

SCHOOL OPENS MONDAY SEPTEMBER 5

McFARLANE SPEAKS AT PILOT POINT

PILOT POINT, Aug. 6.—Congressman W. D. McFarlane spoke to a large crowd this afternoon at Pilot Point. Mr. McFarlane pointed out that during the first primary he had reviewed his record for the past two years, covering farm, wage-hour, monopoly, unemployment, rural electrification and other important parts of the program, and that not one vote he had cast has been challenged as wrong.

Deplores Mud-Slinging

Mr. McFarlane deplored the mud-slinging tactics of the opposition in the "scandal sheets" they spread throughout the district in the closing days of the first primary and challenged every charge made as wholly and totally false and unsupported by any reputable evidence.

Waggoner Interests

Answering the charge that he was allied with the Waggoner interests and had received unreported campaign funds from them in the past, Mr. McFarlane read a letter from City Commissioner Leo Moore, of Electra, which stated that Bob Moore, Manager of the Waggoner interests, had told him last week that the Waggoner interests were supporting Ed Gossett and that the Waggoner interests didn't know anything about the D. H. Gray contribution to the McFarlane campaign; and that the Waggoner interests were bitterly against the New Deal, and against anybody supporting the New Deal.

Gossett A Kept Man

Regarding campaign contributions, McFarlane charged Gossett with being a kept tool of the utilities and challenged him to show any record where he has earned enough money in his law practice to pay even his living and office expenses, and read from his new law firm's list of cases filed, which reputable attorneys state, show he has received little funds from the law practice since he has been in Wichita Falls.

Scandal Sheet Answered

After McFarlane answered the various charges raised in the opposition's "scandal sheet," he pointed out that the desperate falsehoods printed in this "scandal sheet" showed how far the opposition were willing to go, after finding nothing wrong with his official record, to assassinate his personal character. Specifically citing the so-called Horsepower Bill providing a tax on automatic machinery, and pointed out that this measure was supported by the trade unions in the industrial centers and the clear intent and purpose of the bill was to tax only automatic machinery producing goods for interstate shipment in proportion to the number of men displaced by the machinery. That such Bill did not apply to automobiles, trucks, tractors, or any such farm and home equipment. That this bill was introduced three sessions back and was never considered by a committee. That the bill was dead and never became a law. That it is raised now only to deceive the people and to try to get their vote. Mr. McFarlane pointed out that his record shows that he has always voted to protect the rights of the little fellow in small business and that the opposition cannot point to any worthwhile public service performed on which they can rely as a basis for the flimsy campaign promises this

candidate makes as a means of securing votes.

Lone Star Gas Company

Answering the charge that he was supported by the Lone Star Gas Company, McFarlane challenged the statement as false and pointed to the records showing that he had always spoken for and demanded lower gas rates the same as all other utility rates. He pointed out that he had been informed that there were less than 50 employees working for the gas company some three miles from Petrolia, and that he had never visited their plant and knew nothing of their operations. The people can easily find out that the gas company as well as all other utilities and their employees were out working against Mr. McFarlane.

In closing, Mr. McFarlane appealed for the support of the people based on his record of service rendered. Not a vote of his own has been challenged as wrong, and no criticism of the many farm, veteran, projects and other claims handled has been made.

He pointed out that the many felony charges made against his character, if true, should be supported by affidavits filed in court where proper redress could be had, or otherwise it is unfair to his five little children to place these unfounded felony charges against their father and thus cloud their lives.

Mr. McFarlane will visit other towns in the county this afternoon, speaking at Denton tonight.

VISIT WALDRIPS

Misses Fay and Inez Armstrong and Doris Parker are the honored guests of Mr. and Mrs. Ansel Waldrip this week.

Miss Fay Armstrong, of Throckmorton, is a graduate of T. S. C. W. at Denton, Texas. She is now an instructor of Home Economics at Stoneburg, Texas, in Montague County.

Miss Inez Armstrong, sister of the above mentioned, is a Sophomore at T. S. C. W., and is majoring in Business Administration.

Miss Doris Parker, of Seymour, is also an ex-student of T. S. C. W., and will teach in the Round Timbers school in Baylor County during the coming school session.

SUBSIDY APPLICATION BLANKS RECEIVED

The County Agent's office has received a supply of application blanks, which farmers will be required to sign before the Subsidy payment on the 1937 cotton crop will be made. Those farmers that signed a Work Sheet in the spring of 1937 are being called into the office to sign their application first, due to the fact that their Work Sheet was completed last fall, while those who signed a Work Sheet this year on last year's crop will get their Subsidy payments later.

A good many farmers signed their Work Sheets but did not comply with the farm program, and they will get their Subsidy payment earlier because the acreage adjustments were completed on their Work Sheet.

Fifty applications have been forwarded to the State office for payment to date. Others will follow in lots of fifty or more as quickly as they are signed up.

SCOUT MEETING AUG. 9

The meeting was opened by the singing of scout songs and giving some scout yells. Invocation was given by L. F. Tegarden after the troop had repeated the pledge of allegiance to the flag.

Plans for sending a number of the scouts to Seymour for the district camp August 22 through the 25 were discussed. A plan for sharing programs between troops of the county was voted on and approved. Each week's meeting will be compiled into a monthly bulletin to be sent to the other troops and will be financed each week by a different scout.

Next week Knox City will be host to the district Court of Honor when boys from Munday and Seymour as well as Knox City will receive their advancement badge. Further announcement as to time will be made later, and all parents and friends of the scouts are urged to attend.

Bobby Clinton, a scout from Putnam, was present to give us some good ideas on scout work. Bobby is advanced to life scout, and with but ten merit badges and six more months of service will be an Eagle scout. The meeting was then closed by repeating the scout oath and laws in unison and the singing of "Taps" and giving the scout benediction.

An overnight hike to the creek near Jamison Park will be made on Friday night, August 12. If you wish to pass any cooking tests, please bring materials. Bring food, bedding and first aid or other supplies needed. Further information will be available late Thursday and during Friday. Meet at the Methodist Church at six for the out trip.

HOSPITAL NOTES

Patients in the Knox County Hospital this week are:

Carl Schumacher, Munday; Avis Chamberlain, Benjamin; Cecil Cheek, Munday; Mrs. W. Meinzer, Benjamin; Audrey Kegley, Munday; Mrs. A. G. Yarborough, Munday; Mrs. J. F. Hicks, Rochester; J. B. King, Munday; W. Tiner, Munday; Mrs. Dow King, Pampa; Billy Oman, Weinert; Mrs. Joe Thomas and baby, Corpus Christi; Mrs. Levi Bowden, Munday; Mrs. Neal Stewart, Weinert.

Patients discharged from the hospital the past week were:

Alvin Cogdell, Truscott; Mr. and Mrs. John H. Atterbury, Knox City; C. W. Winchester, Rochester; Mrs. James Gaither and baby, Munday; Mrs. W. R. Mayo and baby, Goree; Mrs. L. M. Palmer, Munday; Doyle Jones, Munday; Mrs. Jess Coates, O'Brien.

FIRST BALE ARRIVES

As we go to press this afternoon the first bale of cotton from the 1938 crop has just arrived and is now at the Cotton Growers Co-op Gin. It was picked by Pat Large, who resides ten miles West of town. It weighed out 1920 pounds of seed cotton.

The first bale arrived last year on August 12, just one day later than the one that arrived this afternoon. It was picked by L. C. Vance who also resided in that section of Knox County.

Miss Agnes Branch left Tuesday for Dallas to spend a few days visiting with relatives and friends.

L. F. Tegarden spent the week end in Nocona.

WPA SEWING ROOM

Through the efforts of local people a WPA sewing room has been obtained for Knox City. This is the culmination of much work and perseverance on the part of a few interested persons.

The sewing room was put into operation Monday Aug. 8 under the supervision of Mrs. E. L. Huntsman.

The City Commissioner, together with the School Board, built the sewing tables and racks, and will furnish the utilities. Arledge Ice Company is furnishing ice for drinking water.

The County Court has furnished the sewing machines, thread, and buttons. The Federal government will furnish all materials and pay the salaries of the workers. Then the finished garments are taken to Benjamin and distributed to the needy of Knox County.

The WPA does not solicit needed things, but any odd buttons, buckles, or embroidery thread will be greatly appreciated. Also simple patterns would be welcome.

This is a worthy enterprise and should command the help and interest of the entire community.

WHEELER—COGSWELL

Miss Mary Florence Cogswell, former T. C. U. beauty and daughter of Rev. and Mrs. C. E. Cogswell, was married to Mr. Ronald W. Wheeler Jr. in the Christian Church, 8 p. m. Friday, by her father, Mr. Wheeler is the son of Mr. and Mrs. R. W. Wheeler of Fort Worth.

The church was decorated in white with a trellis twined with southern smilax and white blossoms. It was surrounded by tall beauty baskets of pink gladiolas and lighted with white tapers in candelabra.

Miss Nadine Wheeler, sister of the groom, played the wedding music, and Bill Harris sang "I Love Thee."

The bride's only attendant was her sister, Mrs. O. A. Hays of Mt. Pleasant, who was matron of honor.

Mr. Charles E. Oswalt, of Ft. Worth, was best man, and Bill Branch, of Overton, was usher.

The bride wore a pale blue lace over crepe with a full skirt and shirred bodice, and long, tight fitting sleeves. She carried talisman roses.

The matron of honor wore a dusky rose sheer over taffeta and carried pink roses.

After a short wedding trip to Hot Springs, Ark., the couple will make their home at Troup, Texas.

The reception was held on the lawn of the bride's home. Both the bride and groom are graduates of T. C. U.

Out of town guests attending the wedding included Mrs. R. W. Wheeler Sr. and Miss Nadine Wheeler, Charles E. Oswalt and Kay Beck, of Fort Worth, and Mr. and Mrs. L. A. Buie and Mr. and Mrs. McNeil of Seymour.

HONOR BRIDE

Members of the Christian Church honored Miss Cogswell and the members of the wedding party at the home of Mrs. T. P. Frizzell Jr. Mrs. Frizzell was assisted by Mrs. E. R. Carpenter, Mrs. W. E. Marr, Helen Marr and Corrine Shaw.

The reception rooms were profusely decorated with flowers and greenery. The luncheon was served buffet style, with guests seating themselves at small tables.

KNOX COUNTY RECEIVES WHEAT ALLOTMENT

Knox County was allotted 15,629 acres of wheat for payment under the 1938 farm program. This is a very drastic reduction in the wheat acreage for this county from the acreage that has been grown in the past three or four years. The allotments were based on a 10 year average, and a 10 year average is very much smaller than a 5 year average for this county. The county committee has a very difficult task in prorating only 15629 acres to producers of wheat when this county has an average of 33,000 acres for the past three years. In making these adjustments the county committee has tried to give a farmer who has been producing wheat 5 years or more a little advantage over one who has been growing wheat only two or three years.

The County Committee has asked the State Office for further consideration of the wheat acreage allotment, believing that the reduction for this county has been too drastic.

YOUNG PEOPLE'S PICNIC

Circle No. 2 of the Women's Missionary Society entertained the Young People's Department of the Methodist Church last Monday evening in the home of Mr. and Mrs. L. W. Graham.

Sandwiches, pickles, potato chips, punch and watermelon were served to about fifty guests. Mr. and Mrs. Henry White, Mr. and Mrs. Chad Wilson, Mr. and Mrs. Jeff Graham, Mrs. Neal Logan and Miss Mary Lou Graham served the picnic supper.

The Young People wish to thank the society for this lovely affair.

J. T. Bryan Passes On

A verdict of death by natural causes was returned early Sunday morning when J. T. Bryan, Knox City trucker, was found dead in his hotel room in Wichita Falls.

Joseph Bryan was a World War veteran. He served more than a year overseas, and was gassed in the battle of the Argonne. He enlisted at Vernon, Texas, received his training at Fort Worth and landed in France in July, 1918. He was mustered out of the 142 Infantry at Fort Worth in June, 1919. The local American Legion had charge of the funeral.

The body was brought to Knox City by the Merkel Undertaking company and funeral services were held Monday afternoon. Burial was in the Knox City cemetery where Bryan's mother and father were buried.

Survivors include two brothers, Mat Bryan, Knox City; two half-brothers Fred Bryan, Kaufman, and Charles Bryan, Sabine, Texas; two sisters, Mrs. Lois Ardinger, Dallas, and Mrs. Homer Butler, Corsicana.

SPEAKING SATURDAY

The Herald has been requested to announce that Mr. True Strong of Montague will address the voters of this county here Saturday afternoon at 3:30 p. m. in behalf of W. D. McFarlane, candidate for Congress. The public is invited to hear him.

W. L. Branch of Big Springs was here this week visiting his brother, E. R. Branch.

The Knox City Public School will open Monday, Sept. 5, for the 1938-39 term. A short opening exercise will be held in the Auditorium - Gymnasium. The enrollment promises to exceed that of last year due to the addition by contract and transfer of the Martin District in King County, and new transfers from other districts.

To the course of study has been added Commercial Geography, a new course with special emphasis on the geography of commerce in Texas; band as a course for credit; and Junior Business Training and Occupations, a course designed to tie the actual business life and occupations with that of the community, and attempt to make school not a preparation for life but life itself. The Homemaking department is undergoing a thorough renovation, as well as the library.

Knox City schools have an enviable record in attendance. Based on the annual report to the State Department of Education in 1938, the attendance record was 92.5 per cent of the membership for the entire year, 91 per cent for the grades and 93 per cent for the high school. This shows splendid cooperation on the part of the patrons and teachers and the entire community at large.

Miss Oleta Cole of Lubbock, Texas, has been elected to teach Vocational Homemaking in high school. Miss Cole is a graduate of Texas Tech and has taught one and one-half years in Crosby County. She comes highly recommended in her work and is at present the President of the Home Economics division of the Senior Class in Texas Tech.

The complete faculty for the year is as follows:

A. M. Whitis Superintendent, D. L. Dodgen, Principal of the high school, Mathematics and Band; Oleta Cole, Vocational Homemaking; Charles Shumaker, English and Typing; Mrs. Roy Baker, Social Science; Mrs. E. R. Carpenter, Seventh Grade; Jack Wetzel, Principal of elementary school, Fifth Grade; Bernice Swift, Sixth Grade; Pauline Senton, Fourth Grade; Francis Hicks, Third Grade; Ruth Rice, Second Grade; Pauline Cherry, First Grade; Mr. Tom Robinson, Custodian of buildings.

EPWORTH LEAGUE

On Tuesday evening fifteen members of the Epworth League motored to Seymour for a union meeting with the Leagues of this part of the district.

After a business meeting at the Church the visitors were escorted to the city park, where ice-cold watermelons were served.

"COLLEGE SWING" TO BE PRESENTED HERE

"College Swing" is to be presented Monday night August 15, by a group of College and High School students. The program, presented under the auspices of the Knox City Orchestra, Knox City Band, and the Athletic Club, is directed by Mrs. J. M. Bradberry and Miss Mary Leone Hoge.

This promises to be a different form of program and a good one.

COTTON YIELD FOR 1938 ESTABLISHED

Under the 1938 farm program Knox County was given a yield of 164 pounds of lint per acre. This is a good increase over the old yield established under the Bankhead cotton act, which allowed 130 pounds per acre for Knox County.

FEW CHANGES MADE IN OFFICIAL POLL

The county Democratic executive committee made only a few changes in the total vote for the different candidates in the July 23 primary. Following is the vote as given in the official returns.

For Governor: O'Daniel, 1631; McCraw, 123; Thompson, 733; Hunter, 104.

For Congress: Gossett, 1379; McFarlane, 1001; Spell, 164.

For Senator: Moffett, 2024; Tennyson, 511.

For Representative: Snody, 792; Roberts, 1104; Kendall, 716.

For County Judge: Covey, 1637; Glenn, 1014.

Assessor—Collector: Davis, 984; Sams, 1699.

For County Attorney: Sams, 1101; Patterson, 1508.

For County Superintendent: McGaughey, 1065; Hughes, 879; Ingram, 743.

For County Treasurer: Burton, 907; Moorhouse, 904; Moore, 840.

County Chairman Anderson of the Democratic Executive Committee was in Benjamin Tuesday transacting business.

The editor and wife were Sunday visitors to Ranger and Strawn.

BUILDING PERMITS ON INCREASE

A sharp increase occurred in Texas building permits during June, both in comparison with May and with June last year, the University of Texas Bureau of Business Research has announced. For the first six months of the year, permits were well above those of the corresponding period last year.

Reports from 40 representative Texas cities show total permits during June 39.6 per cent over the preceding month and 42.6 per cent over June of last year. Aggregate permits during the first six months were 9.9 per cent above those in the first half of last year.

Mrs. O. W. Caussey and son spent Wednesday with relatives in Abilene.

Charlie Moorhouse of Benjamin, candidate for County Treasurer, was here Tuesday on business. He was accompanied by his son who is postmaster there.

APPRECIATION

We should like to express our deepest appreciation to all of our old friends and to friends of our beloved brother for the kindness and sympathy extended to us in our loss.

Especially do we wish to thank each member of the American Legion, Charles Leroy Teague Post, who so completely took charge and so beautifully rendered the services. To these boys we have no words that can express what we feel, only to say our lives will be made better through a renewed faith because of their most loyal and sincere fellowship.

739 TEXAS POSTMASTERS TO HOLD JOBS FOR LIFE

There are 739 Texas postmasters who now theoretically have life-time jobs under the terms of legislation enacted in the closing days of the last session of Congress.

The act gives incumbents of first, second and third-class postoffices life tenure. Heretofore their terms have been for four years only. They usually lost their jobs when control of the Federal government changed hands.

Henry D. Young, Fort Worth postmaster, is one of those given a lifetime job, if he wants to keep it that long. Postmasters of the first three classes are appointed by the President and they are the ones affected. Although he was appointed for a four-year term, his days of office are now extended indefinitely by the new act.

Actually, however, it was the opinion in Washington that if the Republican party gets back in power, or if some new party takes over the helm, they will repeal the measure in order to install postmasters of their own political faith.

In Texas there are 41 first-class offices, the postmasters of all of which have been granted life-time jobs.

42 CLUB

The Friday Afternoon 42 Club was entertained last Friday afternoon in the home of Mrs. S. E. Youngblood. The house was beautifully decorated with cut flowers. A most delicious plate was served, consisting of Candlestick salad, cheese toast, white coconut cake, pickles and Strawberry punch.

Visiting ladies, other than the club, were Mrs. E. C. Campey, Mrs. Guy Glenn, and Mrs. E. O. Jamison.

Pete Whitten and family and his mother returned last week from a vacation with relatives in Arkansas.

"WHERE QUALITY, ECONOMY AND COURTESY MEET"

WICHITA FALLS, Aug 10.—As is true in San Antonio, where officials recently turned down a PWA grant for a municipal power plant, the same is expected to happen here on August 29 when the council acts upon a recommendation by a special citizens' committee recommending that no election be called on the proposal.

The committee submitted a number of reasons why it would be inadvisable for the city of Wichita Falls to build a municipal electric light plant. The committee was appointed after petitions had been filed asking that the question for a PWA grant and loan of approximately \$1,750,000 for construction of a municipal light plant and water system improvements be submitted to a vote of the people.

Some of the reasons given for opposing the election are:

The federal grant is based on showing of a bona fide offer to purchase the existing light plant which must be refused by the utility company. This offer has not been made and could not be done until a survey of the existing plant was made.

It would cost the city large sums of money to hire experts to conduct the valuation survey.

If the utility plant accepted the offer taxpayers would have to pass a bond issue for purchase of the plant which would involve large annual payments for interest and sinking fund.

If the city accepts the present grant and purchases the plant it would force the city into debt by a million or two million dollars, would force a rise in taxes, doing away with the homestead exemption law or seeking new sources of revenue.

Repairs to and additions to the water system, which will increase the indebtedness by \$800,000, are more vital.

Present plant has a franchise here until 1951 and competition from a city plant would not be practical or produce lower rates or more revenue.

Federal grant would authorize payment of water plant

revenue to pay for the light plant, which would tie up city revenues from this source. People of Wichita Falls have twice voted down like propositions.

WHICH SHALL IT BE? Equal Rights or Special Privileges?

If railroads are to survive—indeed, if ordered liberty under law is to survive—then public authority must give more than lip service to the democratic shibboleth of "Equal rights to all, special privileges to none."

Yet the railroads are denied equal rights and their competitors are given special privileges—hence the "rail road problem."

If rate restrictions, for example the long-short-haul clause, be sound for railroads, then they are sound for other forms of transportation.

If taxing cars moving on railroad tracks be sound, it is equally sound to similarly tax boats, barges, airplanes and motor vehicles.

If it be sound policy for the taxpayers to furnish airports and beacon lights for airplanes; canalized rivers and locks and dams for boats and barges; and highways for mo-

tor vehicles free of charge, or for inadequate charges, then it is equally fair for taxpayers to furnish terminals and maintain railroad tracks for railroads.

When Ohio motor police informed an Ashtabula resident of the location of his car, in Geneva, he told them he was tired of the machine and just didn't want to drive it any more.

The movie revival fad would have even more kick if somebody would figure out sound effects for the weird facial expressions the heroines used to mope with.

Help Them Cleanse the Blood of Hateful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Dr. Doan's Pills, Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

SECOND CHAPTER OF THE RECORDS OF THE CANDIDATES FOR CONGRESS

COMPARE THE RECORDS

McFarlane's Record Gossett's Record

In the general mercantile business for years prior to selling same and volunteering as a Buck Private in the World War.

He has worked on the farm, in the coal mines, in the stores and odd jobs, working his way through two universities. Since returning from the World War has practiced law with his father at Graham, Texas, since 1920.

He has always actively supported legislation for the war veterans, widows and orphans, and led the fight for the soldier's bonus.

He has kept faith with his own and the democratic platform 100 per cent. Has actively supported the President's Recovery Program.

Was appointed on special investigating committee to investigate aircraft purchases for the Navy and was directed by the President to investigate these corporations' income tax returns. From this investigation, he secured information, offered legislation and helped fight through Congress amendments to the tax law which eliminated the right of large corporations to file consolidated income tax returns. Abolishing this loophole in the corporation income tax law placed back into the treasury more than \$300,000,000 for each of the past 3 years, which had previously been escaping taxation each year. (p 6432-36; 6666; 7063-65; 74th Cong. Rec.)

Offered the first measure under this Administration to give federal jurisdiction over bank-robbing, hi-jacking and kidnapping crimes, and of this legislation Chairman Hatton Sumners of the Judiciary Committee says, "Your honest and constant efforts have contributed to the consummation of this item of legislation."

Introduced and helped enact legislation for the farmer, oilman, independent merchant, bankers, livestock men, laborers, railroads, and for education.

Offered legislation to prevent members of Congress from employing their own kin folks, and to reduce his own salary 25 per cent.

Offered legislation to stop issuance of tax exempt securities.

Favors repeal of the Federal gasoline tax and balancing the postal deficit by requiring second, third and fourth class mail to pay their fair rates.

He actively fought and worked for all projects received in this district under this Administration, amounting to more than \$56,000,000.

LET'S NOT SWAP HORSES IN MID-STREAM

The President and this administration need all the tried and true friends they can get to put through the Democratic Program.

THE ELECTION IS NOW OVER!

Whether your choice was winner or loser does not matter now. Whether the peoples choice pleases or disappoints you is yet to be seen.

WE HAVE BEEN ELECTED

by MORE THAN TEN THOUSAND, FIVE HUNDRED PEOPLE to protect them. We have never failed those who have kept their insurance paid. Those with paid protection, who have lost a member of their family, will tell you that we were with them in a very short time, to help save them from embarrassment, and the burden of debt, that bereavement brings.

IF YOU HAVE NOT VOTED FOR US

to protect you, CALL YOUR FAMILY IN CONFERENCE, talk it over, and call or write us, before you are forced to face bereavement. If you are in good health, you too can soon have the consolation so many others enjoy, and feel the comfort and safety our policies give.
