From where I sit... by Joe Marsh

Slim And His "Ali Species"

Slim Baker, who's always doing something crazy, had a lot of people smiling last week because his entry won a ribbon in the Women's Club Annual Pet Show.

Seems as though Slim saw a strange-colored alley cat with no tail over at Central City and brought it home. He washed, combed, and brushed it and put a collar on it with a card reading "Ali Species." Then he enters it in the show.

Hanged if the ladies didn't think it was some rare kind of cat and gave it a special award! When

one of them asked Slim where she could get one like it, he said, "It's all yours, M'am—I can get an 'Alley Cat' anytime I want!"

From where I sit, some of us are pretty easily "taken in" just because someone else says it's so. Whether it's awarding prizes or passing judgment on a person's right to enjoy a temperate glass of beer—let's take a good look from stem to stern, and learn what it's all about before making up our minds.

PLANS COMPLETE FOR SANTA ROSA ROUND-UP

VERNON. — Final arrangements have been completed for the 1951 Santa Rosa Round Up and Livestock Exposition, and this year's show will present as nearly a new program as possible, according to John Biggs, General Manager. All specialty performances are to be new, with one exception—the Burk Burnett Mounted Quadrille.

This year's show will be all evening performances starting April 30 and continuing through May 5. The rodeo will be produced again by the Butler Brothers of Elk City, Okla., and reports from them indicate that a complete array of wild, fresh stock will be presented.

The new line-up of specialty acts will present Fess Reynolds in a Brahma Bull Act from the Cornelius Mile High Registered Brahma Ranch of Coleville, Cal., Wilbur Plaugher, rodeo clown of Prather, Cal., in his first appearance before the fans of this area, Jim Eskew and daughter in trick and fancy roping; Ruby Nance's famous cowboy band, and the Burk Quadrille.

Recognizing that the rough and tumble riders provide the real meat of a rodeo program, the prize money has been raised from \$6,200 to \$6,800 plus entry fees for the 1951 Santa Rosa Rodeo. One of the largest collections of champions ever to assemble at one rodeo gathered in Vernon for the 1950 show, and the larger purse is expected to have even a greater attraction for the 1951 show. The reigning champion of every rodeo event was present for the '50 show, along with other former champions.

Commenting on the feature acts scheduled for this year, Manager Biggs says: "Recognizing that Santa Rosa has come to be accepted as one of the top rodeos of the nation, we've spent the last several months trying to schedule entirely different feature acts, and still present the top performers of the nation. We believe we have succeeded, and that this year's show will be the best in history".

The sensational wild mare race, in which the untamed horses from the big Waggoner Ranch are turned loose in the arena for a duel with hard-bitten cowboys, will continue as a Santa Rosa exclusive this year.

Ticket offices already have been opened, and the general plans of the organization are moving toward the final details of the great show.

SUPERVISORS URGE PLANNED CONSERVATION PROGRAMS

The supervisors of the Wichita - Brazos Soil Conservation District urge all land owners to work out a complete coordinated conservation plan with the District board. This plan, which is worked out by the farmers or ranchers assisted by technicians of the Soil Conservation Service, is based on using the land according to its capabilities and treating it according to its needs. All land in the District needs conservation, believe the Board. No two sections of land are exactly alike, so no one treatment would apply for all. The establishment of a crop rotation including a legume is essential to main-

tain the organic matter of the soil.

The number of years that soil depleting crops such as cotton, maize, sudan, or wheat can safely be planted on the same land and then put to a soil conservation crop has, in general, been worked out by the Soil Conservation District. This information is available to all farmers or ranchers who seek this information and intend to put it in practice on their land.

The planting of permanent grass and sweet clover at this time of the year by co-operators of the District is a part of their conservation plan to use the land right and maintain it for the higher produc-

tion in the immediate future, as well as for years ahead. The land owner who abuses his land by repeated cropping in cotton, maize, or wheat does not turn under a green manure in an orderly rotation it not thinking of maintaining his soil fertility and standard of living.

Mrs. J. G. Hawkins and Jeanette returned Wednesday from Abilene where they had spent several days.

Guests this week in the home of Mr. and Mrs. C. E. Durham were her sisters, Mrs. Earl Ghildewell of Wichita Falls and Mrs. Joe Grounds of Amarillo.

**White Warns
Farmers Against
Bad Cottonseed**

AUSTIN, March 22. — Commissioner of Agriculture John C. White expressed alarm over cotton planting seed in Texas and urged farmers to exercise extreme precaution when making purchases.

"It has been known for some time that a shortage of cotton seed existed for the 1951 goal of 11,000,000 acres," Commissioner White stated. "Quality seed were booked early and supplies completely exhausted. Texas seed stocks were supplemented by what amounts could be purchased from other states and much of this seed has come in labeled below standard for germination or approximately

60 percent." "Additional seed stocks needed for this year's acreage in Texas will come from seed at gins, oil mills and from farmers themselves," White explained. "It is this seed about which I am alarmed and concerned since we have found in our two state seed testing laboratories that samples submitted from these sources run as low as 3 percent germination." The Commissioner reminded seed purchasers that every sack of seed offered or exposed for sale in Texas is required by law to have a tag attached showing germination percentage. "In the case of bulk seed," the Commissioner added, "the seller is required to furnish one tag for each one hundred pounds of seed sold."

"I urge all purchasers of cotton seed to exercise every precaution and care. The facilities of our seed laboratories are available to all Texas farmers. A little discretion at this time in demanding to know the germination percentage of the seed will eliminate disappointments in stands as well as time, money and possible loss of crops," Commissioner White said.

Betty Sue Teague, student at McMurry in Abilene, spent the holidays here with her parents, Mr. and Mrs. L. C. Teague.

**"Cooperation" Key
To Success Against
Disease, Cox Says**

AUSTIN. — Speaking of the precautions that should be taken in households during and at the close of an illness from any of the "catching" diseases, which are prevalent at all seasons, Dr. Geo. W. Cox, State Health Officer, said recently: "Any plan for the prevention or control of this sort, depends upon the intelligent cooperation of individuals and communities with the medical profession and the health authorities for its success."

"Those who are in charge of persons suffering from influenza, pneumonia, tuberculosis, scarlet fever, measles, infantile paralysis or any other of the diseases spread by discharges from the nose or throat, are warned that these discharges are sources of great danger, and are urged to have the patient use paper handkerchiefs or soft cheesecloth, that can be disinfected or burned or otherwise safely disposed of."

"The sterilization of dishes and utensils used in the sick room, by boiling after each use of them, and of the patient's clothing, sheets, towels, and pillow cases, are equally necessary. Then, at the close of the illness, a thorough cleaning of the room, bedding and personal belongings of the patient, scrubbing the floors and woodwork, and opening the place to the fresh air and sunlight, are urged as a final precautionary measure."

"Fortunately, the best disinfectants yet discovered are within reach of everybody. They are plenty of hot water and soap, fresh air and sunshine."

**POSTAL EMPLOYEES MEET
IN BENJAMIN MARCH 13**

BENJAMIN, March 13.—The Brazos Valley Postal Employees Association held their regular monthly meeting in Benjamin Tuesday night, March 13, in the District Court Room.

Postoffice representatives and postmasters present were: T. E. West, Benjamin; Jeff Graham, Knox City; Lee Haynes, Munday; Harrell Spain, Russell; and Mr. Trice, Rule.

The next meeting of the association will be on the second Tuesday night in April, at George.

Official Commissions Sec'y of State

Commissions for County and precinct are mailed today by Secretary of State Sheppard to County Eubank, Jr.

The commissions which bear the signatures of Governor Allan Shivers and Secretary of State Sheppard were issued to persons elected in the general elections. Governor Shivers commissioned those whose names appeared on certificates of election and qualifications prepared by the county judges for the Secretary of State, fol-

lowing the November elections. State statutes require that the office of Secretary of State send these commissions to each county judge who then presents them to the officials of both the county and precinct. Sheppard's office keeps official records of all persons elected or appointed to office in the State of Texas.

Those commissioned are as follows: M. T. Chamberlain, county clerk; Opal Harrison, district clerk; W. F. Spody, county treasurer; J. C. Patterson, county attorney; H. T. Melton, sheriff; M. A. Bumpas, Jr., tax assessor; A. H. Sams, justice of the peace, prec. 1; C. C. Cumingham, justice of the peace, prec. 4; W. L. Robnett, justice of the peace, prec. 5; J. C. Rice, justice of the peace, prec. 6; Leroy Davis, constable, prec. 5; O. L. Knight, county commissioner, prec. 1; L.

A. Parker, county commissioner, prec. 2; C. A. Bullion, county commissioner, prec. 3; G. M. Nix, county commissioner, prec. 4.

Mr. and Mrs. Johnny Thomasson and Andrea of Sudan left Tuesday after a week-end visit here with his mother, Mrs. Leone Thomasson, and other relatives and friends.

Mrs. N. F. Mullins, Sr. spent the first of last week in Ruidosa, N. M. Week end guests of Mrs. Mullins were her sister, Mrs. L. N. Nelson, and Mr. Nelson of Dallas.

Billy J. Dodd, who is in the air corps and at present stationed at Goodfellow Air Base in San Angelo, spent the week end here with his parents, Mr. and Mrs. L. V. Dodd.

Better Care Said to Reduce Pig Losses

Texas farmers and 4-H members can reduce their pig losses greatly by giving the sow and litter better care during and immediately after farrowing, says E. M. Regenbrecht, Extension Swine Husbandman of Texas A&M College.

It is advisable to increase the ration gradually after the pigs are born until the sow is on full feed. A great deal of milk is required to feed a litter of growing pigs, and it is usually best to feed the sow all she will eat.

He cautions against losing pigs from nutritional anemia. A sow's milk is very low in copper and iron, the elements most necessary for the prevention of this disease.

Symptoms of anemia which the pigs may show are rough haircoats, wrinkled skin, highly arched backs, stretched bellies and gasping breath.

Regenbrecht says it is practically impossible to raise a litter of pigs to weaning age on a concrete floor without providing them with copper and iron. Both can be supplied by placing a shovelfull of clean sod in the pen every day.

The pigs will pick up enough of the elements while rooting in the sod to prevent anemia, but be sure not use soil from an area that may be contaminated with swine diseases.

In addition to the above—guard rails in the farrowing house prevent the loss of pigs by crushing.

Under a bill recently passed by the House and Senate, all automobiles will have to be inspected for safety hazards. The bill requires a certificate of safety on such items as horn, brakes and steering gear. The certificate will have to be shown before an automobile owner can secure his license plates each year. Inspection will be under the supervision of the Department of Public Safety. The cost will be \$1.00 annually.

STREAMS

in Desert Places

By OZELLE STEPHENS

"I'd Rather Be An Old Time Christian Than Anything I Know", is what the real Christian is saying to every one he meets. His testimony will ring true if he has really found Jesus Christ as his Saviour and started to walk in the light. It is one thing to become a christian and still another to live a christian life. Often we are asked the question, how may I live a Christian life? Of course we would turn to God's word for this answer.

First, BELIEVE the record that through Christ you received eternal life (1 John 10:13), and by faith walk in newness of life (Rom. 6:4; 1 Tim. 6:12). The christian life is not an imitation of Christ, but the new, resurrection life of Christ manifested in the believer. "He that believeth on the son hath everlasting life," (John 3:36).

READ your Bible daily. Memorize certain portions that are helpful to you, especially the promises. Meditate much upon these. They will be food to your soul (1 Peter 2:2). Light to your pathway (Psalm 119:105), and weapons for your warfare (Eph. 6:17). PRAY to God your heavenly Father daily in the name of the Lord Jesus Christ. Thank Him for all things. Count your blessings and remember that they are from God the giver of all good things. Recognize your weakness as well as your sinfulness, and pray for help and victory. "They that wait upon the Lord shall renew their strength (Isaiah 40:31).

CONFESS the Lord Jesus Christ frequently as your personal saviour, especially when your silence would deny Him. He said: "Whoever therefore shall confess me before men, him will I confess also before my Father which is in heaven." (Matt. 10:32, 33). It often requires courage to do this, but it always brings added blessings and increases your strength.

AVOID temptations. They are bound to come, but do not go in the way of them (Psalms 1:1). Avoid evil companions and make friends of God's people. Remember that you will not be tempted above that you are able to bear, and that there is always a way of escape through Christ (1 Cor. 10:13). Always yield to Him and trust Him for victory. Then in that resurrection Morning you will rise to ever be with the Lord.

HOME DEMONSTRATION CLUB MEETS AT O'BRIEN

Mrs. O. K. Edmondson and Mrs. Dick Johnston were hostesses for the regular meeting of the O'Brien Home Demonstration Club at the clubhouse Wednesday, March 14.

Present for the meeting were fourteen ladies and four 4-H Club girls. Mrs. W. W. Hines, president, presided during the business session.

Opening exercise was the singing of the club song by the group. Mrs. John L. Grindstaff gave the "timely topic" and Mrs. Elmore told the "slick trick".

The 4-H Club girls gave demonstrations on finishing hems. The girls were Kay Davis, Rachael Motes, Noel Beason and Joan Hodges. Noel demonstrated the correct way to sew on buttons.

Pal gifts were exchanged and

it was decided to reveal pals at the next meeting, on Wednesday, March 28, at the clubhouse.

All members were urged to be present at the next meeting. Mrs. Ford Waldrip will give the demonstration.

MINISTER REPORTS SUCCESSFUL MEETING

Stanley Shipp, minister of the Knox City Church of Christ, recently returned from Fullerton, where he preached in a series of meetings. He reports a very successful meeting, with twelve people—all of them married—responding to the invitation. Among them were Mr. and Mrs. G. D. McCarty, Jr., formerly of Knox City.

"A more zealous group of Christians are not to be found," Mr. Shipp said, "than that little group of 45 that meet in Fullerton."

GAY GIBSON Juniors

as seen in April Mademoiselle

Kemletz & Carl
 Dry Goods Co.

Mrs. and Mrs. Sam Ross returned Wednesday from Temple where Mr. Ross received favorable reports following medical examinations.

Week-end guests of Mrs. John King were Mr. and Mrs. Douglas Carlisle of Krens, Miss Mary Lou King of Lubbock, and Mrs. C. C. Degraffenreid of Whiteface.

Mary Jo Watson, student at Hartman Simmons, Abilene, spent the week-end with her parents, Mr. and Mrs. Abe Watson.

Charles McAuley, who is attending Texas Tech, spent the Easter holidays with his parents, Mr. and Mrs. Frank McAuley, Sr.

Guests last week in the home of Dr. and Mrs. T. S. Edwards were her brother, C. K. Rogers, and Mrs. Rogers of Amarillo.

Holiday guests in the home of Mr. and Mrs. L. W. Graham were Mr. and Mrs. Clyde Graham and young son, Billy Ware, of San Saba, and Dr. and Mrs. Jack Wilson and children, Margie and Chad, of McKinney.

HORTICULTURAL SOCIETY PLANS STUDY PROGRAM

Forty-two members of the Santa Rosa Horticultural Society attended a business meeting, luncheon and informal round-table discussion in preparation for their Second Annual Horticultural Flower Show to be held May 5 and 6 at the Santa Rosa Ranch. The meeting was held Wednesday, March 23, at the Wilbarger Hotel in Vernon.

Mrs. Kenneth Henry, president, gave a brief talk on the purpose of the Society, which is to further all of the Horticultural Arts and conserve our natural plant life. Mrs. Henry named some of these arts as growing plants and flowers, landscape designing, and artistic arranging. Mrs. Henry also explained that anyone living in Hardeman, Ford, Wilbarger, Knox, Baylor, Archer, and Wichita counties and interested in the objective of Santa Rosa Horticultural Society may be a member without dues.

The Society plans to have lectures and programs throughout the year and encourage its members to experiment and do research on their own initiative. Mrs. Henry explained that the reason we should spend so much time on the Horticultural Arts is so that we might have more attractive highways, parks, public buildings, yards and homes.

Miss Curlye Wallace of Canton, Texas, spent the week-end in Knox City with her sisters, Mrs. Myrtle Browning and Mrs. Russell Boyd. Mrs. and Mrs. Boyd took her back to Canton Monday morning.

Roland White and Jack Edwards, students at John F. Hartman, Stephenville, spent the Easter holidays here with their parents, Mr. and Mrs. Ray White and Dr. and Mrs. R. C. Edwards.

Miss and Mrs. O. B. Cave and Jane of Botany, former Knox City residents, were recent visitors of Dr. and Mrs. T. S. Edwards and Mr. and Mrs. G. H. Zachary.

Miss and Mrs. C. L. Dowding, Mr. and Mrs. Sam White, and Mrs. Frank McAuley, Sr. attended the Easter services near Lawton, Okla. Sunday morning.

Mrs. and Mrs. Odell Carver and boys spent the week-end in Hobbs, N. M. with her brother, Fred Warren, and family. Mrs. and Mrs. Warren have recently moved into their new home in Hobbs.

Mrs. T. P. Frizzell, Mrs. Roy Baker and Wm. Roy Baker returned Wednesday from Corpus Christi where they visited Mrs. Frizzell's sister, Mrs. John Nichols, and Mr. Nichols.

Washington Letter
By Congressman Ed Gossett

(Delayed from last week)

WASHINGTON, D. C., March 23, 1955.—The House this week approved one Administration proposal but defeated two others. The House approved the President's recommendation for reorganizing the RFE. This plan sets up a one-man Administration in the place of a five-member board of directors which now runs the RFE. It also sets up a loan policy board and a review policy board. The review policy board would have to give particular study to all loans in excess of \$100,000.

The House defeated a reorganization bill under which the President could create new agencies or shift old ones about at will. I voted against this bill because the President now has authority to reorganize the agencies. I do not want him to have authority to create any new and unnecessary boards such as the RFE. If he needs to set up some defense agency not already authorized, he can ask for that specific authority, which if deemed necessary by the Congress would of course be granted.

Another Administration proposal which 8 of us Texans opposed, while 12 favored, was a so-called 3 billion dollar defense housing bill. This bill would give the Administration the right to spend 3 billion dollars in building government defense housing and community facilities, wherever the planners and spenders might desire. The measure would have been extremely inflationary. Preserving the value of the dollar is now one of our most important problems, and if defense areas become crowded, that is one of the sacrifices and inconveniences necessary. Some defense housing may be necessary, but most of us are not willing to authorize 3 billion dollars worth of same at this time. We already have provisions for military housing and FRA financing of private housing.

The current issue of United States News has some interesting statistics on the value of the dollar. If a dollar was worth 100 cents in 1900, it was worth 77 cents in 1915; 46 cents in 1930; 34 cents in 1945, and 31 cents today. The following table shows comparative prices of some defense items:

	1945	Now
Fighter plane—	\$ 53,000	\$ 218,000
Medium bomber—	185,000	2,500,000
Big bomber—	29,000	3,500,000
Transport plane—	63,000	514,000

Heavy transport plane— 200,000 1,300,000
Light tank— 36,522 126,000
Medium tank— 47,533 300,000

Thus it becomes evident that this country must resort to drastic expedients to restrain inflation and to hold costs down from further skyrocketing.

I especially hope that we will be able to return the amendment giving an inducement right to serve in a segregated unit if he wishes. Sometimes at the behest of the left-wing groups in this country, the President issued an executive order abolishing all segregation in the Armed Forces. Even most congressmen would doubtless prefer serving by colored units. Social and moral problems would be best served by segregation.

Week-end guests in the home of Mr. and Mrs. J. W. Smith were Mr. and Mrs. Carl Mahon and daughters, Mary Francis and Linda, and Sallie White of Abilene. Mrs. Mahon is a daughter of Mrs. Smith.

Mr. and Mrs. J. B. Jones, Jr. of Abilene spent the week-end in Knox City with Mr. and Mrs. Earl Benedict to be with his mother, who is recuperating at the hospital from injuries received in a recent automobile accident.

Wilma Lee Woodward, who is attending school at West Texas State, spent her Easter holidays here with her mother, Mrs. W. L. Woodward.

Mrs. F. E. Adams returned to her home in Mineola after an extended visit here with her mother, Mrs. Sam Anderson.

Mrs. and Mrs. Joe Fleckenstein expect to move to Hamlin during the week-end.

Mr. and Mrs. Ken T. Edwards of Wichita Falls are visiting this week in the home of Dr. and Mrs. T. S. Edwards.

C. H. Keck Food Store
WHERE QUALITY, ECONOMY AND COURTESY MEET

LIVE BETTER—With Modern Food Locker Service—SPEND LESS

More Than Ever

---You Need Food Locker Service---

In a community like ours, where home production of food, animals and poultry is the primary rule, slaughtering and food processing service is now an urgent necessity. Federal controls are now complete. The regulations—which are fair to all—must be met. And it is certainly a fact that whether you buy meat at retail, or at wholesale directly from the farm or from an your supplier will be subject to control rules which in turn reach you and you should know about them. Come by our plant and let us give you a run-down on the situation. Even home slaughtered products, under some circumstances, have control rules to be met.

FROZEN FOOD LOCKERS

We have two large boxes and a few mediums available for rental. Use of frozen food lockers fit into meat storage under control regulations—in the country even more than in the city. Prepare now to always have what you need and want. **WHOLESALE SALES PRICES** mean more to you than you think in savings. For instance, we have not had to meet any "roll-back" in prices. Our wholesale quotations were not advanced during that "up" spell. Come in and talk it over.

What Is Authority in Religion?

The subject of this article is a most vital question, and should be given the most careful consideration. Both Jesus (Matt. 21:23) and the apostles (Acts 4:7) were asked that question.

Many contend in religion that they like this or that, and that they are going to have it. Thus their own pleasure becomes authority. Is such acceptable? Jesus said, "If any man will come after me, let him deny himself, and take up his cross, and follow me." (Matt. 16:24). Hence one must deny self if he desires to embrace the pure and undefiled religion of Jesus Christ.

Many people will maintain that conscience is authority in religion. Yet Saul of Tarsus, after he had persecuted Christians, and thus had persecuted the Lord (Acts 9:1-5), was able to say, "Men and brethren, I have lived in all good conscience before God until this day." (Acts 23:1). Did his good conscience justify such a course in religion? Let him answer, "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners; of whom I am chief." (1 Tim. 1:15). The conscience is a pupil of education. If its education is faulty, the course pursued will be faulty, and without offense to the conscience.

A host of people will say the creeds in religion are authority therein. True enough — multitudes of men accept them as such, but, under God, do they constitute such? One creed teaches that, if you are saved before your fleshly birth, you can't be lost thereafter. Another teaches that, if you are saved after your fleshly birth, you can't be lost thereafter. Still another creed teaches that all are going to be saved. Can anyone dare say that God is the author of such conflicting dogmas? He is not the author of confusion (1 Cor. 14:33). Man is! Jesus said, "This people draweth nigh unto me with their mouth, but their heart is far from me." Mt. 15:8.

What is authority in religion? Hear it! The Bible! Read II Tim. 3:16-17. Jesus Christ has all authority. Mt. 28:18. That leaves none elsewhere.

Discord the creeds of men and the exaltation of mere opinion, and accept the Bible alone as the authority in religion. Then all can truly be one and Christ's prayer will have its fulfillment. (See John 17:20-21).
