The asure has now gone to the Senate to show the new automobi action, and if passed, as doubt- numbers on gasoline ration less it will be, it will go to the Pres- already bearing the old lice sdent for his signature.

This bill is perhaps the outstanding example in man years of legislative compromise. Very few members of Congress are pleased with it, but scratch out the old licermost of them felt some legislation of this sort to be necessary. Furthermore, it was the concensus of opinion that defeat of the proposal would at this time be a great psychological blow to the war effort, and would adversely affect the morale on both the home and foreign fronts.

No one knows how the bill will be administered. It will doubtless freeze all war workers in their present jobs, and may prevent further slowdowns or strikes in critical war production.

The Freshmen and Sophomores had party Monday night and had a very nice time. We hope to have many more parties together.

It seems the Freshmen never get a new pupil; the Sophomores get them all. They have new girl this invite them.

Did any of the Freshmen girls get mad Saturday night, Louise?
