

## CALF SHOW HERE FEB. 18th.

### MUNDAY CAR KILLS DALLAS HITCHHIKER

Dallas, Feb. 7.—His arm upraised in the characteristic position of the hitchhiker, a man tentatively identified as John Walter Toker was killed when he fell into the path of a car at Arcadia Park on the Fort Worth Pike at noon Monday. He became the county's tenth traffic death since Jan. 1, five of which have been in the city.

Deputy Sheriffs Bill Pinford and Ted Hinton said a social security card in the victim's pocket was the basis of identification. Unless the identification is completed, a set of the victim's fingerprints will be sent to the Federal Bureau of Identification at Washington, D. C., Chief Deputy Bill Decker

said. John Mickel, 30, of Munday, Knox County, said the accident was unavoidable. He was released on his own recognizance to appear before the grand jury.

Mickel said he was driving west on the pike when the pedestrian, walking in the same direction, turned around, signaled him to stop, presumably to ask for a ride. The pedestrian stumbled and fell toward the car, which swerved sharply in an attempt to avoid a collision.

The body was taken to the Rene Cox Funeral Home. The victim's skull was crushed and his leg was broken.

### TYSINGER ACCEPTS TWO YEAR SENTENCE IN PEN

Haskell, Feb. 7.—W. H. Tysinger was sentenced to two years in the state penitentiary Tuesday for the murder of John Yancey here last fall.

Tysinger's attorneys Tuesday morning withdrew a motion for a new trial which had been filed last week after Tysinger was convicted here in 39th district court.

Tysinger will be one of the oldest convicts at Huntsville.

#### GIFT PARTY

A beautiful gift party was given February 1, in the home of Mrs. A. B. Michaels, honoring Mrs. John W. Michaels, nee Miss Bessie Belle Buckner, of Rochester, Texas.

The reception room was decorated in red and white with ivory accents.

The bride was very pretty in a lovely hand knit dress of antique bronze, with spice-brown accessories.

Following the introduction to the bride and mother-in-law, each guest was invited to place her autograph in a distinguish-

### FOES OF TRUCK LAW ARE GIVEN HEARING

Austin, Feb. 8.—A fight was under way Wednesday to repeal the 7,000-lb. truck load limit, cause of a new crisis over the statute in the Lower Rio Grande Valley the past week.

The law was condemned as unjust and discriminatory before a Senate committee hearing Tuesday night on bills to abolish it and substitute a pressure-on-the-roadbed ratio regulation or increase the limit to a straight 20,000 pounds.

The committee decided to hear opponents of the bills, including railroad men and labor union representatives, next Tuesday night.

Senator Kelley of Edinburg, author of the proposals, was roundly applauded by a large crowd at the hearing during his explanation of the bills. He said one bill, which by a scientific formula would permit several weights of truck and load up to 45,000 pounds, had been adopted by most states and was the preferable proposal.

"To many of these people you see here tonight," he said, "it's a matter of life and death to change the present harsh and discriminatory law. For more than seven years growers, producers, farmers, livestock raisers, merchants and consumers have labored under the restrictions the 7,000-pound law imposes. They have tried to live under it but the situation has grown desperate."

Lynn Waldrip left Tuesday for Sweetwater and Abilene on business.

B. E. Bryant, who is a student in Weatherford Junior College, is visiting home folks.

Editor and Mrs. Garner are leaving today for Austin to attend the Press Meeting in that city.

Vernon Bridges and family of Anton spent the week end here with relatives and friends.

### THE BIGGER BLOW

### FARMERS TURNING TO RAISING OF LIVESTOCK

Austin, Feb. 8.—Raising of livestock or turning the farms into an industrial plant seem to be the alternatives facing Texas farmers, Dr. R. H. Cox, University of Texas business research director, declared today.

Industrial wages have more than doubled in the last 25 years, but prices paid farmers for their principal crops—corn, cotton and wheat—have sunk to less than half what they received a quarter of a century ago, he pointed out.

Cotton, still the South's chief money crop, brings only 54 per cent of the average price it brought between 1909 and 1914, the economist said. Corn is only 49 per cent of the par-

price for that five year period; wheat 47 per cent, and peanuts, 55 per cent.

The livestock industries have fared better. Beef cattle prices are 96 per cent of the 1909-14 average; hogs, 80 per cent; butter fat, 71 per cent; wool, 88 per cent; chickens, 93 per cent, and eggs, 75 per cent.

Judged on the basis of prices the major alternative seems to be said. "On the other hand, the higher prices in the animal industries are the result in no small degree of droughts.

"The other major alternative is greater industrial and commercial development. Industrial wages are about 200 per cent of 1909-14, and prices of most industrial products are well above the 1909-14 level."

### HENRY ARLEDGE ADDS TO HIS CATTLE HERD

Henry Arledge made a valuable addition to the herd of Herefords at the Arledge Stock Farm at the Kinder sale recently. He bought three females—two Hazlett-bred—at the sale held at Frederick, Okla.

He bought the top female of the sale, Ino Domino Astor, 11-month-old calf, by J. E. Brewell's \$3,900 Rupert Tone 13th and out of Ino Tone 2nd, an old Hazlett show cow. The third addition was Beauty Domino Erd, senior heifer calf, a double bred Prince Domino-Beau Astor. The two calves were considered tops of the sale and of course the old cow was one of the more valuable breeding animals, being 11 years old.

#### 4-H CLUB NEWS

A meeting was called to order in the assembly room of the court house at Benjamin on Feb. 3 at 2 p. m. All clubs were represented.

Each club secretary reported on the work they are doing in their particular club. Old and new business was discussed.

Mrs. J. T. Murdock's resignation was accepted for County Council Treasurer, and Mrs. John Rice was elected to take her place.

Miss Astin explained the organization manual for County Home Demonstration Council.

The meeting adjourned at 4:30 p. m.

—Reporter.

Mr. and Mrs. Jess Hitchcock and two little daughters, Mrs. Bradbury and little Lois Jean Coates spent Wednesday in Abilene.

Mr. and Mrs. Will Smith and Mrs. Clyde Smith and daughter of Ralls were here last week to attend the Baptist church dedication and were guests of Mr. and Mrs. J. W. Hamm.

Mr. and Mrs. Alvin Hamm and son and Mrs. Hamm's mother, Mrs. Williams, have returned to their home in Big Spring after a visit with relatives here.

The Floy Hawkins Circle of the Baptist church will meet in Bible study Monday afternoon at three o'clock with Mrs. J. W. Hamm. They will study the life of Daniel, with Mrs. A. B. Reese as teacher.

### LEGALIZED RACING UP NEXT TUESDAY

Austin, Feb. 7.—A large number of interested citizens are expected here next Tuesday night for a hearing on a bill to legalize horse racing under the pari-mutuel system of betting.

The hearing will be held before the House State Affairs Committee. Committee members said that the date was acceptable to both Bailey Ragsdale of Crockett, the bill's author, and J. Bryan Bradbury of Abilene, floor leader for the opposition.

### ALLRED WINS APPROVAL OF SENATE COMMITTEE

Washington, Feb. 6.—The nomination of former Governor James V. Allred of Texas to be federal judge of the southern district of Texas was approved by the Senate judiciary committee today. It now goes to the Senate for final action.

The committee appointed by the Lions Club to make arrangements for the Fifth Annual Knox County Calf Show reported Thursday that everything was arranged for the big event, which will be held here Saturday, February 18. The large barn of Mr. Keny's west of the Broach Implement Company has been secured and hay and straw will be brought in for the different calves. About 19 have entered the contest and the winners will be carried to the show at Wichita Falls to be held in March, after which the winners will go to the Fat Stock Show in Fort Worth. The Knox County calves have won first place in the Wichita Falls show for the past two years, and it is hoped they will repeat again this year.

The Lions Club has made arrangements to entertain the boys and their parents during the noon hour.

This show has grown each year and it is estimated that several thousand people will be here during the day.

### KNOX COUNTY TO ENTER CALVES WICHITA FALLS

#### MCRAW PUSHES TEXAS CLAIM ON GREEN TAX

Washington, Feb. 7.—Former Attorney General William McCraw of Texas urged the Supreme Court Tuesday to declare Texas the legal domicile of Colonel Edward H. R. Green at the time of his death and to disregard a special master's report which found for Massachusetts.

The litigation is to decide if Massachusetts, Texas, New York or Florida should be permitted to collect the state inheritance tax from the \$36,000,000 estate left by Green in 1936.

L. F. Tegarden, who has resided here for almost a year, left last week for his home in Indiana. He will probably return some time this summer.

Wichita Falls, Feb. 8.—Knox county will enter 10 calves in the district 4-H Boys stock show and sale here March 13, County Agent G. R. McNeil was advised Tuesday by W. W. Rice, Knox County agent.

Rice announced the Knox County calf show would be held in Knox City Feb. 18, with 19 entries. At that time, the 10 best will be selected to participate in the district show.

Individual exhibitors are Lowell Cure, Elton Scott, Gaylon Scott, Charles Roberson, Joe Wayne Roberson, Bobbie Roberson, Darwin Shipman, Billie Roberson, Joe Dean Clough, Junior Montandon, Bobbie Armstrong, Arnold Koenig and Robert Schumacher.

Boyd Carley of Munday was here Saturday transacting business.

### GASOLINE TAX REFUND WILL HELP COUNTY

#### FOUR INJURED IN CRASH ON HIGHWAY NEAR RULE

Four persons were injured Saturday night southwest of Rule when their car hit an open culvert.

Mrs. Rex Murray, 19, sustained a severe laceration on her neck and both arms were broken between the wrist and elbow. Her husband received a broken ankle. Miss Terean Spurlin of South Texas, who was visiting with them, sustained a broken collar bone, and her cousin, Otto Spurlin, of Rule, suffered an injured knee.

Mrs. A. J. Malouf and children are expected to leave some time today for Phoenix, Ariz., where they expect to remain for several months. Miss Sadie Gabrel will accompany them. Mr. Malouf will remain here for a few weeks looking after his business and will then join them.

Knox County would benefit through a lighter tax burden, should recommendations made by the Texas County Judges and Commissioners Association at their meeting in Austin last week be carried out by the Texas Legislature.

The association drew up a specific recommendation to the Legislature for diverting one cent of the gasoline tax into a fund to retire all outstanding road bond indebtedness in the various counties. Although the state has been aiding in retiring these bonds for the past several years, it was pointed out that this procedure recommended by the judges and commissioners would greatly aid Knox County.

Knox County's present road bond indebtedness would be assumed entirely by the state, which would mean the lowering of ad valorem taxes in this county.

Attending the meeting from Knox County were County Judge E. L. Covey and Commissioners E. A. Jones of Gorea, O. L. Patterson of Benjamin and George Solomon of Gilliland.—Munday Times.

**HUDSON-VERHALEN**

Miss Lillian Rae Hudson, daughter of Mr. and Mrs. I. L. Hudson of Sunset, became the bride of Mat Verhalen, son of Mr. and Mrs. M. A. Verhalen of Sunset, Tuesday morning, January 31, at 8:30 o'clock in the St. Joseph's Catholic Church in Rhineland. The double ring ceremony was read by Rev. Father Matthew Wiederkehr, O.S.B. The lighted candles and flower-decked altar created an atmosphere of tranquil beauty.

Miss Lillian Verhalen, sister of the groom, was maid of honor. Her gown was gold taffeta, trimmed in white lace and black velvet ribbon. It was made of a fitted waist and full gored skirt. She wore gold sandals and a gold rhinestone Juliet cap.

Miss Dorothy Hertel, niece of the groom, and Martha Brown were bridesmaids. Their gowns were orchid taffeta with white lace and black velvet ribbon. They were exact duplicates of Miss Verhalen's. They wore silver sandals and silver rhinestone Juliet caps.

Martin Brown was best man. Hubert Homer and Phillip Homer were groomsmen. They and the groom wore button-downs of white carnation.

The bride chose as her own gown white slipper satin. It was made of fitted princess lines with an all-over lace yoke. The leg o'mutton sleeves ended in points at her wrist. She carried a bouquet of calla lilies and fern tied with white satin ribbon. For "something old" she carried a white linen and lace handkerchief of Mrs. C. K. Akin of Austin, the former Pearl Hudson, that Mrs. Akin carried on her wedding day. Her only jewelry was a tiny gold cross necklace.

Following the wedding the two families, friends, and Father Matthew gathered in the home of Mr. and Mrs. M. A. Verhalen for the wedding dinner. The three-tier cake centered the table. A miniature bride, groom and priest topped the cake.

To climax the events of the day, a dance was given in honor of the bride and groom in the club hall at Rhineland. The music was furnished by the Brown Derbies of Stamford.

After a short trip to point East the couple will make their home in Benjamin, where Mr. Verhalen is now employed.

**LEARNING THE HARD WAY**

LUBBOCK, Feb. 8.—Freshman students at Texas Tech are learning the campus the hard way, one orientation instructor believes. A class of 50 freshman arts and sciences students, asked to identify ten outstanding persons in the college faculty after assigned duty of the college catalogue, gave an amazing variety of answers.

Miss Elizabeth H. West, librarian, was variously identified as dean of arts and sciences, dean of women, and assistant registrar. D. O. Wiley, band director, was called an agriculture instructor by one and as over foreign languages by another. James G. Allen was known by most of them to be dean of men, but one said he was dean of arts and another remembered him as in-

structor in agriculture.

Miss Margaret Weeks, dean of home economics, was named dean of women by one student and another thought she was a physical education instructor. Dean O. V. Adams of engineering was designated both as dean of men and head of arts and sciences. W. L. Stangel, head professor of animal husbandry, was subject of considerable speculation, being called registrar, textile engineering professor, president of the Toreador (campus newspaper), and dean of engineering.

**Constipated?**

"For 30 years I had constipation, awful gas bloating, headaches and back pains. Adlerika helped right away. Now I eat sausage, bananas, etc. Nothing I want. Never felt better." Mrs. Mabel Schott.

**ADLERIKA**

Barbara Luddy

**LISTEN TO THIS**

BY TOM FIZDALE

Pioneer program First Nighter starring Barbara Luddy and Les Tremayne, is in its ninth consecutive year of broadcasting. Back in the days when radio was a wee tot in three cornered pants it set the pace which many of our leading dramatic airshows since have followed. First Nighter was the first show to present complete and separate original plays each week. Since this Chicago show blazed the trail many have followed the same general plan. Such programs as Gangbusters, Radio theater, Silver theater, Big Town, Grand

Hotel, Show Boat, Curtain Time, Lights Out, Mercury Theater, Death Valley Days, True Story Hour, etc., use the same formula, although not all of them use original drama.

Paul Whiteman's new Sweet Singer is Clark Dennis, who recently wed Jane Vance. Dennis was McGee singer before Don Novis and Jane won a Whiteman audition while still a student at Northwestern university.

Famous film writer Patterson McNutt refused to try radio scripting—because there wasn't enough \$\$\$ in it—until pals bet he couldn't write in the radio idiom. Star Theater's Bill Bacher bought McNutt's "Happy Ending" and broadcast it with John Barrymore as lead. Next morning Paramount film's Ruby Cowan, who'd heard the broadcast, bought film rights to the McNutt opus for \$10,000!!!

Skinnay Ennis  
Bob Hope's Bandman

Arlene Francis adds lead role in "Michael Drops In" on Broadway's stage to radiating in "Big Sister" over CBS.

Advent of television won't bother such booful radiactresses as Barbara Weeks, Lucille Ball, Joan Blaine, Joan Winters, Betty Winkler, etc., but what's Tommy Riggs' Betty Lou gonna do? Be televised by X-ray camera?

Now add Lulu Belle to list of ladies whose entree to film fame was radio's microphone. Favorite hill billies of radio's National Barn Dance, Lulu Belle and husband, Skyland Scotty, screened "Shine On Harvest Moon" for Republic. They plan to appear in person with film when it's released shortly.

Famous last lines: Jack Haley—"Sonja Henie is a good skater."

**NYA BUILDS SCHOOL**

"And all de swords and cannon gonna be beat down into plows," the colored deacon paraphrased in concluding his dedication of the new Slaughter Ward School for Negroes at Ranger, Texas, rebuilt from a Night Club under a National Youth Administration Work Project.

For years Mayor Hall Walker, Dr. Ben Hodges, School Board President, J. C. Merooney, School Building Chairman, and the town people of Ranger had been searching for means to replace an inadequate negro school. Adjoining one of the Ward Schools was City Nuisance Number One—a roadside Tavern, right in front of the school bus stop.

Thirty NYA boys went to work. Under the supervision of a skilled carpenter, the roof was repaired and repainted, windows reframed, a concrete porch built. New paint covered the gaudy exterior. Floorings, was replaced, stage and dressing rooms revamped, and a library built. Modern sanitary facilities were installed, the first for Negro children in the community. Today, school officials estimate the value of the new plant at \$5,000.

"Reach for a dime bank instead of a coke" must have been the motto of one freshman at Texas Tech, who saved twenty dollars in dimes last semester with which to pay most of his registration fee this spring. Asked how he could save money and go to school, he answered that it was easy if you put it in a dime bank and couldn't get it out.

**LOCAL GIRL TAKES PART IN RADIO BROADCAST**

Miss Ellena Fayne White of Knox City was presented recently in a radio broadcast on the stage of the auditorium at John Tarleton College over W. B. A. P. Miss White appeared in the Girls' Band.

This all Girls Band is an extra curricula organization open to any girl in the college whether she can play an instrument or not. Free instruction is given and credit is received for participation in this group. The scheduled activities for the new

semester include a concert tour, radio broadcasts, home concerts, and colorful formation in connection with athletic events. Although this band is new, having been organized since September with the majority of the girls never having had any musical instruction, the spirit of cooperation has been so strong that already the organization is making a name for itself.

Rev. Clarence Bounds, pastor of the Methodist church in Kula was here a few hours Monday on business.

**BREAD**

**AS You Like It**

*There is a difference in bread. A great difference... taste quality and nutritive are vital factors All these in our bread and other products are the way they ought to be to give the most for your money. That is why we sell more bread than all others combined*

## SUCCESS

It's doing your job the best you can,  
 And being just to your fellow man.  
 It's figuring how, and learning why,  
 And looking forward and thinking high,  
 And dreaming little, and doing much.  
 It's keeping always in closest touch  
 With what is finest in word and deed;  
 It's being clean and playing fair,  
 And laughing lightly at Dame Despair.  
 It's sharing sorrow and work and mirth,  
 And making better this good old Earth.  
 It's serving and striving through strain and stress;  
 It's doing your noblest—that's SUCCESS.

—Author Unknown

## PATTER

(From "Reader's Digest")

I kissed my first woman and smoked my first cigarette on the same day. I have never had time for tobacco since.  
 For Sale: 1934 model car in first crash condition.  
 A dramatic critic gives the best jeers of his life to the theatre.  
 Some men would look more spic if they didn't have so much span.  
 For one-armed drivers: You can't pay attention to your brakes when your mind is on your clutch.  
 Advice to motorists: Just because you see its tracks is no sign that a train has just passed.  
 Some people have veneer that comes off easily with a little alcohol.  
 Middle age is that period in a man's life when he'd rather not have a good time than have to get over it.

## GUESS WHO

By Geneva Walker

He has blonde hair with a certain undecipherable wave on the right side. He has blue eyes, weighs one hundred and fifty-three pounds and is five feet and ten inches tall. His favorites are: Color, blue; Song, "Deep in a Dream"; Actor, Clark Gable; Actress, Hedy Lamarr; Sports, swimming, basketball and tennis. He is No. 4 on the Senior boys basketball team. He is a Junior in high school.

Watch for the answer in next week's paper.  
 Last week's "Guess Who" was Mary Frances Reeder.

## SPORTS BY SPUTTERS

By Billy Dean Davis and Marjorie Propps

Tuesday night, January 31, the Seymour Panthers and the Knox City Greyhounds met in "battle" on the Panther's court. The girls volleyball team played first and the Greyhounds lost the first game, won the second, and lost the third. The Junior and Senior basketball teams played next and the Greyhounds won both of the games by a large majority. When the Goriee Tournament of last week end began the Greyhounds were not playing up to par and were defeated by Goriee, putting them on the road to consolation. Benjamin

and Seymour had to be overcome before the goal was reached. The Greyhounds defeated Benjamin, and continued the good work by coming out victorious over the Seymour Panthers. The team is the possessor of a beautiful gold trophy and plan to go on to even greater heights in the coming county tournament. The tournament for this year will be held in the home gym, and all of you are urged to support our team by coming at every possible opportunity and proving Knox City's aim and ideal for good sportsmanship and hospitality.

When the Greyhounds won Consolation last Saturday, the entire team was proud of another honor that was bestowed upon one of the outstanding players. Melvin Dutton was awarded the medal for good sportsmanship during the tournament. We all feel that not only is this a tribute to Melvin, but to the entire team as well.

## A SENIOR PERSONALITY

By Geneva Walker

Truman Cypert  
 Truman Cypert was born at Munday, Texas, on June 12, 1920. He has black hair, grey eyes, weighs one hundred and forty-seven pounds, and is five feet and eight inches tall.

His favorite colors are black and white; his favorite song is "Harvest Moon"; his favorite hobby is hunting; his favorite actor is Tyrone Power, and his favorite saying is "play like". He hates conceit more than anything else.

Truman is an outstanding track man. He has won various honors in different track events.

After graduation this year Truman plans to attend college and become a mail carrier.

## LOVE LETTER IN SONG

Dearest One:

Do You Ever Think Of Me just Once In Awhile? I know you couldn't have forgotten So Soon those Three Little Wives that you were Whispering In A Little Gypsy Tea Room.

What Did You Know About Love when you said that, because you know it's A Sin To Tell A Lie. But Confidentially, My Dear, You Are Forgiven; Thanks For Everything, even the Memories of that September In The Rain when you sang Ebb Tide and said, "Oh, Promise Me, that Our Secret Love Affair will never end." Remember how you had A Faraway Look In Your Eyes and I was Deep In A Dream? They Say I Know Now what it is to be Alone, but there are Two Sides To Every Story, and when I See Your Face Before Me In My Reverie I only know that you are Simple and Sweet.

Can I Forget You when It Is

So Easy To Remember And So Hard To Forget? With You On My Mind I'm Lonesome I Guess That's All. Night And Day I'm Day-Dreaming of My Summer Souvenirs. They Wouldn't Believe Me when I said it was Wonderful and that the Sky Was An Ocean Of Blue when I'm With. The Moon Got In My Eyes and now I'm Back Where You Found Me Out In The Cold Again, but An Old Flame Never Dies and I'm Glad For Your Sake.

Always And Always  
 Your Own

## NEW COTTON GIN UNDER CONSTRUCTION

Ed Shaver, manager of the Anderson-Clayton cotton gin which was destroyed by fire last fall, began the construction of a new one last week. He informs that they expect to install the latest Lummus Air Blast system of four eighty-saw stands. When this gin is completed it will be one of the best in this section of the state. The old boiler and engine that was in the other plant will be used, as the fire did not damage them.

## YOUR EYES

Are you giving them proper care and attention? -Dr. Glenn Stone, Optometrist, Munday, Texas.

## Send

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—*life itself*—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, starchy or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use *Doan's Pills*. They have had more than forty years of public approval. Are endorsed the country over. *Doan's Pills* are sold at all drug stores.

## DOAN'S PILLS

## PEACE AND CONTENTMENT FOR THE BABY

When sour risings indicate an upset stomach, babies naturally will be cross and sleepless, they will cry because they feel miserable. To restore their sunny disposition, give them McGee's Baby Elixir. It is made of mild ingredients that will soothe the stomach, aid digestion, and help to check simple diarrhoea. It tastes good and is a big step toward restful sleep and better food assimilation. Price 30c and 60c a bottle.

# LATE NEWS FROM COUNTY CAPITOL

BY REGULAR CORRESPONDENT

M. D. Caughran, nephew of Mrs. M. T. Chamberlain, who has made his home here since last September, left Wednesday to enter A. and M. College.

Mr. and Mrs. Abner Hall were called to Commanche, Okla., last Tuesday by the serious illness of Mrs. Hall's mother, who passed away Wednesday. Funeral services were held on Thursday. We sincerely sympathize with them in their grief.

Mrs. Van Earl Sams and Mrs. Homer T. Melton were in Childress last Thursday making preparations for Mr. and Mrs. Sams to move there. They expect to leave this week for their future home.

J. D. Marlow, who has been absent from his duties with the Galloway Grocery for several days because of illness, is now able to be back in the store.

Mrs. Newt Kyle was admitted to the Knox County hospital Monday for further treatment.

Mrs. Adele Smith of Memphis, Tenn., is visiting her parents, Mr. and Mrs. Ben Qualls. Ed Bateman of the B Bar Ranch was in Lubbock last Wednesday.

Mrs. John Atterbury of Knox City visited friends here Thursday afternoon.

T. W. Templeton returned Tuesday from Rockwell, where he had been visiting relatives for the past week.

Jack Idol was in Cisco Friday on business.

Mr. and Mrs. Roscoe Eubank and daughter and Misses Frances Wood, Juanita Johnson and Thelma Ross of Crowell attended the President's ball here on Monday night of last week.

Little Betty Rutledge had the misfortune to get her arm broken Friday while at school.

W. R. Ross of Fort Worth was looking after business on the Ross Ranch the last of the week.

Mrs. Jack Idol is at home after spending some time in the Knox County Hospital.

Mrs. W. F. Snody and Roy Snody went to Abilene Thursday afternoon to carry Leon Bivins, where he boarded the train for Las Cruces, N. M. He has accepted a position in the Snody Service Station there. Mrs. Bivins will join him in about two weeks.

Voyle Vaughn went to Lubbock Friday, where he joined his wife and visited his parents. He returned home Sunday accompanied by his wife and little daughter, who is making her first visit to her new home.

The Senior Sorosis Club met in regular session Thursday afternoon. They studied the book, "My Country and My People," by Lin Yutang. The Chinese motif was carried out in decorations and refreshments. Oriental music was furnished by Mrs. Glenn T. Burnett. Hostesses were Mrs. Beavers and Mrs. C. H. Burnett.

Mrs. Ulric Lea and Mrs. E. F. Branton of Knox City were calling on Mrs. I. T. Wright and Mrs. Leroy Melton Saturday morning. Mrs. Lea was the former Miss Faulkner, our County Demonstrator.

Mrs. J. L. Galloway entertained the Bridge Club Tuesday afternoon. Those in attendance were Meses. D. J. Brookerson, J. B. Moorhouse, Leroy Melton, Homer T. Melton, J. M. Melton Jr., J. T. Waldron, Lewis Williams, Van E. Sams, H. B. Sams, J. D. Redwine, W. T. Ward, and the hostess. High Score was won by Mrs. Brookerson. A beautiful salad plate was served.

Mr. and Mrs. Louis Carwright went to San Antonio and Boerne last Wednesday to visit relatives. They returned Friday night.

Mr. and Mrs. Grady of Rochester visited in the Wallace Glenn home Saturday. Billie Glenn returned home with them after spending several days with his grandparents.

H. T. Cunningham is able to be out again after nursing a sore throat for several days.

Miss Oleta Thompson and Miss Miller were hostesses to

## The Mustang

Publication of the Benjamin School, Editor-in-Chief, Nathan Mitchell, Assistant Editor, Polly Chamberlain, Senior Reporter, Polly Chamberlain, Junior Reporter, Aline Smith, Soph Reporter, Betty Jo Crenshaw, Freshman Reporter, Nadine Parker, Sponsor, Frances Diersing

### SENIORS

An error was made in the Senior report last week. The play, "Fingerprints" was less than two weeks in preparation instead of ten weeks.

A representative of the Star Engraving Company was here last Monday with sample invitations, diplomas, and other material. The Seniors selected their invitations. They are made of beautiful cream colored paper with an emblem of gold and black stamped in a modernistic design. The printing will be in gold.

The Seniors have started to work on the High School Annual. This year the annual will be somewhat like the one that was published last year, with the exception of various color schemes. The annual will sell for \$1.50, and the Seniors urge everyone to make their deposits in the near future.

### JUNIORS

Famous question: Do you like the class rings for 1947? The reason this question has become so famous in the Junior

the Junior Sorosis Club Thursday.

Mr. and Mrs. Lewis Meinzer of Shamrock visited the Russell and Meinzer families Sunday. Mrs. Roland Rouse came with them and visited in the Ben Qualls and Dr. Beavers home.

Mr. and Mrs. Clyde Gibson and Mrs. D. J. Brookerson went to College Station Sunday to take Russell Clyde to A. and M. College, where he enters school again for the last semester. Mrs. Brookerson visited Mr. Brookerson at Marlin for a few days.

Perry McFaddin of Beaumont arrived Sunday and will look after his ranching interests here for a few days.

Earl Sams is in Mineral Wells this week taking a much needed rest.

Miss Ruth Patterson of Crowell, sister of J. C. and O. L. Patterson, was admitted to the Knox County Hospital for treatment Tuesday.

Mrs. J. B. Moorhouse entertained a number of Mona Sue's little playmates Monday afternoon in honor of Sue's fifth birthday.

Miss Martha Crenshaw is quite ill this week with throat infection, but is improved at this writing.

class is that we have just made our selection. The majority of the class is satisfied, and we are all going to work harder and try to get eleven credits, so we may be eligible for rings next year.

The Junior girls will have to "run" the Junior class Friday while the boys are downtown showing the City and County officials how things ought to be done. We fully intend to carry on just as well if not better than the boys have done and show them that we can get along without them—if we have to.

The Juniors have selected a new class song, "The Old Apple Tree" had gone completely out of date. Our new song is "Si and I." It made its debut Friday on our assembly program and was presented by the boys of the Junior class.

### SOPHOMORE CLASS

The Sophomores have been very good little girls and boys this week, so there is very little to write about. Diagramming is still the class headache, with Algebra running it a close second. World History still keeps us very busy, and Biology is still interesting.

### SHOWER

Monday night the Benjamin faculty gave a shower in honor of Donna Ruth, daughter of Mr. and Mrs. Voyle Vaughn. Mrs. Vaughn and baby returned home from Lubbock last Sunday.

The shower was given in the home of Supt. and Mrs. W. C. Cunningham. After a series of games was enjoyed by everyone, refreshments were served to the following: Misses Oleta Thompson, Toby Baird, Bliss Miller, Frances Basye and Frances Diersing, Mrs. R. C. Ferguson, Mr. and Mrs. Voyle Vaughn, Mr. Wendell Watson, Mr. H. D. Greer, and Mr. and Mrs. Cunningham.

A good time was enjoyed by all, and Mr. and Mrs. Vaughn received many nice gifts.

### BOY SCOUTS

The Boy Scouts met Tuesday night. After their regular program, they listened to President Roosevelt's address to the Boy Scouts. Most of the Boys obtained some useful knowledge from the speech.

## PUBLIC SAFETY MEN HAVE THEIR TROUBLES

Austin, Feb. 8.—All human emotions are represented in the stacks of letters sorted at state headquarters where the bureau of identification and records exchanges information with 1500 police agencies throughout the Southwest.

While the complete story in back of each letter is rarely definitely known to state police they can usually relate . . . A south Texas merchant was swindled by a check passer . . . felons escape from penitentiary or loved ones missing from home.

Typical of a day's mail in the bureau are a stack of letters seeking aid in apprehending runaway boys and girls, criminals listed as fugitives, murderers, rapists, embezzlers, burglars, and stolen property.

There is a letter from an East Texas sheriff who is looking for a Mexican wanted on a murder warrant. Only very meager information about the fugitive accompanies the request and his name is identical with hundreds of that nationality. The sheriff believed the fugitive may have been deported as he was an alien at the time of the murder.

Immigration authorities contacted by state police announced that hundreds of Mexicans of that name are listed on their records. But they, in turn, join the search.

Continued operations of a check swindler who selects rooming house operators as his victims are reported in a letter from El Paso officers. In the files of the identification bureau are 50 other reports of the swindler, but, so far, officers have been unable to apprehend him. He reportedly flees his victims' localities before the swindle is detected.

The most tearful letters are those scrawled by residents of Texas and other states who conduct an almost futile search for relatives who deserted their homes without leaving forwarding addresses. Youths, by the hundreds, are skipping about the country while parents and police send out bulletin after bulletin in an effort to locate them.

"Sometimes," commented J. S. Fletcher, chief of the records bureau, "these runaways are returned to their parents only to leave again at the first opportunity."

In one day's mail were letters from three sections of Texas furnishing descriptions of women reported missing. Husbands and parents scribble the most pathetic notes to state police headquarters asking for help in locating their loved ones.

"We suspect foul play . . . something has happened to my wife," one letter, written by a distracted young husband, said.

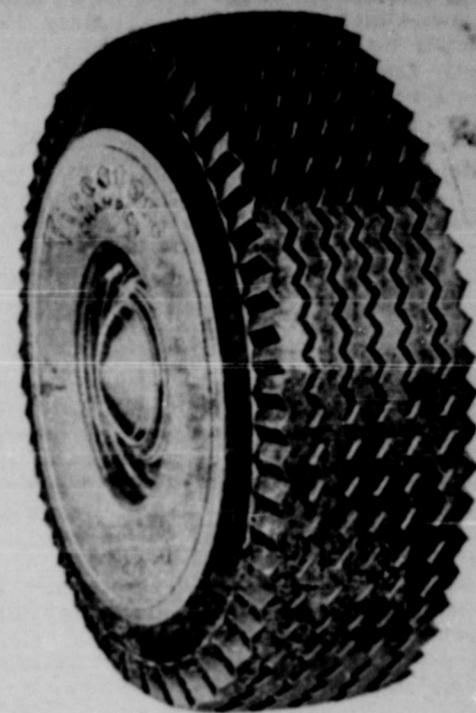

But state police discount his theory, for local police have already investigated that angle. The wife—investigation disclosed—had left town with a former suitor. Nevertheless, the husbands want her back and the state bulletin will carry her photograph and description throughout its official circulation area. From Wharton come fingerprints of a negro arrested for vagrancy. Identification experts find after comparison is that the negro—now using an alias—is the same person wanted by federal authorities for violation of the World War Veterans act.

Another set of fingerprint records received in the morning are those of a white man arrested on a vagrancy charge at El Paso. The state records revealed that the man had escaped from a San Antonio asylum in 1922 (correct) and had been a fugitive since. Further information brought out facts that he had been transferred to the asylum from prison where he was under a 50 year sentence for armed robbery.

"These cases are not unusual," Chief Fletcher said. "Since the establishment of the state identification bureau and the publication of its bulletins to peace officers, there have been many instances where fugitives were apprehended through exchanges of fingerprints."

A sheriff in Southeast Texas writes that he located a saddle

## New Firestone Champion Tire

The new Firestone Champion Tire, a product of years of speedway experience and laboratory research. Streamlined and ultra-modern in appearance, this new tire introduces several revolutionary features of design and construction, including a new Gear-Grip tread and a Safety-Lock cord body. The new tread design provides greater traction efficiency and retains its superior non-skid quality after many miles of service. The cotton fibre of the Safety-Lock cord is tightly twisted into a strand of high tensile strength, treated by the patented Firestone Gum-dipping process and locked together to form the tire body. This construction affords a new measure of blowout protection.

## BABY CHICK FEED

Start your Baby Chicks off right by feeding a good chick starter. We have a fresh stock of—

## THE EAGLES IN ACTION

The Sunset Eagles entered the semi-finals of the Goree Invitation Tournament Friday night with Seymour and emerged victors with a score of 29 to 15. Saturday night the Eagles returned to Goree and went up against the Wildcats to play one of the best games of the season for a balcony that was packed to capacity with fans. The score was rather close the entire game but the Eagles obtained a lead during the first quarter which they maintained throughout the game. The star of the winning team and the spark plug of the Eagle attack was Strickland, who compiled the excellent score total of 15 points. All of the starting quintet of Sunset shared in the goal making and Hunter stepped in to the limelight with eight points. There were no substitutions for the team and the boys played excellent ball, although Strickland made three fouls. The score at the half was 19 to 14 in favor of the Eagles. The last period of the game was just as interesting as the first, with a remarkable display of talent on both teams. The Eagles played one of the fastest and cleverest games of the season and emerged winner by a score of 32 to 29. A beautiful trophy was awarded to the Eagles, which makes four they have received this season. After the trophy was awarded several of the squad received medals. Shamon and Strickland received medals for the all-tournament team. A sportsmanship medal was received by Hunter. The Eagles and their coach, Mr. Kimbrough, wish to take this opportunity to express appreciation for the excellent manner in which the tournament was conducted. The team received consideration and respect in every way and are very grateful.

The Eagles enter the county tournament next Friday at Knox City and their first opponent is Goree.  
 —By Glendon Matthews

## JUNIOR BASKETBALL

The Sunset Junior Eagles will enter the county meet at Knox City this week end with high hopes of winning. Their first opponent will be Benjamin. Goree won the county last year, and this year Sunset will be out for revenge.

## SENIORS ON PARADE

Hallie Phine Clark, one of our favorite Senior girls, is seventeen years old, has blonde hair, and weighs one hundred and ten pounds. Hallie Phine began her school life at the Knox City grade school. She is finishing her school days at Sunset, and the Senior class is very proud to have her as one of their classmates. Hallie Phine was one of the three Seniors who made the honor roll for the first semester.

There are many things that Hallie Phine would like to do, but as for choosing a career, she has not definitely decided just what it will be. We have all wondered why Hallie Phine has liked the following so well: Subject, Home Economics; Song, "Little Gray Home in the West"; Boy Friend, Outstanding Athlete; Color, Teal Blue, and Hobby, Kodaking.

## OUR PEACE-TIME HERO

You've all read of mighty Texas,  
 That good old southern state,  
 Where the politicians lost their battle  
 In nineteen thirty-eight.  
 I'm here to tell the story  
 To all who want to hear,  
 How a flour peddler saved our government  
 In that long remembered year.  
 He did not seek the heights of

riches  
 Or the mighty halls of fame,  
 He sought the light of a Savior's face  
 To clear his gallant name.  
 And the people of the future,  
 In those happy days to come,  
 Will build a statue of O'Daniel,  
 For of politicians there'll be none.  
 When England is old as Egypt,  
 And the Eastern nations are at rest,  
 Then those children of the future  
 Will call him "The Napoleon of the West."  
 —Louis Herring.

The above poem was written by a junior boy of the Sunset high school.

## VOLLEYBALL

The volleyball girls went to Goree Saturday night with plenty of pep. In the first game everyone was doing well and carried it over in a big way, but the next two games the girls did not have such good luck and were defeated. They are determined to win the next game, and hope to win the county meet.

## FUTURE HOME MAKERS HOLD SECOND MEETING

The Homemaking chapter of the F. H. T. Club was called to order on Monday by the president, Margaret Hardin. Minutes were read by the secretary Virginia Parkhill. Plans were completed for the tea to be given for the parents and faculty Wednesday night. Also plans for a Valentine party were discussed. As the period was cut short, the club did not have time for their entire program, but Miss Gray, the Home Economics teacher, entertained the club with a reading.

## FRESHMAN NEWS

The first year girls in Home Economics have entered into the clothing unit. They started off easily, by making tea towels of different materials. Some used flour sacks, sheeting material, and regular tea towels to hem.

## THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and backward looking, cranky and hard to live with—can keep you a life of nights and rob you of good health, good times and joy.

What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than Dr. Williams' Pink Pills for Pale People? Let its wholesome tonic and iron help Nature build up more plentiful red blood cells into your aching nerves, give more energy and make the work living easier.

Mark that a million women have reported better health—why not let Dr. Williams' Compound help you, too, to get "building" back? Try one bottle and see why grateful women for the past 30 years say: IT MUST BE GOOD!

## MAKE YOUR TEETH shine like the stars!

**CLEAN AND WHITEN TEETH**  
 with Calox, the Oxygen tooth powder which penetrates to the hidden crevices between the teeth. Pleasant, Refreshing, Protects the gums and is economical to use.

**TRY CALOX AT OUR EXPENSE**  
 What Calox will do for your teeth is easily demonstrated by you in your own home at our expense. Simply fill in the coupon with name and address and mail it to us. You will receive absolutely free a test can of CALOX TOOTH POWDER, the powder more and more people are using every day.

G. E. Steen, the Red and White groceryman, at the invitation of Henry Arledge went out to the Arledge Stock Farm Tuesday and inspected the Herefords. Steen says he believes there is more money in raising pure-bred Herefords than in running a grocery store if the price of cattle remains as high as it is now.

County Treasurer Bob Burton was here from Benjamin Tuesday and called at the Herald office. He says he is well satisfied in Benjamin, but is always glad to get back south of the river.

C. A. Hull was in Munday transacting business Tuesday and witnessed the cattle auction. He says the calves were sold for a good price.

Miss Willie Jones has returned from Dallas where she has been at the bedside of her brother, Horace Jones. She reports his condition greatly improved and it is hoped that he may shortly return home.

Milton Bradberry was transacting business in Fort Worth Monday.

George Hardberger, better known as "Jersey," attended the auction sale of cattle Tuesday in Munday. Hardberger is a good judge of Jerseys as he deals in them exclusively.

Mr. Kimbrough, the groceryman who has been living at Sunset, has moved to town this week and is occupying a residence in the southeast part of town.

T. E. Sollock, the Rule groceryman, was here Monday afternoon on business.

## HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, starchy or rich foods or when you are nervous, hurried or sleepless, your stomach cannot do its job and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and harmful. It takes these little black tablets called Ball's for Indigestion to make the excess stomach acids harmless, relieve distress in 30 minutes and put you back on your feet. Relief is so quick it is amazing and see the package prices. It is for all—see for indigestion.

## THE OLD-TIME RELIGION

The late Tom Marshall, vice president with Woodrow Wilson, once stated that what the United States needed was a good 5-cent cigar. Being somewhat of a philosopher, and a humorist as well, what he really meant was for the country to get down to simple things.

Talking with a prominent editor recently I remarked that what the world needed was a good old-fashioned religious revival and he agreed with me.

Religion does something to a man or a woman that nothing else does. It is unfortunate that so many people get religious only when they get in trouble, or when they lose their personal possessions or when sudden danger threatens. Just consider what would happen if they carried it around with them in the midst of success! Too many people use religion only for emergency purposes.

The people who came in early days to settle this western world were men and women very religious. They went through almost unbelievable hardships. But their dependence upon a power higher than they gave them courage and faith. And from the small hamlets and farms were bred those who made America great. No Godless nation has ever endured, or ever will.

How many a human being has come back to life and happiness through the memory of the old-time religion bequeathed him at the humble family fireside in youth. The old gospel songs and the simple teachings of Bible truth have influenced more men and women toward great leadership and usefulness than any other power on earth.

I have attended some of the great revival meetings of the past quarter of a century, and while I have always heard criticism of their emotionalism and methods I never knew a city in which they appeared that wasn't left in a higher spiritual mood. The Moody, Chapman and Billy Sunday revivals did something to a town. Crime decreased while they were on and people became less selfish and more kind and thoughtful.

The more a person believes in God the more all people believe in Him. This belief and faith is the heart of the old-time religion by which men live and strive to become masters of themselves.—George Matthew Adams.

## ANTI-SALES TAX FORCES OFFER COUNTER PROPOSAL

Since the Legislature convened in January, a militant group of representatives has pondered the course of state affairs and viewed with alarm the increasing drive to levy a sales tax as a means of financing the state's social security program.

This group feels that Texas, of all the states in the nation, should not turn to the sales tax when it has an abundance of natural resources which could bear the necessary tax load.

But when Governor W. Lee O'Daniel recommended his transaction tax, he bluntly told the legislators to take his plan or find some better way.

Last week the anti-sales tax group revealed an answer to the O'Daniel challenge when 44 representatives signed a bill to finance the social security program through

## REG'LAR FELLERS

increases in natural resource and cigarette taxes. Drafted by Rep. G. C. Morris of Greenville, the measure would raise \$16,689,720 additional revenue with which to finance a liberalized old age pension program, aid to the blind and to dependent children, and the teacher's retirement program.

The bill embodies, word for word, the O'Daniel pension plan which would guarantee to every Texan over 65 a minimum income of \$30 per month from all sources, public and private.

The tax increases proposed in the Morris bill, together with the amounts estimated to be raised by the boosts, are:

Cigarettes, from three to four cents a package, \$2,255,000; oil, from 2 3-4 to 3 cents per barrel, \$12,991,000; natural gas, from three to five per cent of its value at the well, \$450,000, and sulphur, from \$1.03 to \$1.50 per ton, \$1,136,000.

Members signing the bill pointed out that it was a compromise which would form the spearhead of the attack against the O'Daniel transaction tax and several sales tax proposals.

"Many of us do not like the pension provisions of the bill, but we are subordinating our own personal feelings on each individual section of the bill to get the best possible bill that will receive the approval of the legislature without forcing us to accept a transaction or sales tax," one signer said.—State Observer.

## ELECTRICAL PROGRESS

In spite of special handicaps, in addition to the general low level of business during most of the year the electrical industry as a whole made considerable progress during 1938. For while the industry's net income dropped sharply, it improved and extended its service to the public.

Electric service was brought to approximately 600,000 new customers, of which about 168,000 were on the farms of the country. Generating capacity was increased by a million kilowatts, and almost \$500,000,000 was spent for construction. At the same time the most of household electricity was reduced to the lowest figure on record.

These accomplishments were made possible by the high efficiency of management and operating personnel, in the face of excessive and raising taxation, subsidized government competition, and violent attacks by political demagogues.

If these unjust handicaps could be removed, the electrical industry would be able to spend billions for new construction and extensions of service, thus contributing tremendously toward a sound and permanent national recovery.

## CALVERT SAYS RELATIVES CLAUSE ILLEGAL

Under court decisions, persons otherwise eligible for old age pensions cannot be denied pensions merely because they have children able to support them, in the opinion of Robert Calvert of Hillsboro, former speaker of the Texas House.

The Texas law has been interpreted as barring the payment of pensions to persons with relatives who could if they would contribute to their upkeep.

Calvert, in a letter to Rep. Bryan Bradbury of Abilene last week, called attention to the fact that appeals courts in Missouri have held exactly the opposite. The Missouri court pointed out that the Federal Social Security Act requires the states participating to "furnish financial assistance . . . to aged, needy individuals."

The court held, Calvert pointed out, that a person who has no property or income is in "necessitous and needy circumstances" even though he may have relatives able to support him, if there is no legal obligation on such relatives to render support.

## Qualified Generosity

By Gene Byrnes

## DRUG STORE REPAIRED

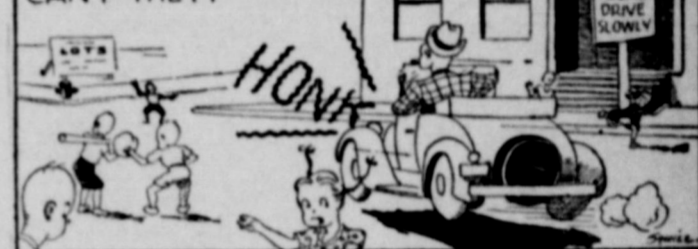

T. P. Frizzeli has had a crew of carpenters and painters at work in his drug store the past two weeks giving it a general overhauling and within a few weeks he will have one of the most up-to-date drug stores in this section. New tiling has been laid on the floor and the entire building painted on the inside and new fixtures added.

Mrs. C. C. Coates returned last week from Abilene where she had been visiting with her son John and family. Mr. Coates is real sick and has been carried to Marlin for treatment.

John Smith of Benjamin was here Sunday visiting his parents.

## Joe Juggernaut—or How NOT to Drive

NEVER BOTHER TO SLOW DOWN FOR SCHOOL ZONES—YOU MAY LOSE A MINUTE OR SO AND, AFTER ALL, THE KIDS CAN DODGE, CAN'T THEY?

## THE WRECK-ORD

In 1937, excessive speed accounted for one-quarter of all motor accidents, one-third of all deaths—a total of 223,000 dead and injured! Drive safely and you can earn a safe driver reward of 15% of your liability premium for a year without accidents. Accidents don't happen—they are caused.

Statistics, courtesy National Bureau of Casualty and Surety Underwriters.

# IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

**Stronger Cord Body**  
**More Non-Skid Mileage**

Plus **FAMOUS TRIPLE-SAFE CONSTRUCTION**

**FLOYD ROBERTS**  
1938 National Race Champion  
Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction and that is why they select and buy Firestone Tires for their racing cars.

**FIRESTONE triumphs again!** This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called *Safety-Lock*, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new *Safety-Lock* Cord body and *Gear-Grip* tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of *Safety-Lock* cords under the tread and *Gear-Grip* tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

**I GIVE YOU TEXAS . . .**  
By Boyce House

Many tears have been shed, figuratively speaking, about "of all sad words of tongue or pen, the saddest are these, It might have been." But Grant and Rice, the sports writer-poet, has a new slyt: Here's to the days that might have been; Here's to the life I might have led; The fame I might have gathered in— The glory ways I might have sped. Great 'Might Have Been', I drink to you Upon a throne where thousands hail— And then—there looms another view— I also 'might have been' in jail.

"There's nothing new under the sun," the philosopher of old declared. But Jerry Sadler, member of the State Railroad Commission since Jan. 1, has proved that there is. He made history when, 10 days ago, he held an oil hearing in an oil field. The hearing, concerning the new Avoca townsite field in Jones County, began in Austin. "Where are the landowners who own the royalty?" Sadler inquired. "Many of them couldn't spare the money to come all the way to Austin," someone explained. "Then we will take the hearing to them," the Railroad Commissioner declared.

And so the hearing was conducted in the Avoca schoolhouse. Two hundred and fifty persons—cowboy boots and ten-gallon hats, calico dresses and overalls much in evidence—attended. Many owned only one or two lots in the townsite. Everybody was extended a chance to give his views and as much time as he wanted in order that the wishes of the plain citizens as well as experts and oil companies could be heard. And everybody seemed to like Sadler's idea of taking the government to the people.

Probably you've seen that sketch entitled "Isms" that Mr. Anonymous wrote: "Socialism—If you own two cows, you give one to your neighbor. Communism—You give both cows to the govern-

ment and the government gives you back some of the milk. Fascism—You keep both cows but give the milk to the government, which sells some of the milk back to you. New Dealism—You shoot one cow, milk the other and then pour the milk down the sink." To which has been added: "Texasism—You give both cows to the government, which in turn uses the milk to make biscuits; the government then sells the biscuits to you, charging a 1.6 transaction tax."

The taxation shoe is pinching the feet of the members of the Texas Shoe Retailers Association who at a recent convention asserted that taxes now take a toll "of more than 25 per cent of our gross income" and are "the largest item entering into the cost of operating business." Vigorous opposition to "further increase in taxation of any kind or nature or the levying of any new tax" was expressed.

Entry in "oldest joke" contest: A white man presented a negro with a bottle of whiskey and, a few days later, he asked how the whiskey was.

"Just right, boss," the negro replied. "What do you mean—just right?" the white man asked. "Ef it had been any better, you'd a-kept it yourself and ef it had been any worse, I couldn't have drunk it."

Then there was the man who said, "I wasn't acquainted with the deceased but I'll go to the cemetery for the sake of the ride."

Best wisecrack on the transaction tax is that of Jack Hawkins in the Groesbeck Journal who said that last summer W. Lee O'Daniel was raising thunder because the government made a man pay \$1.75 to vote but now Governor O'Daniel wants a law to tax a man a per cent before he can eat . . . And, after all, nobody has yet figured out a way of doing without eating whereas a fellow could get along somehow without voting—Mr. O'Daniel did for several years.

With Texas newspapermen: Mrs. Mary Whatley Dunbar has sold the famous and historic Palo Pinto Star to become

associated with Naylor's in San Antonio, book and magazine publisher. Charles F. Johnston, former editor of the Mineral Wells Index, is new owner of the Star, which is set by hand and printed on a hand press, 100 years old. . . . The five Perry brothers are Texas editors: J. S. edits the Polytechnic Herald, Fort Worth; Francis, Dublin Progress; Coy, Bowie News; F. L., Nocona News, and Luther, Arlington Journal. . . . N. H. Pierce, publisher of the Menard News, has invented a handy gadget, a car-key ring with a small cylinder that you can put your drivers' license in. . . . Joe T. Cook, perennial winner in best newspaper contests, recently published a splendid 60-page sixth annual Texas Citrus Fiesta edition of his Mission Times.

Tom Alverson of the Lawson Cafe spent Sunday and Monday with his mother in Stamford.

Pat Tackett of Wichita Falls, representing the Empire Paper Company, was in Knox City Monday.

**Day's Work on New York's Newest Tunnel Set At Ninety Minutes a Day for 2,000 Sandhogs**

EAST RIVER GEYSER formed by escaping air from the tunnel 70 feet below is the only surface indication of the sandhogs at work under the river bed.

COMPRESSED AIR keeps the river away. Increases in pressure cut down the amount of time men are permitted to work. Two 45-minute shifts a day will be tops when maximum pressures are reached.

HONOR FOR THE SANDHOG—Model of a statue honoring the daring craft is shown by sculptor Leo Lentelli to Queens Midtown Tunnel Commissioner, Wm. H. Friedman.

COFFEE FOR STIMULATION after the shift is over. State law provides that the contractor must provide coffee free of charge when men return from the compression locks.

**Working Time Will Be Cut as Dangerous Tube Job Reaches Most Difficult Phase**

NEW YORK—Working schedules for 2,000 sandhogs on the new \$58,000,000 P. W. A. financed Queens Midtown Tunnel are being progressively cut as the project, one of the most dangerous underwater jobs ever constructed, reaches its critical stage of development.

The twin bores, from the Manhattan side and from the Queens shore, have now been pushed out under the bed of the East River, requiring constant increases in the air pressures used to keep water out of the excavation. As the pressure rises, the safe working time

for the men is steadily reduced. By the time maximum pressure of 43 pounds per square inch is reached, sandhogs who spend six hours underground under lower pressures will be working only two 45-minute shifts a day. Wages, however, rise with each increase in pressure.

**Sandhogs Protected by Law**

One of the most dangerous of callings, the sandhog's profession is ringed about with numerous laws and safeguards. Among other hazards, he is subject to the occupational disease known as "bends," against which elaborate precautions have been taken. For example, state law requires contractors to supply, free of charge, quantities of steaming hot coffee

whenever the men come off shift. Coffee provides the stimulant necessary to offset the let-down on returning from the oxygen-laden headings to normal atmospheric conditions. A common sight in the "hoghouse," or barracks, is a knot of mud-spattered sandhogs gulping down hot black coffee.

In addition, showers and lockers must be provided, and physicians are on duty in a specially equipped hospital 24 hours a day. A careful individual check is made of each man's passage through the compression chamber that acclimatizes him to changes of pressure.

In spite of shortened shifts, the tunnel is progressing according to schedule, and is expected to be opened to vehicular traffic late in 1940.

**The HEADLINES Say:**

Screen Starlet — (Right) Priscilla Lane, whose versatility and charm, have won great favor with movie goers.

Beauty and Brains at the Ambassador—Claire Trevor, lovely screen and radio star, smiles at the expert administrations of Eugene Leri, maitre d'hotel of the famous Park Avenue hostelry.

First Child Art Gallery—Youngsters are given a free chance to express themselves in paintings and drawings at the Children's Art Gallery, which opened recently in Washington.

New Super Child-Minder—The small, steel-enclosed mechanism being held by the young lady in the result of ten years of work by household refrigerator engineers. It is called a "Polarsphere" and is claimed to be the most powerful electric refrigerator unit for its size ever produced. It contains no mechanical refrigerator, and is being used to keep the milk fresh for a week.

**BORN: Light . . . Sired by Private Initiative and Inventive Genius**

**EDISON**  
Born Feb. 11, 1847

Q. Who invented the first electric light bulb?  
A. Thomas Alva Edison, now known as "the Wizard of Menlo Park."

Q. Was he ever assisted by governmental subsidies during the many long years he worked to perfect electric lights?  
A. No. Electric light is the result of private initiative and inventive genius on the part of a man who sought to make the world a better place in which to live.

Q. Did he succeed in doing that?  
A. Yes. Other individuals took up where he left off . . . constantly improving the light bulb Edison invented. Private industry, bent on spreading the use of GOOD LIGHT into every home in the land, learned how to manufacture the bulb more cheaply and efficiently.

Q. Whose money made this possible?  
A. Private citizens invested their money in the electric industry, thus making it possible to carry on the research that led to present-day low rates for light and power. West Texas, along with the entire country, has profited from the investment of private funds which now provide not only good light but contribute to the support of whole communities through employment of thousands of men and women and through payment of huge sums in taxes.

Q. Then Edison's invention has had far-reaching benefits for all?  
A. Yes. He—of all men—left the world a better place!

**Explaining Technique of Passing**

Girls at Texas State College for Women recently had a chance to learn plenty about the fine points of football passing when Davey O'Brien visited the campus to receive their annual trophy as Grid-Iron Favorite of the Southwest Conference. Here is Miss Elizabeth Robertson, student president, taking a lesson from O'Brien and Slingin' Sammy Baugh, who was TSCW's 1936 favorite. The fact that the girls chose Sammy, who measures 6 feet 2 inches, and Little Davey, who tips the yardstick at 5 feet 7 inches, offers new evidence on the age-old question of woman's fickle tastes.
