane, \$5 per day.
Engler scrapers, \$5 per day.

Supervisors of the Wichita-Brazos district are Jack Idol, chairman, C. C. Browning, secretary, H. W. Smith, H. D. Gammill and Doris Dickerson.

VALENTINE PARTY PLANNED FOR BAPTIST YOUNG PEOPLE

A Valentine Banquet for the Intermediate and Young People of the First Baptist Church is being planned by the W.M.S. and Y.W.A. for Tuesday, February 14.

Supper will be served at 7:00 and will be followed by a unique program of music and inspiration arranged around the valentine theme.

Tickets will be on sale beginning next Monday, February 6, at 40 cents from the following girls: Bobbie Dodd, Grace Watson, Sammie Darr, Georganna Fitzgerald, Patricia Montandon and Betty Gail McHam.

Charter Members Honored At Lions Club Program

son, Robinson and Waldrip. Also present was Roy Smith, who was reinstated into the club, and J. M. Ashcroft, now of Stamford.

New members coming into the club during January were Pete Knight, Steve Reary, O. S. Covey, B. B. Campbell, Jr., Z. E. Cone, Wesley Garrison, Dearl Edge, John Crownover and Ray Guinn.

Among other guests at the club Wednesday was Joe Weaver of Olney, past district governor.

A. G. Goldston, program chairman, announced that the Seymour Club will furnish the program for the local Lions next Wednesday, and G. W. Coats, club president, urged all members to attend.

USDA SAYS COTTON IS LOSING TRADE

The Agriculture Department issued a report this week showing that U. S. cotton farmers are sustaining further losses in their export markets.

Exports during the first four months of the present marketing season, which began last Aug. 1, were reported at 532,000 bales. This was a decline of 55 per cent from the 1,117,000 bales exported in the corresponding period last season.

The department said the decline can be attributed mainly to three conditions:

1. Expectation by foreign buyers that U. S. cotton would be available later at lower prices;
2. Availability of large quantities of foreign-grown cotton at prices as much as 3 cents a pound—or up to 25 per cent—below those of comparable quality U. S. cotton; and
3. A recent decline in mill consumption in cotton-importing countries. This was said to be due in part to anticipated reductions in cotton prices.

The administration has proposed changes in the government price support program which would allow a downward adjustment of two

to three cents a pound in cotton prices. Officials contend such a reduction would put this country in a better position to compete abroad.

Some increase in export sales has been made this month as a result of a special offer of a part of the government's stocks of lower quality cotton at competitive bid prices below regular U. S. sales prices. These sales have totaled 326,956 bales since the first of the year, but they involve losses to the government.

Mrs. J. M. Humphries returned home Saturday from Wichita Falls where she had spent two weeks with her sons, Barnie and R. E., and their families.

Dr. and Mrs. T. P. Frizzell returned Saturday from where Dr. Frizzell attended a medical meeting.

Parents Urged to Have Their Children Vaccinated for Polio

AUSTIN, Jan. 26.—State Health Commissioner Henry A. Holle today appealed to Texas parents to have their children vaccinated now as protection against polio this year. "The polio season starts early in Texas," the Commissioner warned.

"This year for the first time in history, we have a vaccine against the disease on hand before the Texas season opens in earnest in mid-April."

Dr. Holle said the vaccine's effectiveness to date has been "gratifying."

"Official records show paralytic

polio during 1955 struck six times more frequently among unvaccinated children than among those who received prescribed amounts of the vaccine at the proper intervals."

Three shots are said to give a high level of protection against polio, the second shot given one month after the first shot, and the third shot following seven months later.

According to that schedule, all Texas children who received second shots summer or fall are now ready to have their third shot.

The success of the shot was announced April 12, 1955, after exhaustive nationwide studies. But by then countless numbers of children had already been exposed in a rising seasonal incidence. Result: 1955 was pretty much an ordinary year for polio for the nation as a whole, despite the fact that Texas' 1955 season was below the 5-year median.

Too, vaccine was in short supply during those early days, and production difficulties unsettled public confidence in the product.

Both these problems have since been overcome, Dr. Holle pointed out. Supplies are increasing daily, and, concerning production safeguards, "health and medical men agree that the vaccine is as safe as human hands can make it."

Mr. and Mrs. Frank McAuley, Sr., and Mr. and Mrs. Frank McAuley, Jr., spent Saturday night and Sunday in Post with Mr. and Mrs. Charles McAuley and Charles C.

AGRICULTURAL-CHEMICAL CONFERENCE TO BE HELD IN LUBBOCK IN FEBRUARY

ABILENE, Dec. 13.—The third annual Agricultural Chemical Conference will be held in Lubbock on February 14-15-16, J. C. Porter of Wichita Falls, chairman of the Agriculture and Livestock Committee of the West Texas Chamber of Commerce, has announced.

Co-sponsored by the WTCC, the Lubbock Chamber of Commerce, the Texas A&M College system and Texas Technological College, the conference has several purposes chief of which is to present the latest information about the most effective uses for agricultural chemicals.

Subjects for addresses include: "Effect of Soil and Climate in Fertilizer Response in Sub-Humid Environment," "Climatic Influence on the Effectiveness of Insecticides," "Climatic Influence on the Effectiveness of Herbicides," "The Interdependence of Chemicals and Agriculture," "Chemicals in the Protection of Stored Grains," and "Antibiotics and Hormones in Agricultural Production."

Miss Mary Leone Hoge visited friends in El Paso last week.

Mr. and Mrs. C. Bohannon of Tahoka visited friends in Knox City Monday.

STREAMS in Desert Places

By Ozelle Stephens

Balaam lifted up his eyes, and he saw Israel abiding in his tents, and the spirit of the Lord came upon him.

God allowed Balaam to go with the enemy of his people, but he was helpless when he would curse Israel. They had made every preparation to do harm to them but of no avail. They could only see "how goodly are thy tents, O Jacob and thy tabernacles, O Israel. As the valleys are they spread forth, as the gardens by the river's side, as the trees of lign aloes which the Lord hath planted, and as the cedar trees beside the waters. He shall pour the water out of his buckets, and his seed shall be in many waters, and his king shall be higher than Agag, and his kingdom shall be exalted. (Num. 24:5-7).

How wonderful is God to even make the enemy of his people to see His Blessings upon his own. He stood between. He will stand by you, Trust Him, Serve Him, and the Stream of His love will be poured out of his buckets upon you.

Dr. Whitacre Named Woman of Year in Rural Service

Dr. Jessie Whitacre, Texas Agricultural Experiment Station, was today named "Woman of the Year in Service to Texas Rural Families" by The Progressive Farmer magazine.

The honor was given Dr. Whitacre for her contributions to better food and health in the state. As head of the department of rural home research 1926 to 1953, Dr. Whitacre presented 10 research bulletins and four more in cooperation with others—a total of 14 important bulletins which have to do with better food and health for Texas folk.

A native of Ohio, Dr. Whitacre came to Texas with a rich background in teaching and extension service. She earned a Ph.D. Degree from the University of Chicago in 1926.

Dr. Whitacre is active in the work of the Tuberculosis Association, Episcopal Church, American and State Home Economics Association, Dietetic Associations, Tex-

as State Nutrition Council, and American Association for the Advancement of Science. She was recently elected a fellow in the Texas Academy of Science.

Dr. Whitacre is a member of the following honorary societies: Sigma Xi, Phi Beta Kappa, Phi Kappa Phi, and Phi Upsilon Omicron. The Ohio State Home Economics Alumni Association gave her its certificate of achievement in 1954.

As "Woman of the Year," Dr. Whitacre joins these distinguished Texans honored in past year—Mrs. Nette Shultz (1944), Miss Laura V. Hammer (1945), Judge Sarah T. Hughes (1946), Mrs. R. L. Campbell (1948), Mrs. J. A. Lewis (1949), Miss Maurine Hearn (1952), and Mrs. Grace M. Martin (1953).

Mayme Spauhurst of Wichita Falls spent the weekend with her parents, Mr. and Mrs. E. B. Shaver, Sr. She plans to spend next weekend in Ft. Worth.

School Gives Report On Receipts of Concession Stands

A report on the money made from the concession stand during home football games was given this week by Supt. Chas. E. Silk. Groups who shared in the responsibility of the concessions and in the net profit were the Band Boosters, senior class, junior class, Future Homemakers, and Future Farmers.

Early in the school year, before any football games, a meeting was held with a student representative, a parent representative, and the sponsor or instructor of each

group in attendance. The concessions were set up under a central committee, with one group in charge at each football game.

A total of \$754.50 was grossed and \$21.56 was left in the fund last season. Total expenses for hot dogs, buns, coffee, candy, donuts, soda pops, etc., were \$361.48, leaving a total balance of \$414.58. At a meeting last Friday, the groups decided to leave \$14.58 in the fund for next season and \$400 was divided equally, with the five participating groups getting \$80.

SCHOOL LUNCHROOM MENU

Menus at the Knox City School lunchroom for the week beginning February 6, will be as follows:

\$676,000 Goal Set For Heart Fund

Paced by volunteer workers in communities throughout the state, the Texas Heart Association Wednesday, February 1, started its month-long Heart Fund campaign for funds with which to combat the nation's number one killer.

State Heart Fund chairman for the February campaign is Senator Lyndon Johnson, himself stricken by a heart attack last July. Now sufficiently recuperated from the effects of the attack to resume his official duties in Washington, Sen. Johnson has termed the money contributed to the Texas Heart Fund "an investment in human lives."

Goal of the 1956 Heart Fund is \$676,000—money to be used in research, education and community heart programs, the Heart Fund chairman pointed out.

Funds contributed to the Texas Heart Association during Heart Fund month may be given through community heart groups associated with the Texas and American Heart Associations, or may be sent directly to the THA by mailing them to the donor's local postmaster, marked "Heart Fund, c/o Postmaster," it was pointed out by Sen. Johnson.

Washington Letter
By Congressman Frank Ikard

By Cong. Frank Ikard
The number of farms in the United States has decreased from 1950 to 1954 by 600,000 according to figures recently released by the Department of Commerce. There has been a decrease in every State except Florida, and an overall decline of 11.1 per cent of the farms in the Nation. There are fewer farms today than at any time since 1890. The figures further show that the size of the farms is definitely getting larger, and

that the big decrease has been in the small one-family farms from ten to one hundred acres. The farmers farming from ten to one hundred acres declined 449,000 or 17.8 per cent between 1950 and 1954. There were a few more than 63,000 farms of more than 1,000 acres in the United States in 1955. By 1954 this number had increased to over 130,000, and farms consisting of 500 acres or more have increased 55 per cent during the last thirty years.
The total area of all land farmed in the country is about the same as it was in 1950 and represents roughly 3/5 of our total land area. This report of the Department of Commerce shows in very dramatic figures the way that our population is shifting from the land to the great metropolitan centers. Although there are 12,000,000 acres less land producing crops now than there were in 1949, the land under irrigation has increased three and three-fourths million acres during the same period making a total acreage now irrigated of over 29,000,000 acres out of approximately 333,000,000 acres of farm land in cultivation.
In Texas there was a decrease of 43,000 in the number of farms between ten and two hundred and sixty acres, and a decrease of farm tenants in Texas of about 23,000.
The census report shows, among other things, that there are 111,000 farms in Texas having telephone service, 269,000 with electricity, 90,000 with television sets, 199,000 with running water, and 117,000 that have ponds, reservoirs, or earthen tanks on them.
These figures would seem to indicate that even though many of the modern conveniences have come to the people living on the farms, that people are still inclined to move to the cities. This migration unquestionably has been greatly contributed to by the declining farm income.
Visitors from home this week were Mr. J. S. Bridwell, Mr. Henry Anderson, and Mr. Steve Latham of Wichita Falls; and Mr. B. H. Vickery, formerly of Wichita Falls, but now of Tulsa, Okla.

Chitty. Mrs. Chitty returned home with them and was to enter Baylor Hospital Tuesday for surgery.
Mr. and Mrs. Soupy Hertel and son spent Sunday with Mr. and Mrs. Gene Hamilton at the Katz Camp west of Knox City.
Olga Bivins and Doris Stone were in Wichita Falls Tuesday of last week.

Experience is a most important part of the practice of medicine and pharmacy. After your Physician receives instruction in his Medical College, he then interns in a hospital to learn by experience how to use the knowledge he has gained.
We Pharmacists, after attending our College of Pharmacy, must also serve an apprenticeship in a pharmacy before we can receive our license to practice pharmacy. Because of this experience we can serve you best when you need any medicines or health-aids.
