NUMBER 4

MERRY CHRISTMAS EVERYONE!

Fallout Shelter Survey To Be Conducted Here

Col. R. P. West, District Engineer, U. S. Army Corps of Engineers, Fort Worth District, completed negotiations in Ft. Worth last week with the firm of Boone and Pope, architects-engineers, of Abilene, for a contract to conduct Phase I of a Fallout Shelter Survey in Taylor, Knox, Haskell and —Jones counties.

Colonel West has the responsibility for conducting a survey and marking program of available fallout shelter space in existing buildings and other protected areas in the State of Texas in coordination with State and local Civil Defense directors.

Signing of the contract with Boone and Pope is expected to take place within a week. Work to be accomplished under the contract will include the location of existing buildings and other facilities which have a potential for use as public fallout shelters and the tabulation of basic data on same to permit evaluation of the protective characteristics of these facilities. It will be one of the first such contracts to be awarded in the state.

Colonel West explained that subsequent phases of the program will include marking, with owner's consent, those facilities which meet structural and space requirements for use as public fallout shelters and the preparation of plans and estimates of costs for improvement, where necessary, of those facilities which do not meet current requirements but do have a potential for use as a public shelter.

Data developed by the survey will be furnished local Civil Defense authorities for use in preparation of shelter utilization and Civil Defense plans.

Basic requirements of a building to be included in the survey as a potential shelter for use by the general public include: space for at least 50 persons, with walls and roof of thickness that will block all but 1/20th of radiation present outside.

Colonel West is being provided support for continuing the program in the State by the District Engineer at Galveston, and the Eighth Naval District Department of Public Works Officer, New Orleans, for the Southeastern and Southern portion of the State, and the District Engineer at Albuquerque, N. M., for the western part of Texas.

Vegetable Meeting Scheduled In Munday

L. D. Offutt president of the Wichita Valley Vegetable Growers Council has announced the annual meeting of the area council. The meeting will be held in Munday at the Production Credit meeting room at 7:30 p.m. Thursday, Dec. 28.

Plans for the meeting include the expansion of membership to this organization, election of the area officers and election of the area director to the state board of the Texas Vegetable Growers Council.

The Council was organized last year on a state and area basis. The annual state meeting has been called for January 9, at San Antonio, by the State President Henry Van De Walle. The purpose of the organization as set forth in their constitution and by-laws, is to promote production, distribution, consumption and continued improvement of Texas vegetables.

LAST CHANCE TO DONATE

Anyone wishing to donate anything toward the Christmas baskets that the American Legion is preparing, are asked to do so immediately.

There is an urgent need for this. If anyone knows of anyone who will not have a Christmas, see any Legionnaire.

Legionnaires who would help plan and prepare these baskets should meet at the American Legion Hall at 7:30 p.m. Friday night.

All members of the Lions Club brought gifts for this purpose at Wednesday's luncheon-meeting.

Donations of money are also welcomed by the Legion.

Rochester Women Have Program At Lions Club

Knox City's Lions Club held its last meeting for this year, Wednesday noon at the Methodist Fellowship Hall. There will be no meeting next Wednesday.

Hob Smith, program chairman for the month of December, had as his guests a trio of ladies from Rochester. They sang Christmas carols.

They were Mrs. R. A. Shaver, Mrs. Lois Ballard and Miss Linda Penman, all from Rochester. Miss Penman accompanied the ladies on the piano.

First selection was "It's Beginning to Look Like Christmas" and other selections were "Silver Bells," "Why We Have Christmas," "Birthday of The King," "Silent Night," and "Lord Teach Us to Pray."

After the program, Lions distributed gifts they had brought for the occasion and all toys will be turned over to the American Legion to be distributed to needy children this Christmas.

This is an annual affair of the Lions Club and the American Legion.

YOUTH CENTER CARDS

Membership cards for the Youth Center are now on sale for \$2.00 each. The cards may be used the rest of this year and all next year. A Christmas dance will be held at the Youth Center Saturday, Dec. 23 for those of High School age to 21 years of age. Refreshments will be served.

O'Brien Gin Honor Knox City Firemen With Dinner

Knox City's Volunteer Fire Department was honored at an appreciation dinner Monday night at Roddy's Cafe by the O'Brien Cooperative Gin Co.

After dinner, Claud Reed opened the meeting and Ikie Ray was master of ceremonies for the occasion.

A short talk was given by Rev. Robert Young, Baptist pastor of Munday.

The occasion was to pay tribute to the Knox City fire dept. for their cooperation with the O'Brien community when they have had fires. O'Brien does not have a fire department.

Brooks Campsey, gin manager, presented Fire Chief Johnny Vinita a check for \$500 in behalf of O'Brien's appreciation to him and the firemen.

Vinita, speaking in behalf of the firemen, thanked Mr. Campsey for the generous contribution and for the dinner.

Knox City's City Council and mayor were guests along with Roland Toby of Wichita Falls, associated with Fire Appliance of Texas.

Rex A. Patterson Announces For Co. Commissioner

Rex A. Patterson of Benjamin announced his candidacy Wednesday for Commissioner of Precinct No. 2.

Patterson was born and raised in Vera, and has resided the past 17 years in Benjamin.

Although this is the first time Patterson has sought a public office, he said he felt that he could "give the people what they want" in a public servant.

Patterson said he would try to see every voter in his precinct and would be glad to talk over any thing the voter might wish to ask him in behalf of his candidacy for the Commissioners office.

Patterson said he had very little to say except that he "would run the office as efficiently and honestly as 'I possibly can.' " "I will appreciate all the support and influence the voters can give me," Patterson concluded.

7 Posts Open For County Offices

Two commissioners posts will be up for reelection this next year. W. W. Trainham is the present commissioner of Precinct 2, and George Nix, of Precinct 4, will also be vacated this year.

Both commissioners are expected to seek reelection.

Seven offices at Benjamin will be open for reelection next voting day, and only two have announced thus far. County School Supt Merick McGaughey announced last week for reelection.

Offices open are County Clerk, County School Superintendent, County Judge, Sheriff, County Treasurer and two County Commissioners.

Knox City Band Invited To Participate In Fort Worth Fat Stock Show Parade

The Knox City High School Band has been invited to participate in the opening day parade of the 1962 Southwestern Exposition and Fat Stock Show. The parade will be held at 2 p.m. Friday, Jan. 26, through downtown Fort Worth.

F. M. Dougherty, Stock Show vice president and parade chairman, extended the invitation to the band director, Tommy Heffington, pointing out that the marching band is a parade's indispensable feature.

Dougherty said all band members who march in the parade will be given free passes to the

Income Tax Filing Time At Hand

The year of 1961 will soon be history. For many people, the end of December means the conclusion of another tax year and that tax obligations must soon be met, points out C. H. Bates, extension farm management specialist.

Before tackling the tax reporting job, Bates suggests that farmers and ranchers get a copy of the Internal Revenue Service's 1962 edition of the Farmer's Tax Guide. It is available without cost from the offices of local county agents or those of the Internal Revenue Service.

The Guide is written in easy-to-read style and includes examples of problems worked out on the applicable tax forms, he says.

As for the dates, January 15, is the deadline for farmers and ranchmen who want extra time for filing their final report to file their 1961 tax estimate. If the estimate is filed, Bates explains, the final date for filing of the 1040 form is extended to April 15. If no estimate is filed, Feb. 15, then becomes the deadline for making the final tax report. These deadlines, points out the specialist, apply to taxpayers who derived two-thirds or more of their 1961 gross income from farming and ranching.

Another important consideration is the reporting of hired labor and the social security tax on wages paid. Either of two tests determine whether or not a farmer must pay the social security tax on wages. If the worker was paid \$150 or more during the calendar year or if the worker was paid wages (on hourly or day basis) for 20 days or more during the year, the 3 per cent social security tax should have been deducted from the cash wages.

Form 943 is used for reporting farm wages. The farmer-employer must show the wages paid and give the account number of individual workers. The withheld tax plus an equal amount from the employer along with the reporting form must be filed on or before Jan. 31, or a month after the close of the year. Because every phase of the farm and ranch business can be affected by taxes, Bates emphasizes the need for a study of the Tax Guide.

Farm-Ranch News

By JACK MOORE
Knox County Agent

Vegetable Demonstration—

The Knox County Vegetable Producers plan to continue some of the potato tests that they have been conducting in the Munday area for the past several years. Several varieties of red and white potatoes will be grown in the tests. Among the things that they plan to do this year is to use a plastic mulching machine in an attempt to have cantaloupes on the market by June 1st this next year.

Income Tax Meeting —

Knox County is planning to have a meeting on farmer income tax in January. The time and place for the meeting will be announced later; however, the 1962 Farmers' Tax Guides are available in the County Agent's office. Copies can be obtained by writing, calling or coming by the County Agent's office.

The guide is written in easy-to-read style and includes examples of problems worked out on the applicable tax forms.

As for the dates, Jan. 15 is the deadline for farmers and ranchmen who want extra time for filing their final report to file their 1961 tax estimate. If the estimate is filed, the final date for filing of the 1040 form is extended to April 15. If no estimate is filed, Feb. 15 then becomes the deadline for making the final tax report. These deadlines, points out the specialist, apply to taxpayers who derived two-thirds or more of their 1961 gross income from farming or ranching.

Another important consideration is the reporting of hired labor and the social security tax on wages paid. Either of two tests determined whether or not a farmer must pay the social security tax on wages. If the worker was paid \$150 or more during the calendar year or if the worker was paid wages (on hourly or day basis) for 20 days or more during the year, the 3 per cent social security tax should have been deducted from the cash wages.

Form 943 is used for reporting farm wages. The farmer-employer must show the wages paid and give the account number of individual workers. The withheld tax plus an equal amount from the employer along with the reporting form must be filed on or before Jan. 31 or a month after the close of the year. Because every phase of the farm and ranch business can be affected by taxes, it is very important to study the Tax Guide.

VISITS IN DALLAS

Mrs. A. E. Propps spent last week end in Dallas and Fort Worth.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Zeke Grubb's preacher come by the country store Saturday night, said he was all wore out from attending the committee meetings all week. He allowed as how the Pulpit Committee meeting Friday night was a hum-dinger.

First off, he said, Rufe Zinder raising the preacher's salary. The good Parson said he made his usual suggestion that they go no further with this topic on account of him having so much trouble trying to collect his present salary. Then Rufe's wife, he said, put the stopper in the salary jug by making her customary remark about the bird in the hand being worth two in the bush.

With everybody agreed on the salary item, Katie Hightower took advantage of a pause in the conversation to bring up the subject of the New English Translation of the Bible, the Parson reported. Katie claimed she didn't like it on account of it not hav-

ing two columns like the King James Bible. Zeke's wife allowed as how the number of columns had nothing to do with it, that her Sunday School class liked it on account of they could understand it better without all them thees and thous and thys. By this time, said the Parson, everybody was sitting in the argument so he thought he better say a few words.

He said he told them they was many translations of the Bible and the important thing was to live by the Good Book instead of arguing about it. He said he told 'em the story about the preacher that asked the old farmer what church he belonged to. The farmer told him they was three roads to town, the upper road, the lower road, and the swamp road. "But," said the old farmer, "when I git to town with my wheat the man at the mill don't sav, 'Jim, what road did you take to town?'" He says, 'Jim is your wheat good?'"

The Parson said he wasn't too shore everybody got the point to his story. In fact, he said, he's got a member of his congregation here and there that's a little slow in the mental department. He recollected the time he asked the congregation to write down the names of the twelve Apostles and put 'em in the collection plate. One feller, he said, couldn't name but five and he had Abraham Lincoln included in the list.

But the Parson reported the meeting broke up in good spirits and in fine harmony. He allowed as how harmony was the most important thing a preacher has to work fer in the church. And he said he learnt a long time ago that the best thing a preacher can do to keep harmony is to make ever sermon have a strong beginning and a strong ending and keep 'em pritty close together. And just to prove he was right, the fellers give him a round of applause at that point.

Yours truly,
Uncle Ben

In living again one of the most blessed stories of time, we hear the angel saying to Mary, "Hail thou that art highly favored, the Lord is with thee: blessed art thou among women... fear not Mary, for thou hast found favor with God. And, behold, thou shalt conceive in thou womb, and bring forth a son, and shall call his name Jesus. He shall be great, and he shall be called the son of the highest; and the Lord shall give unto him the throne of his father David. He shall reign over the house of Jacob for ever; and his kingdom shall have no end. The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee, therefore also that holy thing which shall be born of thee shall be called the son of God."

The Father hath sent His Son as Saviour of the world. Who-so-ever believeth in Him is justified by faith. Do not miss the real purpose of Christmas but Come unto Him and you shall find rest, and peace and Joy.

Veterans Questions And Answers

Q—May creditors seize proceeds of a GI insurance policy to get money owed them? My veteran husband owed a few bills at death which I fully intend to pay.

A—Proceeds of GI insurance policies are exempt by law from any claims of private creditors, they may not be seized nor attached to pay your husband's debts.

Q—My father, a World War II veteran, died recently from non-service-connected causes. Since I am not yet 18, what service

be discussed and free copies are available. This book contains many examples worked out for typical farms in order to show how the rules work. The guide contains many features that will be beneficial for the farmer and rancher that fills out his tax return or it can be of help to the man that has his return filled out by a professional.

Knox County Jr. Livestock Show
The Knox County Jr. Livestock Show has been set for Jan. 3 in Munday. The show is a revolving show and rotates between Munday, Benjamin, Goree, and Knox City. This year the show has added several new classes. They are:

Dry lot steers, feeder pigs and a broiler class. The show will divide the gilts by age. James Smith, chairman of the Munday Chamber of Commerce agricultural committee is assisting with the arrangements for the show and has appointed several special committees to help. The special committees are headed by John Earl Nelson and Gene Thompson.

Farm and Ranch Day

Plans are progressing for the annual Farm and Ranch Day to be conducted in Munday on Jan. 24, in the Munday grade school auditorium. The program speakers are being confirmed and the program is expected to be one of the best the committee has been able to arrange for. The program is sponsored by the Burlington Lines, The Texas Extension Service and local interests.

Local merchants that support the program in Knox County are the Co-op Gin, Paymaster Gin, Knox Prairie Seed Co., Production Credit, First National Bank, Farm Bureau, City of Munday and West Texas Utilities Co. For the second year there will be a special interest program for the women. There will be more information on the program as the time for the program draws nearer.

Texas Veterans Land Program

There are many Texas veterans that have applications in for loans under the Texas Veterans land program. In the program when an application for a loan is received the veteran is given a waiting list number and when his number "comes up" the veteran then has a relatively short period of time to close a purchase. According to information dated Dec. 5, applications are being mailed out at the rate of 750 per week. The last application number issued was 94,478 and the last application number mailed was 63,350. Any Texas veteran that is interested in the program should contact their local board or write Jerry Sadler, Commissioner General Land Office, Austin 14, Texas.
