

# Farmers To Vote Saturday

## GEO. MOFFETT FOR COTTON LABORATORY

Your County Committee, elected under the Soil Conservation Program wishes to call your attention to and urge you to participate in a Referendum Election to be held at the polling places designated by your committee in the towns of Knox City.

This referendum will determine whether we wish to have controlled production of cotton or continue the old practice of some of us reducing our acreage and the rest of us increasing our acreage, and continue to produce more cotton than the world can consume.

We think that this is an opportune time for the farmers of Knox County to get their farms on a sensible basis of diversification and at the same time preventing the other fellow from bringing to naught our efforts.

If the referendum authorizes new crop control to set a marketing quota of cotton, a producer will be allowed to sell tax free all cotton produced on his allotted acreage, provided he is in compliance with the new law. He will also receive a new subsidy on the 1938 crop and also be allowed another loan on his crop. If this fails to carry in favor of the marketing quota it will probably be the beginning of the end of a Soil Conservation Program in the United States.

So, fellow farmers, let us go to the polls Saturday, March 12, and vote either for or against a controlled cotton production program. If we do not get what we want it will be our fault.

Respectfully,  
J. W. Smith  
August Shumaker,  
County Committee, Knox County.

### W. N. REYNOLDS

Mr. W. Reynolds, a citizen of Knox City for many years, passed away Monday, March 7, at his home here after a lingering illness of several months.

### COATES ASSAILS LIQUOR TRAFFIC "SIT-DOWN" WILL BE EMPLOYED IF AGENTS PERSIST

Drive on sellers of liquor in Abilene and surrounding counties was carried out by John Coates district supervisor of the liquor control board last week when he filed 32 cases in four counties.

"Sale of liquor by taxi cab drivers and maintaining an open saloon in Abilene has got to stop," Coates stated. "We are going to stop this liquor traffic if we have to use 'sit-down' methods." The "sit-down" method was used by Dallas agents to stop sale of liquors from night clubs and cafes recently.

Drug stores in Abilene are furnishing drivers of taxi cabs with liquor and they deliver to all parts of town, the supervisor said. "After the drug stores are closed the drivers 'accommodate' liquor users by getting bottles from bootleggers," Coates added.

RAPS OPEN SALOON  
The supervisor further stated that the drive on open saloons was going to be carried to the limit. "We have been working undercover for the past 30 days," Coates said. "But are now ready to break several cases." In addition to the thirty-two cases already filed, and Coates plans to file several more next week.

Filing of padlock proceedings against three Abilene places will be made Monday, along with the filing of possession of one car, the supervisor said.

In Nolan county 13 cases were filed Taylor 12, Coke 2 and Runnels 4.

### SPIRIT OF KNOX CITY

Jack O Diamonds LeDay, Nationally known daredevil is being brought to the city of Knox City for his spectacular and sensational acts that have gained nation wide attention as he has doubled for the many stars that are high salaried in his home, Hollywood California. Jack is a son of the famous original Jack-O Diamonds Sr. who gained a national wide reputation in the year of 1909 that was one of the participants in the publicity program that was put on by the Good Year Rubber Company long before their present standing and as a cooperative sponsor the Wrigleys Sr. Chewing gum company, when they gave the Niagara Falls a trial at going over it in a rubber barrel and at the present date the original Jack O Diamonds Sr. is alive and in excellent health, living in the beautiful manor called Oshee Tishumsela Manor just outside of the city limits of Chicago. The name means laughing blue eyes in the Cherokee Indian language. Jack's Father named this estate after his mother's eyes as his father wooed and wed Miss Ellen Cane while he was convalescing from some of his daredevil exploits that had caused him a minor injury. She had blue eyes and naturally the father being a very devoted avian was always for the comforts of his loving bride. The home has gained nationwide attention as it has appeared in thousands of news reels and has been the scene of many a gathering of diplomats.

Jack is a scholar of the old school. He was raised up as a juvenile daredevil, in fact his father carried him on his shoulders in walking the tight ropes across many a dangerous chasm and in his Human Fly acts of climbing buildings with his fingers and toes, and running and walking around the cornice works of the tallest buildings of the world. He conceived his ideas as many others have wondered about, when just a lad he had painted thousands of the tallest spheres and cathedral domes over the country, as a painter he was painting a dome of a water tank one day. One day, he and a young boy both were at the age of 14, while doing so they accidentally dropped one of their paint brushes, which caused the crowd below to stop and gasp and gape, and from that date on, Jack Jr. and his companion conceived of the idea of commercialize on their daily work and make more money. So they got their heads together and called on the old original Pittsburg paint company, and sold them the idea to make them some Caps and uniforms with signs or letterings on them. "Use Pittsburg Paints the Paint that Last." And these uniforms seemed to be in demand so the garment company started the original idea of putting commercial advertising on unionalls and caps and coats. Then they decided climbing a ladder was not spectacular enough so Jack through his original training would make a tieup with advertisers to scale the walls of the building and climbing to the top and standing on his head, while his partner stood on top with and old style Megaphone and shouted the names and the messages of the sponsors.

His next death defying act and one of the greatest crowd drawing acts was to ride a three wheeled tricycle around a three foot cornice work of a Railway office building in Cincinnati Ohio, he would let one wheel get over the side and talk about thrills the crowd would gasp for their breath. When cars became so popular he was one of the first to try out a Stanley Steamer, and try to keep it wide open for twenty minutes. In fact, he states he was trying to win the car. But he failed as he and thousands others did at that time. There were no such highways as today, but to make it spectacular and to advertise the car he originated the Slide

Life, of which he stood on the rear bumper of a speeding car and stepped off and sliding out of the way of an oncoming car.

He has the reputation of being one of the cleanest showing performers that is following the circuits today. He carries thousands of unsolicited letters from gratifying results that he has gotten for his sponsors, and he is recommended as being a man of his word and will do what he agrees to do if it is humanly possible.

During the earthquake in California he and his troupe were doing their stratosphere dance and that means that Betty and Jack, Betty is his beautiful coed sister, were doing their death defying dance on the worlds smallest ballroom floor which is only thirty inches in diameter, and is erected on a fifty foot pole above the roof of a leading building in fact in California they were above a 15 story Hotel, and he says it is quite a sensation to be on top of a building and see buildings all around fall and topple over, as well as later sitting on your bed and the whole house rock like it was on rockers.

Jack is an ex-marine and gained recognition while in the service as the king of escapes he does an act which he will do here known as the Escape from Death, which means he will be tied in a regulation straight jacket, laced with six coils furnished by the Gunn Hardware of Munday, thirty five foot of chain and twenty eight feet of rope and locked securely, he will do this act under a screen to make his escape as the negotiations are being made for the escape to be done on stage at the local theater and the crowning of the beauty queen on stage, as to explain each merchant that is sponsoring this daylight program has agreed to have an entry in the beauty contest and to present her with some small prize. Now girls don't be backward it won't cost you anything and you may be the winner of a beautiful cake from Jack's official bakery the Purity bakery, and a number of other prizes from the sponsoring merchants. Most places Jack says the official beauty parlor gives the winner a permanent.

The voice of safety as his sound cars are known that are covering the outlying territory is made possible thru the courtesy of the Hughes Radio Shop and Jack states that he was sure happy to find an expert technician in Knox City and advises you folks to take your radios to Hughes radio shop.

Jack's Chief foods are bread and milk and meats. He endorses the local made Purity bread for health and keeps physically fit eating purity bread he states it is just chock full of vitality energy and health and is made locally. He advises everyone to patronize the home town establishments and keep your money at home, this famed daredevil's troupe carries a chief dietitian, and a trained nurse and they have inspected the local modern up to date Sanitary Knox City Dairy and they say they are happy to find just such a modern clean sanitary dairy as you will find in Knox City Dairy, also the cows are tested and contented that means delicious pure milk, so ask for it. Knox City pure raw milk sold in the city fresh daily, drink plenty of milk it is healthful. Also they endorse the meats that they find sold at the Bridges Red and white meat market. It is kept clean and fresh and sanitary. They are fully marvel at the taste of the pure fresh choice cuts of meat that is sold by the Bridges Red and White Quality Meat Market. This food is served exclusively at the Food headquarters, Lawsons cafe. Now here is their honest thing in life and its a wonderful thing to be well fed. As well that quality of food and the service and (Continued on page eight)

### MORE USES FOR COTTON WILL BRING PROSPERITY TO TEXAS

F. L. MOFFETT FARM  
Geo. Moffett, Mgr.  
Chillicothe, Texas

March 5, 1938

Knox County Herald,  
Knox City, Texas  
Dear Mr. Garner:

I am enclosing herewith a recent "mat" which is much better than the one I sent you sometime ago. Should you have occasion to use a mat in the future, I hope that you will use the one enclosed herewith.

I returned a few days ago from a meeting of the State-wide Cotton Committee in Dallas, where a very thorough discussion was held of ways and means of getting the Federal Cotton Research Laboratory, provided for in the new 1938 crop control law, located in Texas. Since I had long been a sponsor of a cotton research laboratory, while in the Texas Legislature, I was asked to help draft a strong re-

solution, which was sent to Secretary Wallace and the members of the Texas delegation in Congress.

Among other things this resolution sets forth, that Texas is the chief cotton producing state, that ninety per cent of the entire Texas crop in the past, has been sold abroad, that foreign demand for Texas cotton has shown a severe drop, thereby grievously affecting Texas cotton producers, that more than in any other state, the Texas farmer must find new markets and outlets for cotton, that in the last few years the people of Texas have shown a strong interest in the establishment of a Cotton research laboratory, that about a year ago a bill passed both branches of the Texas Legislature to accomplish this purpose (later vetoed by Governor) and that on the basis of these reasons and facts, Secretary Wallace is respectfully requested to locate the cotton research laboratory in Texas.

It is probable that Texas is leading the parade in the effort to secure this cotton research laboratory, as no other state legislature has taken any action whatever on the matter. It is generally conceded however, that in order to clinch the securing of this laboratory, that it must be impressed upon Secretary Wallace, through newspaper agitation and discussion, farmers organizations and business organization activities, etc., that we really want it, and that these activities should be wide spread instead of coming from a few large centers.

If you see fit to give this matter some mention in your columns, and to induce the business organizations, in your town, to take action upon it, it would help a little, just as the use of this sheet of cotton stationery helps a little toward increasing the use of cotton.

Thanking you for past courtesies, I am yours very truly,  
Geo. Moffett

### MAP IMPROVEMENT PROMOTES

PONCA CITY, Okla., Feb. 28 — A  
major improvement in automobile  
road maps which encourages the mo-  
torist to think in terms of reasonable  
driving time between given points,  
rather than mileage to be covered, is  
announced by the Continental Oil  
Company in connection with the is-  
surance of maps of the new type by  
the company's Conoco Travel Bureau  
at Denver, Colorado.

The new feature which will appear  
on the face of all Conoco maps con-  
sists in the addition of actual driving  
time in hours and minutes from town  
to town. These figures are printed in  
red ink and appear directly under each  
of the usual mileage figures which  
give the distance between cities and  
towns. A footnote points out that the  
driving time has been calculated for  
normal traffic conditions and dry roads,  
and that allowances should be made  
by motorists who drive unusually  
fast or slow.

The improvement is also in use by  
one other major oil company and is  
understood to be under consideration  
by several others. This strong empha-  
sis on reasonable driving time rather

than the factor of distance-to-be-cov-  
ered should do much to promote high-  
way safety, say Conoco officials.

### METHODIST CHURCH

We had fewer persons present at  
our services Sunday than usual, the  
Lord was present and blessed us, and  
we had a good service. We enjoyed the  
fellowship with Rev. C. E. Cogswell  
and his church Sunday evening. The  
sermon was very helpful, and we were  
profited by our going. We are glad  
to have Bro. Cogswell and family in  
our community, and pray that their  
laborers among us may be pleasant  
and profitable.

Next Sunday Dr. Thomas W. Brab-  
ham, and the McMurry Chanters, from  
McMurry College, at Abilene will be  
with us. Dr. Brabham will preach at  
11:15 A. M. and the college students will  
render a musical program. An old  
fashioned basket dinner will be serv-  
ed at noon, and you are cordially in-  
vited to bring your basket and spend  
the day with us. The chanters will ap-  
pear in a musical program in the af-  
ternoon. Every young person in the  
community is invited to come and en-  
joy the day with us.

Services Sunday:  
Sunday School, 9:45 A. M.  
Preaching, 11:00 a. m.  
Dr. Thomas W. Brabham.

## OPENING OF NURSES HOME HELD LAST WEEK

The nurses of both the Knox County  
hospital and the Knox City clinic held  
open house at their new home Wednes-  
day evening. The people registered at  
the door by Mrs. Billy Goodrich were  
received by Nurses Harwell and Wat-  
kins and escorted through the home  
by Mrs. Ferguson.

The home had been attractively de-  
corated in red, white and blue in  
keeping with the declaration of inde-  
pendence of Texas theme. Nurses Tur-  
ner and Champion presided at the  
table and all guests were served re-

freshments. The entertainment for the  
evening was in charge of Mrs. E. Q.  
Warren and her music pupils.

The home is the only one of its kind  
in this territory. It is a stucco cottage  
composed of living room, two baths,  
and bed rooms for five. The nurses  
have been occupying their new home  
since about the first of February. Va-  
rious organizations already have pro-  
jects planned for helping beautify the  
grounds or the home.

### GAYLON SCOTT ENTRY GRAND CHAMPION

For the second time in as many  
years a Knox county youth's calf Fri-  
day carried off top honors at the an-  
nual district 4-H boys calf club show  
and sale when Gaylon Scott's junior  
Hereford was declared grand cham-  
pion of the show. The calf was bred by  
the Hamilton ranch in Knox county.  
W. W. Rice is county agent.

Scott's brother, Elton, exhibited the  
grand champion calf at last year's  
sale. It was also in the junior class.

Reserve championship honors went  
to Carl Smith of Throckmorton coun-  
ty. The calf was bred by Frank Smith  
of that county. Scott's calf placed  
first in the junior division and  
Smith's in the senior group. V. S.  
Payne is Throckmorton county agent.

Scott was awarded a blue ribbon  
and \$10 premium for first place in the  
junior division, and Smith was winner  
of \$10 first premium in the senior di-  
vision.

### BEST GROUP

Five calves from Knox county were  
judged best in the county group with  
Throckmorton county second. Premi-  
ums of \$10 and \$5 respectively, were  
awarded.

Other winners in the senior division  
in the order they placed were Forest  
Armstrong, Throckmorton county;  
Ted Burkett, Archer county; Clark Mc-  
Anally, Archer county; Leslie Evans,  
Archer county; Billy Earl Gilbert,  
Young county; Wilburn Patterson  
Clay county, and Bill Overbey, Wich-  
ita county. In the order named they  
will receive premiums ranging from  
\$7.50 down to \$1.50.

Other winners in the junior division  
in the order of placement were Clinton  
Woodley, Cottle; Ted Armstrong,  
Throckmorton; Darwin Shipman,  
Knox; Elton Scott, Knox; Bobbie Ar-  
strong, Knox; L. N. Bridges, Knox,  
and Bennie Joe Morton, Clay.

The winners will be presented the  
same premiums as received by winners  
in their group.

Exhibiting in the best five group  
from Knox county were Elton Scott,  
Darwin Shipman, L. N. Bridges, Bob-  
bie Armstrong and Gaylon Scott.

Fritz Kreisler, A.S.C.A.P.

FRITZ KREISLER, master violin-  
ist, has achieved the pinnacle of  
musical fame in defiance of most of  
the traditions of his art. For months  
at a time, he never touches his be-  
loved violin. Even on the day of  
a concert he does not practice.  
When he was fourteen, world-famed  
as a boy prodigy, he quit music and  
completely forgot his violin for ten  
years. Then he decided to return  
to music, and within eight weeks he  
made his debut in Berlin and elec-  
trified the music critics.

Annually, on completion of his  
concert tours throughout the world,  
he lays aside his priceless Guar-  
nerius del Gesù, his Gagliani, his  
Stradivarius and his second Guar-  
nerius and devotes himself to other  
interests, only to return each sea-  
son with seemingly increased virtu-  
osity. Other musicians marvel at  
his unorthodox methods, yet he  
justifies his habit as based upon a  
sound conception of his own capa-  
cities. He believes that for him  
half an hour of intense concentra-  
tion is better than a week of the  
arduous labor of endless repetition.

Kreisler is not only a master mu-  
sician—he is one of the outstanding  
intellectuals of the great artists.  
He enjoys conversational skill in  
the classic Greek and Latin lan-  
guages and is thoroughly schooled  
in half a dozen modern tongues.

When as a youth he dropped  
music, it was to pursue the study of

medicine, his father's profession.  
He is keenly abreast of modern  
scientific progress and invention.  
His skill as a painter was developed  
under famous French masters. His  
return to music followed the inter-  
ruption of his medical studies by  
the conventional compulsory mili-  
tary service of his native Austria,  
where he was born, in Vienna, Feb-  
ruary 2, 1875. He writes brilliantly,  
is the author of several books.

When Kreisler, on becoming an  
American citizen in 1924, joined the  
American Society of Composers,  
Authors and Publishers, one of the  
most startling of modern musical  
hoaxes was revealed. Kreisler had  
created many original compositions,  
for the lasting beauty of which he  
was rated among the leading of  
modern standard composers. But  
the machinery for copyright protec-  
tion of members of the Society soon  
revealed that many other numbers,  
which had been included in Kreis-  
ler's programs and had been widely  
played by other musicians, were  
not really the work of composers  
supposedly of a former generation,  
but of the great Kreisler himself,  
modestly cloaking his identity un-  
der varying noms de plume.

The critics have not forgiven him  
for what they regarded as a hoax;  
but the American public, which ap-  
preciates "Liebestreu," "Caprice  
Viennese," "Schoen Rosmarin" and  
other Kreisler compositions, cares  
not what some the master used.

## State Teachers Notes

Denton, Texas, March 8th — North Texas State Teachers captured two finest, smashed one meet record and placed seven entrants to amass 21 points in the sixth annual Border Olympics at Laredo Friday night. They logged a distant third behind the meet winners, Texas University, and the second place Rice cinderpathmen. Texas as turned in 35 points, only one half point ahead of the powerful Rice squad.

Lanky Blaine and Wayne Rideout distance twins just returned from big time competition in eastern meets where they ran against the nation's greatest, turned in their usual stellar performance, accounting for both the Eagle firsts.

Blaine Rideout won the mile in 4:29.6, smashing the meet record set last year by Henry Morgan of North Texas, and making it the sixth consecutive year that an Eagle runner has won that particular event. Sailing of North Texas was third in the same event.

Brother Wayne Rideout came in first in the 800 with Morgan of North Texas second in the event. Other Eagles placing were: Phillips, tie for second in high jump; Bone, second in pole vault; 800 yard relay team, third.

The meet, stiffest test for the Eagles track squad this season, has pointed out to Coach Choe Sportsman his weakest events, and the North Texas will settle down to hard training for their next meet, the Southwestern Recreation Exposition Track and Field Meet in Fort Worth, March 12.

Denton, March 7 — A peck of apples a day could not keep all the Texas doctors away, because there are over 6700 of them in Texas, according to the 1936 census. At that time there were 2996 hospitals, which boasted a total of 21,470 beds and 319,240 patients, not to mention about 1500 bassinets. Since the average number of hospitals per state is about 130, Texas is well above its quota.

YOUNGSTERS AHEAD

Texans between the ages of 35 and 44 should be able to get what they want these days, if there is any truth in the "strength in numbers" policy here are 787,000 in that age group, with five-to-nine year class ranking second. Those under five form the next row, with 640,000, and these form

15 to 19 years of age include almost the same number, 638,000.

### TAX FIGURES

Sixteen Texas counties have a tax rate of over \$1.50, the others running down the scale to \$0.25, which is the rate in Roberts and Ector counties.

Dallas County has the highest assessed tax valuation in the state, \$273,742,923 being followed by Harris, Bexar, Tarrant, Jefferson and Gregg and Pecos. If the 1936 don't read a county, all above the hundred million mark.

## LEGISLATION MAKES SAFER PROTECTION

Texas Legislation has provided supervision that makes Life Insurance safer for the people.

The three ways that Insurance Companies may operate follow:

- Under laws governing Legal Reserve Insurance Companies, whose rates and methods of operating are defined.
- State Wide Mutual laws, give permission to operate over the entire State.
- Local Mutual Aid Laws, permit business to be written only within limited territory.

WE PREFER LOCAL MUTUAL AID LAWS as they confine us to smaller territory where we have many sources to get accurate information before issuing policies.

PERSONAL ACQUAINTANCE AND FRIENDSHIP prompt statements that are truthful, so that statements made on Death Certificates will not conflict in settlement of claims. We like to know personally the people with whom we deal, and this can be done only in a limited territory.

WE FEEL THAT IF WE CONDUCT OUR BUSINESS honestly, that we can secure sufficient business within this given territory. If we have to leave our nearby territory to get business, you could wonder why.

THERE IS ALWAYS GREATER PERSONAL interest in our friends, than in those whom we have never seen or never expect to see. We investigate carefully before we issue policies, rather than take your money and hunt reasons to keep from paying, or to make a compromise settlement, through conflicting information, that might be obtained after death.

OUR RATES ARE APPROVED by the State as being adequate, yet they do not carry as heavy "loading expense" as many others.

We are in business for your protection, and you will not regret business relations with us.

**HOME TOWN GIRL MAKES GOOD**

Senior class favorite — nominee for class favorite every year she has been enrolled in H. S. U. — that is the record set by Jo Nelle Robbins — to be aimed at by incoming aspiring young underclassmen. She is vice-president of the Cowgirls.

Because she has been one of the most popular girls on the campus. Jo Nelle was selected to parade the Silk Bandanna this week. Even though she is a banker's daughter and an only child, this interesting feminine personality from Knox City is neither spoiled nor conceited.

A beautiful brunette, Jo Nelle wears those clothes and colors that show off her dark beauty. Dignity and sophistication become her senior classification. She was elected vice-president of the cowgirls since mid-term and has been a member of the organization for three years.

Penny collecting is her hobby, and among her accomplishments are piano playing, singing, and crocheting afghans.

She is preparing herself to become a first class housewife — with a university major in home economics.

For her preference in human personalities — at present she has chosen a light blond ex-student of Hardin-Simmons.

To the favored class favorite — many your days of pleasure be many — and may your raise the silk bandanna to a new level of achieved successes.

## SENIOR REPORT

The seniors are backing up and getting ready to take another step toward the end of their high school careers. They have backed up to regain a little of the things that slipped past their grasps the last five weeks. Here is hoping that they come out as victors as they did the last six weeks.

Mr. George Horace Lorimer in one of his letters left a bit of philosophy with us that just about "hit the point." "You can cure a ham in dry salt and you can cure it in sweet pickle, and when you're through you've got a pretty good eating either way, provided you started in with a sound ham. If you didn't, it doesn't make any special difference how you cured it. The ham eater is going to strike the same sour spot around the bone. It doesn't make any difference how much sugar and fancy pickle you soak into a fellow, he is no good unless he is sound and sweet, at the core."

Well, the seniors are pretty sound hams, and they are here to tell you that there's no class in school that can set them in the shade.

Herbert Partridge is in what Sherlock Holmes would call a "jar." It seems Buddy Bumpas, Askelon Stogard, and Fuller Shannon have filed an indictment against him. The said witnesses and participate in the crime accuse Herbert of being mixed up somehow in a "crap" game. Herbert pleaded innocent to the crime charge. Herbert's attorneys are going to try to prove that he is not guilty of the crime charged. This great trial to really settle Herb's case, will take place in the civics class next Monday morning where the seniors are having court all of their own. The class and teacher plan to visit real court at Benjamin some time soon.

### FRANCES GRAY

Frances Gray, daughter of Mr. and Mrs. A. H. Gray, was born, October 20, 1919, in Terry County. She moved from Terry County while she was still a small child. Frances attended school three years at Gillespie, and has been going to Sunset the rest of her school years. She played baseball from the sixth through the eighth grade. Frances entered in picture memory in the fifth grade, and arithmetic while in the seventh grade and won second place in county. Frances played volleyball three years. She was elected assistant editor of both the school paper and the annual for 1937-38. Frances was elected president of the senior class for 1937-38.

Favorite sport: Volley ball.

Favorite color: Red

Hobby: Collecting trinkets

Frances plans to attend Texas Tech next year.

## SUNSET JUNIORS SELECT CHARACTERS FOR PLAY

As this week is examination week, the Juniors are "snowed under" with work, for their play is scheduled for March 18. If you want to laugh, just see this three act comedy. It's a wow!

Just to let you know what a real play it is, we have Junior Matthews (you know Junior) playing the part of Melchizedek (and can try your hand at pronouncing it. We have anyway, Melchizedek is a negro porter at the Mountain View Inn.

Sue Grahame played by Phine Clarke.

Cherry Holt, played by Nettie Griffith.

Dick Grahame, Sue's husband, is played by Aricie Strickland.

Deaconia, the negro maid, is played by Mary Herring.

Sophonra Spachett, Cuthbert's fiancée, is played by Mamie Tankersley. Fifi, her French maid, is played by Wardell Sweett. Tommy Tarrant, who is in love with Cherry Holt, is played by J. E. Hunter. Mrs. T. Jefferson Johns, in search of a title, is played by Dorothy Garrett. Gwenneth Johns, her daughter, is played by Louise Gray. The one and only or is it Lord Cuthbert Twillingham is played by our own little E. G. Parkhill.

Lawdy, what a jerd he'll make. Snodgrass, his valet, is played very successfully by Floyd Frost. Everyone, come see it. It's a knockout.

## FRIENDS

As we look back through the years, memories come to us sometimes with pain, others times with a glad feeling. We remember many old friends, some that we still know, others that we know only for a while. As we glance through our autographs and photograph books, tears spring to our eyes as we think what little things could have been said and done, to make those friends happier. A person need not be famous or rich to be a friend, but of you have a true friend, that is the most a person needs in life. You need not be a friend to one person alone, but to the world as a whole. As it has been said before, but I think it worth saying again, a person may be rich, but if his heart is not of gold he is really not rich. Friends make a person feel rich.

I have recently read Dale Carnegie's "How to Win Friends." Not only is it a very interesting book but anyone can be helped by it. Some of you probably think you don't need to read a book like that; but if more people would take time and interest to read a few helpful articles I'm sure more people could find happiness easier.

There is one thing I think is very important make your friends feel important. Do not always take all the glory.

So, try to remember your friends in the things you do and say.

Dorothy Garrett

## SUNSET MOTHERS MAKE SUITS FOR RHYTHM BAND

The mothers of Sunset are making costumes for the first and second grade rhythm band, members. In order that the mothers may work together they are using Home Economics department, which is supplied with necessary tables and four Singer sewing machines.

These costumes are to be worn in the county meet. The colors are red and blue. Both boys and girls will wear blue pants with red stripes and blue coats with the shorter red capes attached. To top off the costume a hat shaped like a bell hop cap will be worn.

## WEEKEND VISITORS AT S. M. U.

Mr. and Mrs. R. R. Davenport accompanied by Herbert Partridge and Fuller Shannon visited the Southern Methodist University at Dallas over the past weekend. They were well pleased by the courtesy shown to them

by the coaches and officials. They visited the dormitory and became acquainted with many of the students. Saturday afternoon they watched the Mustangs work out in track, baseball, and spring training for football. The most enjoyable event of their trip was the basket ball game, Saturday night, between the Mustangs and the Baylor Bears. The game was a Mustang victory from the start. The boys were invited to stay in the dormitory for the night. The party returned home Sunday afternoon. The basketball coach invited Herbert and Fuller to attend S. M. U. next year, and the boys are doing some serious thinking on the subject.

## SUNSET GIRLS PLAY FIRST VOLLEY BALL GAME OF SEASON

The Sunset Girls played their first game of the season in Volleyball last Wednesday afternoon. The Benjamin girls came to Sunset, and the two teams began playing soon after school was out. Neither team could get started, but finally the Sunset girls won with the score of 15 to 7 in the first game. In the next game the Sunset girls ran the scores up to 10 and 0. The Benjamin team got 3 scores before the Sunset girls could calm down and stop them. This put the scores 10 and 9 in the Sunset favor. Although one score was made and then the opposite team would score. The Sunset girls won with the scores of 15 to 13.

The team was proud of the playing that Ruby Hutchinson did. This is her first year to play on the High School team. The other girls have all played on the team before with the exception of Loveda Cheek, and she was a star player from the school she represented.

## THRILLS AND SPILLS

What is this we have been hearing about several of the Sunset and Monday boys starting making Seymour over the weekends. (It is the girls here or the ones there?)

Herbert is your profession gambling or courting, maybe it is neither or both. We will let the Civics Class decide.

Askelon are you slowing down. Where were you Sunday night?

Is it someone else or is it?

Who's the new date, Lemuel?

Th Juniors surely do like play practice, how about it Sheette?

Has J. E. and E. G. traded girlfriends? Or do they just swap about?

Did some of the boys that went to Dallas over the weekend get home sick for Knox City?

Cleta how about that Saturday night date?

Phys, what's all this about Friday night? Could all the interest be over the Knox City Junior's play?

Buddy, how about you Fuller and Herbert staying at home for awhile.

### FIRE DEPARTMENT BUYS SIREN

The local Fire Department has this week attached a siren to the Fire truck which is much better than the bell that has been in use for some time. The siren is hand driven and is of course not loud enough to alarm the town, but is large enough to warn the people to clear the street and watch at street crossings for the truck.

### JUNIOR PLAY TO BE PRESENTED TONIGHT, FRIDAY

K-C-H

"Dotty and Daffy" a three act farce written by Jay Tobias is to be given in the Knox City Public School auditorium on March 11 (tonight) at seven forty-five P. M. It has been said that "Dotty and Daffy" is one of the best and cleverest American plays ever staged.

Bobby McCarty plays the role of Hilda Johnson, the Swedish maid, who is a scream throughout the entire play. Emma Sue Thompson carry's out the family tradition as the Irish cook, Molly O'Mulligan.

Glenn Huntsman plays the role of the English butler, Alfred Hopkins.

Geneva Walker plays the role of Dotty, the older daughter of Phyllis Travers. Wynette Farmer plays the role of Daffy, Phyllis' younger daughter. The two girls suddenly change from the role of sophisticated young ladies to mischievous little demons.

Odell Carver plays the role of Jimmie Rand, a collegian in love with Dotty; boy thinks that boy hasn't got what it takes!

Doyle Graham plays the role of Freddie Rand; Jimmie's younger brother, in love with Daffy.

Mary Frances Reeder plays the role of Mrs. Phyllis Travers; an impetuous widow.

R. E. Humphries plays the role of Praxton Belmont; A rich (?) widower.

Donnie Joe Gaither plays the role of Jack Belmont; Praxton's gigolo son. Anna V. Carr plays the part of Aunt Hester Harley; a man hating old maid, she practically scares the whole cast to death with her threats.

Joe Warren plays the role of Hugh Rand; the uncle of Jimmie and Freddie Rand.

Miss Delene Reid, sponsor of the Junior Class and a graduate of Texas Tech, is director of the play.

The play will start promptly at 7:15 p. m. The Knox City Orchestra will play from 7:15 to 7:45.

The admission prices will be Grammar School — 10c.

High School — 15c.

Adults — 20c.

### THE LARKSPUR

K-C-H

The Seniors chose as their class flower the larkspur. In choosing this flower many things were considered. The larkspur is the symbol of spring flowers. It blooms early, letting the richness of its colors and the depth of its every hue, steal deep down in our hearts. It is very fitting that a flower like the larkspur should bloom out and be placed for all to see to commemorate such a day as Commencement.

First we think of the tiny seed that is placed in the ground. Each exquisite seed placed in the earth signifies the tender and loving care of someone's gentle hands. No doubt the Planter of these seeds thought that someone would adopt their flower and take it into their hearts, only to be removed for something as wonderful as graduation, and never to be replaced by anything else.

The larkspur is a flower that speaks of beauty tranquility, and it radiates its simplicity to the human heart. It stands in tall spikes of blue and purple blossoms, with their long upright spurs, look like lovely little fairies poised and ready for flight. They crowd closely together on a certain stalk from which the tiny stems seem to burst forth in full glory proudly displaying their beauty to all who care to view them.

There are many different meanings of this flower but the seniors especially liked the part of the definition that speaks of spurring forward. The Seniors, like the flower, will blossom out in the latter part of May. These blossoms will fall after graduation, but the Seniors will be reassured with the promise that they will bloom again soon, and that each time that the blossoms reappear, they become more beautiful.

### INTERSCHOLASTIC LEAGUE WORK GETS UNDERWAY

K-C-H

Many of our students in the high school and grammar school are planning

to enter various interscholastic activities. Our school would like to win as many places as possible this year, and in spite of the fact that this means extra work on the part of both the students and the teachers we have had a wonderful response to our call for entrants.

Miss Hicks has charge of the senior spelling and reports that much progress is being made. There are three left in the race, and Miss Hicks plans for the two who have missed the fewer words since the work began to go as the contestants and for the other speller to go as alternate. The three in the race are DeAlva Hammons, Anna Lou Warren, and John H. Atterbury.

Mr. Whitia is sponsoring the ready-writing contest, extemporaneous speaking, junior boys declamation, senior boys declamation, and senior girls declamation. Those taking part in ready-writing are Mary Frances Reeder and Glen Huntsman. The extemporaneous speakers are Ruth McGee and Paul Hoge. Quite a large number have entered the declamation work and in the senior girls division the following students are taking part, Billye Benedict, Marion Clonts, Ellena Fayne White, Wynette Farmer, and Dorothy Shaver. In the senior boys division of declamation are the following, George Wall, Dickie Mullins, Bobby Aronstrong, and Odell Carver. There is only one entry in the junior boys division and that is Billy Dean Davis.

Mr. Dodgen has charge of the debating teams and Maurice Stapp and L. N. Bridges are working hard to make a success. Mr. Dodgen also has charge of the junior boys tennis. He reports a large number as entering, this division of the league work. A complete list is not available at the present but will be presented later.

Mrs. Baker is in charge of the junior girls tennis and the senior girls tennis and the junior girls declamation. There are quite a number of girls entering in tennis.

A complete list of these girls will be furnished soon.

### TRACK BOYS GO TO HASKELL INVITATIONAL TRACK MEET

K-C-H

March 10, Haskell will be host to approximately thirty teams invited by the high school in Haskell for the invitational track meet to be held on the football field beginning at two o'clock. The finals are to be held under lights beginning at 7:30.

The track squad of Knox City High School has sent in their entry and expect to have a group numbering about ten to make the trip. Eliminations were held either Monday or Tuesday for the men interested in making the trip. Those making the trip will by no means comprise the track squad for the season, stated Mr. Shumaker, track coach; but these tryouts are merely to have a representative squad.

There seems to be plenty of boys coming out for the squad representing a likely group for all the events. The only event there doesn't seem to be a man is the 880 yard run, or the half mile. There is only one man out for the mile run, and he is sure of the trip to Haskell. John Moulder, the only candidate for the mile run will make the trip. John is working faithfully and the competition in Haskell will show whether he will develop into a competing miler. Most of the group are interested in the dashes and the mile relay, but if group looks like the winners they do now and keep on improving Knox City should be represented by a strong track team.

The boys reporting for track every afternoon are: John Moulder, Doyle Walker, Melvin Dutton, David Clarke, Donnie Jo Gaither, Paul Ed. Benedict, Maurice Stapp, Odell Carver, Truman Cypert, R. E. Humphries, Doyle Graham, Roy Lee Mills, Alvin Roberts.

### HITHER AND THITHER

K-C-H

By ?? and ???

With our sincerest apologies to Mr. Ripley we now present Believe It If You Wish. . . . . Ruth McGee traded a Blue Buick for a Black V-8 Saturday night. I don't blame her though. She didn't have any business in the Buick anyway, but she did in the V-8. Say, Ruth wasn't the V-8 a Haskell County car? And, that proves you don't have to be

### a basketball player after all, doesn't it?

Billye Benedict still likes the song "I Still Love to Kiss You Good Night." Wynette is a regular teakettle — In fact, she was bubbling over Monday morning. Nice work, if you can get it and here's one little girl that always does one way or another. Now Flumpy.

Faye is public pest No. 1 but we don't mind, She is just a social butter fly. Geneva Mills seems to like it at the old hospital at midnight. Were you just imagining things or was there really a wildcat on the stairs?

Ellena seems to be all taken up with Leuders. Do you correspond?

Pee-Wee looks so down hearted. She really shouldn't maybe he had to work.

Mary Frances it seems that you too had a nice week end. Especially Sunday anyway! May the good luck last.

Geneva, Dorothy Ruby, and Mary Frances seemed to like the style show at Munday Friday night. Well I reckon.

Dorothy Shaver says that it's the real thing at last. And to think that Sunset has been over there all the time and she just never realized its advantage, or advantage (?)

Doris doesn't seem to be worried. That right little "Apple" keep your shin up and stay cool.

Nina May what do you and Lillian mean by crowding in a blue buick at 9:15 Saturday night?

Do! what's the matter? Couldn't you catch "Little Bumpas" Saturday night?

### SUPPORT AT SCHOOL

K-C-H

The curtain falls; the lights go up; the music swells, the audience applauds wildly!

Later, while in the shadow of the building I grasped the snatches of conversation that floated by: "It was wonderful for amateurs." "Yes, we have real talent, splendid performances."

Have you ever realized the futility of all school activities without the wonderful support as this all patrons of our town and surrounding communities. The fans and backers of our athletic teams, literally speaking, are the backbone. And without winning teams and an excellent scholastic record a school is doomed! It cannot survive, so, citizens it is up to you whether or not we have a school to be proud of!

In case you do, and I am sure you must, support one and all of the programs, games, hand concerts, and all events represented in anyway by members of our ward and high school.

I am sure most of you have at times, in your life taken part in an event where you appeared before an audience. If you have you realize the importance of a large and appreciative audience. Show your appreciation by attending.

You set the pace for us. We are you a few years from now. Do you

### see, we follow — lead us right!

### DECLAMATION TRYOUTS

K-C-H

Friday afternoon at 1:15 the Declamation elimination finals will be held to decide the honor of representing K. C. H. S. at the Interscholastic League meet to be held in Knox City March 25 and 26.

To deciding judges will be from Haskell County and will be entirely unknown to every participant. The public is cordially invited to attend these tryouts.

### JUNIOR TRACK HAS ENTHUSIASTIC START

K-C-H

Last week was spent in Gym doing exercises for conditioning. This week we will move to the outside to start real work.

Most of the week will be spent on starting and short sprints. By the end of the week we expect to have a fair idea of who will compete in each event.

With about ten boys out for the squad we hope to be represented in every event.

Next week we expect to have a meet between the members of the squad in order to qualify for places.

The following are expected to compete are Hughes, May, Averitt, King, Davis, Mullins, Jones, Nance, and Bridges.

### THE FISH BOWL

K-C-H

The Fish are getting restless and the spring fever is getting them in a bad way. To remedy this condition, why not as class have a real old-fashioned get-together? It has been so long since the Freshmen Class have gathered together for happy, friendly hour or so and enjoyed themselves, that here lately it has seemed that the class is drifting apart. This is our first year in High School and we should strive to remain loyal and strong in this our first year, by all means! We have been planning to have some sort of entertainment — let's carry out these plans! Well, Fish what do you say? Shall we drop all our troubles, and really have one swell shindig?

KCH

Miss Dorothy Shaver was a week-end guest of Miss Evelyn Shaver of Rochester.

Mr. R. A. Carr student at Baylor University and an ex-student of K. C. H. S. was a worthy visitor in school.

KCH

Miss Wynette Farmer had as her guest Saturday and Sunday Miss Mary Moore of Munday.

**LUBBOCK, Texas, March 8** — Eight state officials, eight Texas college presidents, and two former directors of Texas Technological College, besides other notables have accepted invitations to attend the cornerstone laying for the new \$300,000 library building March 8.

Governor James V. Allred is principal speaker. Other state officials will be present are: L. H. Hanter, regional director of farm security administration, Amarillo; Homer D. Wade, executive sec. of Texas Cooperative council, Dallas; J. C. Kellum, state director of NYA; Tom Garrard, president pro tem of State Board of Education; J. E. McDonald, state commissioner of agriculture; Claude D. Teer, chairman of State Board of Control; Lon A. Smith, state railroad commissioner.

College presidents who have indicated they will attend are: L. H. Hubbard, Texas State College for Women, Denton; W. H. Morelock, Sul Ross State Teacher's college, Alpine; J. A. Hill, West Texas State college, Canyon; Charles C. Selemann, Southern Methodist university, Dallas; E. M. Waita, Texas Christian university, Ft. Worth; G. W. McDonald, Wayland college, Plainview; James F. Cox, Abilene; and Acting President J. W. Calhoun, University of Texas, Austin.

Dennis Zimmermann, Tulsa attorney and Tech director from 1934 to 1937, and Robert A. Stuart, Fort Worth lawyer and member of the Tech board from 1933 to 1935, will also be on the campus for the ceremonies.

Grand Master John Temple Rice of the Grand Lodge of Texas, A. F. and A. M., is in charge of the cornerstone ceremony.

**LUBBOCK, Texas, March 8** — Four judging teams from Texas Technological College will compete in the annual Fort Worth Fat Stock show March 15.

Russell Reed of San Angelo, John B. Baumgardner of Wellington, and Curtis Wheeler of Lorenzo will com-

pete in the first meat judging contest in collegiate circles in Texas.

Members of livestock judging team are Vester Askew, Del Rio; Russel Cook, Littlefield; Baumgardner; John Jackson, Roaring Springs; Eldon Lawrence, Peacock; and Leo Meir, Drouzett.

Teams from Tech will also compete in dairy products and dairy animal judging contests.

**LUBBOCK, Texas, March 8** — Culmination of the first cooperative agreement between Texas Technological College and the U. S. Department of Interior has been announced by President Belford Knapp. Chemical, physical, and geological characteristics of well cuttings and core specimens taken from oil and gas fields of the Permian basin will be the object of the research.

Negotiations for the agreement were instigated by Dr. C. W. Seib, director and supervising engineer of the Amarillo helium plant, and recipient of the first honorary doctor of science degree from Tech.

**LUBBOCK, Texas, March 8** — Twelve thousand trees and shrubs of 15 varieties were planted on Texas Technological College campus Independence Day. More than 1,000 students and faculty members participated. A chuckwagon supplied workers with coffee and doughnuts.

Trees planted included Russian olive, Chinese elm, American elm, Russian mulberry, green ash, red bud, Carolina poplar, Arizona cypress, Siberian pea, honey locust, Spanish locust, hackberry, apricot, ailanthus, and jubjub.

(Continued from page one)  
The courtesy and cleanliness as well as price means a lot, so for the combination of delicious meals and courtesy and quality and atmosphere of friendliness he endorses the Lawsons Cafe, an official cafe for health. Cleanliness is next to godliness and the Heily Sely Laundry here has really the service that is unexcelled. Jack says again spend your money at home; for service send or make you laundry to Homers Heily Sely Laundry.

When you are thinking of buying your week end groceries that Pride of Megargel flour is sold exclusively at the Black and White Grocery Store and you will find thousands of bargains and money savings in fresh quality groceries at the Black and White Grocery.

This store is operated by Mr. Garrison and a finer lad there isn't anywhere. Remember the firms that are sponsoring this program are for safe living, safe buying and safety in driving and they are putting on this program as a free attraction to the public and the buyers to show you their gratitude for your business. Remember and do your buying where your trade is appreciated most.

Jack's final act will be a Fireman's Crash of which he will drive his speeding official Chevrolet through a blazing wall which will be saturated with his official brand of gasoline for safety. H. C. Sinclair. When asked about this gasoline he states you must saturate the wall with gasoline that has power and will really ignite fast and burn fast when ignited, as well as have your car serviced with a gasoline that is kind to your motor and will give you instant starting and quick pickup and it takes power to hit and break those walls. The walls will be made of lumber furnished through the courtesy of the J. C. Woolridge Lumber company, the home of good lumber and of good Lincoln paint. The paints that last and are economical in the long run. Phone for an estimate on building materials and it will be cheerfully given at a big saving. In our interview with this famed daredevil we have asked him the important questions about and why he endorses the New 1938 Chevrolet. Here are his answers. Well first off in short it is the worlds safest car. Because it has

No draft Fisher ventilation all steel bodies and turret top. Box girder frame. Safety glass all around triple sealed hydraulic brakes, and last but not least but the most important Knee Action.

When asked if he will use a used car he states yes. Account of the national move for safety, and the national used car exchange week. He will demonstrate the used cars that are Safety tested by the factory trained mechanics of the ASHCROFT CHEVROLET CO. He will also appear at different schools around the trade area showing a Safety film through the courtesy of the Chevrolet company.

When asked why he endorsed the used cars of the Chevrolet companies, he answers, well its just as plain as the nose on your face, the Chevrolet organizations have schools that monthly all service managers must attend, and learn the latest methods and the safe way of repairing and tuning up of a car and another thing the Chevrolet O. K. tag means just this, if a dealer says that car is reconditioned and an O. K. tagged car is, they must be truthful and that means more safety in buying.

In Knox City as it is everywhere, naturally there are the firms that do not cooperate and are the kind that because the other fellow is live with awake, they are sore and down in the mouth and the cliques that stick together, some time fail to cooperate with the program and there are some that have been stung by other little ham promotions that proved to be a fizzle and naturally it seems that the goats are then down on the man that takes the first act or the city official for endorsing the thing. Jack says we do not in any way feel hurt or angry if we are turned down by a firm account of his not being financially able to take the ad or his budget is all used up, but we do froth at the mouth when we are met with discourteously and told we are not interested in your swindle scheme. Because we are not in the position to answer back with discourteously to these local persons that do that, because altho we are approached lots of times with things we don't want, but thank the maker above we were taught to listen and then be courteous in our refusal.

of them, it would naturally cause them to be offended and that way he would be classed in a bad manner. Oh yes he says we find nice people all over the country and we carry the word from town to town of the nice people we meet, in fact in each town after this show is over we generally meet people from out of town and we have the pleasure to tell them of the nice people we have met in their town.

So Saturday is the big day and as well two-thirty is the time. On one of the prominent streets, and Knox City is the place. So Every one is cordially invited and bring your friends and your family to Knox City.

Jack will have some of his official drink to give away and some calendars of Dr. Pepper and the Dr. Pepper company is spending thousands of dollars on the caps of their bottles and putting in the panaseal inside, this done away with the cork taste and the Breakage of cork falling in to the delicious drink for Life. So he says take my advice drink Dr. Pepper at 10-2-4 and you will enjoy life better. Also many of you that are ailing he suggest you drive to Olney and see Dr. E. O. Hendricks druggless practitioner. Also visit Walts Cafe while there, and remember for expert brake adjusting and lights inspected Howard Studer's Garage of Seymour invites you to try their service. The western auto associated store of Seymour sends you the invitation to try a new true tone or a Davis Delux tire. Jacks Home of Comfort is the Boyd hotel and he states to you that are away from home and seeking a good nights rest, stop at the clean sanitary up to date hotel with restful beds. Boyd hotel. For your wash and grease jobs take your car to Andersons Service Station.

Before starting on that long trip let Williams Auto Parts Store tell you about the new safety grip and safe driving you will get in the new Federal Tires and they too have a complete stock of auto parts and accessories. Also have your car service with H. C. Sinclair Gasoline for more miles instant starting, and increased power and motor performance. Use Sinclair Opaline or Pure Pennsylvania oils.

For printing of distinction, take your work to the Knox County Herald. Eat at Lawsons Cafe. See Bridges for fresh meats. Ask for Purity Bread. Drink plenty of Knox City Dairy Milk. See Black & White grocery for Groceries, and don't fail to buy where you see the safety card as well before

making any buy of a new or used car see Ashcroft.

Drink Dr. Pepper Its Good for Life. Remember the Junior Play at the school auditorium Friday night.

Watch for special announcements as to the showing of the safety film at other towns and as to the personal appearance on stage at the local theater.

Listen to the Voice of Knox City.
