#### HOSPITAL NOTES

Patients in the Knox County Hospital this week are:

Mrs. A. F. Graham, Aspermont; Elnore Kuhler, Munday; Mrs. Reeder Smith, Rochester; Alby Mobley, Aspermont; Mrs. O. A. Cox and baby, Munday; Mrs. C. R. Terry, Weinert; M. T. Frazier, Rule; Pete Whitten, Hamlin.

Patients dismissed from the hospital since last week:

Mrs. G. E. Wilson and baby, O'Brien; Mrs. Dalton Sarrels, Munday; Mrs. L. B. Bellah, Throckmorton; Ford Scott, Munday.

Born to Mr. and Mrs. O. A. Cox, Munday, a son, May 12.

Mr. and Mrs. Lester Johnson left yesterday for their home in Oakland, Calif. They were accompanied by Mrs. W. E. Marr and children who will spend the summer and attend the World's Fair at San Francisco.

C. E. Cogswell attended a conference of Christian ministers of this district at Breckenridge Monday.

Mrs. Fred Warren left Tuesday for Seagraves to spend the week with her husband, who is employed there.

Melvin Landers has returned to his home in Aspermont after a visit here.

W. C. Kimbrough and little son spent a few days last week in Bellevue.

#### CATTLE SELLS AT FANCY PRICE

Sam Reed, the O'Brien ginner, called at our office yesterday and exhibited a check for \$2,684.55 for 33 head of cattle that he recently shipped to Fort Worth. Two of the steers weighed 2,375 pounds, and the entire load weighed 27,860 pounds. The average price per pound was nine cents.

Mr. Reed is not only a ginner and cotton raiser, but he is devoting a great deal of his time to livestock. He raises his own feed each year and always makes a good profit. He enjoys the plow-up checks, but says the farmers of this section must not depend upon cotton alone for a money crop.

#### YARD BEAUTIFICATION

Those who are interested in the yard beautification contest, are asked to register at Frizzell's Drug Store.

Worthwhile prizes will be given to the winners of first, second and third places. In judging the main thing to be considered will be driveway, walks, foundation planting, lawns, back yards, trees and hedges.

The churches, schools and business houses will be judged with the homes.

Mr. and Mrs. W. C. Kimbrough spent Sunday with their parents in Bellevue.

Mrs. E. A. Egenbacher and baby are spending the week in Electra with her parents.

#### HONEST WEIGHT?????

### T. H. HAGOOD FOUND DEAD IN HIS ROOM

The citizens of this town were greatly shocked about 9 o'clock Thursday night when the news was passed around that the body of T. H. (Shorty) Hagood had been found lifeless in his room.

From the best information obtainable he was last seen about 1:15 p.m. going from the Lawson Cafe to his room over the Cash Food Store. The employees at the garage missed him, but thought he was probably off on business until late in the evening when they began checking the cars and found them all in the garage. Alvin Darr, who works at the garage, went to Hagood's room and found the door locked. He later secured a key from Roy Baker and upon entering found the lifeless body on the floor.

Sheriff Louis Cartwright and County Attorney Carl Patterson were summoned from Benjamin and Justice of the Peace Favor held an inquest and rendered a verdict that the deceased met death by poison, self administered.

The Warren Funeral Home prepared the body for burial and it was carried to Abilene late Friday evening and interment was made Saturday in the Abilene cemetery.

He was born October 1, 1904 at Como in Hopkins county. He moved to Knox City three years ago. He maintained his home in Abilene where his wife and son, Billy, who survive, live.

Other survivors are his parents, Mr. and Mrs. W. E. Hagood of Junction; a sister, Mrs. E. F. Martin of Ovalo, and three brothers, Frank Hagood of Gorman, W. W. Hagood of Tahoka and Luke Hagood of Brownwood.

#### LITTLEFIELD HERE FROM ANSON

W. H. Littlefield of Anson, president of the Ideal Security Life Insurance Company, was here a few hours Monday on business and called at our office. He informed us that he had just come from Haskell, where he paid a death claim. The party died Saturday night and he had the check ready for delivery by noon Monday. This is really rendering a service when it is most needed.

#### BRIDGE LUNCHEON

On Friday, May 12, Mrs. Jacque Wilson was pleasantly surprised with a kitchen shower in the form of a bridge luncheon, given in the home of Mrs. Chad Wilson. Co-hostesses were Mrs. Fred Mabe and Mrs. Jeff Graham. The house was attractively decorated with cut flowers of various kinds.

A luncheon consisting of fried chicken, creamed potatoes, English peas, chicken gravy, pear salad, deviled eggs, pineapple chifton pie and iced tea was served to Mes. Wilson, Fred Warren, Eddie Carr, Eddie Shaver, Jr., Neil Purdue, and Misses Mayme and Dorothy Shaver and Rowena Wal.

The honoree was then presented with the useful and attractive kitchen gifts, after which guests enjoyed playing bridge until the middle of the afternoon.

#### HASKELL MAKES FIRST DATE FOR 1939 CASA MANANA

Abilene, May 16.—When Miss Margaret Hall, director of special events at the 1939 Casa Manana at Fort Worth, told West Texas newspapermen and Chamber of Commerce secretaries here Tuesday "date book is open," they took her at her word.

Ralph Duncan, manager of the Haskell Chamber of Commerce, won the first "date" for a delegation of Haskell residents to attend the show July 24. The "date book" to which Miss Hall referred is for special events for visiting cities at the show.

"Fort Worth and West Texas always have done things and gone places together," Miss Hall reminded.

Miss Margurite Ferrell, who is attending the State Teachers College at Denton, spent the week end with her aunt, Mrs. George Clifton.

Mrs. C. A. Dulaney of Haskell was the week end guest of her daughter, Mrs. W. L. Garner.

County Attorney Carl Patterson was here Saturday afternoon on business.

#### COURT HOLDS STATUTE OF LIMITATIONS APPLIES IN GOVERNMENT'S COTTON LOAN ACTS

Dallas, May 16.—Federal Judge Davidson ruled that the Government acted in a commercial sense rather than in its sovereign capacity and that the statute of limitations applied in several suits the government brought against cotton ginner and buyers over cotton loans.

The decision, handed down at Lubbock and released here Monday, covered the cases against W. T. Thomas, Fred C. Kelly, Homer R. Stephens, Will Christi, Israel Lackey, J. A. Lackey, Lenville H. Fitzgerald and others in each case.

The Farm Credit Administration made loans to farmers in the Lubbock division in 1936 taking notes and crop mortgages. Farmers applied proceeds of the cotton on mortgages, but some took out harvesting and other expenses, asserting they were given permission by FCA agents.

Three years the government charged conversion of the cotton and sued for judgments of its value.

Defendants claimed that the debts were barred by the limitations statute because the FCA acted in a commercial sense and that using part of the proceeds for necessary purposes did not represent a proper conversion charge.

The ginner contended that since the FCA administrator permitted sale of the cotton to them he was stopped from maintaining any action for conversion.

The government contended the statute of limitations did not apply because the government acted in its sovereign capacity, nor had any agent of the government authority to waive any debt or lien by which it is or was secured.

#### CHILD SAVED FROM 14-FOOT CISTERN BY MOTHER'S HEROISM

Childress, May 16.—A story of a mother's heroism came out of the southeastern farm section of Childress county during the Mother's Day week end.

Two and a half year old Donald Glenn Rickman fell into a 14-foot cistern at his parents' farm home five miles southeast of Kirkland, and was helpless in two feet of water when his mother discovered the accident.

Unable to find a ladder that would reach to the bottom of the cistern, the mother, Mrs. O. J. Rickman, tied a rope around a nearby post and slid down into the water to rescue the child. Picking him out of the water, she grasped his clothing in her teeth and climbed hand-over-hand out of the cistern, the youngster's body dangling at her breast.

The child suffered only minor head bruises as a result of the fall. Mrs. Rickman was treated for rope burns on her hands and legs.

#### FIRST NEW OATS

Sam, White, local feed buyer, informs us that he has purchased more than 500 bushels of new oats from Mr. Nix, who resides between Knox City and Munday. They tested 41 lbs. to the bushel. It was thought for some time that no small grain would be harvested in this section of the county.

Boyde Carley of Munday was here Saturday afternoon and called at this office. He informs us that he is more than pleased with the new members they are receiving in their new burial association.

The long expected rain that the people of Knox County have been looking for the past six months arrived early Monday night and this section of the state is thoroughly soaked. The gauge at the Frizzell Drug Store registered 2.57 inches at six o'clock Tuesday morning and it rained some Tuesday, which brought the total to almost three inches.

Munday received almost two inches. Benjamin received about three inches, and more than three feet of water ran into the lake. They have been hauling water from Knox City, and there is not yet enough in the lake for them to begin using it. Truscott and the north part of the county received almost four inches, and Seymour and the west part of Baylor county received about the same. Rule, Rochester and O'Brien received almost two inches, while Haskell reports four inches.

The farmers are all happy, and as soon as it dries up they will begin planting feed and cotton. A large number of farmers had already dry-planted cotton, and it will begin to come up within a few days. The business men have all taken on new life and are looking forward to a big business.

The rains in King county were much heavier than here. Reports from the Bateman ranch say that more than five inches fell there and that all water holes are filled up and grass will soon begin to grow. In conversation with Ed Bateman last week he informed us that he was making arrangements to ship his cattle to Kansas for feed. But since the rain he is sitting on top of the world.

It cannot be estimated how much this rain was worth to the people of this section of the state. If we can only get a few showers along there will be no doubt but that a good feed and cotton crop will be made in this section.

#### FRIZZELL'S DRUG STORE INSTALLS AIR COOLER

Frizzell's Drug Store this week installed a new air conditioner and it is said to be the very latest and best in this section of the state. It has been cool the past few days and they have had no chance to test it out, but the cool air that comes from the machine is evidence that it will keep the building cool during the hottest days.

#### TEXAS HOUSE HIKES DEPARTMENTAL BILL TOTAL BY \$27,700

Austin, May 16.—Valiant efforts of its sponsors succeeded in staving off numerous salary increasing amendments to the house's \$29,000,000 two-year departmental appropriation bill today, but when the hectic day's work was done a total of \$27,700 annually had been added.

A decision to recess instead of adjourn indicated the lower legislative chamber's desire to continue work tomorrow on the last of its bills providing money with which the state government will operate during the biennium beginning Sept. 1.

Won over by the argument of Representative R. G. Piner Jr., Greenville chiropractor the house boosted the allotment for drugs and equipment in local clinics under the public health department from \$15,000 to \$40,000 annually, the largest single increase to be adopted.

Roy Baker left Sunday for Carlsbad, N. M., where he will take examination for license to practice Pharmacy.

## CLASS LEGISLATION

"Equal rights to all and special privileges to none" used to be the war-cry of the Democratic party. It was more than that; it was one of the very foundation stones of the party.

Now it seems the party has thrown that old stone into the river. The Democratic party in state and nation is trying to legislate special privileges to everybody.

One striking example in this state was the passage a couple of years ago of what is known as the Dental bill. Many of us thought this bill would be declared unconstitutional. We felt that it was in violation of that provision in our state and federal constitution which guarantees freedom of the press. We knew it was violative of the time-honored principles of government as enunciated by the Democratic party.

But powerful pressure was brought to bear upon the legislature and the bill was passed. There is no denying the fact that it was ingeniously framed, so ingeniously that the courts sustained its constitutionality.

But what has followed?

This year there have been introduced into the legislature at least three bills, not to mention the pension bills, which are intended and designed to extend special privileges to certain classes.

There was the Barbers Bill. It finally passed both houses and was sent to the Governor. The Governor asked the Attorney General for an opinion as to its constitutionality and Gerald Mann held that it was unconstitutional. It took nerve to do that but Mann has nerve. The Governor vetoed the bill. It took nerve to do that also, and O'Daniel, at least, has nerve. So that is the end of the Barbers Bill.

Then there is the Optometry Bill. It is still pending, we believe. We don't know yet what its fate will be.

Third on the list is the so-called "Fair Trade Act." We don't know. But we can easily see that the remedy might prove worse than the disease. To one who has given only a cursory study of the bill it seems to be loaded with dynamite.

At any rate, each of these bills is designed to redound to the interest not of the masses, but to a particular class!

And if the dentists are entitled to special favors at the hands of the legislature why not the barbers and the optometrists also? Why not the members of any special group? And once started on this policy of giving a sop to every class, where and when and how are we going to stop?

If we go on down the road which we are now traveling we will soon be handing out subsidies to the druggist, the grocer, the shoe salesman, the implement dealer, the butcher, the baker, the peddler and even the poor editor.

We need to get back on solid ground in this government and take for our slogan again this good old Democratic doctrine:

"Equal rights to all, special privileges to none!"—Lynn County News.

members of the legislature are now for five dollars a day, just on-

half of what they received during the first 120 days, and if reports are true they are working more hours at the cut rate than they did during the early session. They should adjourn and return home about May 22.

## CONSTRUCTIVE ACTS IN THE SENATE

In all the snarl of personalities and politics, the Texas senate has been able to earn the gratitude of Texas in two constructive matters.

The senate called up and passed a house measure greatly to simplify civil court procedure. The act gives supreme court rule-making power, subject to legislative approval, in civil cases, the same as congress has conferred upon the U. S. supreme court.

The measure was rescued from the jam of session-end filibusters and adopted on its merits.

A group of determined senators saved the state from the crushing effect of price-raising legislation branded "fair-trade," whose purpose is to levy extra profits for the benefit of national drug manufacturers. They have fought an exceptionally fine fight to hold the bill at arm's length. They had to do this because, a year before the consumer, the labor or the housewife group was in on the play, the beneficiaries had gone around and trapped a number of senators into unthoughtful pledges for the bill, and had tied up their support by active campaign work in their behalf.

So far, these senators haven't repudiated the pledges on the ground of false pretense in that the real principles of the proposal were not revealed as being the drug manufacturers who paid the entire cost of the public lobbying campaign for the enactment of the bill.

But the senators carrying on the fight in the front trenches are holding back the victory of this measure at this session, and if adjournment saves the state from the depredations of the sanction, it is quite safe to predict there will be no such pledging hereafter, nor half as many supporters of the legislation as remain now.—Wichita Falls Record News.

## HOUSTON'S PORT PROFITS

The only grounds on which the state may remit the taxes of counties and other political subdivisions is that of public calamity, such as tornado, floods, drouth and the like.

Two years ago Governor Allred vetoed a bill to remit the taxes of Harris county for a period of years on the ground that the proposal was unconstitutional.

The other day Governor O'Daniel approved the same measure, which had been re-enacted by the legislature.

Harris county based its claim on the need for flood control, but even granting that flood control is a constitutional ground for tax remission, the comments of the Houston newspapers on the success of getting the remission bill through the legislature and past the governor was proof that no public calamity was involved.

For the Houston papers began immediately to express jubilation because the millions of dollars thus made available to the Harris county treasury, at the expense of the other counties of Texas, would enable the port of Houston to dominate the Texas coast in the shipping world.

The real purpose was not to cushion a public calamity, but to give Houston a big boost in the contest to out-do all other ports in volume of business.

The only calamity involved is that imposed on taxpayers of other counties by a legislature and governor over-generous with other people's money.—Abilene Reporter-News.

## STAMFORD REUNION PLANS UNDER WAY

Stamford, Texas, May 17.—Improvements costing around \$10,000 are now in progress at the Texas Cowboy Reunion grounds just outside the city and will be completed in advance of the Tenth Annual Reunion, which will meet July 3, 4 and 5.

Major item on the construction program is a recreational building to be known as the "Roundup" which is being built by the oldtime cowboy association. The building will be used for the square dances which in the past have been held in the cowboy bunkhouse. The new arrangement will leave the bunkhouse free for the purposes for which it was

originally intended—a meeting place for the pioneer cowboy and their friends.

The Roundup is being built 200 feet southwest of the bunkhouse. The walls will be of native stone veneer, similar to the bunkhouse, and the roof will be of iron, supported by steel trusses. Floor space will be 60 by 100 feet.

Besides this structure costing \$5,500, the reunion proper is spending some \$4,500 for improvements at the rodeo arena and at other points on the grounds. A large shed has been built over the chutes, pens and alley at the arena. A press box has been built adjoining the judges' stand. Three new barns with stables for horses are being erected. New rest rooms are being provided at the

grand stands and also at the chuck wagon reservation.

## LOCAL GIRL ELECTED TO A. W. S. COUNCIL AT JOHN TARLETON

Ellena Fayne White, daughter of Mr. and Mrs. H. L. White of Knox City, was elected recently as a member of the A. W. S. Council, a non-social women's organization at John Tarleton Agricultural College, Stephenville, Texas. This organization is composed of 12 of the most outstanding girls on the campus. Miss White is taking a Social Science course. She is a member of the Owls social club, an Agette member, and is outstanding in all campus activities.

# IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

**Stronger Cord Body**  
**More Non-Skid Mileage**

**Plus FAMOUS TRIPLE-SAFE CONSTRUCTION**

**FLOYD ROBERTS**  
1938 National Race Champion

Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

**FIRESTONE** triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

# CONGRATULATIONS CLASS OF '39

## TO GRADUATES OF '39 Praise and Encouragement

The World of Today sees you graduate . . . The World of Tomorrow looks to you hopefully for Inspiration and Leadership.

Today you receive the plaudits of your friends, your family, your relatives, your teachers and the townspeople who have watched you climb to the top in scholastic attainment.

Tomorrow you may receive the plaudits of the work-a-day world that bestows its praise and rewards for accomplishments the world itself shares in . . . achievements that bring benefits to all mankind. Youth is yours . . . youth's ideals . . . youth's courage . . . and the driving force that fortifies your ambitions.

This, with your education, is glorious equipment with which to go forth and conquer.

Many are the problems you will face . . . but youthful

spirit and zeal, and the knowledge you have so earnestly struggled for, will help you master them and reach new heights of attainment.

Many are the rebuffs you will encounter, especially in these eventful days—but they are surmountable stones scattered in your path to test your mettle.

You will succeed because the world wants you to succeed—indeed, the world NEEDS you to succeed.

On this commencement the firms whose names appear on this page offer you their heartiest congratulations. With other friends, they join in wishing you well, in inviting you into the useful sphere of life after Graduation. They welcome you as a citizen ready to play a vital role in the daily activities of our city.

They are your friends—all of them—and as friends, desirous of contributing to your success, your happiness, your well-being and contentment.

## THE LAST MESSAGE

This is the last time that the Kennel will be published for this year. Every member of the class has enjoyed working for your interest and reading enjoyment. Every Monday has been the day for preparing the articles that have been presented for your approval. We sincerely hope that it has been approved. If there has been any misunderstanding or unhappiness caused by anything that has been published through the Kennel, we are all very sorry. Every article written has been dedicated to the purpose of bringing just a little more sunshine or joy into the lives of our readers. We all realize that we have not fully accomplished our aim, but if, in some way, we have added a little to your everyday life we feel rewarded ten fold.

In appreciation for every student's cooperation and help throughout the year, for the faculty's helpful attitude toward the success of our paper, we are all thankful.

As a final word we wish to extend our hearty good wishes to those who will take our places next year. We all know that they will enjoy and love the Kennel and our readers as much as we have.

## AN APPRECIATION

I wish to take this opportunity to express my appreciation to the entire citizenry and to the patrons for their excellent cooperation the past year. It has been a very profitable year and your fine spirit of unity has

made it possible.

Likewise, I also wish to express my sincere thanks to the school board, the P. T. A., and all other organizations of our city for the share they have had in pronouncing this a successful year. Without your help we could not maintain an efficient school.

To the student body and the teachers I want to express my appreciation for your excellent spirit of cooperation in every undertaking of the year.

I wish to pledge myself again to the support of every undertaking in our city which has as its motive any civic or educational value, and to maintain as high moral and ethical standards as has been manifested in the past.

## TO THE STUDENTS OF KNOX CITY HIGH SCHOOL

As this goes to press, another year will be all but finished. If the years you have spent in Knox City Schools mean anything to you, it is because of the effort you have put forth toward the accomplishment of something worthwhile. During the years which I have served as your principal, I have seen many students pass on, many graduating, while a few have been forced to drop from school. Those who have passed on have, in a sense, made their place in the world; but they will join me in telling you who are now finishing or who will later finish, that whatever place you hold in the course of world events will necessarily be made by your own effort.

and achievement. May I say in the words of the philosopher that "Labor conquers all."

Now, as I also prepare to leave the Knox City school, it is impossible to express the sincere regard which I hold for each of you. I appreciate beyond words the splendid cooperation each of you has extended for me. I appreciate the oneness of spirit which has enabled us to go places and do things. Each of you will occupy a place in my heart and memory as long as time shall be. I'll long remember many of our associations, and many of the good times we have had together. So here's to you for a long life of usefulness, and to the future achievements of the Knox City high school. May the luck of the gods be with you.

## SENIOR CLASS ELECTION

Last week the Senior class voted upon the representatives to go in their Senior record. When the election was completed, it was found that Annalu Warren was elected as most popular girl; Joe Warren was elected most popular boy; Mary Frances Reeder most beautiful girl; Truman Cypert most handsome boy; Emma Sue Thompson class prophet; Geneva Walker class historian and Doyle Graham as class poet.

## JUNIOR-SENIOR BANQUET IS HUGE SUCCESS

Friday night, May 12, the Senior class was entertained at the annual banquet given by the Juniors.

The theme of the occasion was spring. The decorations were in spring colors and carried out the desired motif throughout. The centerpiece of the long table was a May Pole with streamers extending down the length of the table. The favors for the girls were little old-fashioned bouquets of spring flowers; the boys were given one pink rosebud. Tiny May baskets and place cards of flower design finished the table decorations. nasium was lined with trees and other foliage which helped to increase the atmosphere of spring days. The stage was fronted with multi-colored streamers of crepe paper, behind which Mrs. Bobby Brad-

berry's orchestra entertained throughout the evening.

Nella Shaver, Junior class president, was toastmistress of the evening; Margaret Dutton presented a toast from the Juniors to the Seniors; Glenn Huntsman, Senior class president, made the response to the Juniors; Geneva Walker read the history of the class of '39; Paul Edward Benedict read the prophecy for the Seniors from the Juniors; Marie Darr read the Senior will to the Juniors; Jack Wetzel sang; Hollis Warren tapped, and Mary Lou Wilson sang with the orchestra.

The menu was also in the planned motif. Delicious refreshments of apricot nectar cocktail, fried chicken, parsley potatoes, baked corn niblets, tomato salad, olives and celery curls, carrots, rolls and butter, iced tea, rainbow ice cream, and angel squares frosted in spring colors.

This occasion will always remain as one of the topmost events of the year for the Senior class. It will remain in their memories for many years to come. This banquet was one of the most beautiful and enjoyable that it has been the pleasure of the class to attend.

## PREVUE OF SENIOR ACTIVITIES

Sunday the Seniors will begin the last lap of school with the baccalaureate sermon. This will be held at the gymnasium auditorium at 11:00 a.m.

Monday night at 8 o'clock the Seniors will again participate in the last activity of their school days, for it is then they will have the commencement exercises. This exercise will also be held at the gymnasium auditorium. The public is urged to attend.

Thursday the Seniors will go to Wichita Falls where they will spend the day. A good time is expected by all.

Friday, May 19, the Seniors will be entertained by the Baptist Church ladies with a banquet.

Monday morning, May 22, the Seniors will be entertained with a breakfast at 6:30.

## LIBRARY INTERESTS

All year it has been the endeavor of this paper to bring our readers a report of the library activities each week. The library has progressed this year, and it has been a constant aid to the students and teachers of the school in addition to efficient service, courtesy and

helpfulness on the part of the library assistants, the entire student body is indebted to the library for more and better books to enjoy.

Martha McNulty, chief library attendant, and Mrs. Birdie Allen, county supervisor, will continue the library activities throughout the summer. This will be welcome news to everyone, since all are invited to take advantage of the facilities which will be available.

## SENIOR CLASS WILL AND TESTAMENT

We, the Senior Class, of the City of Knox City and the State of Texas, do make, publish and declare this to be our last will and testament in manner following:

First: We direct that all responsibilities and fun be bequeathed to hereafter named:

Marie Darr wills her debating ability to Inaleen Williams.

Doyle Graham wills his ability to write poetry to Odell Carver.

It is the wish of Mary Frances Reeder that her beauty be willed to De Alva Hammons.

Truman Cypert expresses his desire that his handsomeness be willed to Carl Benson.

Joe Warren and Annalu Warren will their popularity to Dolly B. Hodges and Milton Simmons.

R. E. Humphries wills his athletic ability to Nella Shaver.

Emma Sue's drag with the teachers goes to Margaret Dutton and Jack Herring.

Wynette Farmer wills her volume control to Edna Warren.

Doris Apple and Mrs. Baker will their baseball ability to Anita Wampler.

Bobby McCarty wills her ability to convince Mrs. Baker that she needs to sing "Beautiful Texas" to Bobby Jo Gunn.

Reed Bradley's way with the women goes to Paul Hoge.

Anna V. Carr wills her red hair to Winnie Mae Nance.

Glenn Huntsman wills his standing with Udell to Samuel Woodward.

James Gipson's ability to tell jokes goes to Rufus White.

Pearl Hendrix wills her studiousness to David Clarke.

Hamilton Coates wills his dramatic ability to Bobby Armstrong.

Geneva Walker leaves her ability to leave all the boys alone except that certain ones to Udell Darden.

Lillian wills her ability to study over the week ends to Annie Mae Rice.

For a long time, there has been criticism of vacancy racketeering and there is no doubt but that land owners and good faith occupants of land have been subjected to abuses. A bill was offered in this session of the Legislature with the announced purpose of protecting good faith occupants from shake-downs but the measure placed the reward of the legitimate vacancy finder so low (1-24th) that he would have insufficient incentive to discover vacancies (unsold land belonging to the state) and so the taxpayers of Texas would lose 1,500,000 acres, worth \$150,000,000 and foreign-owned oil corporations would be enriched to that extent, as this commentator pointed out some weeks ago. At the same time, this column also urged that the share of the good faith occupant ought to be raised.

In line with these suggestions, the Senate increased the vacancy finder's share to a royalty of 1-16th (the state will have a 1-8th royalty if the land is in an oil field) and the occupant of the land will receive the remaining 13-16ths. This will be his and not subject to any existing lease held by the oil company.

Those advocating the bill in the House had said they wanted to help the occupant. Well that change was certainly helping him because as it now stands, if there is a vacancy but it is not discovered, he has only a 1-8th interest in the oil, and if the vacancy is discovered he gets nothing, whereas this amendment would give him the surface and all the oil except 3-16ths. Yet when the amended bill came back to House, certain of those who had been leading the fight for the bill objected to the changes and wanted it sent to a committee. Thus they dropped the mask and revealed the tears that they had been shedding were of the crocodile variety and that in reality they were simply stooges for foreign-owned oil corporations.

But their move was beaten and the bill has gone to the Governor. He has advocated, in a special message, that protection be given to land owners and good faith occupants and this bill does that. It raises the filing fee that the vacancy-hunter must pay from \$1 to \$100; it authorizes the land commissioner to name the surveyor to make the survey; it places the trial of land suits in the county where the land is and, even if a vacancy is found, it gives the good faith occupant prior right to all the surface and 13-16ths of the oil.

Entries in the "oldest joke" contest are pouring in. Here's a time-tested favorite: An experienced speaker who had memorized his speech started off, "Ladies and gentlemen when I was on my way here, only the Lord and I knew what I was going to say. Now, only the Lord knows."

Somewhere in Mexico—The mountains approaching Monterey are grim walls of solid rock, mile after mile of stern grandeur. Their almost perpendicular slopes not only are devoid of a single human being or even the hardiest but there is not a tree, a flower or a blade of grass to hide their awesomeness.

As the train stops at a little town, we (some 50 members of the Texas Lions' good will pilgrimage) swarm off to buy the novelties for which the place is famous, small baskets in which fully two dozen tiny baskets are packed. The skill and patience required to make one set of these souvenirs (a day's work at the very least) brings its reward—one peso, which is 20 cents in American money.

In Monterey, we are guests at a dinner-dance given by the Monterey Lions in the Casino, most exclusive club in the city. (Incidentally, it proved to be the finest repast of the entire trip—white fish with a divine sauce and broiled chicken with a flavor unknown even to a Southerner.) Monterey is proud of being the brewing center of the republic and the visitor is served a pair of bottles of beer at a time—which makes each

guest a "two-bottle man."

It is night when we reach San Luis Potosi but vendors of opals (for which the city is renowned) are not to be foiled by the darkness. With the aid of tiny flashlights, they display flashing gems in the palm of the hand.

We enjoy the finest luxuries to be found on the railroads of the United States—Pulmans, lounge with books and magazines, and a diner where well-prepared, reasonably priced meals are served. (It startles one to receive a bill for \$3.75 until he realizes that it is in Mexican money and only one-fifth of that amount in U. S. currency.)

Eight states are represented in our group and while some chat, others play Chinese checkers, others read, a few take a nap and the rest gaze at the scenery—peons plowing with oxen, a stately hacienda, a white domed church and a cluster of straw covered adobe houses at the foot of a mountain, naked babies, giant maguery; it is a constantly changing, always interesting panorama.

Some quarters have not yet become reconciled to the fact that since the election of Jerry Sadler to the State Railroad Commission, that body is a three-man commission and no longer a one-man show.

All three of the elected representatives of the people have a voice in its affairs—which is quite different from the condition that prevailed for three years when, frequently, one of the members was entirely ignored, not even notified of meetings, and the decisions usually were those of one commissioner.

**SPUR PLANS RODEO**

Spur, May 17.—Memories of the old Swenson ranch will be revived here June 16-17 when Spur is host to all West Texas for a two-day all amateur rodeo.

Termed the Spur Roundup-Rodeo, events will be run off in historic Charles Jones Stadium, \$30,000 outdoor arena, near the former site of S. M. Swenson roundups.

Top hands from the many ranches in this territory will compete for \$2,500 in purse money distributed among five events, calf roping, bronc riding, wild cow milking, steer riding and steer wrestling.

Pretty West Texas cowgirls compete in a sponsors' contest, winner to receive a \$135 saddle. Other events include daily parades moving out each morning in which all rodeo riders, sponsors and visitors are asked to ride.

Two performances are listed daily, at two and eight p.m., and will be preceded by a

Grand Entry of all contestants.

State celebrities, Jerry Sadler, Gerald Mann and Coke Stevenson have accepted invitations to attend the rodeo. And Governor O'Daniel this week received his invitation but has not replied. Shannon Davidson, pony express race winner, is expected to be on hand if a motion picture in which he is appearing is finished in time.

Special parades, old timers' dances, young folks' dances, swimming races, are other events carded. The rodeo is sponsored by the Young Men's Business Club of Spur and is chartered by the state.

**SEYMOUR TO STAGE HORSEBACK DERBY TO JULY REUNION**

Seymour, May 12.—A 35-mile horseback race into Seymour from five different directions will be the opening feature of the 1939 Seymour Cowboys' and Old Settlers' reunion, it was announced Friday by the general committee composed of Will Yoe, Buck Wallace and F. H. Bunkley.

Anyone is eligible to enter the race, which is officially called the "Seymour Rodeo 35-Mile Ride." No entry fee will be charged, and prizes will be a \$95 Oliver saddle for first place, a pair of \$25 cowboy boots for second, and a \$15 hat for third. Each rider who completes the race will be given a pass for the rodeo performance of the reunion.

The riders will start to Seymour at 7 a.m. on the morning

of July 21, which is the first day of the reunion. The start will be made from Seymour, and close to Throckmorton, Benjamin, Olney, Munday and Dundee.

Entrants must use two horses and change mounts each five miles. Only one saddle may be used, which means that the saddle must be changed each time the mount is changed.

**How the *plus* of OIL-PLATING brings you more than an oil-change**

YOU KNOW right off that the fresh oil needed in your crankcase today, isn't to lubricate the crankcase. Either your oil is in the bearings and up to the cylinder head every turn of your engine, or your lubrication isn't 100%.

Now what's the chance for any of the general run of oils to stay up while you've parked the car, for instance? Just about as much chance as there is for a geyser to stay up all by itself! Then every time you start, don't pistons get up to the top before oil gets up from the crankcase? You kill that risk by changing now to OIL-PLATING.

The "magnetic action" of Conoco Germ Processed oil—patented—makes OIL-PLATING stay on inner engine surfaces throughout all your stops, starts and runs this Summer. Your Germ Processed oil keeps a steady hold on the "Full" mark, too, as you'll see—by changing today to Your Mileage Merchant, Continental Oil Company

**HELP KIDNEYS**

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress. Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

Nina Mae leaves her feminine ways to Zena Bolin. Lastly, we hereby revoke any and all former wills made by the Seniors.

In Witness Whereof: We, the Seniors of '35, have hereunto set our hand this twelfth day of May, 1939.

### THE GROWTH OF THE CLASS OF '39

There are many reasons why you will be interested in the history of the Seniors of '39, but the main reason is to see their progress and accomplishments.

The class that is now Senior entered high school in 1935 as poor little green Fish. Their

Freshman year was one of struggles, heartaches over mistakes, and joy. The Fish looked forward to the day when they could call someone else fish instead of having the upper classmen call them fish. Mrs. Otis Cash was sponsor of the Freshmen of '35.

In 1936 they entered school as Sophomores, and they felt their importance to the "Nth" degree because they were no longer little green Fish. Since they had become Sophomores, they had begun to look forward to their Junior year. Mrs. Baker was the Sophomore sponsor, and she proved to be a very good one.

In 1937 they were Juniors. They were very wise and chose Miss Delene Reid for their sponsor. Probably the most outstanding thing, not only in the Junior year but in all of their high school days was the Junior play. It was the first "sure enough" play that most of the Juniors had ever been in. Its success meant their future happiness. The play was

a great success, therefore their Junior year was a happy one.

In 1938 they entered high school as Seniors, and the year has been an outstanding one in their lives. Out of the 45 pupils that started in high school as Freshmen, there are 22 left to graduate. The Seniors selected Mr. Whitis as their sponsor.

There are seven pioneers in the Senior class that started in the kindergarten together and have traveled the much trodden path through grammar and high school. They are Analu Warren, Emma Sue Thompson, Geneva Walker, Rowena Hutchinson, Wynette Farmer, Glenn Huntsman and Doyle Graham.

The Seniors feel that it has been the aim of their teachers to train them so that they will be worthwhile citizens, and the Seniors think they have reached their goal. All in all the Seniors have enjoyed their school days and feel that they have been a success.

### How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 35 to 40), who says she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, tired nerves and moodiness.

Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist in making better service and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.

### CHRISTIAN CHURCHES

As our worship services at Knox City are usually held at 9:45 and dismissed before 11 o'clock, we will hold them at the usual hour next Sunday, dismissing in plenty of time for everyone to reach the school auditorium in time for the services there. There will be no evening services in Knox City. The pastor will be in worship services at Benjamin at 11:15. There will be no preaching services at Benjamin at the evening hour, but the pastor will preach at Truscott instead.

We call attention to a change in the date of our revival. It will begin on Saturday night, May 27. Rev. G. C. Sherman of Big Spring will arrive on Monday, May 29, and preach for us during the remainder of the meeting.

C. E. Cogswell, Pastor

Ansel Waldrip attended the West Texas Chamber of Commerce meeting in Abilene Wednesday.

Mr. and Mrs. Joe Couch of Vernon spent Sunday with relatives and friends here.

Fred Broach of the Broach Implement Company was in Benjamin on business Monday.

Mrs. C. E. Cogswell left Monday for Troup, Texas, where she will visit her daughter, Mrs. R. W. Wheeler Jr.

### PEACE AND CONTENTMENT FOR THE BABY

When sour risings indicate an upset stomach, babies naturally will be cross and sleepless, they will cry because they feel miserable. To restore their sunny disposition, give them McGee's Baby Elixir. It is made of mild ingredients that will soothe the stomach, aid digestion, and help to check simple diarrhea. It tastes good and is a big step toward restful sleep and better food assimilation. Price 35c and 60c a bottle.
