

BOTH HOUSES BATTLE OVER OLD AGE PENSION

Austin, April 12.—Legislative observers in Austin expect this week to see the solons settle down to a real battle over the issue of a sales tax constitutional amendment vs. a tax bill, which may be with or without a sales tax feature included, before this week is out.

The lines have been closely drawn. The Senate unexpectedly revived the sales tax amendment, after killing it, but students of the situation believed the vote on reversal was not a true reflection of the strength of the sales tax, but rather a reflection of the desire of the Senators to keep the sales tax amendment alive, so that if a deadlock develops in the House and no tax bill comes over from the lower body, the Senate can still have something to submit, thus clearing the political skirts of its members, before the session ends. Several Senators who voted "aye" on reviving the sales tax amendment admitted they would never support it on final passage, and since the 21 votes in its favor represent a bare minimum to submit the issue to the people, the defection of even one Senator would prevent it going through the Senate finally.

Meanwhile, the anti-sales tax bloc in the House has taken matters in its own hands, and this week were to bring out an omnibus bill that will include new or increased taxes on all mineral products produced in the state, together with sales or "luxury" taxes on numerous other items, including a tax on public utility bills to be paid by consumers. They estimate it would yield about \$20,000,000 which many consider adequate for the financing of the social security program, including pensions, teachers' retirement, the blind and dependent children. That would certainly not finance \$30 pensions for everybody, nor a \$30 minimum income for everybody, but it probably take care of around 200,000 aged, and likely would remove 90 per cent of the pressure from pension seekers, as it would permit disregard of the ability of relatives to support the aged as a factor in determining their need.

The sales tax amendment program, which was so strongly supported by the special interest lobby during the early battle, is not completely dead in the House either, as still another sales tax amendment is pending there, but the decisive vote against the Petsch amendment in the lower House left the sales-taxers little hope of ever getting a sales tax written into the organic law of the state. The division of opinion among House members is so great that there is still the possibility of a deadlock on taxes there, with nothing being finally passed. In that event, the Senate could pass the Ridditt substitute amendment and put themselves in the clear with the voters who want pension money.

But the House members realize this, and there is every evidence that the bloc which wants a constitutional amendment will weaken rather than face a sterile session, so far as taxes are concerned. So the opinion of the best informed sources here is that a tax bill of some kind, originating in the House, will be sent to the Senate, and many students of the situation believe the sentiment against the sales tax has developed so strongly in the House that no general sales levy will even be included in whatever tax bill may be passed there.

Disregarding the tax fight, the economy bloc in both houses this week is pounding away at the biennial appropriation bills in committee, with several being about ready for

SENATOR GEO. MOFFETT

Senator George Moffett of Chillicothe, who represents this district, voted last week for a constitutional amendment to raise money for old age pensions. The bill went to the House Monday and is now in a committee, and the chances are that the House will send another bill to the Senate as a substitute which will raise the necessary money without a constitutional amendment.

Both Moffett and Representative Roberts have received hundreds of letters and telegrams opposing a constitutional amendment and from the report today it looks like they will enact the House bill which raises the money from natural resources.

BOND ELECTION APRIL 21

The road bond election for this Commissioners precinct is to be held Saturday, April 21. The amount of money voted on will be fourteen thousand dollars, to buy the right of way from the east precinct near Monday to the Brazos river bridge five miles west of Knox City. In the last election when the measure was defeated by three votes, the amount was ten thousand dollars and only came to the edge of Knox City. The last petition presented to the Commissioners' Court asked that this election include the entire precinct, with hopes that a paved road could be put through the entire precinct. It is hoped that the Benjamin precinct will secure the right of way and the road extended on to the new highway that runs through Guthrie and on to New Mexico. This will shorten the distance about eleven miles. A good vote is expected as both sides are working hard to get the vote out.

LOCAL GIRL HONORED AT TEXAS TECH

Lubbock, April 12.—Frances Gray, arts and sciences student at Texas Technological college, has qualified for membership in the Freshman Honor Society. She is the daughter of Mr. and Mrs. J. J. Gray of Knox City.

Sponsored by Forum, honorary organization, and the Association of Women Students, the Freshman Honor Society requires a B- average.

floor action. Unless the members stampede the economy program on the floor, the indications are that substantial reductions in expenditure of the principal departments will be accomplished, and, with the appropriation bills coming out three or four weeks ahead of schedule, it is certain that sufficient time will be given the legislators to make intelligent appropriations adapted to the genuine needs of the state, rather than facing the customary necessity of passing appropriation bills which they do not even have time to read, much less study, during the hectic closing hours of the regular session.

GET THOSE FEET OUT OF HIS FACE

FEDERAL JUDGE SENTENCES EXPRESSMAN TUESDAY

FEDERAL JUDGE SENTENCES MEYER

Abilene, April 11.—Plea of ill health, 21 years served with a clean record as a railway express employe, and a family that needs him was not enough to gain a suspended sentence for Adolph Meyer in Federal court here today.

Meyer pleaded guilty to theft of six packages of money, totaling \$955, from a mail express coach on the Wichita Valley railway last November.

Judge T. Whitfield Davidson sentenced him to serve thirteen months in Leavenworth penitentiary on the first of six counts.

The alleged theft occurred between Abilene and Haskell. Meyer did not return to work the following day and was arrested in Fort Worth two weeks later, U. S. District Attorney Clye O. Eastus told the court.

Burl Carr, Sweetwater gracer, pleaded guilty to using the mails to defraud. He was sentenced to 13 months in prison, probated three years on condition he make restitution for worthless checks sent in the mail in payment for merchandise.

Frankie Adams Franklin, 17 year old wife of John J. Franklin of Holliday, was to have a hearing this afternoon as a juvenile delinquent. Judge Davidson was to conduct the hearing in chambers to consider a charge of extortion lodged against the young woman in connection with sending a letter last week to W. D. Hinson, Weinert school principal. Hinson was told to send \$250 and threatened him with injury to his reputation. The husband and a neighbor, M. T. Ballinger, are charged with complicity in the case. Their cases will be investigated by a Dallas grand jury May 8, said the federal district attorney.

NOTICE TO SINGERS

The Haskell County Singing Convention will meet Sunday at the Mattson school auditorium, located several miles southeast of Weinert. Everyone is invited to attend.

G. E. Steen spent Sunday with his mother and other relatives in Anson.

County Commissioner E. L. Park attended the regular monthly meeting of the Commissioners' Court in Benjamin Monday.

GARRISON MANAGER OF FOOD STORE

Harry Garrison, who for almost two years was manager of the Black and White Grocery in Knox City, but later moved to Hereford where he was connected with the Furr Food Stores, one of the largest chain stores in the Panhandle, was last week made manager of the Hereford store. We take the following story from the Hereford Brand which was published last week:

"Announcement of the appointment of Harry Garrison as manager of the Furr Food Store in Hereford was made this week by the firm. Mr. Garrison has been employed in the local store for several months and is well known in this area. He succeeds Chas. Felts, who recently became associated with the Weir Grocery.

Mr. Garrison is an experienced grocery man and in accepting the position stated that the store will continue to operate on the same lines of quality merchandise at reasonable prices, featuring courteous and prompt service."

Harry's many friends here will be glad to learn of his promotion.

APPEALS COURT RULES UPON A GATE RATE

Austin, April 12.—The third court of civil appeals today decided in favor of the state in the Lone Star Gas Company gas rate case.

The decision puts in effect a rate of 32 cents per 1,000 cubic feet, as ordered by the state railroad commission.

Two cases originally decided by jury in district court in Austin were appealed by the commission, sustained by the Texas courts and carried to the U. S. Supreme court, which sent it back to the court of civil appeals here for reconsideration.

The decision today reversed the district court ruling in favor of the gas company and handed down a decision in favor of the state commissioner.

The "gate rate" is the rate charged by the company for delivery of the gas at city and town gates. The municipal or private distributing company then adds a distribution charge to make up the rate paid by the consumer.

Bill Dunlap, Constable of the Rochester precinct, was here Wednesday on business.

MUNDAY SOLON ANSWERED ALL ROLL CALLS IN AUSTIN

GRADY ROBERTS REPRESENTATIVE 114 DIST.

Austin, April 6.—One of the ideas of the "founding fathers" was that the legislature should be composed of men from all walks of life. The Texas legislature—a body of lawyers, farmers, business men and professional people—includes also several members of the powerful Fourth Estate—newspaper men.

One of the few newspaper men in the house of representatives is hardworking, conscientious Rep. Grady Roberts of Munday, who is serving his first term. Always on the job, Roberts takes all phases of his legislative duties seriously. So far he hasn't been absent a single day of the session. He hasn't missed a single vote while the house has been transacting business. And he hasn't missed a single committee meeting.

Born Jan. 23, 1895, on a farm north of Decatur in Wise county, Rep. Roberts received his education in Byers and Petrolia high schools. He put in his first work on a newspaper as a printer's devil in the backshop of the Petrolia Roundup, which was owned by his brother Sam. Later he worked for his brother on the Burk Burnett Star.

During the world war, he served in the U. S. Navy. Returning to Texas he went to work for his brother on the Haskell Free Press. In 1922 he married Elsie Killingsworth of Haskell, three weeks later moved to Chillicothe where he purchased the Valley News.

He operated the News until June 9, 1937, when he leased it out to give his time to publishing the Munday Times. Since then he has devoted his main interest to the Times but retained ownership of the Valley News.

Rep. Roberts is a confirmed believer in compromise in government. He voted for the proposed constitutional amendment to finance the social security program although he preferred doing the job by passing a tax bill. He favors natural resources taxes and is opposed to levying a sales tax "unless it is absolutely necessary." One of his chief legislative interests is to promote the establishment of a cotton laboratory in Texas to develop new uses for the state's number one crop.

COUNCIL MEETING

The City Council met last night and Mayor Hoge was administered the oath of office for a second term and O. W. Causey as City Commissioner, succeeding Sam White. No other changes were made in the city affairs, as City Marshal Jim Stephens succeeds himself and Water Commissioner Ditton will be retained by the council, according to information furnished the Herald.

Doss Fuller, City Marshal of Rule, was here yesterday on business.

HERMAN HACKFIELD

Death claimed one of Knox City's pioneer citizens Monday when Herman Hackfield died at his home after a short illness. Cause of death was paralysis.

He was born at Welcome, Texas, October 24, 1860 and moved to Knox City in 1906, settling first in Stamford in 1900. In 1883 he was married to Miss Mary Boecker and to this union were born eight children, two of whom died in infancy. He is survived by his wife and the following children: Henry, Edwin, Rudolph and Selma of Knox City, Herman of Lubbock and Mrs. Nora Broach of Munday; one sister, Mrs. Ed Spiess of Welcome, also eleven grandchildren, all of whom were present at the funeral.

The following out-of-town relatives and friends were Mr. and Mrs. Harry Hackfield and Dr. A. W. Hackfield of Industry; Mrs. Harry Huebner of Industry; Mr. and Mrs. Ed Spiess of Welcome; Mr. and Mrs. John Garner and Mr. and Mrs. John Cochran of Lubbock; Mr. and Mrs. Chas. Thuman of Archer City; Miss Tullie Thuman of Wichita Falls; Mrs. Chitwood of Wichita Falls, and Mr. and Mrs. Henry Alexander of Fort Worth.

Funeral services were held Tuesday afternoon at the First Methodist church with Rev. U. S. Sherrill, former pastor here but now of Quitaque, assisted by Rev. Claude Stovall. The remains were laid to rest in the Odd Fellow cemetery.

NEW LOCAL MANAGER AT TELEPHONE OFFICE

Mrs. Helen Crugar of Wichita Falls has arrived in Knox City to take over the management of the local telephone office, the vacancy having been made by the resignation of Mrs. Agnes Branch Nesbitt, who will leave about the 21st for her new home in Dallas.

HOSPITAL NOTES

Patients in the Knox County Hospital this week are: Jo Rios (Mex.) Truscott; A. L. Lea, Knox City; Mrs. F. C. Cook, Clovis, N. M.; Ford Scott, Munday; Mrs. J. B. Jackson, Benjamin; Mrs. Leslie Trimmier and baby, Rochester; Mary Lou Beason, Rochester; Ernest Lewis, Jr., Rule; Mrs. E. R. Ingram, Weinert; Darrell Hardin, Vera; L. B. Beaty, Jr., Gilliland.

Patients dismissed from the hospital since last week:

Geraldine Smith, Munday; Mrs. C. J. Williamson, Knox City; Mrs. Benton Anderson, Knox City; Mrs. Roe Myers, Munday; Mrs. L. B. Bellah, Throckmorton; Mrs. Ed Johnson and baby, Munday; Mrs. John Trimmier, Rochester; O. J. Hairston, Truscott; Lemuel Clark, Munday; Mrs. Modean Pierce, Munday; Mrs. O. O. Simpkins, Rochester.

Born to Mr. and Mrs. Leslie Trimmier, Rochester, daughter, April 12.

BASEBALL SUNDAY

We have been requested to announce that the Knox City Hard Ball team will play the Hamlin team here Sunday afternoon. The public is invited to attend.

Mr. and Mrs. Brann E. Garner and little daughter, Gail, of Ranger, spent Wednesday with their parents, Mr. and Mrs. W. L. Garner.

Little Ed Shaver left Wednesday for Abilene where he will try out for a position on the Abilene baseball team of the Texas-New Mexico League.

SPECIAL ELECTION NOTICE

Pursuant to an order issued by the Commissioners' Court of Knox County, Texas, notice is hereby given that a Special Election will be held on Saturday the 22 day of April A.D. 1939, at the City Hall in Knox City and the Sunset School House, in Election Precinct Nos. 8 and 9 in Road Dist. No. 5, Knox County, Texas, for the following purposes, viz: To determine whether or not the bonds of said District shall be issued in the sum of (\$14,000.00) Fourteen Thousand and No-100 Dollars, bearing interest at the rate to be fixed by the Commissioners' Court not to exceed three per centum per annum (3%), and maturing serially not to exceed ten (10) years from date thereof, for the purpose of constructing, maintaining and operating designated State and Federal macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said Road Dist. No. Three (3), of Knox County, Texas, as follows, to-wit:

(1) Beginning at a point in the East boundary line of the City of Knox City, Knox County, Texas, as shown by plat recorded in the Deed Records of Knox County, Texas, thence in an easterly direction with State Highway No. 222, as recently established by the State Department, to a point in the East boundary line of said Road District No. 3, Knox County, Texas.

(2) Beginning at a point on State Highway Number 16 in the City of Knox City, Knox County, Texas, thence in a westerly direction to the Brazos River, commonly known as the Brock Bridge, and whether or not an ad valorem tax shall be levied upon the property of said Road District Number Three (3) of Knox County, Texas, subject to taxation, for the purpose of paying the interest on said bonds, and providing a sinking fund for the redemption thereof at maturity.

E. L. Covey,
County Judge
Knox County, Texas

WHO WROTE IT?

"There's A Little Spark Of Love Still Burning"

HE wrote many of the great successes of another day, like, "Blue Is The Night", "Gee, But It's Great To Meet A Friend From Your Home Town", "Come Josephine In My Flying Machine", "When I Get You Alone Tonight", "Peg O' My Heart", "There's A Broken Heart For Every Light On Broadway", "Bambalena", etc., and yet, so small in the interest of the average American is the creator of music that few people know his name.

He was born in Germany of American parents, and led a colorful life. Forty years ago he enlisted in the German navy, later joined the French Foreign Legion, went to India and finally rejoined his parents in Chicago. His parents were musical, and he had learned from them to play the piano and other instruments and had turned his hand to songwriting, with indifferent results, until in 1902 he turned out "If The Man In The Moon Were A Coon."

He became one of the earliest writer-members of the American Society of Composers, Authors and Publishers, and later when he entered the publishing business, became eligible for that classification also. He earned a million dollars, and lost it when the sheet music business collapsed. He tried for success in Hollywood, and then returned to the publishing business in New York, where his wife shares executive responsibilities. His son is an arranger, and his daughter, Doris Rhodes, a radio singing star. His name is

WHY PAY IN THE DARK

No one would be so foolish as to choose a pitch lark room in which to compute monthly bills for rent, clothing, fuel and food, and to count the necessary money due on each.

Yet the average consumer is made to do something just as foolish by paying taxes in the dark—taxes that cannot be seen because they are concealed in the purchase price of every necessity. A competent estimate is that 63% of all taxes—local, state and national—are hidden.

The average consumer pays taxes in the dark, for example, when he pays his rent, one-fourth of which on an average goes for taxes. The cost of a bottle of medicine includes its proportional part of 172 different taxes levied on every step of production, distribution and marketing. There are 112 hidden taxes in a pair of shoes, and the taxes on milk exceed the profit gained by the farmer.

This pyramid tax method is the target of a militant attack by the National Consumers Tax Commission, representing prominent women in a nationwide crusade against taxes that increase the cost of living. With headquarters in Chicago, units are being formed by leading women of this state, who believe the consumer is entitled to know how taxes, direct and

hidden, reduce buying power, cause unemployment, curtailed payrolls and lower wage rates.

Thus the fight against unseen taxes on the necessities of life is really a crusade to protect the American standard of living.

**SALES IN STORES
YIELD \$368,316
IN HIDDEN TAXES**

Families of Knox County and vicinity pay \$368,316 in hidden taxes annually on their retail purchases alone, a survey by the National Consumers Tax Commission showed today.

This burden, the report stated, is paid as a concealed part of the price of food, clothing, fuel, medicine and other daily purchases.

The commission is a non-political organization of women combatting through local study groups "unnecessary taxes that penalize consumers by increasing the cost of living." Groups are active in more than 400 communities in the Texas drive, led by Mrs. Kenneth C. Frazier of Dallas, NCTC president, and Mrs. Volney W. Taylor of Brownsville, national committee member.

"Every-day shoppers, even though they may not know it, carry a major share in the local, state and national tax burden," Mrs. Frazier said in the report. "Hidden taxes, increasing the cost of even the

necessities of life, produce 63 per cent of all tax revenues. The taxes are levied first upon producer, manufacturer, shipper and distributor and then passed on to consumers.

The report, which said NCTC study groups in 3,900 communities have added their force to the crusade, pointed out that the local hidden tax figures concern retail sales only and does not include many other taxes, hidden and direct, that families here have to pay.

The analysis, directed from the NCTC headquarters in Chicago, was based on total retail sales in the county of \$2,361,000 as reported by the U. S. Bureau of the Census.

Laughing Around the World
With IRVIN S. COBB

The Reward of an Expert
By IRVIN S. COBB

IN THAT section of West Virginia which is mainly standing on end lived a mountain preacher known as Pa Jordan, who had never stirred from his native hills. In the fall, word came to Pa Jordan, that a party of Northern men were stopping at a nearby cabin, so that evening he put on his shoes and went over to call on the "furriners" who were spying out coal lands.

As they sat about the log fire Pa Jordan noticed that one of the strangers was wearing glasses and that he used them for reading as well as for other purposes.

"Mister," he said, "do you wear them specs all the time?"
"Yes."
"Ain't you got no other pair?"
"No."
"Well," said Pa Jordan, "it don't seem in nature to have specs that air both fur-lookin' and nigh-scein' at the same time." He pondered over this miracle a moment and then continued musingly: "But then, times is changin'—they's even changin' here. I kin remember when you could git a man to work fur you fur four bits a day. Now they won't take less'n a dollar and ah'f."
One of the party was a famous mining-expert, who had been retained to examine and report on certain coal veins at the rate of a hundred dollars a day and his expenses. The man who owned the marvelous glasses pointed to the expert.
"This man gets more than a dollar and a half a day," he said.
"How much do you git, Mister?" asked Pa Jordan, turning to him.
"Well," said the expert, "sometimes I get as much as three dollars a day."
"Fur doin' what?"
"For goin' 'round and looking at these coal prospects and measuring them."
"You git three dollars a day jest fur lookin' at these here coal banks?"
"Yes."
"Well," said Pa Jordan, "all I got to say is that to earn that much money you must work fur into the night."

I GIVE YOU TEXAS . . . By Boyce House

Texas Christian University, the comparatively small school which won world-wide fame with its national championship football team last season, is facing a fight, if not for existence, at least against being seriously crippled. The facts as summarized by friends of the Fort Worth institution (of which all Texas is proud) are:

Celebrated for its high educational standing, T. C. U. is the owner of over 100,000 acres in the Panhandle, in the world's greatest gas field. Its wells are in the sweet gas area, which is allowed to produce only for lighting and heating, and so these wells are being drained by those in the sour gas area where gas is used to lift oil and also to make carbon black. The sour gas zone, although only half as large as the sweet gas district, is producing 25 per cent more gas.

Now it is proposed, through a bill introduced in the legislature, to cut down the production of the T. C. U. wells even though they are making only half what they would be per-

mitted to produce if their market was larger. Yet they are to be forced to share their market with other wells in the sweet gas district although those other wells already have produced more gas than T. C. U. wells; and, as the pressure has been lowered in the other wells, gas would drain from under the T. C. U. property. Thus, the small university would be deprived of a large part of its gas—yet the purpose of the bill is described as being to prevent drainage!

It is interesting to learn that sponsors of the measure are quoted as not urging state-wide application of the principle of the bill but want it applied only to the field in which the T. C. U. wells are located. No legislature would have the temerity to introduce a measure to reduce by one third the oil and gas revenues of the powerful State University and to drain its holdings for the benefit of others. Yet these lands are the endowment of T. C. U. just as vast West Texas oil and gas lands are the far richer endowment of the University of Texas, and, if it had not been for the revenue from its gas wells, T. C. U. probably would have had to close its doors during the worst of the depression.

Five different times, similar attempts have been made against T. C. U. and, five times, T. C. U. has won in the courts. And now a sixth effort is being made in the face of a decision of the Supreme Court of the United States holding such a law unconstitutional. Justice Brandeis declared that it was an attempt to take from the pipe-line owner the money lost through curtailed use of properties developed at large expense and to take from the land owner the money lost because of drainage of the gas which T. C. U. would be forbidden to produce. The great liberal jurist summed it up in these ringing words: "Our law reports present no more glaring instance of taking one man's property and giving it to another."

The board of Texas Christian University is appealing to all former students and to all members of the Christian Church to protest to their lawmakers. Friends of the courageous, even though small, university believe in fair play and are confident that T. C. U. will wage as great and as victorious a fight as its Horned Frogs did on the gridiron last fall.

Entry in our "oldest joke" contest: A judge asked the defendant "Guilty or not guilty?" To which the defendant replied, "Ain't that what we've

got the jury for?"

Then there was the man who was tried for horse-stealing. After his lawyer had made an eloquent speech and the defendant had been acquitted, he asked, "Does that mean I get to keep the horse?"

Austin jottings:

Hick Hatcomb has a unique "guest register." Recently the well-known political figure (who managed Jerry Sadler's campaign) fractured his ankle. He has visitors to sign the plaster cast. . . . Incidentally, with the anniversary of the battle of San Jacinto at hand, it is easy to understand why State Railroad Commissioner Sadler feels an even greater interest than most Texans; his great grandfather, Capt. W. T. Sadler, had charge of the detail that conveyed the captured Santa Anna from the battlefield to Galveston. . . . National honors have been bestowed upon Tom C. King, State Auditor of Texas, who has been appointed to the most important committee of the National Association of State Auditors, Comptrollers and Treasurers. . . . There is quite a bit of talk that Gerald Mann may run for the United States Senate next year. His colorful personality and the brilliant campaign he waged in winning the Attorney Generalship, coupled with the weariness of the public toward life-time holders of office, all point to a Mann victory.

Radio-man Elliott Roosevelt recently volunteered to act as a mediator between the newspapers of Texas and the Governor. Now Mr. Roosevelt himself is engaged in a dispute with Governor O'Daniel as to whether the Roosevelt network has threatened to put O'Daniel off the air. I am sure, in view of his own gratuitous and officious offer to the press of Texas, Radio-man Roosevelt will welcome my offer, as a newspaperman, to serve as peacemaker between him and the Governor.

AGRICULTURE

Economists agree that 80% of the World's primary production is of agricultural origin, and there is also the further conclusion reached by economists to the effect that here in the United States eighty-six cents of the sale price of the average of commodities is reckoned as labor's share.

Charles E. Baughman, former Commissioner of Markets and Warehouses, and now Chief Clerk of the Department of Agriculture, recently gave voice to an unusually sound theory of economics. He said: "One of the first essentials of a wisely administered government is that the government see to it that the dollar has equal purchasing power throughout the nation, but there can be no equality of the purchasing power of the dollar so long as there is a high protective tariff to enable the manufacturers to set up and maintain a two price system for his goods and wares when at the same time those responsible for the industry of agriculture are compelled to buy the necessities of life in a protected market and sell their products in an unprotected market. Nor can the industry of agriculture move out of the ruts when it must support discriminatory transportation charges, such as create a disparity between different producing areas."

It is interesting to note that many Texas business men are taking up the fight of the farmer. P. Pierce Brooks, recent candidate for Lieutenant Governor, speaking in Austin recently said, "It is my opinion that should Congress reverse eighty per cent of all tariff duties received by the Government to provide a parity price for agricultural commodities of which there may be a surplus, such as cotton, wheat, rice and tobacco, then revamp transportation rates so that there would be no inequality as between the uttermost sections of the country as a whole, we would witness one of the most remarkable come-backs in the industry of Southern agriculture ever experienced."

These arguments seem sound and the time seems opportune for concerted action on the part of Southern representatives in our National Congress to take definite steps against discriminations in the application of freight schedules; to either 100% tariff duties, or to properly subsidize agriculture to give it the same purchasing power as industry in general. It is certain that until we have come to appreciate the place occupied by Agriculture in this nation, and so long as these discriminations continue to exist, we can never hope for an economic normalcy that would cause the wheels of commerce and industry to spin with the rapidity so badly needed now in order to provide employment for our millions who are idle.

Cute Little Shavers

By IRVIN S. COBB

A FARMER was driving to town some place in the interior of Virginia, when he chanced upon a negro trotting down the road gesticulating rather wildly. Thinking that something was amiss with his wagon, the farmer stopped until the panting man drew abreast of him.

"What's the trouble?" asked the farmer.
"Well, sir, I done got to get to town right smartly or I'll lose my job, and I've powerful late now."
"What makes you so late?"
"It's this a way. I had to tend to my brother-in-law over at my house on account of how his wife was shaving him."
"Well, that's funny," said the farmer, "but couldn't his wife finish without your help?"
"Yas sar," said the negro, "fact is she did finish, only she shaved a leetle too close and done cut his throat wide open."

THE AWFUL PRICE YOU PAY FOR BEING

NERVOUS

Quieting nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and joy.

What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than James E. Piskhan's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your throbbing nerves, give more energy and make life worth living again.

More than a million women have reported benefit—why not let Piskhan's Compound help YOU, too, today? "Something tried" times like it has other grateful women for the past 3 generations! IT MUST BE GOOD!

Who knows most about Building cars?

Ford has built more than
one-third of all the automobiles ever built in the world

THERE are more Ford cars in use today than any other make. And there are more Ford V-8s than any other 8-cylinder car.

The 1939 Ford V-8 represents the broadest experience in building cars any manufacturer ever had. You will find values in it far beyond what any other maker can put into a car at the low Ford price.

Ford performance, traditional for a generation, has reached new heights in the 1939 V-8.

And now Ford style leadership is equally outstanding. "The smartest cars on the road" is the way owners describe their new Fords. Smartest in action. Smartest in appearance. Leaders, as they deserve to be.

FORD V-8

APRIL IS FORD INVITATION MONTH! Your Ford dealer invites you to drive America's most modern low-priced car. Make a date for a new experience.

Look at these FORD FEATURES

- STYLE LEADERSHIP—The luxury car in the low-price field.
- V-TYPE 8-CYLINDER ENGINE—Eight cylinders give smoothness. Small cylinders give economy.
- HYDRAULIC BRAKES—Easy-acting—quick, straight stops.
- TRIPLE-CUSHIONED COMFORT—New flexible coil-edge seat cushions, soft transverse springs, double-acting hydraulic shock absorbers.
- STABILIZED CHASSIS—No front-end bobbing or dipping. Level starts, level stops, level ride.
- SCIENTIFIC SOUNDPROOFING—Noises hushed for quiet ride.
- LOW PRICES—Advertised prices include many items of desirable equipment.

LATE NEWS FROM COUNTY CAPITOL

BY REGULAR CORRESPONDENT

Judge E. L. Covey was in Fort Worth one day last week to be at the bedside of his mother, who is seriously ill.

Miss Nelle Freeman of Crosbyton spent the latter part of the week with Miss Bobbie Waldron.

Miss Martha Crenshaw accompanied the one act play from Knox City to compete in the district meet at Breckenridge last week.

Mrs. E. A. Darwin and baby have returned to their home at Wellington after two weeks spent with her parents here.

O. E. Rickert of Mineral Wells visited in Benjamin Wednesday.

Mrs. Orvel Capehart entertained thirteen little friends in honor of Lathell's eighth birthday. Sandwiches, cake and hot chocolate were served.

College students who came home for the Easter holidays were: Lamoyne Patterson, Russell Gibson and Pat Propps from A. and M.; Bob Sams, Elton Grooves, Jack Qualls, Gertrude Sams from Texas Tech; Miss Fannie Doak Laird from Chickasha, Okla.; Jim Bob Bisbee from State University at Austin, and Frank William Driver from Canyon. We are always glad to have these young people home if only for a few days.

Mrs. J. B. Jackson was carried to the hospital at Knox City Friday and is still very ill. Grave fears are held for her ultimate recovery.

Mrs. G. Herbert Beavers and daughter of Fort Worth arrived last Wednesday to visit for several days in the home of Dr. Beavers. They were joined Saturday by Mr. and Mrs. Frances Muirkey and family of Oklahoma City, making a very happy family reunion. They all returned to their homes Monday.

Those attending the Easter pageant in the Withita Mountains near Lawton, Oklahoma, were Mr. and Mrs. Lee Coffman, Mrs. Frank Moorhouse and son, Mrs. T. A. Parsons, Mrs. R. C. Ferguson and Misses Martha Crenshaw, Nina Astin, Janice Patterson, Lucille Hunter, Bobbie Waldron and Clarence Glendenning.

Mr. and Mrs. Glenn Burnett

spent the week end in Silvertown as guests of Mrs. Burnett's parents, Mr. and Mrs. Campbell.

Miss Ruth Pettit spent the week end in Throckmorton with her parents.

Mrs. J. C. Patterson is spending the week in Fort Worth with her parents, Mr. and Mrs. A. F. Taylor.

Mr. and Mrs. Joe Harbert and family of Graham spent Sunday with relatives here.

Elton Patterson of Brownfield was visiting his many friends here Sunday.

Miss Iva Dell McCantles of Austin visited home-folks over the week end during her vacation from her duties as stenographer at the State Capitol.

Mr. and Mrs. Luther Edwards of Dickens visited with friends and relatives here Sunday.

Mr. and Mrs. B. W. Snody, Vance Favor and Byron House were in Wichita Falls Tuesday attending to business.

Miss Lucille Stephens, who has been teaching school in Dallas for a number of years, spent the Easter holidays with her father, Judge J. A. Stephens, and other relatives. She returned to Dallas Monday accompanied by Judge Stephens and Mrs. J. C. Patterson, who will visit in Fort Worth.

Mrs. Clyde Gibson and Mrs. O. D. Propps went to College Station Monday to carry Russell Gibson, Pat Propps and Lamoyne Patterson back to A. and M.

Miss Rhea Wiggs of Lindale spent the Easter holidays with Miss Frances Bayse. Miss Wiggs taught here and has many friends who were glad to see her again.

Mrs. Will D. Greer of Shamrock visited her husband this week end.

Mrs. Jack Propps and Mrs. Son Propps from the Bateman ranch visited with Mrs. A. B. Sams Tuesday.

Mrs. Marion Heald of Chilcress is visiting Mr. and Mrs. H. B. Sams and her many friends and relatives here.

Mr. Dolan, father of Wayne Dolan, is visiting his father on the McFadden ranch.

Mrs. D. J. Brookerson and Mrs. J. B. Moorhouse were calling on patients in the hospital at Knox City Tuesday.

Mr. Lee Coffman received a message Monday evening stating that his brother's wife, Mrs. W. W. Coffman of Goree, had passed away. Funeral services were held Tuesday afternoon at Goree. Those attending the funeral from here were Mr. and Mrs. J. W. Melton, Mr. and Mrs. Homer T. Melton, Leroy Melton, Mr. and Mrs. W. T. Ward, Walter Snody, Earl Sams, Judge Covey, and Mrs. Wallace Moorhouse.

Mr. and Mrs. Jack Idol returned the last of the week from Fort Worth, where Mrs. Idol had been under the care of a physician for some time. We are glad to say she is much improved.

Mrs. Oscar Olson, formerly Avanelle Ward, writes from Los Angeles, Calif., that her mother, Mrs. T. B. Ward, is very seriously ill and is showing no improvement.

Mr. and Mrs. Prince Collins and son of Hobbs, N. M., visited Mr. and Mrs. Wallace Harbert Monday as they were returning from an extended trip through Florida, Alabama, and other points east and south. They were residents of Benjamin for many years and are always glad to have the opportunity of seeing old friends here.

Wallace Harbert, in company with Perry Franks of Rochester, left Tuesday morning for Pecos, where they have employment on the Randolph Hearst ranch. For the present Mrs. Harbert and C. W. will remain here.

FRESHMAN NEWS

The Freshman class feels a certain improvement in spirit since six weeks exams are over. Most members of the class were well pleased with their grades. The girls, Nadene Parker, Bonnie Parker, Louise Spikes and Edna Earl Russell, served at the Junior-Senior banquet.

P. T. A.

The P. T. A. met Tuesday afternoon, and an interesting program was presented. Mr. Watson and Miss Diersing talked on "Athletics in the School" and "The Social Side of the School." The next meeting of the P. T. A. will be May 9. This will be the last meeting of the organization for this year.

SENIOR SOROSIS CLUB

The Senior Sorosis Club sponsored a cake walk and an interesting program last Tuesday night. The one-act play, "The Elopement," was presented.

SENIOR REPORT

The Seniors are happy because examinations are over and they have only five more weeks of school. Some are not so happy as others, because they do not like to think of their last days in high school. They enjoy the thoughts of no

more examinations, but there is hard work ahead for all of them.

The Seniors and their assistants from other classes are working on the annual, but they cannot do much more until the material is secured from the depot. As soon as this material is secured the annual will be completed within a short time.

JUNIOR-SENIOR BANQUET

The Junior class acted as host to the annual Junior-Senior banquet at the club house Friday night, April 7. The Senior class, the faculty, the school board, Mrs. L. M. Williams, Miss Rhea Wiggs, and Mrs. Burnett and her small daughter, Joards, were the honored guests.

The tables were decorated in the Easter motif. Down the center of the white table cover, green fern had been placed. Nestled among the fern were red and white roses, corn flowers, Easter rabbits and nests of colored eggs. A soft glow was produced by lighted candles and blue lights. A rose trellis bearing a large "S" and "J" to represent Juniors and Seniors, was placed in the center of the room.

Following the banquet a dance was given in the Boy Scout Hall. Everyone spent a very enjoyable evening, and the Juniors are looking forward to the banquet next year.

Campus Favorites at Hardin-Simmons

ANITA JO SIMMONS NATHALEN NUNNALLY DORIS SURLIS

These seven coeds, named by fellow students at Hardin-Simmons University in Abilene, Tex., as popularity and beauty queens, have places of honor in the beauty section of the thirty-second annual edition of the HSU Bronco, university yearbook published each spring. They are: Jennell Green, Abilene, university queen; Kathleen Nunnally, Anson, Bronco sweetheart; Doris Surlis, Cisco, summer queen; Jane Gracey, Roscoe, senior favorite; Nell Gieg, Abilene, junior favorite; Clarine Marsh, Eastland, sophomore favorite, and Anita Jo Simmons, Haskell, freshman favorite.

"TOMBOY JO" AND "THE MAGIC PIPER"

The third, fourth and fifth grades are presenting two short operettas in the school auditorium Friday evening at 8:00 o'clock. These operettas are "Tomboy Jo" and "The Magic Piper."

These operettas are to be free of charge, and everyone is invited to attend.

ACTION BEGINS

When the Sunset Seniors present "My Mother-in-law," a matrimonial mix-up in three acts, April 21, action will really have begun.

Actual practice was begun on the play Monday night. The Seniors didn't know until then just how much work the play was going to require, but they knew their parts in the first act.

There certainly is some talent in the class that no one knew about until play practice started. For instance:

Peggy Armstrong, a baby-voiced wife who can also make her husband move about, is played by Wardell Sweatt.

And does E. G. move about when he realizes his mother-in-law is in the house. E. G. plays Art Armstrong.

Now the mother-in-law, portrayed by Dorothy Garrett, is one character that makes them all move about.

Shelia Stover, Peggy's sister, is played by Traphene Wren. She can make the young men

fall—for her. Alan Armstrong, J. E. Hunter, is an automobile salesman, but he can also make the women fall for him.

Beulah Hamtree, colored maid whose kinsfolk all try to die at once, is played by Winters Groves.

Fred Webb, played by H. D. Matthews, is the employer of Alan.

Bernard J. Ledbetter, the person that really thinks the mother-in-law is grand, is played by Orville Strickland.

Hallie Phine Clarke really knows how to strut her stuff and show that she knows how to live on a higher plane. She plays the part of Laura Bralley, a girl who is interested in automobiles.

Rose Caldwell, who is also interested in automobiles, is played by Mary Herring.

The Sunset Seniors invite you to remember the date, April 21, and attend the play in the Sunset auditorium. The sponsor is Mrs. Ottis Cash.

SUNSET STUDENTS TO BROADCAST

The Sunset people will be interested to know that a number of Sunset students, along with their teachers, will go to Abilene Saturday to broadcast over station KRBC from 4:09 to 4:15 p.m. This fifteen minute program will be made up entirely of Sunset talent. Be sure to listen in. The program is as follows: Seventh grade quartette, Francis Walling,

June Stockton, Edna Hardin, Gene Beth Griffith; Seventh grade boy solo, "Wild Irish Rose," Victor Thomas; Accordion solo, Virginia Parkhill; High School solo, "Destiny Waltz," Vaudine Stockton; High School trio, "The Rosary," Clea Jones, Virginia Parkhill, Katie Bell Sweatt; Piano solo, E. G. Parkhill, Jr.; Sixth grade quartette, "Whispering Hope," Wynelle Cluck, Madolyn Henderson, Virginia Tankersley, Wanda Sue Partridge; Grace School girl solo, "Umbrella Man," Wanda Sue Partridge.

JUNIOR-SENIOR BANQUET

Members of the Junior and Senior classes and the faculty gathered at the Sunset high school auditorium April 9, for the annual Junior-Senior banquet. Strips of black and white paper hung from the top of the door and were drawn back to each side. The gym was divided in half by white paper with black strips or paper running horizontally. Over this hung the words "Junior-Senior" with "39" under them. The table, which were in the shape of a "U", were very attractively set with a center piece of a mirror with a large kodak and two small ones on top. Carrying out the "Backward Glances" theme further, small miniature kodaks were used as place cards. On the napkins were pinned small snapshots of a student or of the faculty. These were rolled to resemble a diploma and tied with a black and white ribbon. The program was attractively made in black and white booklet form with "Junior-Senior" and snapshots of '39 on the front. Turning the cover the menu was printed on the left and the program on the right.

SUNSET PERSONALS

Austin Varner was called to Gilliland Sunday to conduct the funeral services of Owen Cure. Oliver King from Howard Payne College visited friends

communities during the holidays.

Miss Faye Marie Partridge, a freshman at Hardin-Simmons University, was home for the Easter holidays.

Buddy Bumpas and Woodrow Myers of A. and M. College spent the week end at home.

Herbert and Myrtle Partridge, both of the University of Texas, visited with home folks and friends during the Easter holidays.

Miss Shirley Gray, home economics teacher, spent the week end at her home in Roerke, Texas.

Mr. and Mrs. E. G. Parkhill visited in Clyde, Texas, Sunday.

Mrs. Roe Myers returned home from the hospital Sunday evening. Mrs. Myers underwent a minor operation but is doing very nicely now.

Hallie Phine Clarke spent Saturday night and Sunday with her sister, Mrs. Grady Phillips.

Troy Harrell, who is attending in Draughn's business college at Wichita Falls, was home for the holidays.

Frank Smith, a Sunset school bus driver, has been ill for the past few days. Mr. Clyde Russell has been driving the bus in Mr. Smith's place.

Fuller Shannon, a freshman at John Tarleton, was home for the holidays.

Mr. and Mrs. Clifford Brock of Throckmorton visited Mrs. Brock's parents, Mr. and Mrs. F. T. Jarvis, during the Easter holidays.

Mr. and Mrs. A. P. Garrett are visiting in Texas City.

Mr. and Mrs. N. T. Underwood visited friends and relatives in Cisco and Paint Rock Sunday.

Lemuel Clarke, who recently underwent an appendicitis operation at the Knox County Hospital, returned home and is reported to be doing nicely. Lemuel is a student in business college at Dallas.

Three track men, Cecil Joe Burton, Howard Myers and Howard Payne Shannon, will enter the district track meet at Breckenridge next Saturday.

4-H CLUB

Miss Astin came to see the pupils of Sunset grammar school who were eleven years of age and over. She asked them about being in the 4-H club. Most of the pupils showed a desire to be in the club.

Miss Astin showed them how to remove varnish and to paint things. They all enjoyed her demonstration.

Miss Astin will be with the Sunset girls on the second Tuesday of every month.

They haven't selected their

sponsor yet.

The next meeting they will be making an apron. They are all enthusiastic over the work.

Following are the officers: President, Gena Beth Griffith; vice president, Edna Hardin; secretary, Juanita Mincey and reporter, Madolyn Henderson.

SENIORS ON PARADE

H. D. Matthews was born in Corpus Christi on February 15, 1920. He started his increase of knowledge at Faxon, Okla.

While still in the first grade, he moved to the Texas Plains. He went to several schools in Hale county, finishing grammar school at Cotton Center. The next year he moved back to Oklahoma and entered high school at Faxon as a Freshman. At mid-term of that year he came to Sunset. He stayed here one year, then enrolled in the high school at Freer, Texas. After one semester he came back to Sunset. He has not left us again.

He doesn't know where he will enter school next year.

His favorites are: Sports, basketball; subject, typing; actress, Myrna Loy; actor, he can't make up his mind; song, "Cocoanut Grove."

H. D. is five feet and eight inches tall and weighs 118 pounds. He has blonde hair, blue eyes and a fair complexion.

Sheriff Louis Cartwright of Beniamin was here yesterday on business.

Sale Continues

Eve's Dress Shop which recently opened in Rule is announcing a continuance of their sale. We have hats, dresses, underwear, a complete line of Gossard brassieres, Kayser and Van Kaale hose, two or three thread, also non-run and Queen's Lace. We invite you to come and see our line.

Eve's Dress Shop

Mrs. O. C. Westmoreland and Mrs. E. M. Zumges.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

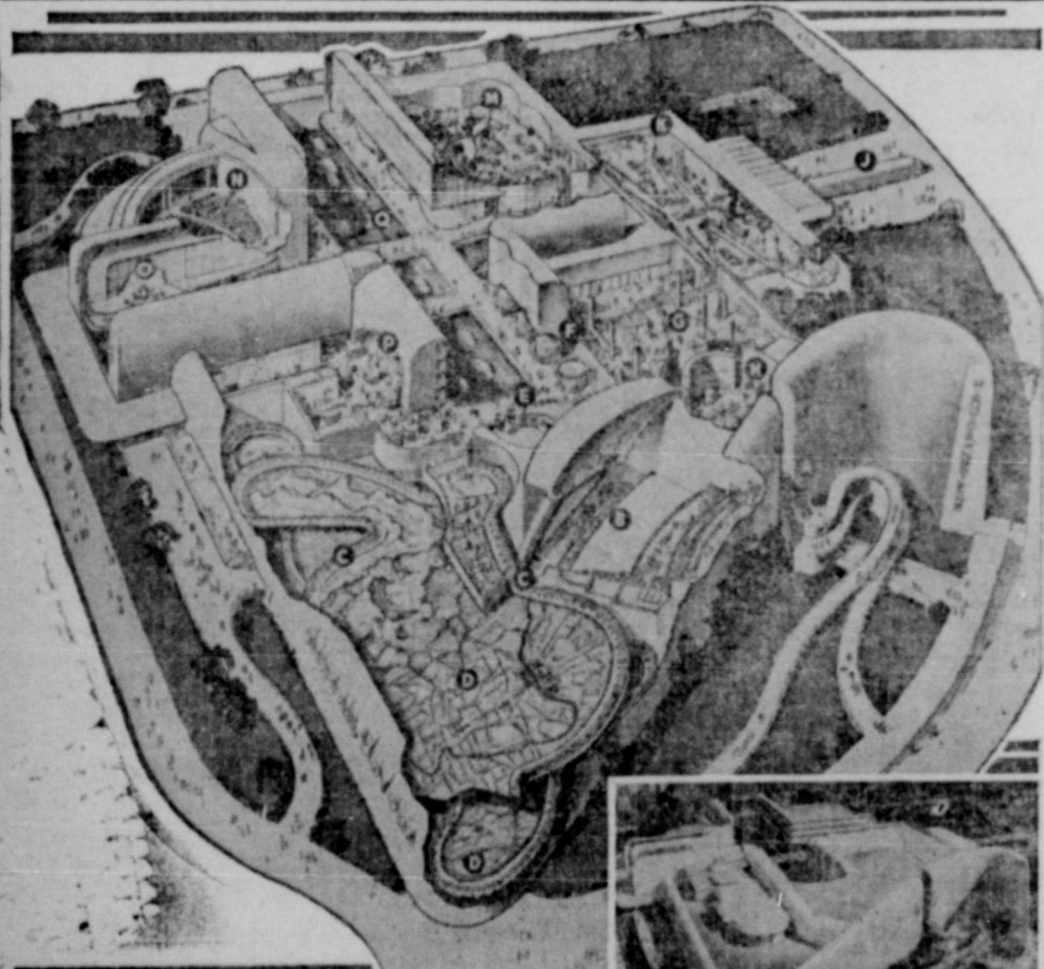

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, painless under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a national reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Here's A Through-the-Roof Preview Of Seven-Acre "Fair Within A Fair"

Described as a "fair within a fair," the General Motors Highways and Horizons exhibit at the New York World's Fair will be a spectacular and dramatic conception of highway and industrial progress in the "world of tomorrow."

GENERAL MOTORS Highways and Horizons exhibit at the New York World's Fair, designed by Norman Bel Geddes, covers an area of seven acres at the head of the Fair's Central Mall in the Transportation Zone. At its tallest point the exhibit building rises 110 feet into the air, a striking example of futuristic beauty. Broad terraces circle its base and the landscaping is a contrasting pattern of deep green. Once inside the building, which is the largest of any single exhibitor at the Fair, visitors will find an almost endless variety of thrilling displays and attractions.

Shown in the above drawing are various highlights of the exhibit. These are: (A)—main entrance; (B)—a dramatic open-air effect lobby in which visitors will see and hear a graphic story of the present and possibly future national highway system. From this lobby spectators

will be seated in comfortable moving sound chairs (C);—to begin an extensive tour of a vast animated "futurama" (D);—representing a cross-section of America as it may conceivably appear in 1960 or thereabouts. The "futurama," the largest scale-model panorama ever constructed, extends for a third of a mile on several levels of the building and covers an area of 35,735 square feet.

The sound-chair tour ends on a spectacular metropolitan street intersection of the future (E). From the elevated sidewalks at this point visitors will have access to the four buildings on each of the corners of the intersection. To the right, housed in nine huge cylindrical glass showcases will be a series of colorful exhibits of General Motors Overseas Operations (F). Beyond will be the Frigidaire display of household and commercial refrigeration and air-conditioning equip-

ment (G). Adjacent is the display of General Motors Research Laboratories (H), which will contain a myriad of scientific and research exhibits, most of which can be operated by spectators. Designated also are: (I)—a special display of Inland Manufacturing Division; (J)—a 4,000 horsepower, streamlined Diesel locomotive; (L)—stairs which lead to the exhibits of Diesel Engine Division and Fisher Body; (K)—a Traffic and Safety Information Center; (M)—the motor display salon; (N)—the Casino of Science in which "Preview of Progress," an absorbing stage production of science and research will be presented; (O)—General Motors employee headquarters; (P) displays and exhibits of parts and accessory divisions; (Q)—a spectacular traffic flow exhibit of 60 General Motors cars, trucks, buses and cabs, which will add realism to the metropolitan street intersection of the future.

WALTER CHRYSLER

Paid \$5,000 For His First Car and Cranked it by Hand

WALTER CHRYSLER, then of an Iowa railroad, bought his first automobile in 1905 or 1906. He paid \$5,000 for it. To start that automobile he turned a crank. He used matches to light the oil lamps. He stopped it with hand-operated brakes.

Competition caused manufacturers to advertise. Advertising created demand. Increased demand called for greater production year after year, and increased production meant lower cost per car.

At a cost as low as \$700, today you can buy a car which is far better than the first one purchased by Walter Chrysler for 5,000. On today's automobile you press a button to start it. You press another button to light the electric lights. You press a button to shift from one speed to another. You press down with your foot to operate the automatic brakes.

Today the American purchaser can buy a car far superior to the one purchased by Walter Chrysler, and at a price which is less than one-seventh the amount paid by Chrysler.

Advertising did that for the American consumer.

When Walter Chrysler bought his first car there were approximately 60,000 people employed in building, selling and servicing automobiles. Today there are 12 or more times that number employed in building, selling and servicing automobiles.

Advertising created the increased demand. Demand was responsible for increased employment. Advertising created jobs for American workmen and raised the standard of living in the nation.

These same results apply to radio, refrigeration, air conditioning, and to thousands of smaller items which today are in common use in America.

What is true of manufacturing is equally true of distribution. In advertising the merchant finds an inexpensive method of increasing his sales and so lowering his percentage of sales overhead, and increasing his ability to buy in large quantities at lower prices. That means lower prices for the consumer. The consumer who patronizes the advertising merchant profits because of advertising.

But, in all too many cases the consumer does not realize that he profits from advertising. During the past five or six years an elaborate system of propaganda has been carried on in an effort to convince people, and especially those in towns and on farms, that advertising is an "economic waste," paid by consumers.

O'DANIEL CONTINUES REPRIEVE POLICY

Governor W. Lee O'Daniel last week granted a stay of execution to Bennie Randall, negro.

Randall was convicted in Colorado County on a charge of assault. His execution was set for April 7.

In granting the stay of execution to Randall, O'Daniel continued his policy of granting thirty day reprieves to all under the death sentence.

On recommendation of the Board of Pardons and paroles, Governor O'Daniel granted a 24 hour stay of execution to Harvey T. Nealy, negro, sentenced to die on Easter Sunday.

The Governor had previously granted Nealy a thirty-day reprieve. Without the board's recommendation, O'Daniel would have been unable to prolong the negro's life.

COTTON AT THE GROCERY

Sugar is sweet in the South both for the customer and the merchant when it's packed in cotton sacks, according to the National Cotton Council of America and the Cotton Textile Institute, the organizations jointly sponsoring National Cotton Week.

The statisticians of these organizations have proved that every time a carload of sugar is packed in cotton bags, no less than 16,800 cotton containers are used. And what does this mean?

It means a day's work for 43 cotton farmers, 32 cotton mill employes and eight cotton bag employes—a total of a day's work for 83 persons!

Last year, American retail merchants sold to you and me and other consumers more than four and one half million tons of sugar, amounting to 120 thousand carloads. If every bit of that sugar had been packed in cotton bags, it would have meant a day's work for 9,966,000 people, or a third of a year's work for 100 thousand people.

This is for sugar alone. Flour, salt, feed and other staples packed in cotton bags would add tremendously to the total. These staples, too, regardless of their flavor, are as sweet as sugar—in an economic way—to cotton farmers.

In the battle for increased markets, King Cotton has the right to ask that the southern seller and purchaser demand cotton wrapping, cotton bagging and cotton containers wherever the use of such articles is feasible and practicable.

Without going into dry detail, it may be pointed out that staples are easier to handle in cotton bags, with less loss through tearing; that cotton bags and their contents do not deteriorate easily, the cotton allowing "natural breathing," preventing caking, minimizing heating and sweating.

If consumers and merchants would voice a vigorous "No!" to staples packed in substitutes, King Cotton would not totter so noticeably on his throne.

CHILD HEALTH DAY

May first has been proclaimed May Day-Child Health Day nationally by President Franklin D. Roosevelt, and State-wide by Governor W. Lee O'Daniel. The State De-

REG'LAR FELLERS

Puddinhead Evolves A New Theory

By Gene Byrnes

Department of Health has been designated as the official agency to head the activities in Texas.

Dr. Geo. W. Cox, State Health Officer, has stated that May Day is in reality an entire week's activity centered on the health and welfare of children. Every group in Texas interested in children will hold special meetings, clinics, and other projects to promote public consciousness of the development needs of childhood, so that everyone will realize that, "In the Health of its Children lies the Future of Texas."

Activities will vary in each community according to the existing problems and facilities. Many towns make this their chief activity of the year and schools, churches, luncheon clubs and women's clubs will have special programs. Merchants will use special window displays of children's clothes, toys and health aids, and carry special newspaper advertising.

This is a splendid time for parents to have their babies and children immunized against diphtheria, smallpox and typhoid fever. A thorough physical check-up is in order and should be followed by having corrections made of any physical defects. May Day gives you an opportunity to see that your child has a proper start along life's path and that proper safeguards are furnished him.

SAVING THE OLD HOMESTEAD

Miss Clara Driscoll of Corpus Christi, who makes a hobby of benefaction, has come to the rescue again, donating to the Texas Federation of Women's Clubs the sizeable sum of \$92,000 to dissolve the indebtedness long overdue on the State headquarters building in Austin. The incident is reminiscent of Miss Driscoll's greatest service to the State a few years ago when she contributed \$60,000 to save the State title to part of the Alamo property in San Antonio and thus prevent the historic site from falling into commercial use. When the State eventually reimbursed her, she refused to accept any interest.

The State Federation of Women's Clubs is engaged in a number of worthy projects throughout Texas, but its efforts have been hampered and its natural growth in membership retarded by the heavy encumbrance on its headquarters home. With this burden removed, it can be expected to accelerate and invigorate its useful work. To the extent that the removal of this burden will bring closer to achievement the aims of this organization, to the same extent will Miss Driscoll have contributed again to the progress of the state.—Texas Weekly

FIRST METHODIST CHURCH

A Going Concern

One should go to church because it is a going concern. The church is not on the decline. Between the years of 1926 and 1936 there was a gain of nine thousand members, making a total of 63,493,360, or nearly half of the total population of the United States.

One might wish that all people were members, but it is remarkable that so many are... since all who belong came into it—and remain within it—by their own choice.

Its appeal is to the heart needs of men. So long as the human heart is what it is, so long will the church continue to grow. Our needs are certain. Our hearts are forever hungry for God, for forgiveness, for peace, for salvation, for a savior. This is the message of the church.

How well it has proclaimed it, the ages testify. It would not be a going concern today, but long since would have died, had it not in a great measure lived up to its high mission. Go to church next Sunday because the church is able to direct you in the ways of life and peace. Even in this greatly confused day, it speaks with the clearest

voice to be heard. Subject Sunday morning. "The Sunday After Easter." Sunday evening: A picture will be shown with lecture on "China and its War." Sunday School, 9:45 a.m. Preaching, 10:50 a.m. Young People, 7:30 p.m. Picture, China War, 8 p.m. Wednesday evening Bible Study, 8 p.m. W. M. S.: Circle No. 1, Monday 2:30; No. 2, Monday 3:30; No. 3, Wednesday 4:00. —Allen A. Peacock, Pastor.

The worst **BODY ODOR** is **P.O.**

The worst body odor comes from P.O.—perspiration odor under the arms. Take 1 minute to use Yodora—new, amazing deodorant cream that works directly on secretions. Normally stops odor in 1 to 3 days. Yodora also reduces amount of perspiration. Made without lard—Yodora is utterly different from stiff, grainy pastes: (1) Soft-smooth as face cream. (2) Leaves no sticky film on fingers or underarms. (3) Leaves no "lardy" smell on clothes. 15¢—45¢. Get it today—money back if not delighted. Trial size 25¢. Send coupon.

YODORA DEODORANT CREAM **FREE!** Send coupon for trial size to McKesson & Robbins, Fairfield, Conn. Dept. P-1. Name: Address:

LEADERSHIP IN VALUE BRINGS LEADERSHIP IN SALES

Chevrolet is first in sales because it's first in styling—first in acceleration—first in hill-climbing—and first in value in its price range! Again the people of the nation are awarding Chevrolet first place in motor car sales!

And the reason they are buying more Chevrolets than any other make of car is that this new Chevrolet gives them more of all the things they want in a motor car, at lower cost.

Visit your nearest Chevrolet dealer today! See, drive and buy the nation's fastest selling motor car and the nation's biggest dollar-value!

CHEVROLET A GENERAL MOTORS VALUE
The Only Low-Priced Car Combining
"ALL THAT'S BEST AT LOWEST COST!"

BAND WINS HONORS AT ABILENE

The Region II contest opened in Abilene last Thursday with the solo and ensemble events. In spite of the lowering temperature, the Greyhound participants made a 100 per cent rating. The saxophone trio, composed of Billy Davis, Jean Anne Smith and Henry Jones, rated First division, playing before Ward Brandstetter of Palestine as judge. In the afternoon Billy Davis was given the same rating, playing before Ellis B. Hall of Amarillo as judge.

Competition began Friday morning with the Class E and Class D bands in concert. Class C bands occupied the afternoon and Knox City played tenth in a group of eleven. The Greyhounds rated fourth division in concert and third division in sight reading. There were two first divisions; two were given second division ratings. These were DeLeon and Abilene Christian College Academy.

Division III bands were Forsan, Santa Anna, and Ozona; Division IV bands were Strawn, Coahoma, Knox City and Lorraine; Division V were Brons and Megargel.

The most colorful part of the entire contest was the marching contest on Parramore Field Friday night. The ratings for Class C bands were as follows: Division II, Knox City, Santa Anna, A. C. C. Academy, Coahoma, DeLeon, Strawn; Division III, Lorraine, Brons, Forsan, Megargel and Ozona.

Since there were no Division I ratings in Class C, the Greyhound band will be eligible for the National Contest to be held

in Abilene the latter part of April. The solo and ensemble mentioned above will also be eligible by virtue of winning first division ratings.

LIBRARY INTERESTS

The circulation of the Knox City high school library last week 168 books.

Six of our high school books from the mending unit are back in the library and ready for circulation again. Several of the grammar school books also are mended and ready for use.

The card catalogue for the high school library has been completed by adding a shelf list.

—kch—

NOTICE!!!

Nina Mae Davis has asked us to announce the loss of her beloved red Onward fountain pen. Miss Davis is very bereaved and sad over the loss of her trusty instrument, and wishes to ask anyone who might happen to find it to please return it to her. This is very urgent and we beg everyone to give heed!

—kch—

SENIOR PLAY

The Seniors are working on their play, "Pleased to Meet-cha," and are making great progress. The Juniors and the Seniors are taking alternate nights at the gym.

The date for this play has not yet been set, but will be in the near future. Watch for announcements in next week's Kennel.

PECULIAR TITLES AND NONSENSE

Remember wherever you are that you always run into peculiar people with peculiar names. You all know the old saying, "Peculiar names like peculiar faces, always found in peculiar places."

"Annalu Warren" you that there will be no "Joe King" when you "Reeder" this. Now don't start "Dodgin" if this "Clouts" you one.

The story begins: This concerns the "Apple Huntsman" dressed in "White who got in his "Carr" with the "Farmer's" daughter and began "Walling" his eyes. Then he "Propps" his chin on his hand and presented her with a "Posey." The girl was a "Wampler" kitty but the poor man did not know it. They went to a "Ball" where he decided to "Walker" around. They arrived at a church and decided to burn all their "Bridges" behind them and begin life anew. They "Carvered" their initials on the "Woodward" of the church and left. Then began their wedded bliss that very day. She could "Cook" and he was "Armstrong" so they were very happy. He was a "Clarke" in the "Gunn" mits and they had baked "Herring" every meal. They always "Atterbury" and "Graham" crackers every morning, but in spite of their wealth he always smoked Bull "Durham." One day she said, "Medaris" I need some new "Coates." But he had spent all his money at the

"Bolin" alley, and this made her very mad; and she said, "Hammons" are we going to live with no money? We have not even any "Rice" to eat. It had been "Heathington" until now, but then and there came a parting. This sad sad story of the man and the "May-d" must come to a close with this last thought—she was only a "Car-center's" daughter but she knew how to nail her man.

—kch—

FRESHMAN PICNIC

Saturday the Freshman class had a picnic at Campbell's Crossing. Not all were present, about twenty-five attending. After a game of "Capture the Flag" refreshments of sandwiches, pickles, cookies and weiners were spread. The class then hiked to Croatin. More games were played after they reached Croatin. Everyone had a very enjoyable time.

—kch—

JUNIOR PLAY

The Junior play, "Sis Perkins," will be presented April 29. Since the entire cast has not been selected as yet, the cast of characters cannot be named at present. The final try-outs will be Monday night.

"Sis Perkins" is a three-act farce which will undoubtedly be one of the best productions of the year. Look in next week's Kennel for the complete cast and preview of the Juniors' pride and joy.

GUESS WHO

By Geneva Walker

He was born September 16, 1930, in Knox City. He is five feet and nine inches tall and weighs one hundred and forty pounds. He is a Senior and is one of the class officers. His favorite actor is Clarke Gable and his favorite actress is Mae West. His favorite colors are red and blue. His favorite sport is baseball. His favorite hobby is teaching school and his favorite food is banana pudding.

Last week's "Guess Who" was Emma Sue Thompson.

Thomas Robert Campbell, who is a student in Texas A. and M. College at College Station, spent Easter with his parents, Mr. and Mrs. Bruce Campbell.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 52), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells. Just get more fresh air, 15 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and avert caliginous literary nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts
The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or slow eater—your stomach often fails to do much food. Your food doesn't digest and you have gas, heartburn, stomach pain or acid stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach trouble. It is dangerous and foolish. It takes these little black tablets called Bull-son for indigestion to make the excess stomach acids harmless, reduce distress in no time and put you back on your feet. Bull-son is so quick it is amazing and one (the package proves it. Ask for Bull-son for indigestion.

**Maybe We Can Help You
'Make Up Your Mind'**
There Is a Solution to Every Electrical Problem

Your Electric Servant Offers these
FREE SERVICES

"I wish I could make up my mind" is a common complaint. It is then that you need the seasoned experience of an expert if your problem concerns electrical usage. That is why Your Electric Servant maintains a staff of trained men and women at vantage points throughout West Texas, available to you almost at a moment's notice. Their services are FREE. They want to help you. In addition to industrial power engineers, serving cotton ginners, oil and gas producers, and similar industries, this company offers you the service of lighting advisers, air conditioning experts, and home economics specialists to assist in planning your all-electric kitchen. Either telephone, or mail the clipping below, to our nearest local manager if you need any of the free services listed here.

F. H. A. INFORMATION—In most cases you can include modern kitchen equipment in F. H. A. loans for building or reconditioning homes. Electric appliances, giving you an ALL-ELECTRIC kitchen with the cost included in the F. H. A. loan, may be purchased on this low-interest, long-term arrangement.

KITCHEN PLANNING—If building a new home or remodeling, let us help arrange the kitchen to save steps, time and labor. Complete plans in color will be drawn (free of charge) so that you may have an exact picture of your kitchen before construction begins.

ELECTRIC COOKERY—One of the home economists is located in your vicinity to help you obtain all the many benefits of the electric range. Her service is free. She gladly will visit your home and provide any information you may need, i. e., home-canning, menu-planning, operation of the range, or similar varied usages.

AIR CONDITIONING—If you plan to air condition either one room or your entire home, office or business firm, let us help make a free survey and obtain for you complete information about equipment and costs. It is particularly desirable to "plan ahead" if building or remodeling. You can save on wiring and air duct expense.

LIGHTING ADVISORS—Educational work in the lighting field, helping you to eliminate glare, injurious to eyesight, and the proper placement of IES lamps and usage of lamp shades, as well as information as to proper-sized bulbs, is a free service.

ELECTRIC REFRIGERATION—It is essential to plan for the future. The size of the refrigerator and its location should be based on your individual requirements with regard to convenience and step-saving. Our refrigeration engineers will assist you with either residential or commercial problems. Their services are free.

Laughing Around the World With IRVIN S. COBB

It Wouldn't Have Been a Scotch Threesome

By IRVIN S. COBB

TWO weather-beaten, sandy-haired, freckle-faced persons were being arraigned in a London police-court. The policeman who had arrested the pair appeared as the complaining witness against them.

"Constable," said the magistrate, "describe the circumstances."

"No, your Worship, but it was quite plain that they 'aid each 'ad a great many drinks."

His Worship turned to the prisoners:

"Your name?" he asked the one on the right.

"Alexander MacGregor," answered the prisoner in rich Scotch accent.

"And yours?"

"Jack MacDougal," said the second defendant.

"MacGregor and MacDougal, eh?" said the magistrate musingly.

He again addressed the policeman:

"Constable," he said, "We'll adjourn this hearing until you have made search for the real guilty one—the person who was responsible for these two poor fellows being in the condition in which you found them.—the person who bought the drinks."

Mrs. Henry Thompson was brought home from Dallas Sunday in the Mansell Bros. ambulance of Rochester, and is said to be on the road to recovery from a very serious operation while in the Baylor Hospital several weeks ago.

C. McNeely, who lives with his granddaughter, Mrs. Marvin Dodson of Smith's Chapel, returned home Saturday after a two week's visit with his son, K. F. McNeely at Merkel.

W. H. Littlefield, president of the Ideal Security Life Insurance Company of Anson, was here Monday on business and called at this office. He informs us that his company is growing rapidly each month.

Mrs. Agnes Nesbitt is leaving this afternoon to spend the week end with relatives in Dallas.

The Community Natural Gas Company is having a work house for their employees erected in the east part of town.

A. T. Cromwell of Vernon, who is supervisor of the W.P.A. in this district, was here Wednesday on business in connection with the street work in Knox City.

Quite a few people of the town and county gathered at the cemetery Monday and spent the day working same. It will require several more days work and some money before the cemetery is in good condition.

PEACE AND CONTENTMENT FOR THE BABY

When sour signs indicate an upset stomach, babies naturally will be cross and sleepless, they will cry because they feel miserable. To restore their sunny disposition, give them McGee's Baby Elixir. It is made of mild ingredients that will soothe the stomach, aid digestion, and help to check simple diarrhea. It tastes good and is a big step toward restful sleep and better food assimilation. Price 35c and 80c a bottle.

WM. CAMERON & COMPANY

County Treasurer R. V. Burton of Benjamin was here this morning on business.

Miss Mary Leone Hoge, who is a student at the State University at Austin, spent the week end with her parents, Mr. and Mrs. Hoge.

Miss Yvonne Jamison, who is a student at the State University at Austin, spent the week end with her parents, Mr. and Mrs. O. L. Jamison.

Misses Marilyn and Wynell Edwards, who are students at Canyon, spent the week end with their parents, Dr. and Mrs. T. S. Edwards.

Miss Elizabeth Bryant of Memphis, Texas, is the guest this week of her sister, Mrs. O. L. Jamison.

Mr. and Mrs. E. R. Branch and daughter, Mrs. Agnes Nesbitt, spent Sunday with relatives in Seymour.

Muscular Rheumatic Pains

It takes more than "just a salve" to draw them out. It takes a "counter-irritant" like good old Musteloid - soothing, warming, penetrating and helpful in drawing out the local congestion and pain when rubbed on the aching spots.

Muscular lumbago, soreness and stiffness generally yield promptly. Better than the old-fashioned mustard plaster, Musteloid has been used by millions for 30 years. Recommended by many doctors and nurses. All druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong.

Fred Warren returned to Odessa yesterday after a brief visit here with his family and relatives.

Mrs. Glenn Creed and little daughter left Wednesday for Hobbs, N. M., where they will visit her parents.

Mr. and Mrs. Milton Bradberry and C. W. Armstrong left Wednesday for Fort Worth for a few days visit.

Mr. and Mrs. J. A. Hallmark have returned from a visit with relatives and friends in Plain-

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress. Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance. You may suffer sagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes - feet weak, nervous, all played out. In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known: *See Doan's Pills*. A multitude of grateful people recommend *Doan's*. Ask your neighbor!

IT'S HERE the New SEIBERLING

SAFETY TIRE

with SAW-TOOTH Tread

If you want to feel perfectly safe in wet, "skiddy" weather let us equip your car with Seiberling Safety Tires today!

"SAW-TOOTH" TREAD

Whether you are cruising at 30 miles per hour or hitting 75, the new Seiberling Safety Tire runs so quietly as a feather. But, tough your brakes and thousands of "Saw-Toothed" grooves instantly grab the pavement from every angle . . . stop you right now . . . straight in your tracks.

NEW "SAF-FLEX" CORD

Just imagine . . . the "Saw-Toothed" body of the new tire is built of genuine Seiberling "Saf-Flex" tread tire cord! The Slices of the new cord are more closely knit . . . more compact . . . 20% stronger than cords previously used . . . enable the tire to withstand terrific punishment and the best of high speed driving.

Streamlined BEAUTY
Styled by one of America's leading designers, this is the "mostest looking" tire that ever showed up on an automobile. Made in both black and white sidewall.

SPECIAL OFFER

For the next 10 days we are making every liberal trade-in allowance on your old tires in order to introduce this sensational, new Safety Tire. Take out this ad today, drive to our store, and take advantage of this special offer. GUARANTEED IN WRITING 10 MONTHS
