

O. R. Long to Be Farm Bureau Banquet Speaker

O. R. Long, Southern Region Field Representative of the American Farm Bureau, will be principal speaker tonight when members and guests of the Knox County Farm Bureau meet at the American Legion Hall for a banquet that will launch their 1951 membership campaign.

A speaker of national repute, Mr. Long is thoroughly familiar with cotton and livestock problems, and is expected to bring his listeners up to date on the problems and prospects of the Texas farmer.

Born and reared on a farm in western Tennessee, Mr. Long taught vocational agriculture in high school, spent a number of years as a county agricultural agent, and was executive secretary of the Tennessee Farm Bureau. In his present connection with the national organization he works in 13 Southern states.

On the program to instruct workers on how to invite non-members to become affiliated and active in the Farm Bureau will be Wayne Little, field representative of the Texas Farm Bureau. Mr. Little has been working with the officers and directors of the county organization this week, making final plans for the drive.

Also present will be Marvin Carter, Organization Director of the Texas Farm Bureau. Mr. Carter has been with the Bureau since 1945, and has seen organization grow from 7,800 members to more than 54,000, and from 60 organized counties to 170. He attributes the growth of the organization to the fact that county and community leaders are becoming more familiar with the general problems and possibilities of developing a better county agricultural program.

"The Texas Farm Bureau is working with the state legislature in Austin for a rural road program," Waldrip said, "and in Washington we are continuing to protest the ceiling price on raw cotton and doing everything possible to ward off ceilings on livestock. The more members we have, the more weight we can bring to bear. We know farmers realize this, and we are expecting the drive to be a huge success."

Not only farmers and ranchers, but everyone interested in the future of agriculture is invited to join the organization, Waldrip added.

Among the membership committees working in the county during the drive will be: Knox City: Claude Reed, R. B. Howell, Ancel Waldrip, C. J. Reese, M. M. Glass, George Wall, Brownie Tackitt, Curtis Coates, James Dutton, Tom R. Campbell, Carl Chafin, L. D. Conway, A. H. Word, Lee Smith, J. O. Warren, O. T. McElroy, J. C. McGee and Paul Fitzgerald.

Beulah Sanders, hospital superintendent, stands beside the triplet sons of Mr. and Mrs. J. C. Durham—the three youngsters whose sudden appearance caused such a stir of excitement in Knox City last week. They are Rick, Royce and Roland, but we don't know whether that's reading from left, right or the middle. The boys weighed 4 lbs. 2 oz., 4 lbs. 3 1/4 oz. and 4 lbs. 1 oz., respectively, at birth, and will be kept in the incubator until their weight reaches 5 pounds each.

Special music was furnished by the Brass Sextet of Seymour High School. J. W. Hamilton, superintendent of the Seymour schools, spoke on "Our Advancement Goals." Mr. Hamilton is Advancement Chairman of the district.

OPEN HOUSE TO HONOR MR. AND MRS. C. C. HOGE

Friends of Mr. and Mrs. Clay C. Hoge are invited to call at open house honoring the couple on their fortieth wedding anniversary.

Open house will be held at the home of Mr. and Mrs. Dan Steakley Sunday afternoon, April 8, from 3 to 5 o'clock.

Honoring their parents are Mrs. Steakley, Mrs. Max L. Polen of Abilene, and Paul Hoge of Vernon.

Mrs. Steakley asked that friends do not bring gifts.

Mr. and Mrs. J. C. Durham, who were the parents of three sons, 11 years, 6 years and 3 years of age, sort of hoped the new arrival they were expecting in May would be a girl.

But last Thursday, March 29, triplet sons were born to the couple, causing considerable consternation and excitement in the Durham family, in the Knox County Hospital, and in the community.

The boys, each weighing four pounds plus, were born at 5:15, 5:17 and 5:20 p. m., with Dr. T. P. Frizzell in attendance. They were immediately placed in one of the new, modern incubators at the hospital, where they will remain under special nursing care until their weights reach 5 pounds each.

In the memory of local doctors, this is the first set of triplets ever born to a Knox City couple, and the second set ever delivered at the local hospital. The Nunley triplets, of Benjamin, were also delivered by Dr. Frizzell at the hospital seventeen years ago.

Mrs. Durham is 29 years of age. She is a native of Texas but her parents now live in Arizona. Her husband, 35, is the son of Mr. and Mrs. C. E. Durham and was reared in Knox City. He is a veteran of World War II, serving in New Guinea, the Philippine Islands and Japan. He is employed at the Model Tailor Shop.

The couple had been living in California until they returned to Knox City about two months ago.

FAITH OR OPINION?

Faith or opinion, which? There is a big difference. Within this difference is found the cause of much of our religious confusion. If men today would only be guided in religion by genuine Bible faith rather than by opinion our troubles would largely be over and our divisions would cease.

Faith has been correctly defined as "belief in testimony." Where no testimony has ever been presented there can be no real faith. That would be opinion. For instance, if God had never in any way whatsoever revealed Himself to man and thus furnished him testimony of Himself, then man could have no faith in God. If God had never revealed testimony, the New Testament, concerning Jesus Christ, then we could not and would not have faith in Him who died for us. When testimony is presented and man believes this testimony, he then has faith. Paul so teaches in Rom. 10:17: "So then faith comes by hearing, and hearing by the word of God."

If I am going to walk by faith in religion then I must walk according to the revelation or testimony furnished by the Lord. According to the Apostle Peter in 2 Peter 1:3 God has furnished us all things that pertain to life and godliness. This we have in the New Testament scriptures. That is why James refers to it as the "perfect law of liberty." James 1:25. Whenever religiously we walk or act exactly as the New Testament directs then we are walking by faith.

For example, God in the New Testament has furnished the testimony that we should sing in our worship to Him. Col. 3:16. Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord. Singing, therefore, is a matter of faith. But, there is absolutely no testimony given in the New Testament for us to employ mechanical instruments of music in worshipping the Lord. Hence, to practice such is to be guided by opinion. No testimony—no faith. Surely it is then but the opinion of man. Are you walking by faith?

STREAMS in Desert Places
By OZELLE STEPHENS

When you become a Christian and start to walk in the light, you have a new life. You are a new creation in Christ Jesus. All things become new to you. Old things go, and you turn about face to go a new way. The Lord God is LORD of this new life. He is to guide and direct you, as well as protect you. He is the Great Shepherd of your soul. David said in the Psalms: "He is our God; and we are the people of his pasture, and the sheep of his hand." "For the Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth; the strength of the hills is his also. The sea is his, and he made it; and his hand formed the dry land. O come let us worship and bow down; let us kneel before the Lord our maker. For he is our God; and we are the people of his pasture, and the sheep of his hand." "For he forgiveth all thy iniquities; who healeth all thy diseases; who redeemeth thy life from destruction; who crowneth thee with living kindness and tender mercies; who satisfieth thy mouth with good things; so that thy youth is renewed like the eagle's."

We should ever serve this Lord with gladness; come before His presence with singing; for we know that He is God; it is He that made us, and not we ourselves; for we are His people, and the sheep of His pasture. He is the door of the sheep, as He said in the tenth chapter of John. He giveth His life for His sheep. If you have accepted this Good Shepherd to be your Saviour and guide, you know His voice and He knows yours. You are finding green pastures in Him; and He is leading you by the Great Streams of Eternal Life that flow from God Himself.

DAUGHTER BORN TO MR. AND MRS. SAM CLONTS
 Chairman of the Entertainment Committee at 1905 22nd St. in Lubbock is Miss Karen Lynne Clonts, new daughter of Mr. and Mrs. Sam Emory Clonts. The baby arrived Friday, March 30. She tipped the scales at 8 pounds and 15 ounces.

This week Karen Lynne is entertaining her maternal grandmother, Mrs. Bertha Perry, twenty-three and a half hours a day. The rest of the day is spent in explaining to the young lady why her layette is all blue.
 Mr. Clonts is the son of Mrs. S. M. Clonts of Knox City.

LIVE BETTER—With Modern Food Locker Service—SPEND LESS

More Than Ever

---You Need Food Locker Service

In a community like ours, where home production of food animals and poultry is the primary rule, slaughtering and food processing service is now an urgent necessity. Federal controls are now complete. The regulations—which are fair to all—must be met. And it is certainly a fact that whether you buy meat at retail, or at wholesale directly from the farm or from us, your supplier will be subject to control rules which in turn reach you and you should know about them. Come by our plant and let us give you a run-down on the situation. Even home slaughtered products, under some circumstances, have control rules to be met.

FROZEN FOOD LOCKERS

We have two large boxes and a few mediums available for rental. Use of frozen food lockers fit into meat storage under control regulations—in the country even more than the city. Prepare now to always have what you need and want. WHOLESALE PRICES mean more to you than you think, in savings. For instance: we have not had to meet any "roll-back" in prices. Our wholesale quotations were not advanced during that "up" spiral. Come in and talk it over.
