District 13-B Title Hinges on Outcome Of Game Tonight

Whether the Knox City Greyhounds have won the District 13-B basketball title or are thrown into a tie with Megargel hinges on the outcome of the Megargel-Benjamin game, slated for tonight (Thursday) at Megargel. The game was scheduled for Tuesday night, but was postponed because of inclement weather. The 'Hounds cinched a tie for the championship when they defeated Vera, 52-31, last Thursday night. Donald Johnson hit 17 points for the victors.

Knox City also won the girls 62-23. Louella Denton scored 36 for the winners.

The Benjamin girls are lead ing the District 13-B race, but a victory by Megargel tonight would throw Benjamin into a tie with Goree.

Delta Kappa Gamma Views School Study

Twenty eight members of the Knox, Stonewall and Haskell Beta Chi Chapter of Delta Kappa Gamma met February 8th, in the Munday School Band Paden, who spent several years Hall for an informative program Aikin Texas Hale Roots Study of Public Schools.

Charts, graphs and comparison posters explained by Program Chairman Mrs. Ina Cowan startling facts pertinent to the present and coming needs of Texas Public Schools. Among these were:

Texas, at present, ranks 33rd in the nation on teacher salary schedule, yet ninety six percent placing Texas second in the nations in degreed teachers.

Texas' school population, and most of the nation's as well, will almost double by 1980 . . . while present rate of teacher recruitment shows we will have less than half the number of teachers by that time to care for the swelling teacher load.

Four thousand plus school carrot sticks, green beans, fruit room units, still unbuilt, will be needed at the end of this school year to meet the needs of Texas School children. One hundred twenty one million, fifty thousand dollars will be needed to finance this deficit of class room space.

Members met in the county groups after a brief look at statistics published by the Texas Education Agency, and an ex planation of the state and county organization of the Hale Aikin Study County groups agreed to familiarize themselves with the study guide which will be sent from the Legislature Committee this month . . give moral support and every possible assistance to county members of the Group of Twenty Four who are conducting the study in each county. This re-

FIVE GROUPS NET \$30 EACH FROM CONCESSION STAND

Five groups in the Knox City Schools made \$30 each for managing the concession stand dur-ing the 1957 football season, Supt. Chas. E. Silk said last

Groups receiving the money were the seniors, juniors, band, Future Homemakers, and Future

A financial statement listed \$402.79 as the total income from the stand, including \$37.81 balance from 1956. Total expenses were \$232.55, plus \$20 to Mrs. E. F. Branton for a cooker which belonged to her and was stolen from the concession stand

Great Plains-

(Continued from page 1)

"The County Program Committee is looking forward to enthusiastic response to this opportunity to make a good start on this program. Our records race-70% in this county show that there is a drouth somewhere in the rangeland-50% Plains area every year. When moisture is good is the time to 70% get ready for the years when conditions are less favorable."

"Indications are that several farmers and ranchers in this systems 50% county are ready to take advantage of this chance for real acre. help in getting a conservation on his farm or ranch," rigation-50%. (Permit to im-Blackwell added.

a complete soil and water con- plan can, be developed to in- parents, Mr. and Mr. servation plan for each farm or clude this practice.) ranch. The farmer or rancher agrees to establish all needed measures in his plan within a period of not less than three nor more than 10 years.

Blackwell pointed out that when the farmer or rancher beomes a party to the contract the money for the government's share of the cost is set aside for his part of the program.

Congress, in providing for the launching of the program, authorized \$150,000,000 for a 10 year period, but specified that not more than \$25,000,000 will be spent in any program year. Apropriations for the first kickoff year was \$10,000,000.

A total of 233 counties in 10 Great Plains States has been designated by Secretary of Agriculture Ezra T. Benson for the program.

Members of the County Proram Committee, in addition to systems, gated pipe, flow line, On Central Ave. W. L. Collins, WILL MAKE childrens clothes, Blackwell are: H. H. Partridge, pumps, etc. Irrigation Products felo Ph. 3292. and W. A. Satterwhite, who is County Supervisor with FHA. Also participating in the com-Lee Roy Leflar, 2106, Munday. DO CUSTOM GRAIN drilling mittee's work are Roy England, Knox County Agent and Super visors of the Wichita-Brazos Soil Conservation District.

Here is the list of practices, with cost-share rates, for this 1. Initial establishment of a

permanent cover-80%. 2 Improvement of vegetation cover on rangeland by reseed-

3. Establishing a stand of trees or shrubs on farm or ranch
